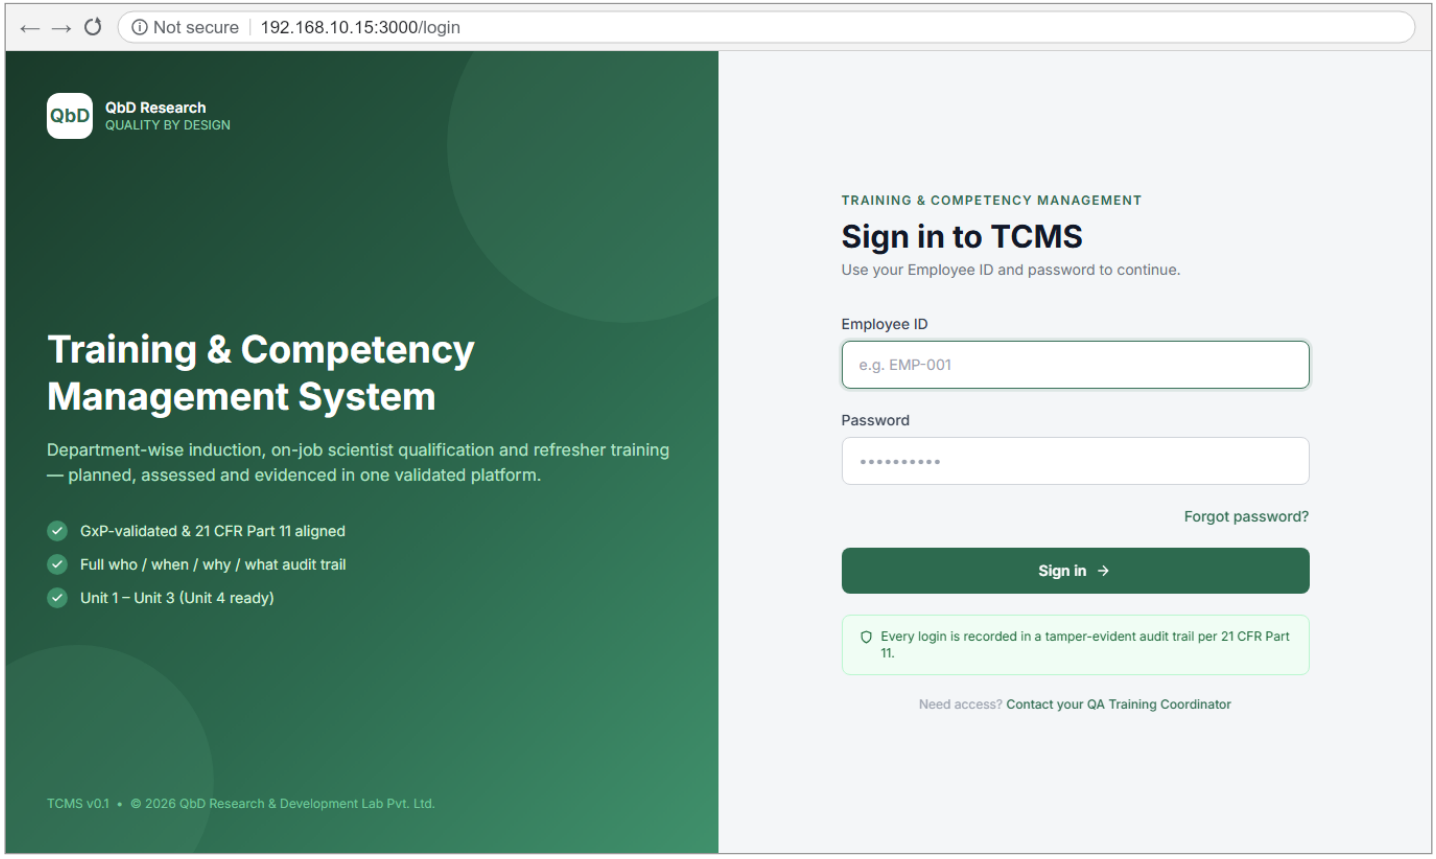
TCMS software Operational Qualification – Executed

Test ID 8.1.1 to 8.1.24

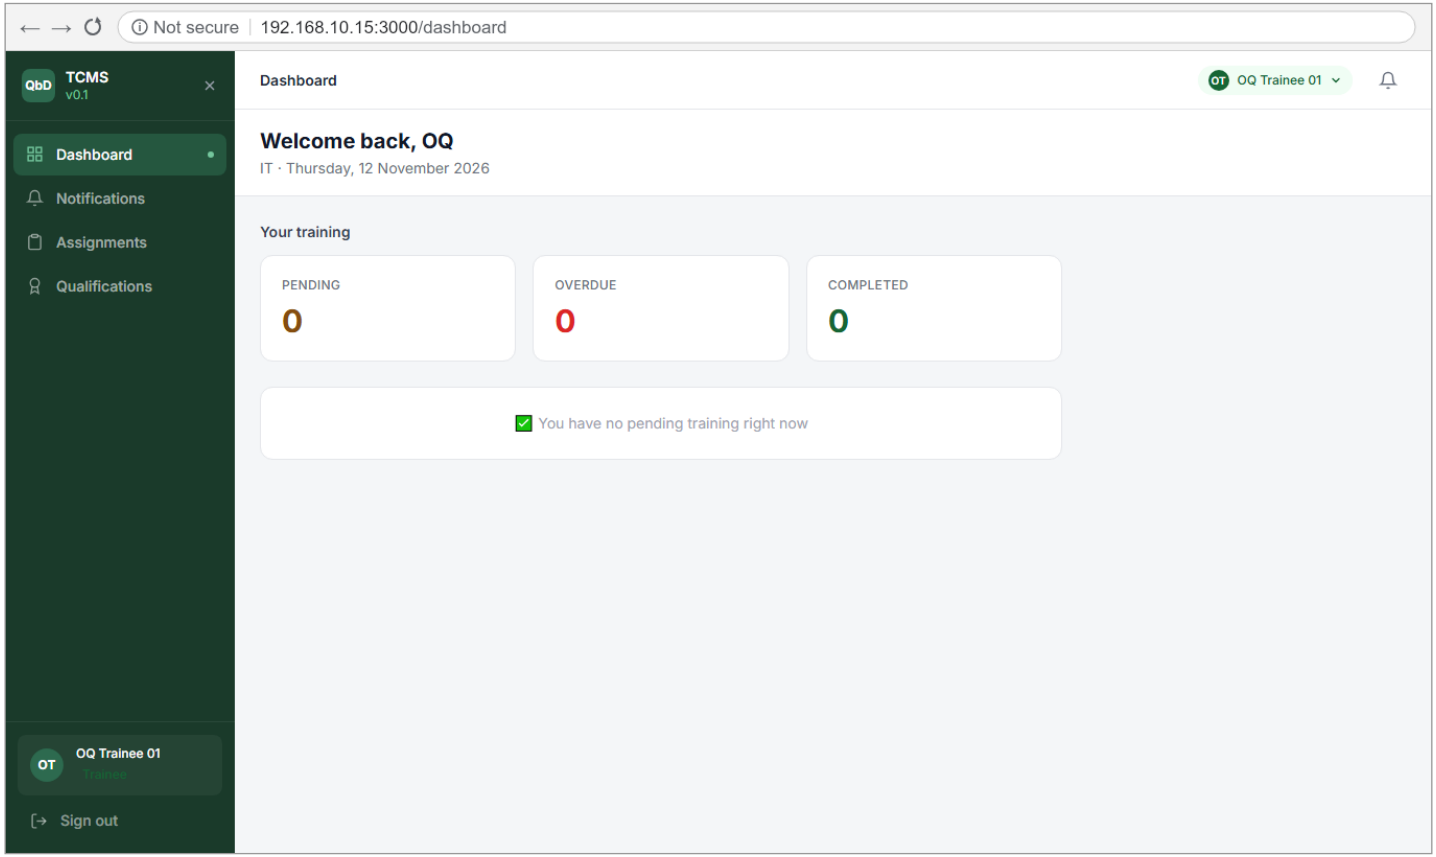
OPERATIONAL QUALIFICATION SCREENSHOTS FOR TCMS APPLICATION VER. 1.0

DOCUMENT NO.: LGC/QBD/0002	TITLE : COMPUTER SYSTEM VALIDATION OF TCMS

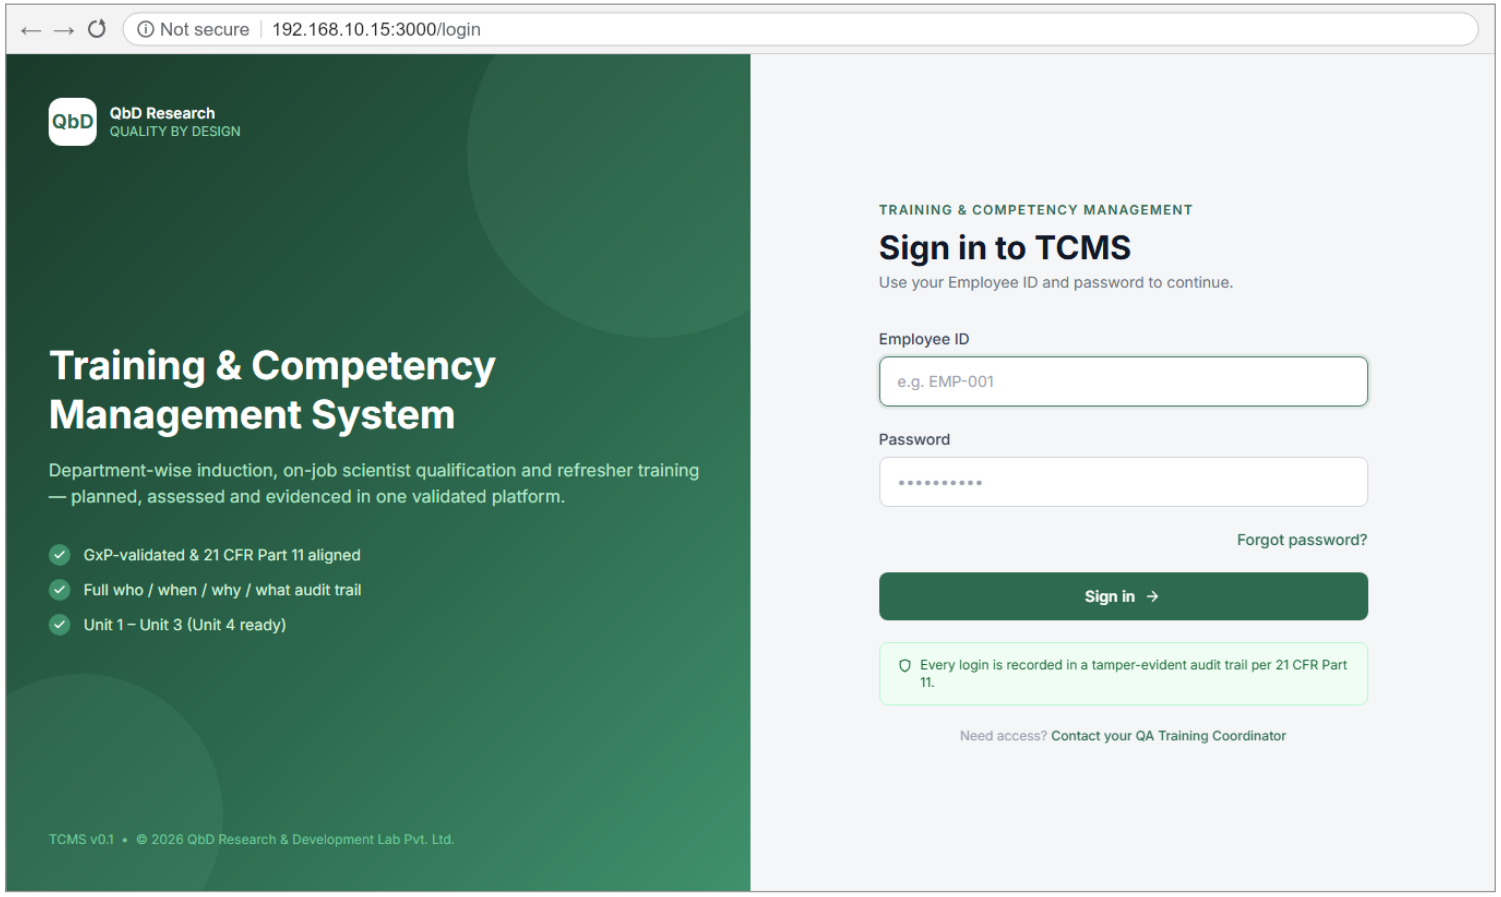
Test Objective :	To verify that the TCMS application Login page is accessible through the browser.			
Test Procedure :			Expected Result :	
Open Microsoft Edge browser & type TCMS application URL (http://192.168.10.15:3000).			Login page should be displayed with Employee ID, Password fields & Sign in button.	
Test ID : 8.1.1	Step No : 1.1	Attachment No. : 1	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 12:20



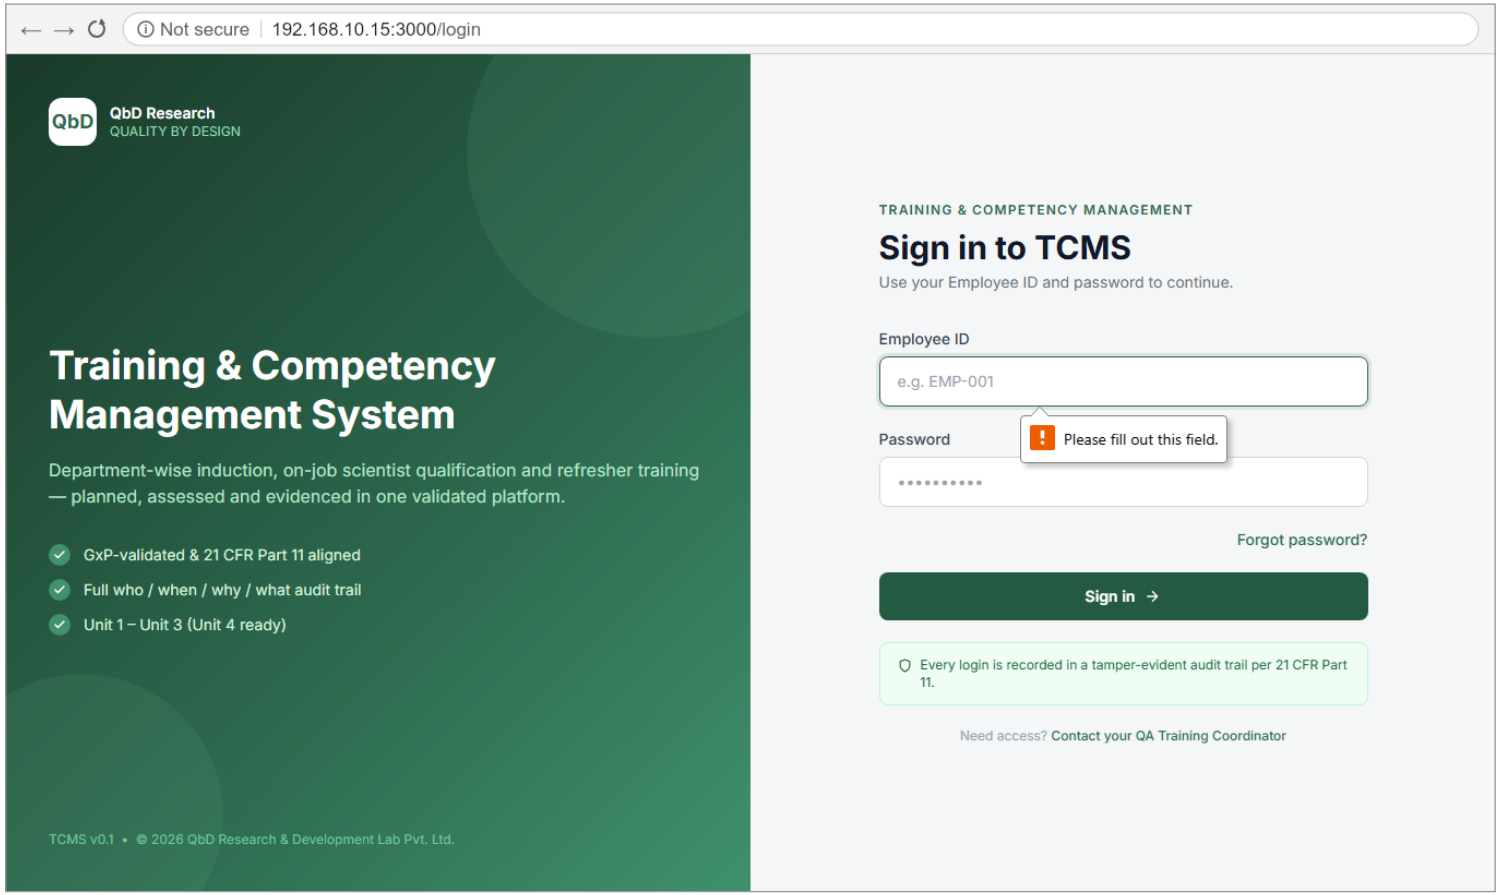
Test Objective :	To verify successful login with Trainee credentials and role-wise menu display.			
Test Procedure :			Expected Result :	
Type Employee ID / Password & click on Sign in button (with Trainee level privilege).			Dashboard should be displayed with the menus applicable to Trainee role.	
Test ID : 8.1.1	Step No : 2.1	Attachment No. : 2	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 12:20



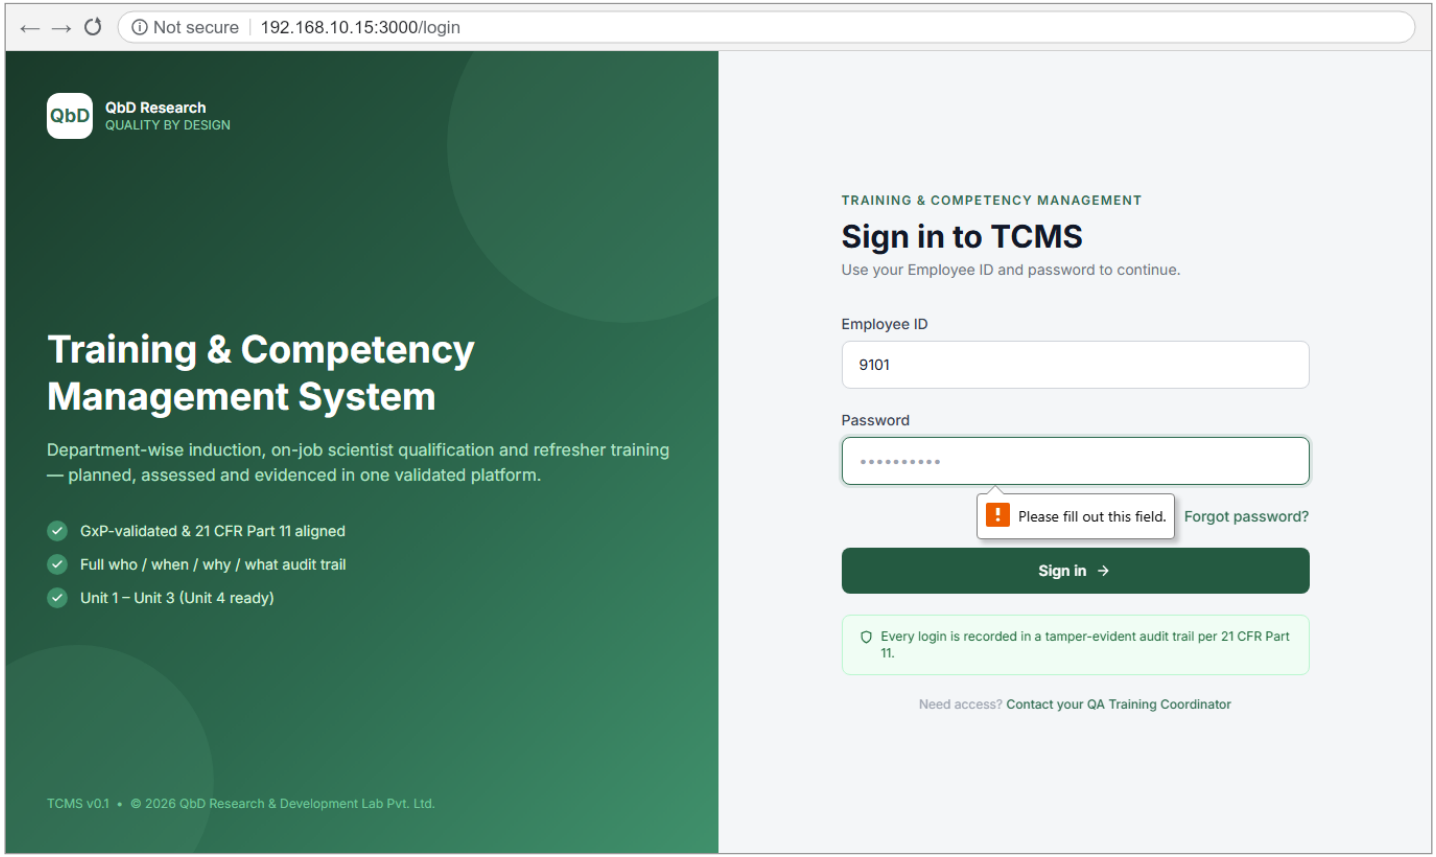
Test Objective :	To verify logout from the TCMS application.			
Test Procedure :			Expected Result :	
Click on "Sign out" button from the left panel.			User should be logged out successfully & Login page should be displayed.	
Test ID : 8.1.1	Step No : 3.1	Attachment No. : 3	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 12:20



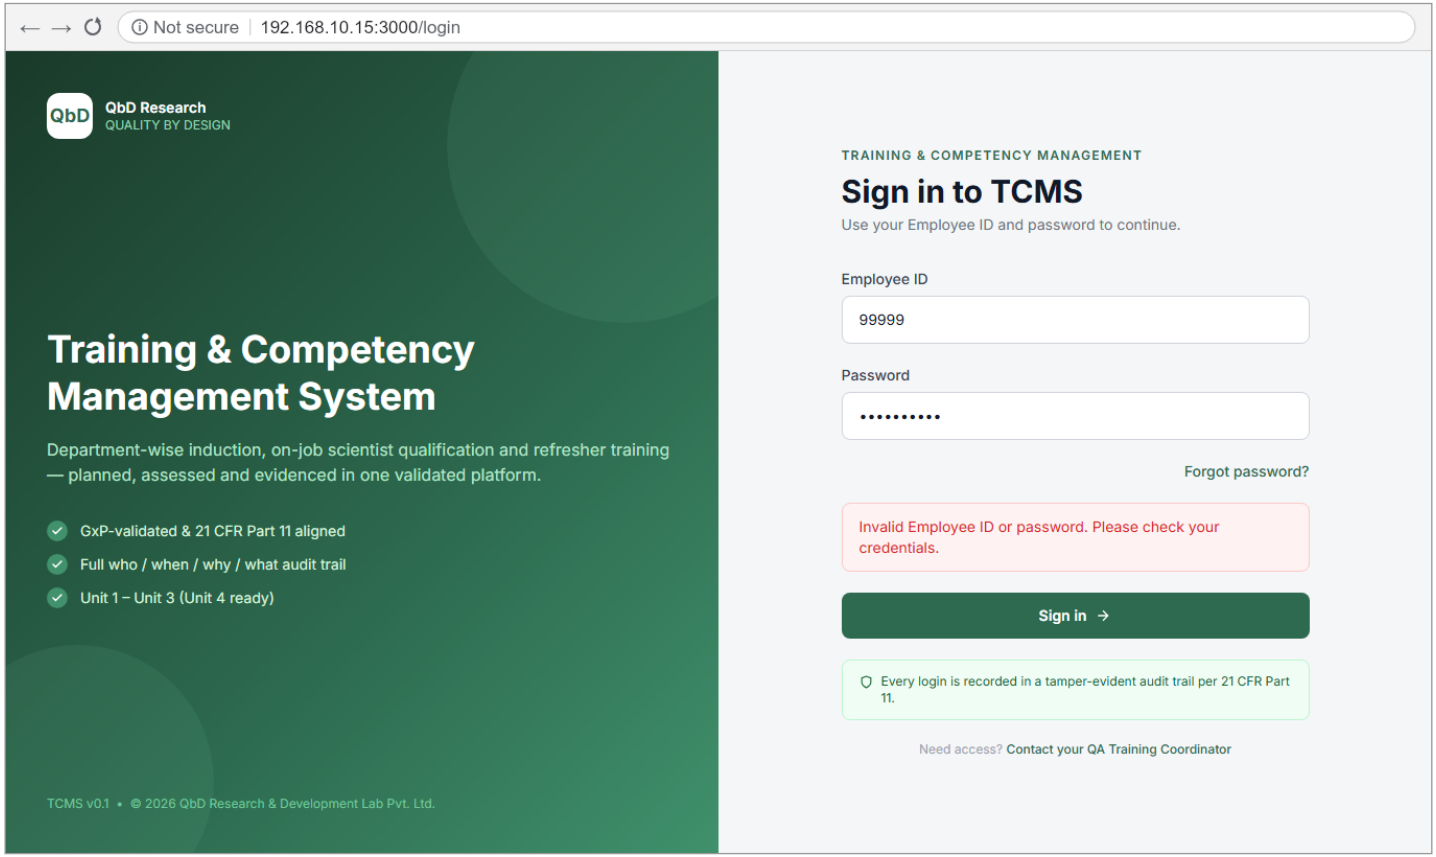
Test Objective :	To verify that login is not allowed when Employee ID and Password are blank.			
Test Procedure :			Expected Result :	
Click on "Sign in" button without entering Employee ID & Password.			"Please fill out this field." message should be displayed.	
Test ID : 8.1.1	Step No : 4.1	Attachment No. : 4	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 12:20



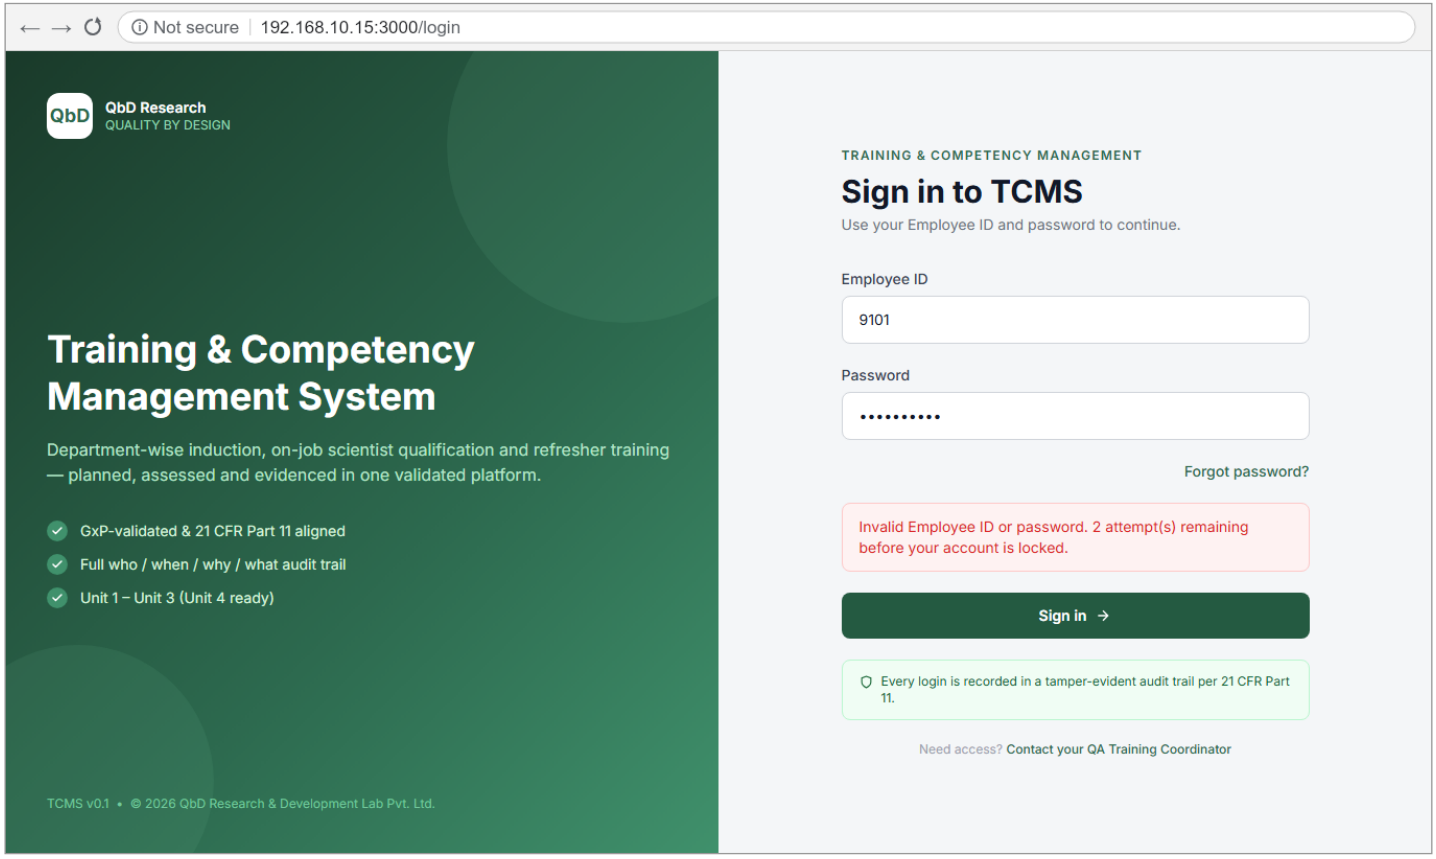
Test Objective :	To verify that login is not allowed when Password is blank.			
Test Procedure :			Expected Result :	
Type valid Employee ID & leave the Password field blank, then click on "Sign in" button.			"Please fill out this field." message should be displayed.	
Test ID : 8.1.1	Step No : 5.1	Attachment No. : 5	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 12:20



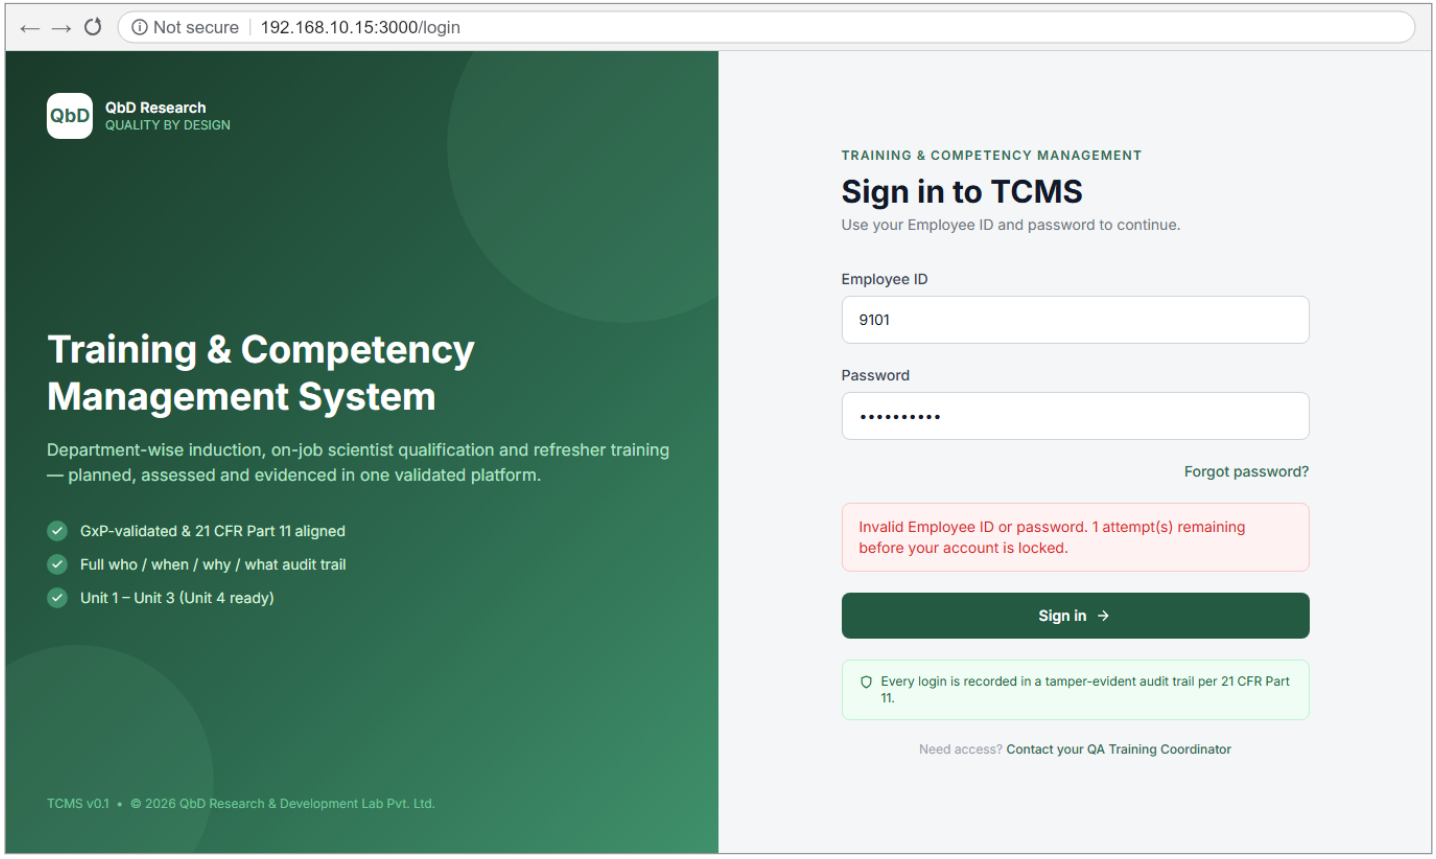
Test Objective :	To verify that login is not allowed with a non-existent Employee ID.			
Test Procedure :			Expected Result :	
Type an Employee ID that does not exist & any Password, then click on "Sign in" button.			"Invalid Employee ID or password. Please check your credentials." message should be displayed.	
Test ID : 8.1.1	Step No : 6.1	Attachment No. : 6	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 12:20



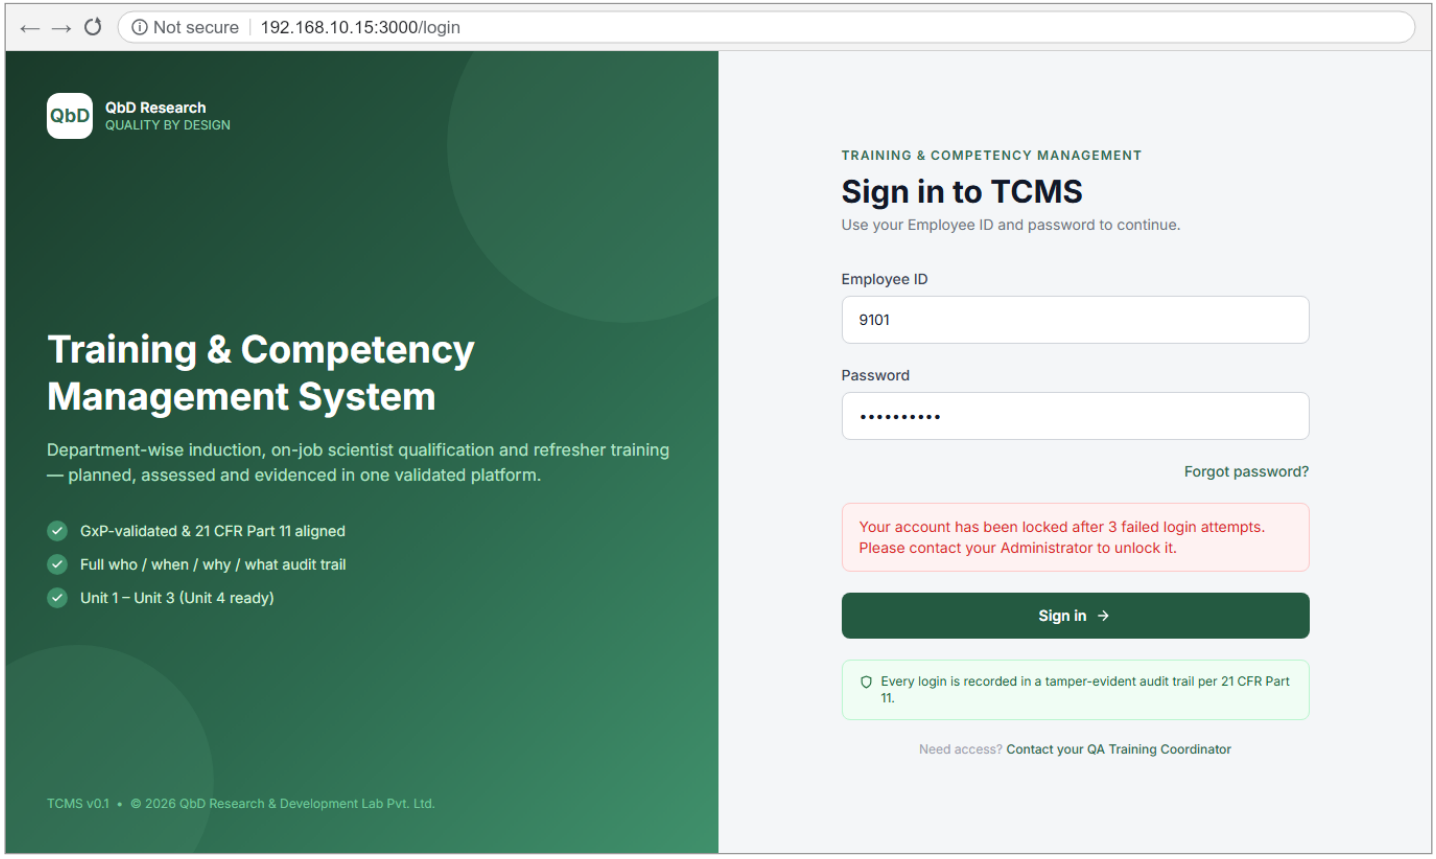
Test Objective :	To verify the remaining-attempt warning after the 1st failed login attempt.			
Test Procedure :			Expected Result :	
Type valid Employee ID (Trainee) with incorrect Password & click on "Sign in" button (attempt 1).			"Invalid Employee ID or password. 2 attempt(s) remaining before your account is locked." message should be displayed.	
Test ID : 8.1.1	Step No : 7.1	Attachment No. : 7	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 12:20



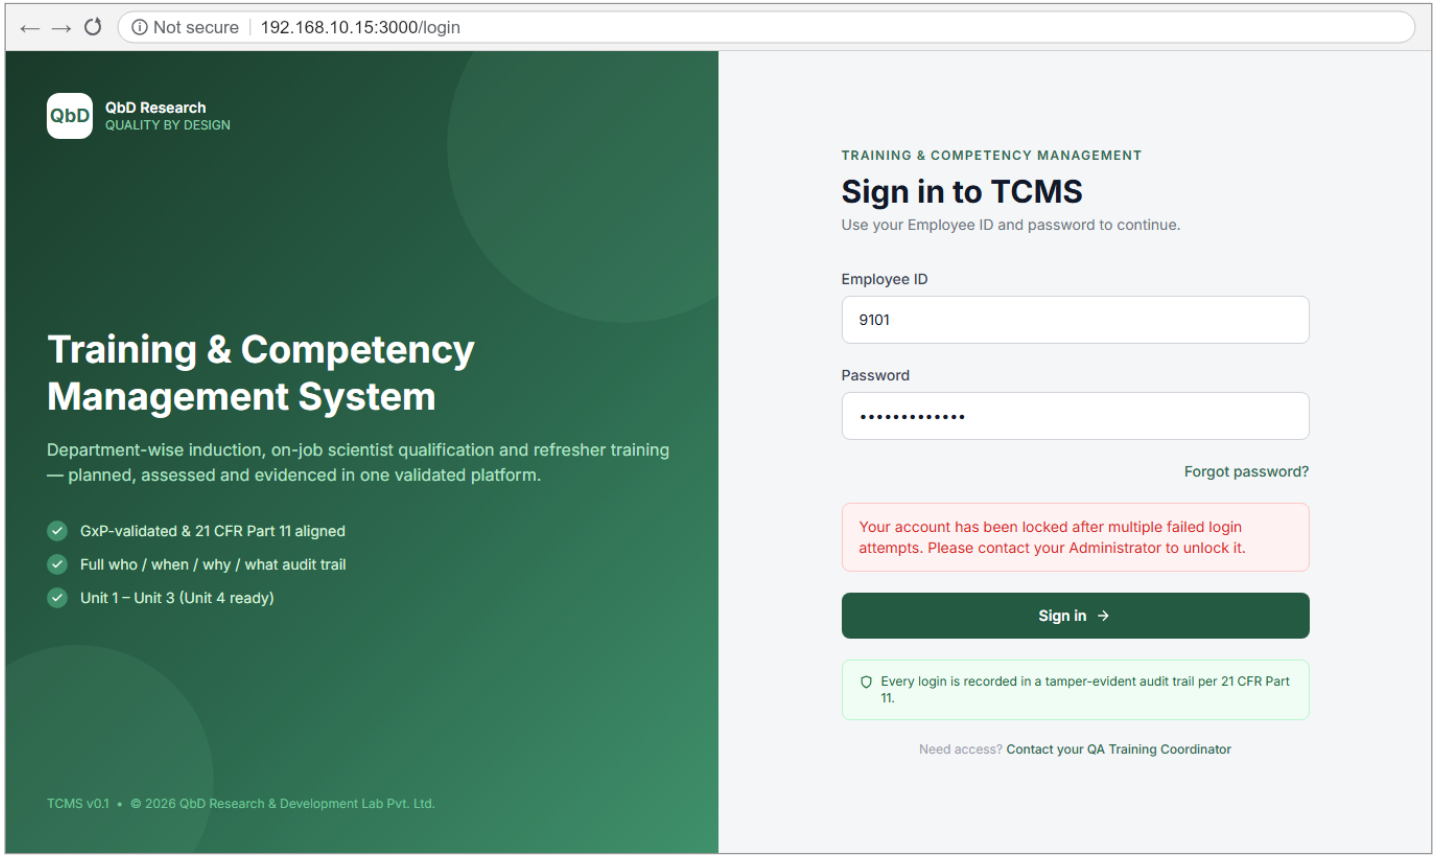
Test Objective :	To verify the remaining-attempt warning after the 2nd failed login attempt.			
Test Procedure :			Expected Result :	
Type valid Employee ID (Trainee) with incorrect Password & click on "Sign in" button (attempt 2).			"Invalid Employee ID or password. 1 attempt(s) remaining before your account is locked." message should be displayed.	
Test ID : 8.1.1	Step No : 8.1	Attachment No. : 8	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 12:20



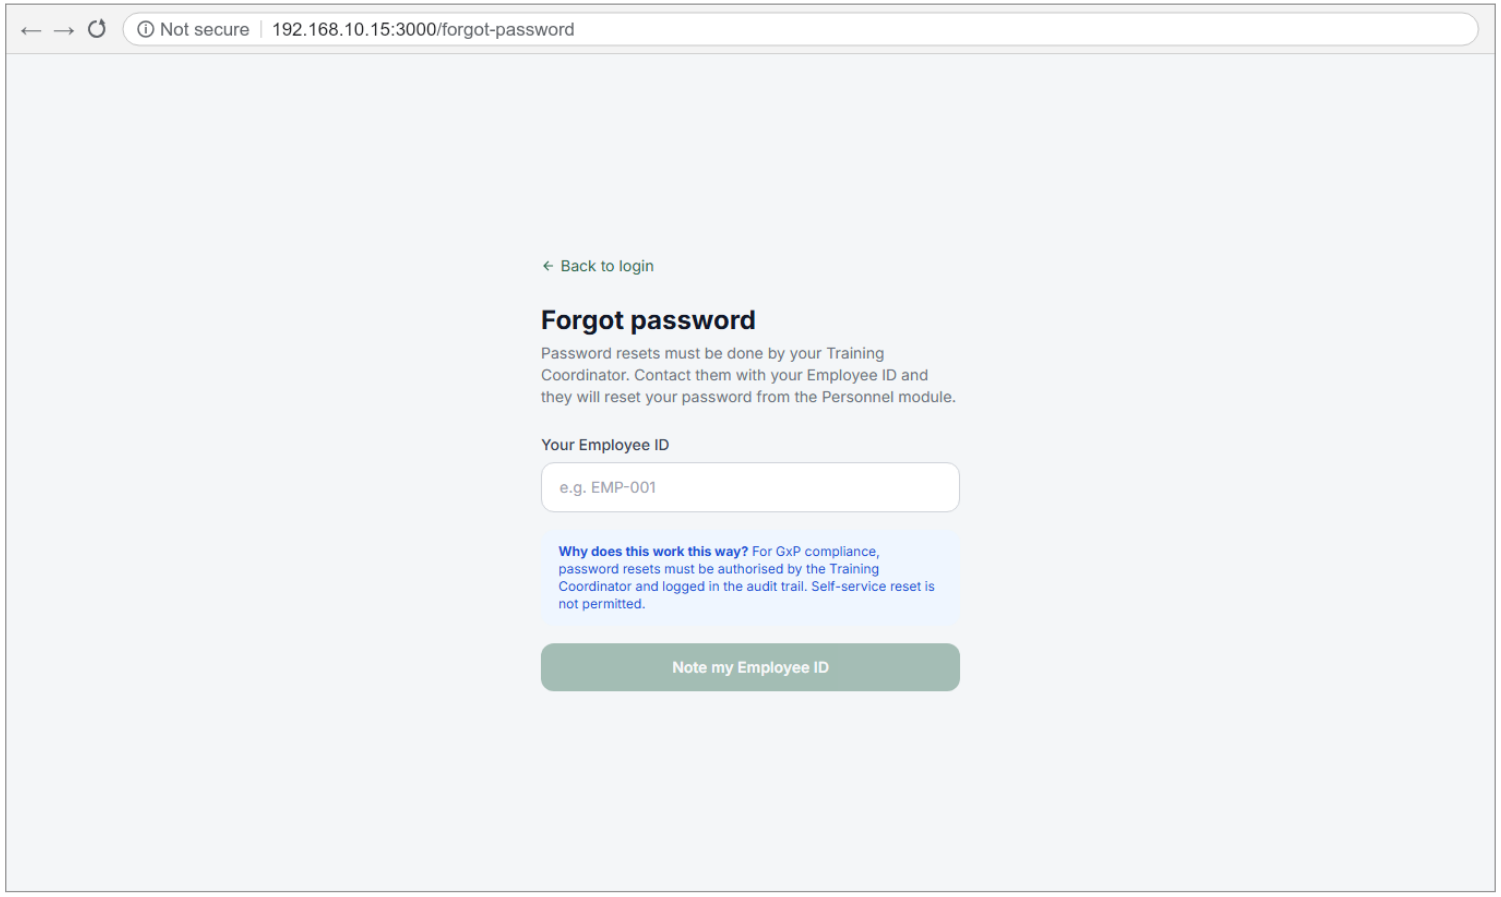
Test Objective :	To verify that the account is locked after 3 consecutive failed login attempts.			
Test Procedure :			Expected Result :	
Type valid Employee ID (Trainee) with incorrect Password & click on "Sign in" button (attempt 3).			"Your account has been locked after 3 failed login attempts. Please contact your Administrator to unlock it." message should be displayed.	
Test ID : 8.1.1	Step No : 9.1	Attachment No. : 9	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 12:20



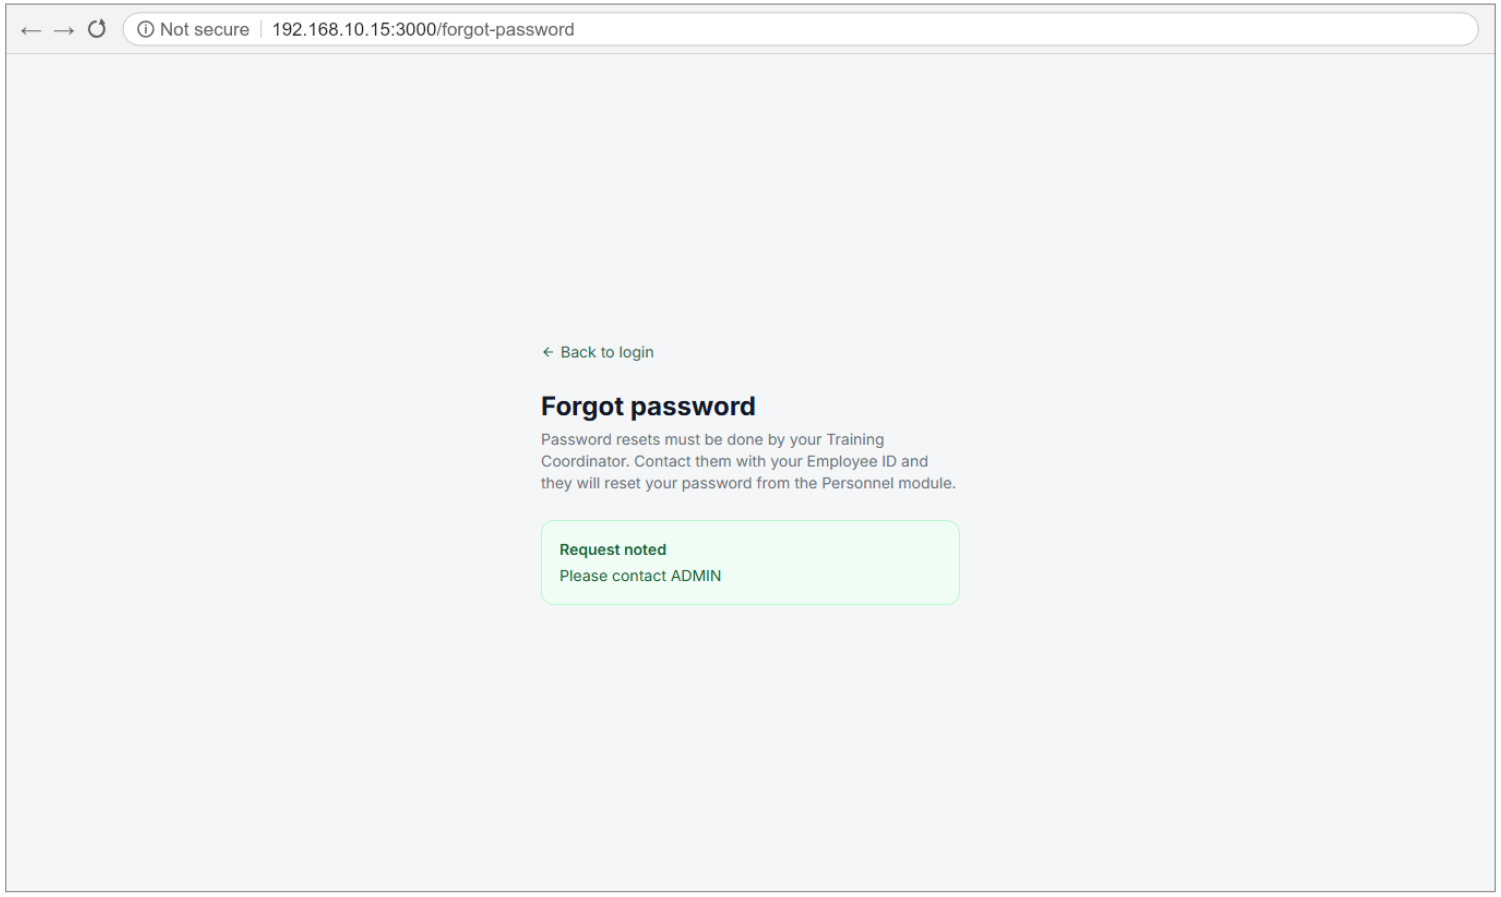
Test Objective :	To verify that a locked account cannot login even with the correct password.			
Test Procedure :			Expected Result :	
Type valid Employee ID (Trainee) with the correct Password & click on "Sign in" button.			Login should not be allowed & account locked message should be displayed.	
Test ID : 8.1.1	Step No : 10.1	Attachment No. : 10	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 12:20



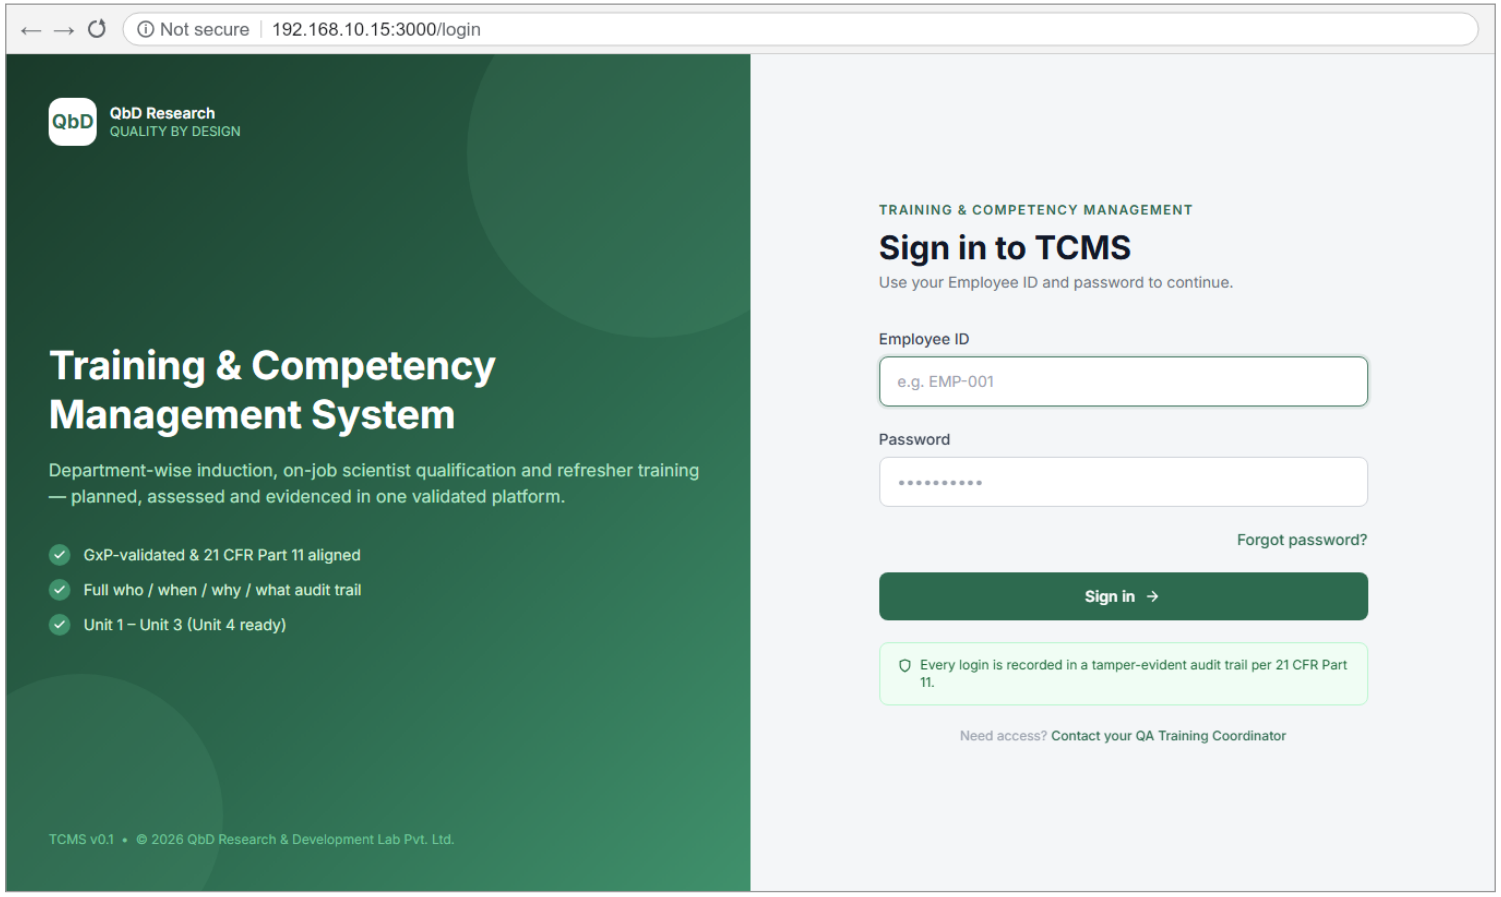
Test Objective :	To verify navigation to the Forgot password page.			
Test Procedure :			Expected Result :	
Click on "Forgot password?" link on the Login page.			Forgot password page should be displayed with "Your Employee ID" field.	
Test ID : 8.1.1	Step No : 11.1	Attachment No. : 11	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 12:20



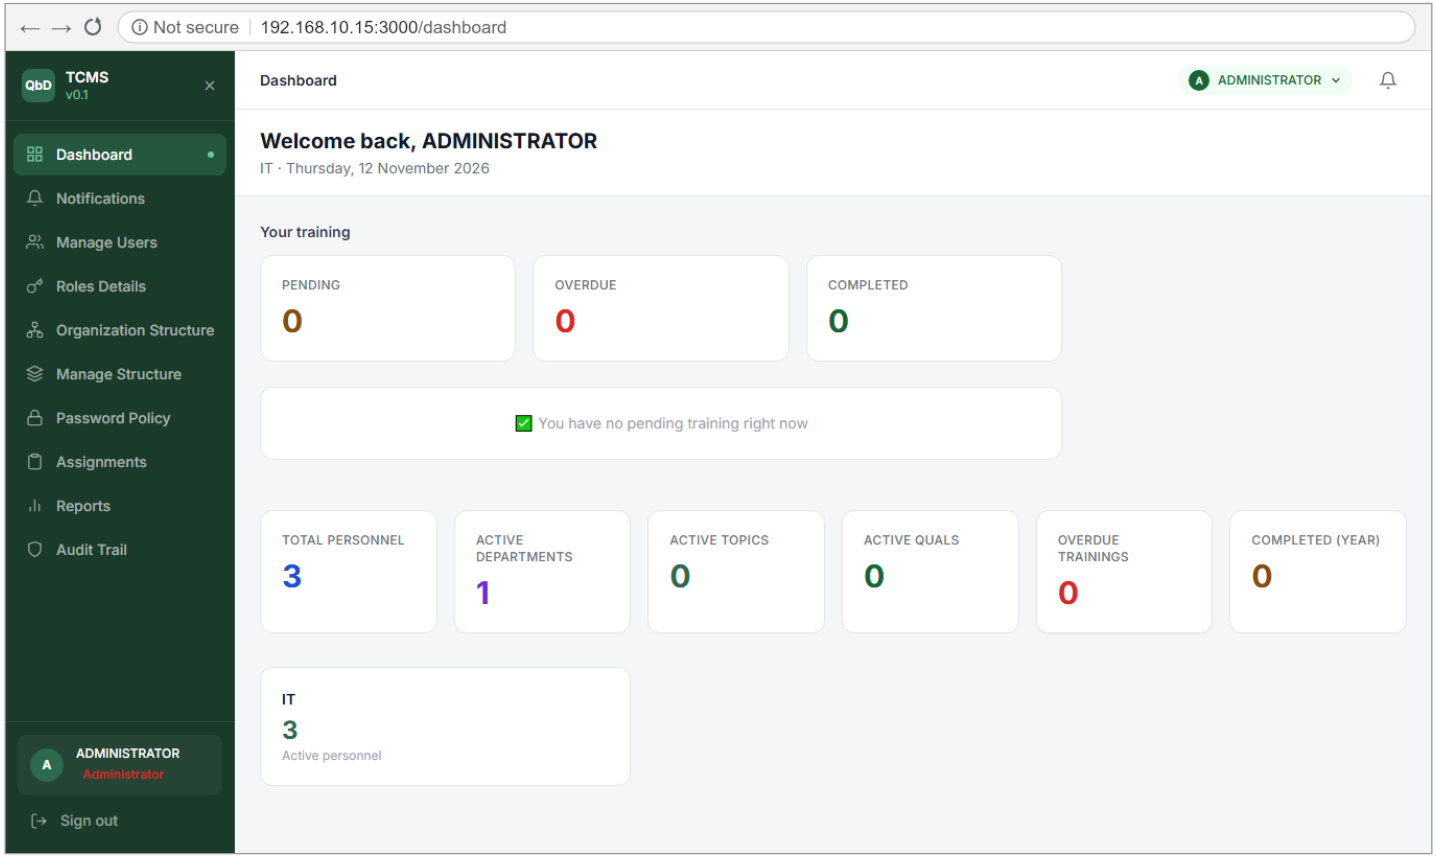
Test Objective :	To verify that a forgot password request is noted and the user is directed to the Administrator.			
Test Procedure :			Expected Result :	
Type the Employee ID & click on "Note my Employee ID" button.			"Request noted" with "Please contact ADMIN" message should be displayed.	
Test ID : 8.1.1	Step No : 12.1	Attachment No. : 12	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 12:20



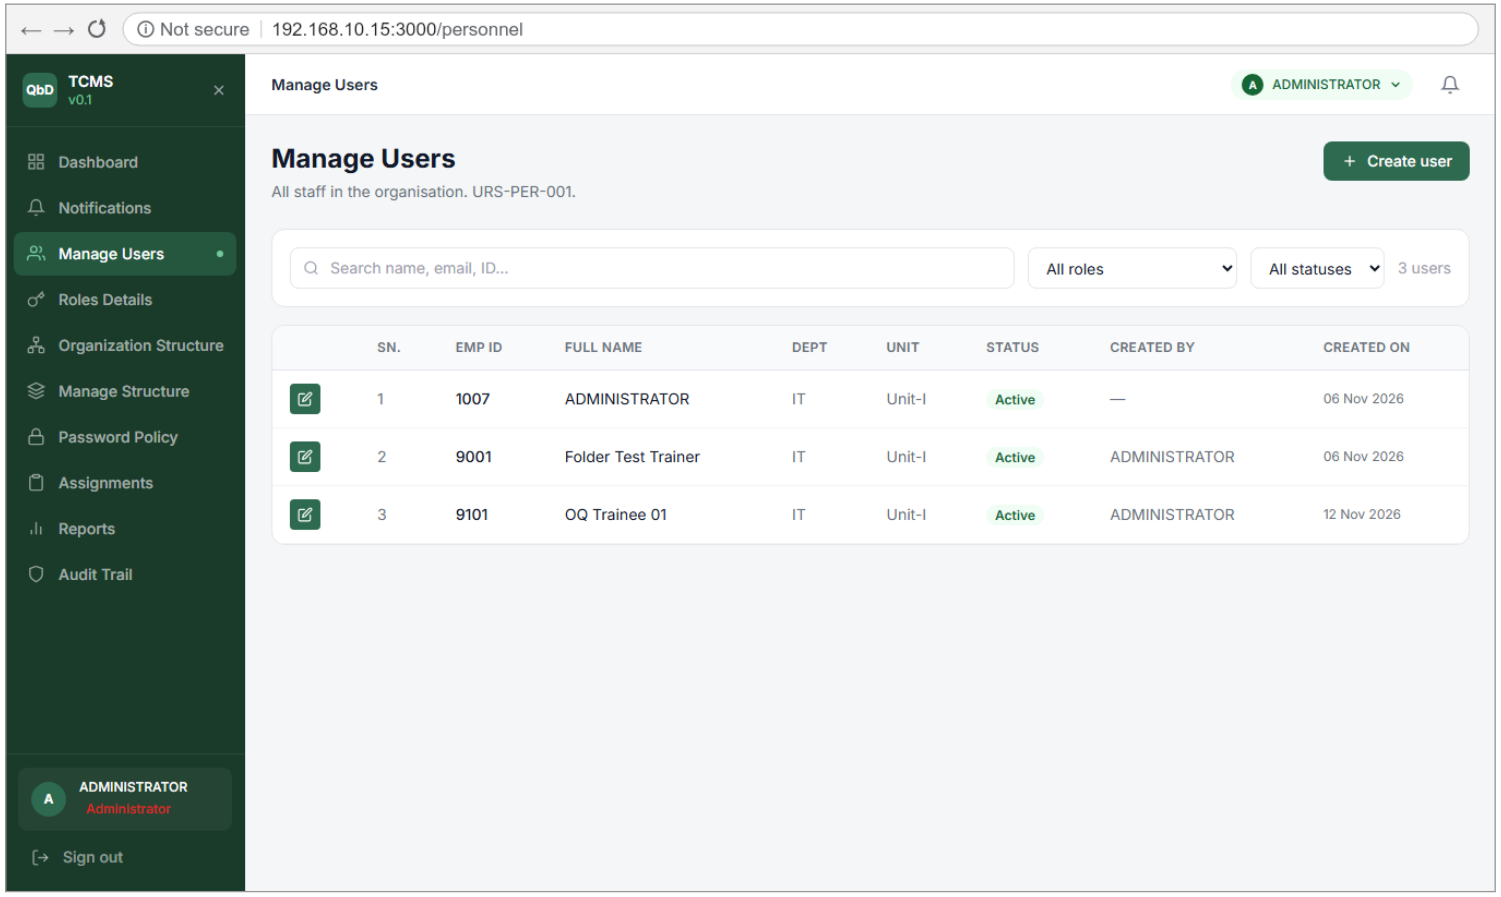
Test Objective :	To verify navigation back to the Login page from Forgot password page.			
Test Procedure :			Expected Result :	
Click on "Back to login" link.			Login page should be displayed.	
Test ID : 8.1.1	Step No : 13.1	Attachment No. : 13	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 12:20



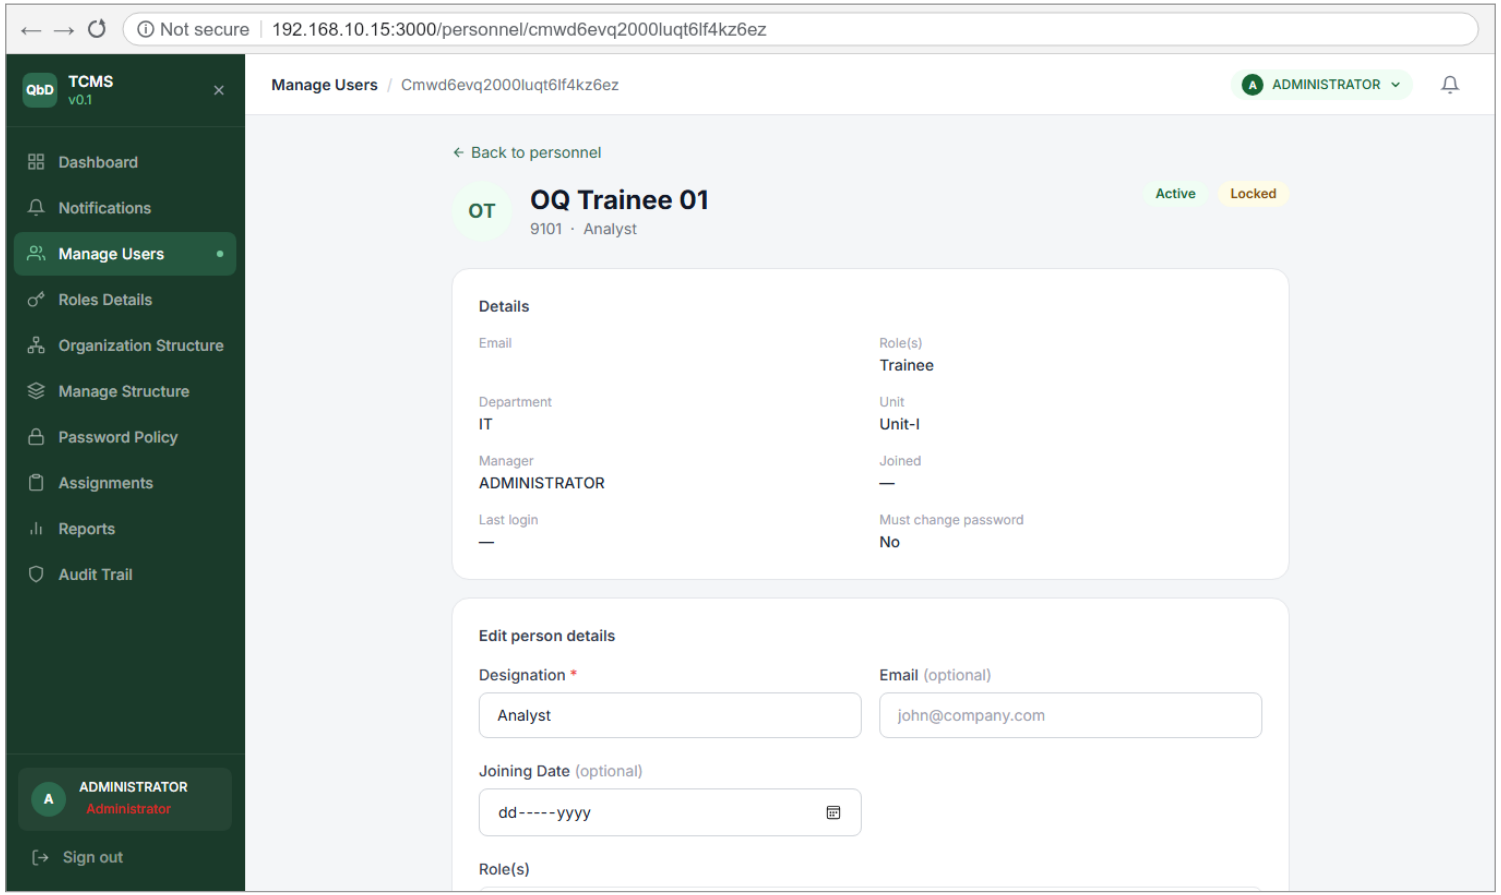
Test Objective :	To verify successful login with Administrator credentials and role-wise menu display.			
Test Procedure :			**Expected Result :**	
Type Employee ID / Password & click on Sign in button (with Administrator level privilege).			Dashboard should be displayed with the menus applicable to Administrator role.	
Test ID : 8.1.1	Step No : 14.1	Attachment No. : 14	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 12:20



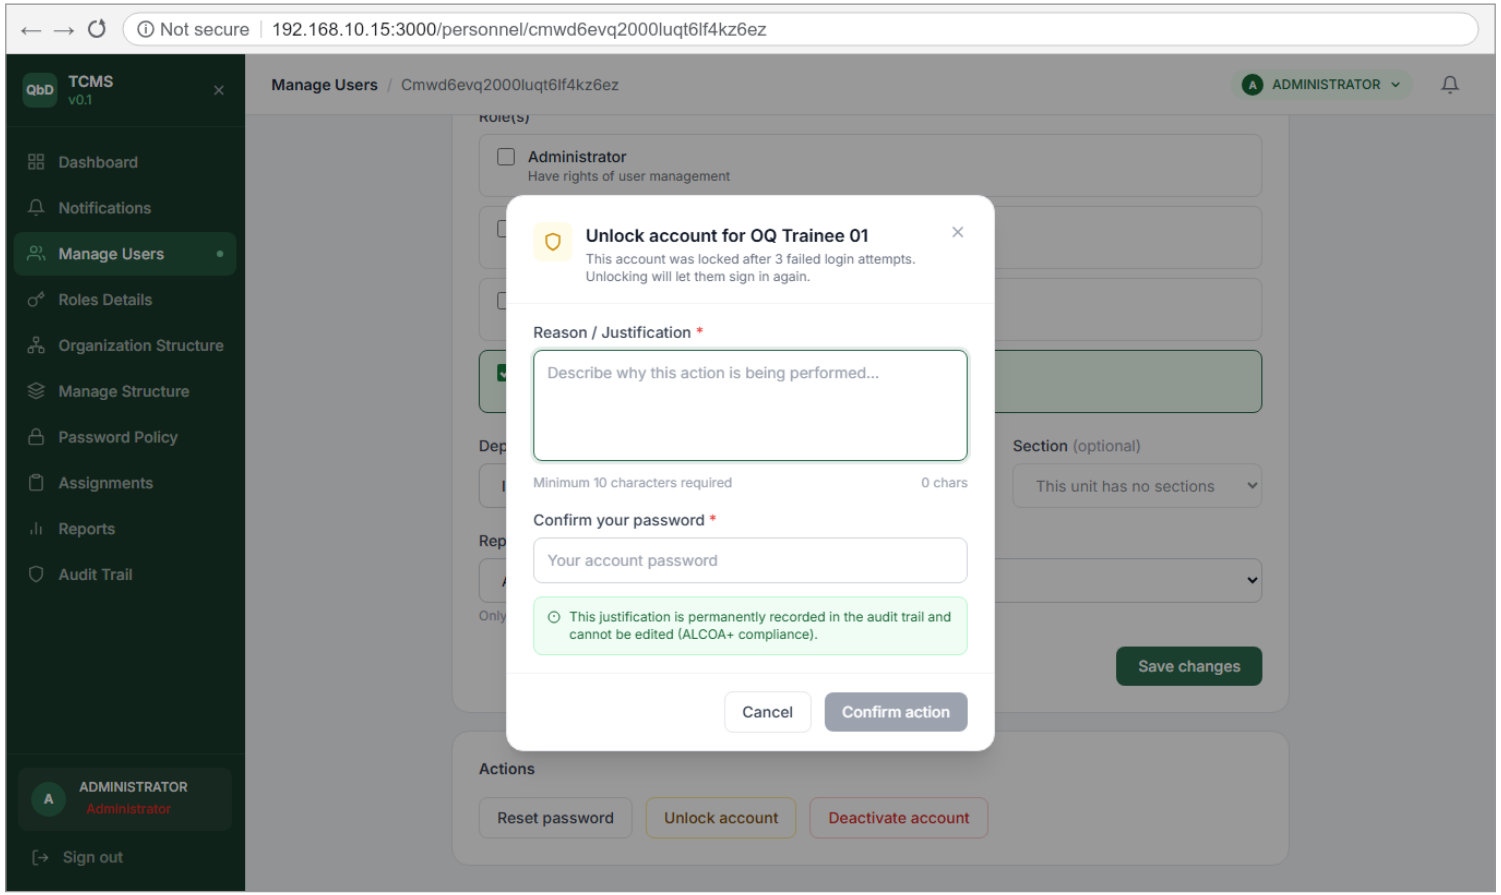
Test Objective :	To verify navigation to the Manage Users page.			
Test Procedure :			Expected Result :	
Click on "Manage Users" menu from the left panel.			Manage Users page should be displayed with the list of all users.	
Test ID : 8.1.1	Step No : 15.1	Attachment No. : 15	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 12:20



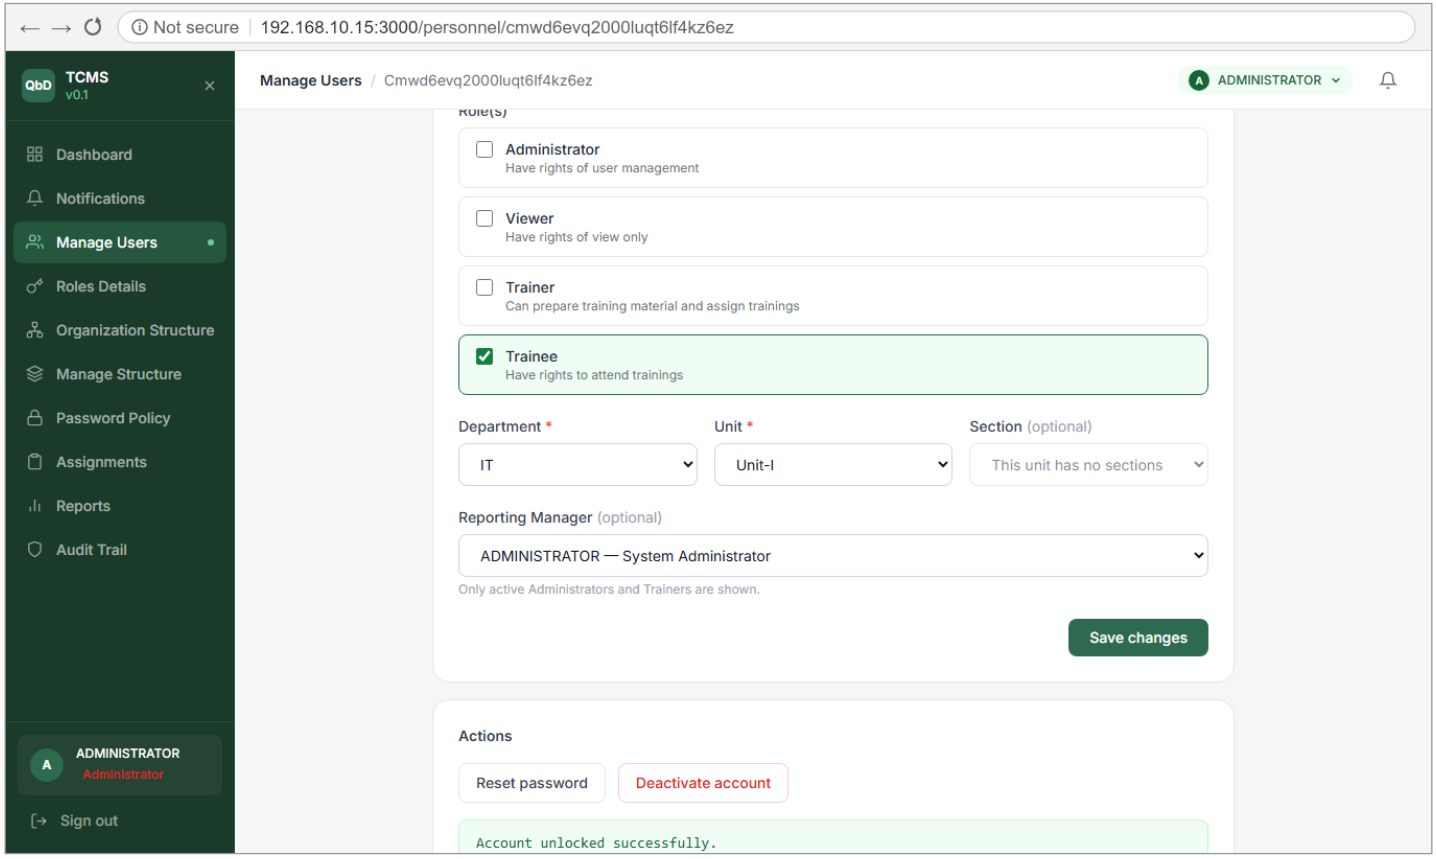
Test Objective :	To verify that a locked user account is identified with "Locked" status.			
Test Procedure :			Expected Result :	
Search the locked Trainee user & click on the user name.			Person detail page should be displayed with "Locked" status badge.	
Test ID : 8.1.1	Step No : 16.1	Attachment No. : 16	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 12:20



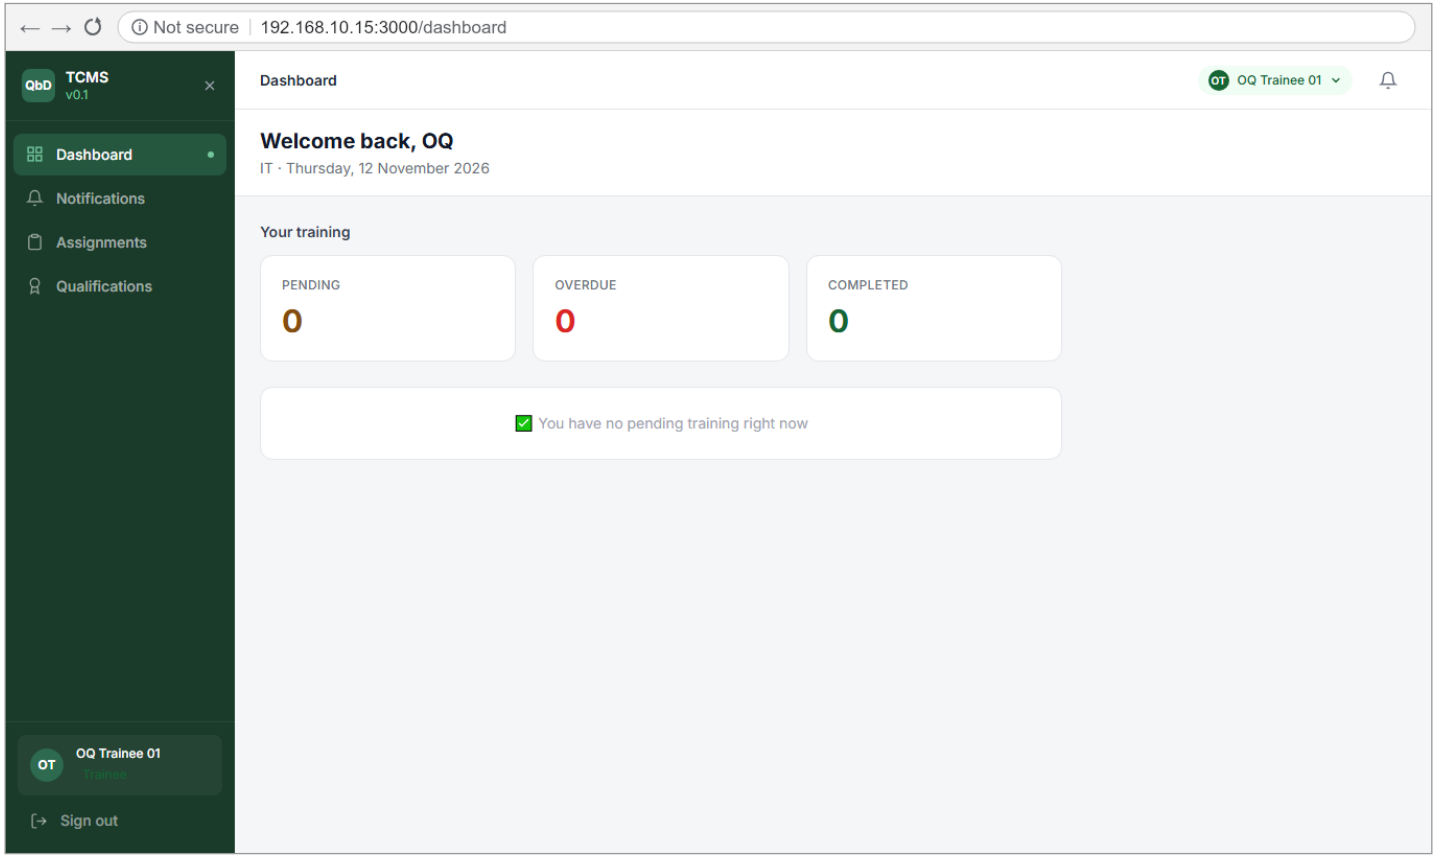
Test Objective :	To verify that the Administrator can initiate unlocking of a locked account.			
Test Procedure :			Expected Result :	
Click on "Unlock account" under Actions.			"Unlock account for <user name>" window should be displayed.	
Test ID : 8.1.1	Step No : 17.1	Attachment No. : 17	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 12:20



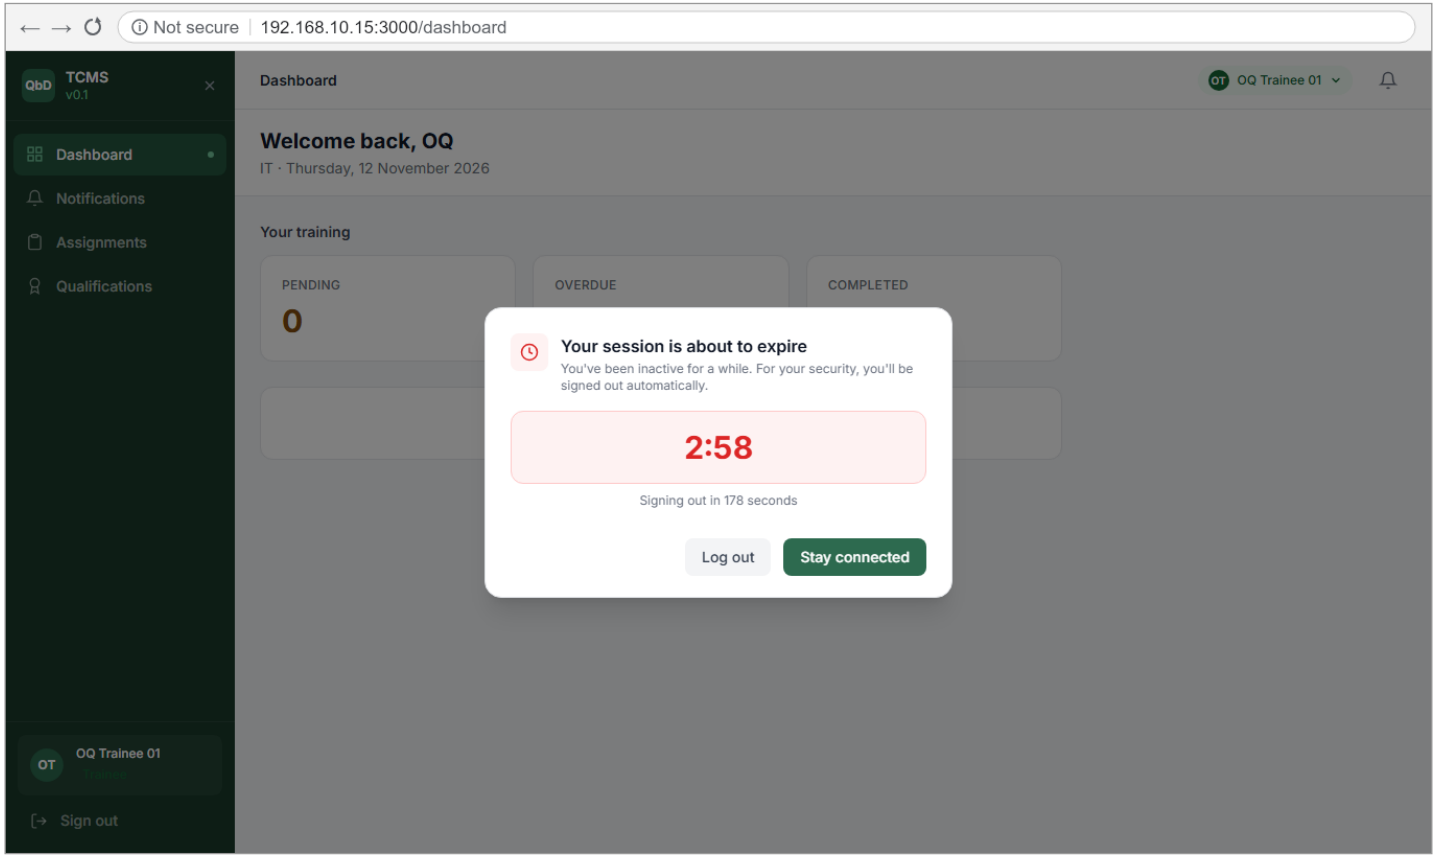
Test Objective :	To verify that a locked account is unlocked by the Administrator with electronic signature.			
Test Procedure :			Expected Result :	
In "Unlock account" window, type Reason / Justification (minimum 10 characters) & Password, then click on "Confirm action" button.			"Account unlocked successfully." message should be displayed.	
Test ID : 8.1.1	Step No : 18.1	Attachment No. : 18	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 12:21



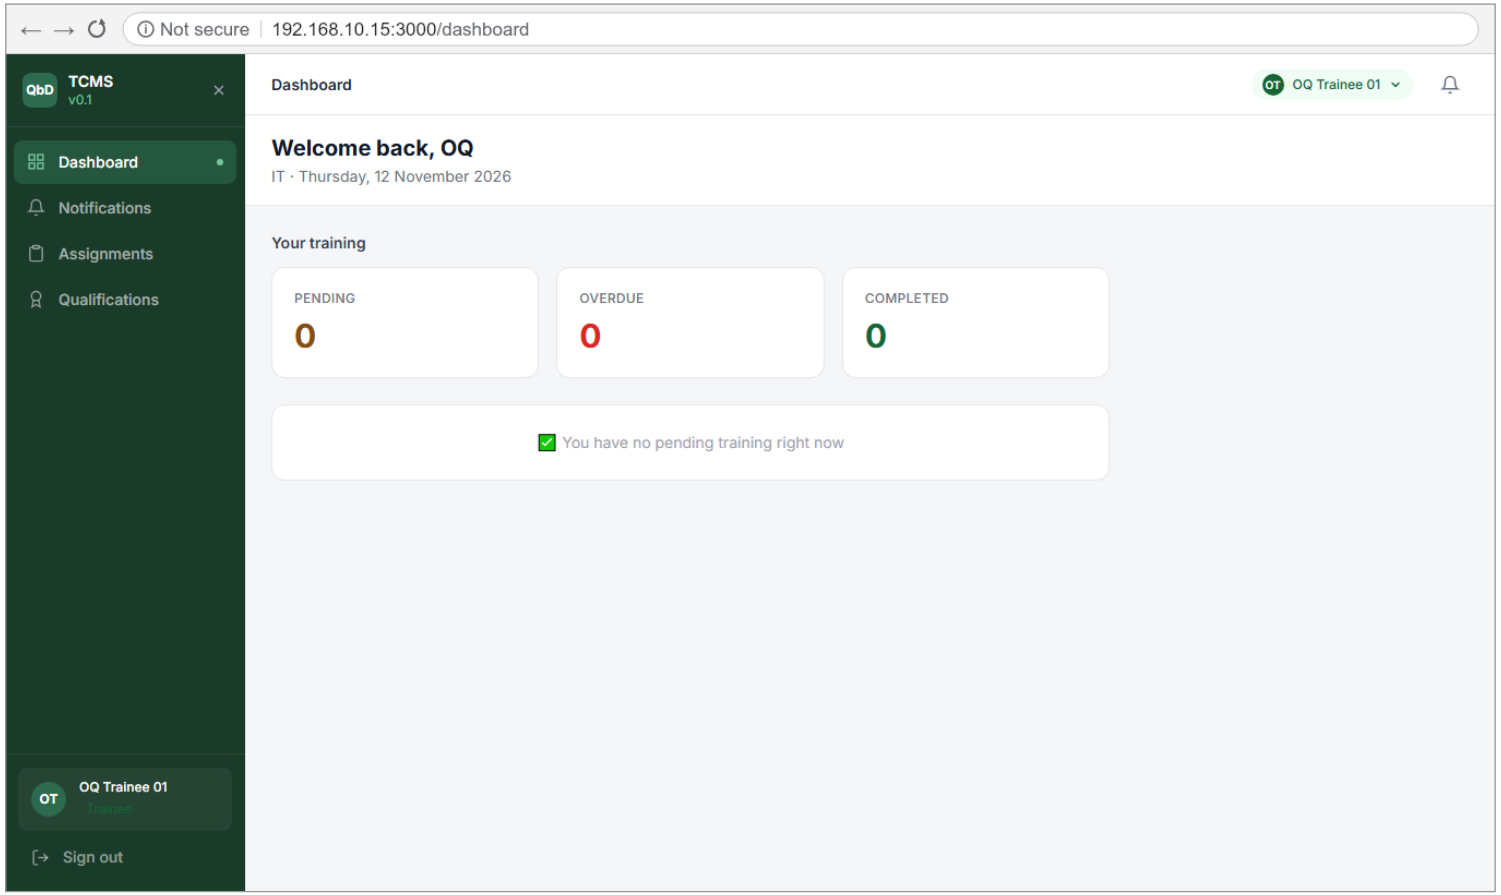
Test Objective :	To verify successful login with Trainee credentials and role-wise menu display.			
Test Procedure :			Expected Result :	
Sign out from the current user. Type Employee ID / Password & click on Sign in button (with Trainee level privilege).			Dashboard should be displayed with the menus applicable to Trainee role.	
Test ID : 8.1.1	Step No : 19.1	Attachment No. : 19	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 12:21



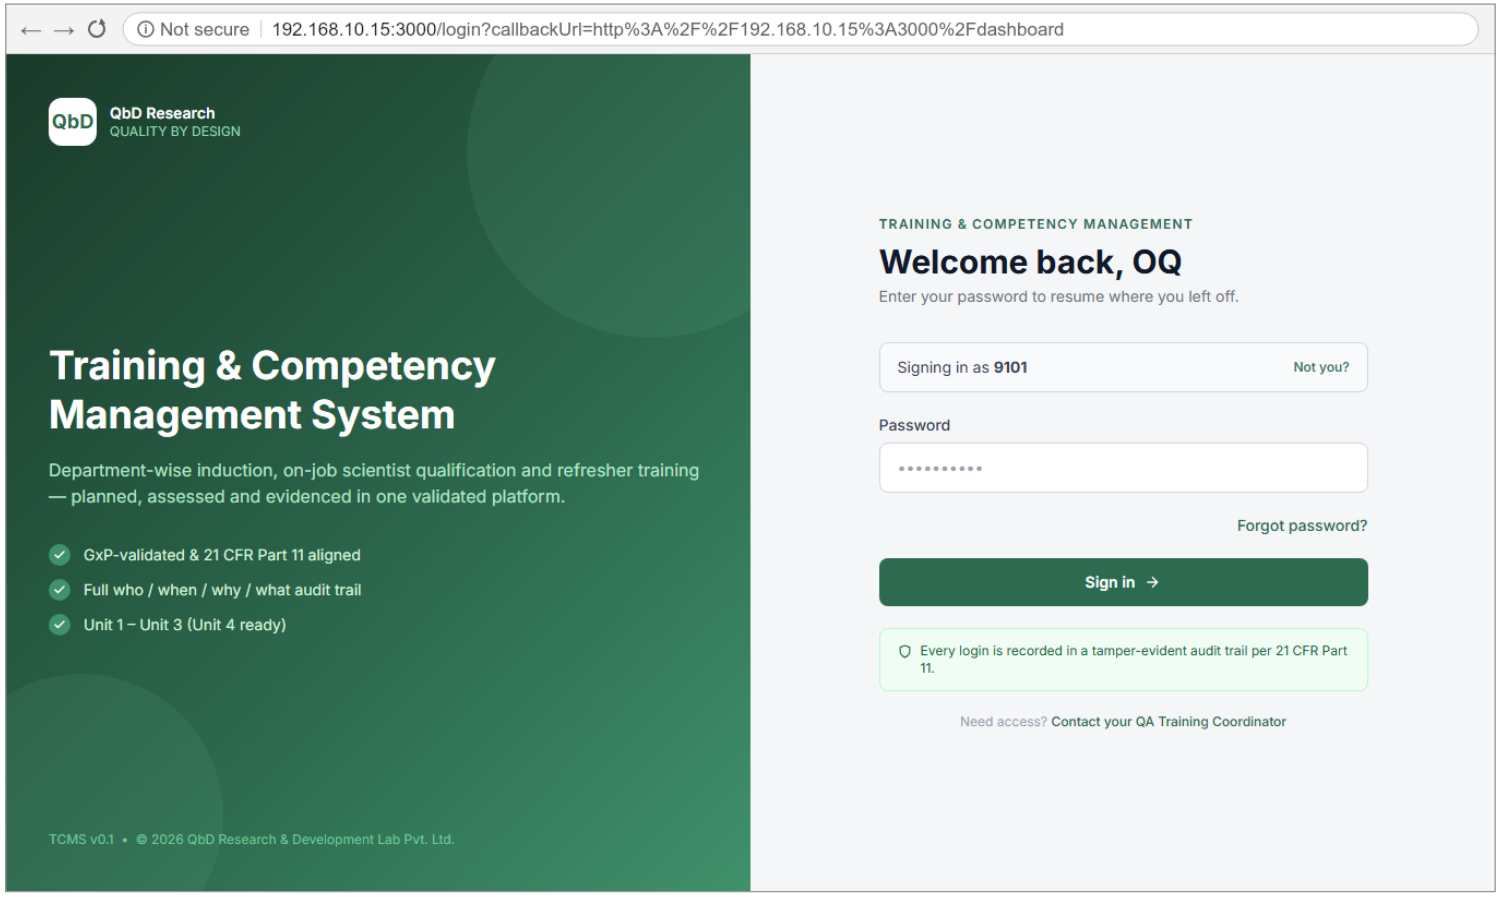
Test Objective :	To verify the idle session timeout warning.			
Test Procedure :			Expected Result :	
Leave the application idle without any activity for 30 seconds.			"Your session is about to expire" window should be displayed with a countdown, "Log out" & "Stay connected" buttons.	
Test ID : 8.1.1	Step No : 20.1	Attachment No. : 20	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 12:21



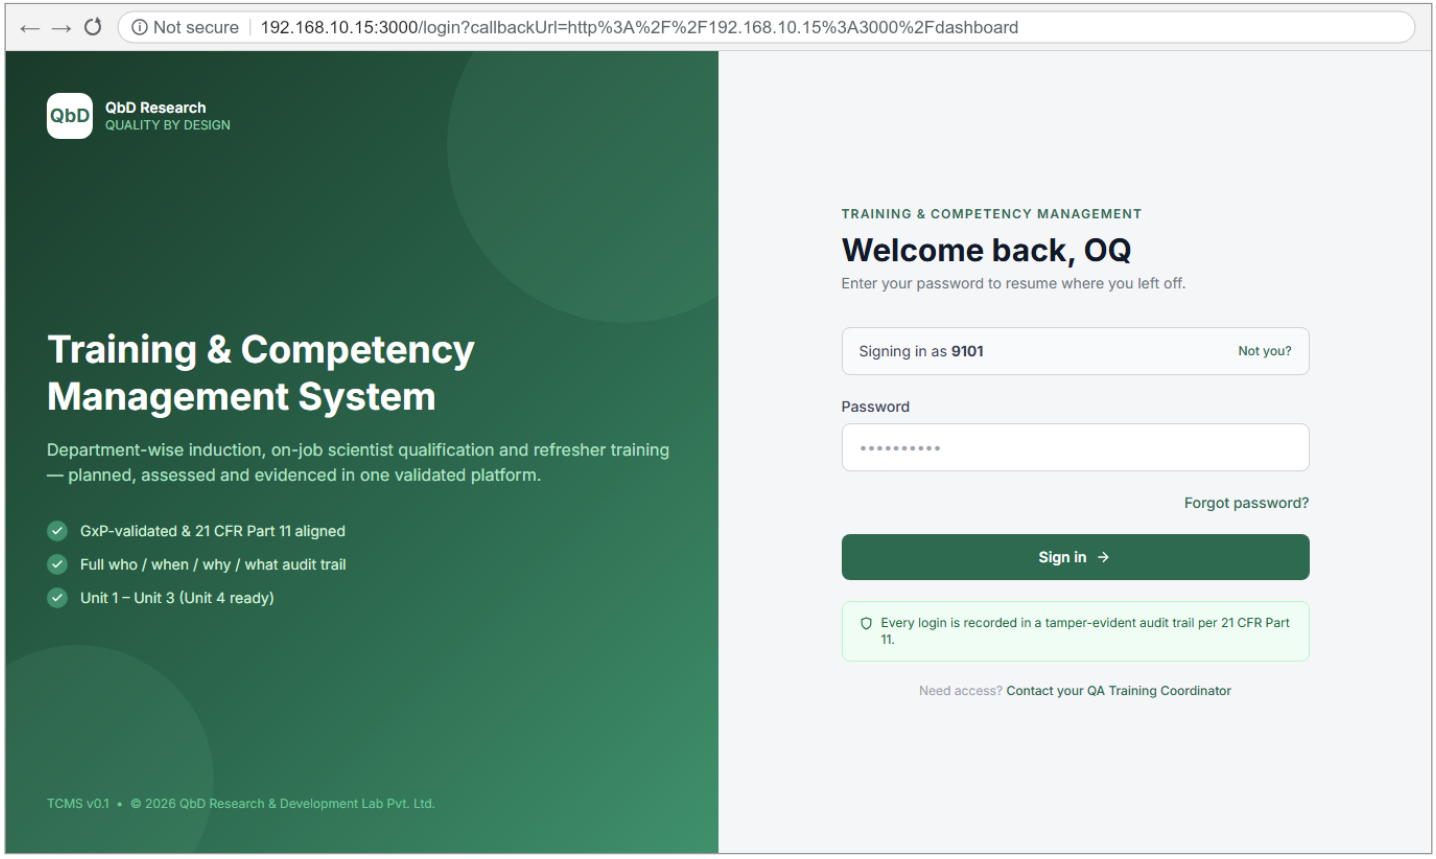
Test Objective :	To verify that the session can be extended from the timeout warning.			
Test Procedure :			Expected Result :	
Click on "Stay connected" button.			Session should be extended & the user should remain on the same page.	
Test ID : 8.1.1	Step No : 21.1	Attachment No. : 21	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 12:21



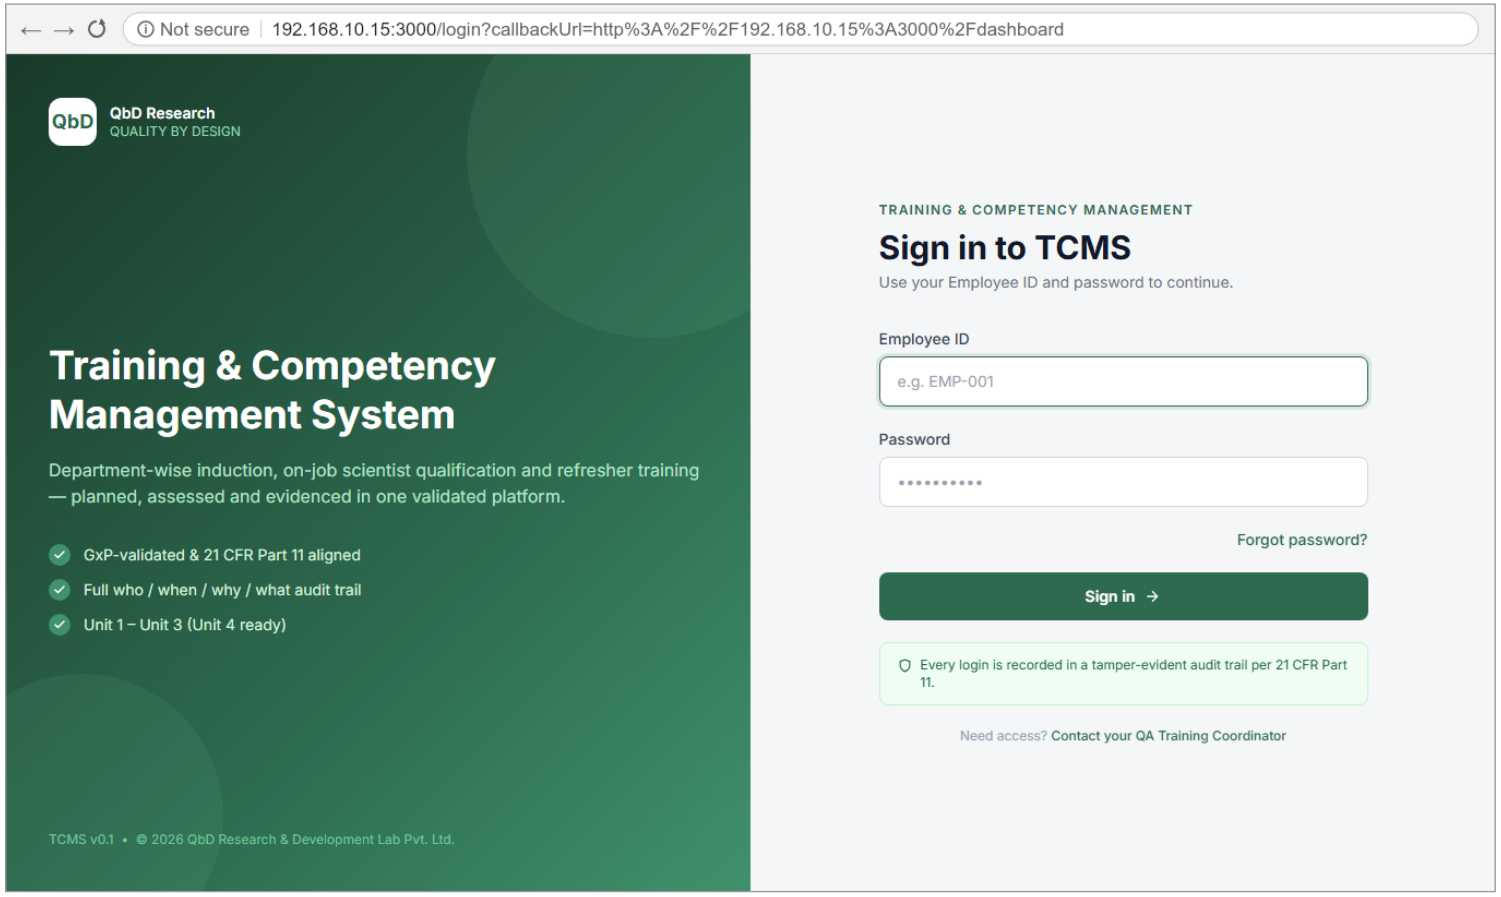
Test Objective :	To verify automatic logout after the idle timeout countdown.			
Test Procedure :			Expected Result :	
Leave the application idle until the countdown completes.			User should be logged out automatically & Login page should be displayed.	
Test ID : 8.1.1	Step No : 22.1	Attachment No. : 22	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 12:25



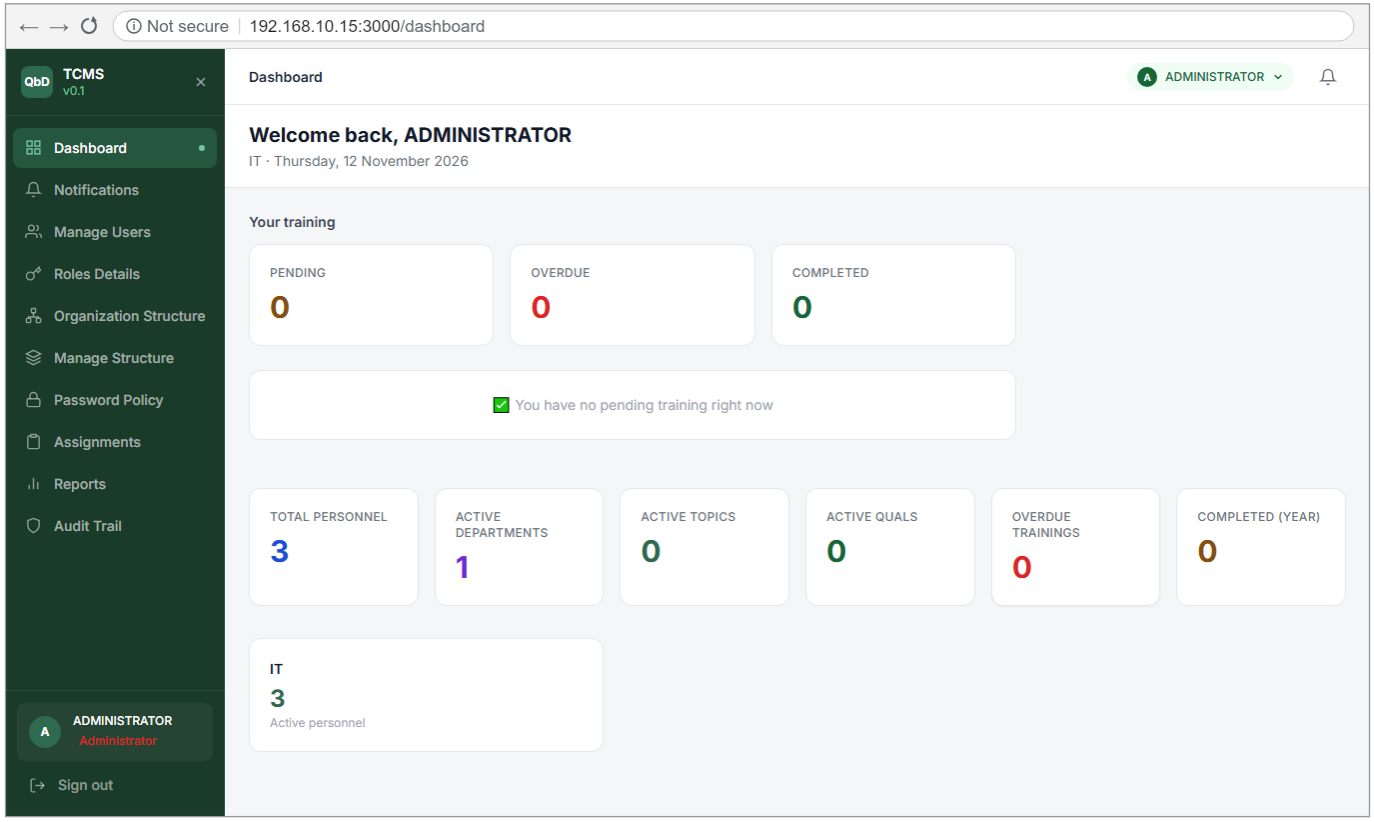
Test Objective :	To verify the resume-login screen after automatic logout.			
Test Procedure :			Expected Result :	
Verify the Login page after automatic logout.			"Signing in as <user name>" with "Not you?" link should be displayed & only Password should be requested.	
Test ID : 8.1.1	Step No : 23.1	Attachment No. : 23	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 12:25



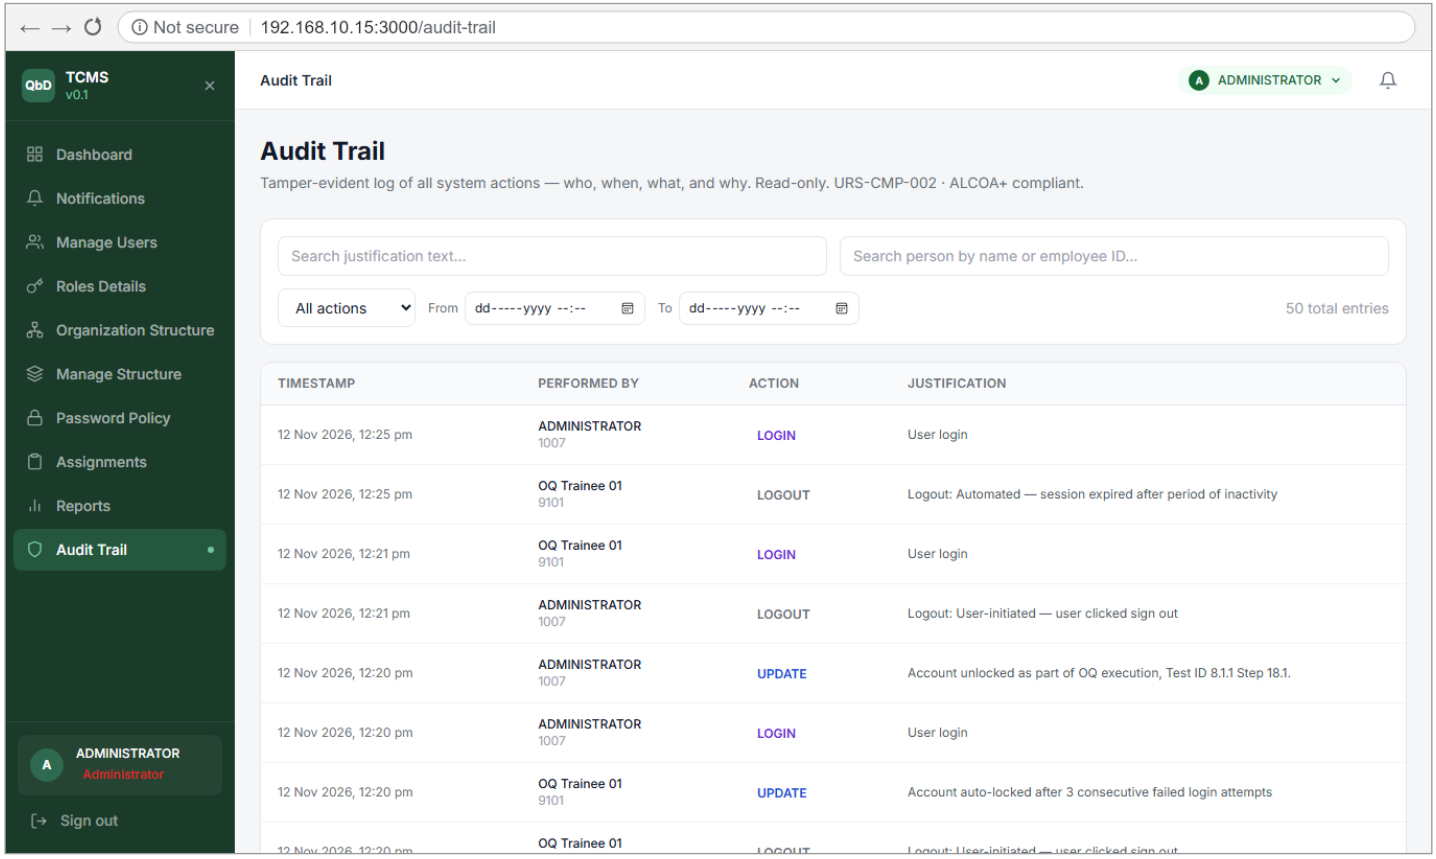
Test Objective :	To verify that a different user can login using the "Not you?" option.			
Test Procedure :			Expected Result :	
Click on "Not you?" link.			Employee ID field should be cleared & displayed for entry.	
Test ID : 8.1.1	Step No : 24.1	Attachment No. : 24	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 12:25



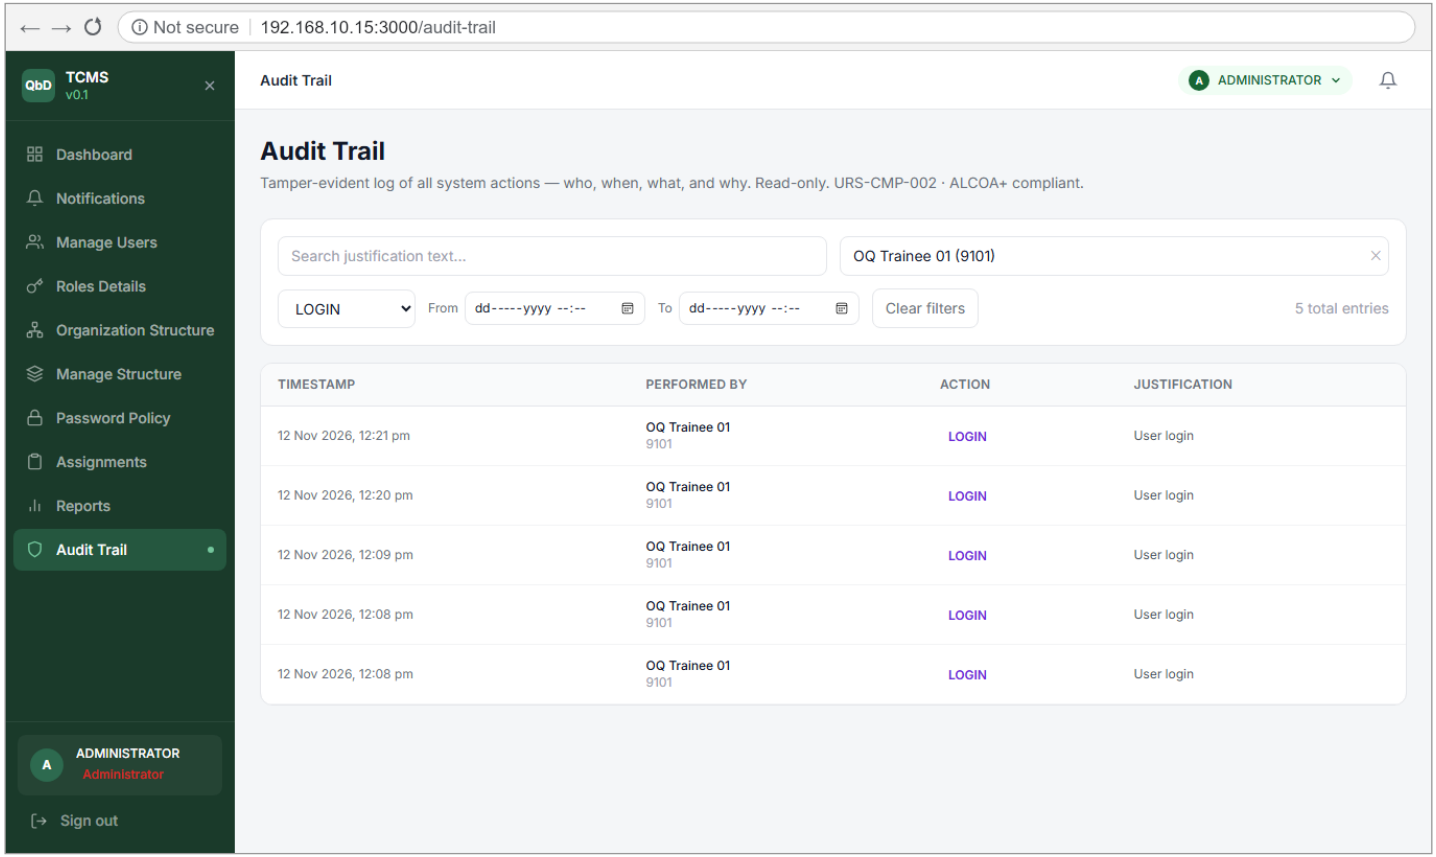
Test Objective :	To verify successful login with Administrator credentials and role-wise menu display.			
Test Procedure :			**Expected Result :**	
Open TCMS application URL (http://192.168.10.15:3000) in Microsoft Edge. Type Employee ID / Password & click on Sign in button (with Administrator level privilege).			Dashboard should be displayed with the menus applicable to Administrator role.	
Test ID : 8.1.1	Step No : 25.1	Attachment No. : 25	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 12:25



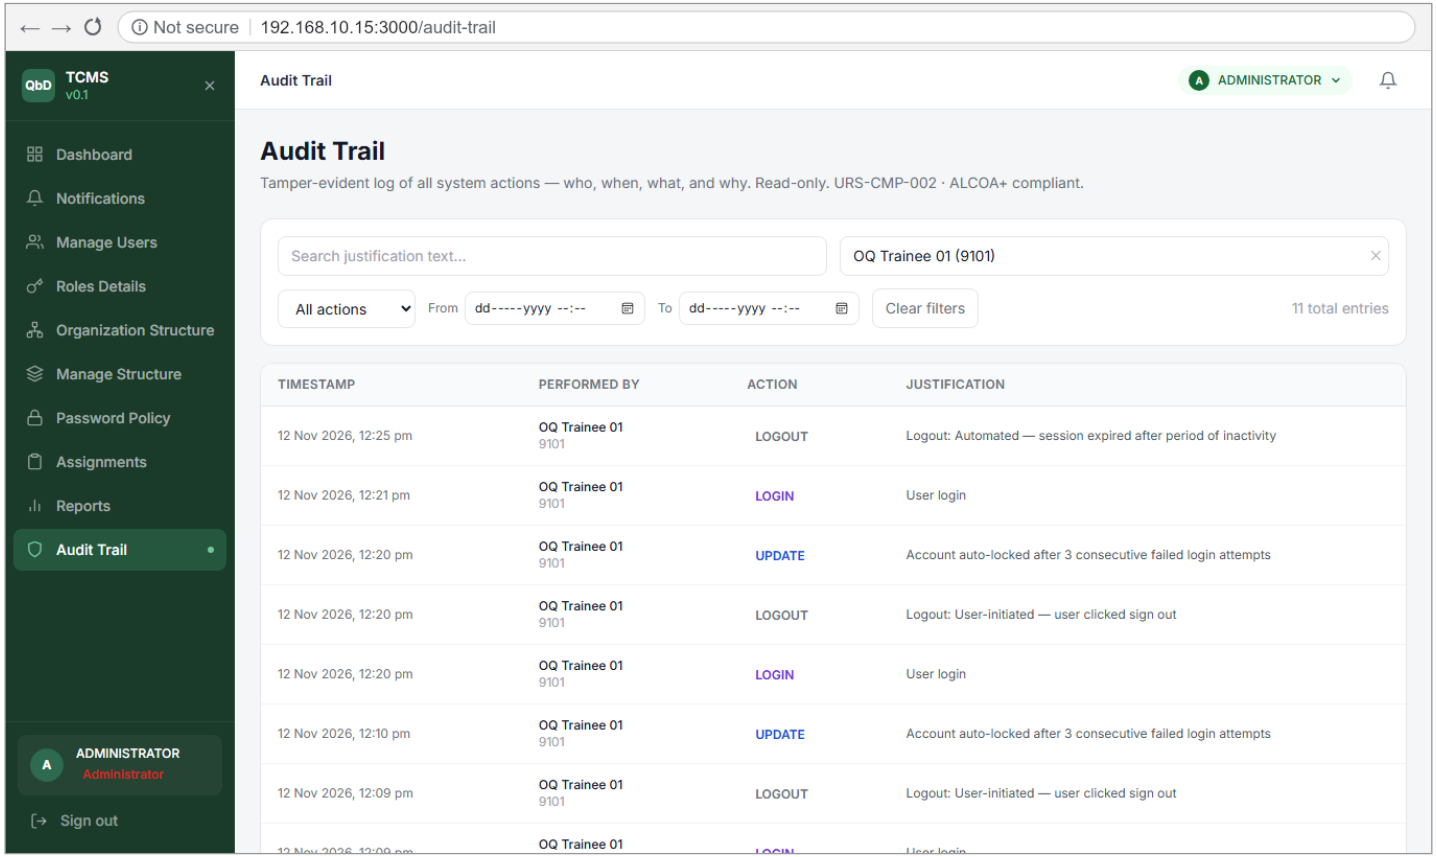
Test Objective :	To verify navigation to the Audit Trail page.			
Test Procedure :			Expected Result :	
Click on "Audit Trail" menu from the left panel.			Audit Trail page should be displayed with Timestamp, Performed By, Action & Justification columns.	
Test ID : 8.1.1	Step No : 26.1	Attachment No. : 26	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 12:25



Test Objective :	To verify filtering of the audit trail by user and action (LOGIN).			
Test Procedure :			Expected Result :	
Search the performing user by name / Employee ID & select "LOGIN" from the All actions drop-down.			Audit log entries should be filtered for the selected user and action.	
Test ID : 8.1.1	Step No : 27.1	Attachment No. : 27	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 12:25



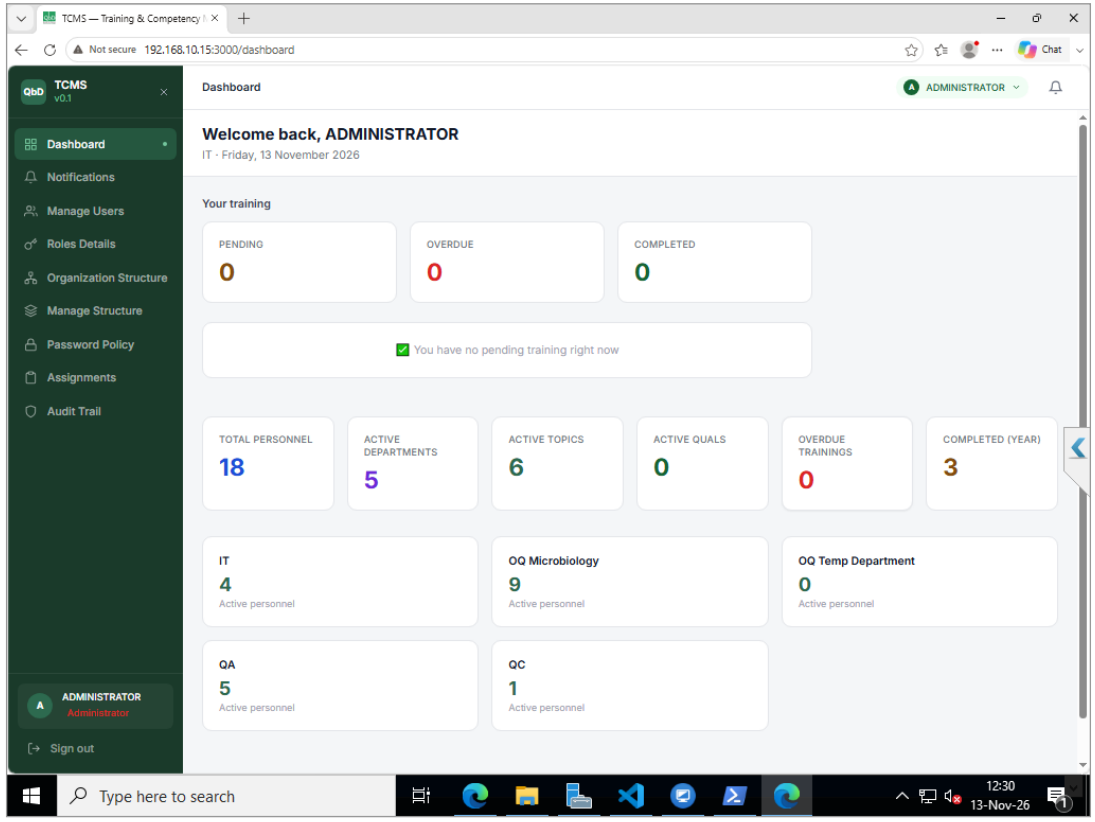
Test Objective :	To verify that the audit trail records login, failed login and logout events of the Trainee user.			
Test Procedure :			**Expected Result :**	
Select "All actions" from the action drop-down & verify the audit trail entries of the Trainee user.			Entries should display Timestamp, Performed By (name & Employee ID), Action (LOGIN / LOGOUT / UPDATE for auto-lock) & Justification.	
Test ID : 8.1.1	Step No : 28.1	Attachment No. : 28	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 12:25



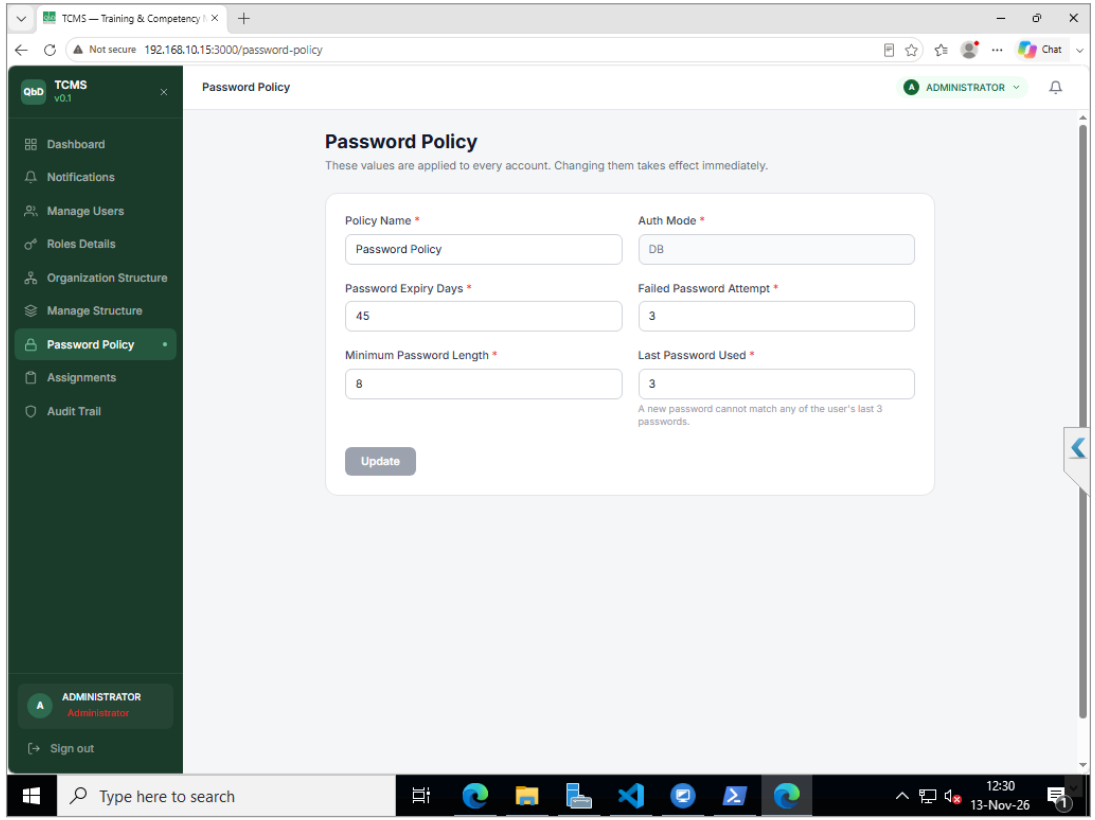
OPERATIONAL QUALIFICATION SCREENSHOTS FOR TCMS APPLICATION VER. 1.0

DOCUMENT NO.: LGC/QBD/0002	TITLE : COMPUTER SYSTEM VALIDATION OF TCMS

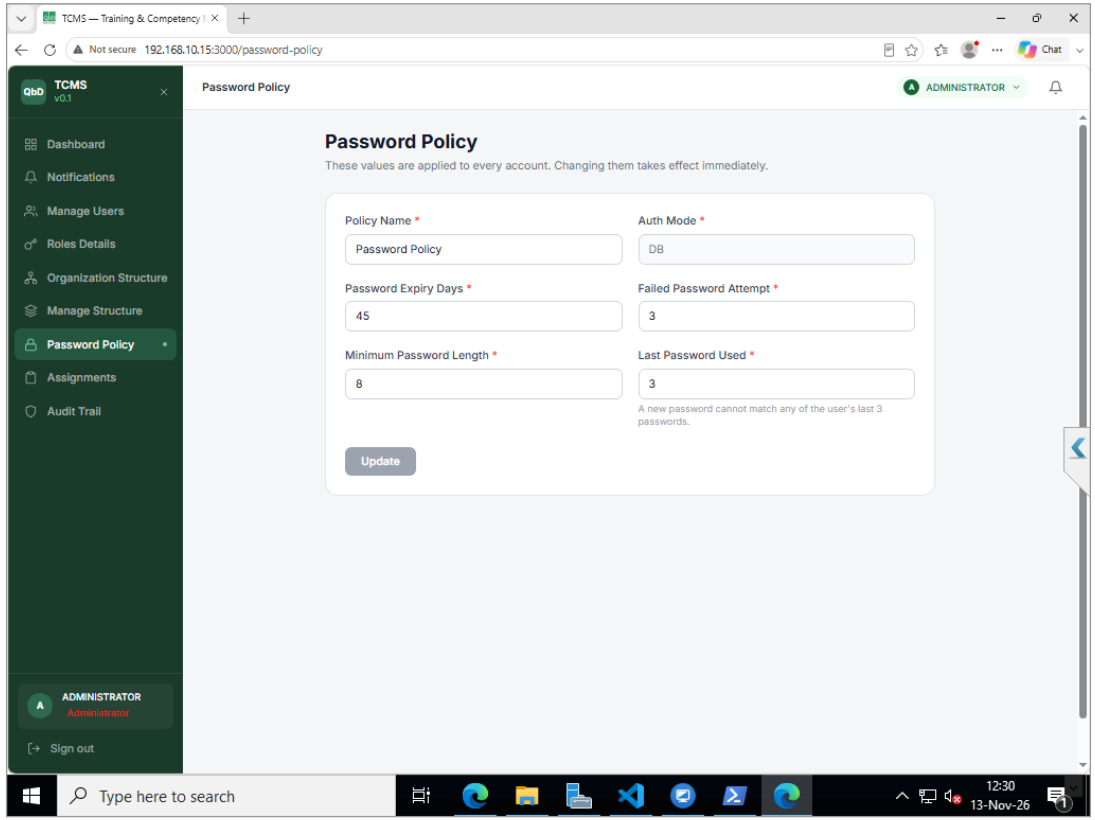
Test Objective :	To verify successful login with Administrator credentials and role-wise menu display.			
Test Procedure :			Expected Result :	
Open TCMS application URL (http://192.168.10.15:3000) in Microsoft Edge. Type Employee ID / Password & click on Sign in button (with Administrator level privilege).			Dashboard should be displayed with the menus applicable to Administrator role.	
Test ID : 8.1.2	Step No : 1.1	Attachment No. : 29	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 12:30



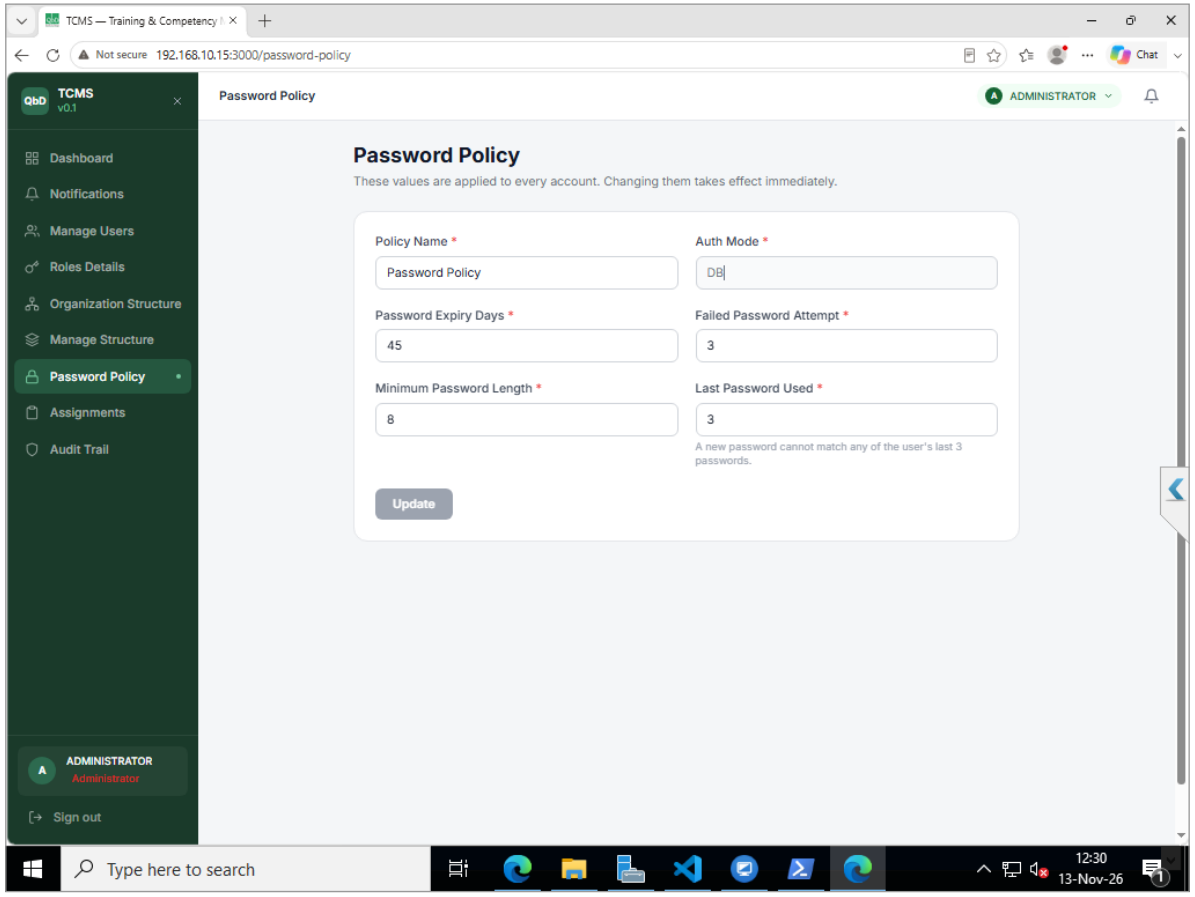
Test Objective :	To verify navigation to the Password Policy page.			
Test Procedure :			Expected Result :	
Click on "Password Policy" menu from the left panel.			Password Policy page should be displayed with Policy Name, Auth Mode, Password Expiry Days, Failed Password Attempt, Minimum Password Length & Last Password Used fields.	
Test ID : 8.1.2	Step No : 2.1	Attachment No. : 30	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 12:30



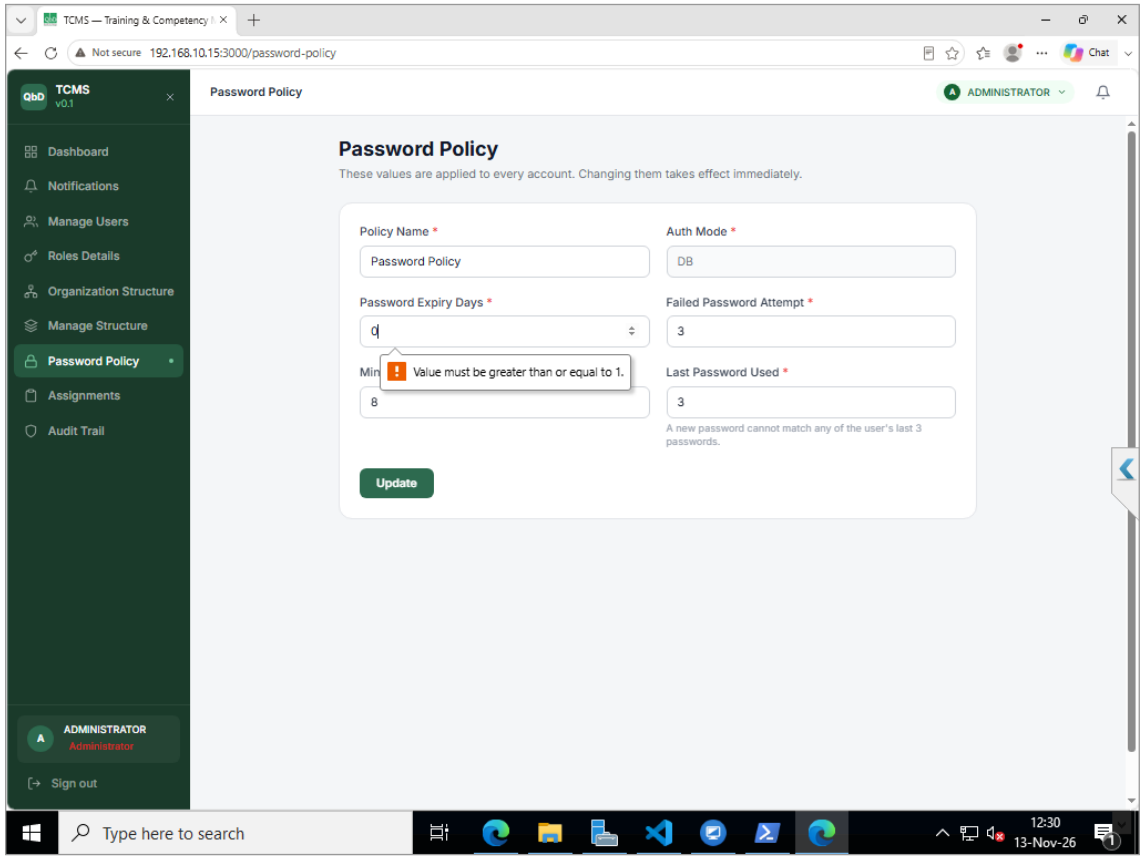
Test Objective :	To verify the default password policy values.			
Test Procedure :			Expected Result :	
Verify the current values of the password policy.			Policy Name = Password Policy, Auth Mode = DB, Password Expiry Days = 45, Failed Password Attempt = 3, Minimum Password Length = 8, Last Password Used = 3.	
Test ID : 8.1.2	Step No : 3.1	Attachment No. : 31	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 12:30



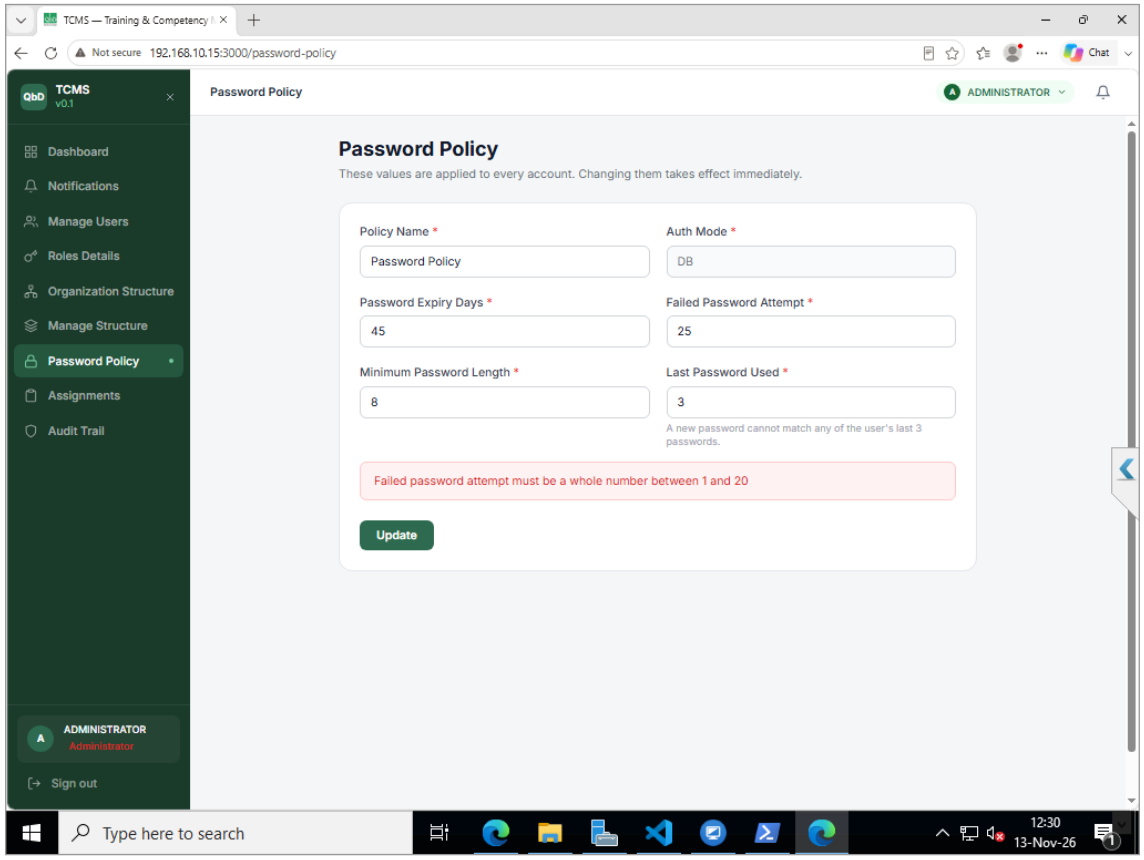
Test Objective :	To verify that the Auth Mode is fixed to DB.			
Test Procedure :			Expected Result :	
Verify the Auth Mode field.			Auth Mode should be DB & should not be editable.	
Test ID : 8.1.2	Step No : 4.1	Attachment No. : 32	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 12:30



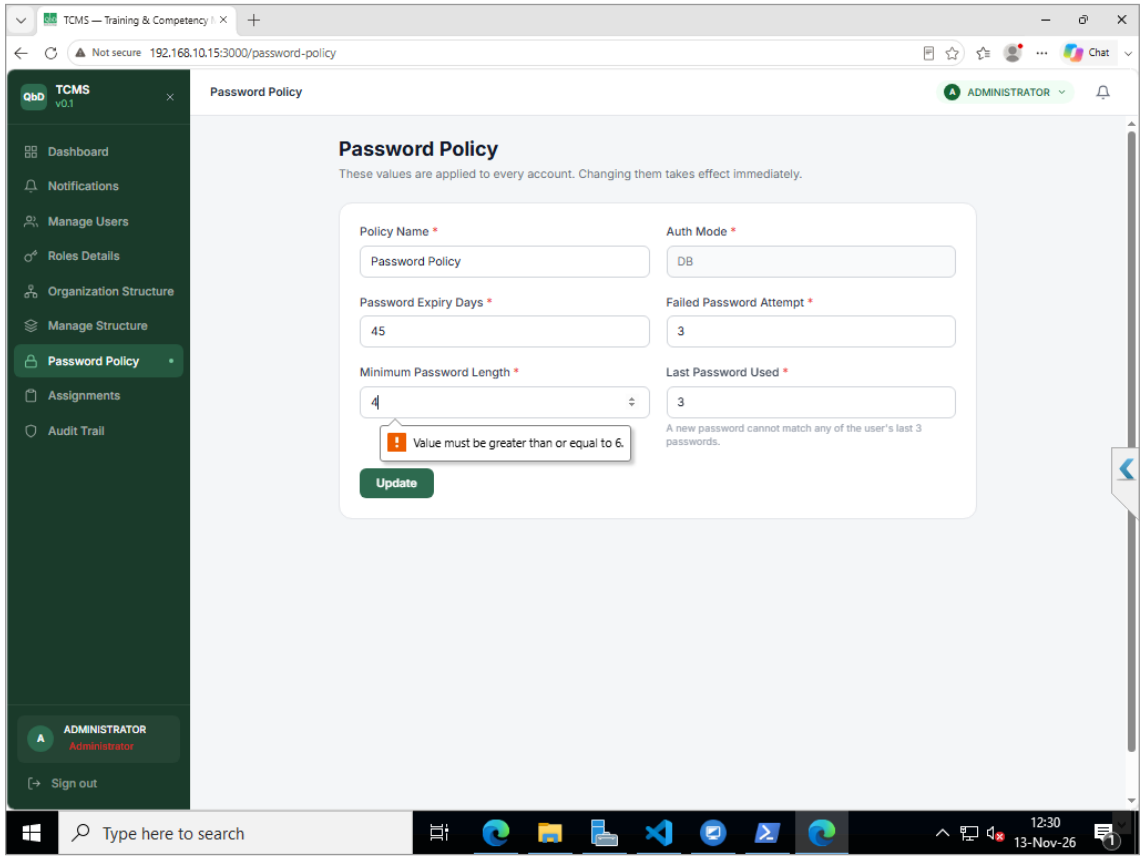
Test Objective :	To verify the lower limit validation of Password Expiry Days.			
Test Procedure :			Expected Result :	
Enter Password Expiry Days = 0 & click on Update button.			"Value must be greater than or equal to 1." message should be displayed.	
Test ID : 8.1.2	Step No : 5.1	Attachment No. : 33	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 12:30



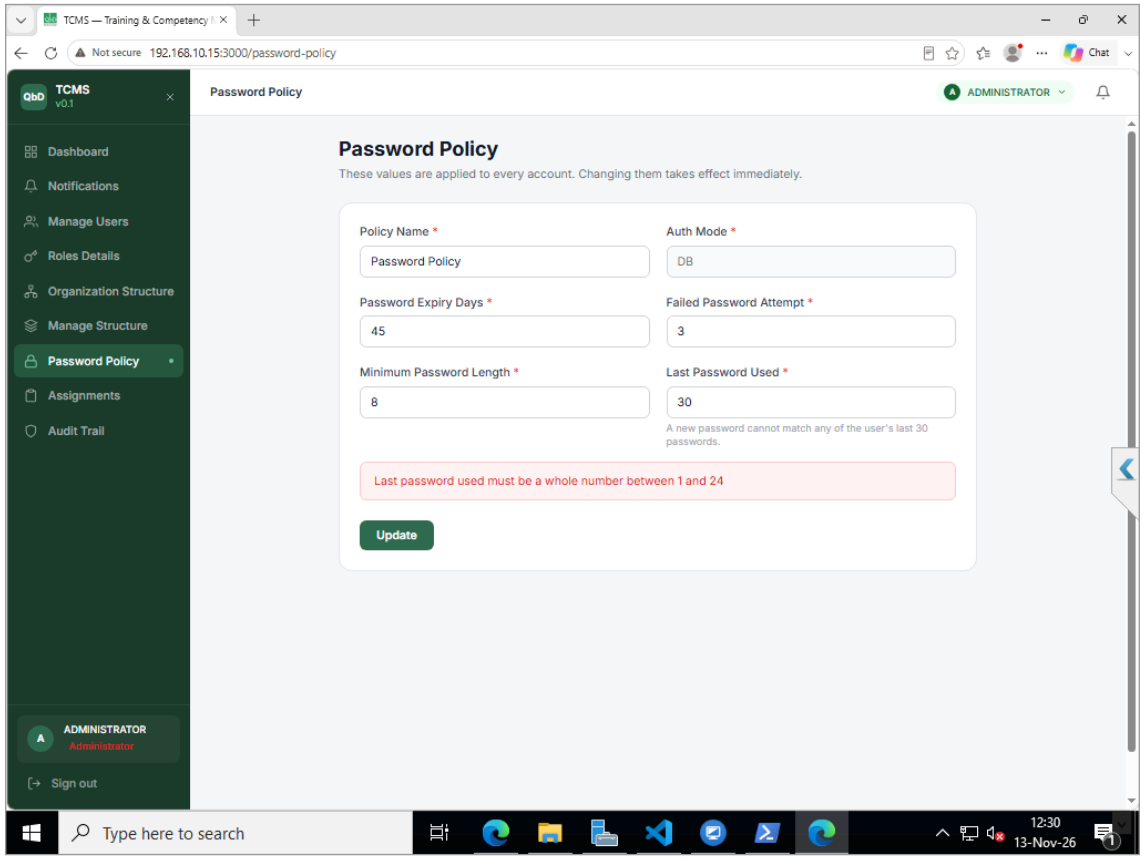
Test Objective :	To verify the upper limit validation of Failed Password Attempt.			
Test Procedure :			Expected Result :	
Enter Failed Password Attempt = 25, click on Update & complete e-signature.			"Failed password attempt must be a whole number between 1 and 20" message should be displayed.	
Test ID : 8.1.2	Step No : 6.1	Attachment No. : 34	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 12:30



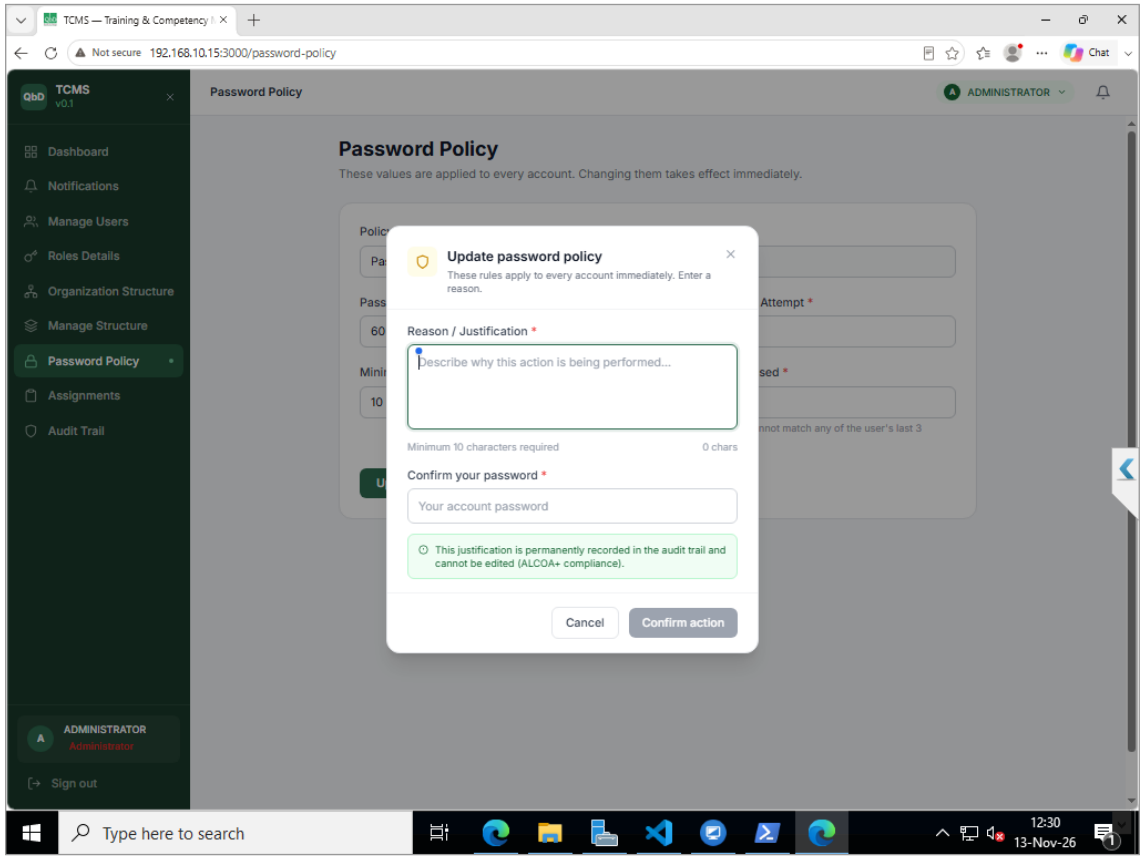
Test Objective :	To verify the lower limit validation of Minimum Password Length.			
Test Procedure :			Expected Result :	
Enter Minimum Password Length = 4 & click on Update button.			"Value must be greater than or equal to 6." message should be displayed.	
Test ID : 8.1.2	Step No : 7.1	Attachment No. : 35	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 12:30



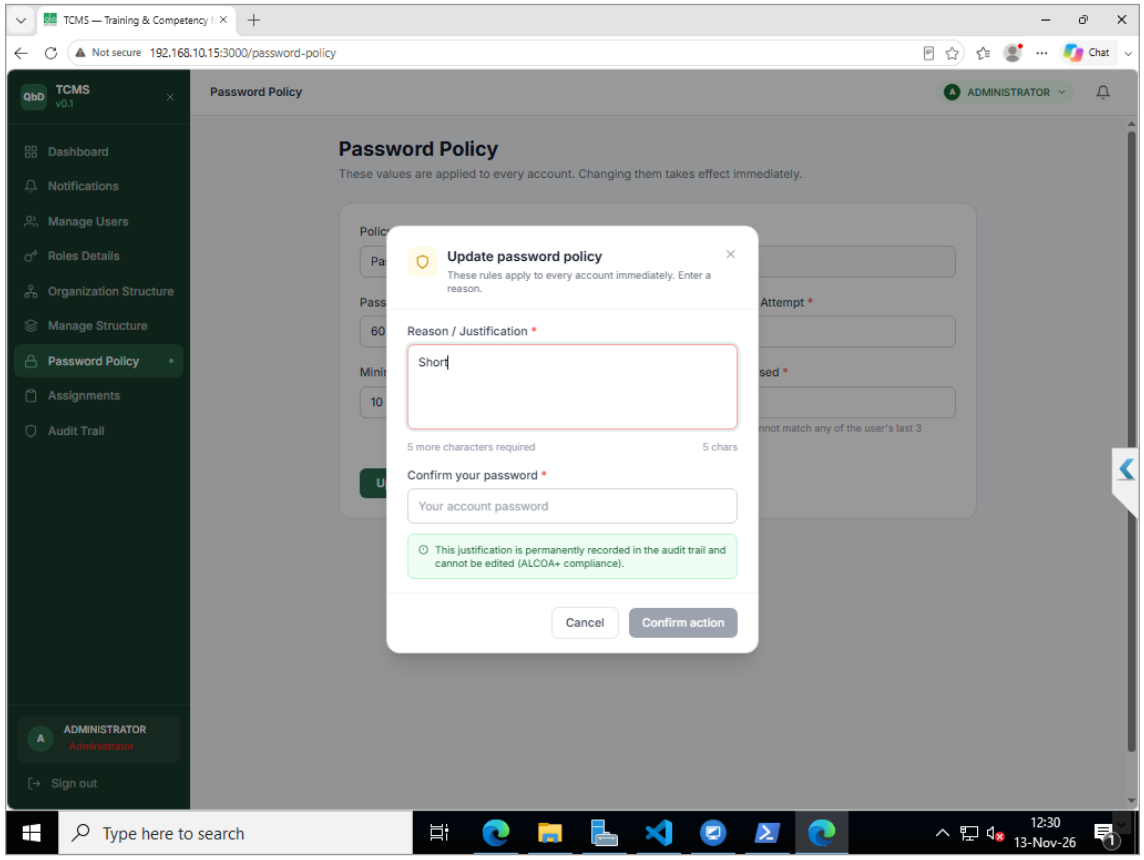
Test Objective :	To verify the upper limit validation of Last Password Used.			
Test Procedure :			Expected Result :	
Enter Last Password Used = 30, click on Update & complete e-signature.			"Last password used must be a whole number between 1 and 24" message should be displayed.	
Test ID : 8.1.2	Step No : 8.1	Attachment No. : 36	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 12:30



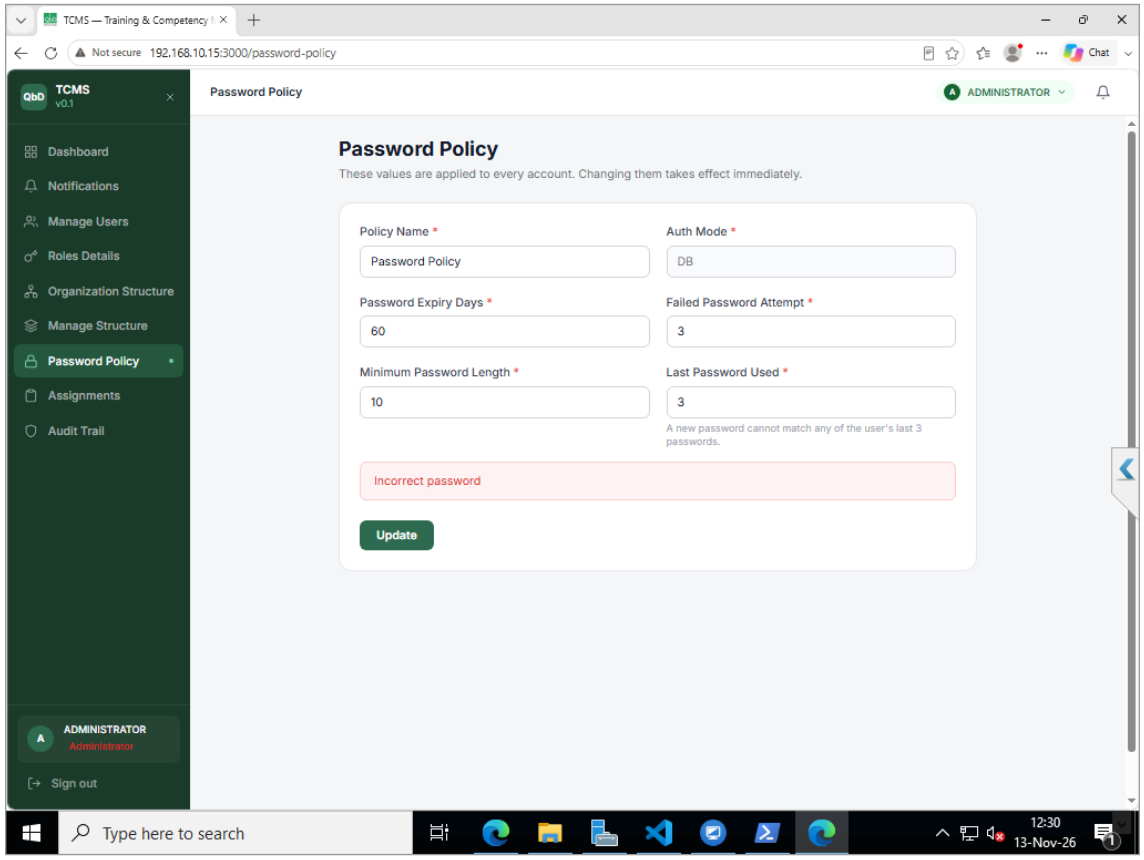
Test Objective :	To verify that a password policy update requests electronic signature.			
Test Procedure :			Expected Result :	
Enter valid values (Password Expiry Days = 60, Minimum Password Length = 10) & click on Update button.			"Update password policy" window should be displayed requesting Reason / Justification & Password.	
Test ID : 8.1.2	Step No : 9.1	Attachment No. : 37	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 12:30



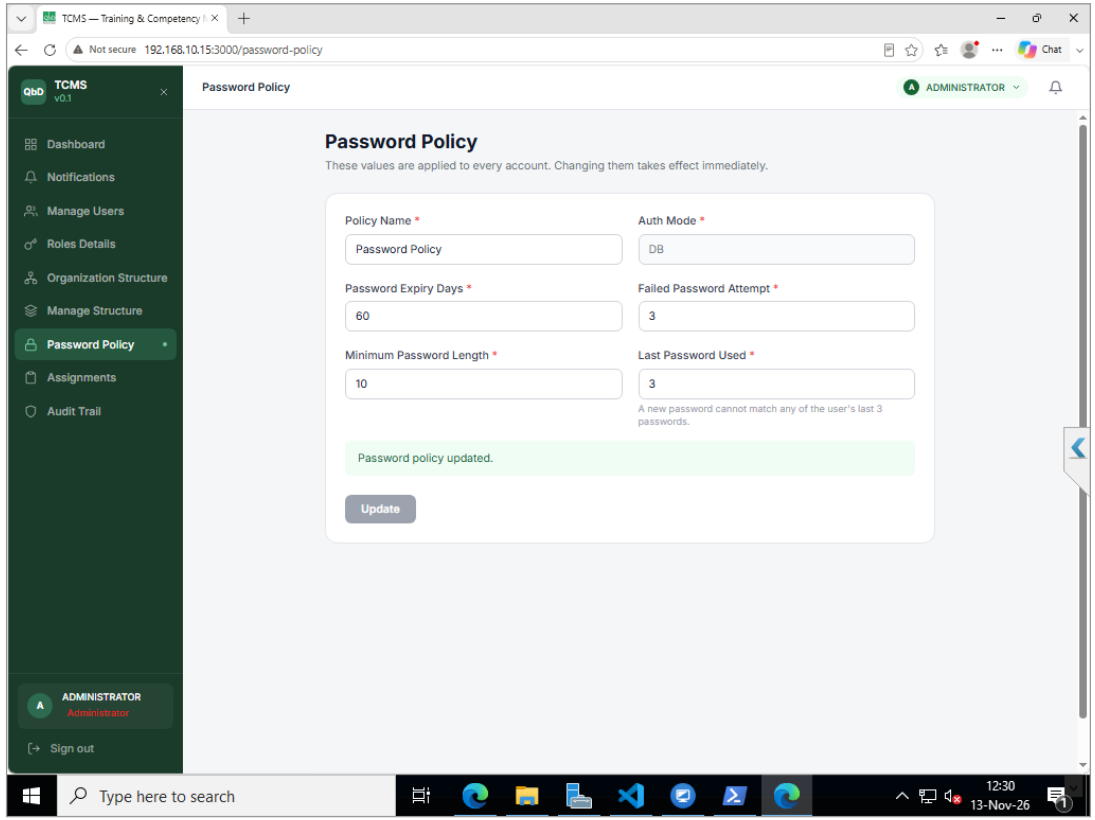
Test Objective :	To verify that a Reason / Justification of less than 10 characters is not accepted for "Update password policy".			
Test Procedure :			Expected Result :	
In "Update password policy" window, type Reason / Justification of less than 10 characters.			"Confirm action" button should remain disabled and "<n> more characters required" (e.g. "5 more characters required") should be displayed.	
Test ID : 8.1.2	Step No : 10.1	Attachment No. : 38	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 12:30



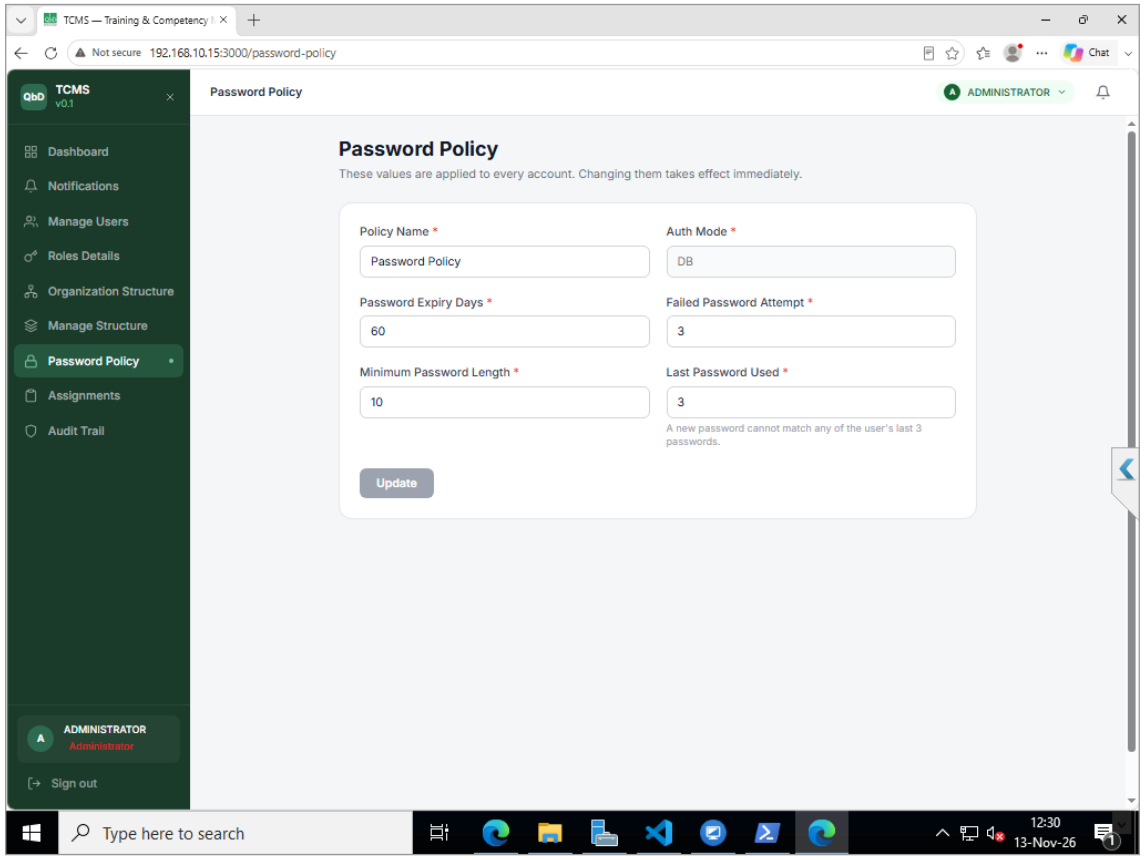
Test Objective :	To verify that the "Update password policy" action is rejected when an incorrect password is entered.			
Test Procedure :			Expected Result :	
In "Update password policy" window, type valid Reason / Justification & an incorrect Password, then click on "Confirm action" button.			"Incorrect password" message should be displayed & record should not be saved.	
Test ID : 8.1.2	Step No : 11.1	Attachment No. : 39	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 12:30



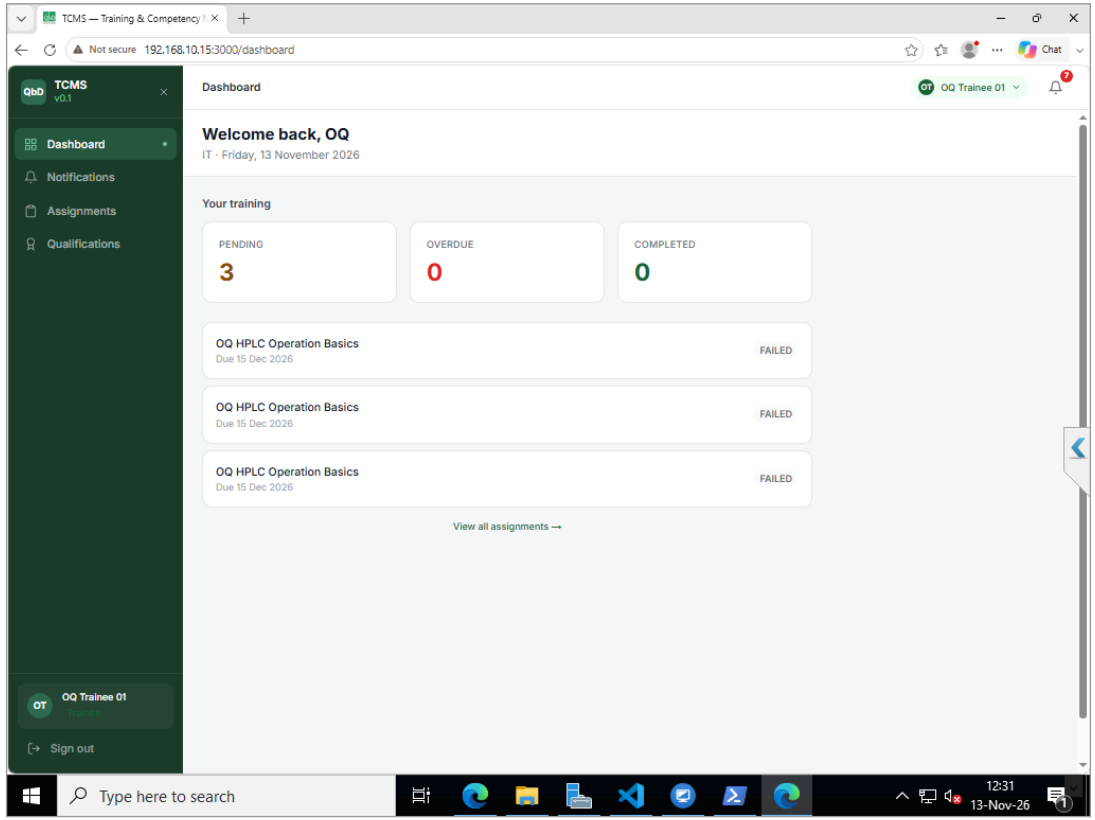
Test Objective :	To verify that the password policy is updated after electronic signature.			
Test Procedure :			Expected Result :	
In "Update password policy" window, type Reason / Justification (minimum 10 characters) & Password, then click on "Confirm action" button.			"Password policy updated." message should be displayed.	
Test ID : 8.1.2	Step No : 12.1	Attachment No. : 40	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 12:30



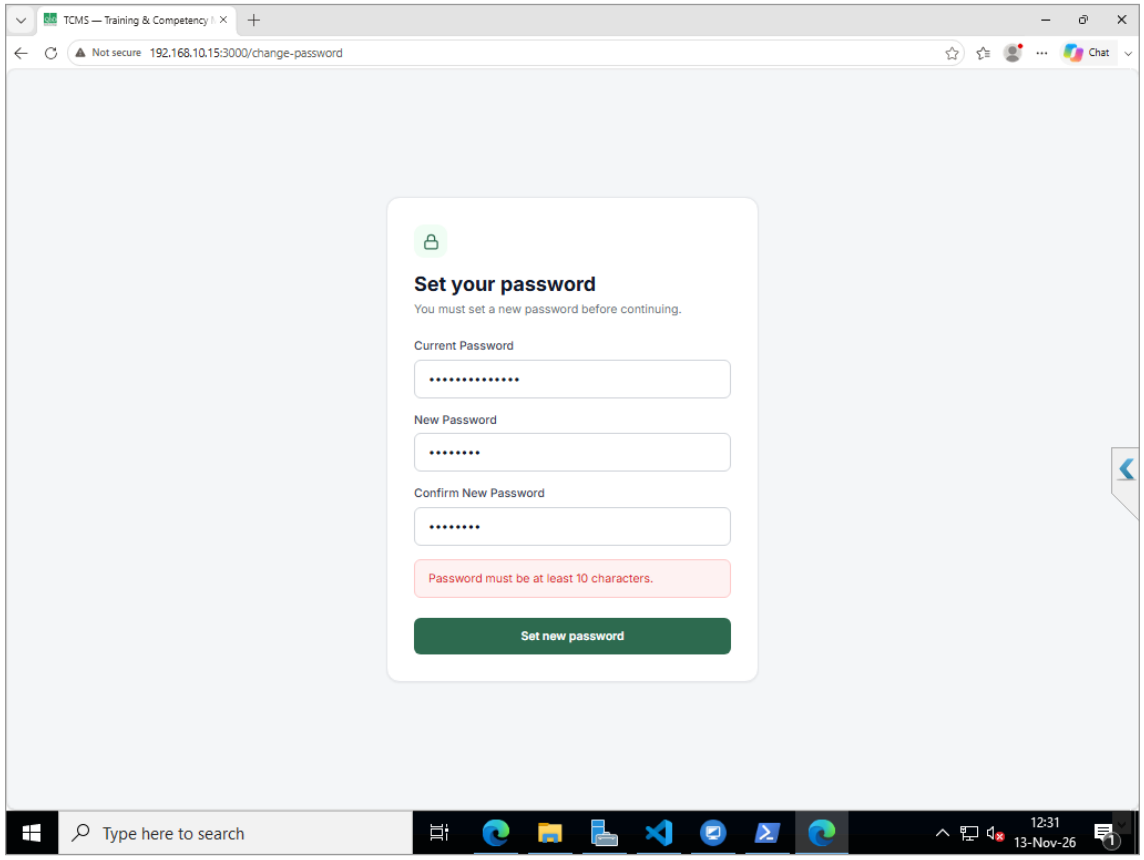
Test Objective :	To verify that the updated password policy values are saved.			
Test Procedure :			Expected Result :	
Refresh the Password Policy page.			Updated values Password Expiry Days = 60 & Minimum Password Length = 10 should be displayed.	
Test ID : 8.1.2	Step No : 13.1	Attachment No. : 41	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 12:30



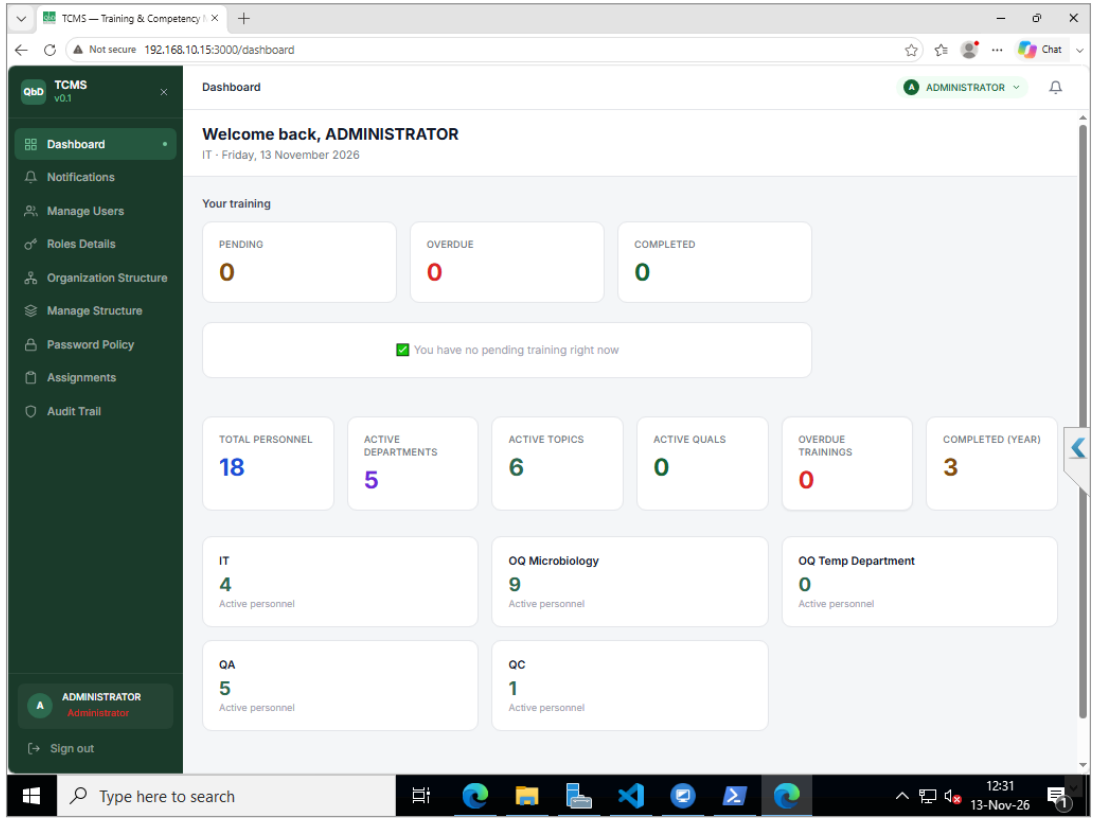
Test Objective :	To verify successful login with Trainee credentials and role-wise menu display.			
Test Procedure :			Expected Result :	
Sign out from the current user. Open TCMS application URL (http://192.168.10.15:3000) in Microsoft Edge. Type Employee ID / Password & click on Sign in button (with Trainee level privilege).			Dashboard should be displayed with the menus applicable to Trainee role.	
Test ID : 8.1.2	Step No : 14.1	Attachment No. : 42	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 12:31



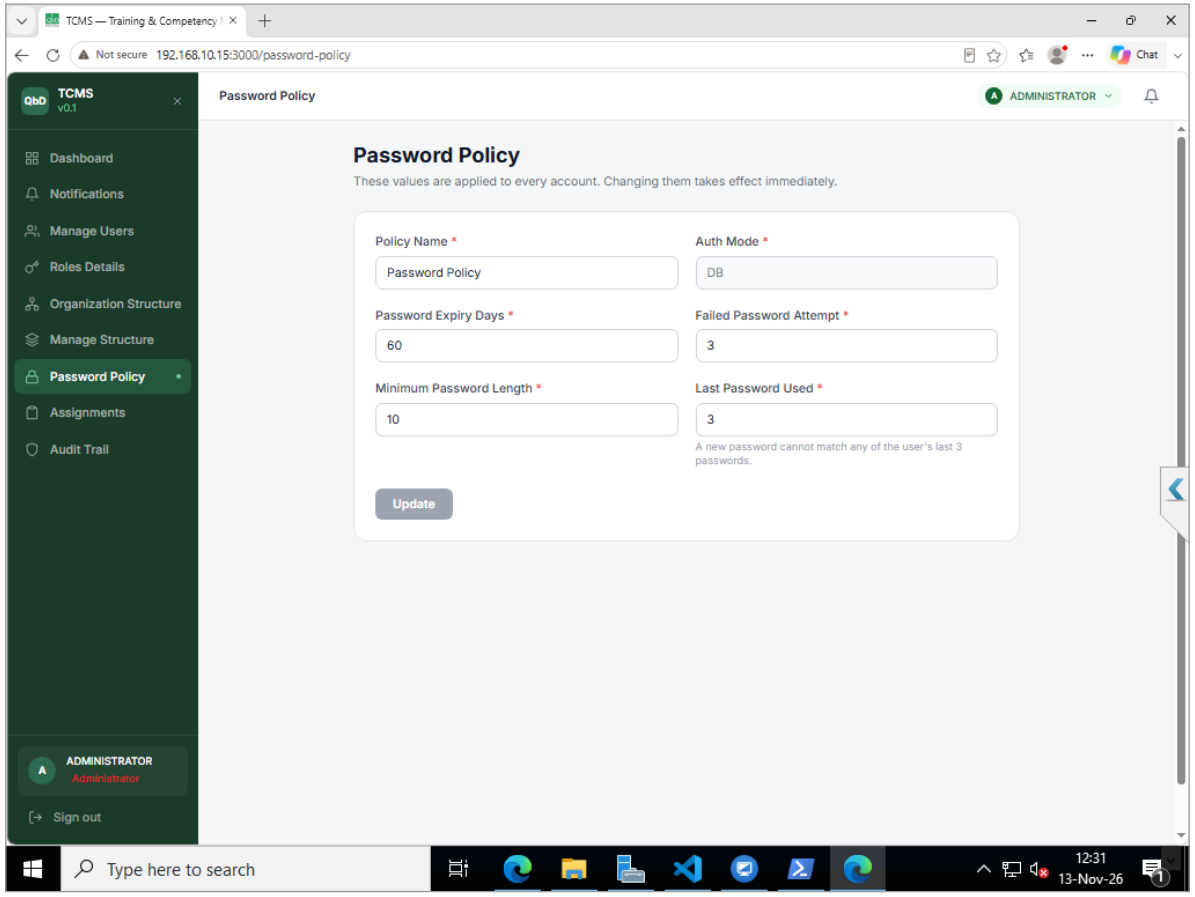
Test Objective :	To verify that the updated Minimum Password Length is enforced immediately.			
Test Procedure :			Expected Result :	
Click on "Change password" from the top bar & enter a new Password of 8 characters.			"Password must be at least 10 characters." message should be displayed.	
Test ID : 8.1.2	Step No : 15.1	Attachment No. : 43	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 12:31



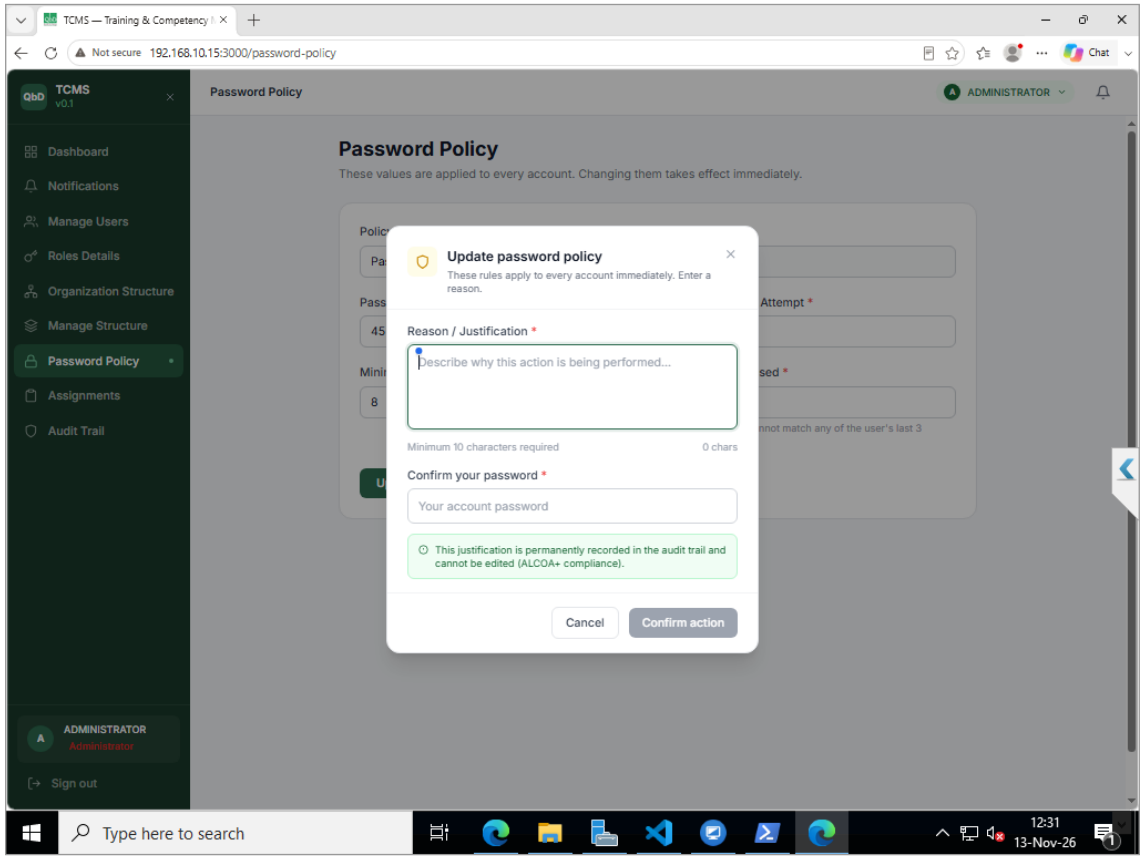
Test Objective :	To verify successful login with Administrator credentials and role-wise menu display.			
Test Procedure :			Expected Result :	
Sign out from the current user. Open TCMS application URL (http://192.168.10.15:3000) in Microsoft Edge. Type Employee ID / Password & click on Sign in button (with Administrator level privilege).			Dashboard should be displayed with the menus applicable to Administrator role.	
Test ID : 8.1.2	Step No : 16.1	Attachment No. : 44	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 12:31



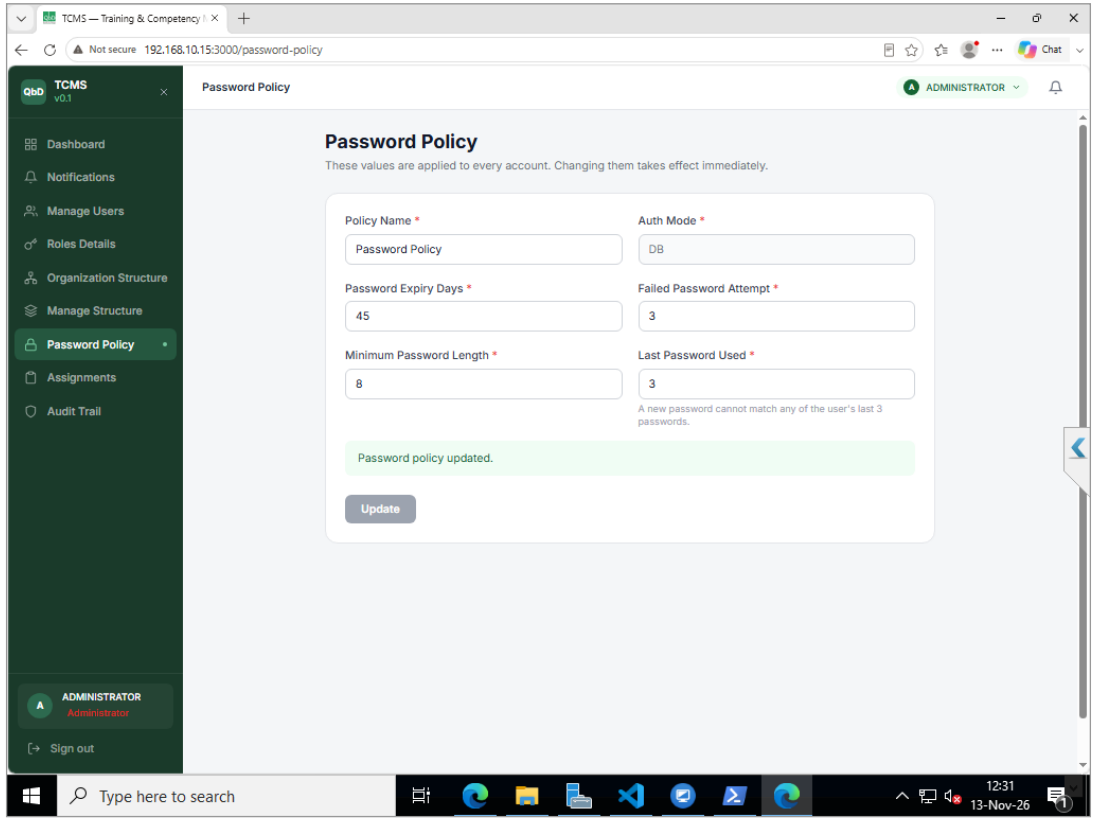
Test Objective :	To verify navigation to the Password Policy page.			
Test Procedure :			Expected Result :	
Click on "Password Policy" menu from the left panel.			Password Policy page should be displayed.	
Test ID : 8.1.2	Step No : 17.1	Attachment No. : 45	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 12:31



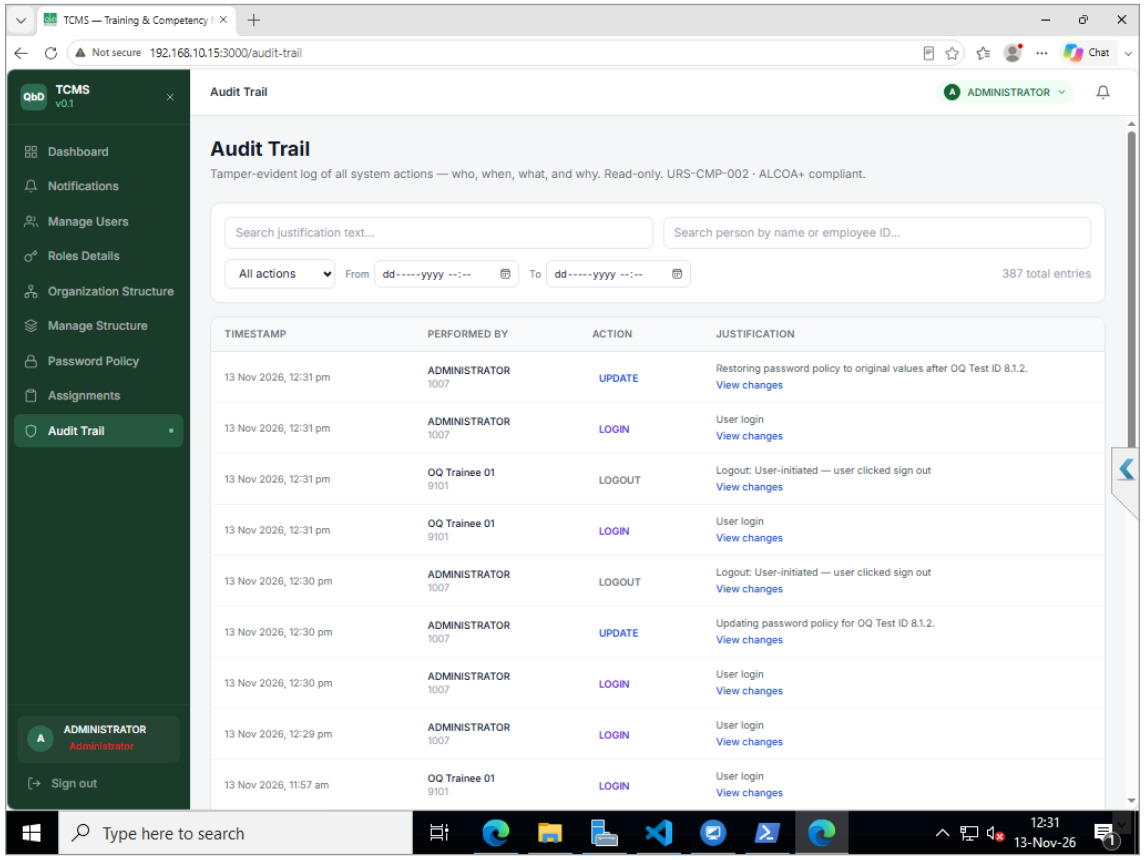
Test Objective :	To verify that the password policy can be restored to its original values.			
Test Procedure :			Expected Result :	
Restore the values (Password Expiry Days = 45, Minimum Password Length = 8) & click on Update button.			"Update password policy" window should be displayed.	
Test ID : 8.1.2	Step No : 18.1	Attachment No. : 46	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 12:31



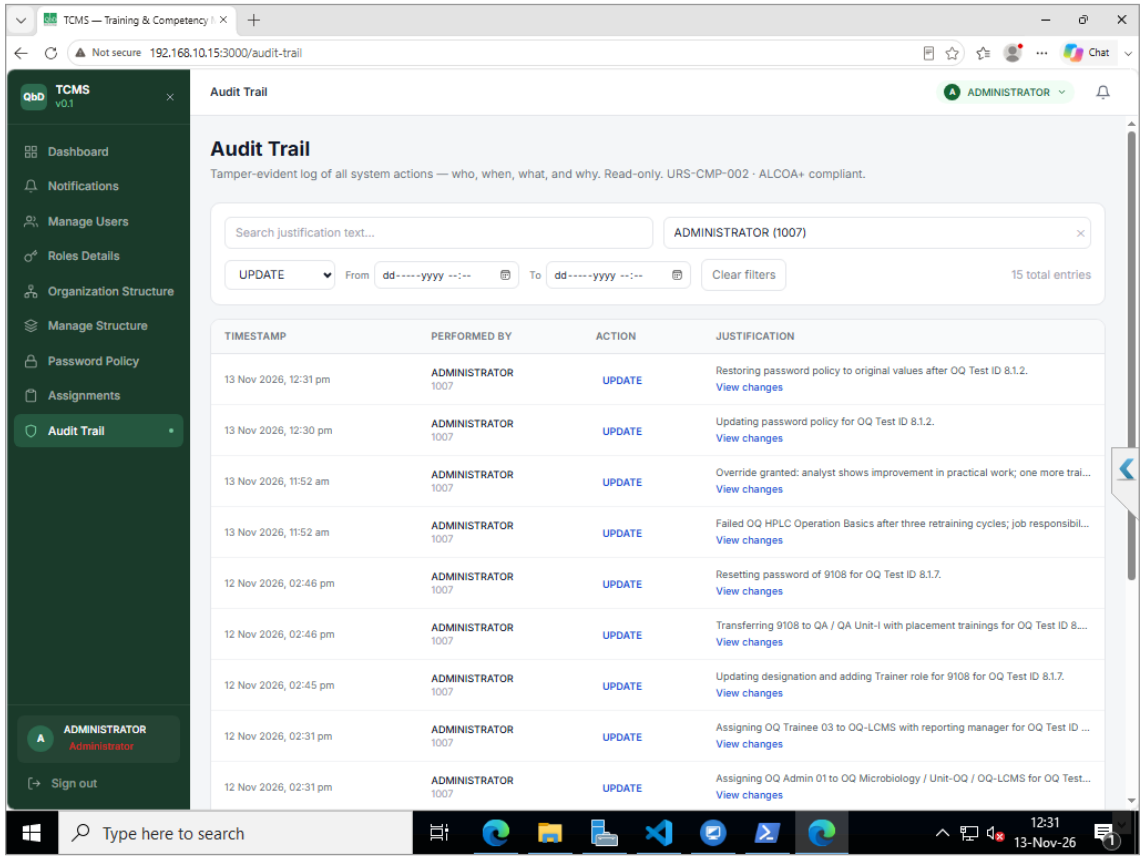
Test Objective :	To verify that the restored password policy is saved after electronic signature.			
Test Procedure :			Expected Result :	
In "Update password policy" window, type Reason / Justification (minimum 10 characters) & Password, then click on "Confirm action" button.			"Password policy updated." message should be displayed.	
Test ID : 8.1.2	Step No : 19.1	Attachment No. : 47	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 12:31



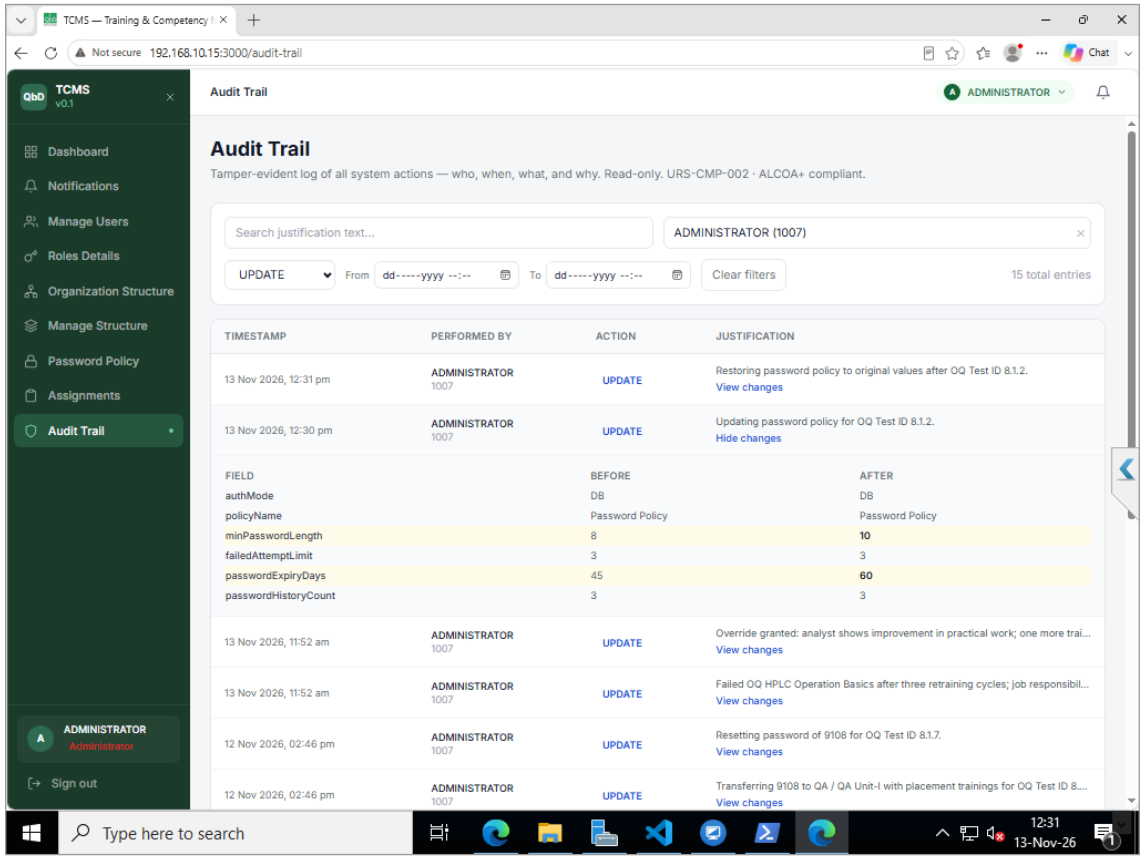
Test Objective :	To verify navigation to the Audit Trail page.			
Test Procedure :			Expected Result :	
Click on "Audit Trail" menu from the left panel.			Audit Trail page should be displayed with Timestamp, Performed By, Action & Justification columns.	
Test ID : 8.1.2	Step No : 20.1	Attachment No. : 48	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 12:31



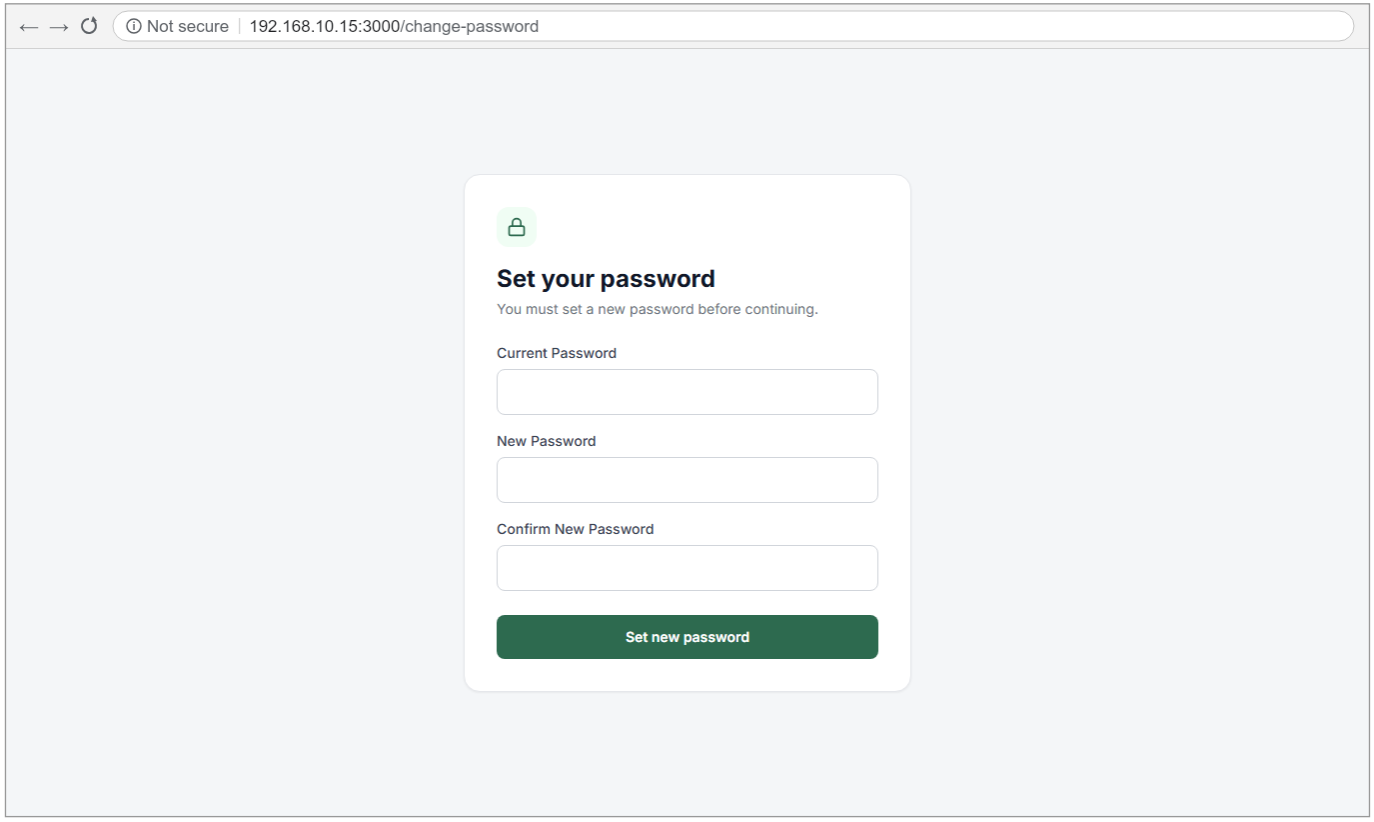
Test Objective :	To verify filtering of the audit trail by user and action (UPDATE).			
Test Procedure :			Expected Result :	
Search the performing user by name / Employee ID & select "UPDATE" from the All actions drop-down.			Audit log entries should be filtered for the selected user and action.	
Test ID : 8.1.2	Step No : 21.1	Attachment No. : 49	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 12:31



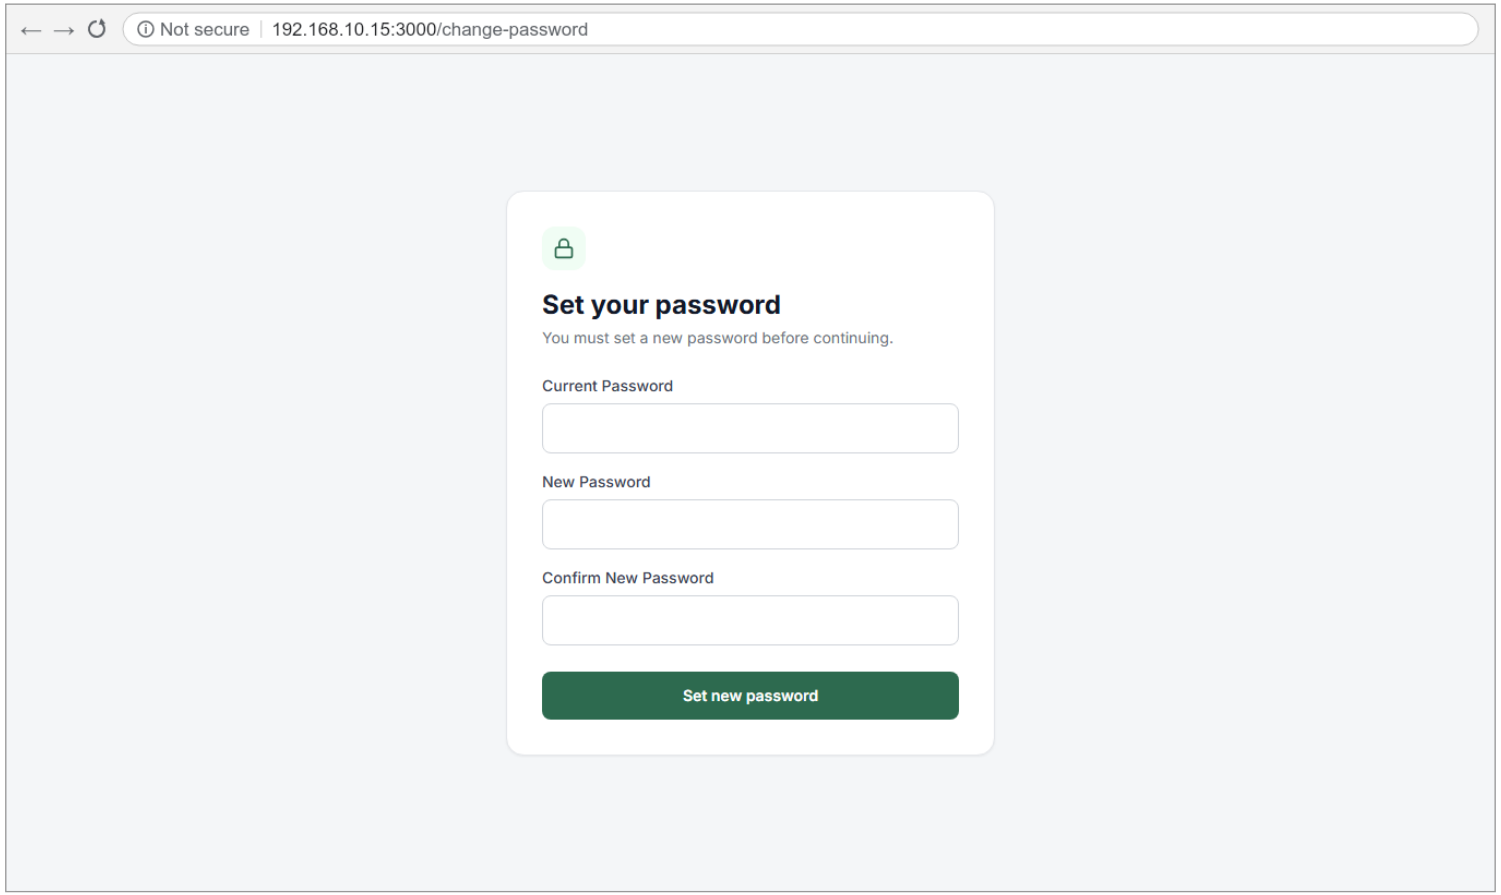
Test Objective :	To verify that the audit trail records password policy update with before and after values.			
Test Procedure :			Expected Result :	
Verify the audit trail entry for password policy update & click on View changes.			Entry should show Timestamp (dd MMM yyyy, hh:mm am/pm), Performed By, Action = UPDATE, Justification & before / after values of the changed fields.	
Test ID : 8.1.2	Step No : 22.1	Attachment No. : 50	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 12:31



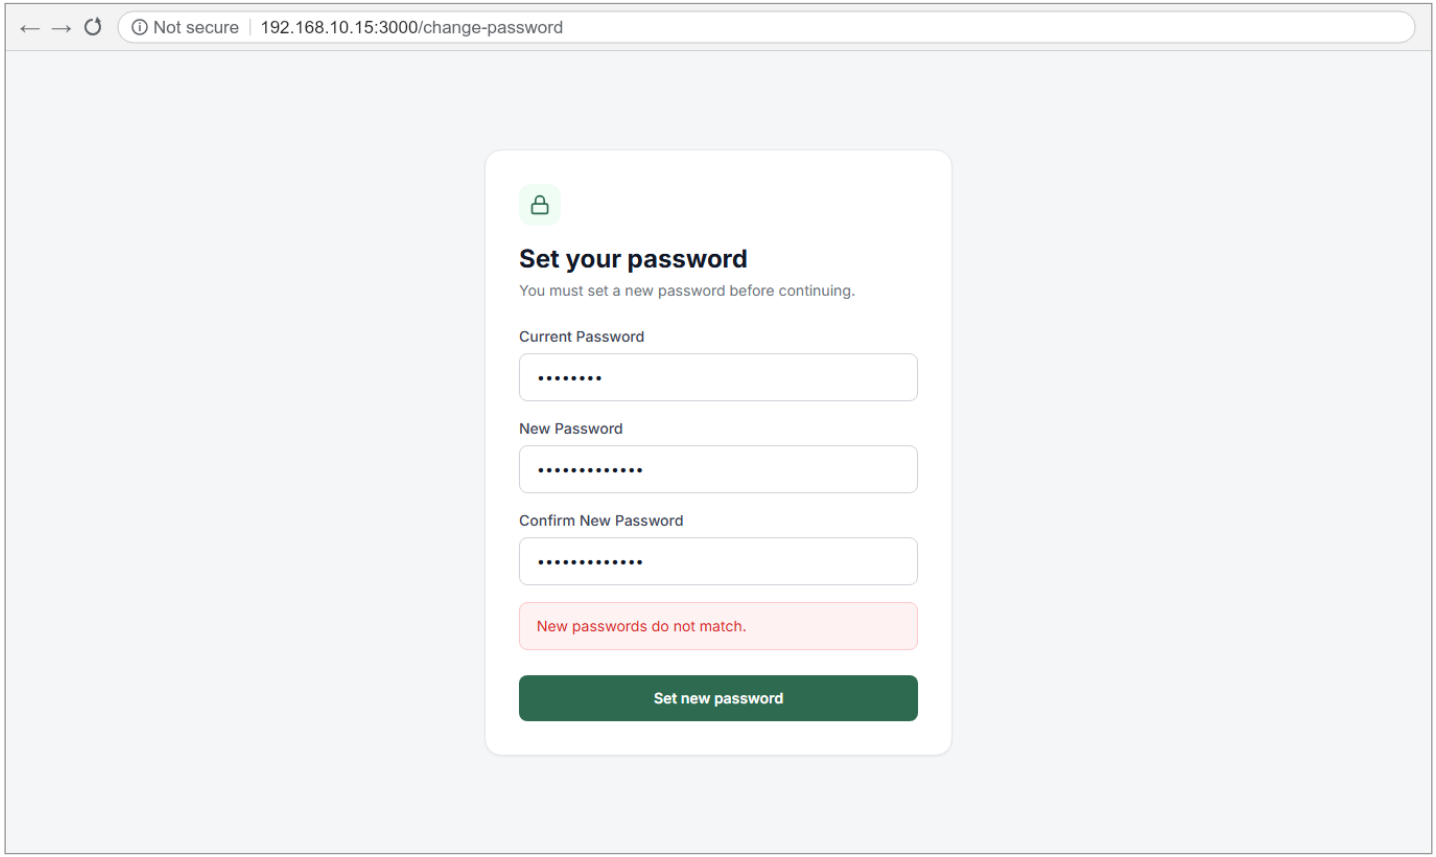
Test Objective :	To verify that a new user is forced to change the temporary password at first login.			
Test Procedure :			Expected Result :	
Open TCMS application URL (http://192.168.10.15:3000) in Microsoft Edge. Type Employee ID / temporary Password of a newly created user & click on Sign in button.			"Set your password" page should be displayed with "You must set a new password before continuing."	
Test ID : 8.1.3	Step No : 1.1	Attachment No. : 51	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:09



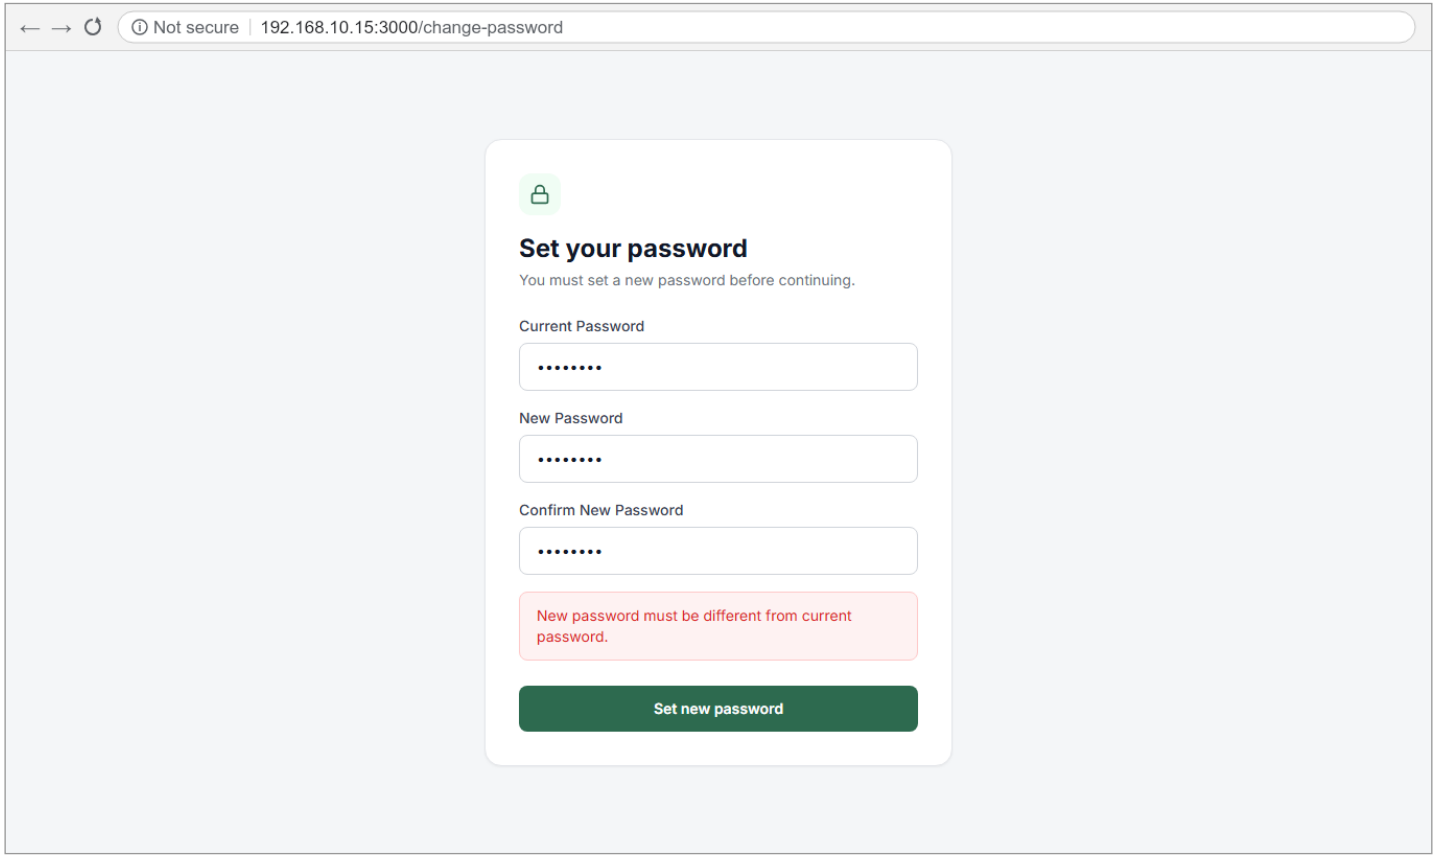
Test Objective :	To verify that application pages cannot be accessed before the temporary password is changed.			
Test Procedure :			Expected Result :	
Try to open the Dashboard URL directly in the browser address bar.			User should be redirected back to the "Set your password" page.	
Test ID : 8.1.3	Step No : 2.1	Attachment No. : 52	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:09



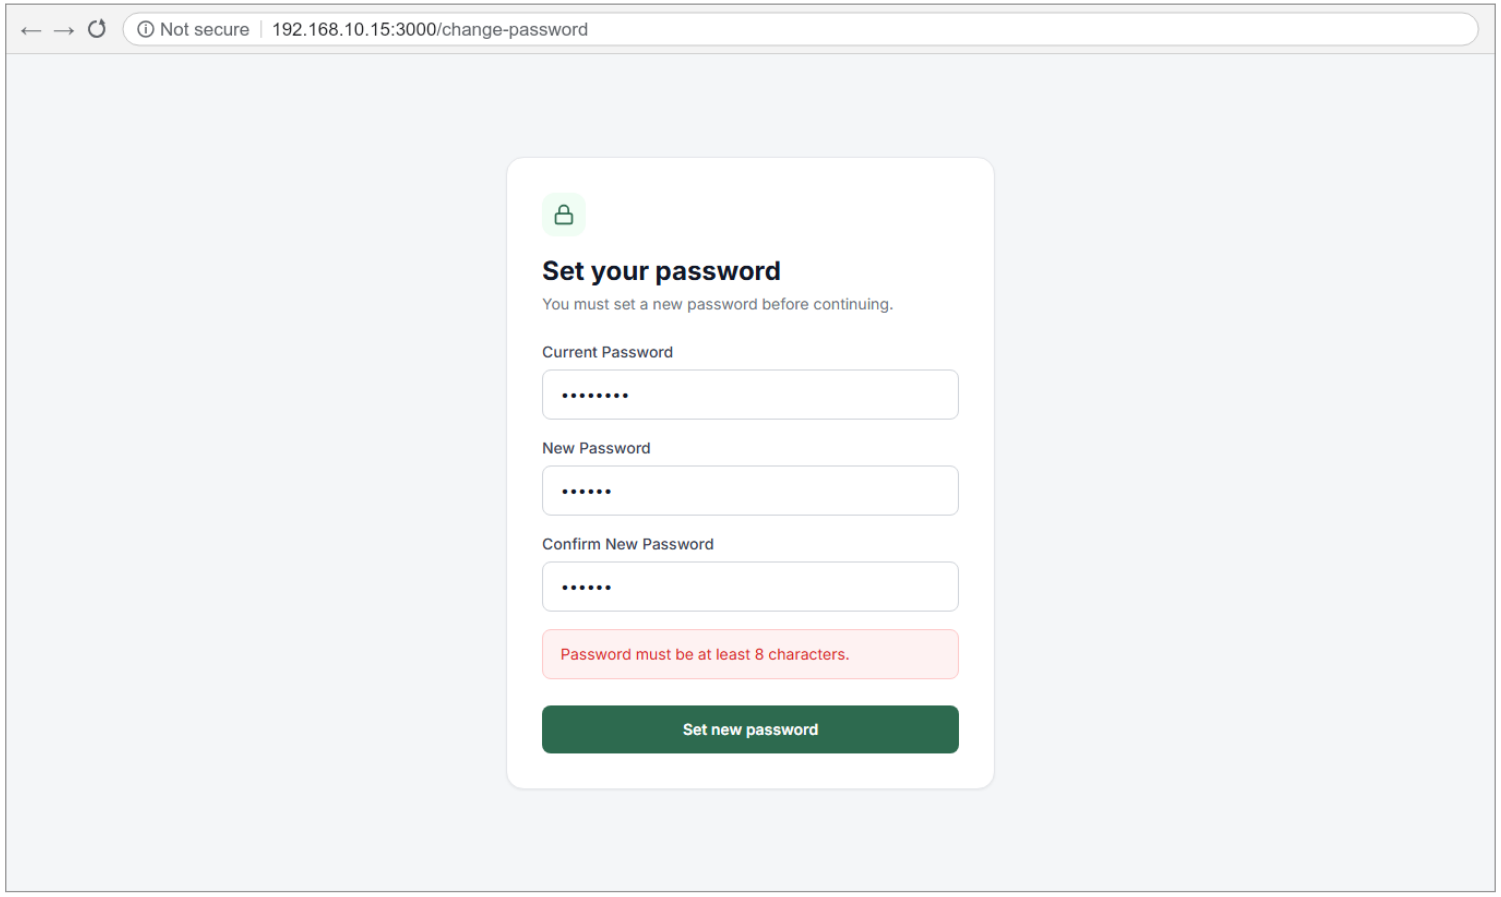
Test Objective :	To verify the New Password and Confirm New Password match validation.			
Test Procedure :			Expected Result :	
Enter Current Password, New Password & a different Confirm New Password, then click on Set new password.			"New passwords do not match." message should be displayed.	
Test ID : 8.1.3	Step No : 3.1	Attachment No. : 53	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:09



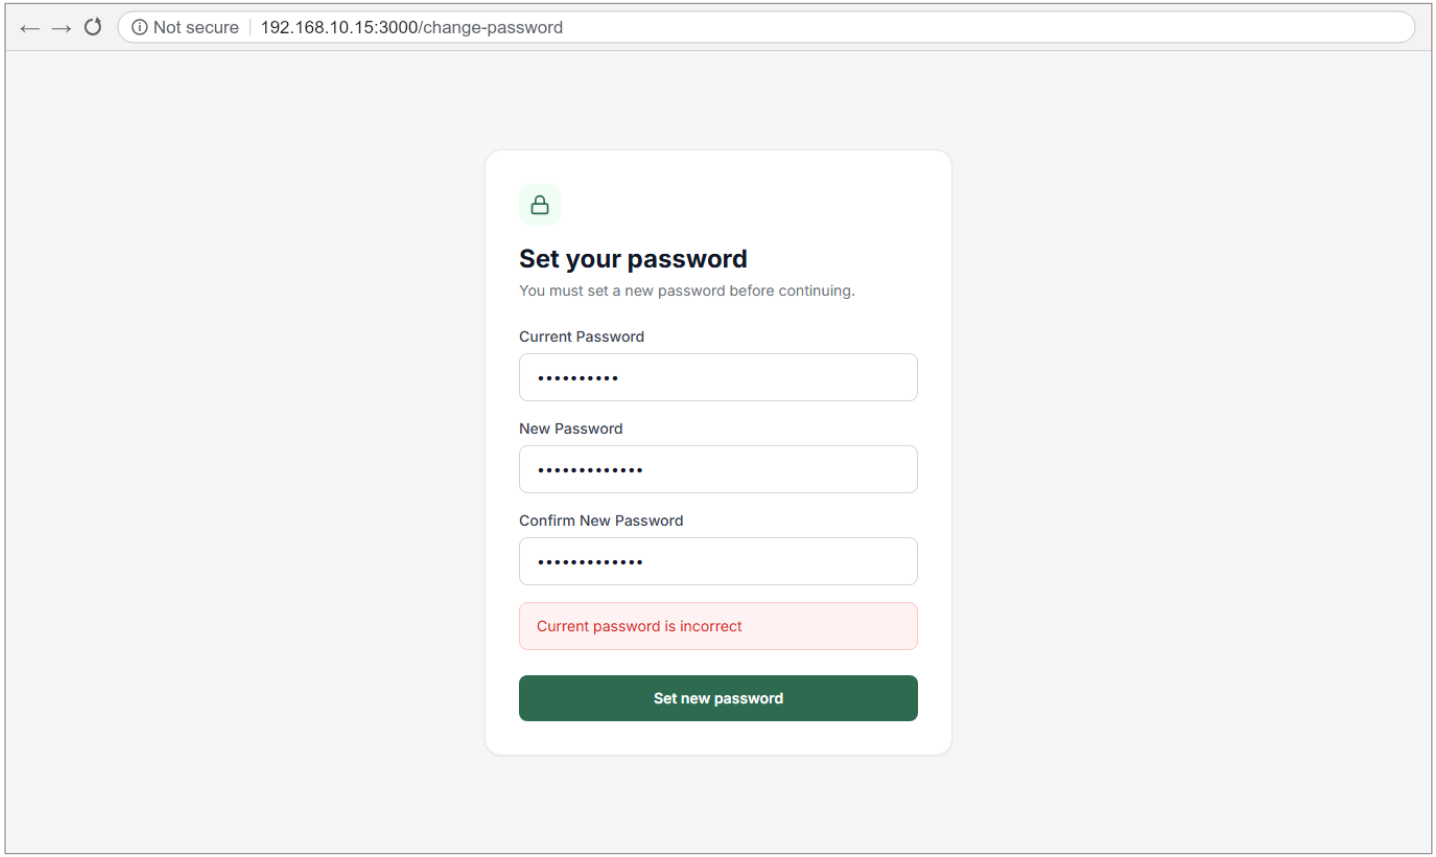
Test Objective :	To verify that the new password must differ from the current password.			
Test Procedure :			Expected Result :	
Enter the same value in Current Password and New Password fields & click on Set new password.			"New password must be different from current password." message should be displayed.	
Test ID : 8.1.3	Step No : 4.1	Attachment No. : 54	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:09



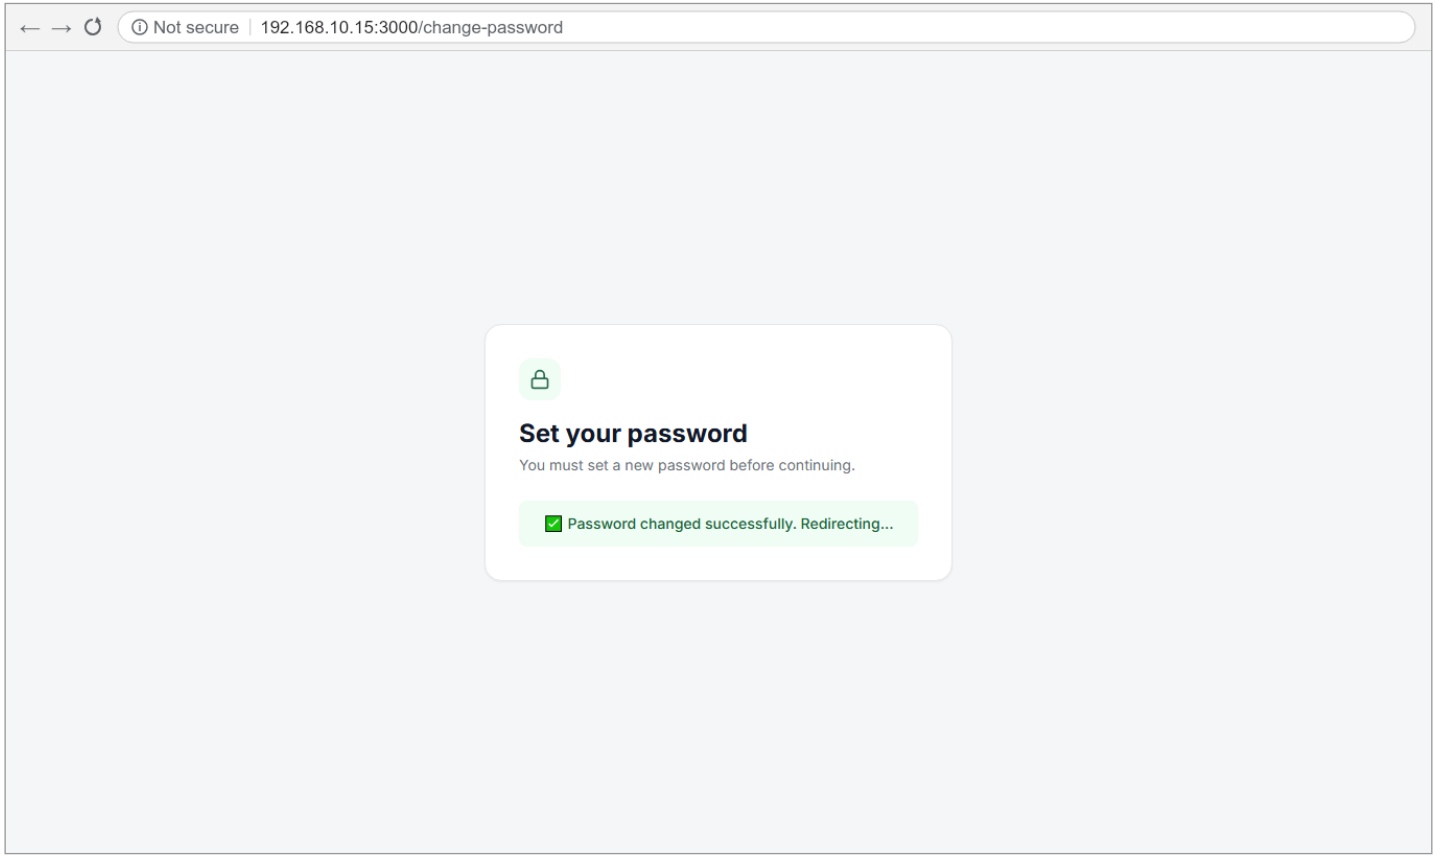
Test Objective :	To verify the minimum password length validation on password change.			
Test Procedure :			Expected Result :	
Enter New Password with less than 8 characters & click on Set new password.			"Password must be at least 8 characters." message should be displayed.	
Test ID : 8.1.3	Step No : 5.1	Attachment No. : 55	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:09



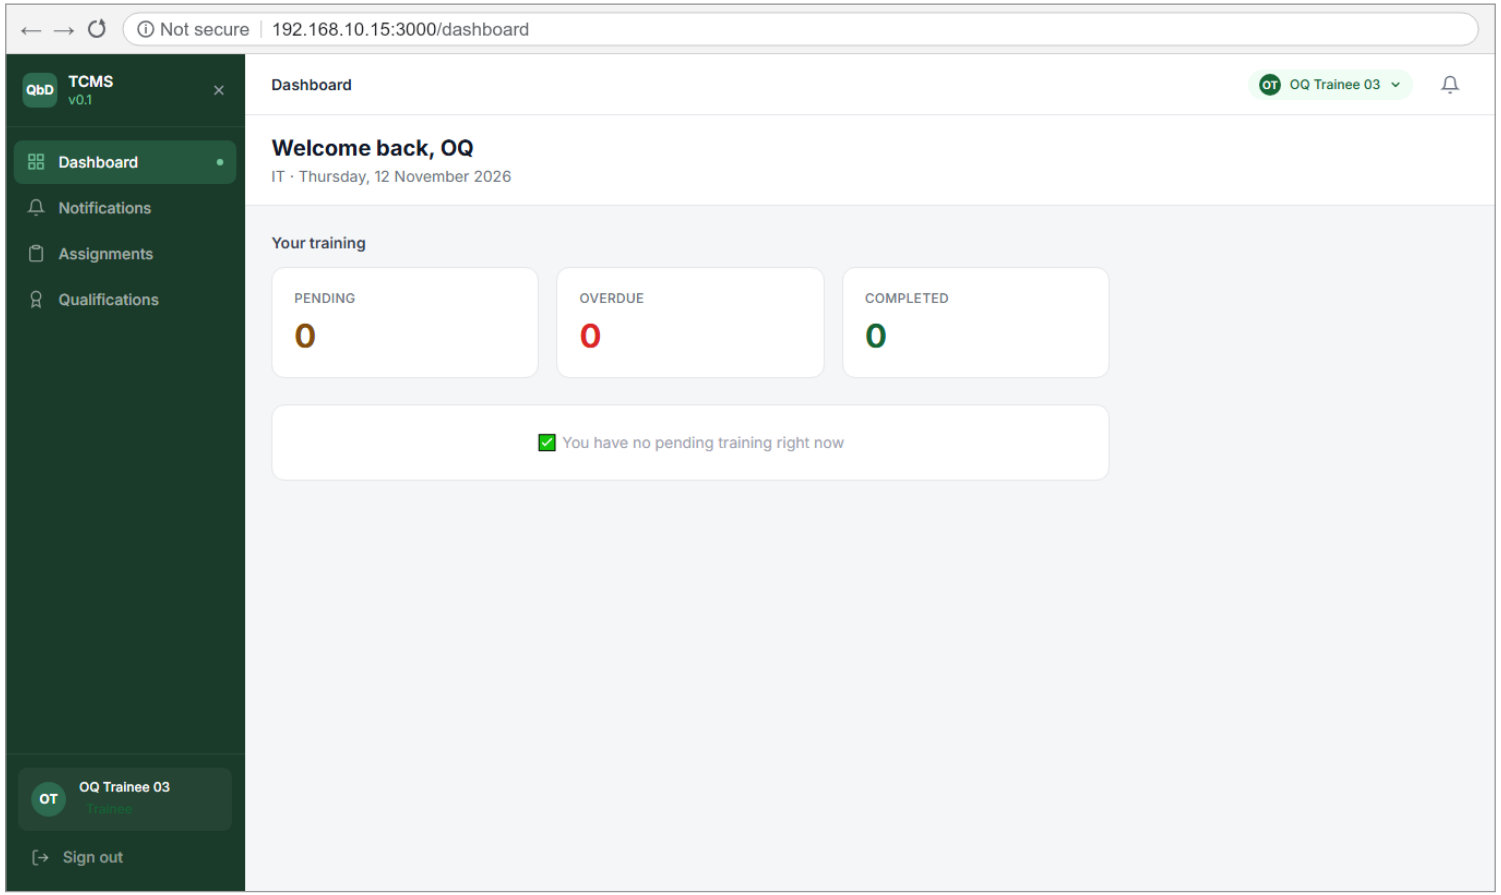
Test Objective :	To verify that password change is rejected with an incorrect current password.			
Test Procedure :			Expected Result :	
Enter an incorrect Current Password with valid New Password & click on Set new password.			"Current password is incorrect" message should be displayed.	
Test ID : 8.1.3	Step No : 6.1	Attachment No. : 56	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:09



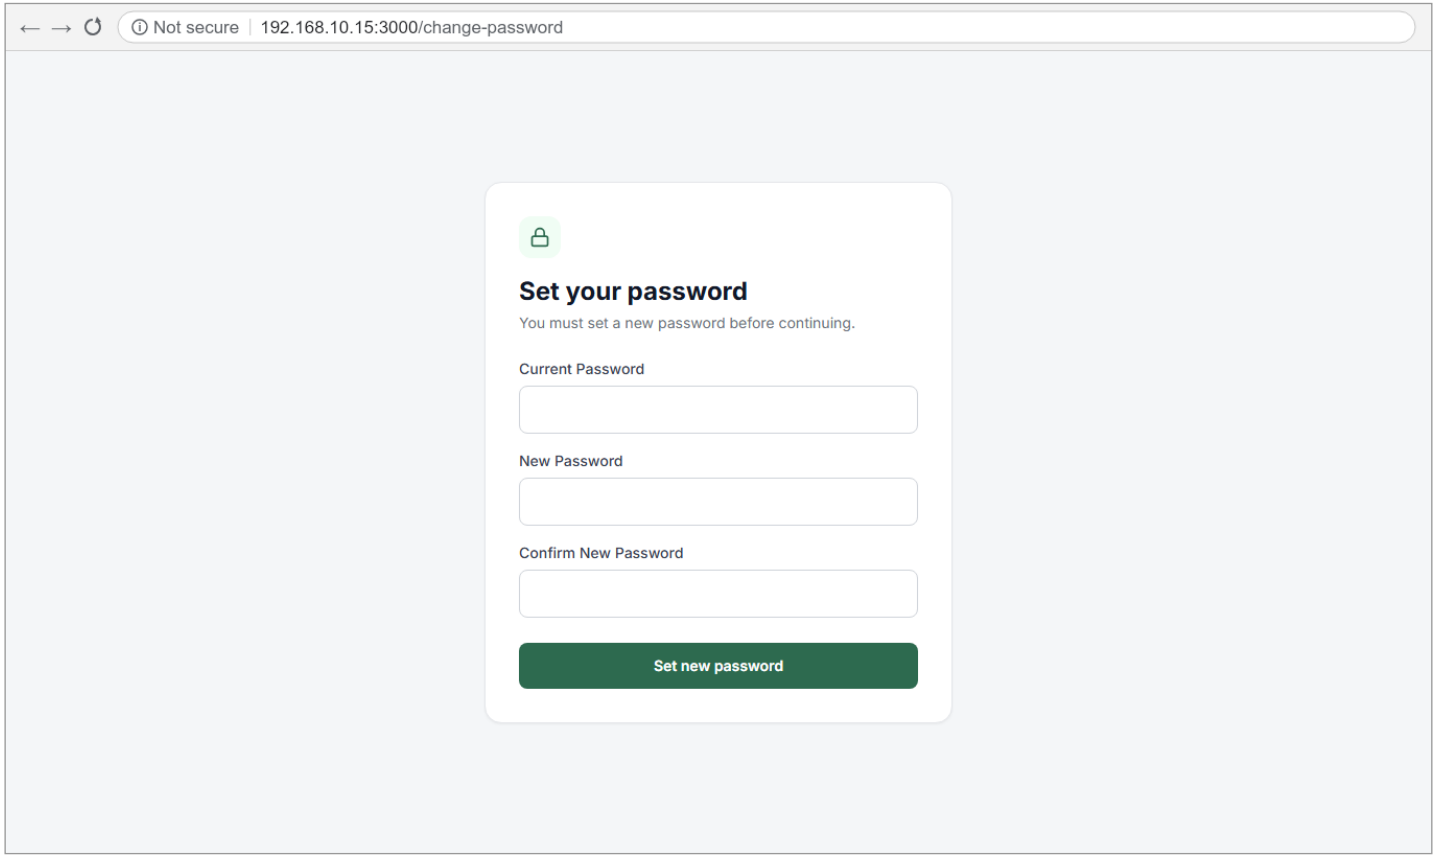
Test Objective :	To verify successful first-login password change.			
Test Procedure :			Expected Result :	
Enter valid Current Password, New Password & Confirm New Password, then click on Set new password.			"Password changed successfully. Redirecting..." message should be displayed & Login page should be displayed.	
Test ID : 8.1.3	Step No : 7.1	Attachment No. : 57	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:09



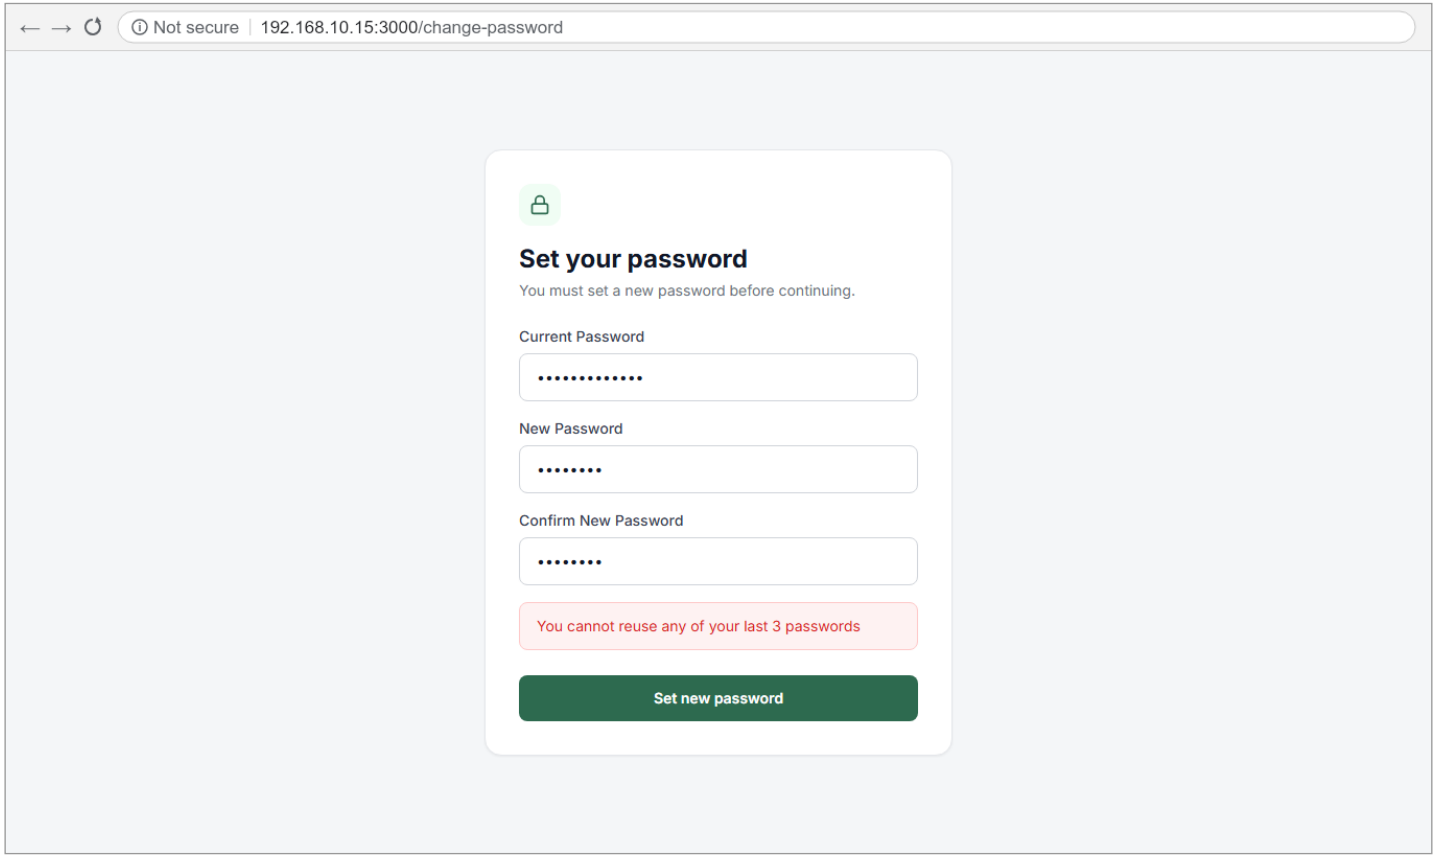
Test Objective :	To verify login with the newly set password.			
Test Procedure :			Expected Result :	
Sign out from the current user. Login with the new password.			Dashboard should be displayed.	
Test ID : 8.1.3	Step No : 8.1	Attachment No. : 58	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:09



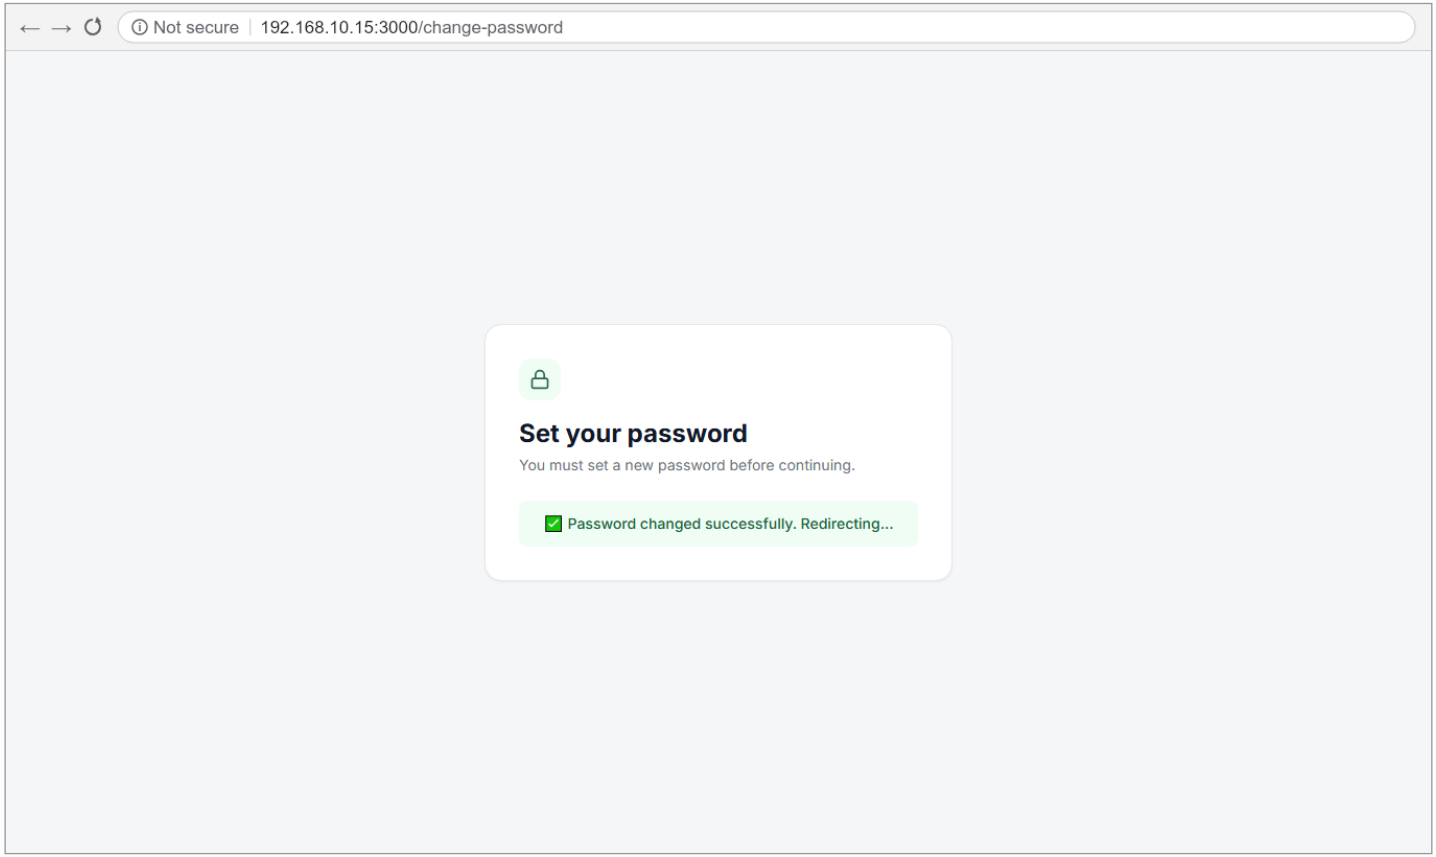
Test Objective :	To verify navigation to the Change password page from the top bar.			
Test Procedure :			Expected Result :	
Click on "Change password" from the top bar.			Change password page should be displayed with Current Password, New Password & Confirm New Password.	
Test ID : 8.1.3	Step No : 9.1	Attachment No. : 59	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:09



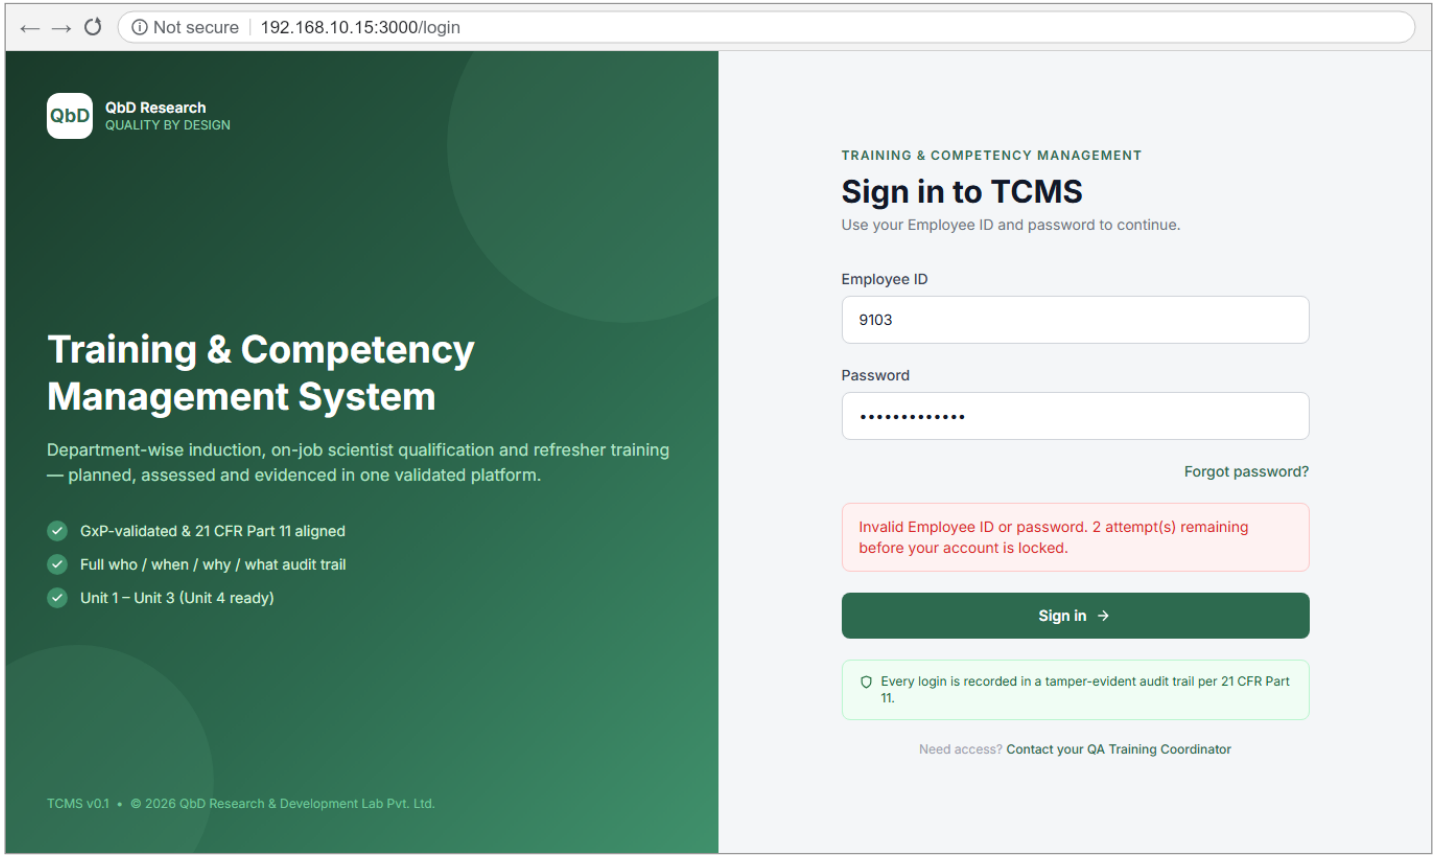
Test Objective :	To verify that the last 3 passwords cannot be reused.			
Test Procedure :			Expected Result :	
Enter the temporary (previous) password as New Password & click on Set new password.			"You cannot reuse any of your last 3 passwords" message should be displayed.	
Test ID : 8.1.3	Step No : 10.1	Attachment No. : 60	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:09



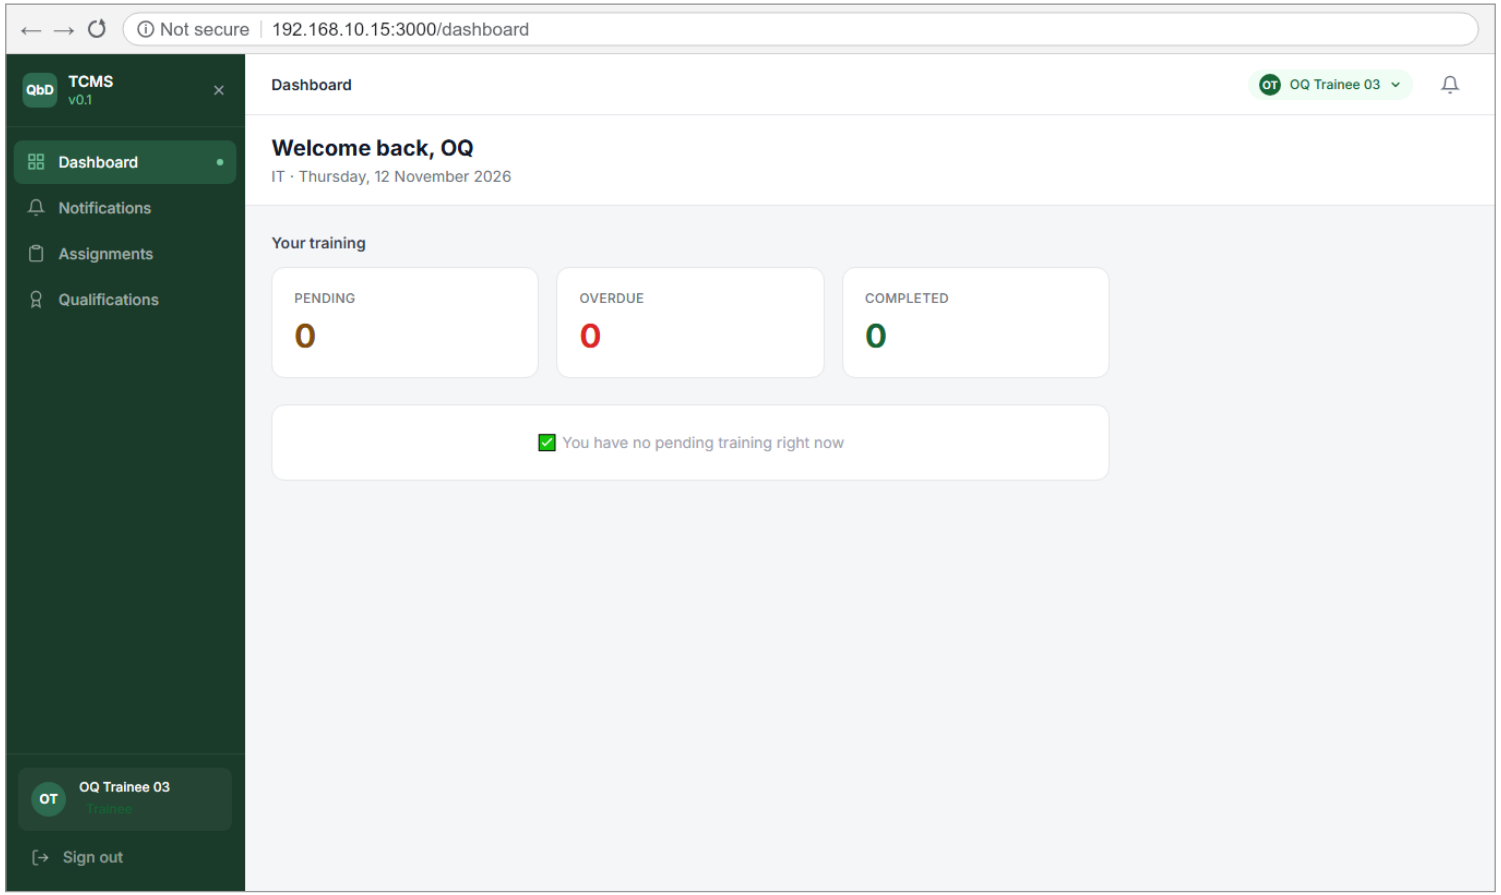
Test Objective :	To verify successful password change from the top bar.			
Test Procedure :			Expected Result :	
Enter a new unused password as New Password & Confirm New Password & click on Set new password.			"Password changed successfully. Redirecting..." message should be displayed.	
Test ID : 8.1.3	Step No : 11.1	Attachment No. : 61	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:09



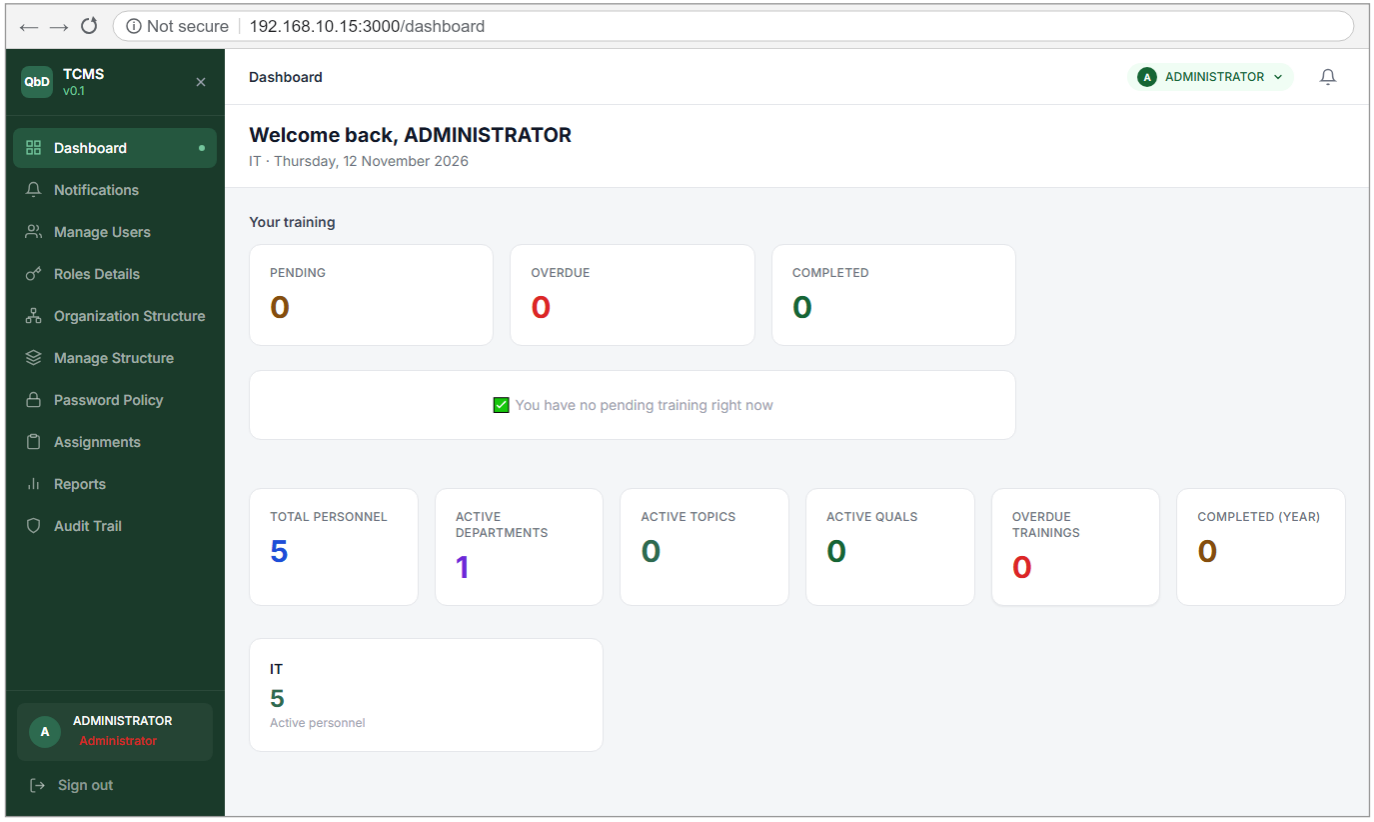
Test Objective :	To verify that the old password is no longer valid after change.			
Test Procedure :			Expected Result :	
Sign out from the current user. Login with the old password.			"Invalid Employee ID or password" message with remaining attempts should be displayed.	
Test ID : 8.1.3	Step No : 12.1	Attachment No. : 62	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:09



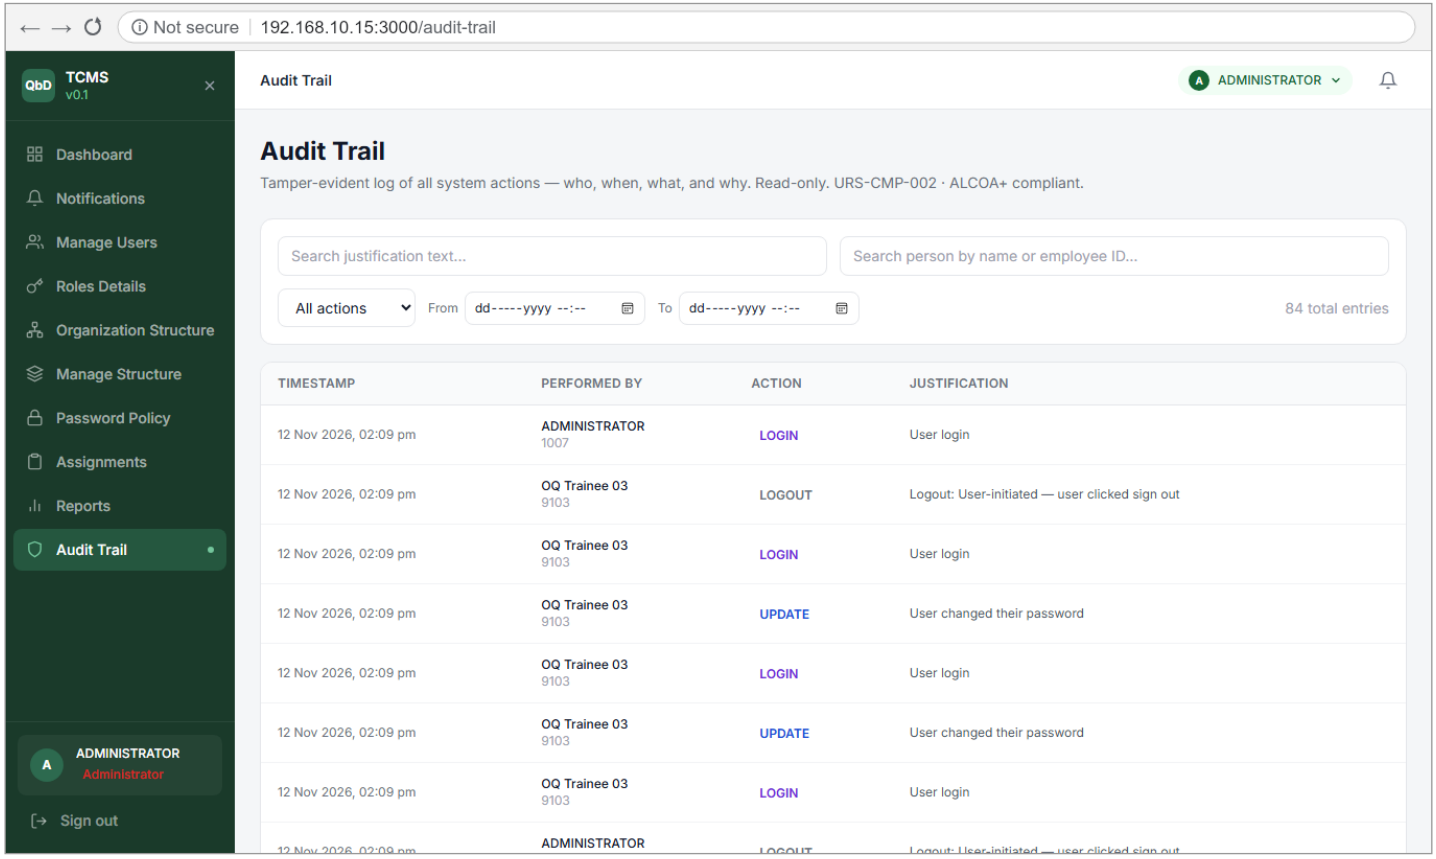
Test Objective :	To verify login with the latest password.			
Test Procedure :			Expected Result :	
Login with the latest password.			Dashboard should be displayed.	
Test ID : 8.1.3	Step No : 13.1	Attachment No. : 63	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:09



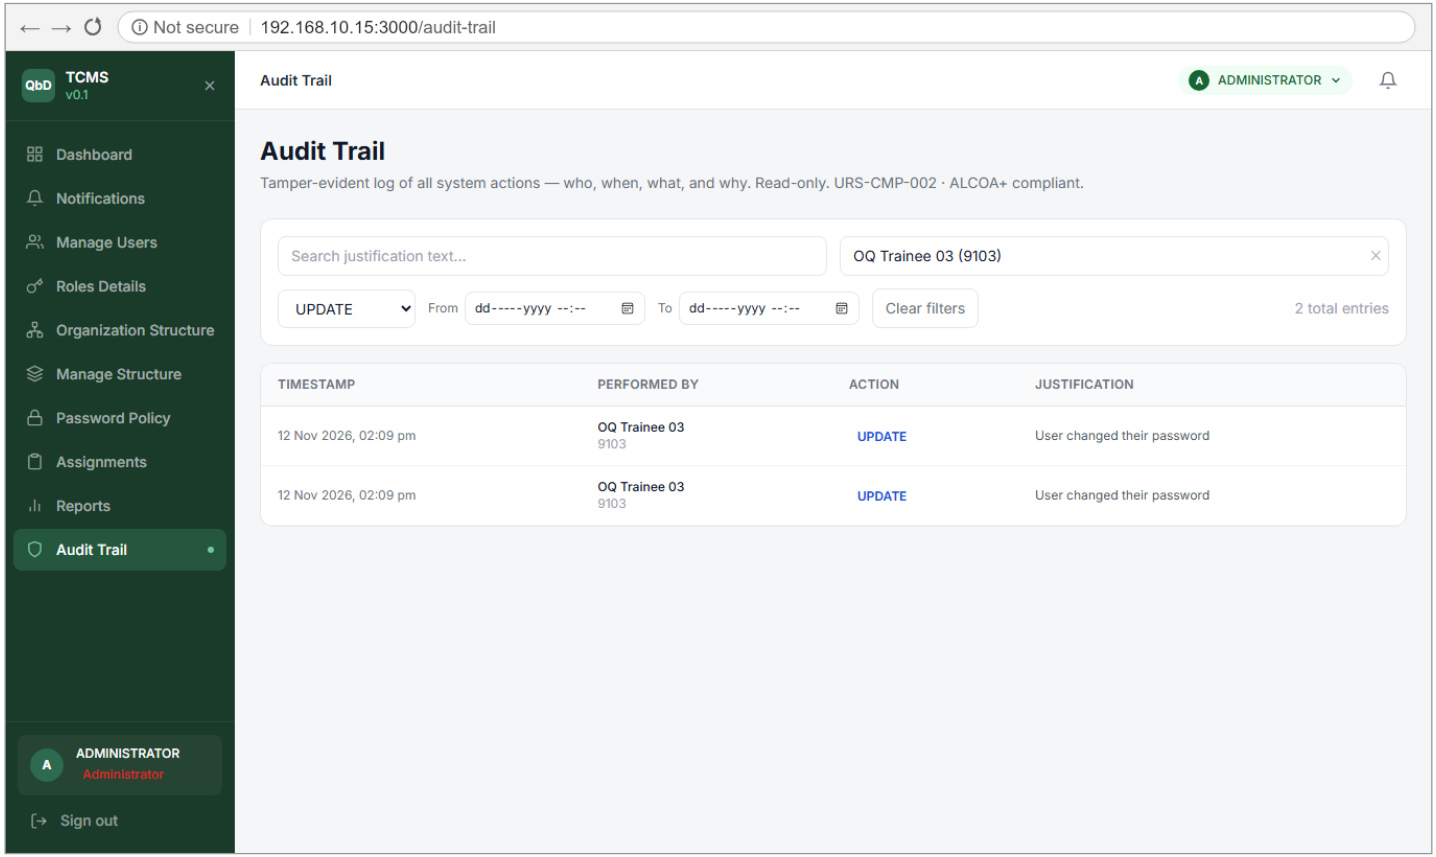
Test Objective :	To verify successful login with Administrator credentials and role-wise menu display.			
Test Procedure :			**Expected Result :**	
Sign out from the current user. Open TCMS application URL (http://192.168.10.15:3000) in Microsoft Edge. Type Employee ID / Password & click on Sign in button (with Administrator level privilege).			Dashboard should be displayed with the menus applicable to Administrator role.	
Test ID : 8.1.3	Step No : 14.1	Attachment No. : 64	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:09



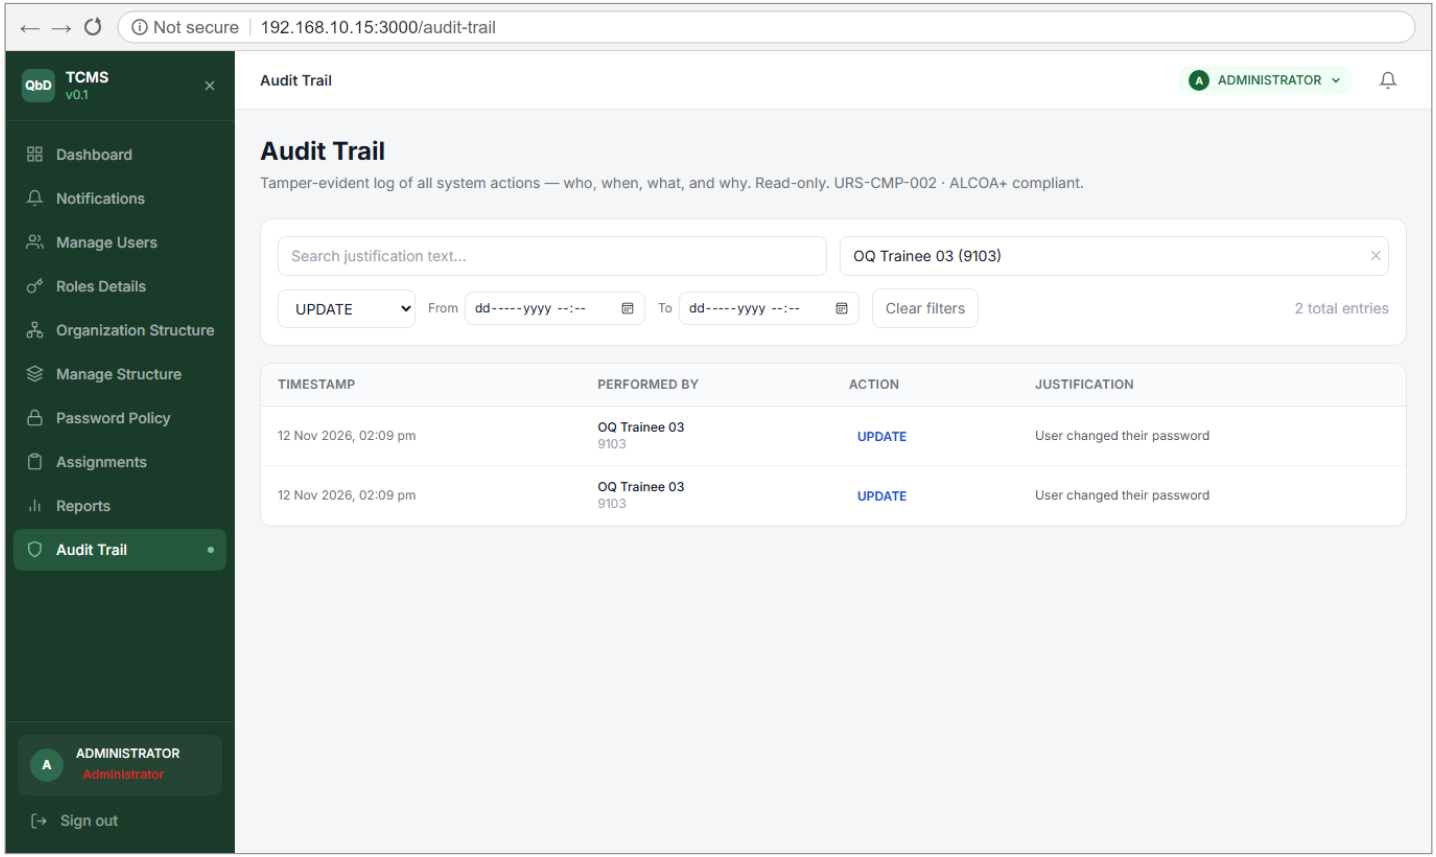
Test Objective :	To verify navigation to the Audit Trail page.			
Test Procedure :			**Expected Result :**	
Click on "Audit Trail" menu from the left panel.			Audit Trail page should be displayed with Timestamp, Performed By, Action & Justification columns.	
Test ID : 8.1.3	Step No : 15.1	Attachment No. : 65	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:09



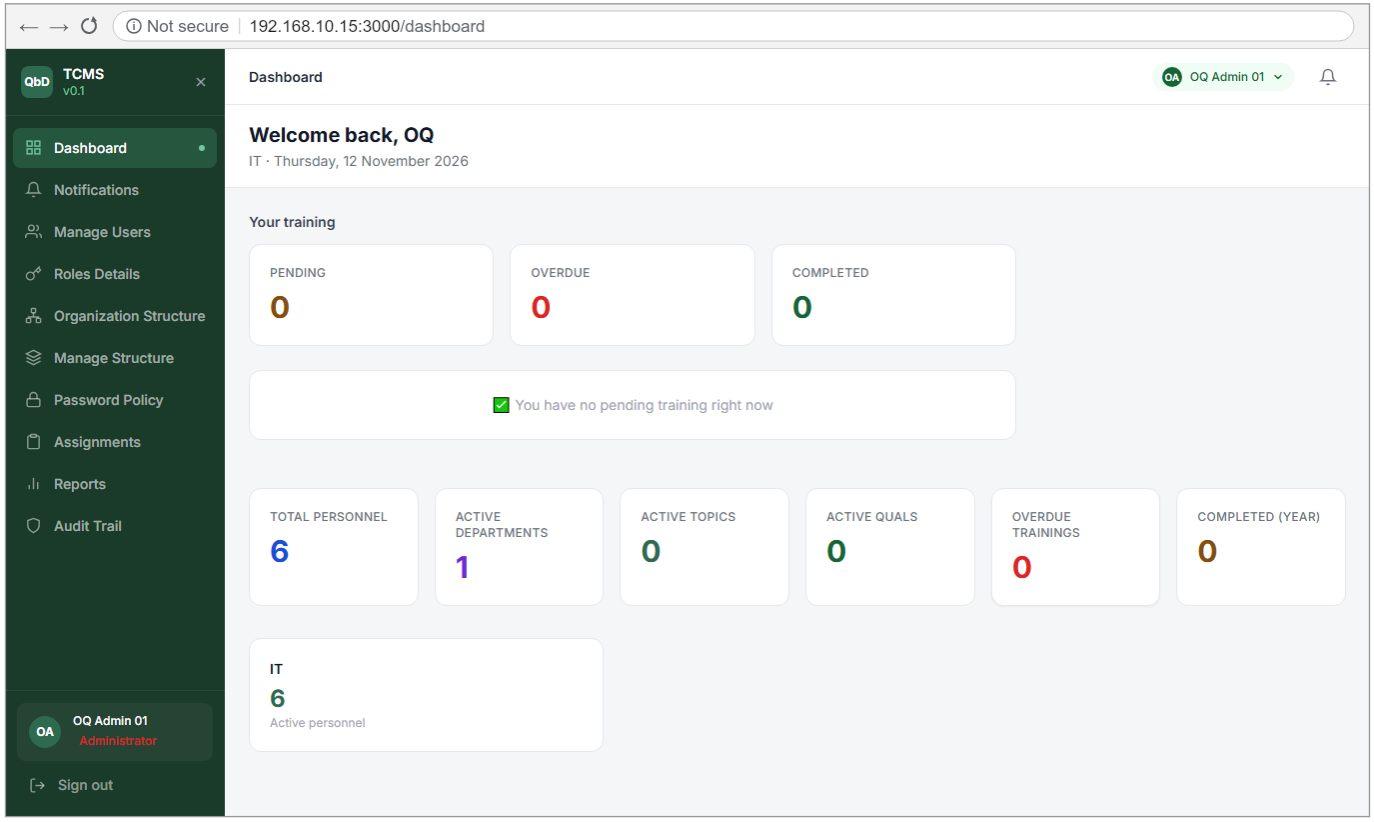
Test Objective :	To verify filtering of the audit trail by user and action (UPDATE).			
Test Procedure :			Expected Result :	
Search the performing user by name / Employee ID & select "UPDATE" from the All actions drop-down.			Audit log entries should be filtered for the selected user and action.	
Test ID : 8.1.3	Step No : 16.1	Attachment No. : 66	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:10



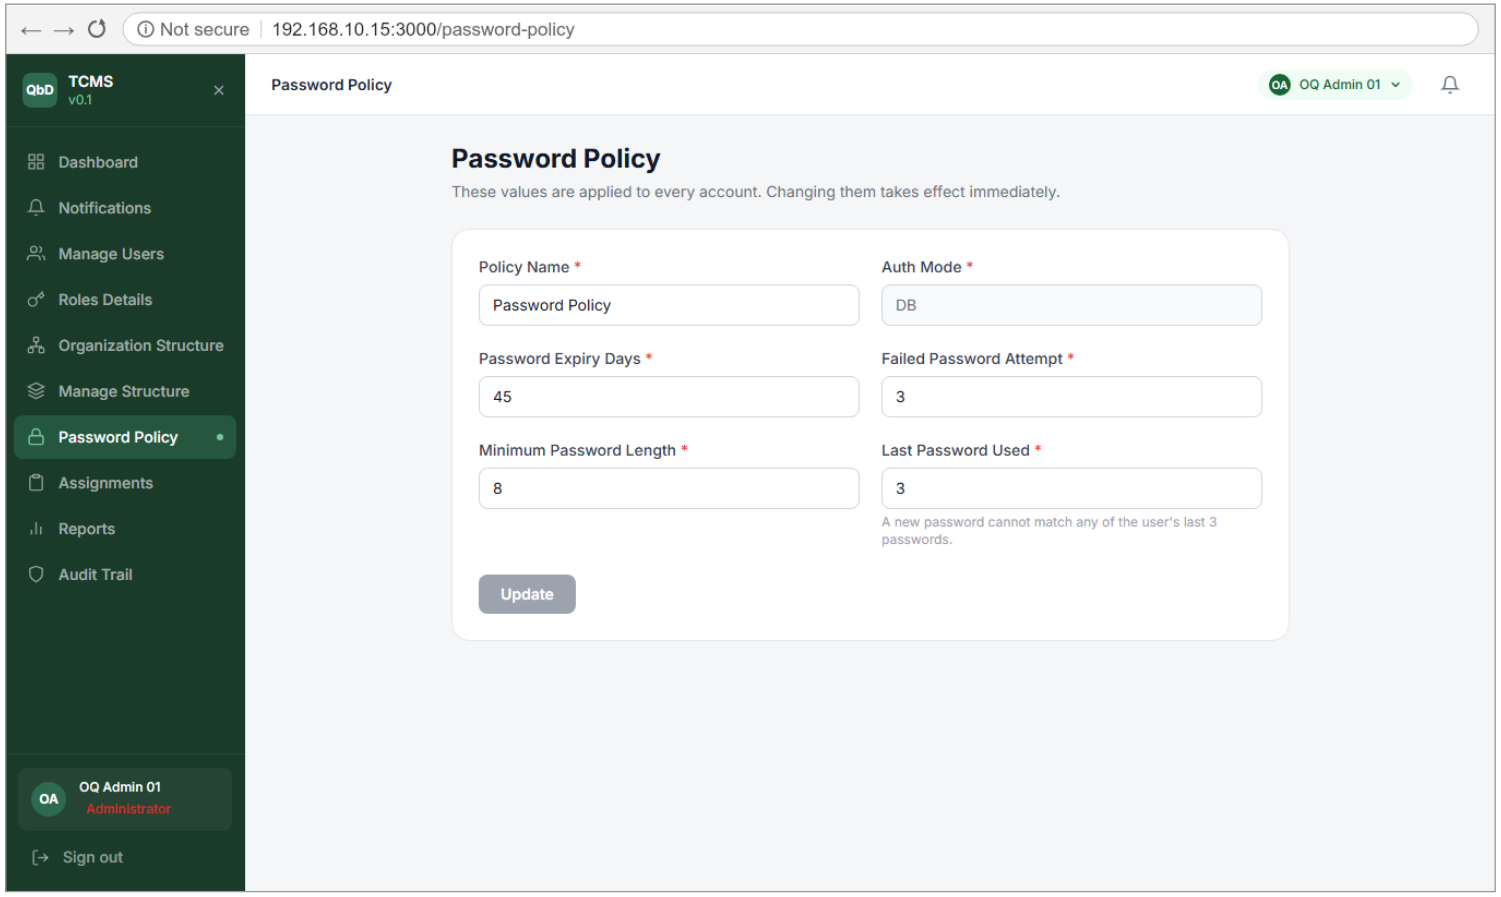
Test Objective :	To verify that the audit trail records password change of the user.			
Test Procedure :			Expected Result :	
Verify the audit trail entry for password change of the user.			Audit entry should display Timestamp (dd MMM yyyy, hh:mm am/pm), Performed By (name & Employee ID), Action = UPDATE & Justification "User changed their password".	
Test ID : 8.1.3	Step No : 17.1	Attachment No. : 67	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:10



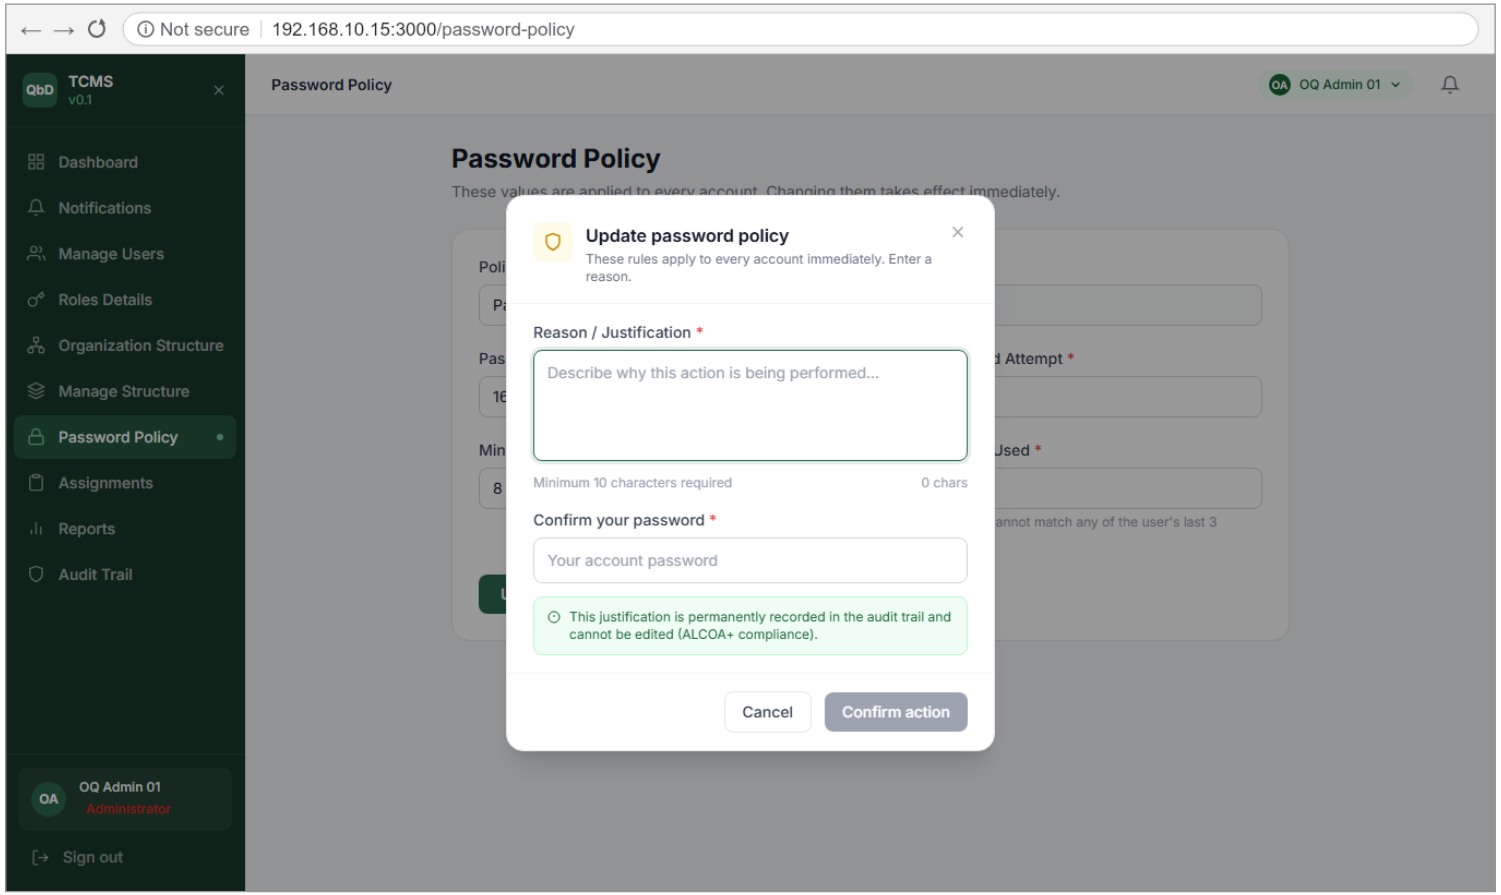
Test Objective :	To verify successful login with Administrator credentials and role-wise menu display.			
Test Procedure :			**Expected Result :**	
Open TCMS application URL (http://192.168.10.15:3000) in Microsoft Edge. Type Employee ID / Password & click on Sign in button (with Administrator level privilege).			Dashboard should be displayed with the menus applicable to Administrator role.	
Test ID : 8.1.4	Step No : 1.1	Attachment No. : 68	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:17



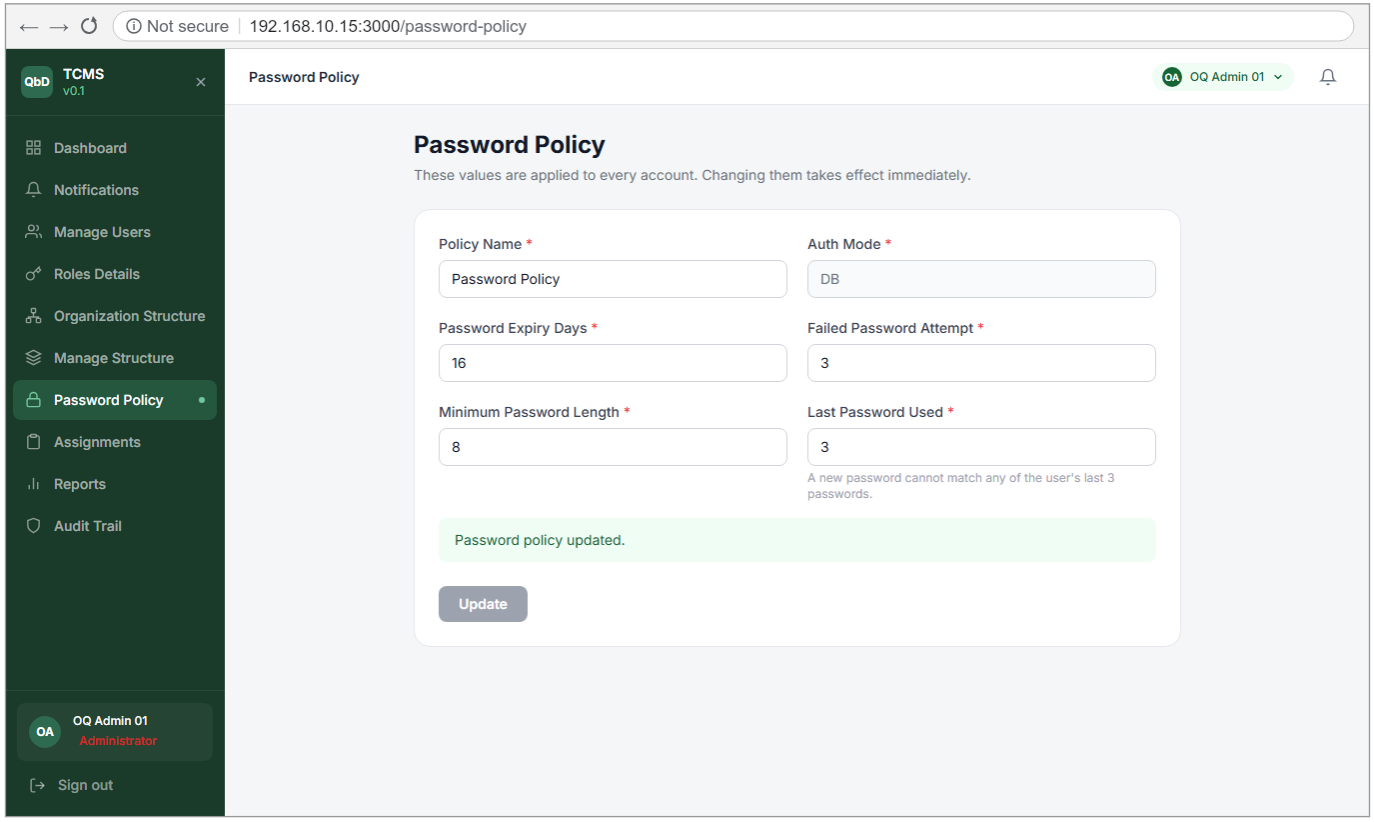
Test Objective :	To verify navigation to the Password Policy page.			
Test Procedure :			Expected Result :	
Click on "Password Policy" menu from the left panel.			Password Policy page should be displayed.	
Test ID : 8.1.4	Step No : 2.1	Attachment No. : 69	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:17



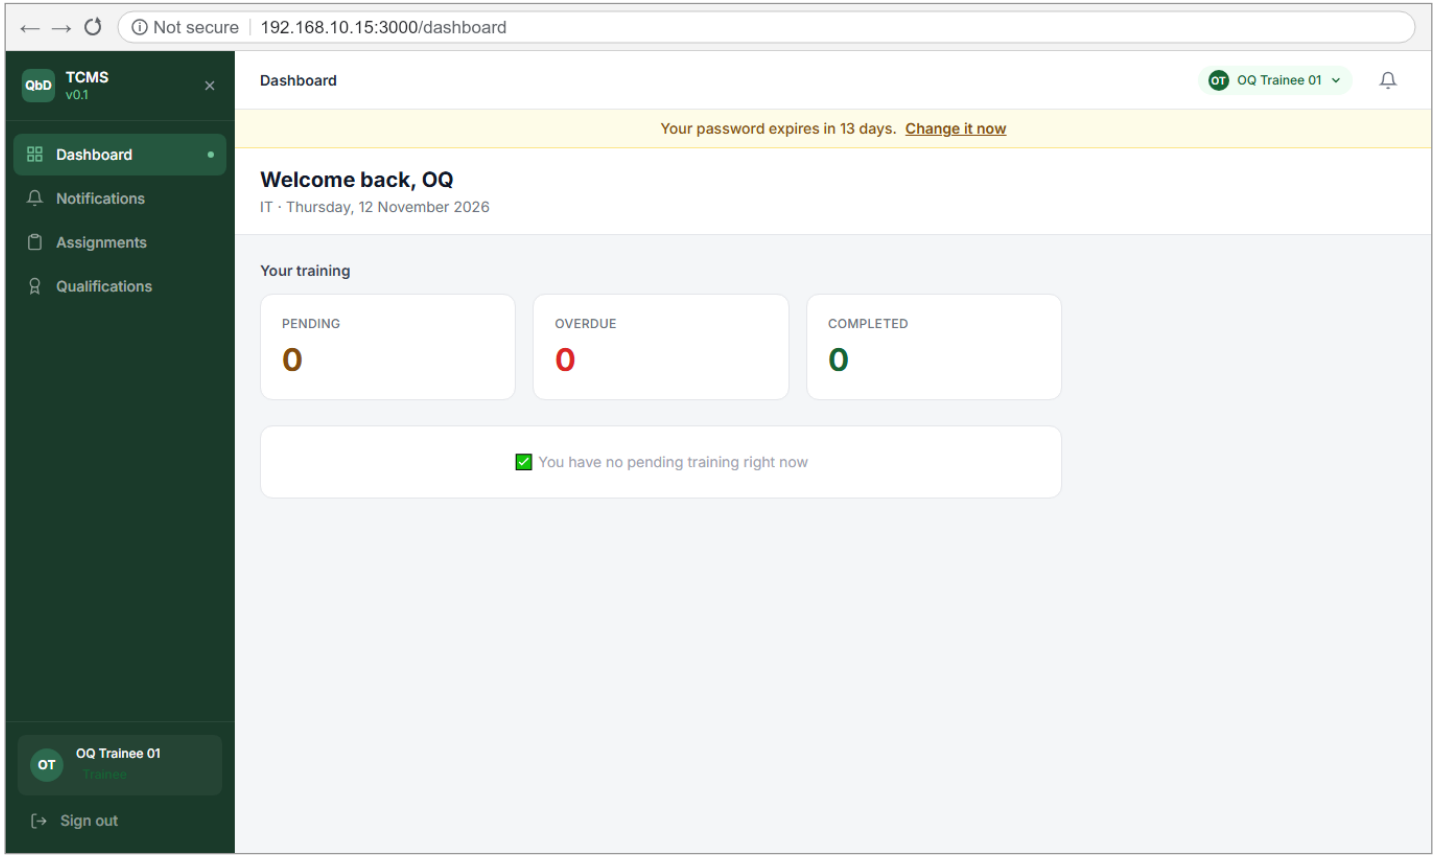
Test Objective :	To verify that Password Expiry Days can be reduced to bring a password into the warning period.			
Test Procedure :			Expected Result :	
Enter Password Expiry Days = 16 & click on Update button.			"Update password policy" window should be displayed.	
Test ID : 8.1.4	Step No : 3.1	Attachment No. : 70	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:17



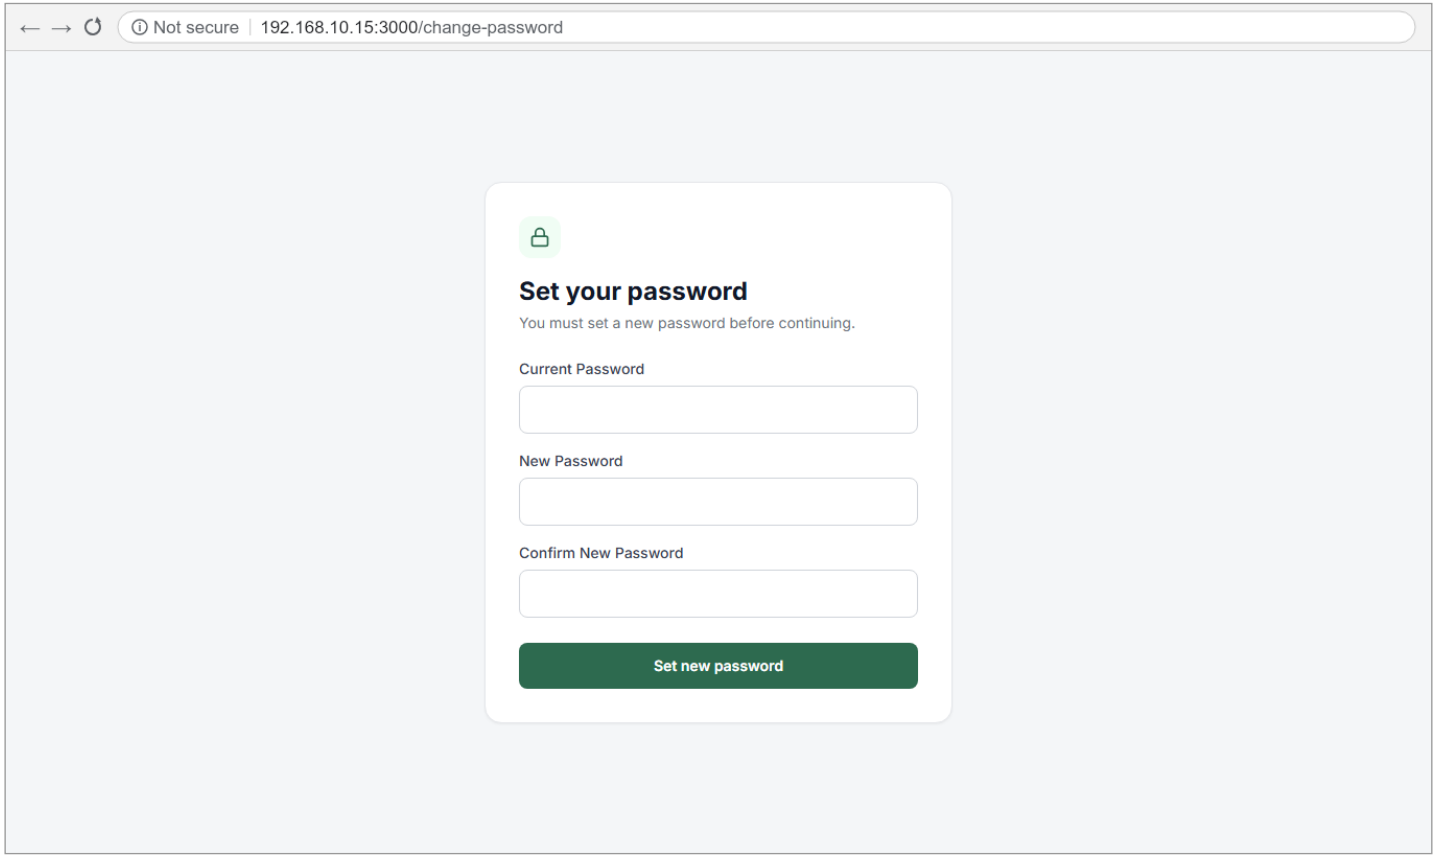
Test Objective :	To verify that the reduced Password Expiry Days is saved after electronic signature.			
Test Procedure :			Expected Result :	
In "Update password policy" window, type Reason / Justification (minimum 10 characters) & Password, then click on "Confirm action" button.			"Password policy updated." message should be displayed.	
Test ID : 8.1.4	Step No : 4.1	Attachment No. : 71	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:17



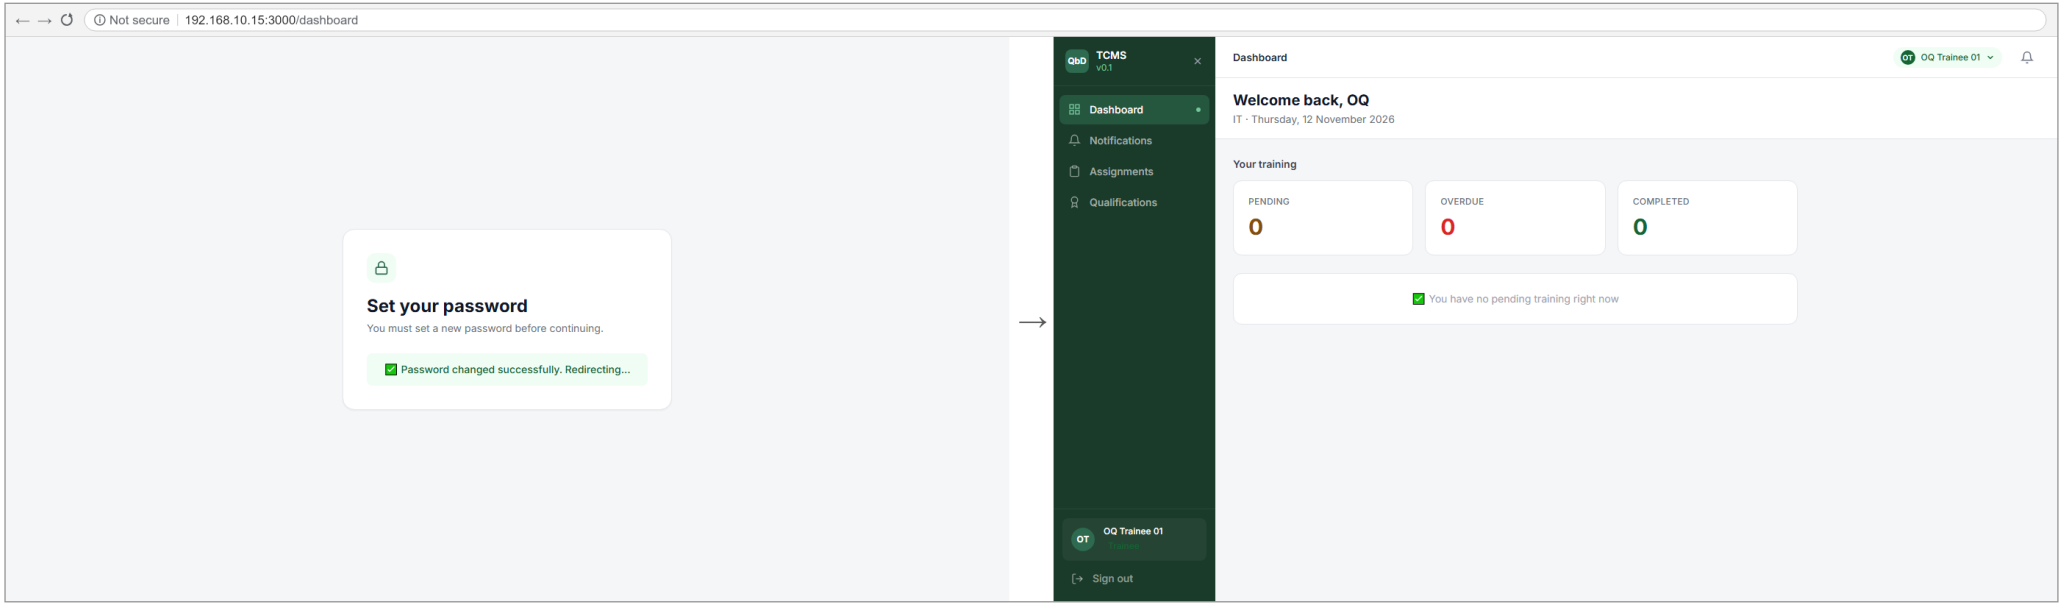
Test Objective :	To verify the password expiry warning banner within 15 days of expiry.			
Test Procedure :			Expected Result :	
Sign out from the current user. Type Employee ID / Password of Trainee user 1 & click on Sign in button.			"Your password expires in N days." banner with "Change it now" link should be displayed (N = 16 minus days since last password change).	
Test ID : 8.1.4	Step No : 5.1	Attachment No. : 72	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:17



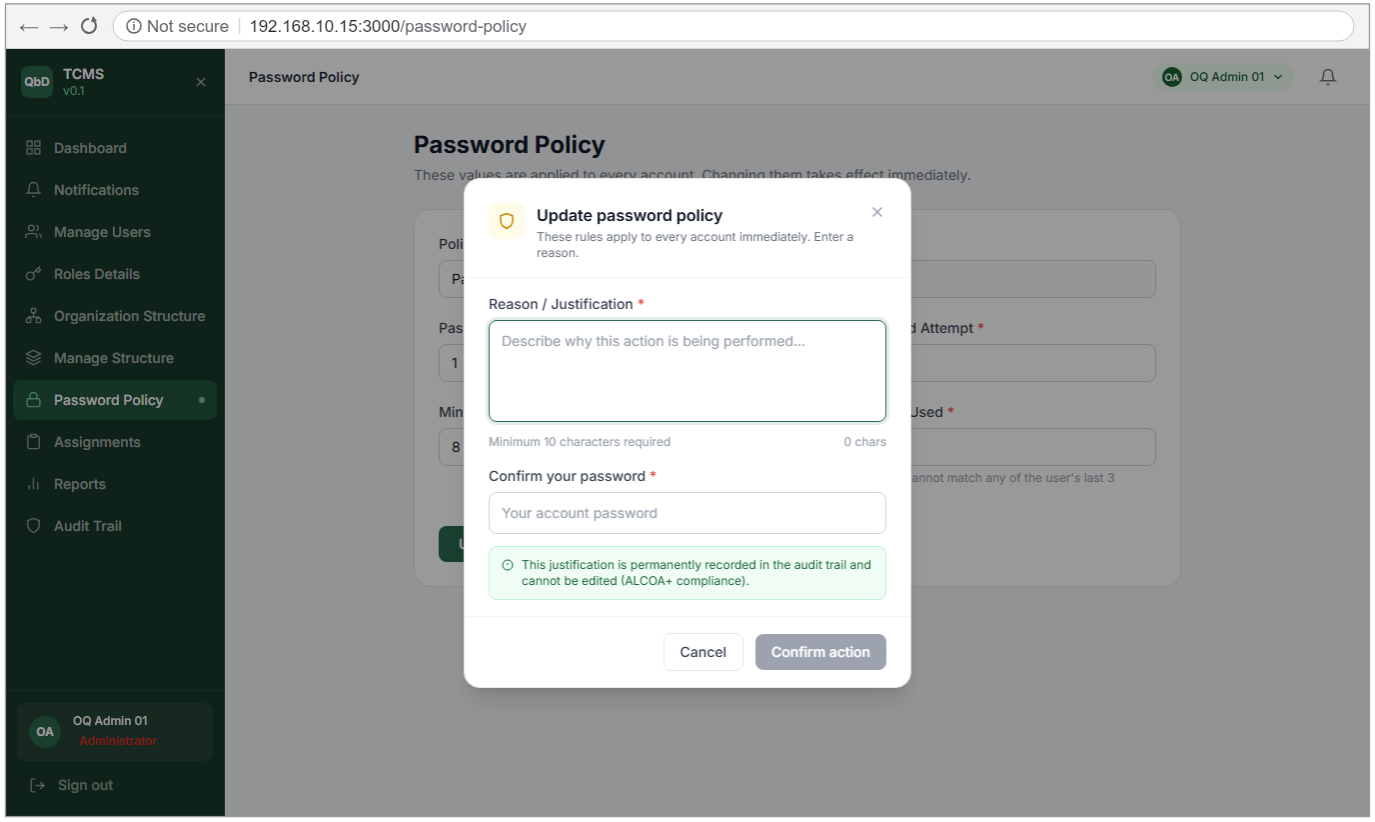
Test Objective :	To verify navigation to Change password from the expiry warning banner.			
Test Procedure :			Expected Result :	
Click on "Change it now" link.			Change password page should be displayed with Current Password, New Password & Confirm New Password.	
Test ID : 8.1.4	Step No : 6.1	Attachment No. : 73	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:17



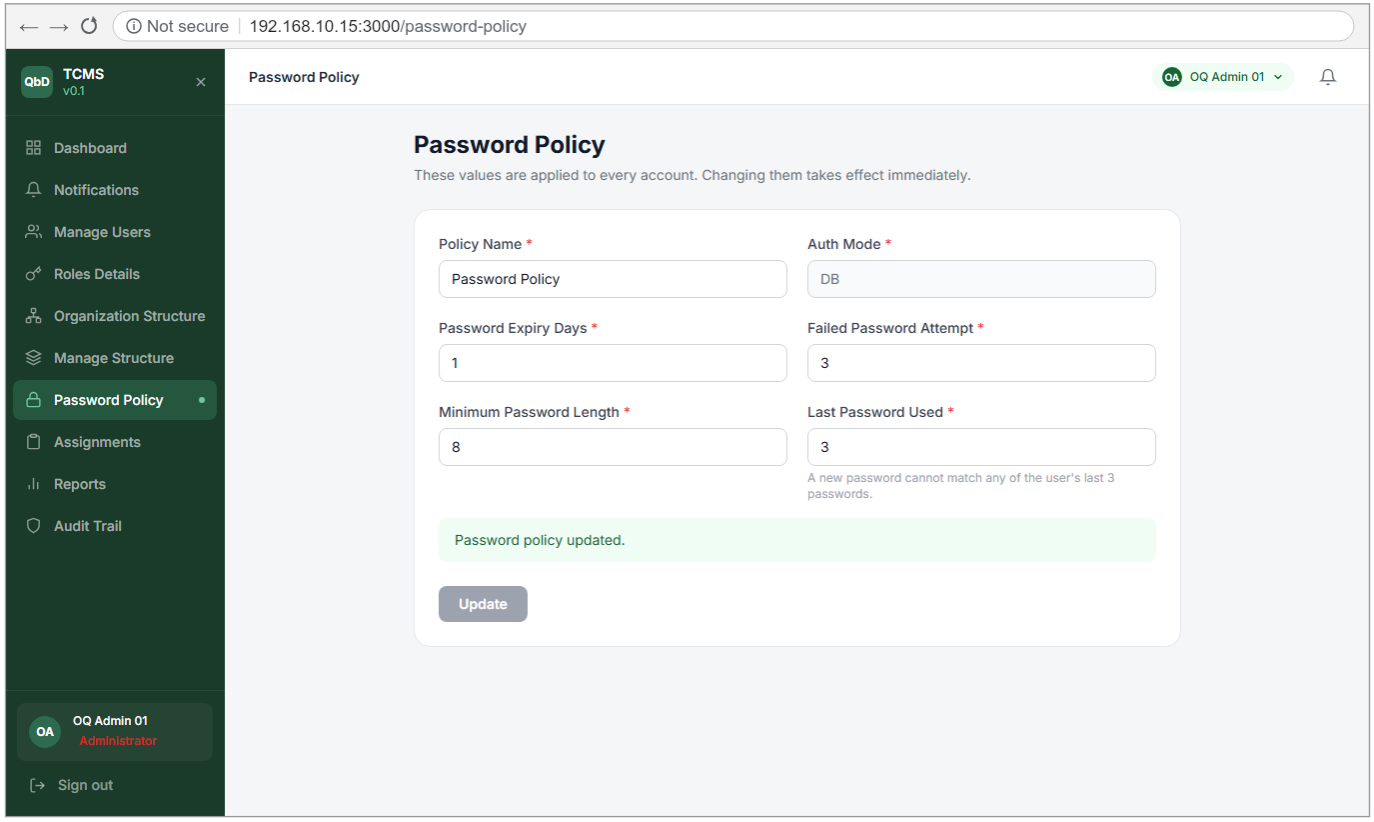
Test Objective :	To verify that changing the password removes the expiry warning.			
Test Procedure :			**Expected Result :**	
Enter valid Current Password, New Password & Confirm New Password, click on Set new password, then login again with the new password.			"Password changed successfully. Redirecting..." should be displayed & after login the expiry warning banner should not be displayed.	
Test ID : 8.1.4	Step No : 7.1	Attachment No. : 74	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:17



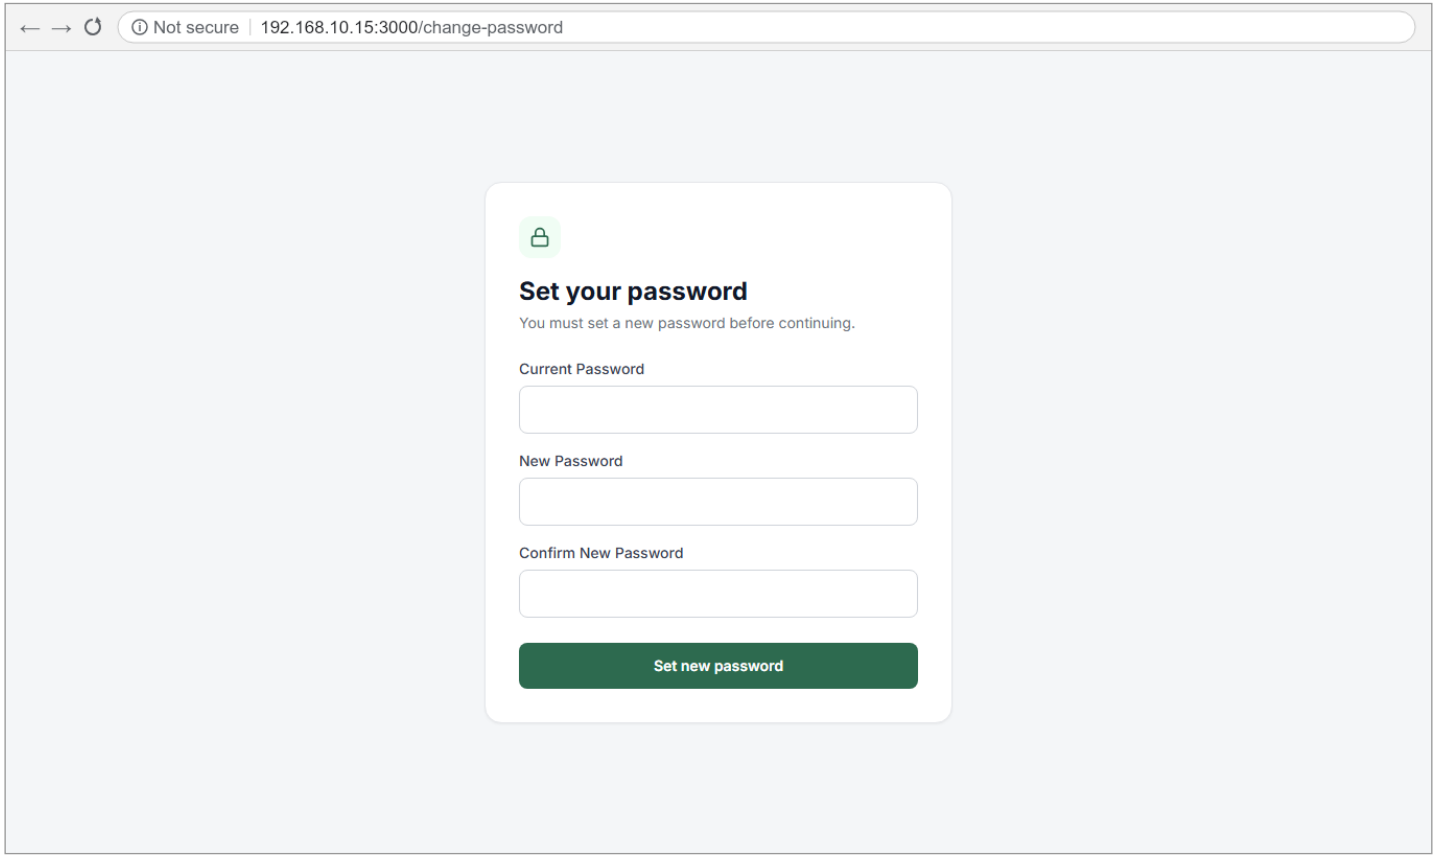
Test Objective :	To verify that Password Expiry Days can be reduced to expire an existing password.			
Test Procedure :			Expected Result :	
Sign out from the current user. Login with Administrator privilege, open Password Policy, enter Password Expiry Days = 1 & click on Update button.			"Update password policy" window should be displayed.	
Test ID : 8.1.4	Step No : 8.1	Attachment No. : 75	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:18



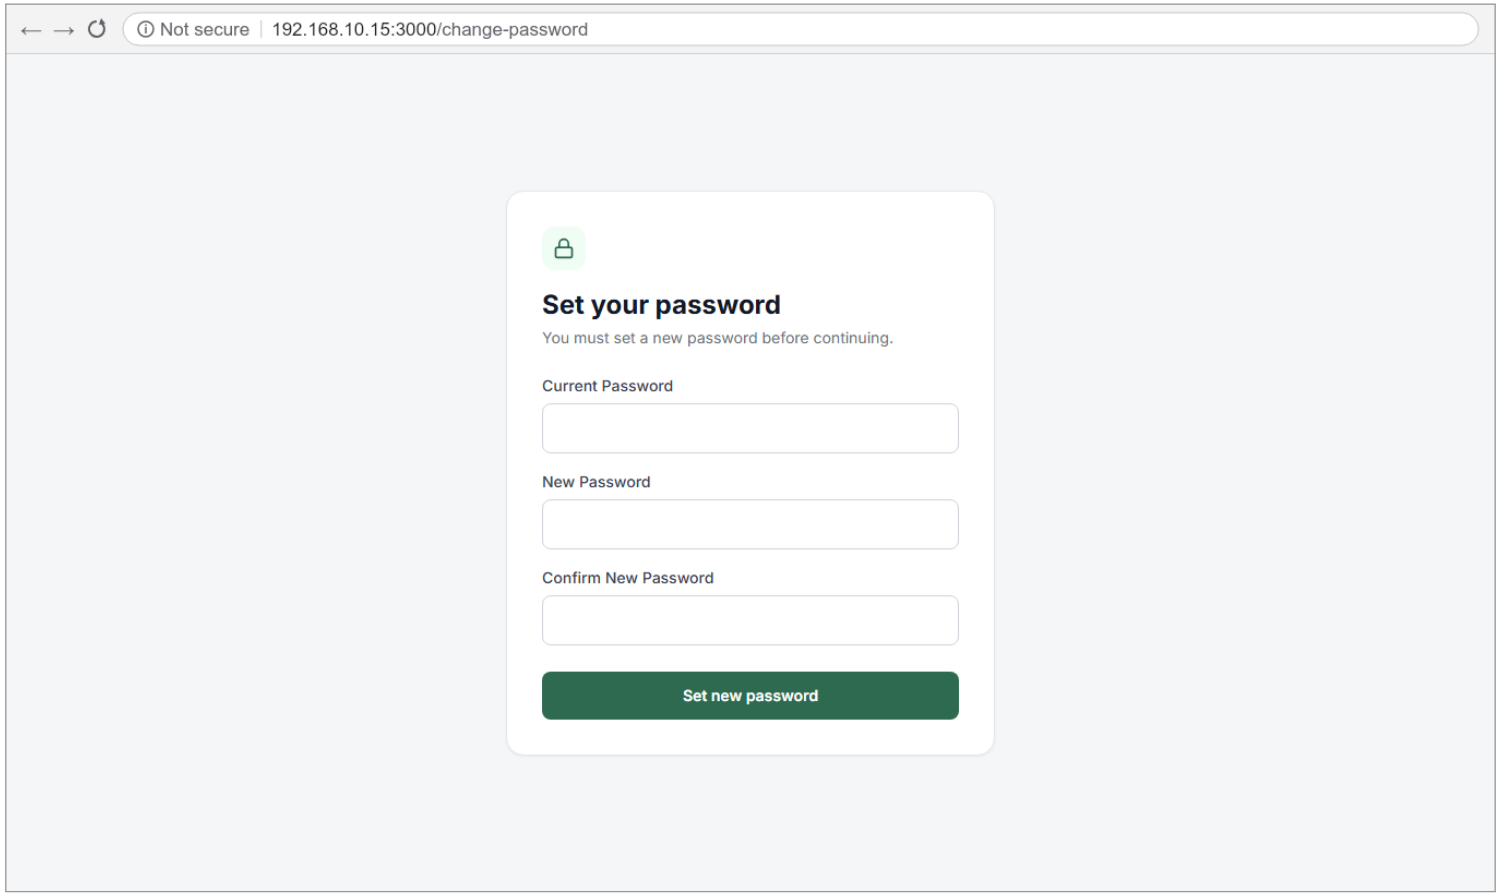
Test Objective :	To verify that Password Expiry Days = 1 is saved after electronic signature.			
Test Procedure :			**Expected Result :**	
In "Update password policy" window, type Reason / Justification (minimum 10 characters) & Password, then click on "Confirm action" button.			"Password policy updated." message should be displayed.	
Test ID : 8.1.4	Step No : 9.1	Attachment No. : 76	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:18



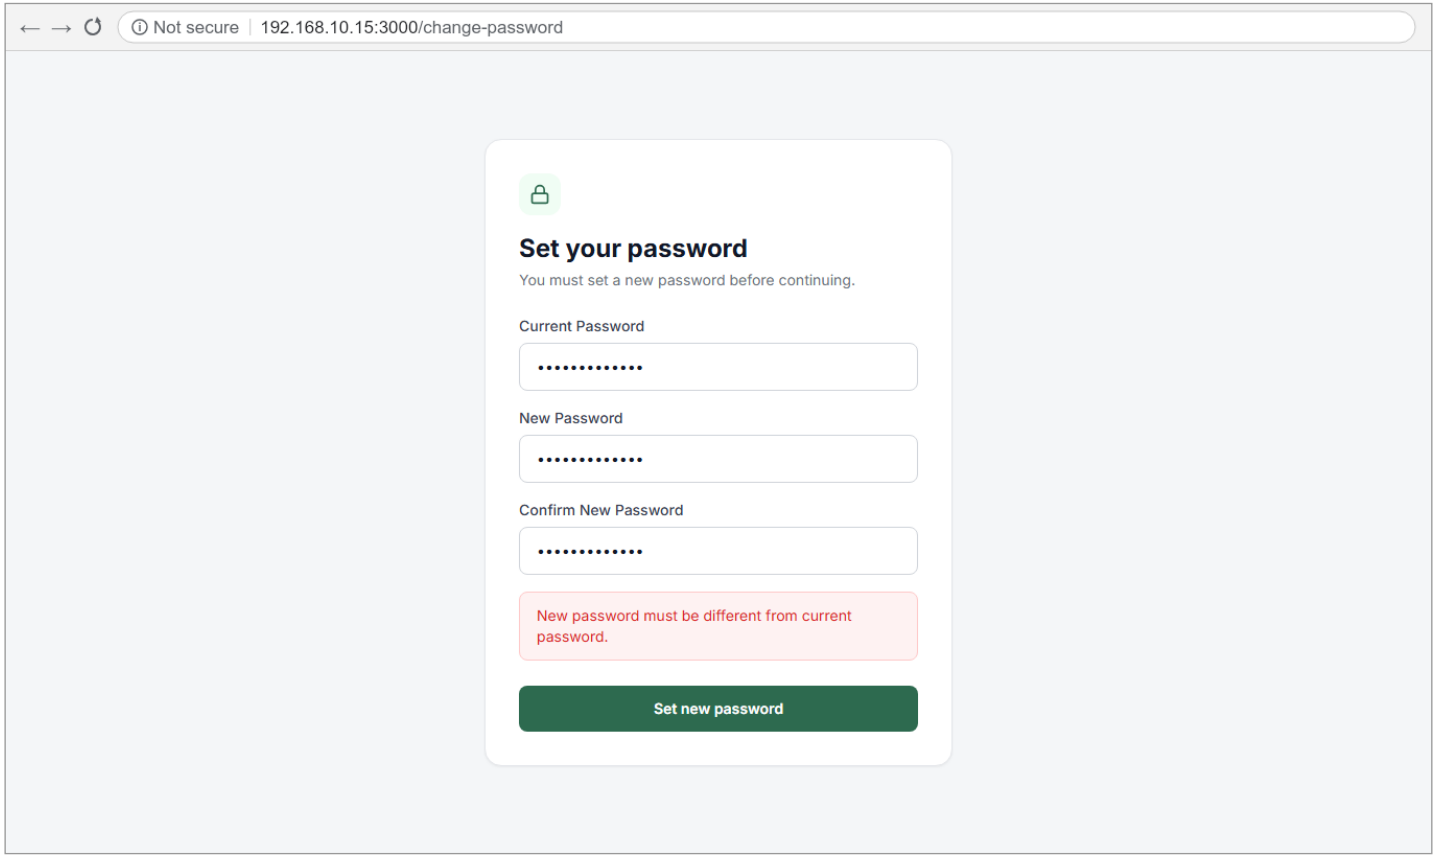
Test Objective :	To verify that an expired password forces a password change at login.			
Test Procedure :			Expected Result :	
Sign out from the current user. Type Employee ID / Password of Trainee user 2 & click on Sign in button.			"Set your password" page should be displayed with "You must set a new password before continuing."	
Test ID : 8.1.4	Step No : 10.1	Attachment No. : 77	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:18



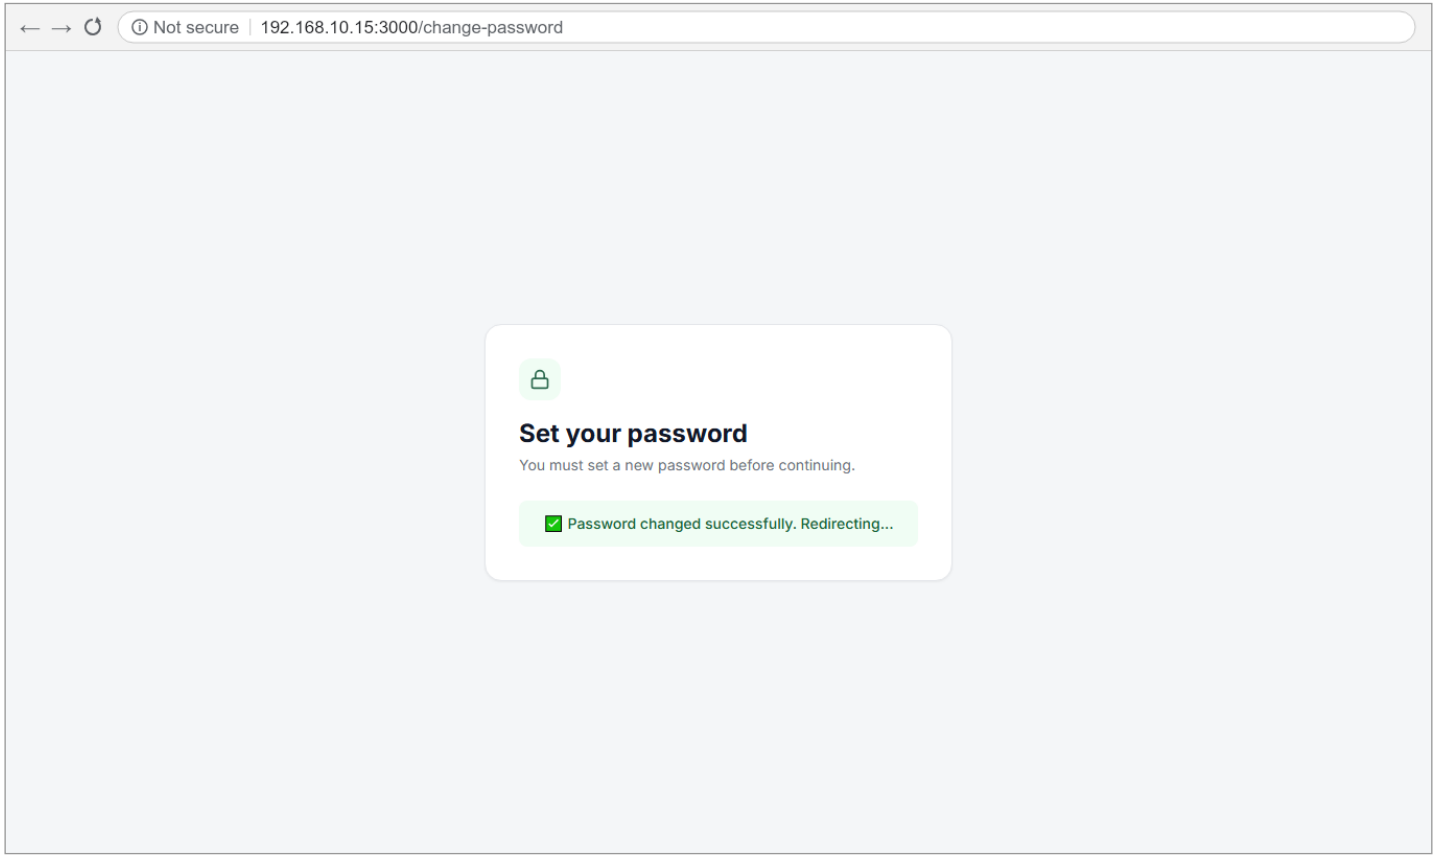
Test Objective :	To verify that application pages cannot be accessed with an expired password.			
Test Procedure :			Expected Result :	
Try to open the Dashboard URL directly in the browser address bar.			User should be redirected back to the "Set your password" page.	
Test ID : 8.1.4	Step No : 11.1	Attachment No. : 78	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:18



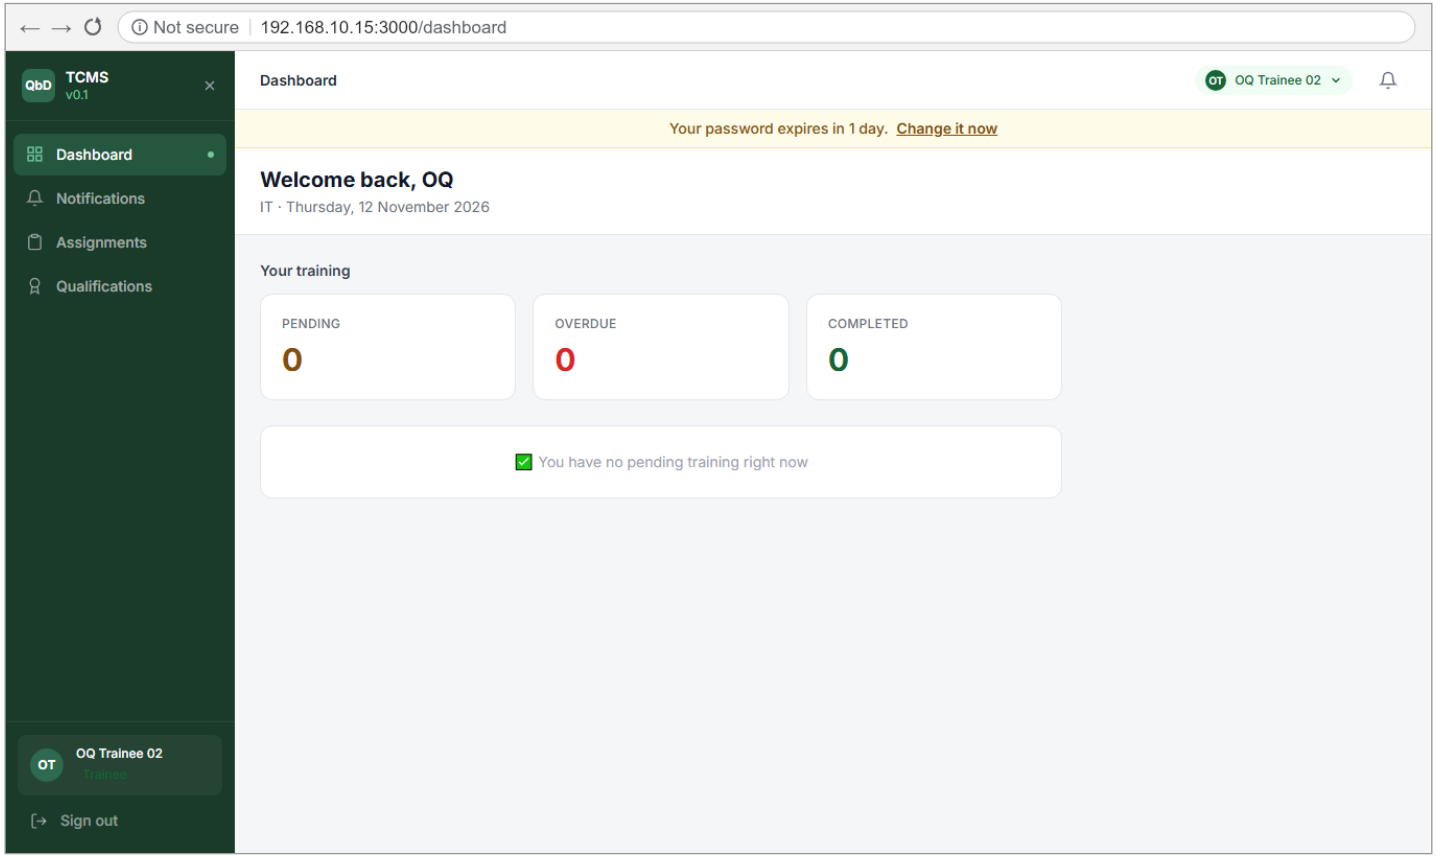
Test Objective :	To verify that the expired password cannot be reused.			
Test Procedure :			Expected Result :	
Enter the current (expired) password as New Password & click on Set new password.			"New password must be different from current password." message should be displayed.	
Test ID : 8.1.4	Step No : 12.1	Attachment No. : 79	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:18



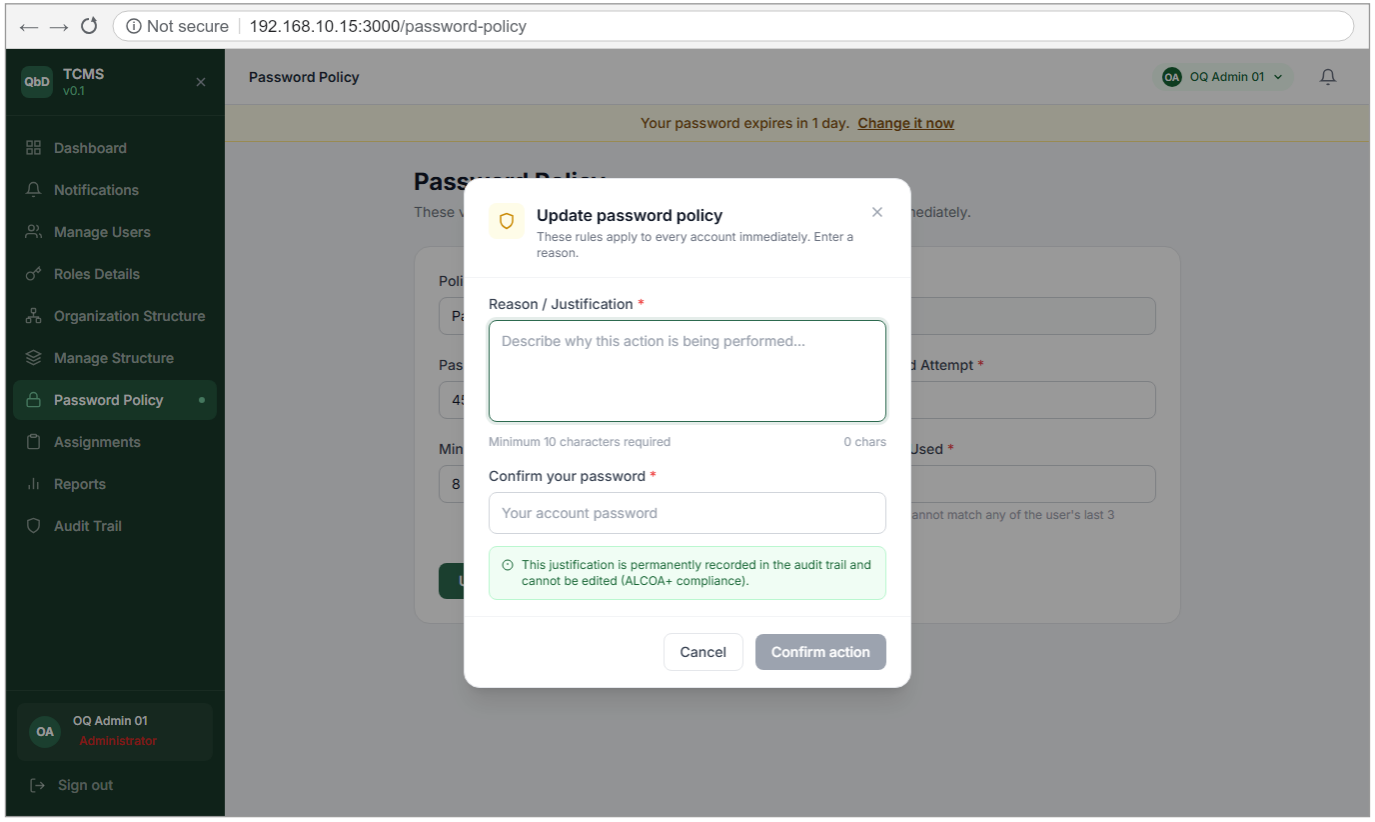
Test Objective :	To verify successful change of an expired password.			
Test Procedure :			Expected Result :	
Enter valid Current Password, New Password & Confirm New Password, then click on Set new password.			"Password changed successfully. Redirecting..." message should be displayed & Login page should be displayed.	
Test ID : 8.1.4	Step No : 13.1	Attachment No. : 80	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:18



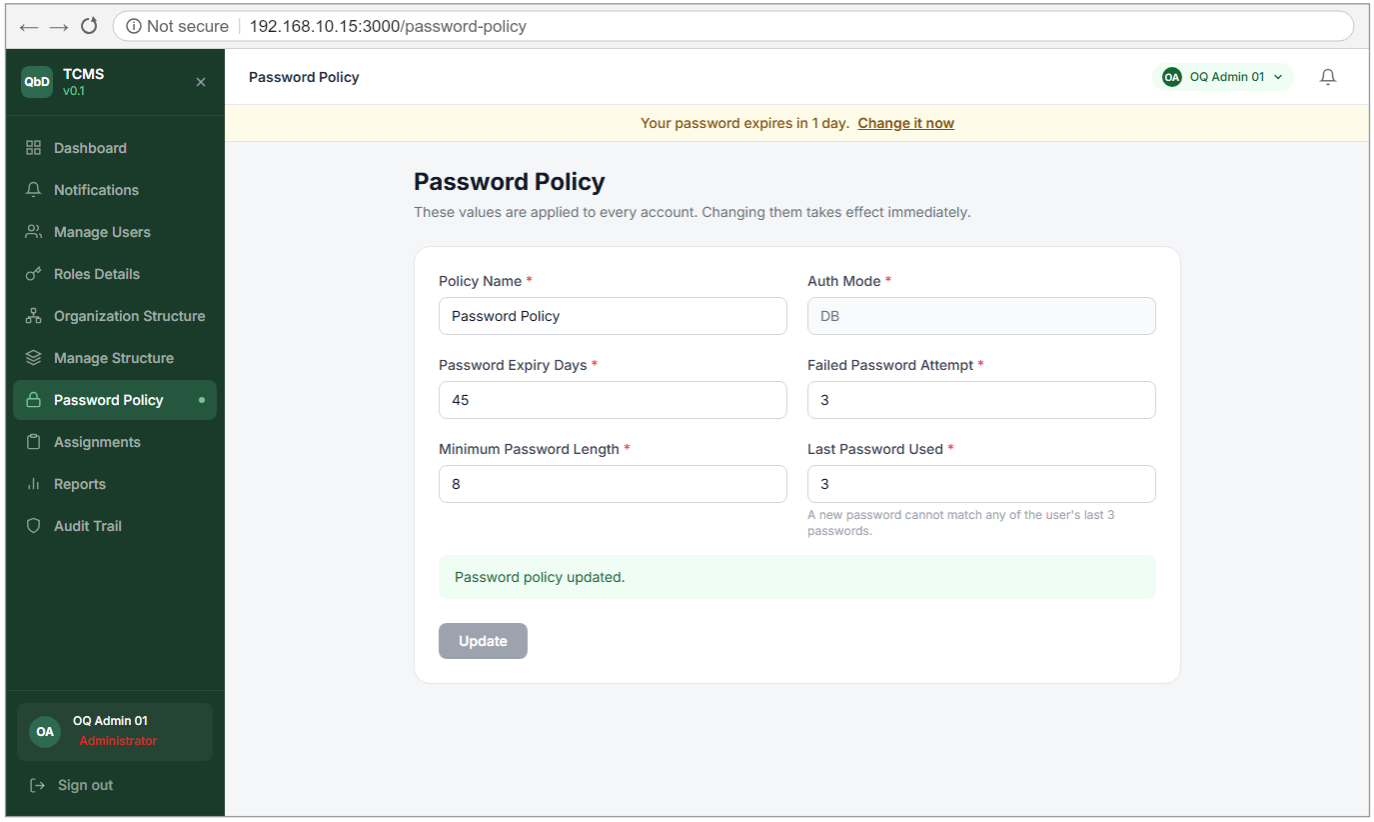
Test Objective :	To verify that the user can login normally after changing the expired password.			
Test Procedure :			Expected Result :	
Sign out from the current user. Login again with Trainee user 2 and the new password.			Dashboard should be displayed without the "Set your password" page.	
Test ID : 8.1.4	Step No : 14.1	Attachment No. : 81	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:18



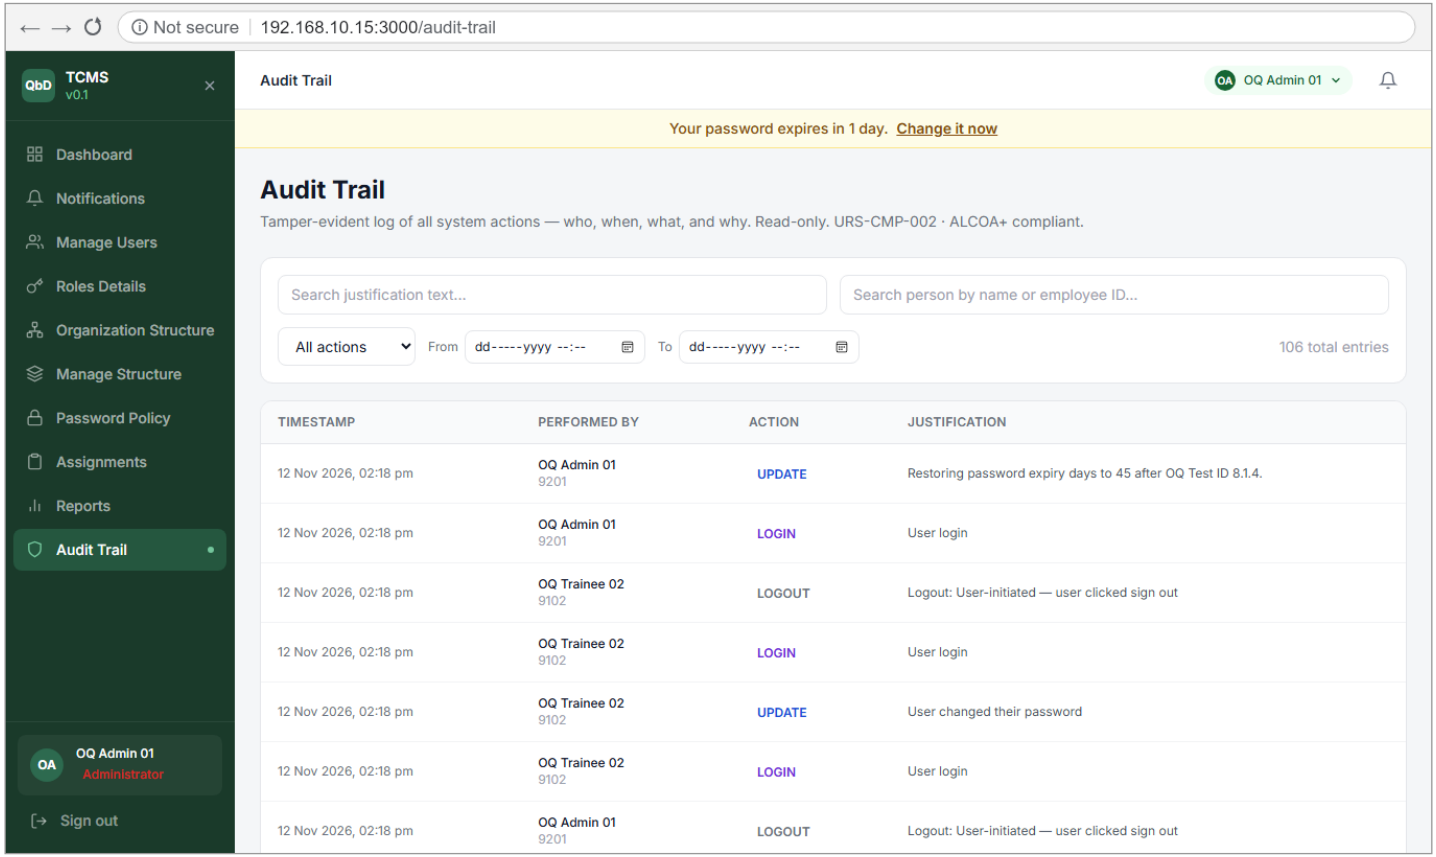
Test Objective :	To verify that the Password Expiry Days can be restored to 45.			
Test Procedure :			**Expected Result :**	
Sign out from the current user. Login with Administrator privilege, open Password Policy, enter Password Expiry Days = 45 & click on Update button.			"Update password policy" window should be displayed.	
Test ID : 8.1.4	Step No : 15.1	Attachment No. : 82	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:18



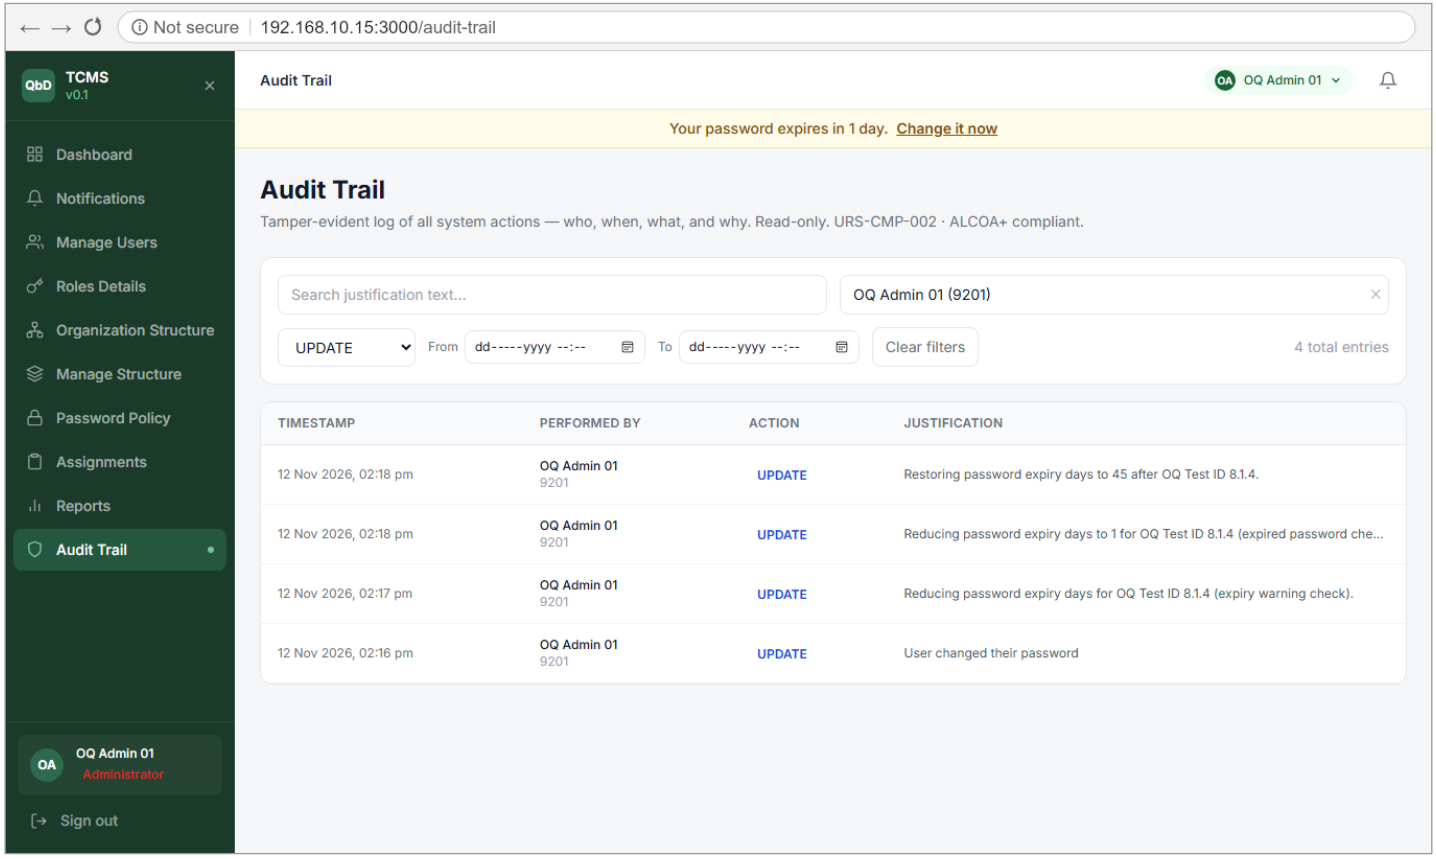
Test Objective :	To verify that the restored Password Expiry Days is saved after electronic signature.			
Test Procedure :			Expected Result :	
In "Update password policy" window, type Reason / Justification (minimum 10 characters) & Password, then click on "Confirm action" button.			"Password policy updated." message should be displayed.	
Test ID : 8.1.4	Step No : 16.1	Attachment No. : 83	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:18



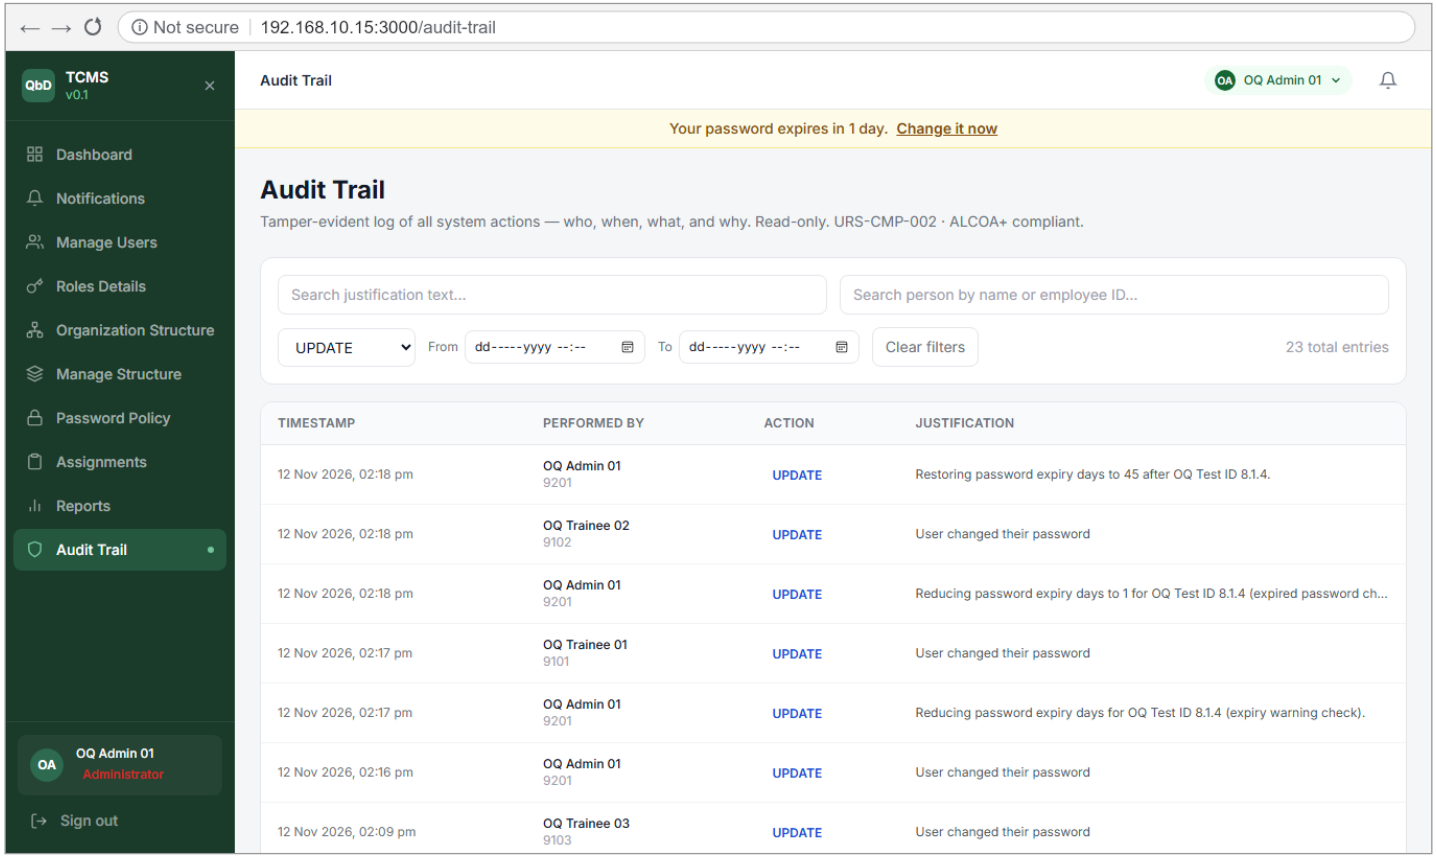
Test Objective :	To verify navigation to the Audit Trail page.			
Test Procedure :			**Expected Result :**	
Click on "Audit Trail" menu from the left panel.			Audit Trail page should be displayed with Timestamp, Performed By, Action & Justification columns.	
Test ID : 8.1.4	Step No : 17.1	Attachment No. : 84	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:18



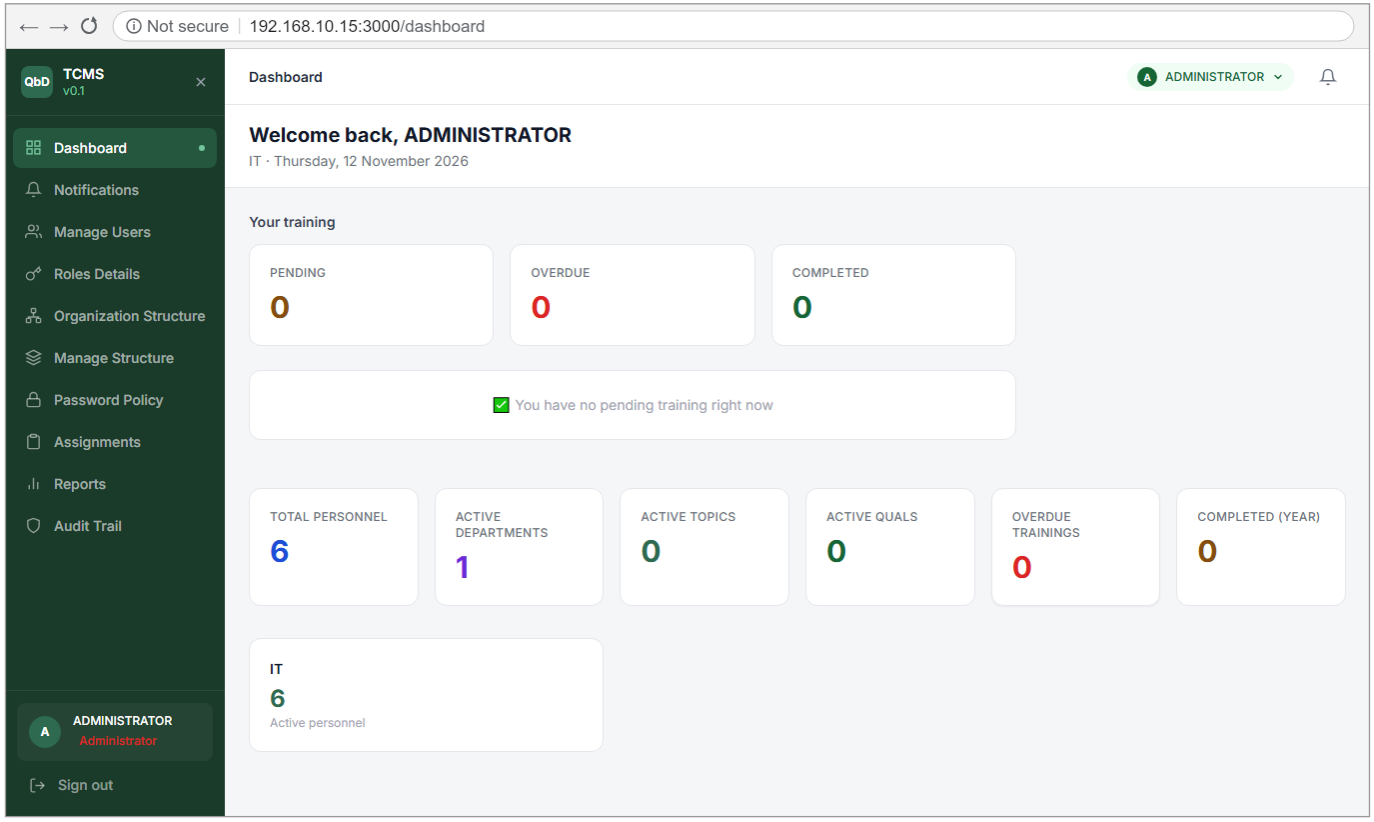
Test Objective :	To verify filtering of the audit trail by user and action (UPDATE).			
Test Procedure :			Expected Result :	
Search the performing user by name / Employee ID & select "UPDATE" from the All actions drop-down.			Audit log entries should be filtered for the selected user and action.	
Test ID : 8.1.4	Step No : 18.1	Attachment No. : 85	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:18



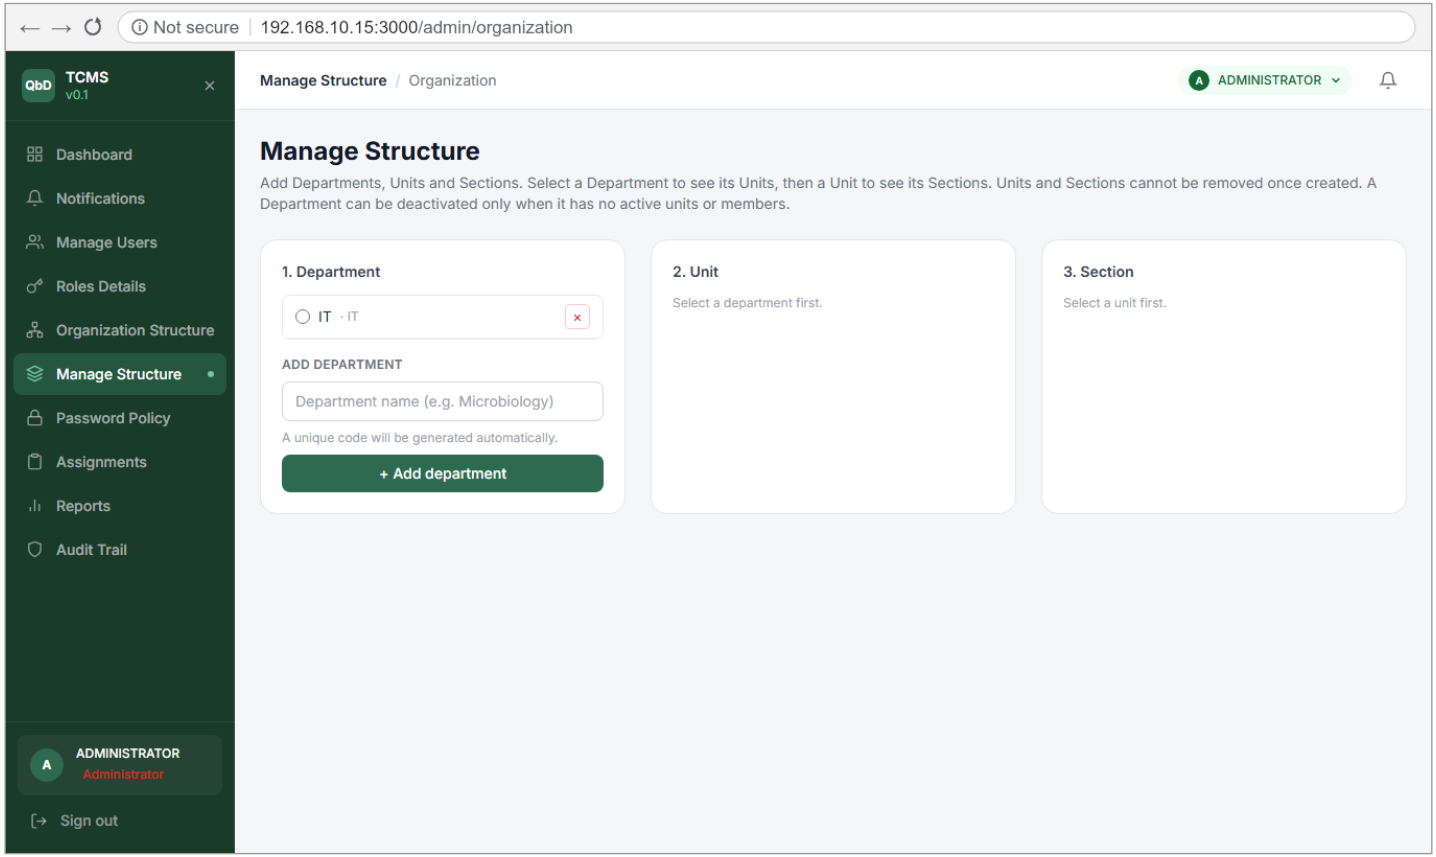
Test Objective :	To verify that the audit trail records password policy changes and the expired-password change.			
Test Procedure :			**Expected Result :**	
Verify the audit trail entry for password policy changes and the expired-password change.			Audit entry should display Timestamp (dd MMM yyyy, hh:mm am/pm), Performed By (name & Employee ID), Action = UPDATE & Justification (reason entered / "User changed their password").	
Test ID : 8.1.4	Step No : 19.1	Attachment No. : 86	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:18



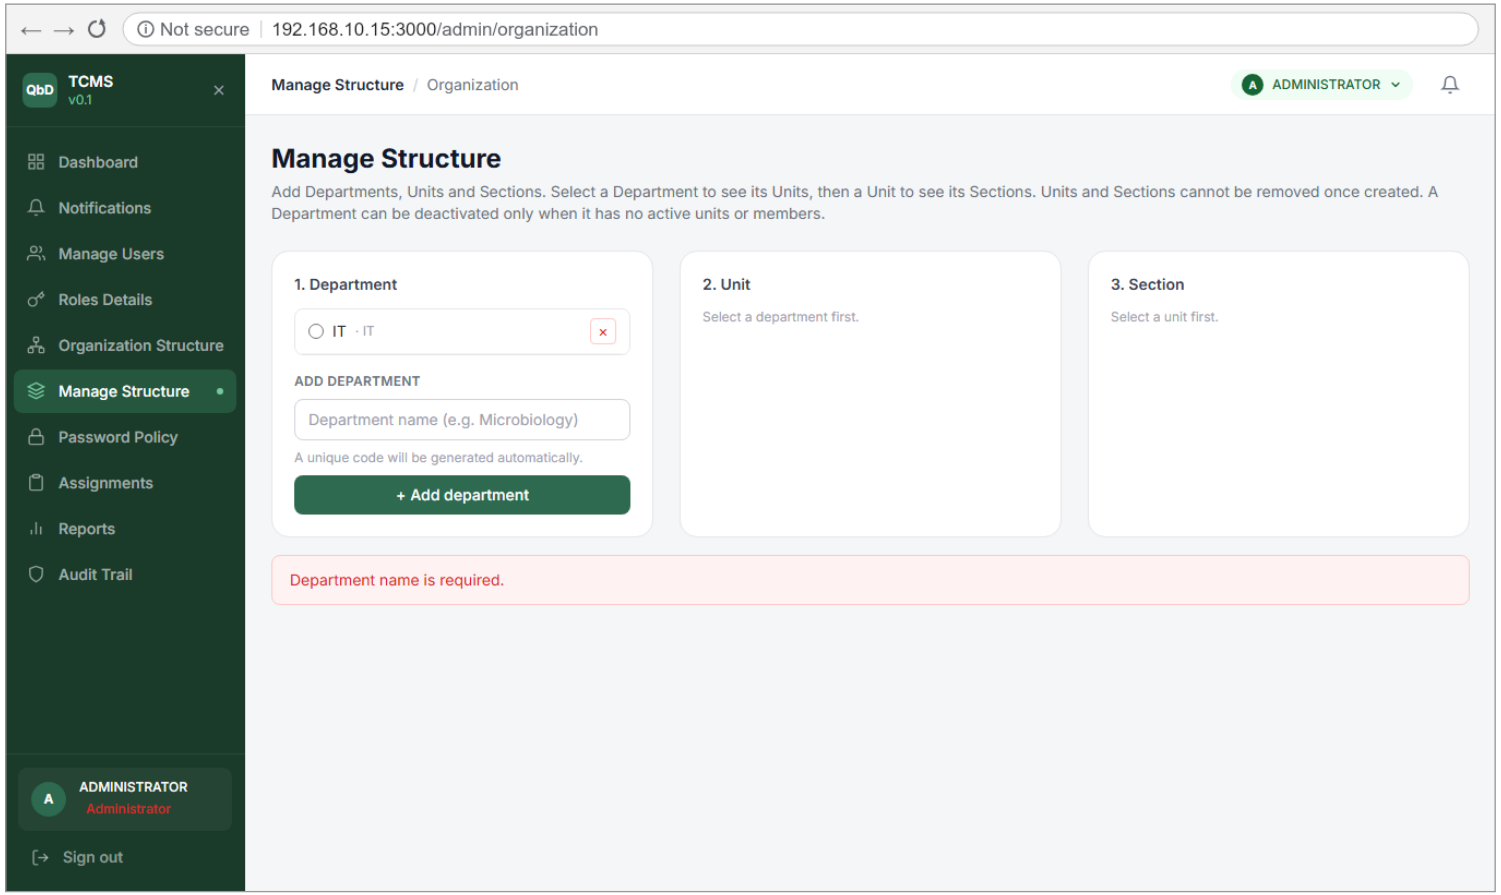
Test Objective :	To verify successful login with Administrator credentials and role-wise menu display.			
Test Procedure :			Expected Result :	
Open TCMS application URL (http://192.168.10.15:3000) in Microsoft Edge. Type Employee ID / Password & click on Sign in button (with Administrator level privilege).			Dashboard should be displayed with the menus applicable to Administrator role.	
Test ID : 8.1.5	Step No : 1.1	Attachment No. : 87	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:21



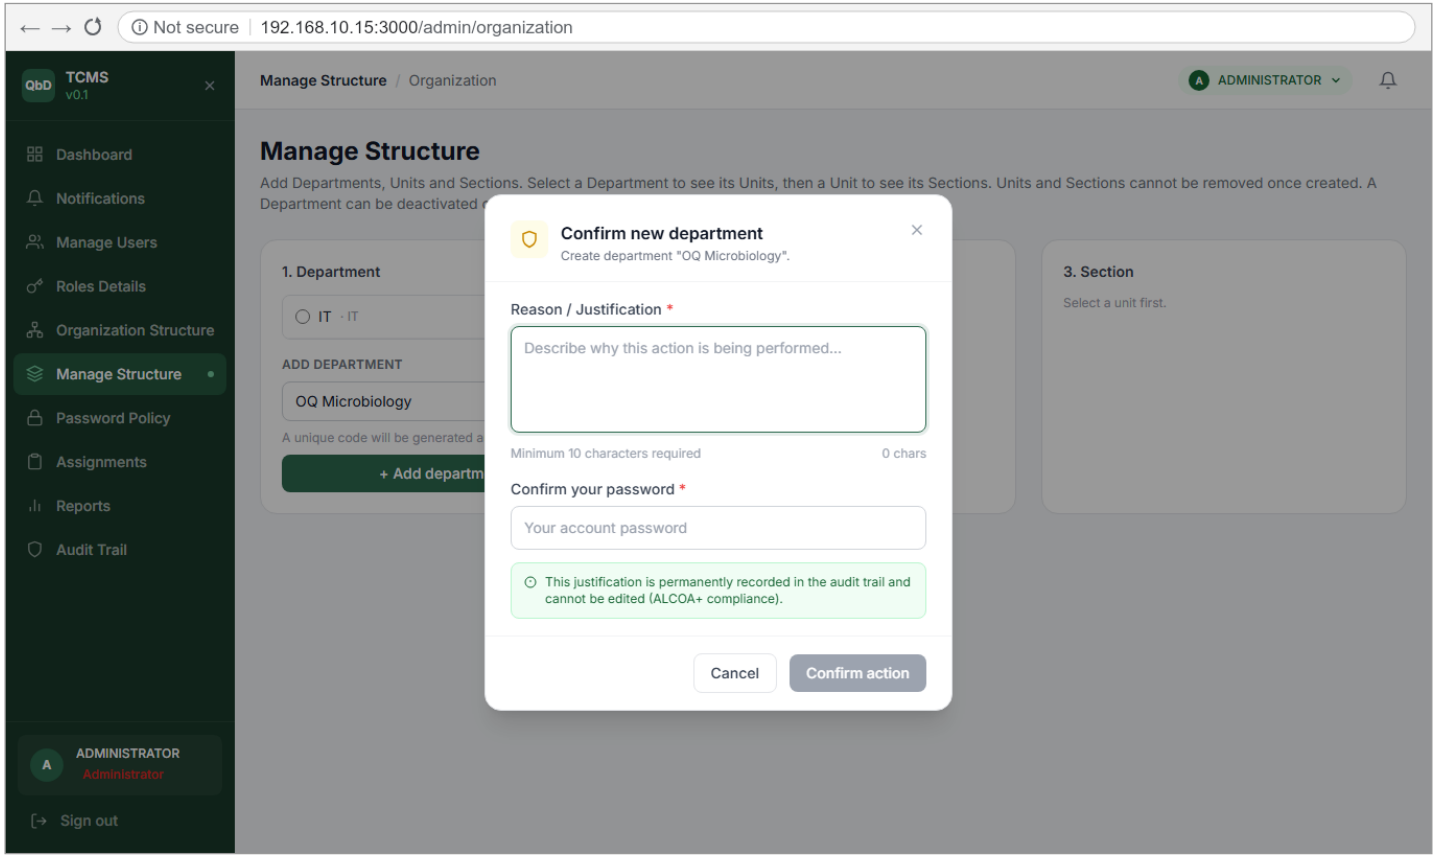
Test Objective :	To verify navigation to the Manage Structure page.			
Test Procedure :			Expected Result :	
Click on "Manage Structure" menu from the left panel.			Manage Structure page should be displayed with Departments, Units and Sections columns.	
Test ID : 8.1.5	Step No : 2.1	Attachment No. : 88	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:21



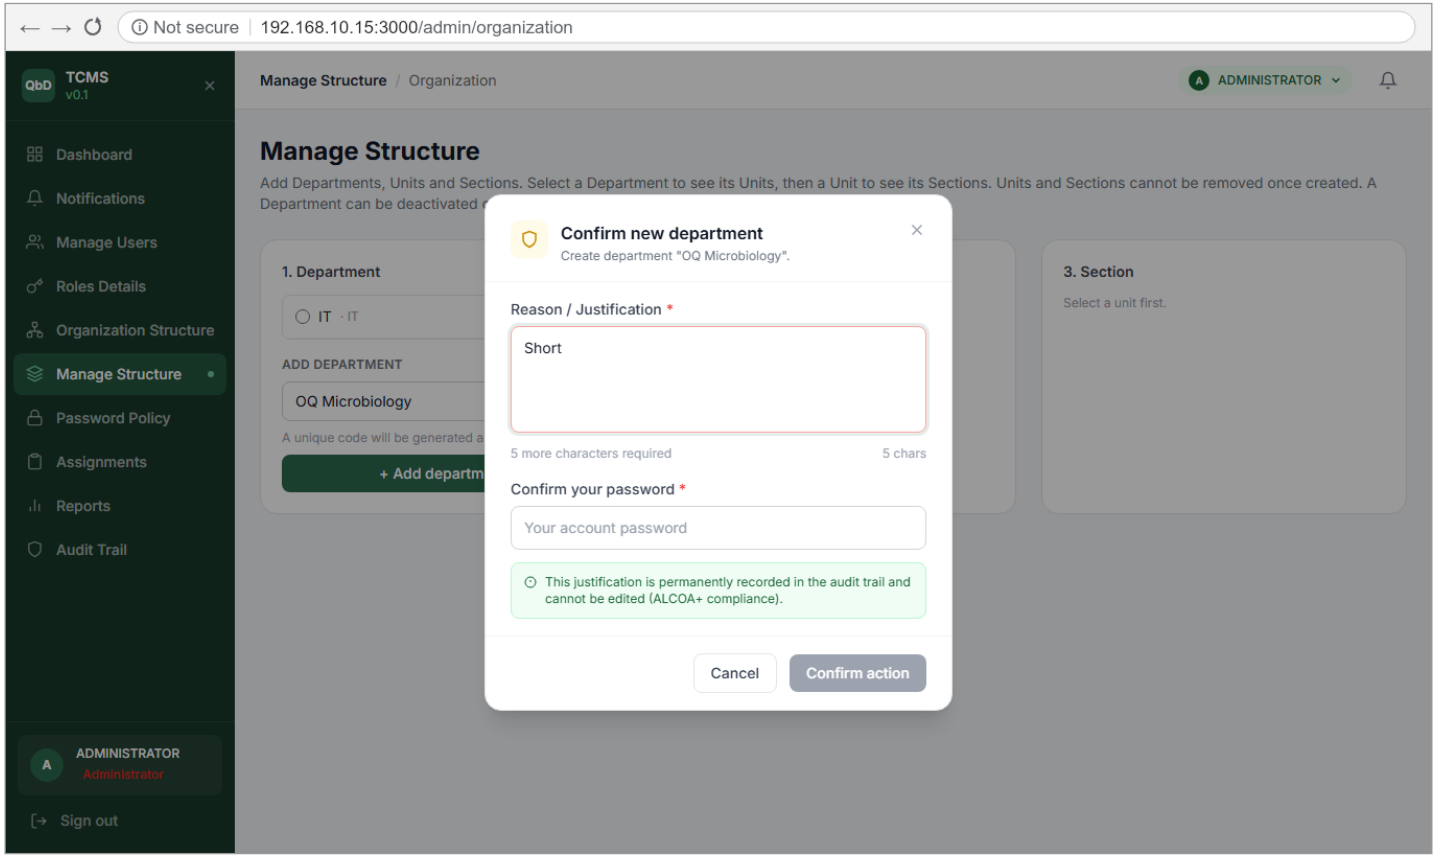
Test Objective :	To verify the mandatory validation of Department name.			
Test Procedure :			Expected Result :	
Click on "Add department" without entering the Department name.			"Department name is required." message should be displayed.	
Test ID : 8.1.5	Step No : 3.1	Attachment No. : 89	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:21



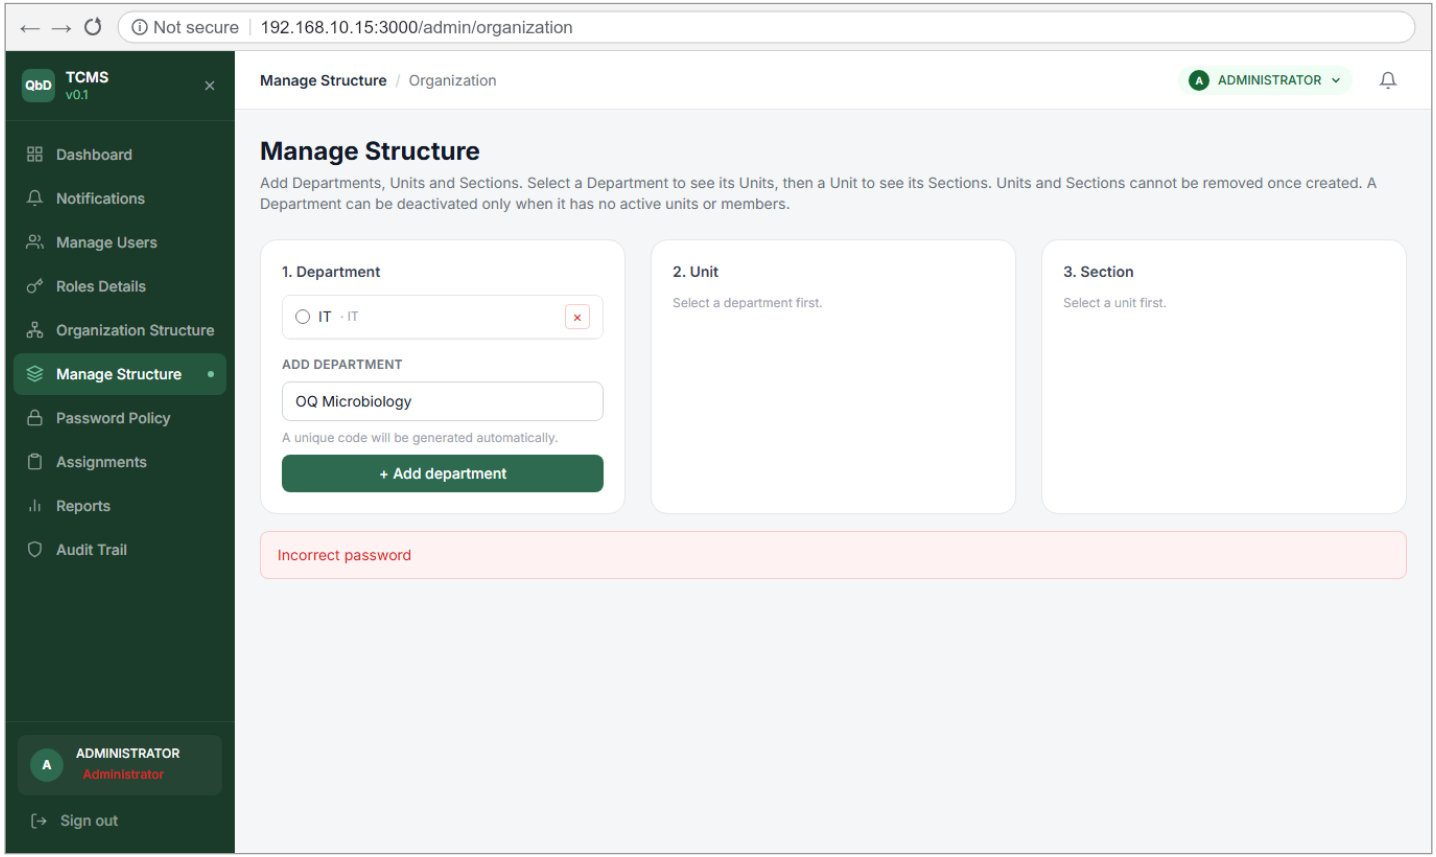
Test Objective :	To verify that adding a department requests electronic signature.			
Test Procedure :			Expected Result :	
Enter Department name = OQ Microbiology & click on "Add department".			"Confirm new department" window — Create department "OQ Microbiology". — should be displayed requesting Reason / Justification & Password.	
Test ID : 8.1.5	Step No : 4.1	Attachment No. : 90	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:21



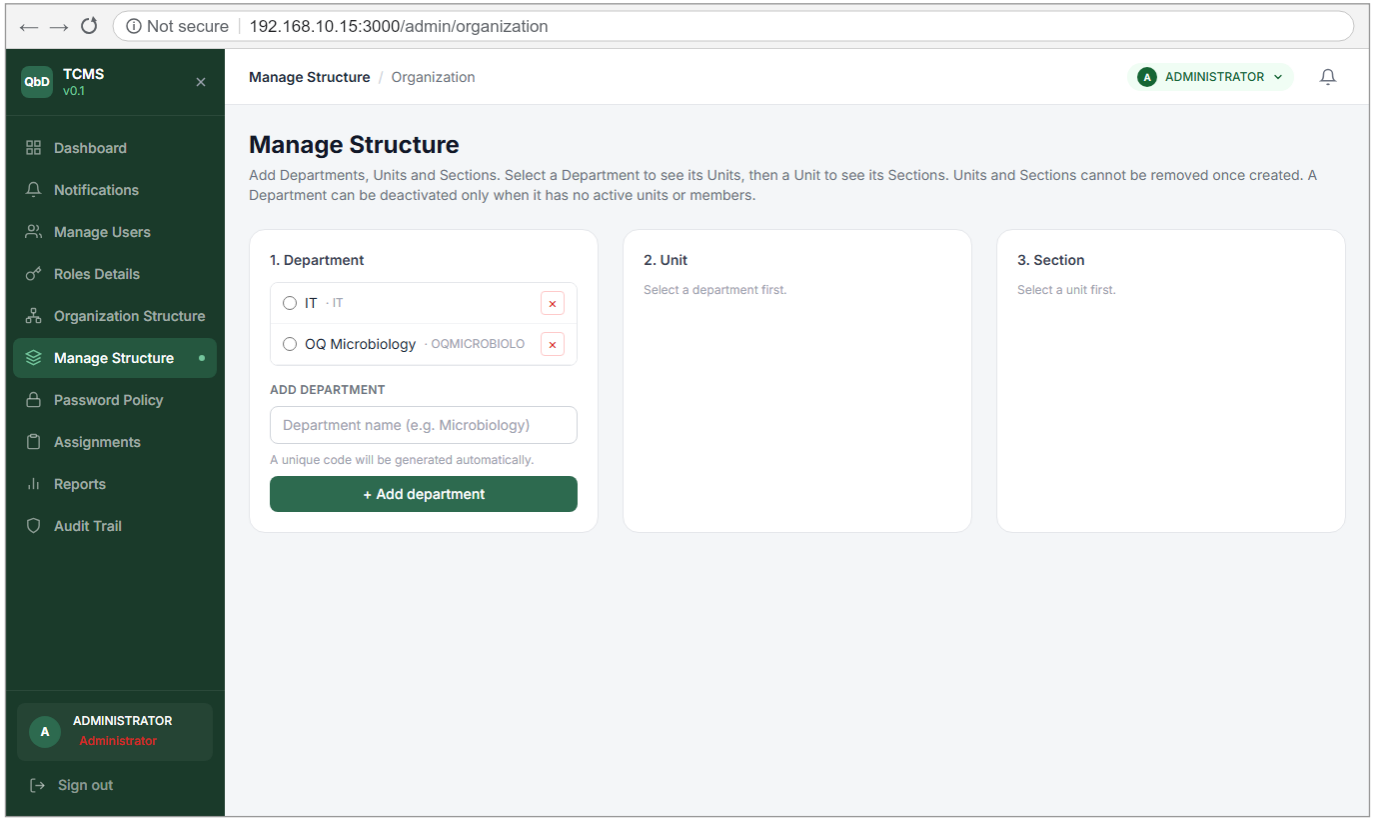
Test Objective :	To verify that a Reason / Justification of less than 10 characters is not accepted for "Confirm new department".			
Test Procedure :			Expected Result :	
In "Confirm new department" window, type Reason / Justification of less than 10 characters.			"Confirm action" button should remain disabled and "<n> more characters required" (e.g. "5 more characters required") should be displayed.	
Test ID : 8.1.5	Step No : 5.1	Attachment No. : 91	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:21



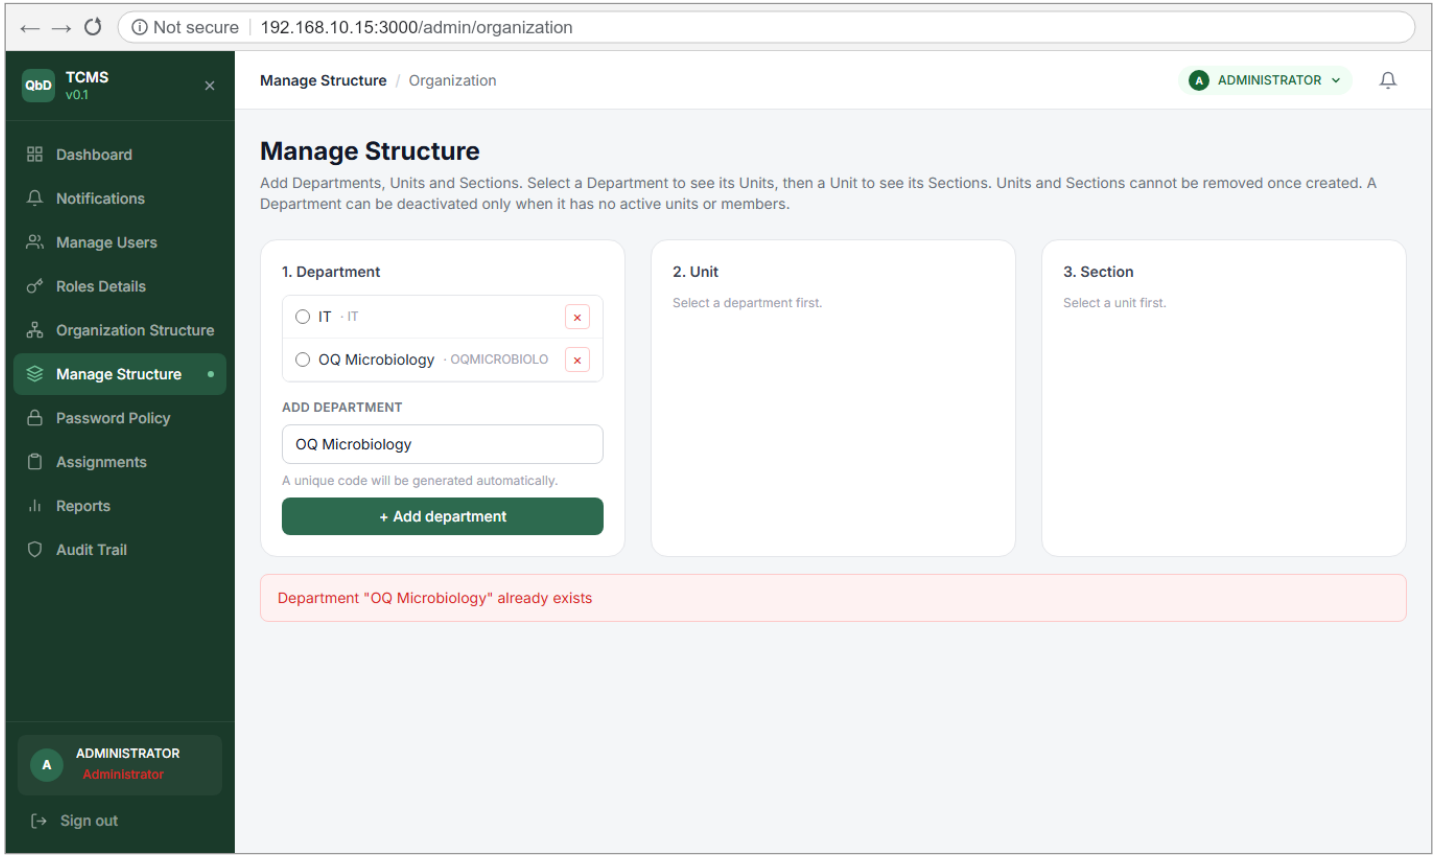
Test Objective :	To verify that the "Confirm new department" action is rejected when an incorrect password is entered.			
Test Procedure :			Expected Result :	
In "Confirm new department" window, type valid Reason / Justification & an incorrect Password, then click on "Confirm action" button.			"Incorrect password" message should be displayed & record should not be saved.	
Test ID : 8.1.5	Step No : 6.1	Attachment No. : 92	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:21



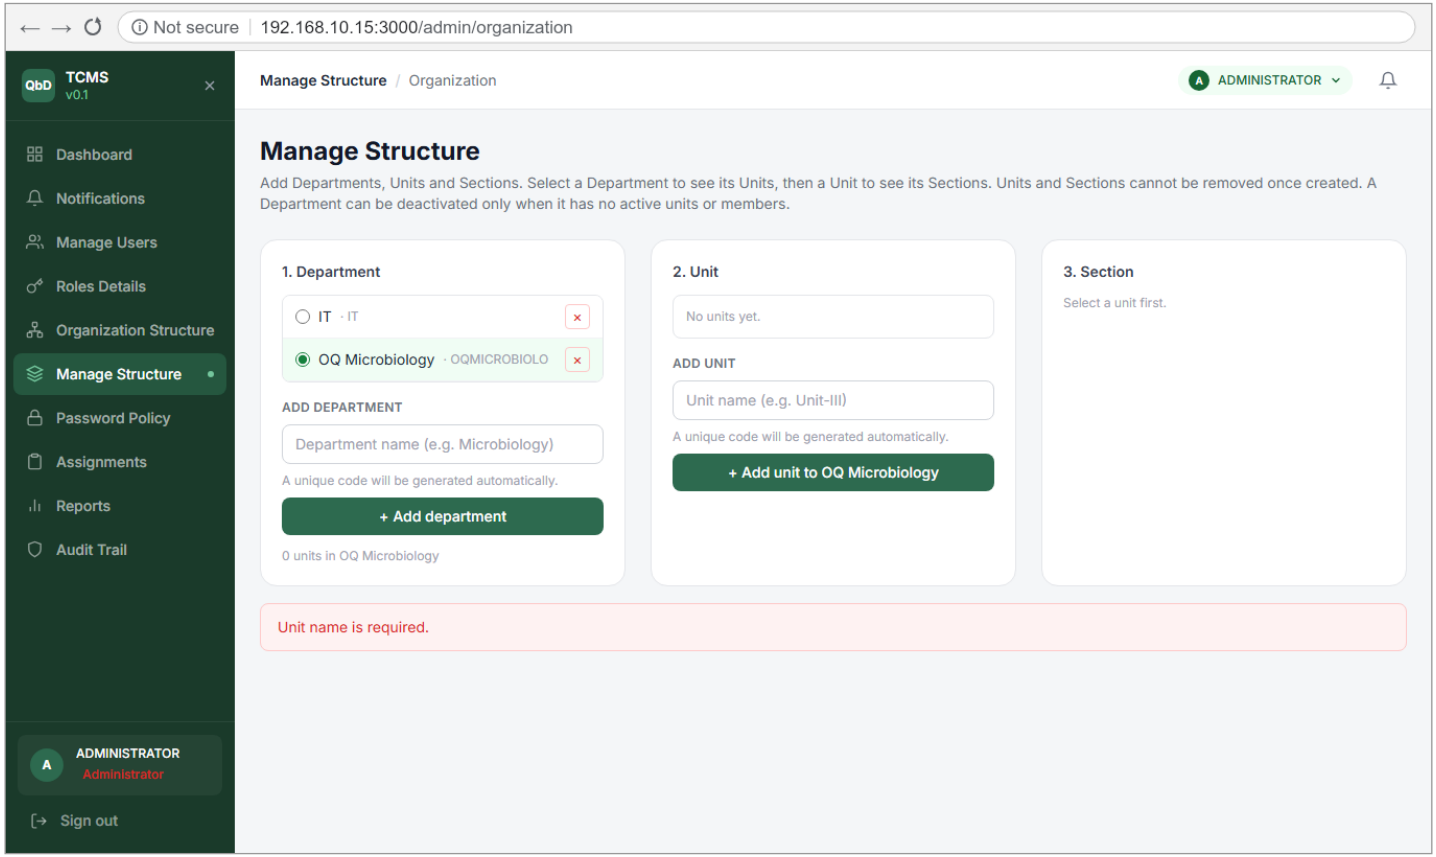
Test Objective :	To verify creation of a department with an auto-generated unique code.			
Test Procedure :			Expected Result :	
In "Confirm new department" window, type Reason / Justification (minimum 10 characters) & Password, then click on "Confirm action" button.			Department should be created with an automatically generated unique code.	
Test ID : 8.1.5	Step No : 7.1	Attachment No. : 93	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:21



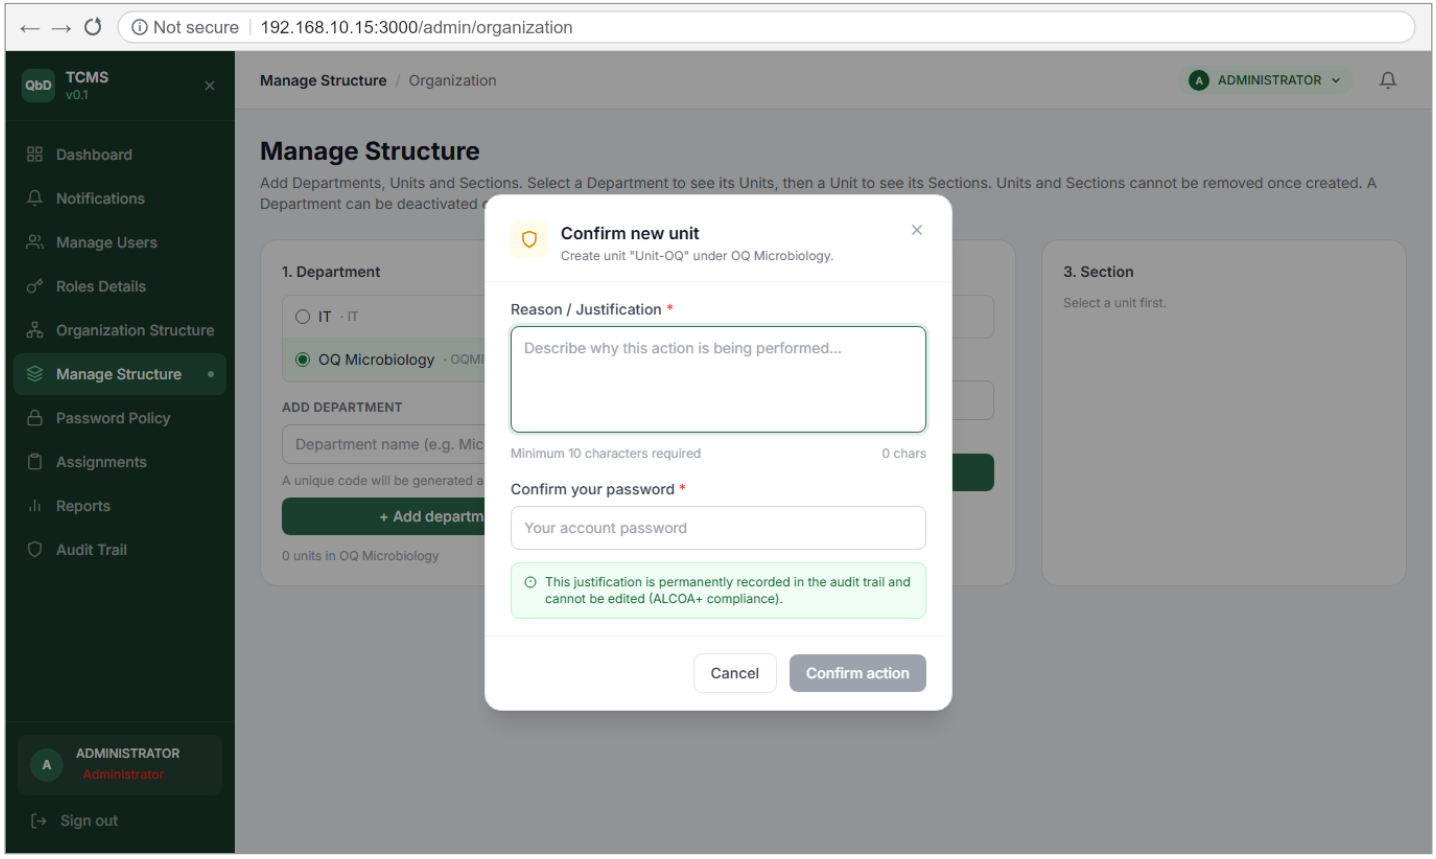
Test Objective :	To verify that a duplicate department name is not allowed.			
Test Procedure :			Expected Result :	
Enter Department name = OQ Microbiology again & click on "Add department". Complete the e-signature.			"Department "OQ Microbiology" already exists" message should be displayed.	
Test ID : 8.1.5	Step No : 8.1	Attachment No. : 94	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:21



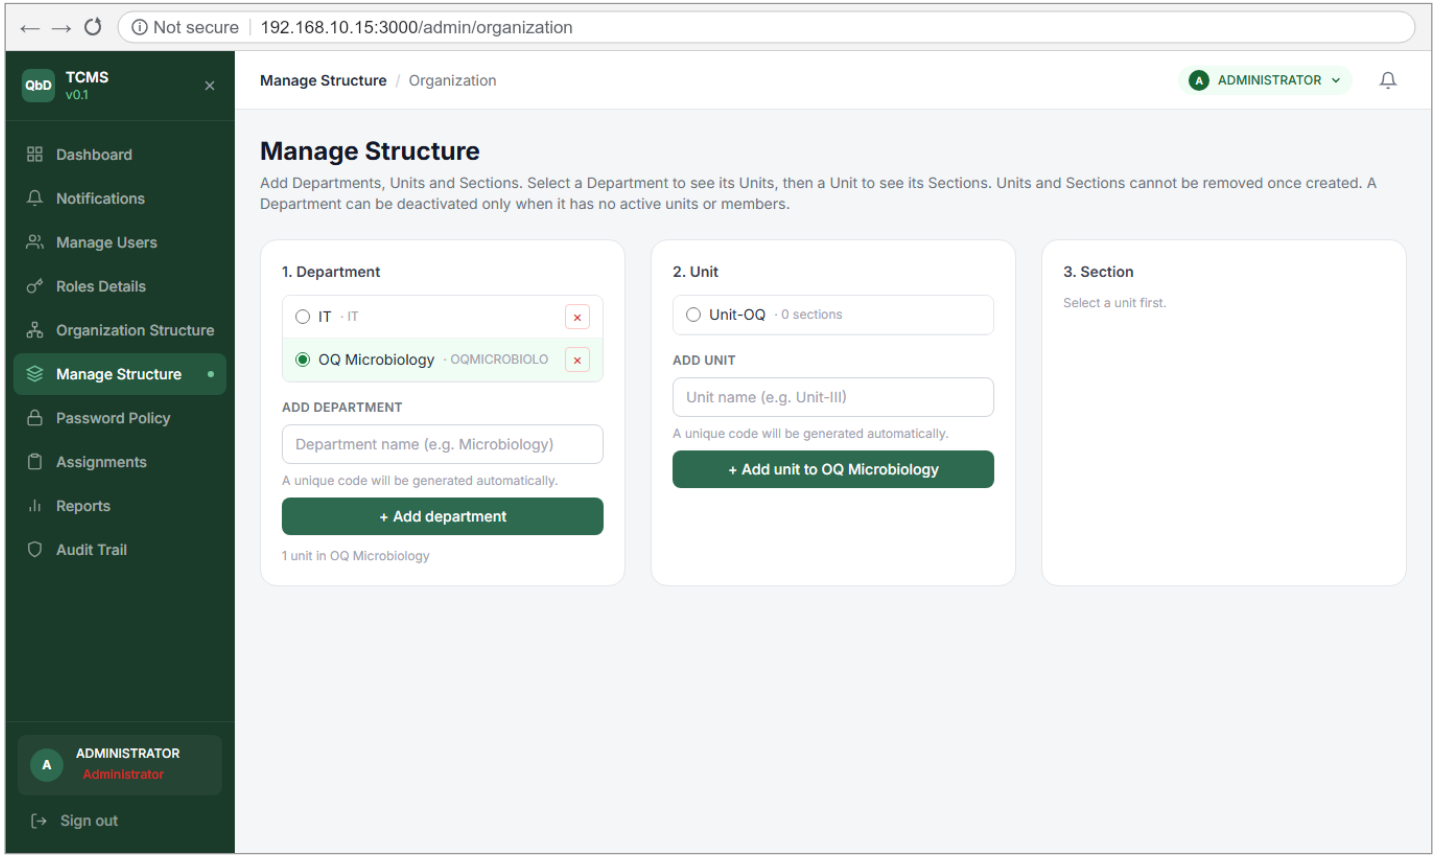
Test Objective :	To verify the mandatory validation of Unit name.			
Test Procedure :			Expected Result :	
Select the department OQ Microbiology & click on "Add unit" without Unit name.			"Unit name is required." message should be displayed.	
Test ID : 8.1.5	Step No : 9.1	Attachment No. : 95	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:21



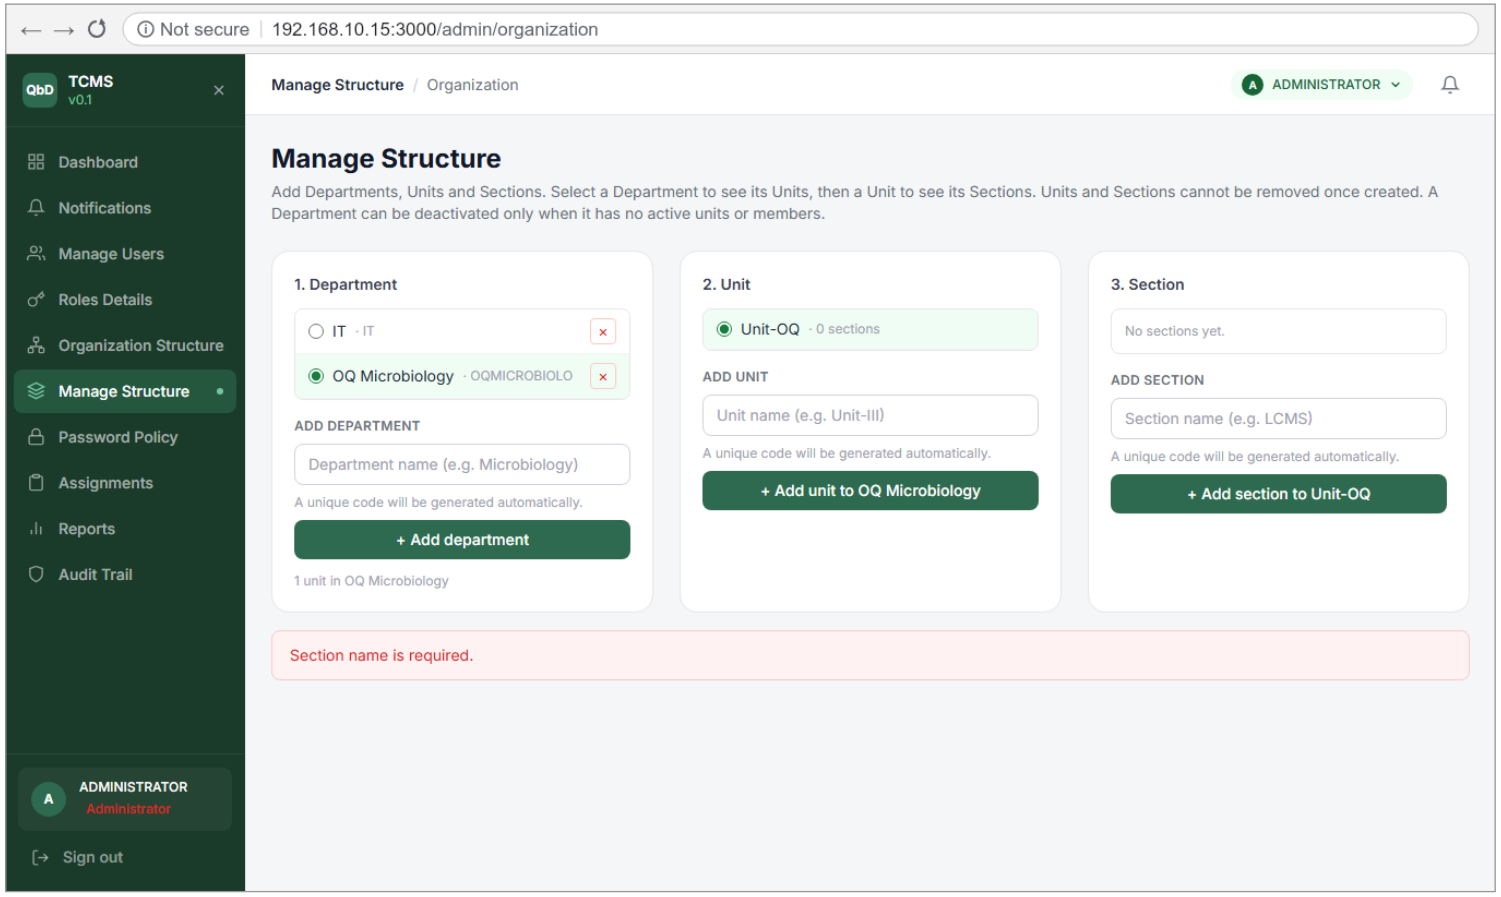
Test Objective :	To verify that adding a unit requests electronic signature.			
Test Procedure :			Expected Result :	
Enter Unit name = Unit-OQ & click on "Add unit".			"Confirm new unit" window — Create unit "Unit-OQ" under OQ Microbiology. — should be displayed.	
Test ID : 8.1.5	Step No : 10.1	Attachment No. : 96	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:21



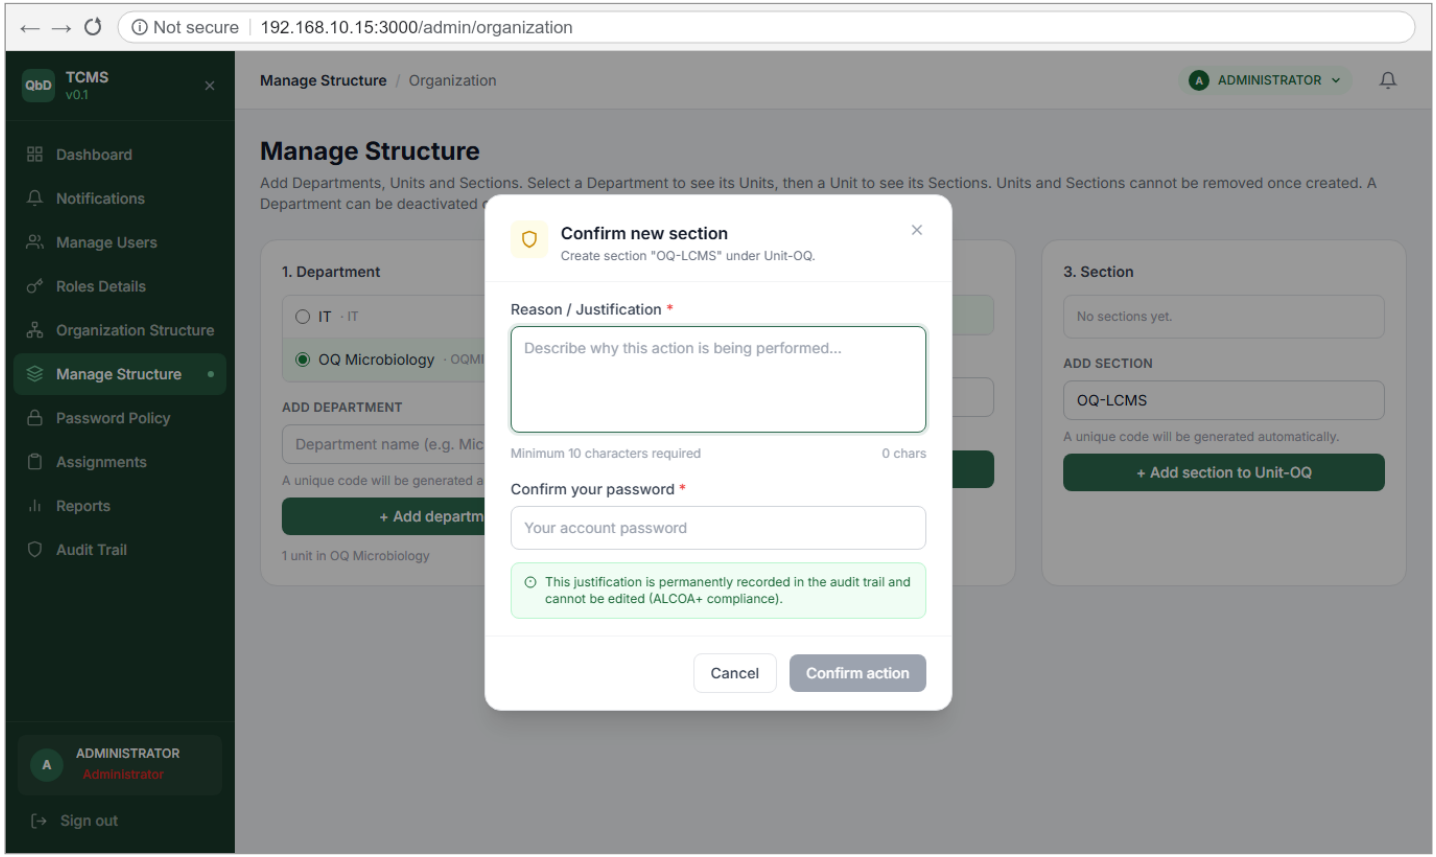
Test Objective :	To verify creation of a unit under the selected department.			
Test Procedure :			Expected Result :	
In "Confirm new unit" window, type Reason / Justification (minimum 10 characters) & Password, then click on "Confirm action" button.			Unit-OQ should be created under OQ Microbiology.	
Test ID : 8.1.5	Step No : 11.1	Attachment No. : 97	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:22



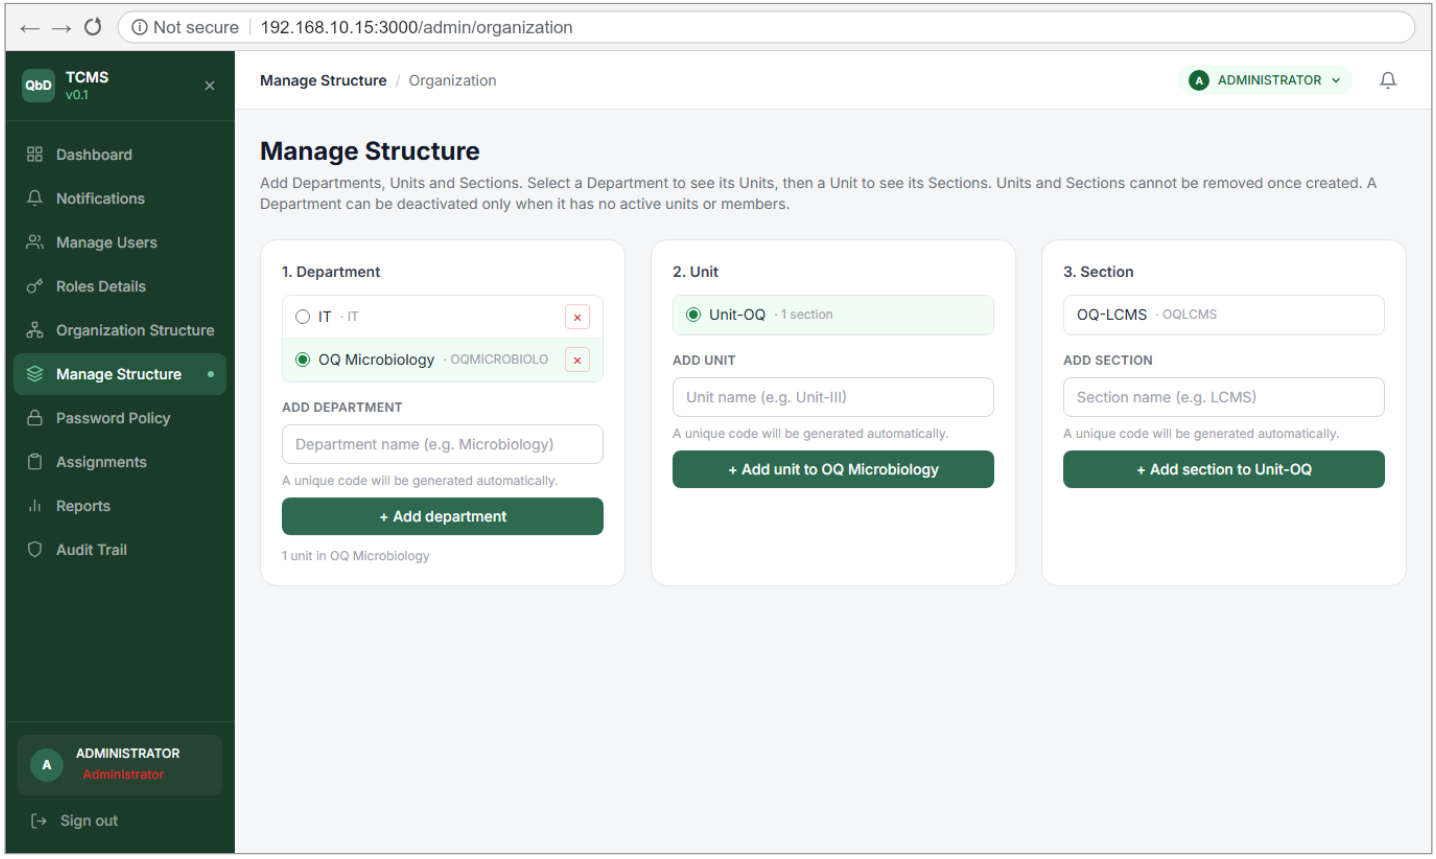
Test Objective :	To verify the mandatory validation of Section name.			
Test Procedure :			Expected Result :	
Select Unit-OQ & click on "Add section" without Section name.			"Section name is required." message should be displayed.	
Test ID : 8.1.5	Step No : 12.1	Attachment No. : 98	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:22



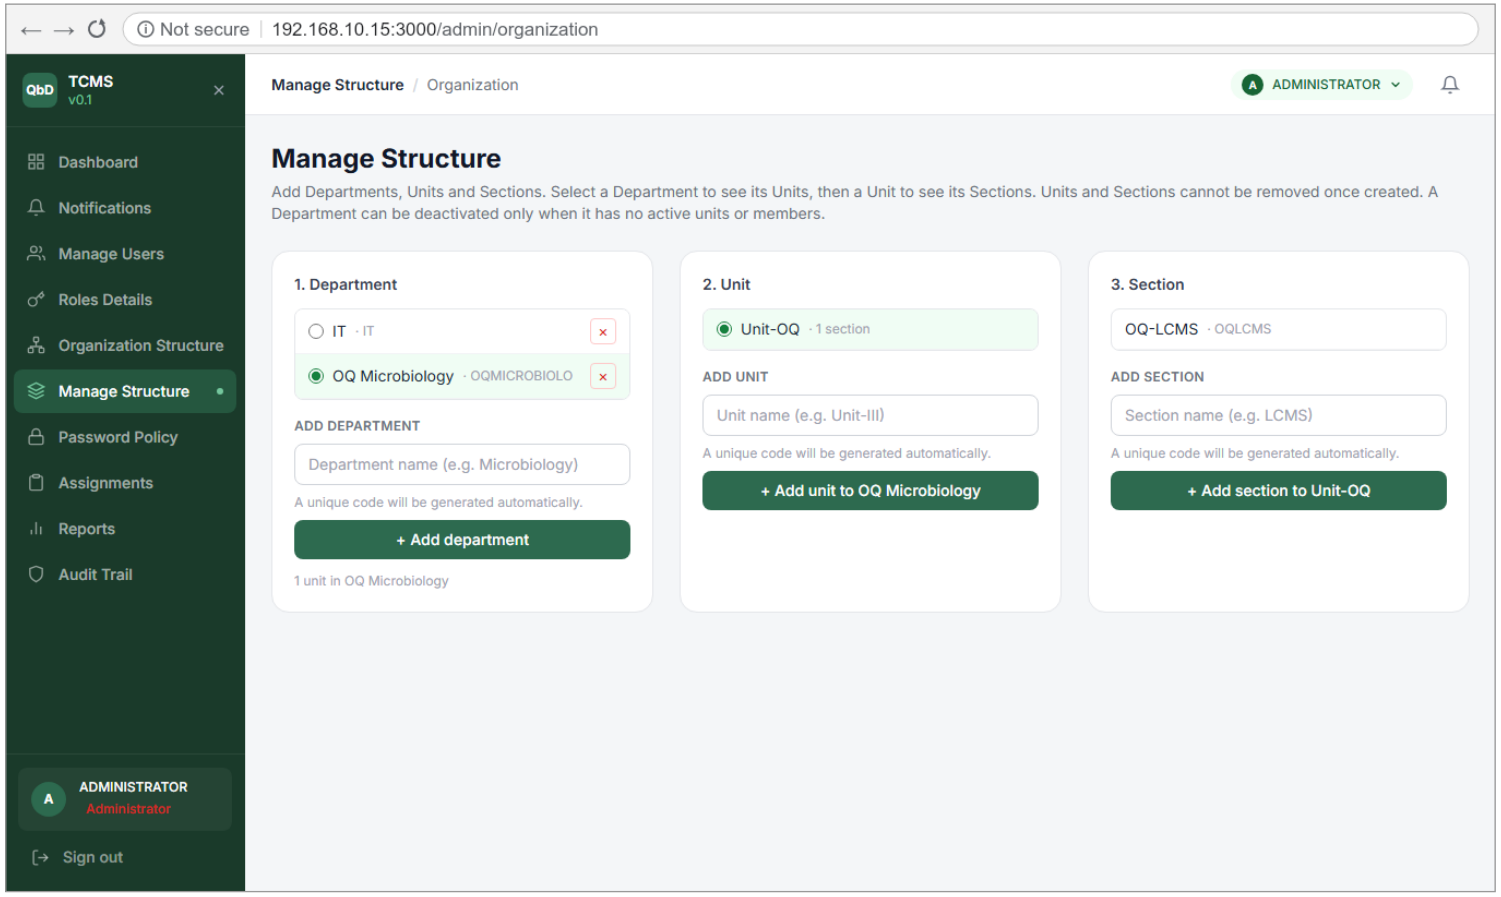
Test Objective :	To verify that adding a section requests electronic signature.			
Test Procedure :			Expected Result :	
Enter Section name = OQ-LCMS & click on "Add section".			"Confirm new section" window — Create section "OQ-LCMS" under Unit-OQ. — should be displayed.	
Test ID : 8.1.5	Step No : 13.1	Attachment No. : 99	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:22



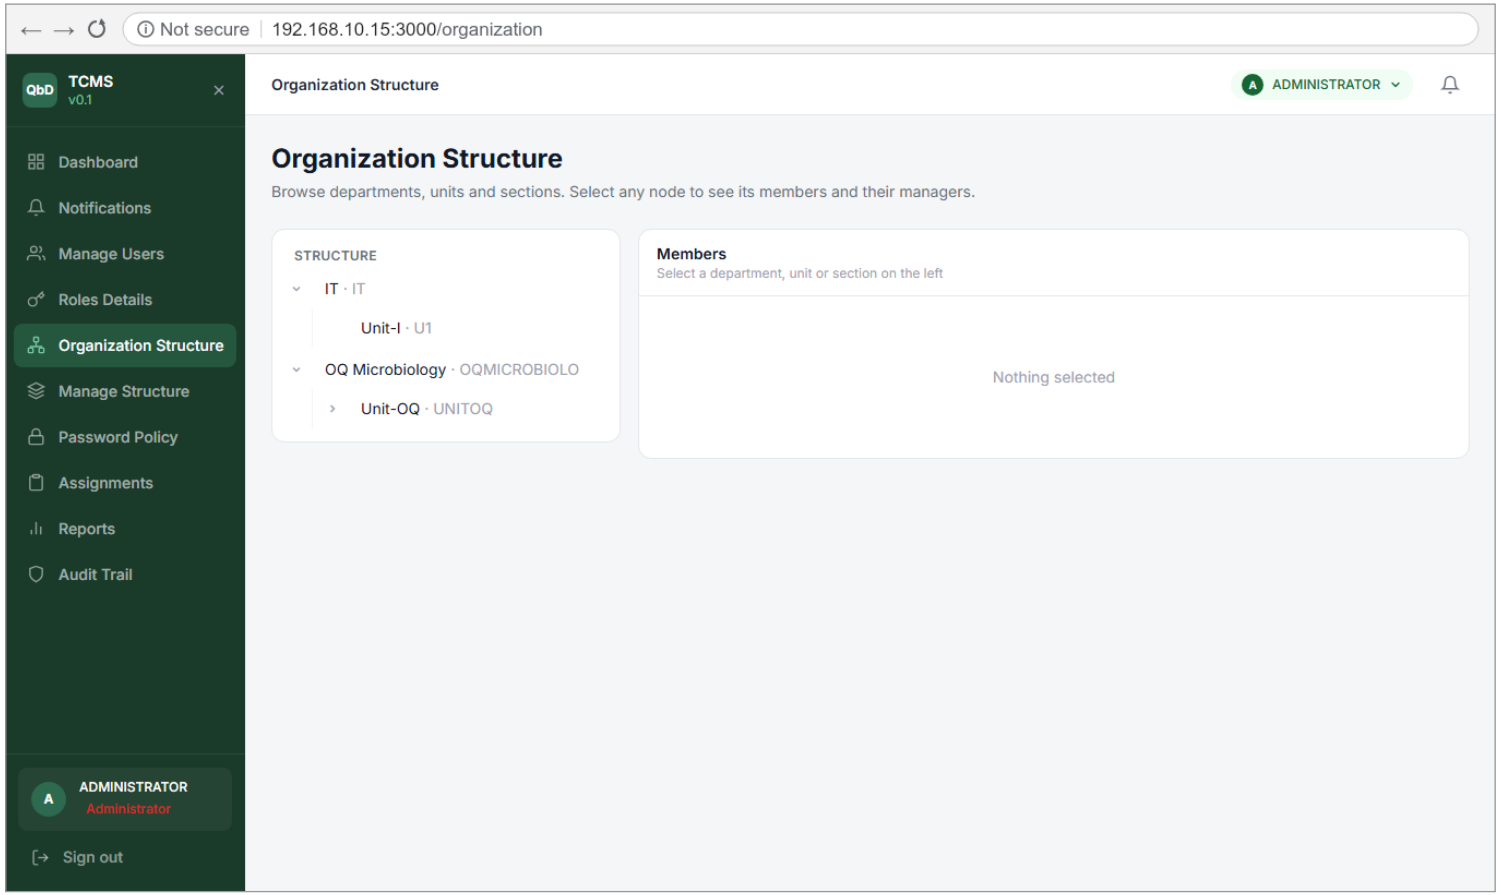
Test Objective :	To verify creation of a section under the selected unit.			
Test Procedure :			**Expected Result :**	
In "Confirm new section" window, type Reason / Justification (minimum 10 characters) & Password, then click on "Confirm action" button.			Section OQ-LCMS should be created under Unit-OQ.	
Test ID : 8.1.5	Step No : 14.1	Attachment No. : 100	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:22



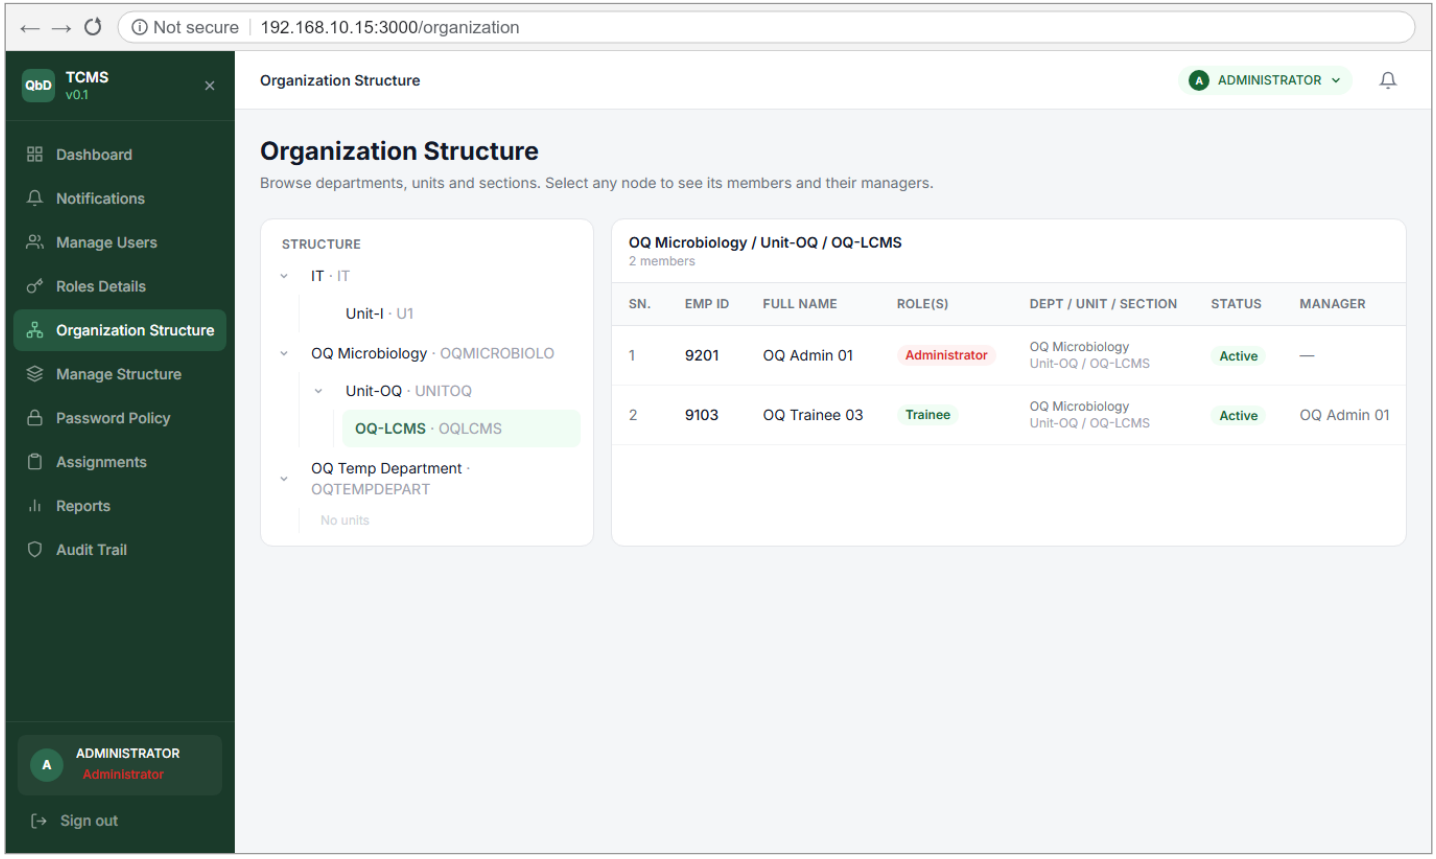
Test Objective :	To verify that units and sections cannot be deleted or deactivated.			
Test Procedure :			Expected Result :	
Verify the options available against Unit-OQ and section OQ-LCMS.			No delete / deactivate option should be available for units and sections.	
Test ID : 8.1.5	Step No : 15.1	Attachment No. : 101	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:22



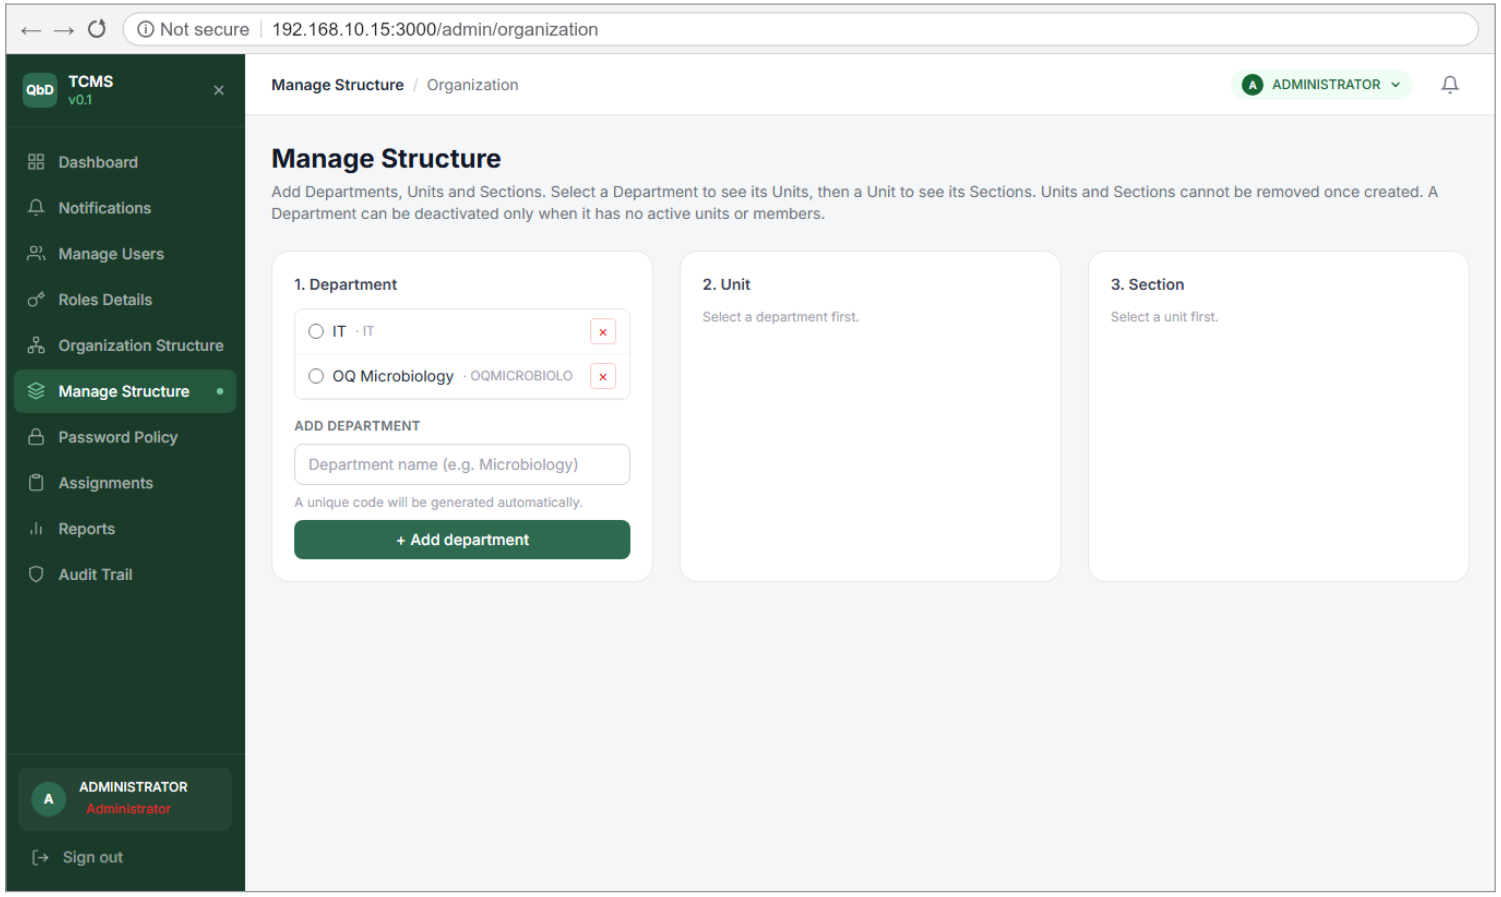
Test Objective :	To verify navigation to the Organization Structure page.			
Test Procedure :			Expected Result :	
Click on "Organization Structure" menu from the left panel.			Organization Structure page should be displayed with the department tree.	
Test ID : 8.1.5	Step No : 16.1	Attachment No. : 102	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:28



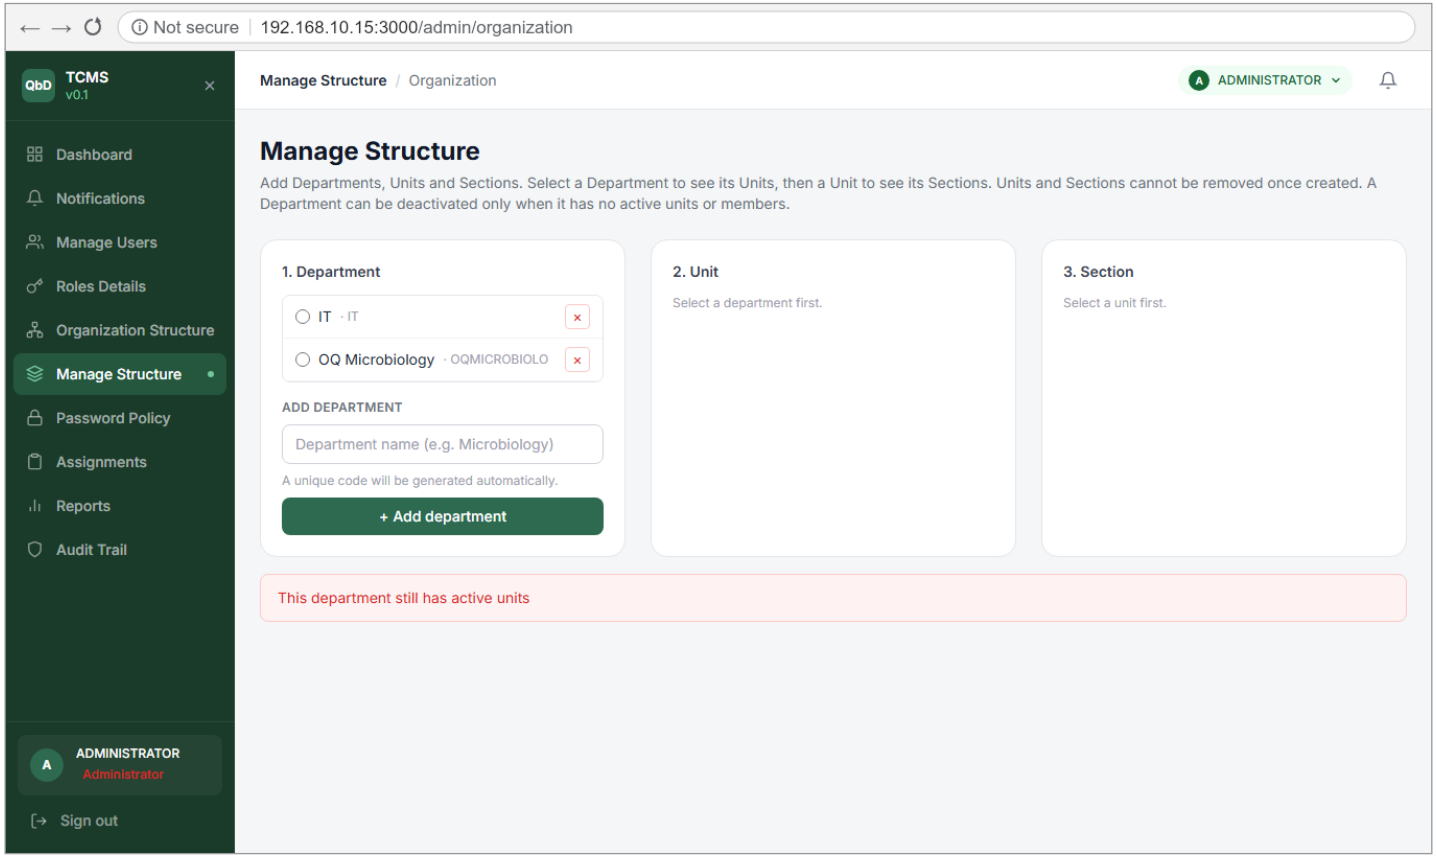
Test Objective :	To verify display of members and managers for a selected organization node.			
Test Procedure :			Expected Result :	
Expand OQ Microbiology > Unit-OQ & select OQ-LCMS.			Selected node should display its members and their managers ("Nothing selected" before selection).	
Test ID : 8.1.5	Step No : 17.1	Attachment No. : 103	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:31



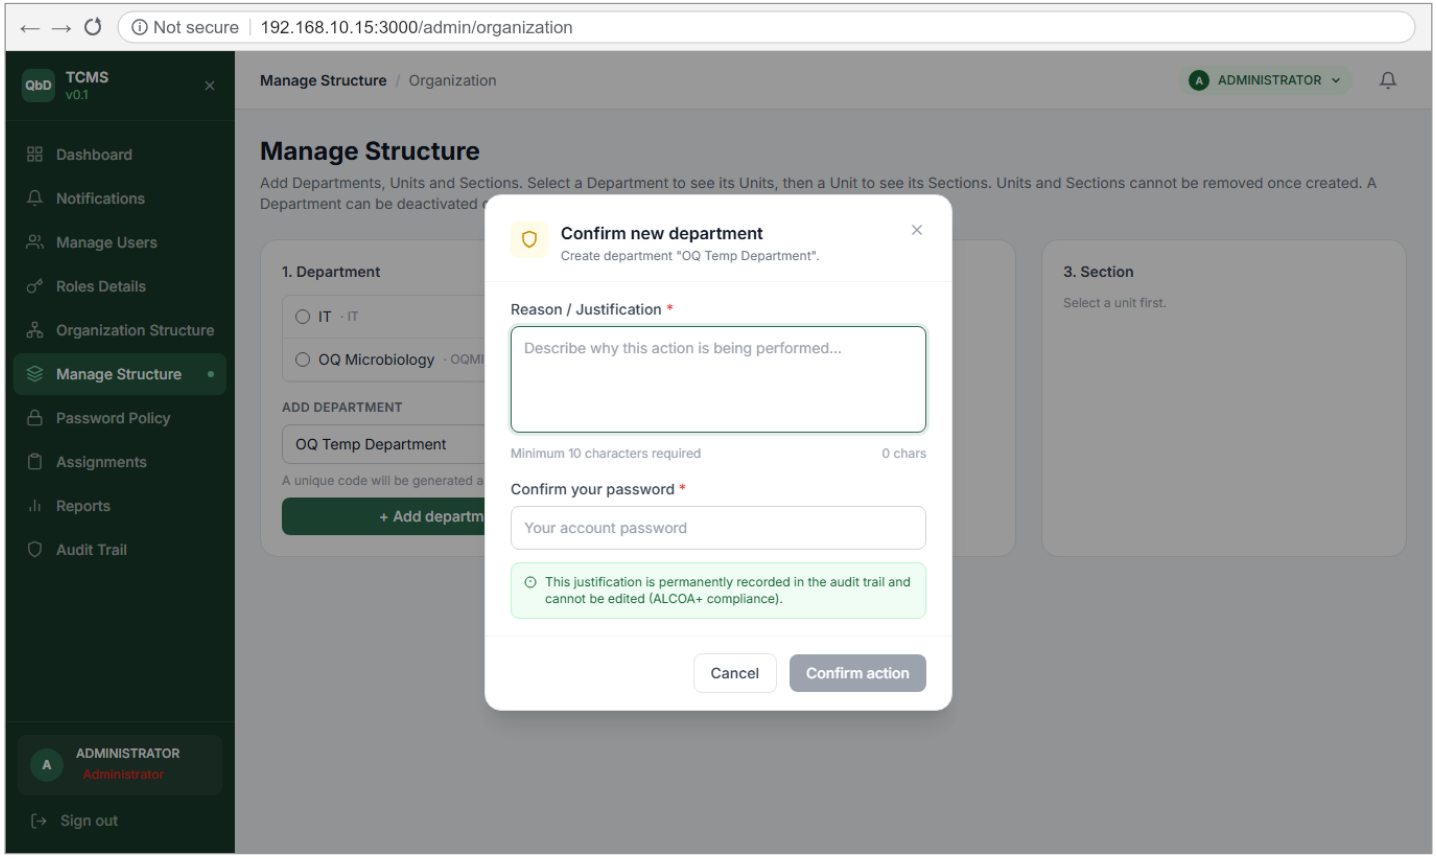
Test Objective :	To verify navigation to the Manage Structure page.			
Test Procedure :			Expected Result :	
Click on "Manage Structure" menu from the left panel.			Manage Structure page should be displayed.	
Test ID : 8.1.5	Step No : 18.1	Attachment No. : 104	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:28



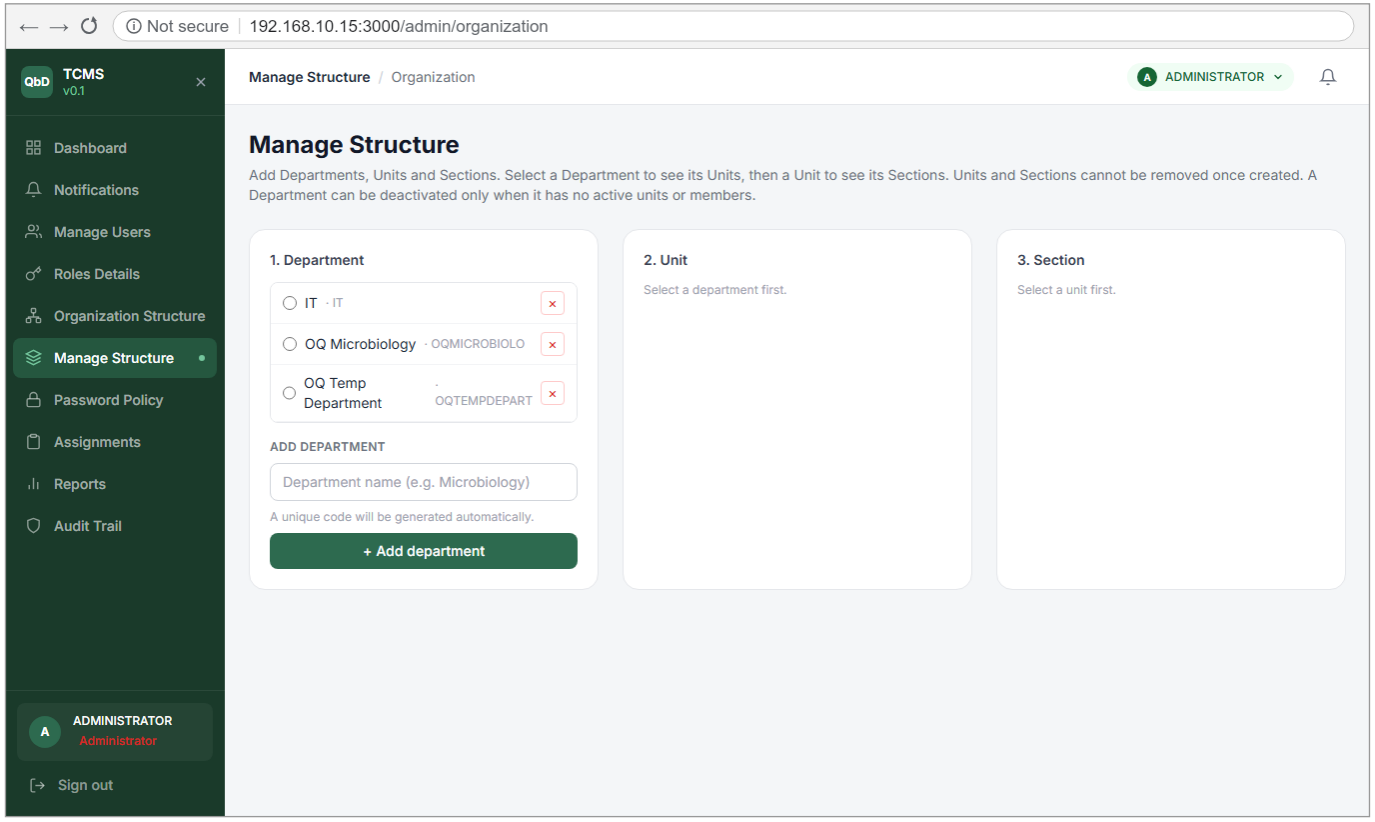
Test Objective :	To verify that a department having active units cannot be deactivated.			
Test Procedure :			Expected Result :	
Click on "Deactivate OQ Microbiology" & complete the e-signature.			"This department still has active units" message should be displayed & department should remain active.	
Test ID : 8.1.5	Step No : 19.1	Attachment No. : 105	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:28



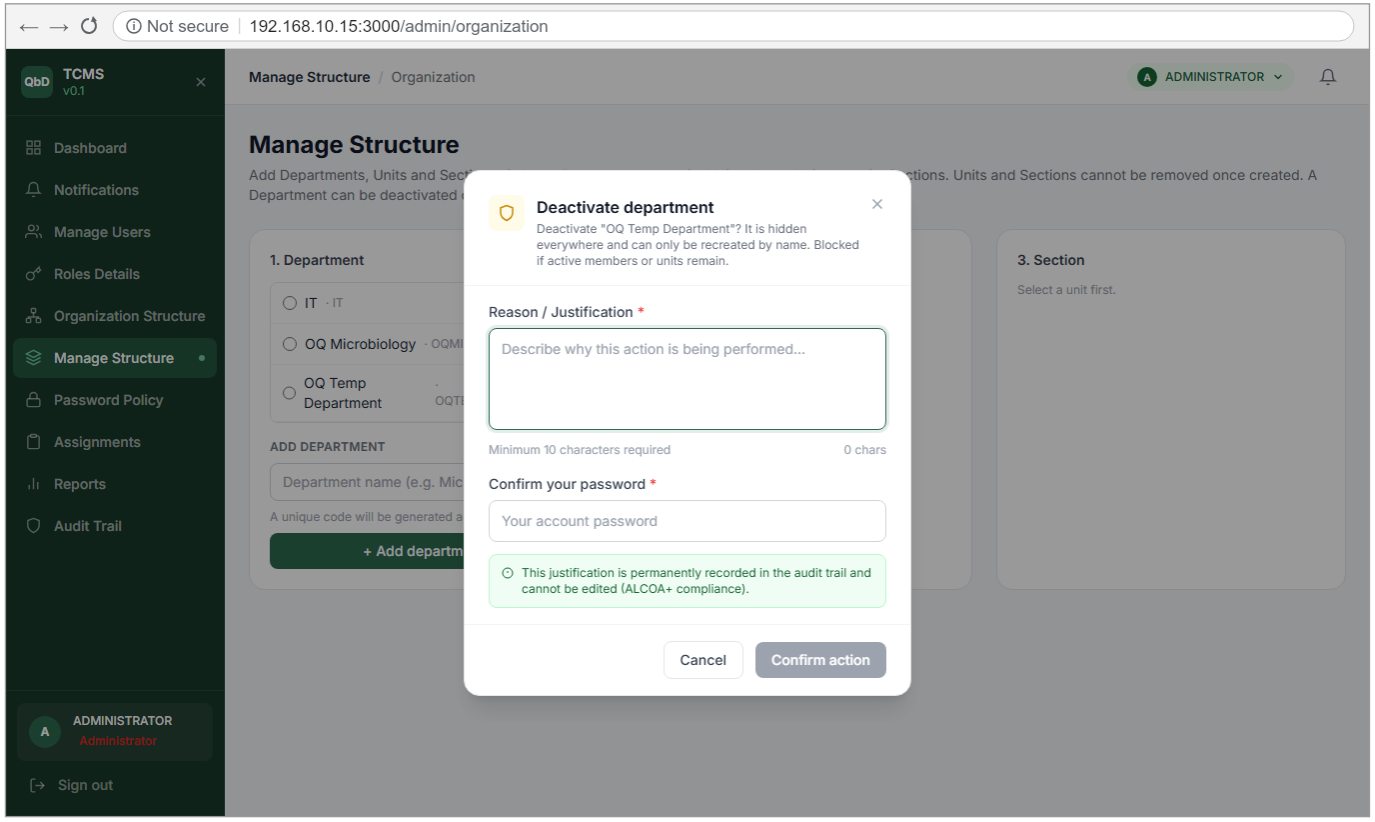
Test Objective :	To verify creation of a department without units for the deactivation check.			
Test Procedure :			Expected Result :	
Enter Department name = OQ Temp Department & click on "Add department".			"Confirm new department" window should be displayed.	
Test ID : 8.1.5	Step No : 20.1	Attachment No. : 106	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:28



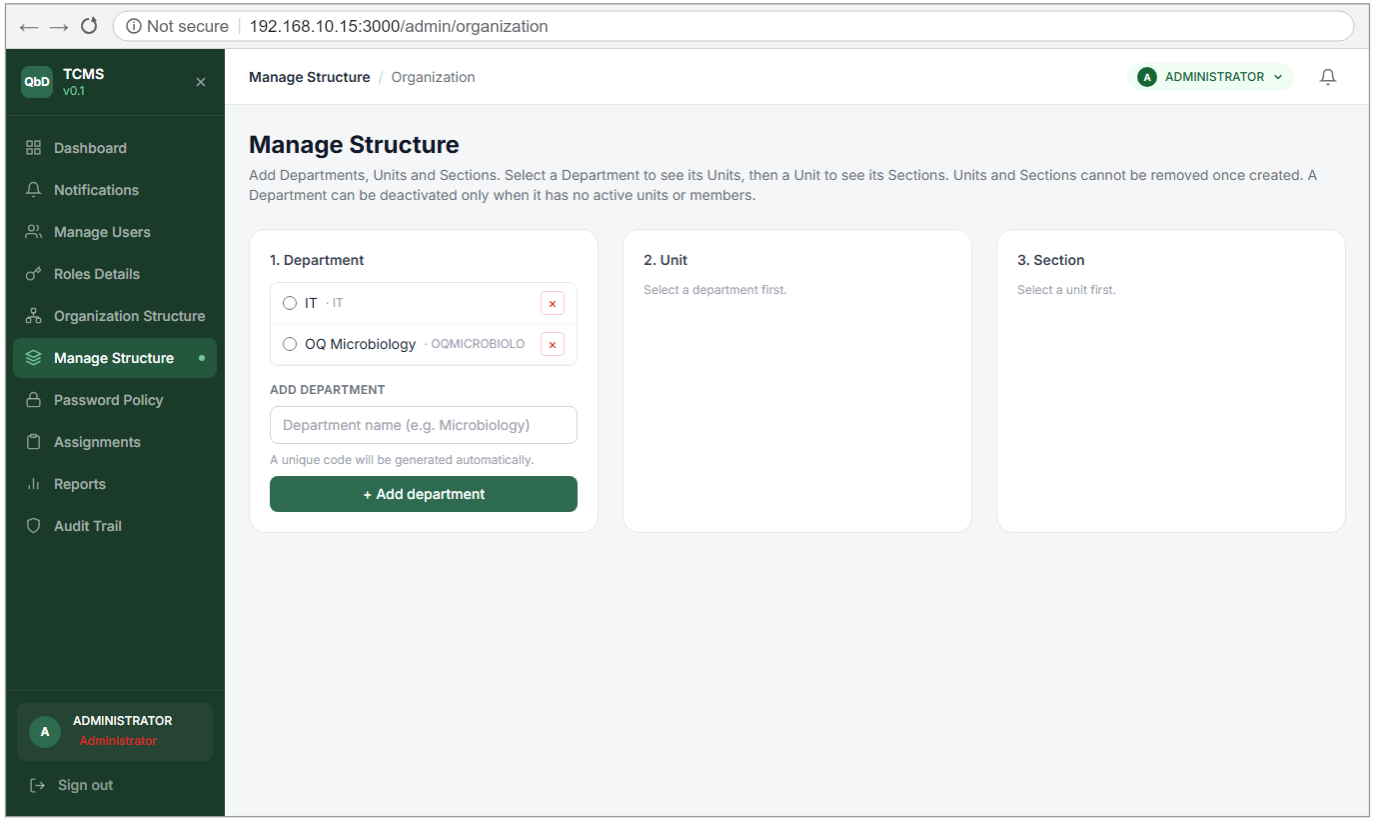
Test Objective :	To verify creation of a second department with electronic signature.			
Test Procedure :			**Expected Result :**	
In "Confirm new department" window, type Reason / Justification (minimum 10 characters) & Password, then click on "Confirm action" button.			**Department OQ Temp Department should be created.**	
Test ID : 8.1.5	**Step No : 21.1**	**Attachment No. : 107**	**Result : Pass**	**Executed By : _____ Date & Time : 12-Nov-26 14:28**



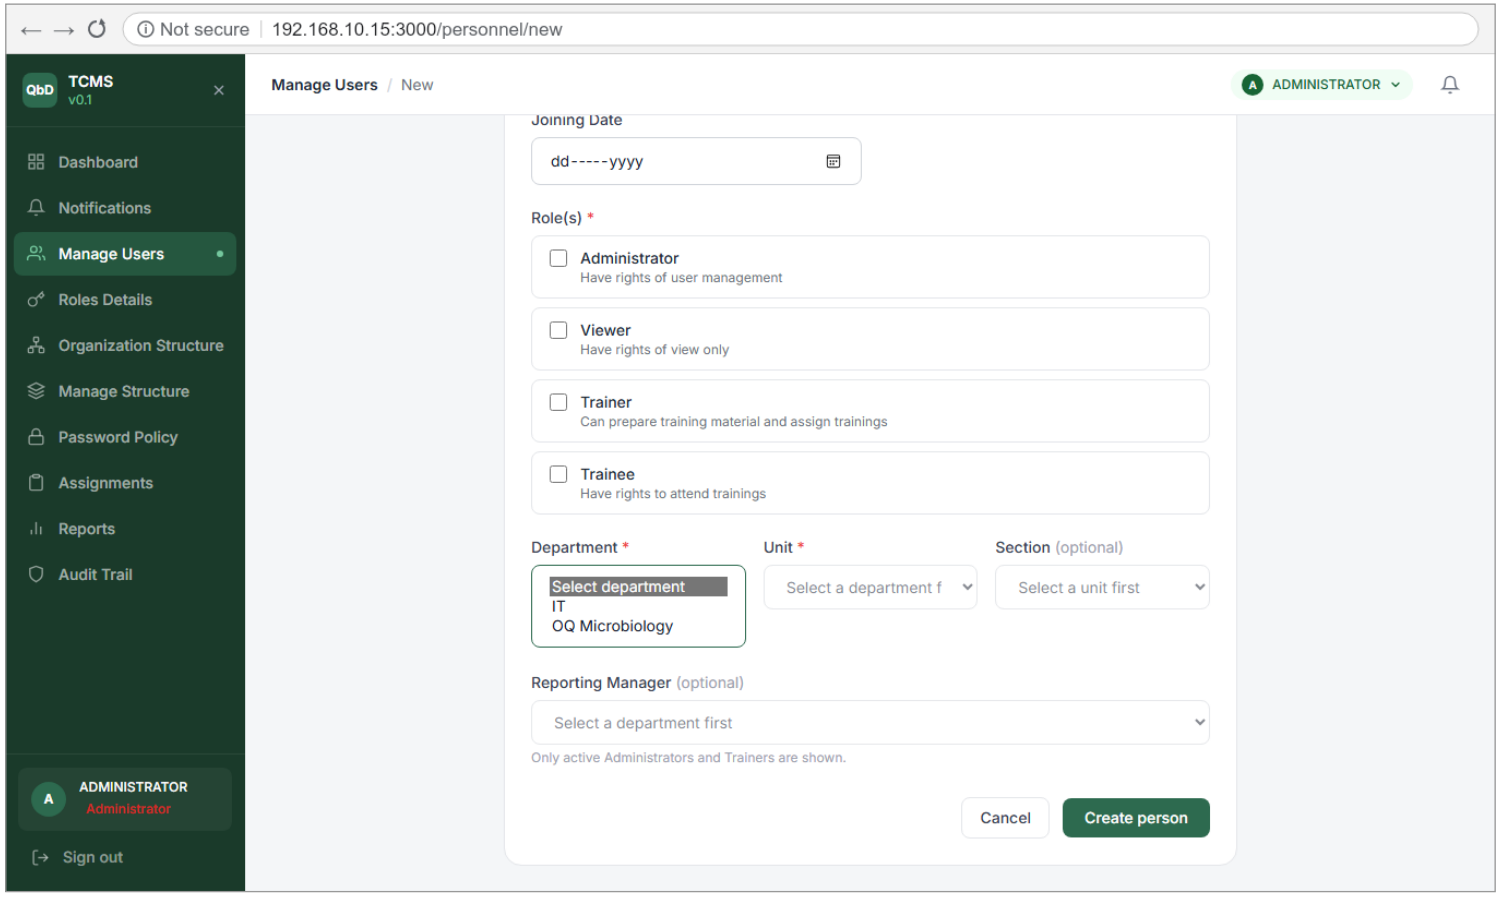
Test Objective :	To verify that department deactivation displays its impact before confirmation.			
Test Procedure :			Expected Result :	
Click on "Deactivate OQ Temp Department".			"Deactivate department" window — Deactivate "OQ Temp Department"? It is hidden everywhere and can only be recreated by name. Blocked if active members or units remain. — should be displayed.	
Test ID : 8.1.5	Step No : 22.1	Attachment No. : 108	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:28



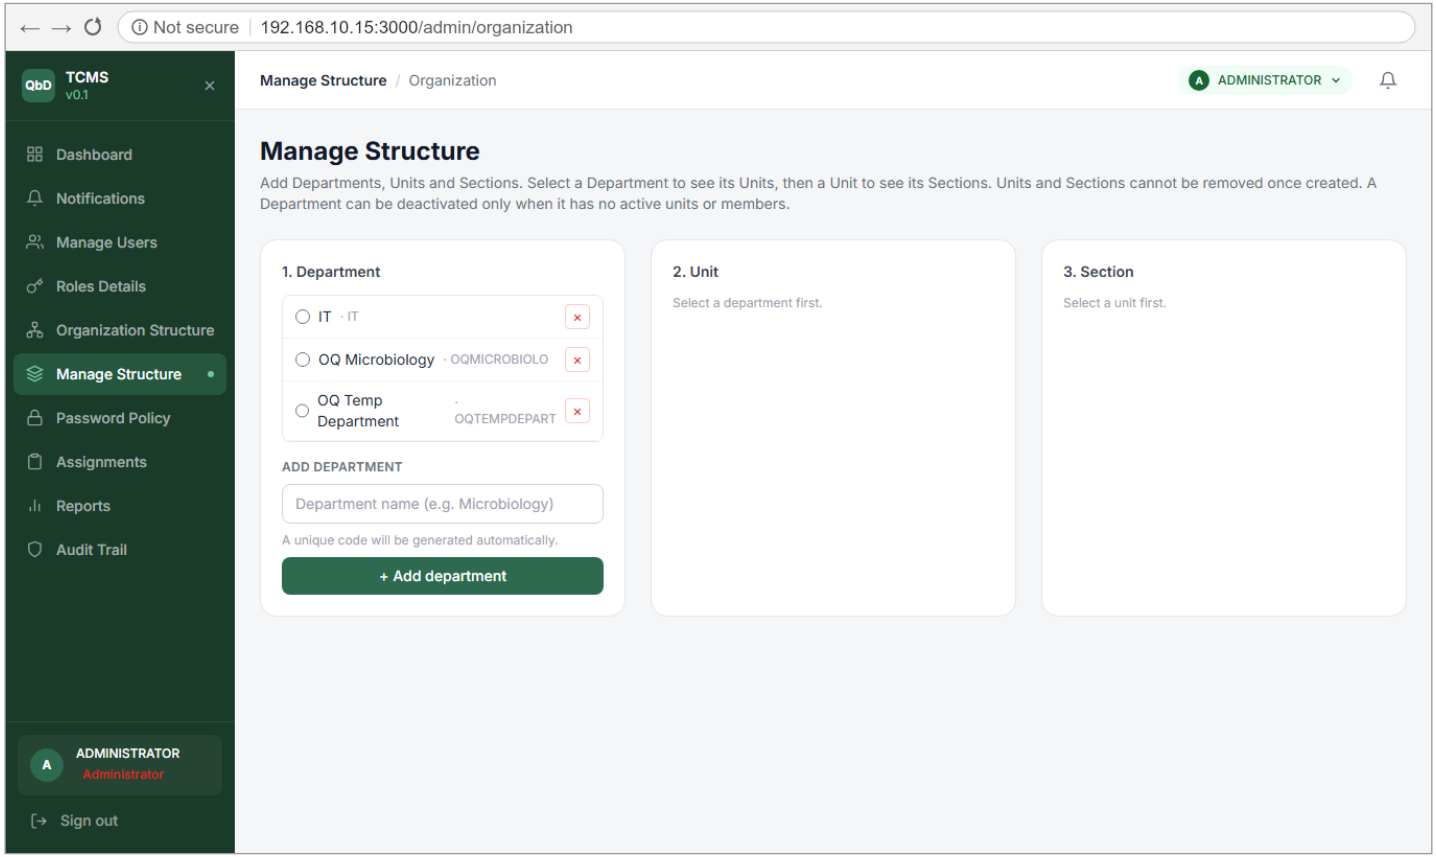
Test Objective :	To verify deactivation of a department without units or members.			
Test Procedure :			Expected Result :	
In "Deactivate department" window, type Reason / Justification (minimum 10 characters) & Password, then click on "Confirm action" button.			Department OQ Temp Department should be deactivated & no longer listed.	
Test ID : 8.1.5	Step No : 23.1	Attachment No. : 109	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:28



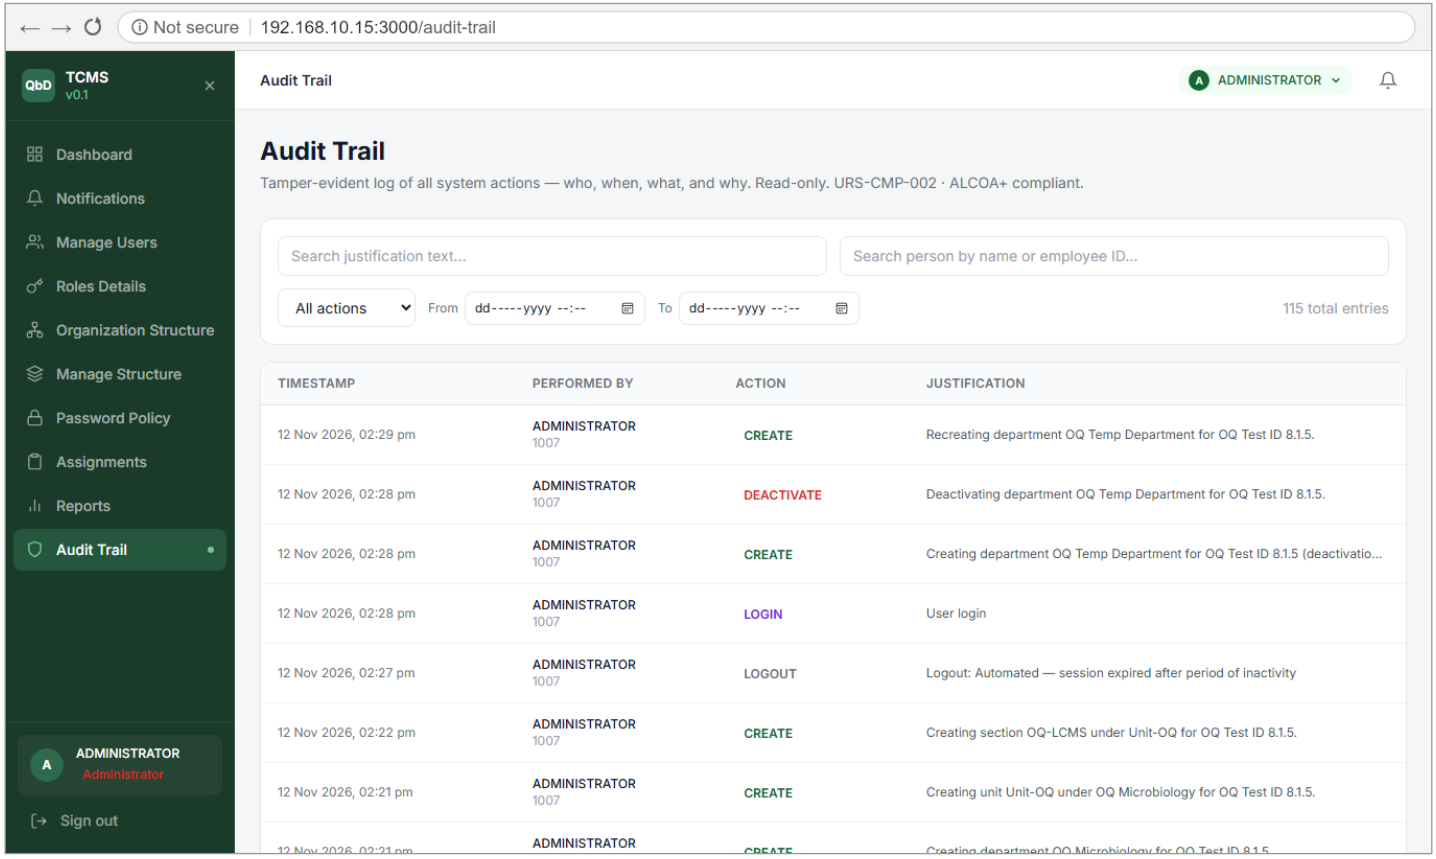
Test Objective :	To verify that a deactivated department is hidden from department selection.			
Test Procedure :			Expected Result :	
Open Manage Users > Create user & open the Department drop-down.			OQ Temp Department should not be listed.	
Test ID : 8.1.5	Step No : 24.1	Attachment No. : 110	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:28



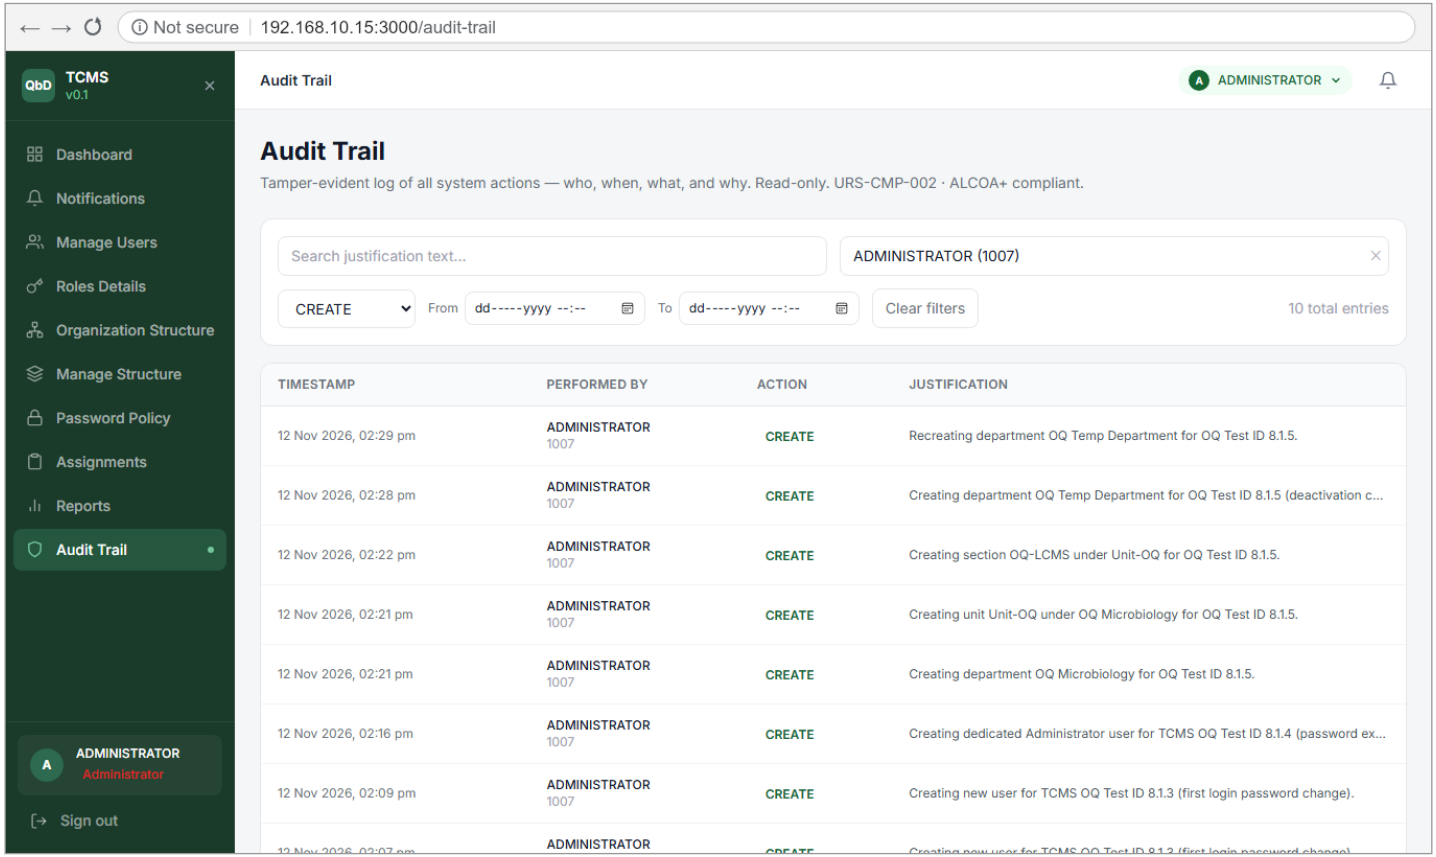
Test Objective :	To verify that a deactivated department can be recreated by name.			
Test Procedure :			Expected Result :	
On Manage Structure, enter Department name = OQ Temp Department & click on "Add department". Complete the e-signature.			OQ Temp Department should be active & listed again.	
Test ID : 8.1.5	Step No : 25.1	Attachment No. : 111	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:29



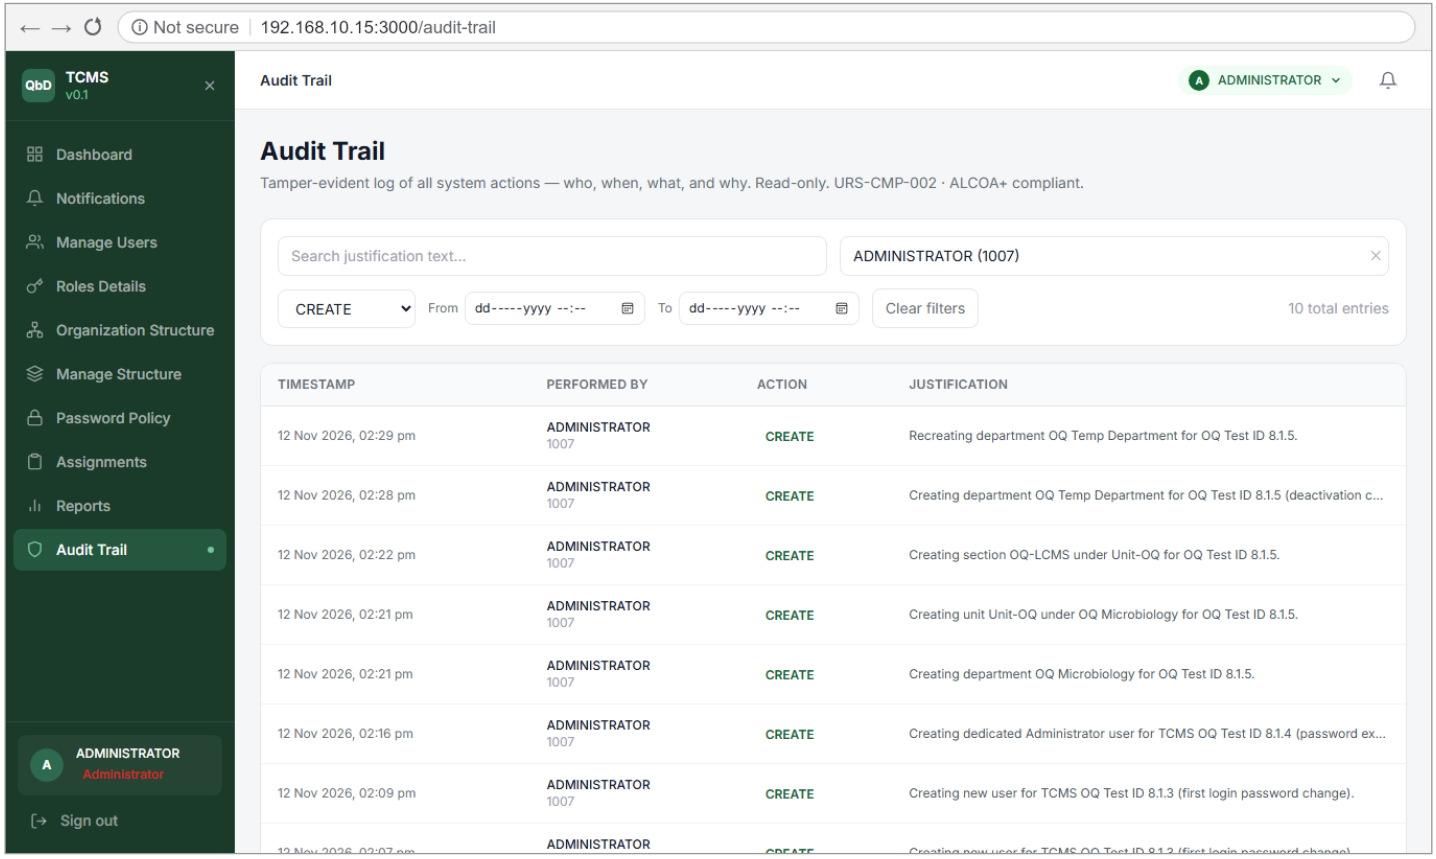
Test Objective :	To verify navigation to the Audit Trail page.			
Test Procedure :			**Expected Result :**	
Click on "Audit Trail" menu from the left panel.			Audit Trail page should be displayed with Timestamp, Performed By, Action & Justification columns.	
Test ID : 8.1.5	Step No : 26.1	Attachment No. : 112	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:29



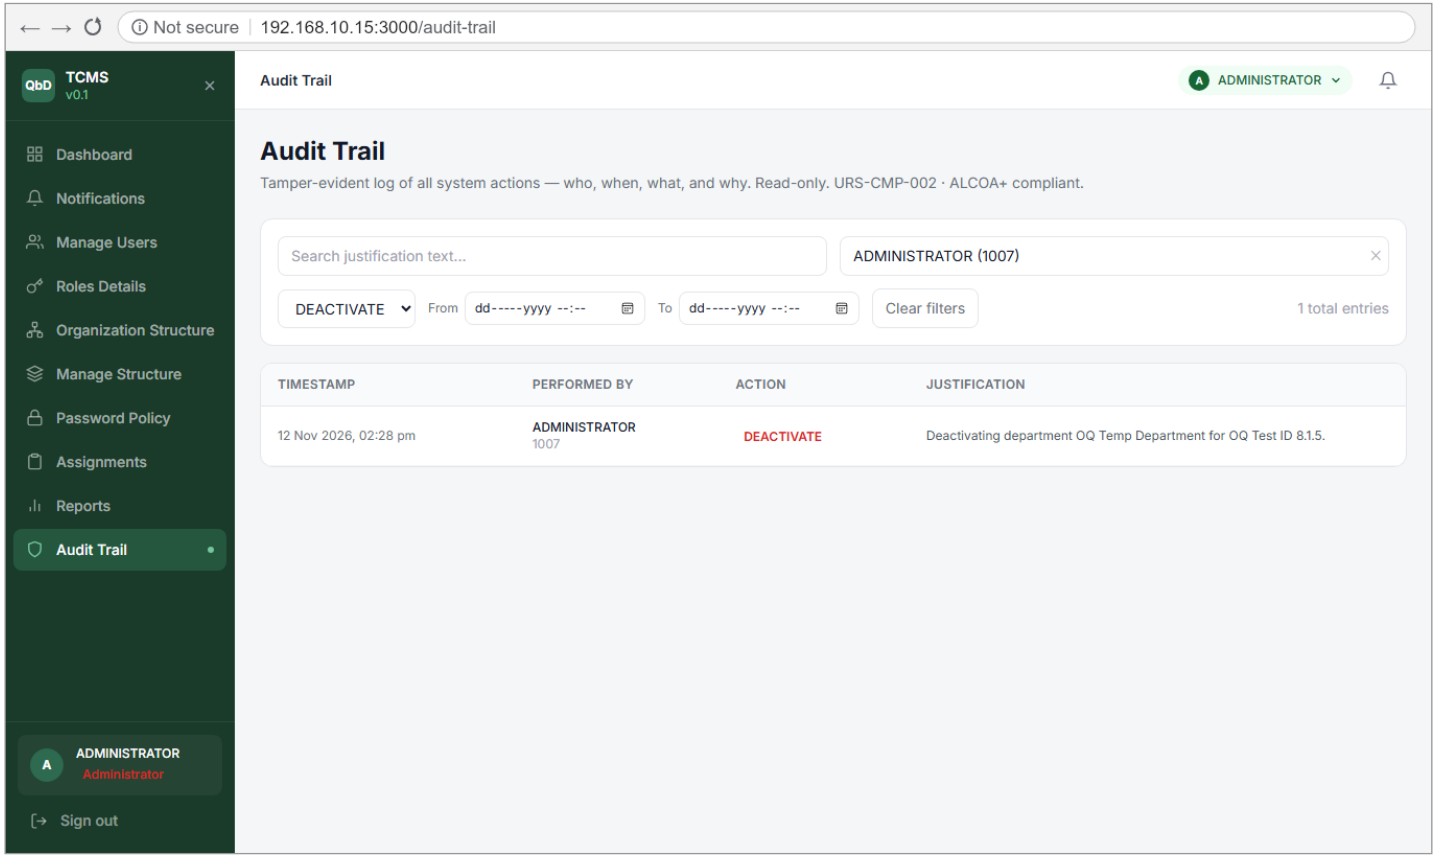
Test Objective :	To verify filtering of the audit trail by user and action (CREATE).			
Test Procedure :			Expected Result :	
Search the performing user by name / Employee ID & select "CREATE" from the All actions drop-down.			Audit log entries should be filtered for the selected user and action.	
Test ID : 8.1.5	Step No : 27.1	Attachment No. : 113	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:29



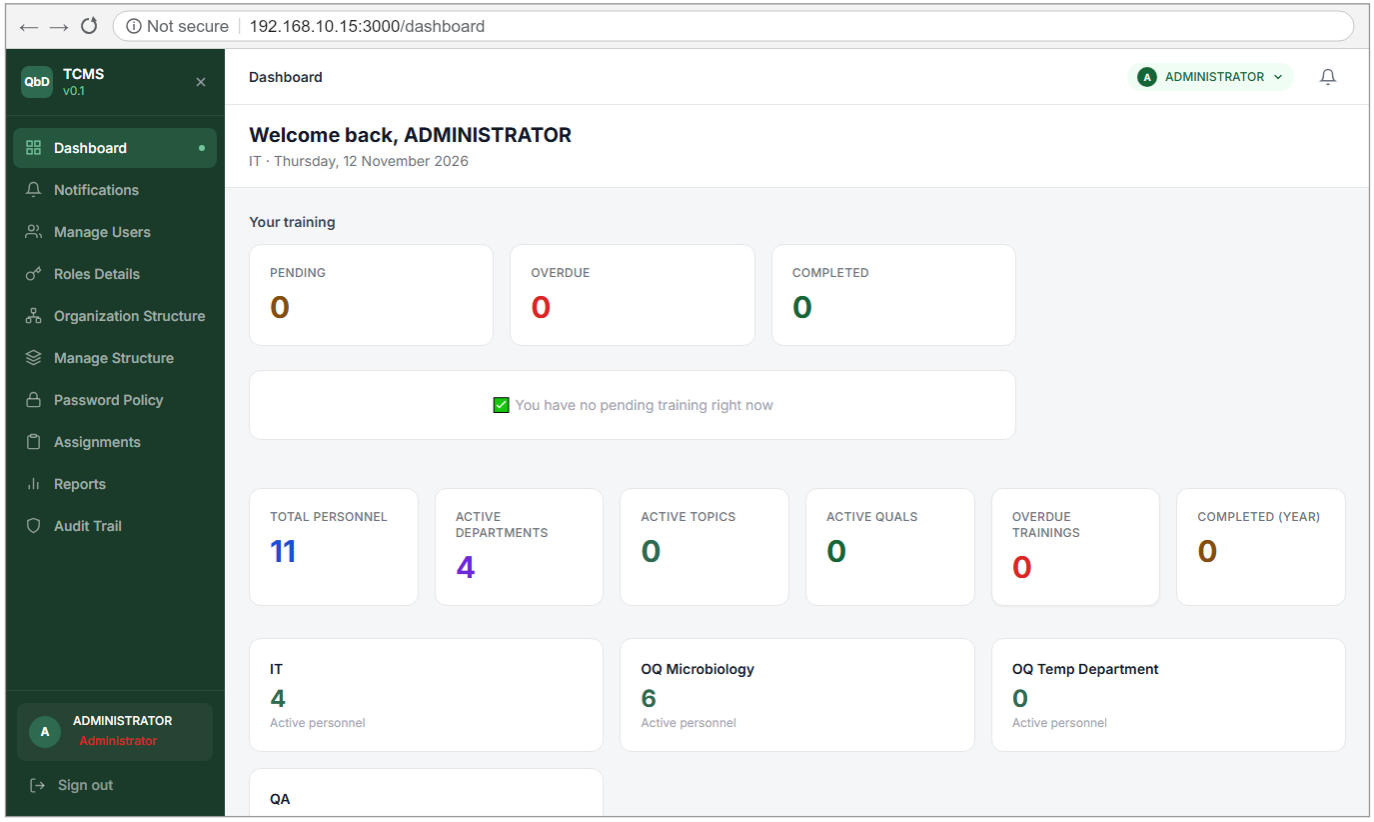
Test Objective :	To verify that the audit trail records creation of department, unit and section.			
Test Procedure :			**Expected Result :**	
Verify the audit trail entry for creation of department, unit and section.			Audit entry should display Timestamp (dd MMM yyyy, hh:mm am/pm), Performed By (name & Employee ID), Action = CREATE and the Justification entered.	
Test ID : 8.1.5	Step No : 28.1	Attachment No. : 114	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:29



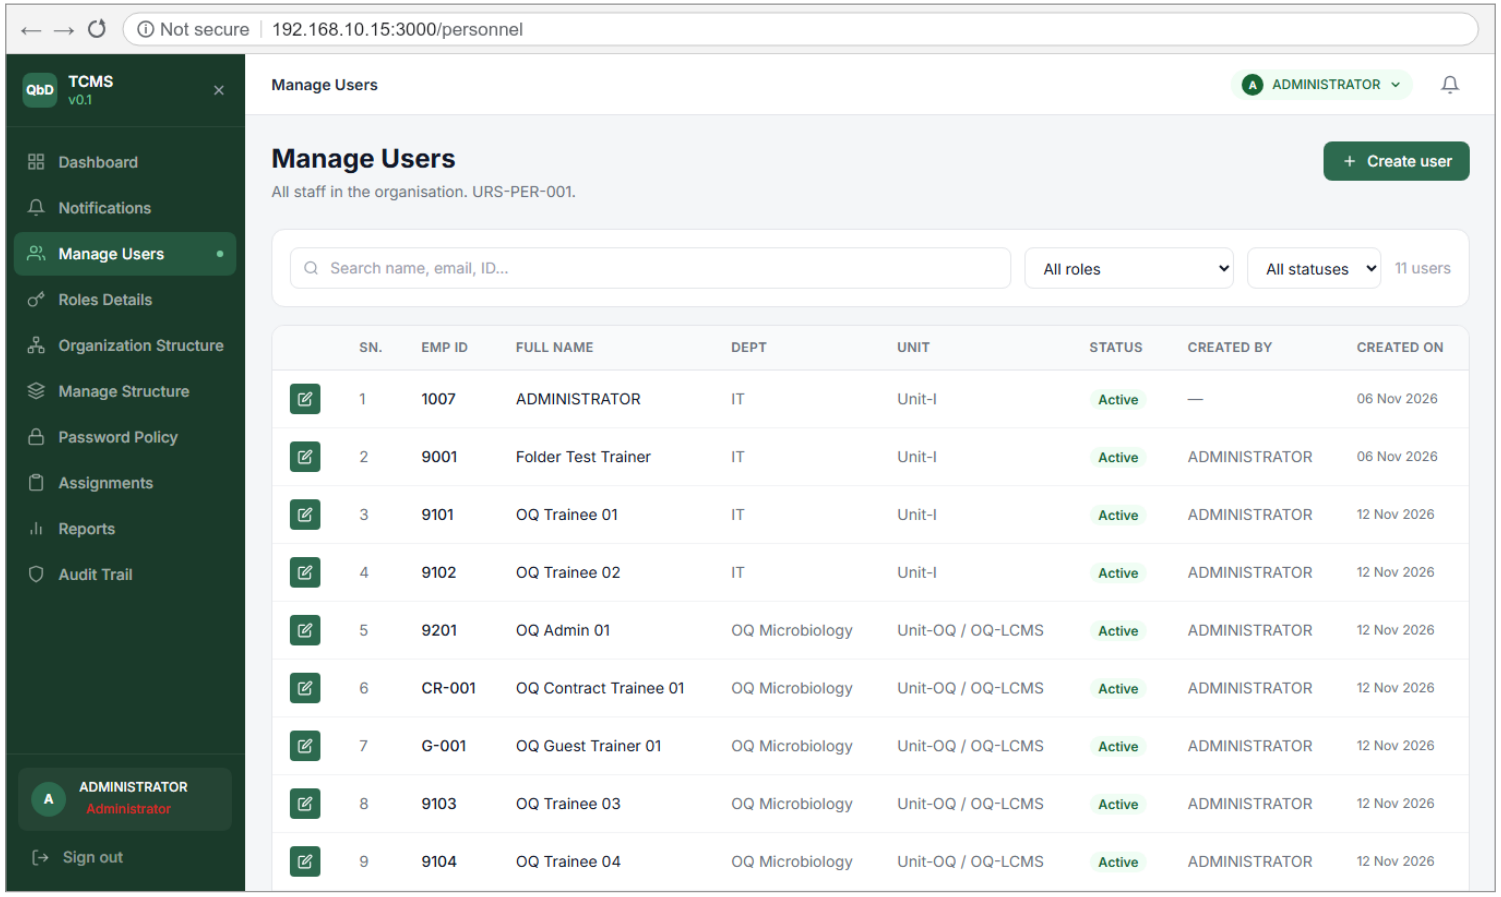
Test Objective :	To verify that department deactivation is recorded in the audit trail.			
Test Procedure :			Expected Result :	
Select "DEACTIVATE" from the All actions drop-down.			Audit entry for deactivation of OQ Temp Department should be displayed with justification.	
Test ID : 8.1.5	Step No : 29.1	Attachment No. : 115	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:29



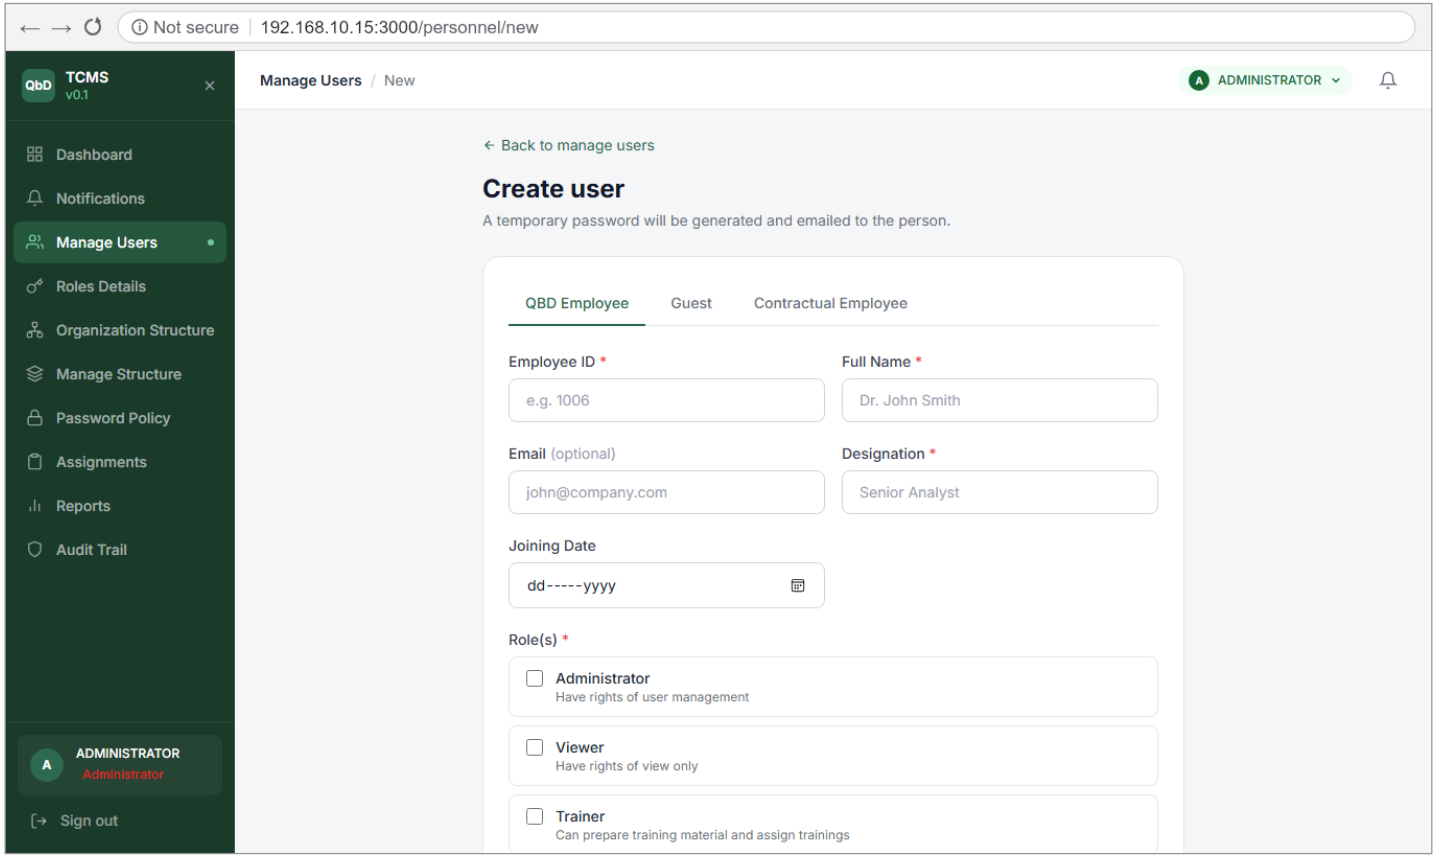
Test Objective :	To verify successful login with Administrator credentials and role-wise menu display.			
Test Procedure :			**Expected Result :**	
Open TCMS application URL (http://192.168.10.15:3000) in Microsoft Edge. Type Employee ID / Password & click on Sign in button (with Administrator level privilege).			Dashboard should be displayed with the menus applicable to Administrator role.	
Test ID : 8.1.6	Step No : 1.1	Attachment No. : 116	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:39



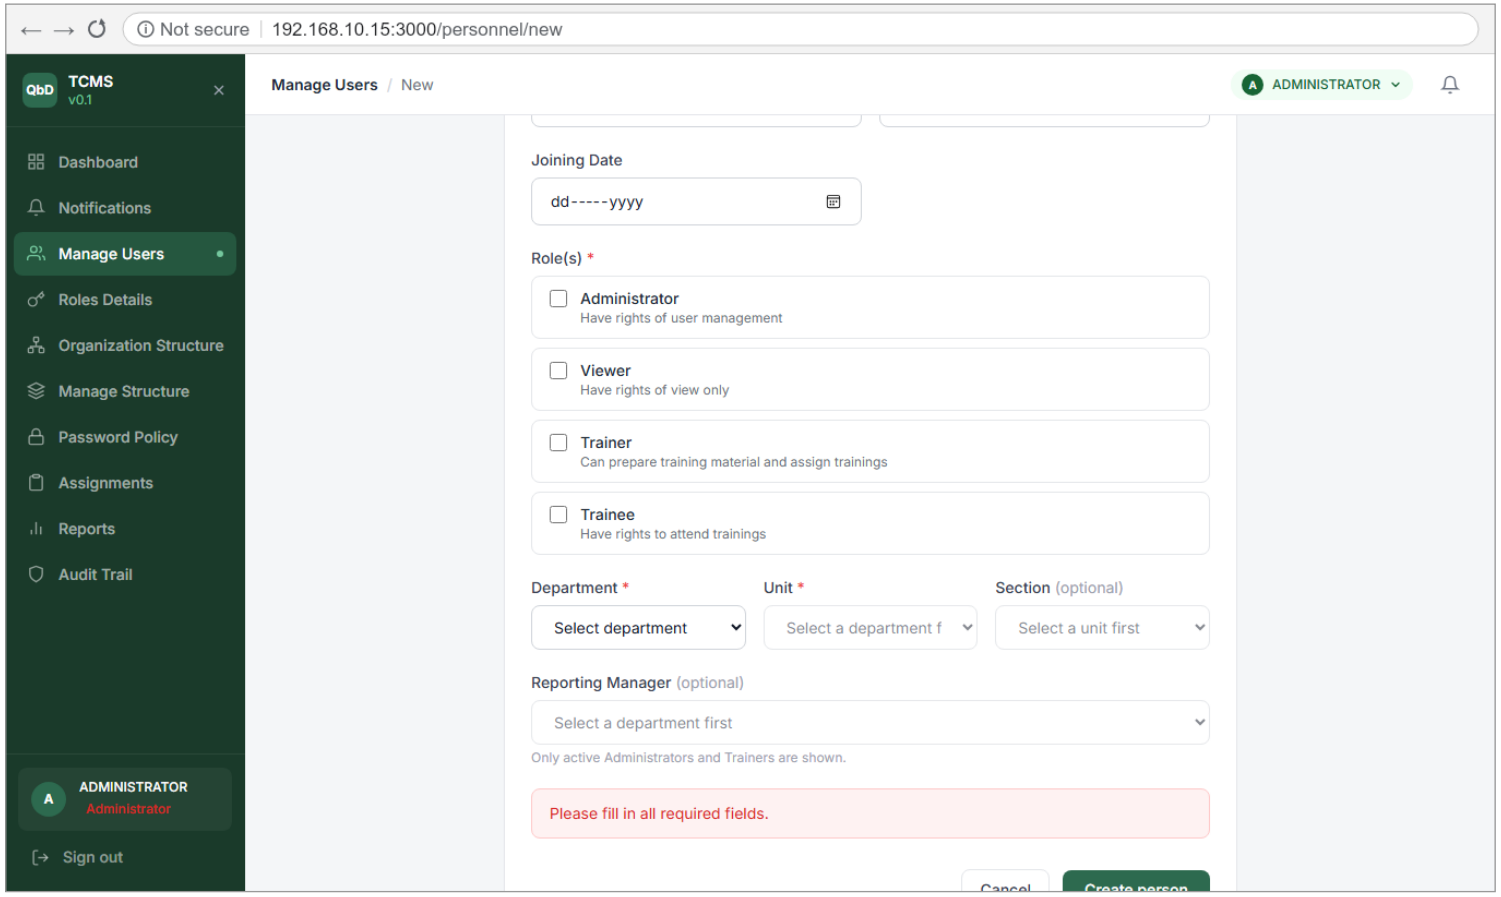
Test Objective :	To verify navigation to the Manage Users page.			
Test Procedure :			Expected Result :	
Click on "Manage Users" menu from the left panel.			Manage Users page should be displayed with "Create user" button.	
Test ID : 8.1.6	Step No : 2.1	Attachment No. : 117	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:39



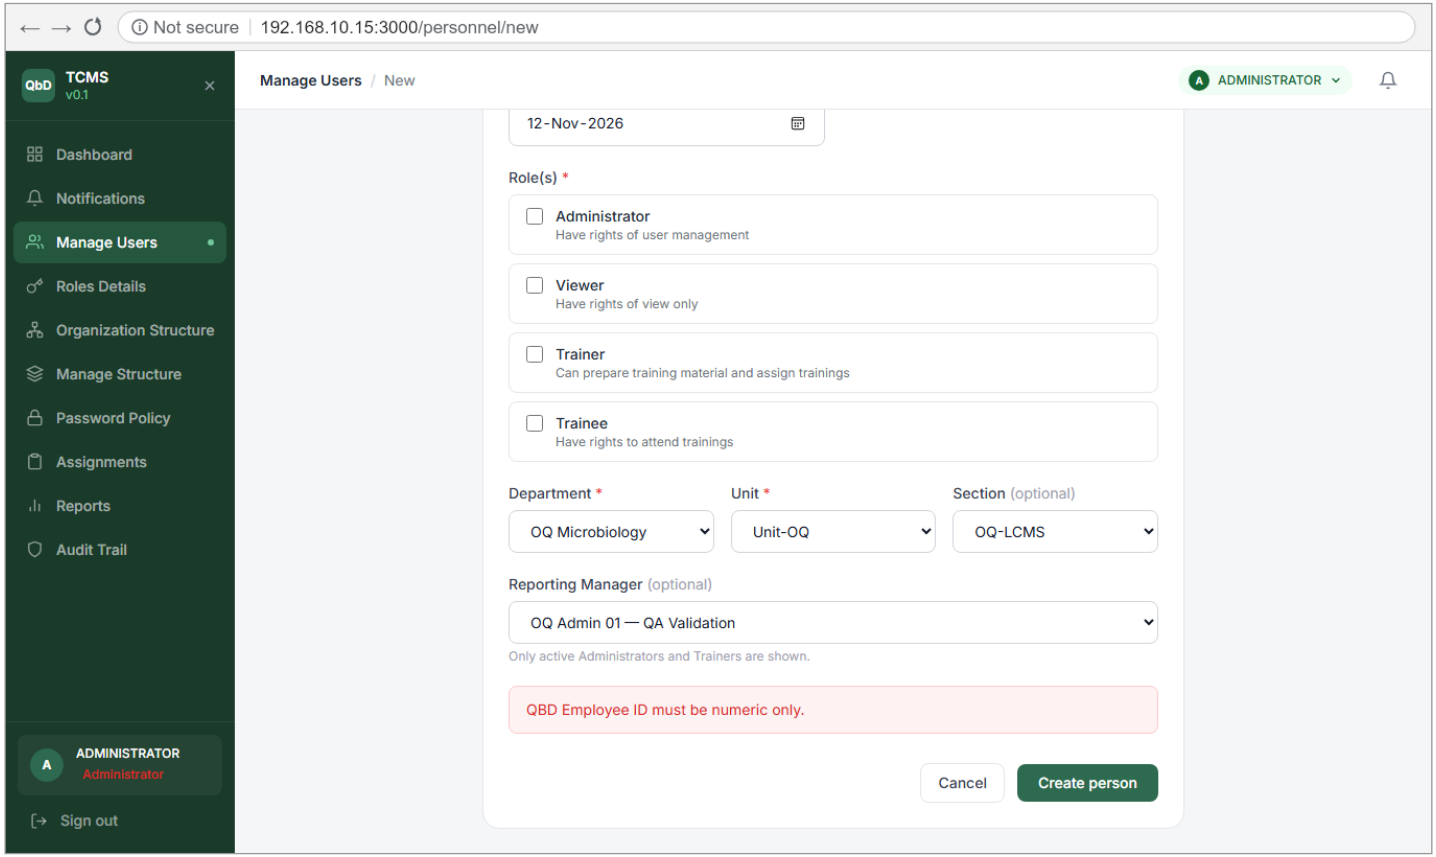
Test Objective :	To verify the Create user page and available employee types.			
Test Procedure :			Expected Result :	
Click on "Create user" button.			Create user page should be displayed with employee type QBD Employee / Guest / Contractual Employee.	
Test ID : 8.1.6	Step No : 3.1	Attachment No. : 118	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:39



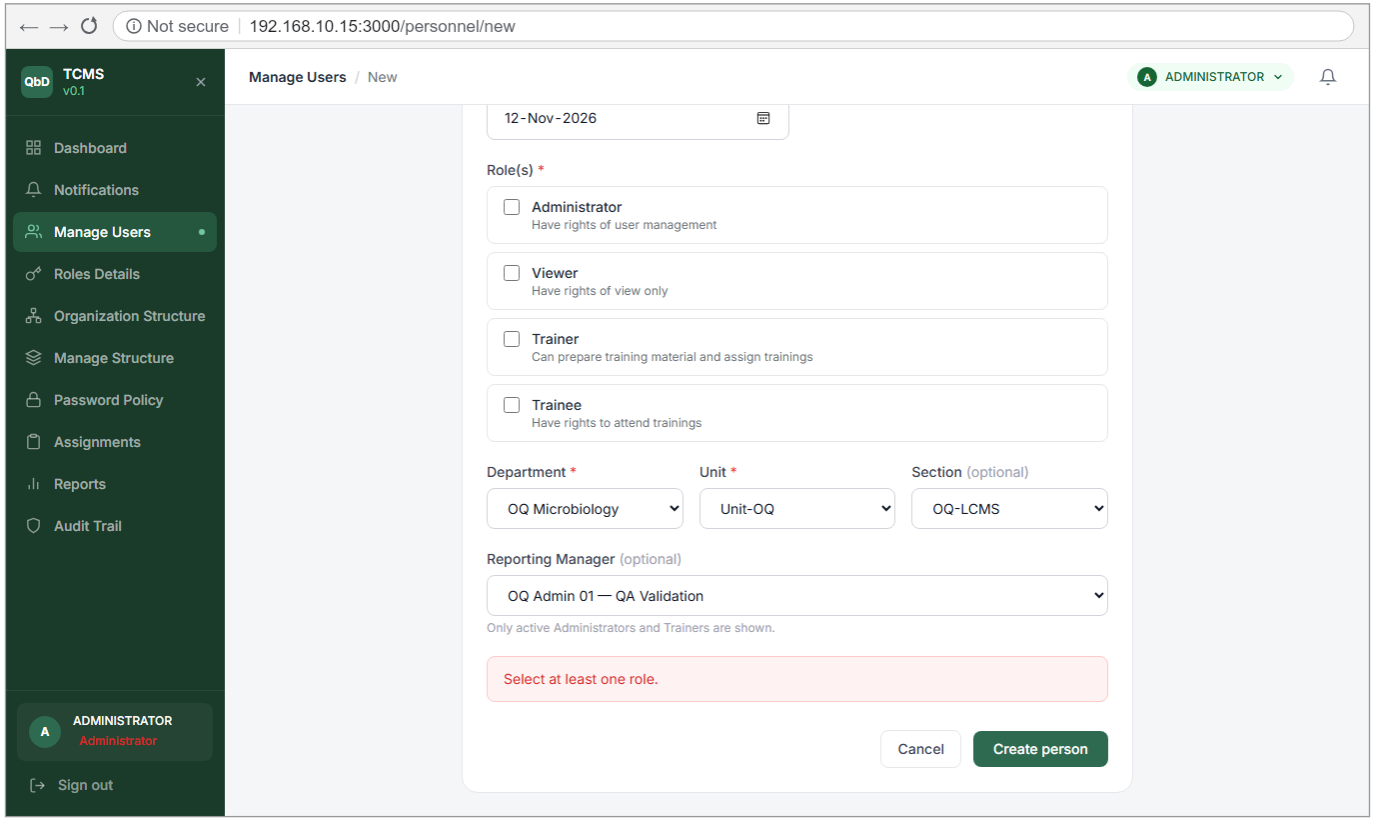
Test Objective :	To verify the mandatory field validation on Create user.			
Test Procedure :			Expected Result :	
Select QBD Employee & click on Create person without entering any details.			"Please fill in all required fields." message should be displayed.	
Test ID : 8.1.6	Step No : 4.1	Attachment No. : 119	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:39



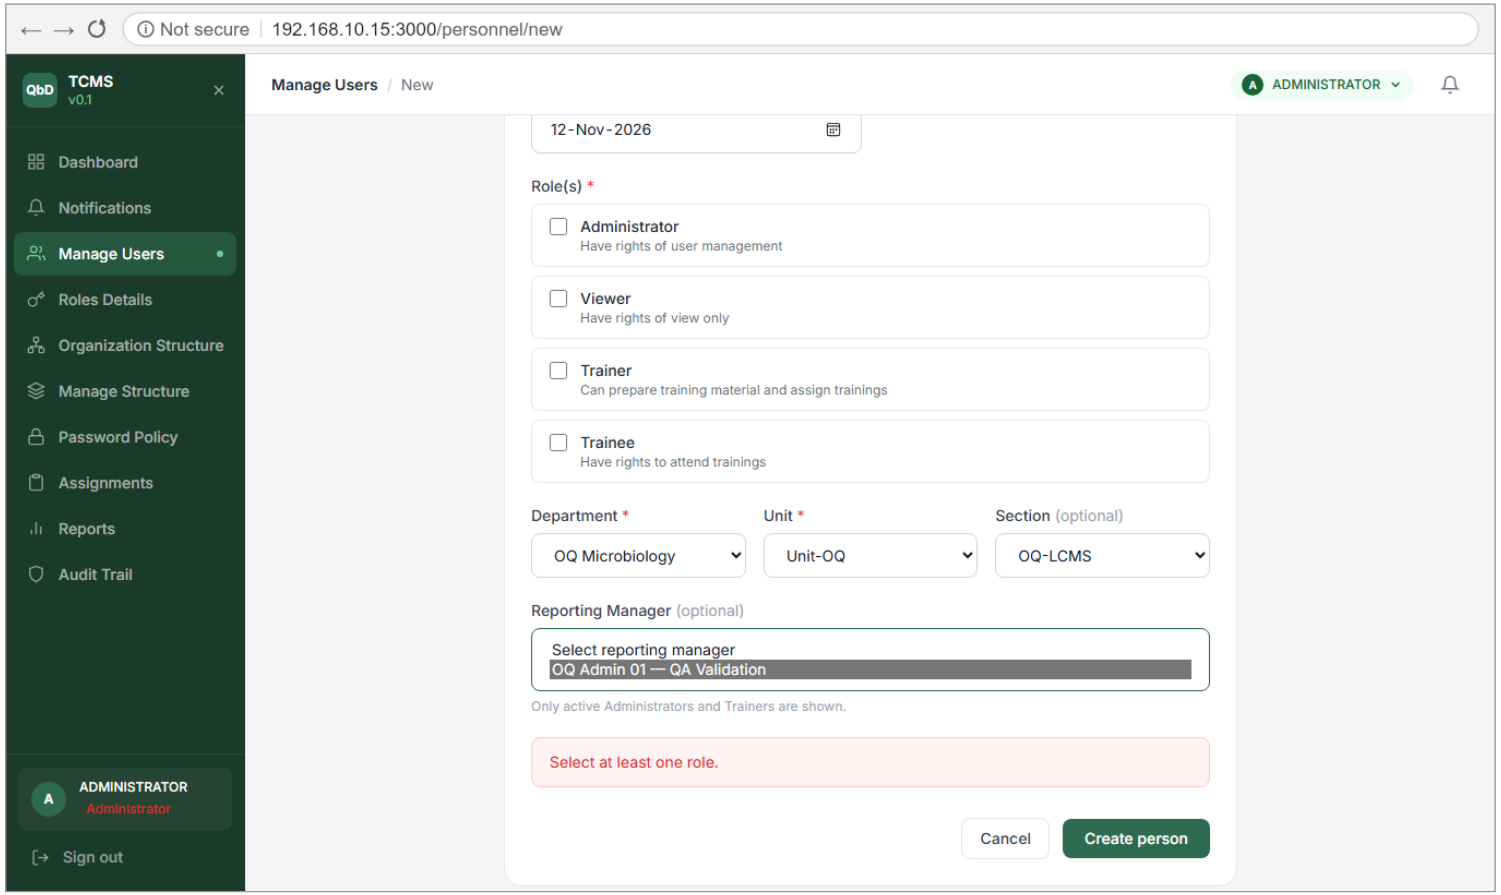
Test Objective :	To verify that QBD Employee ID accepts numeric values only.			
Test Procedure :			Expected Result :	
Enter Employee ID = OQ1001 (alphanumeric) with all other details & click on Create person.			"QBD Employee ID must be numeric only." message should be displayed.	
Test ID : 8.1.6	Step No : 5.1	Attachment No. : 120	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:39



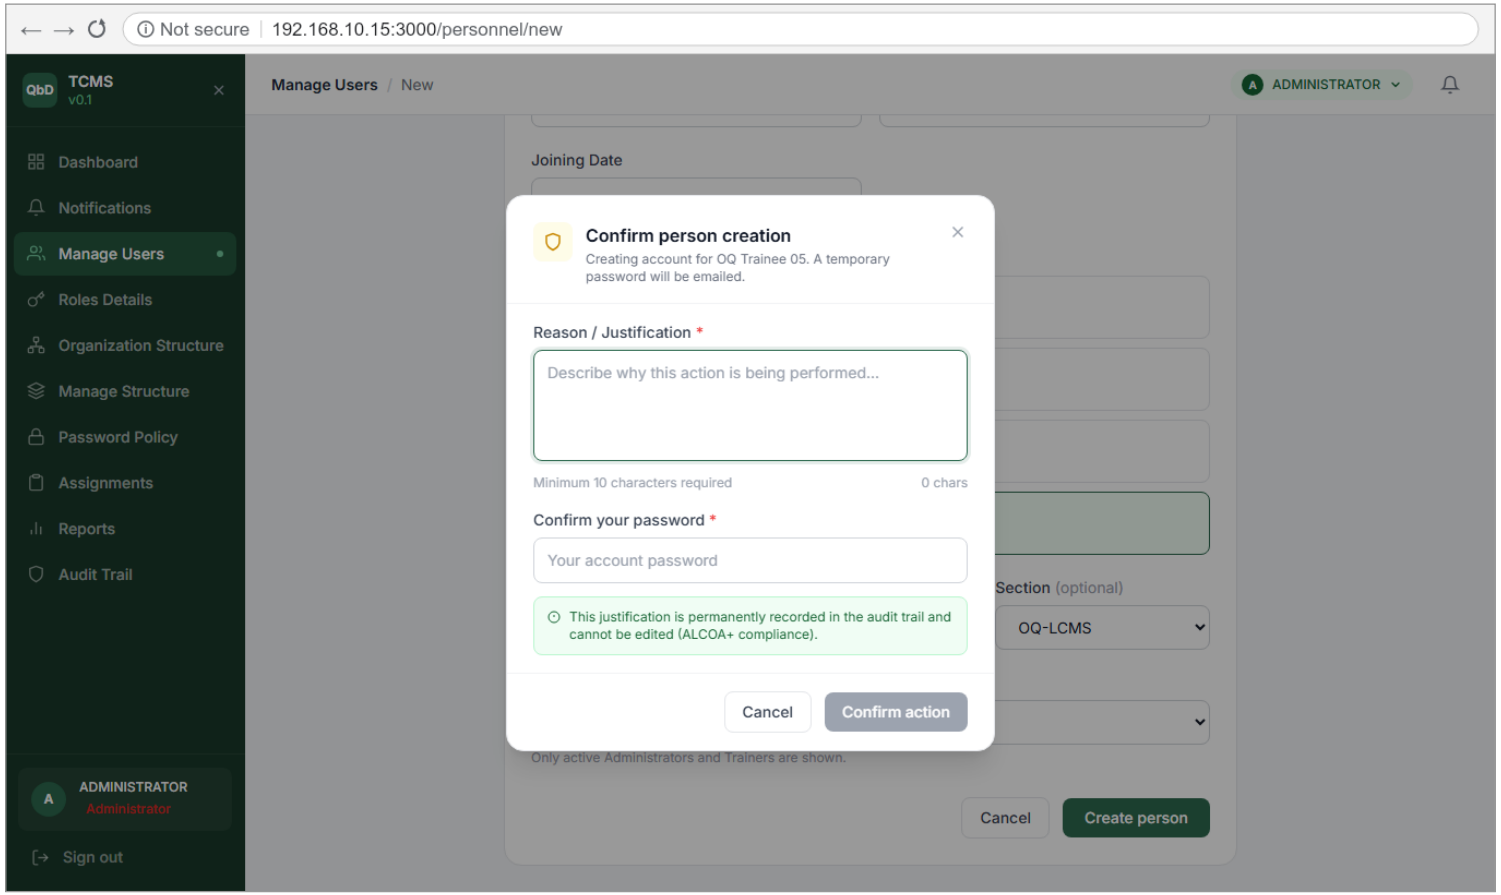
Test Objective :	To verify that at least one role is mandatory for a user.			
Test Procedure :			Expected Result :	
Enter Employee ID = 9108, Full Name, Email, Designation, Joining Date, Department, Unit, Section & Reporting Manager without selecting any role. Click on Create person.			"Select at least one role." message should be displayed.	
Test ID : 8.1.6	Step No : 6.1	Attachment No. : 121	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:39



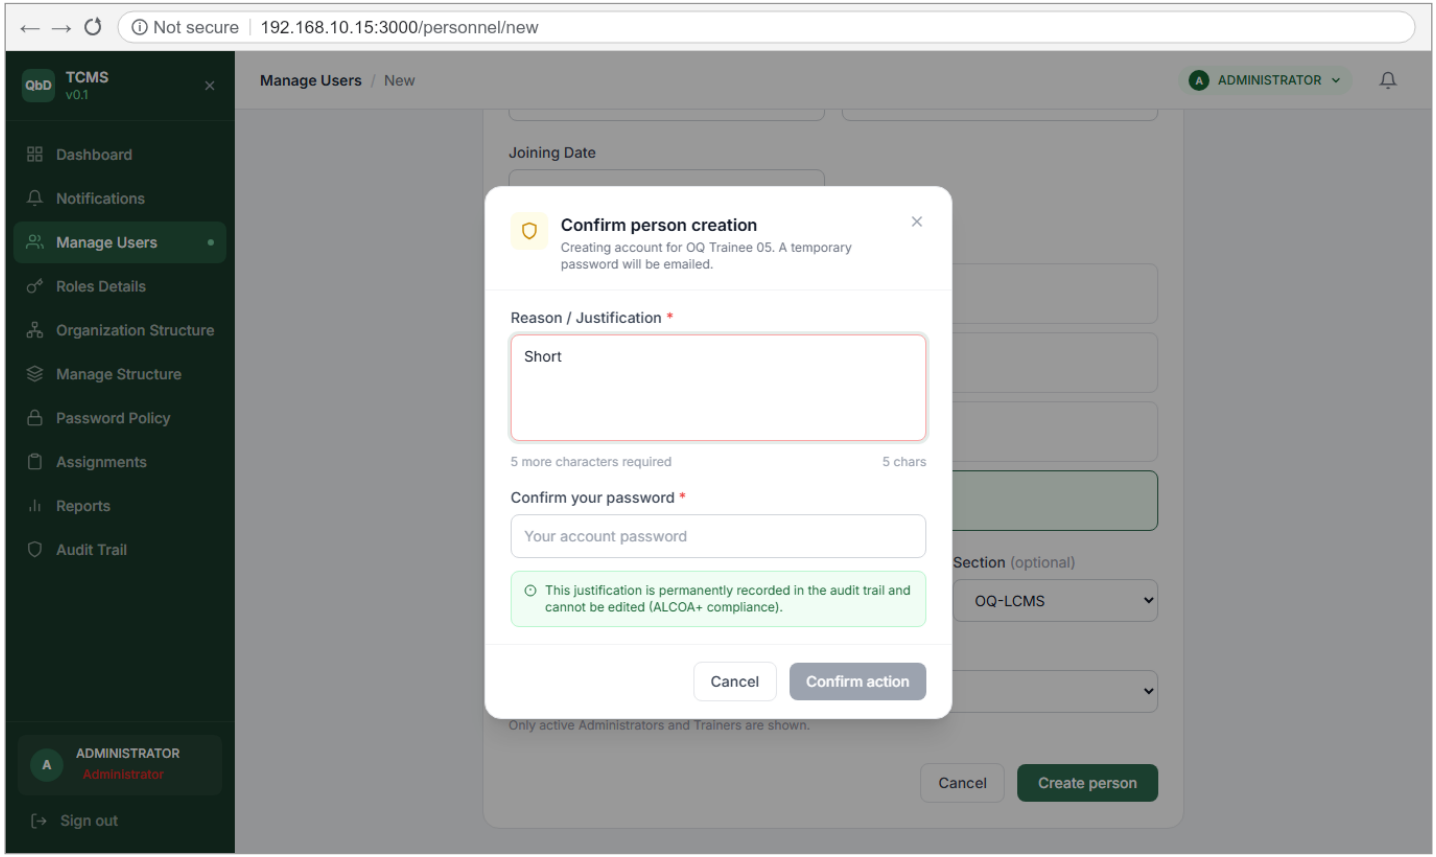
Test Objective :	To verify that only active Administrators and Trainers are listed as Reporting Manager.			
Test Procedure :			Expected Result :	
Verify the Reporting Manager drop-down.			Only active Administrators and Trainers should be listed.	
Test ID : 8.1.6	Step No : 7.1	Attachment No. : 122	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:39



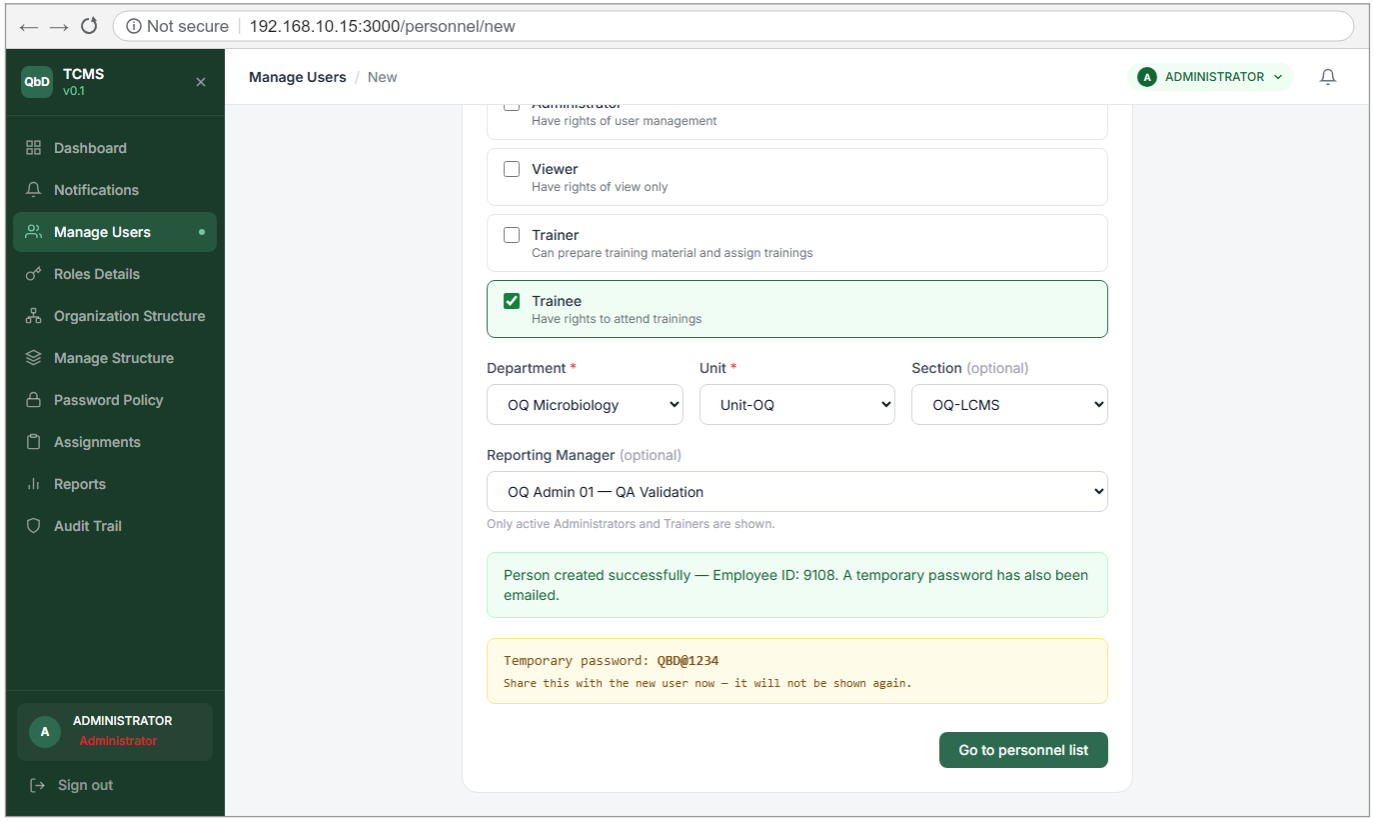
Test Objective :	To verify that user creation requests electronic signature.			
Test Procedure :			Expected Result :	
Select role Trainee & click on Create person.			"Confirm person creation" window should be displayed.	
Test ID : 8.1.6	Step No : 8.1	Attachment No. : 123	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:39



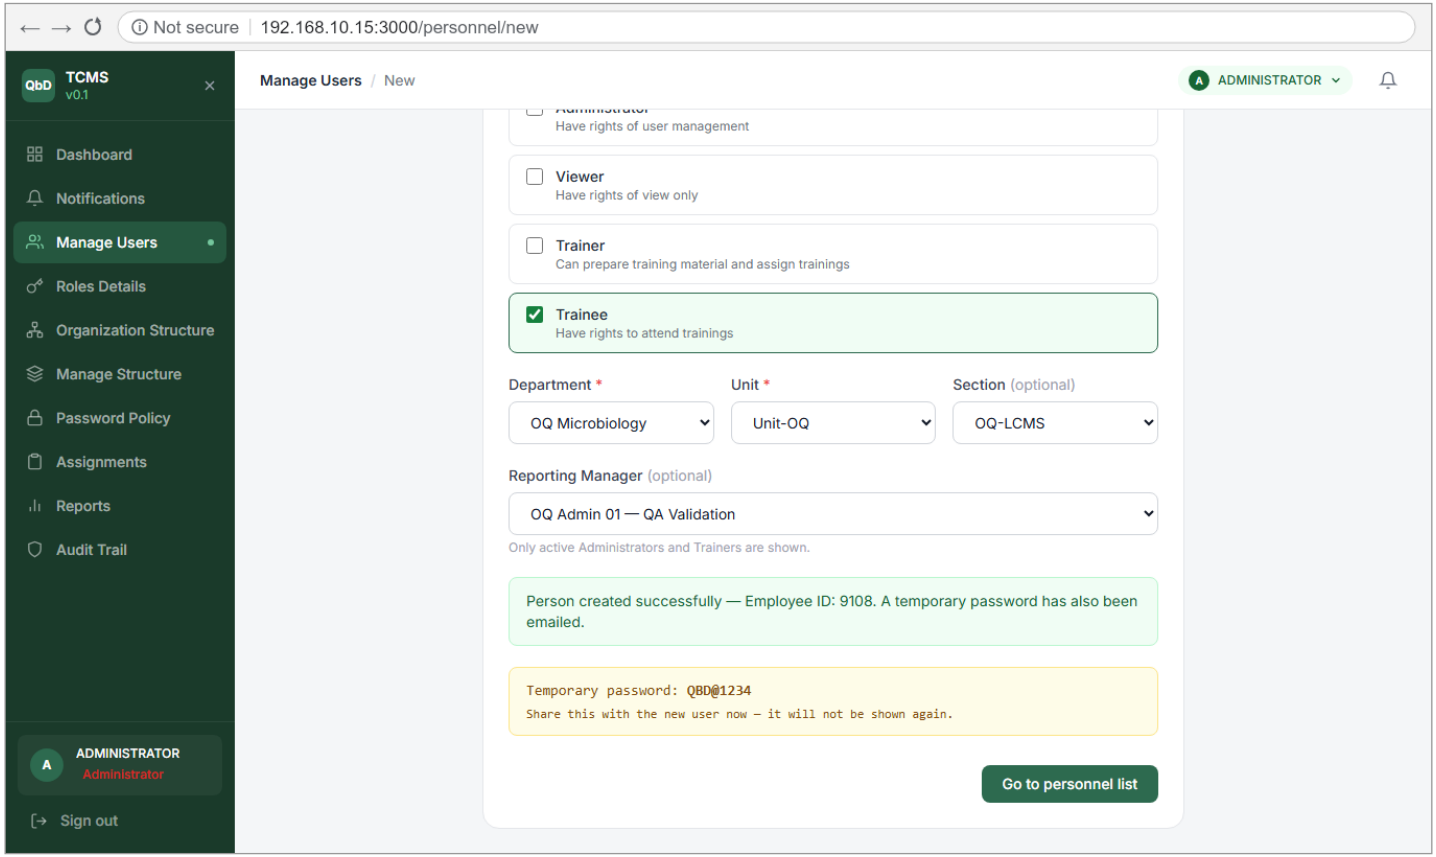
Test Objective :	To verify that a Reason / Justification of less than 10 characters is not accepted for "Confirm person creation".			
Test Procedure :			Expected Result :	
In "Confirm person creation" window, type Reason / Justification of less than 10 characters.			"Confirm action" button should remain disabled and "<n> more characters required" (e.g. "5 more characters required") should be displayed.	
Test ID : 8.1.6	Step No : 9.1	Attachment No. : 124	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:39



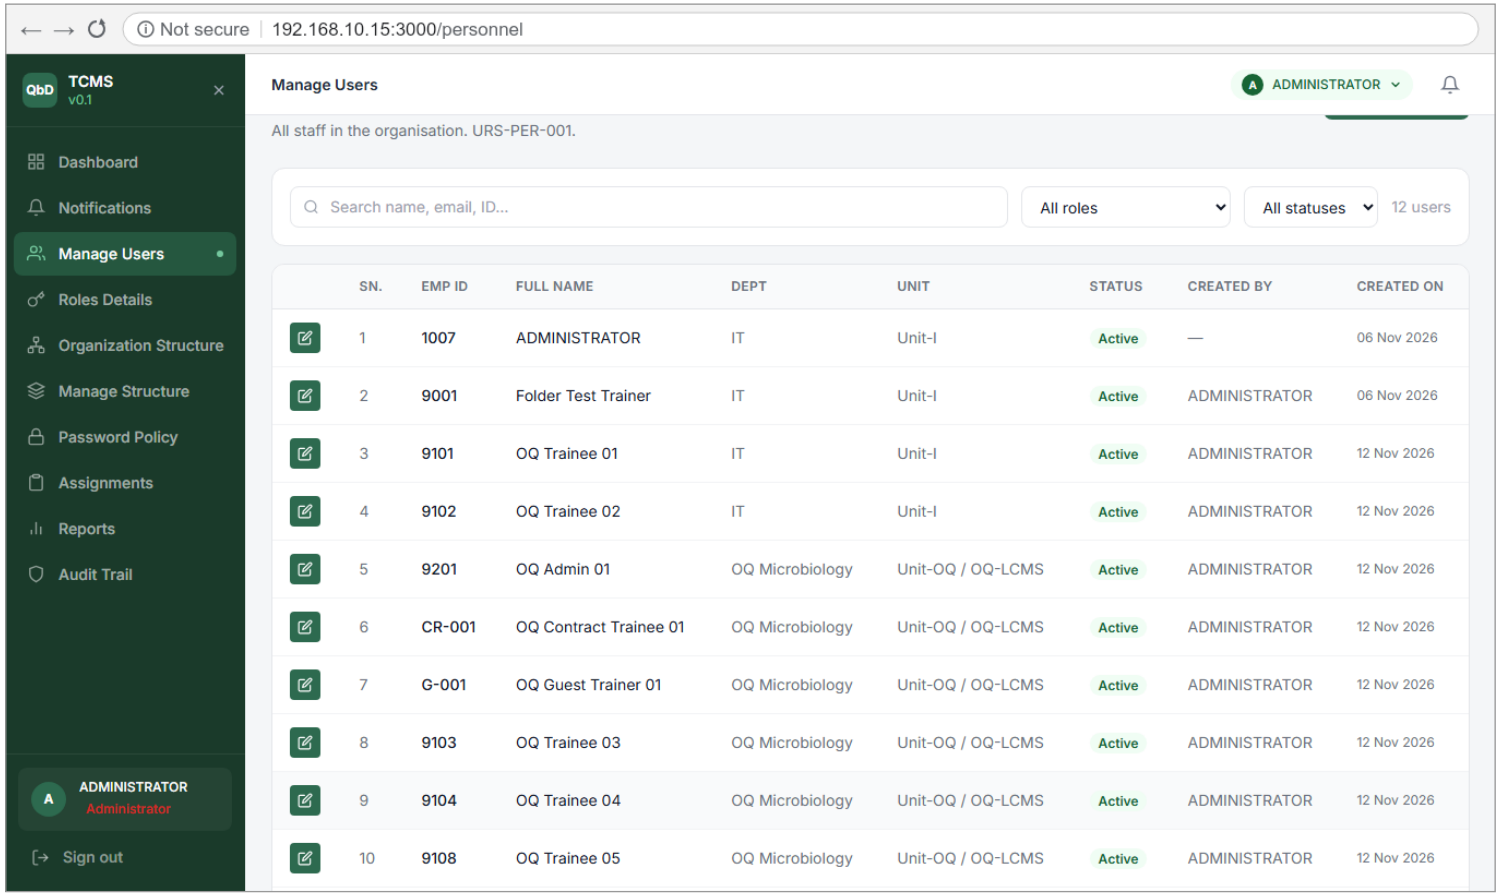
Test Objective :	To verify creation of a QBD Employee with Trainee role and generation of a temporary password.			
Test Procedure :			**Expected Result :**	
In "Confirm person creation" window, type Reason / Justification (minimum 10 characters) & Password, then click on "Confirm action" button.			"Person created successfully — Employee ID: 9108." with Temporary password should be displayed.	
Test ID : 8.1.6	Step No : 10.1	Attachment No. : 125	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:39



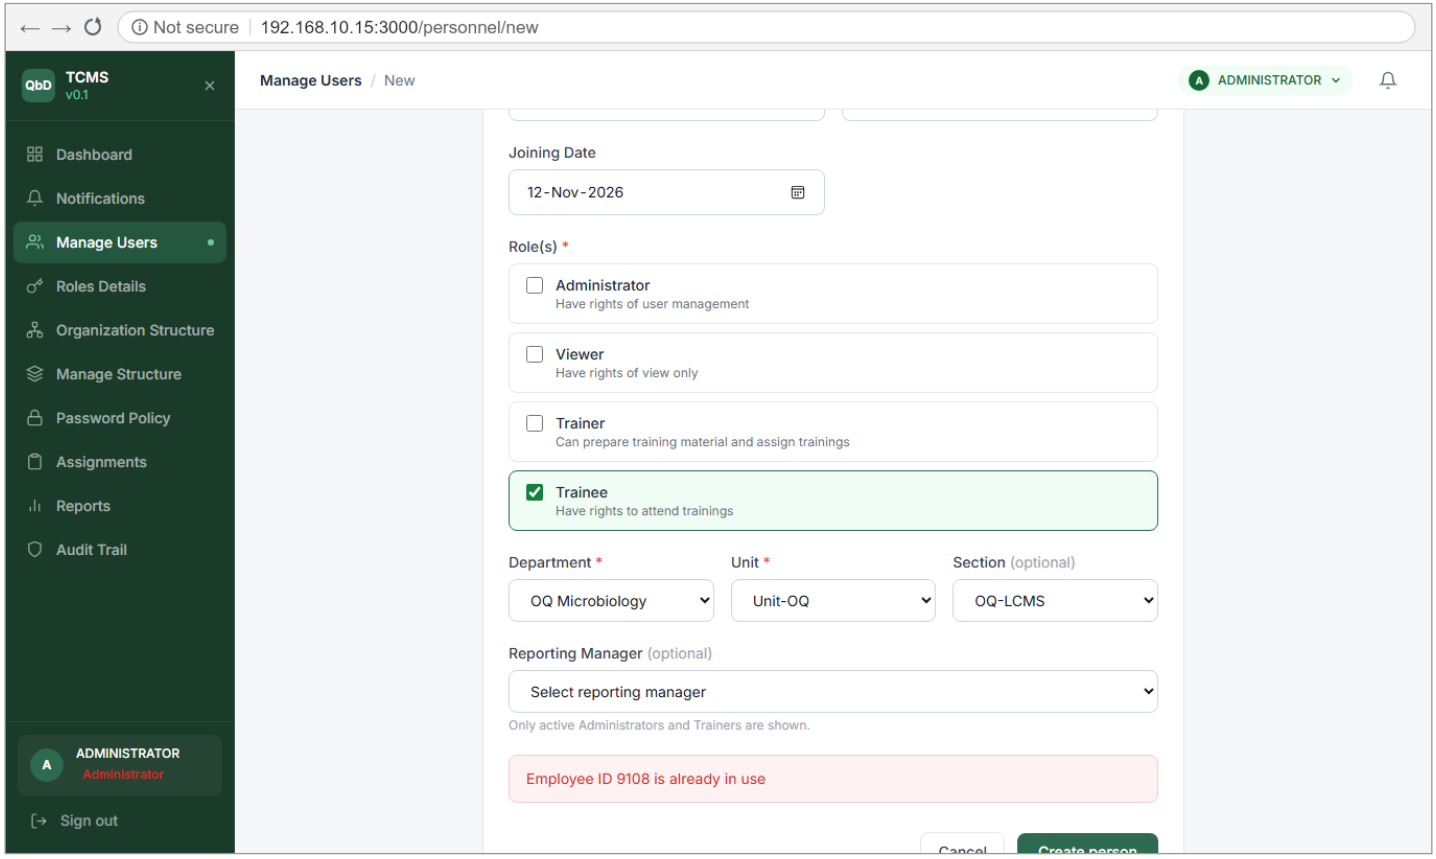
Test Objective :	To verify that the temporary password is shown only once.			
Test Procedure :			Expected Result :	
Verify the temporary password message.			"Share this with the new user now — it will not be shown again." should be displayed.	
Test ID : 8.1.6	Step No : 11.1	Attachment No. : 126	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:39



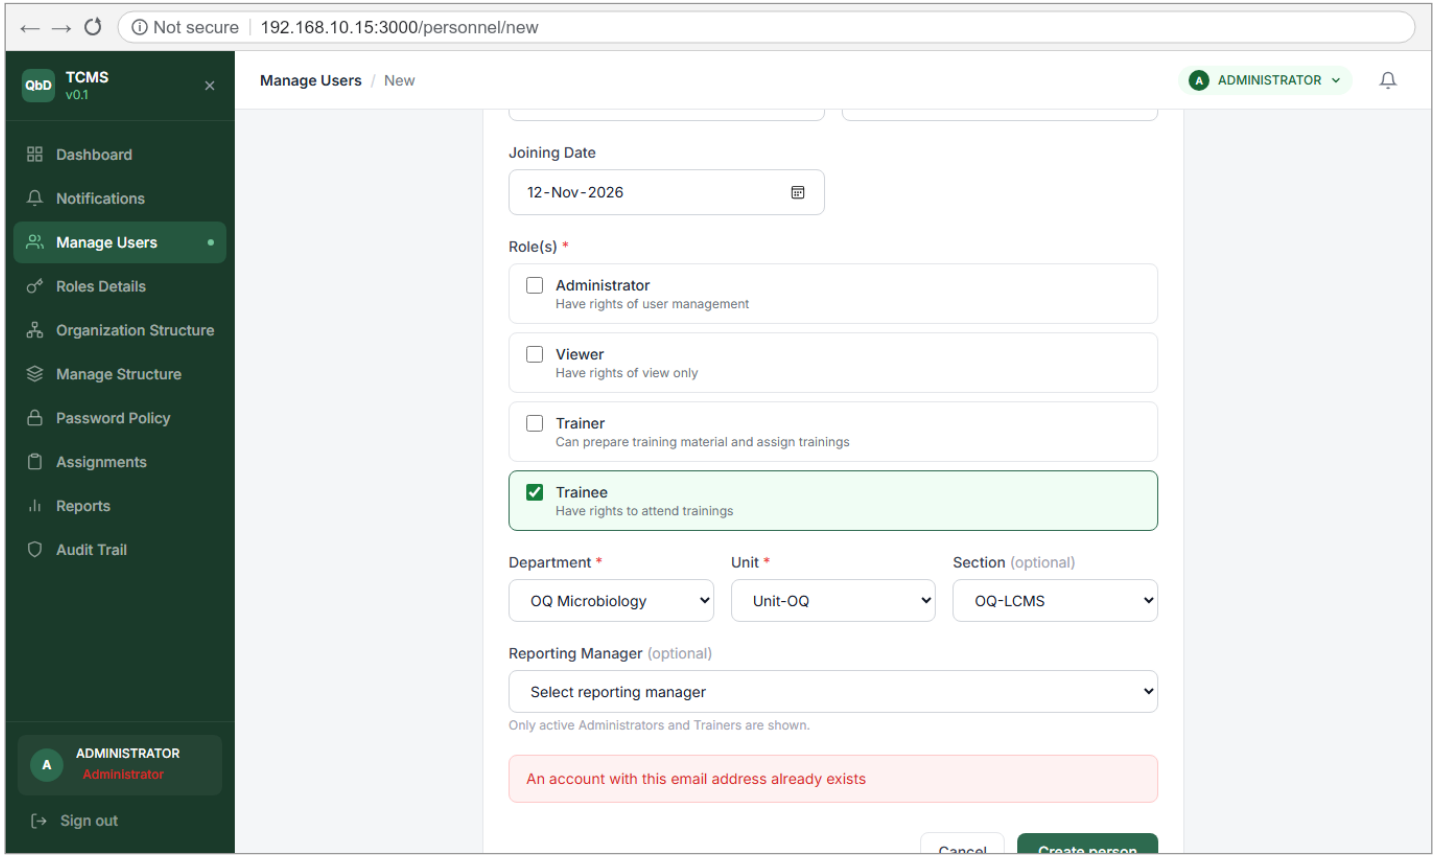
Test Objective :	To verify that the newly created user is listed as Active.			
Test Procedure :			Expected Result :	
Click on "Go to personnel list".			New user 9108 should be listed with Active status.	
Test ID : 8.1.6	Step No : 12.1	Attachment No. : 127	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:39



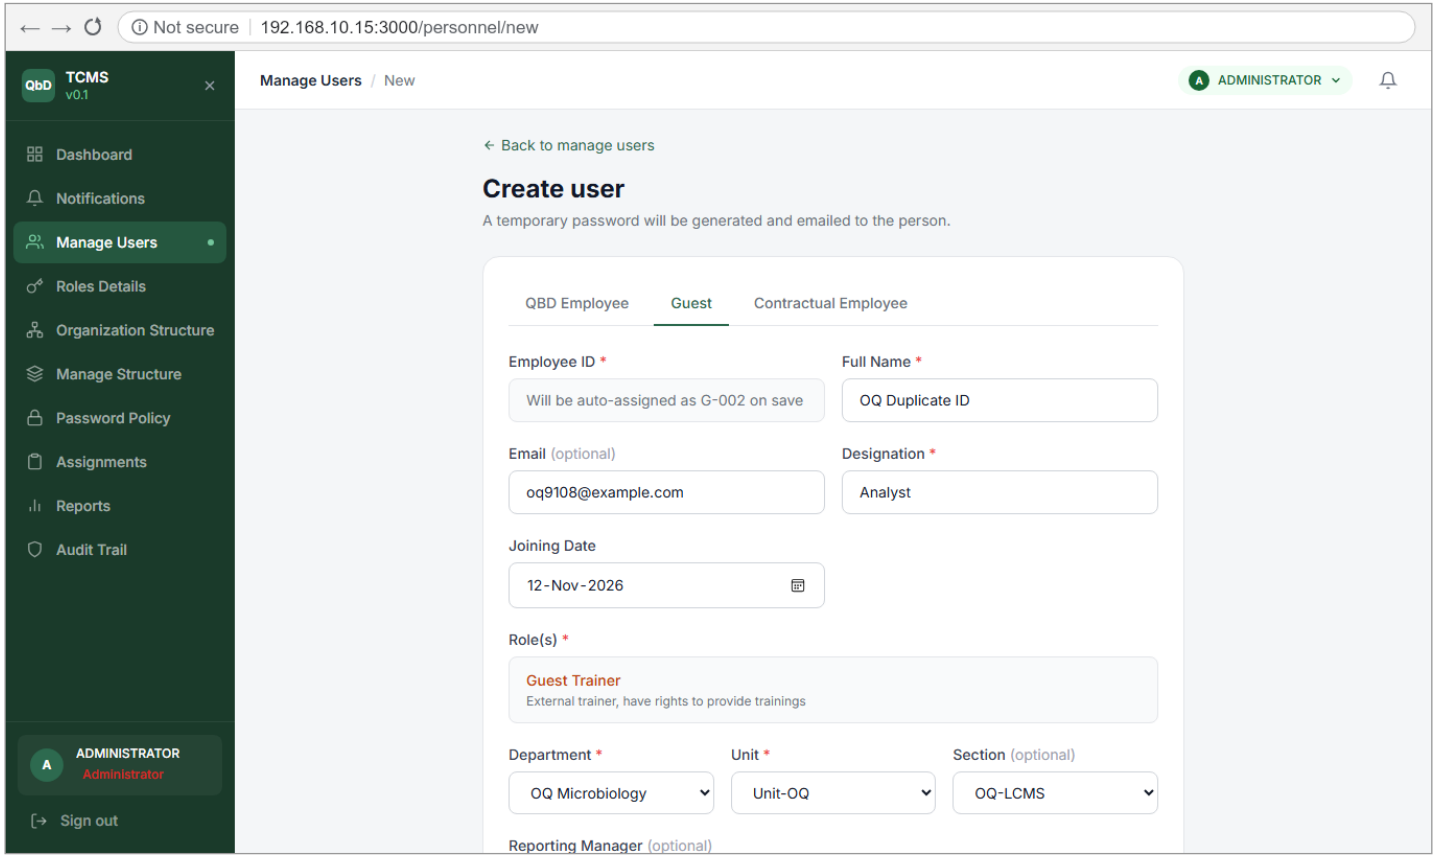
Test Objective :	To verify that a duplicate Employee ID is not allowed.			
Test Procedure :			Expected Result :	
Click on "Create user" & enter Employee ID = 9108 (existing) with a new email. Click on Create person & complete the e-signature.			"Employee ID 9108 is already in use" message should be displayed.	
Test ID : 8.1.6	Step No : 13.1	Attachment No. : 128	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:40



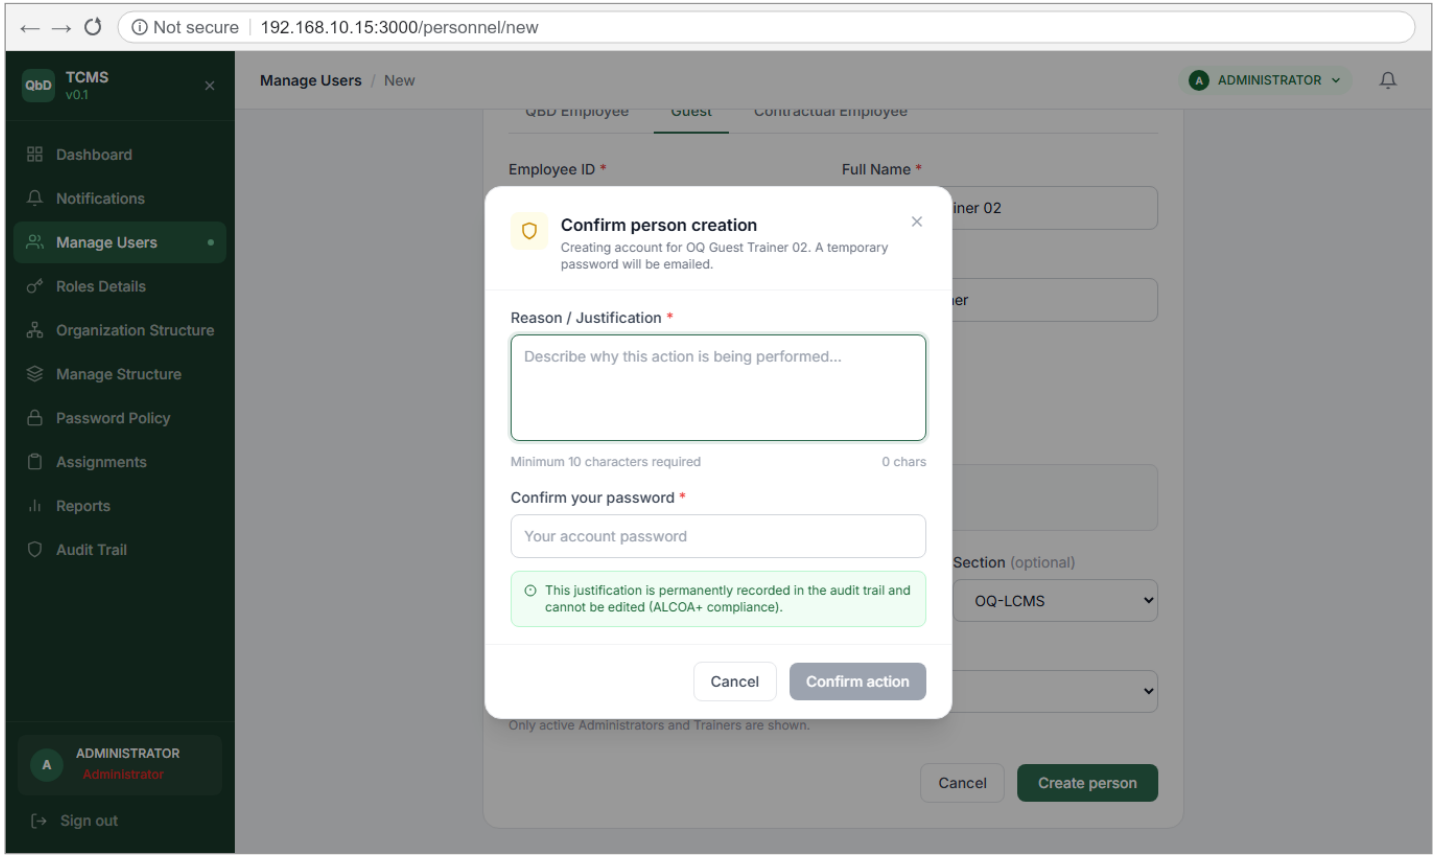
Test Objective :	To verify that a duplicate email address is not allowed.			
Test Procedure :			Expected Result :	
Enter a new Employee ID with an email already used by another user, click on Create person & complete the e-signature.			"An account with this email address already exists" message should be displayed.	
Test ID : 8.1.6	Step No : 14.1	Attachment No. : 129	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:40



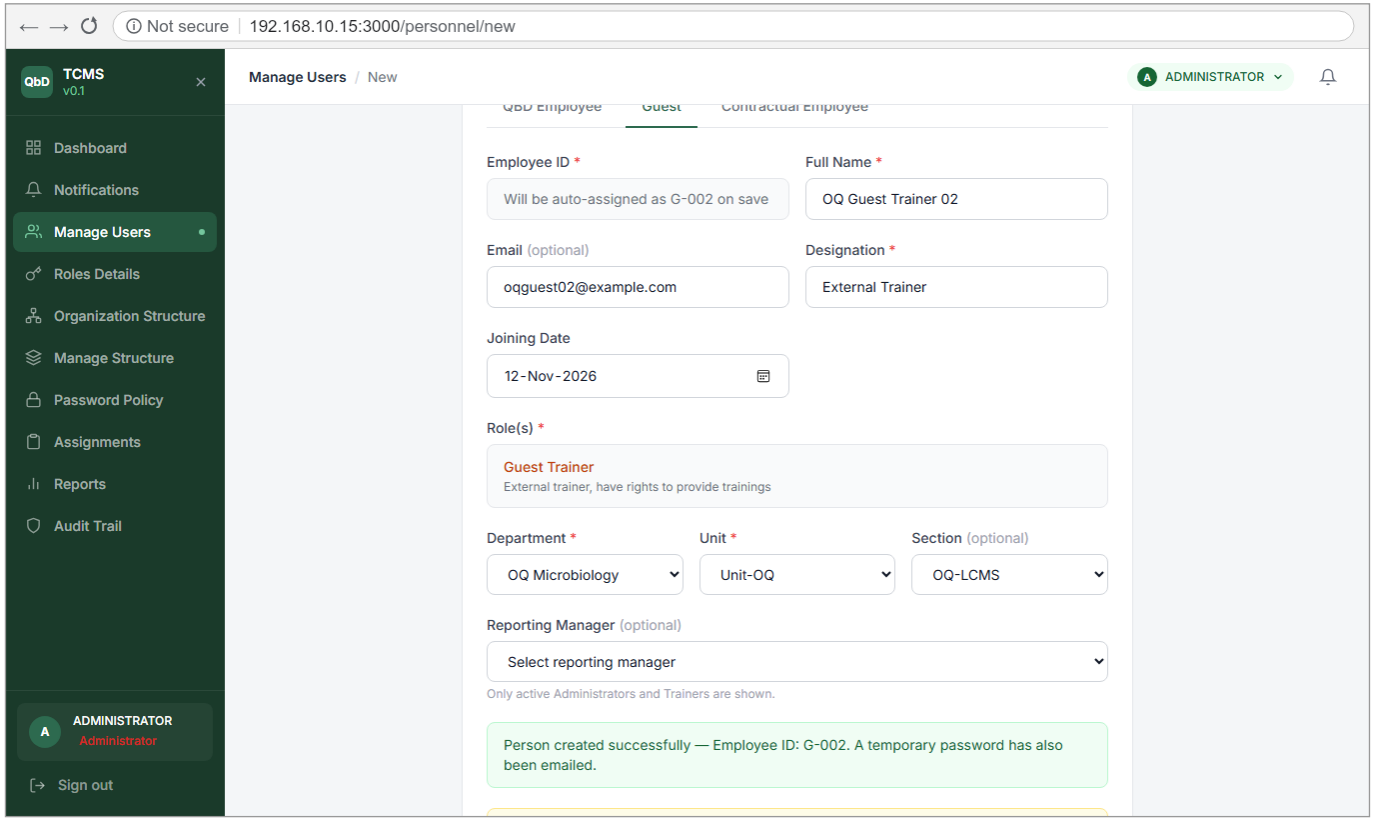
Test Objective :	To verify auto-generation of Guest Employee ID and fixed Guest Trainer role.			
Test Procedure :			Expected Result :	
Select employee type Guest.			Employee ID should be generated automatically (G-NNN) & role should be fixed to Guest Trainer.	
Test ID : 8.1.6	Step No : 15.1	Attachment No. : 130	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:40



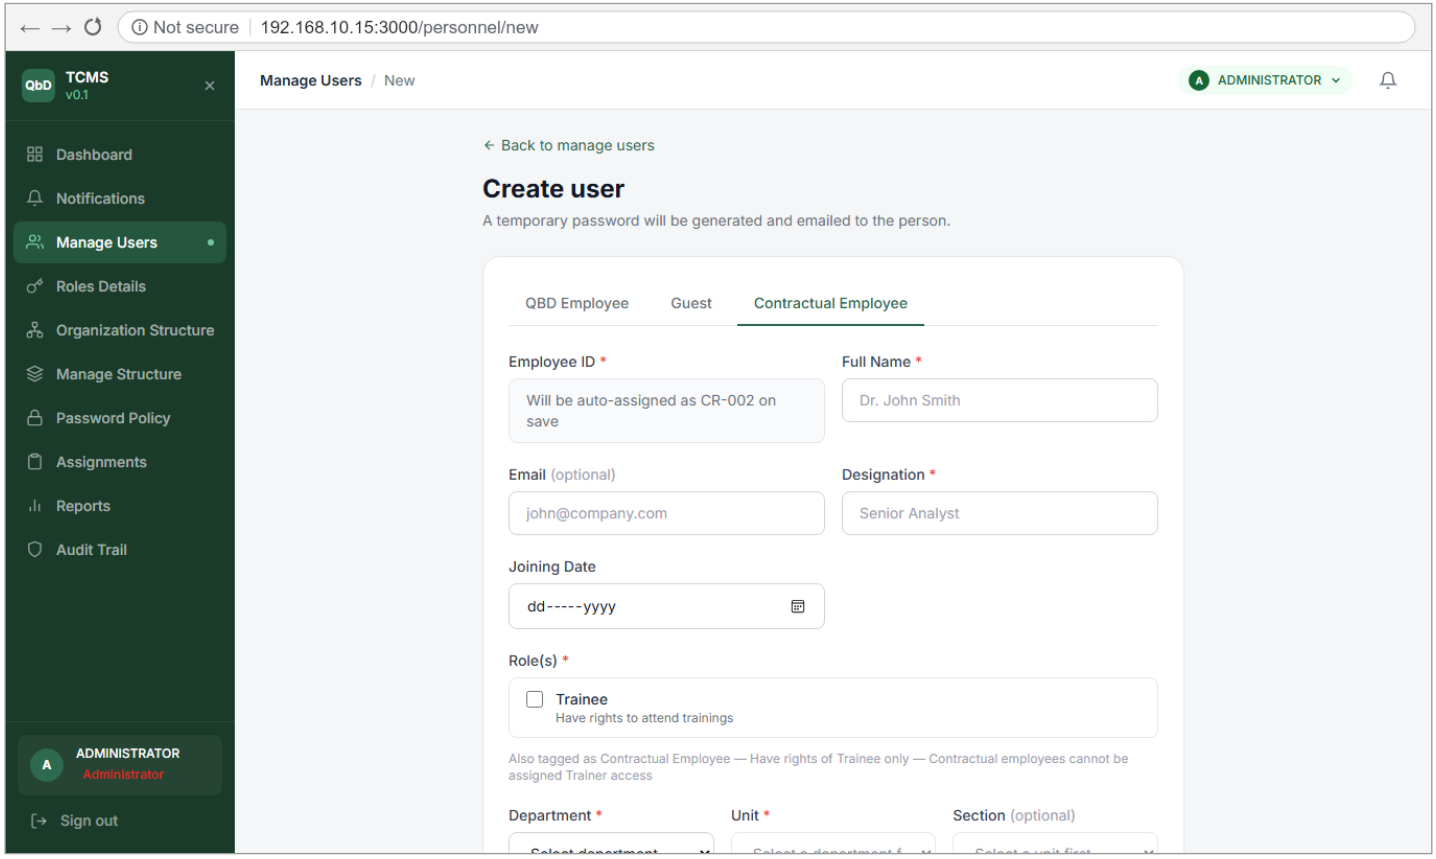
Test Objective :	To verify that Guest user creation requests electronic signature.			
Test Procedure :			Expected Result :	
Enter Full Name, Email, Designation, Joining Date, Department & Unit & click on Create person.			"Confirm person creation" window should be displayed.	
Test ID : 8.1.6	Step No : 16.1	Attachment No. : 131	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:40



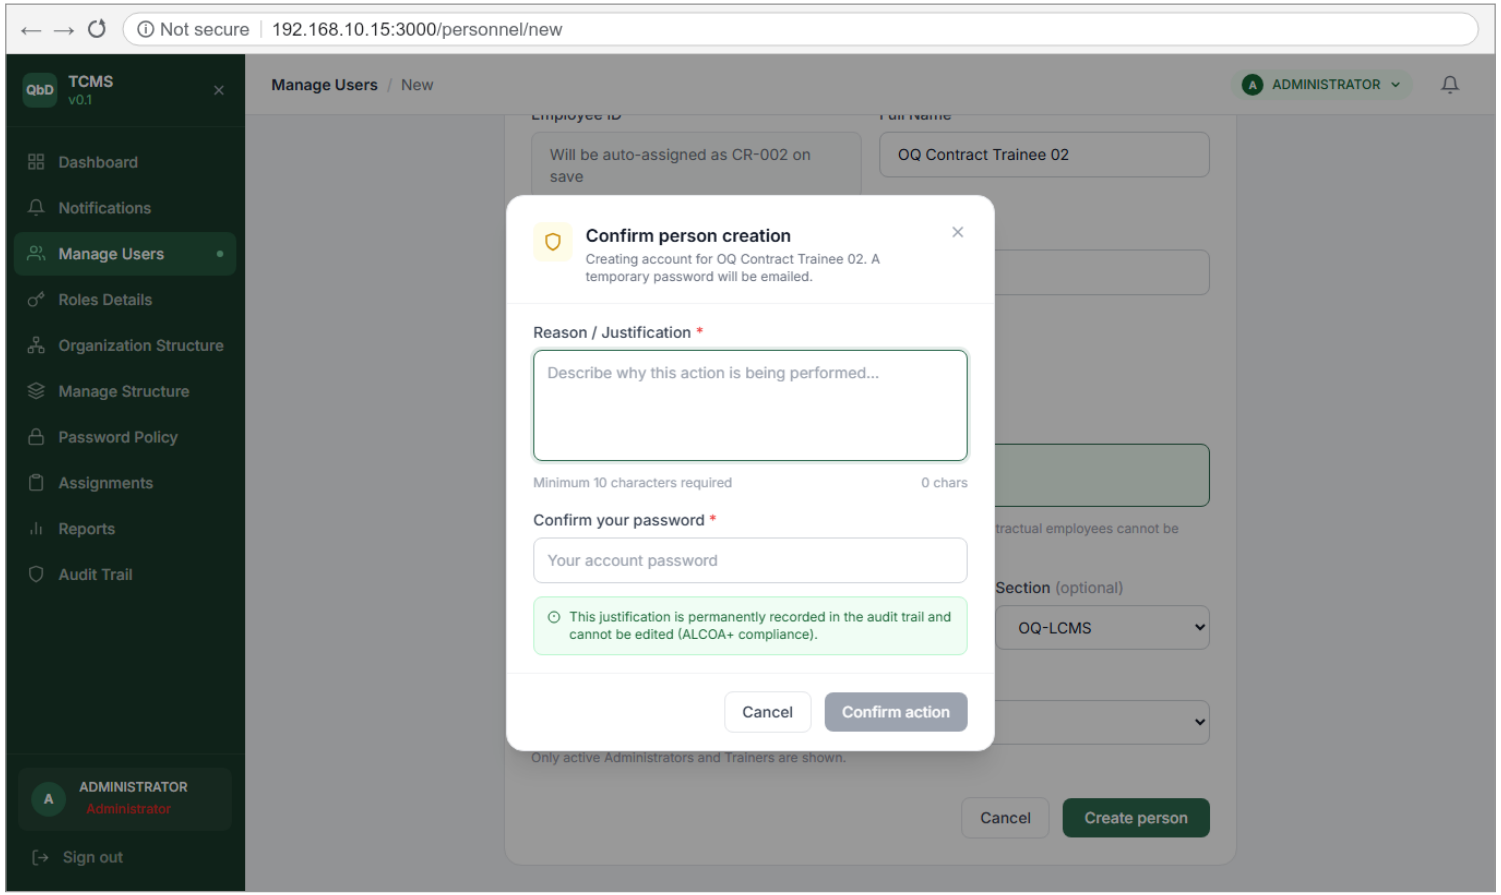
Test Objective :	To verify creation of a Guest Trainer user.			
Test Procedure :			**Expected Result :**	
In "Confirm person creation" window, type Reason / Justification (minimum 10 characters) & Password, then click on "Confirm action" button.			Guest Trainer should be created with Employee ID G-NNN.	
Test ID : 8.1.6	Step No : 17.1	Attachment No. : 132	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:40



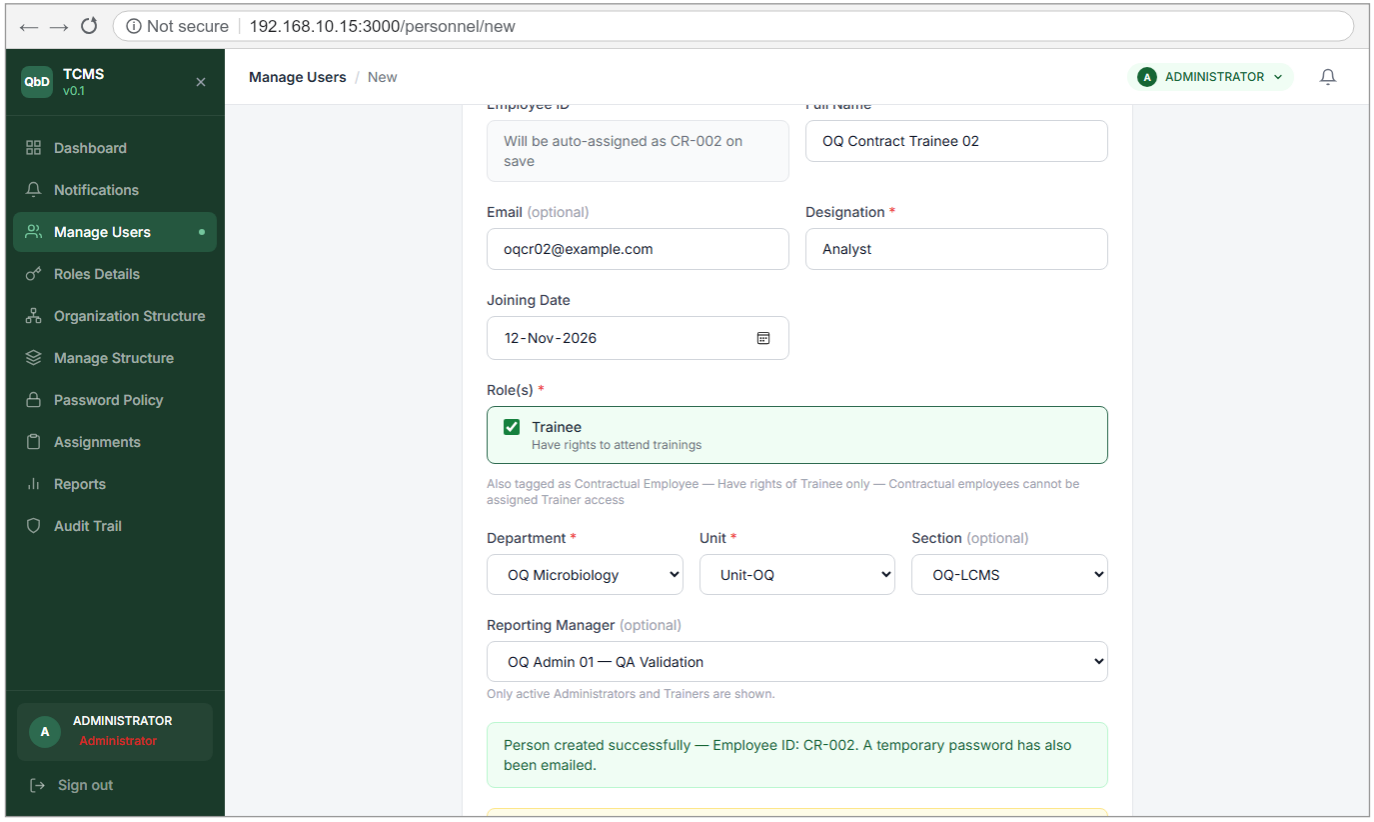
Test Objective :	To verify auto-generation of Contractual Employee ID and Trainee-only role.			
Test Procedure :			Expected Result :	
Click on "Create user" & select employee type Contractual Employee.			Employee ID should be generated automatically (CR-NNN) & only Trainee role should be available.	
Test ID : 8.1.6	Step No : 18.1	Attachment No. : 133	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:40



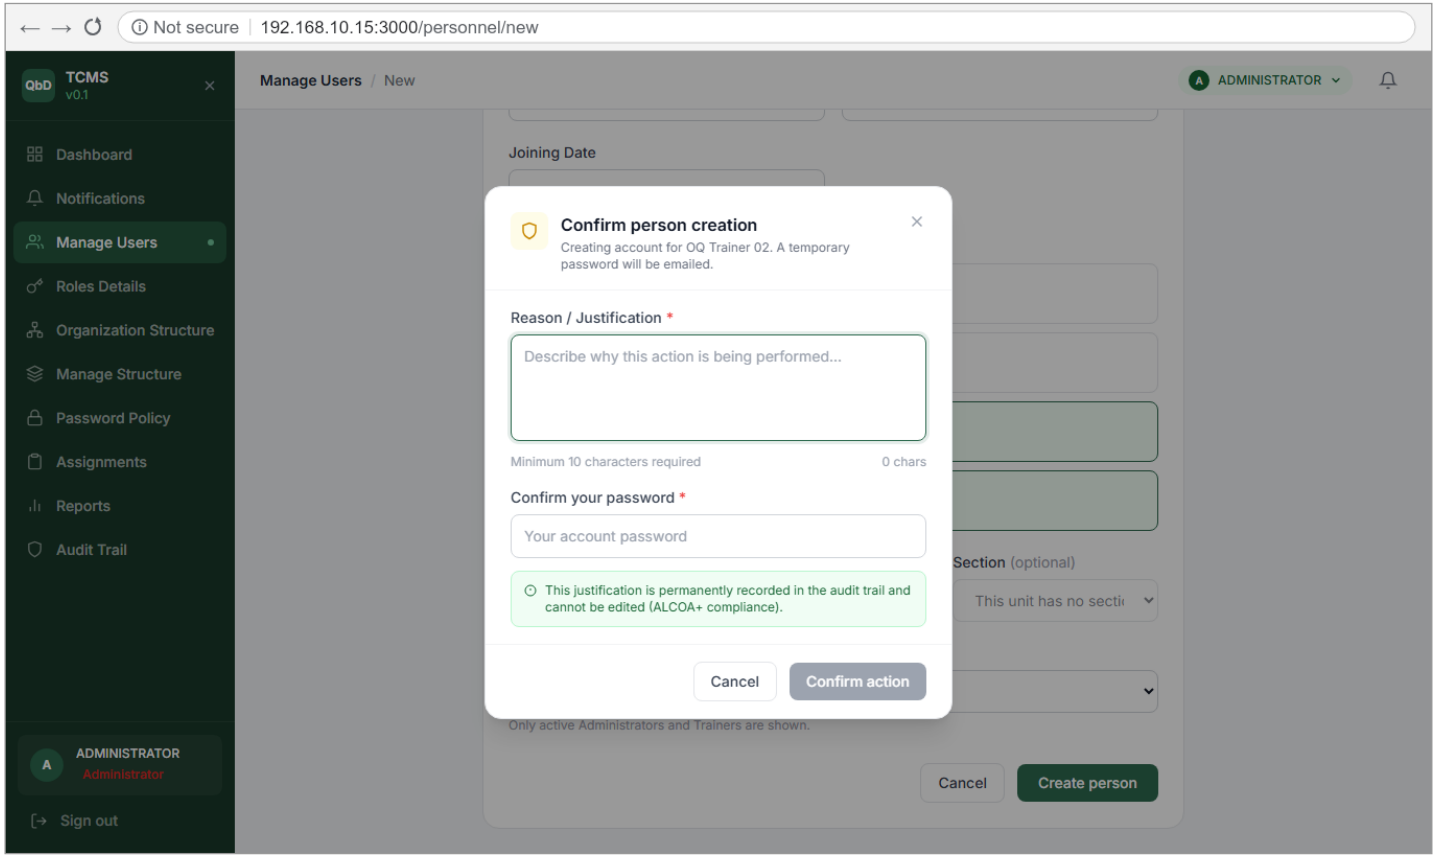
Test Objective :	To verify that Contractual Employee creation requests electronic signature.			
Test Procedure :			Expected Result :	
Enter all details with Trainee role & click on Create person.			"Confirm person creation" window should be displayed.	
Test ID : 8.1.6	Step No : 19.1	Attachment No. : 134	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:40



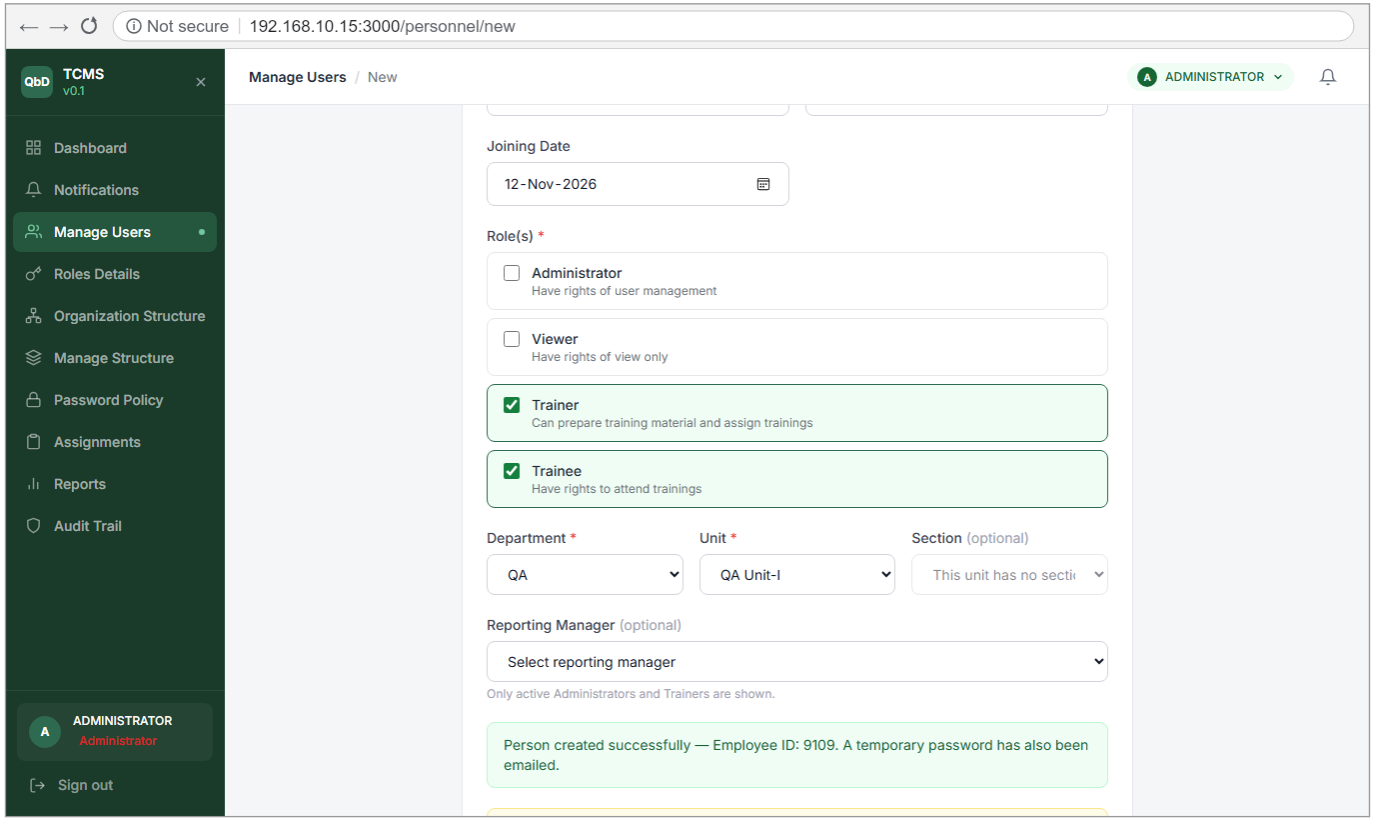
Test Objective :	To verify creation of a Contractual Employee user.			
Test Procedure :			**Expected Result :**	
In "Confirm person creation" window, type Reason / Justification (minimum 10 characters) & Password, then click on "Confirm action" button.			Contractual Employee should be created with Employee ID CR-NNN.	
Test ID : 8.1.6	Step No : 20.1	Attachment No. : 135	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:40



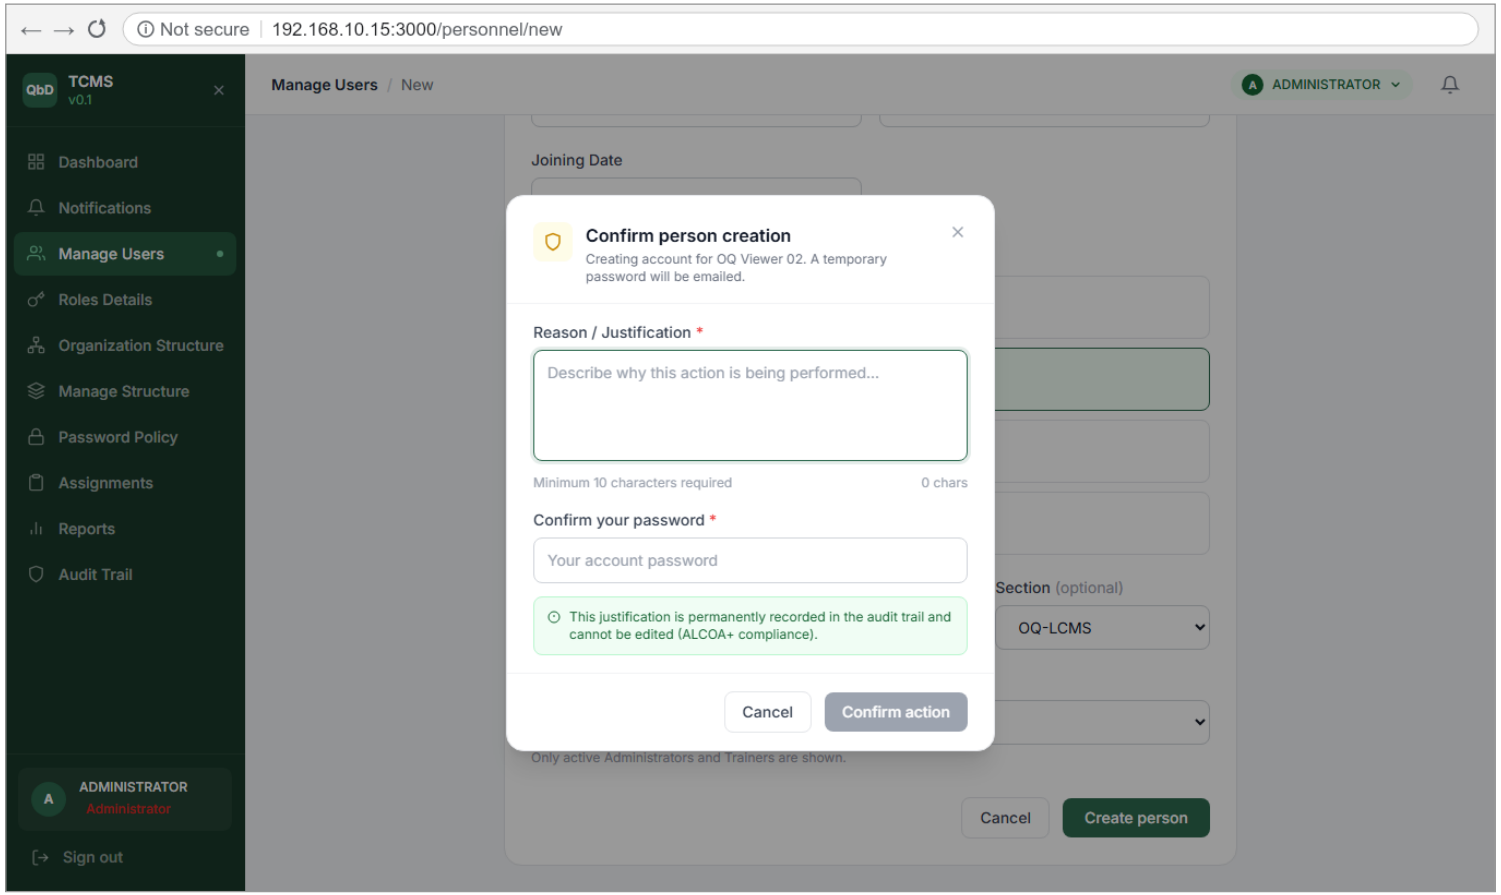
Test Objective :	To verify that multiple roles can be assigned to a user.			
Test Procedure :			Expected Result :	
Click on "Create user" & create a QBD Employee with roles Trainer + Trainee in QA department.			"Confirm person creation" window should be displayed.	
Test ID : 8.1.6	Step No : 21.1	Attachment No. : 136	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:40



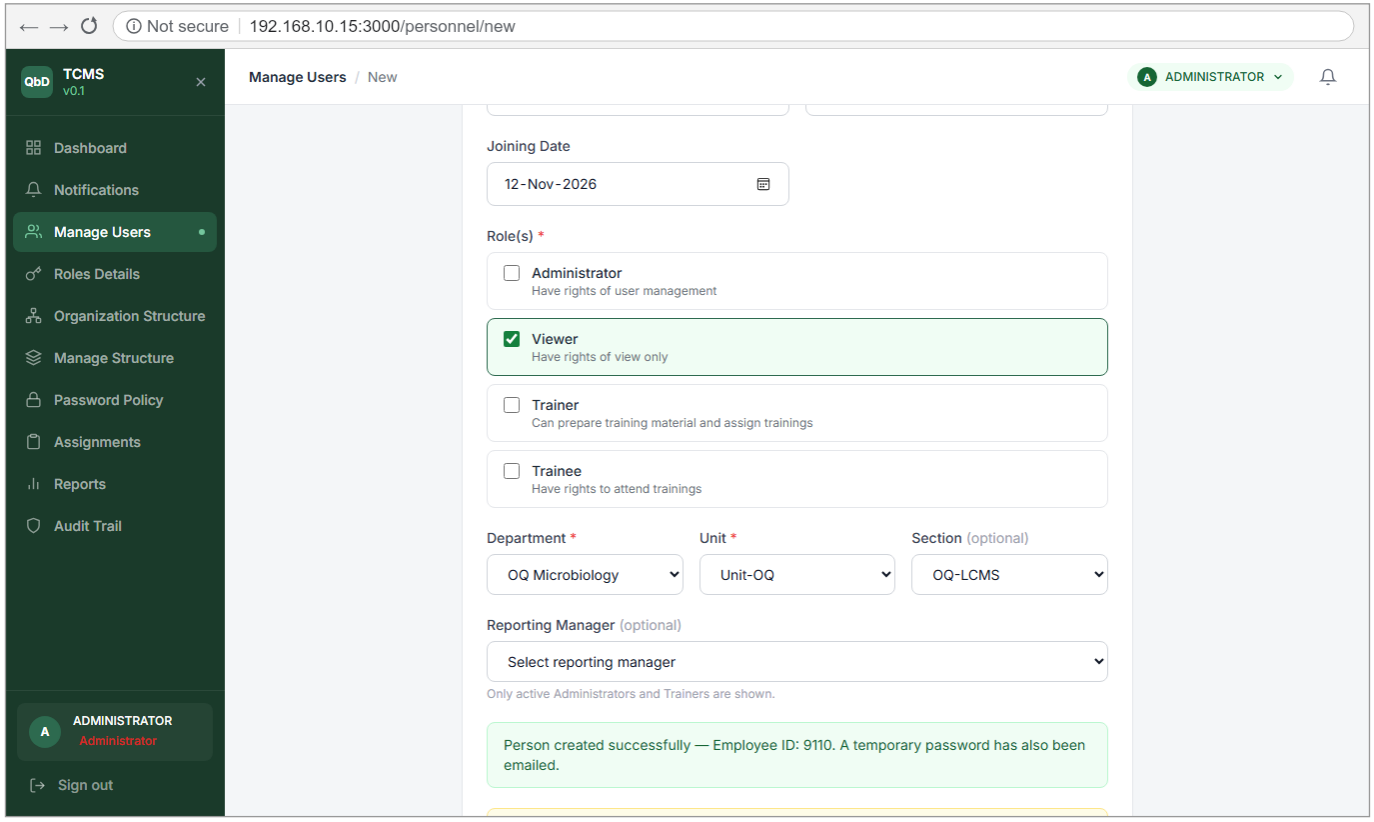
Test Objective :	To verify creation of a user with Trainer and Trainee roles.			
Test Procedure :			**Expected Result :**	
In "Confirm person creation" window, type Reason / Justification (minimum 10 characters) & Password, then click on "Confirm action" button.			User should be created with Trainer and Trainee roles.	
Test ID : 8.1.6	Step No : 22.1	Attachment No. : 137	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:40



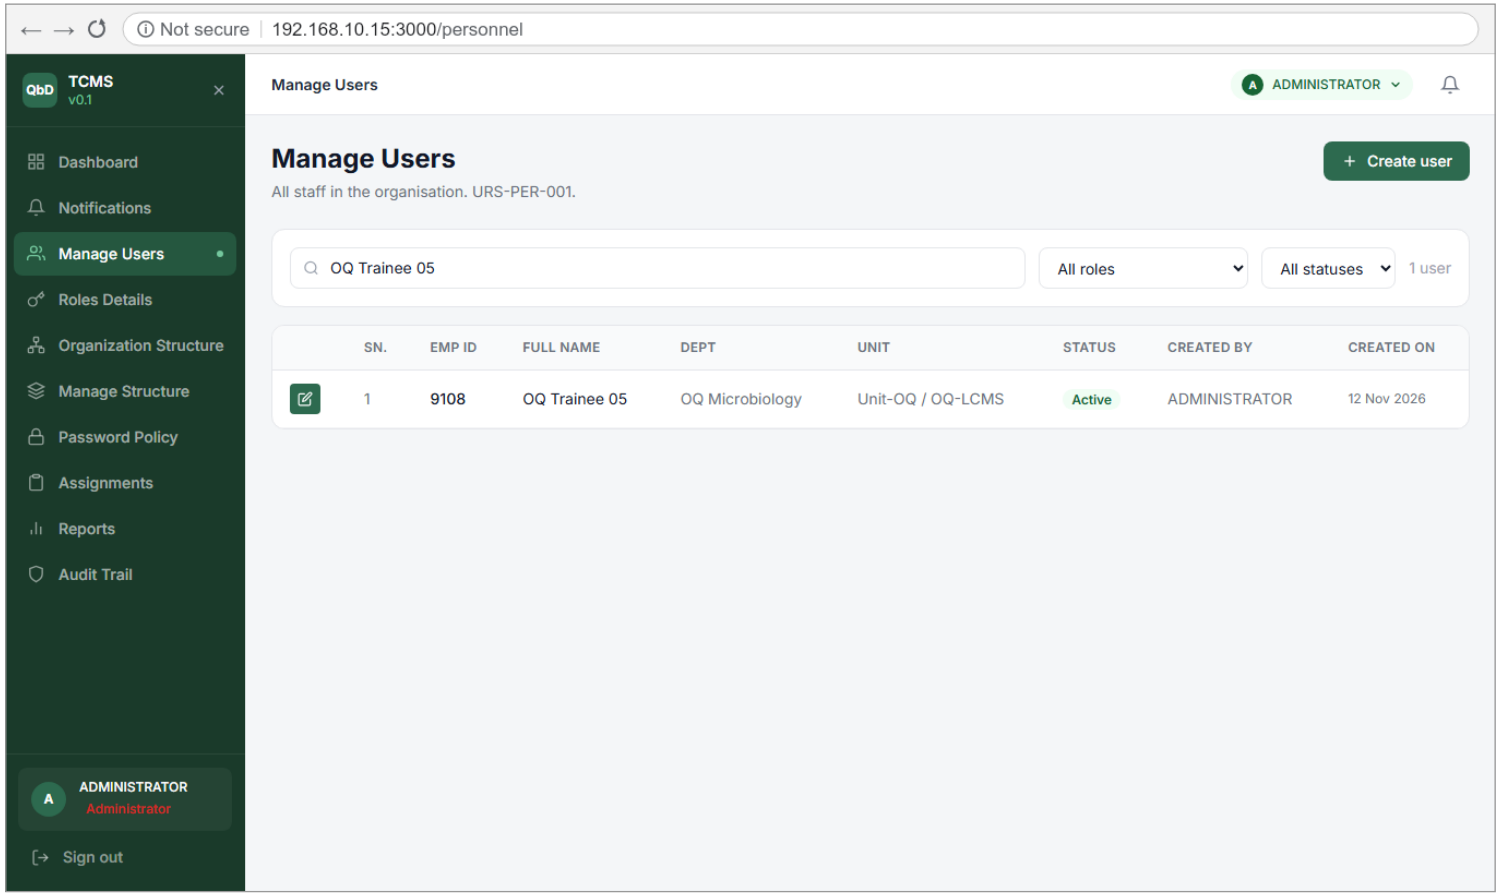
Test Objective :	To verify that a user with Viewer role can be created.			
Test Procedure :			Expected Result :	
Create a QBD Employee with Viewer role.			"Confirm person creation" window should be displayed.	
Test ID : 8.1.6	Step No : 23.1	Attachment No. : 138	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:40



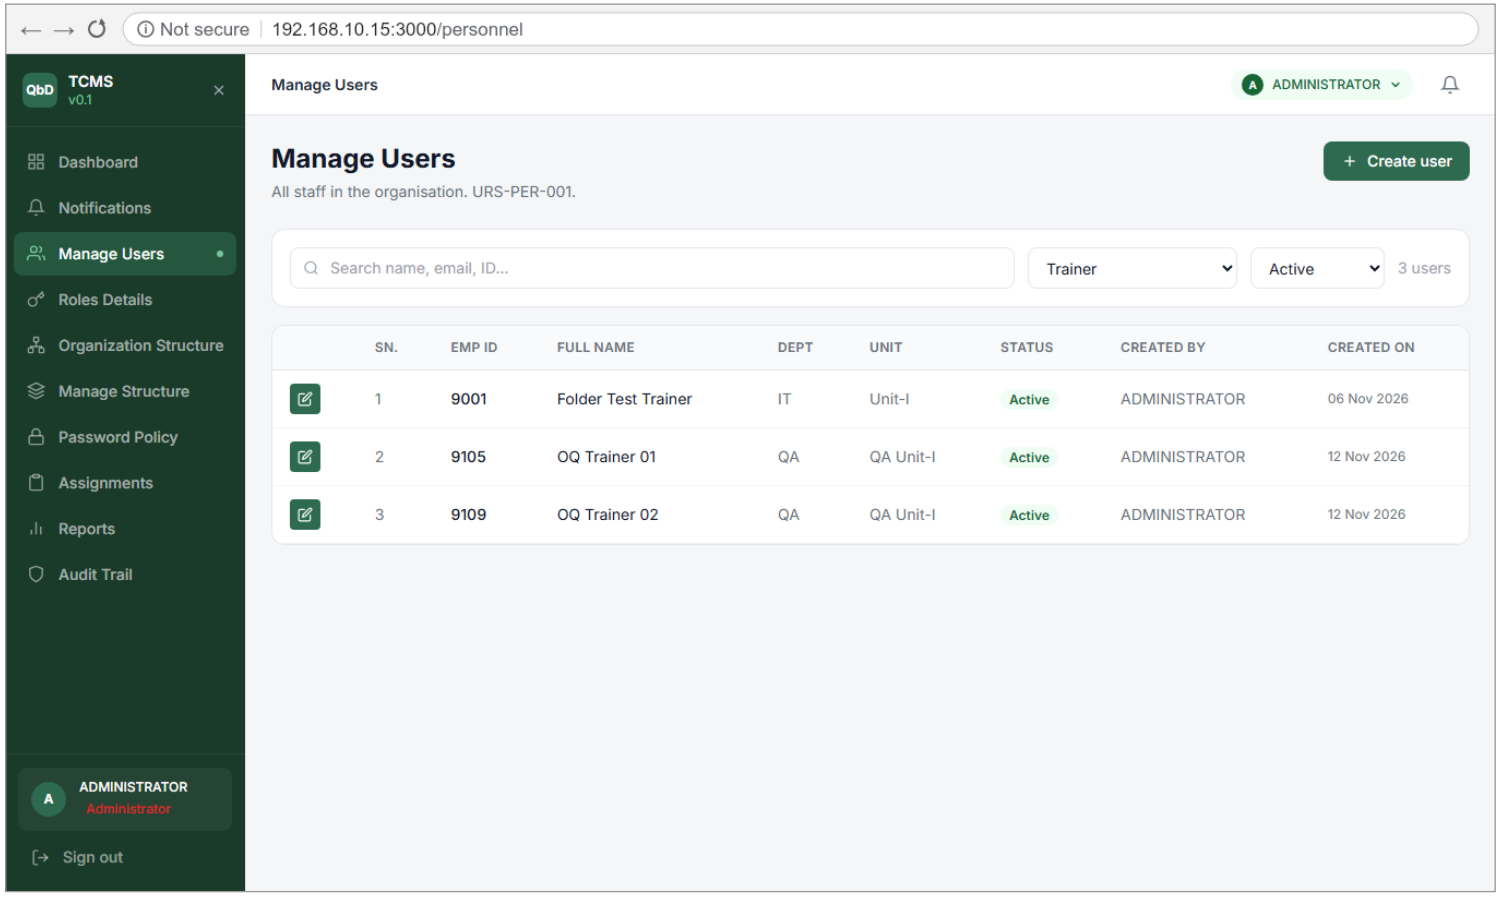
Test Objective :	To verify creation of a user with Viewer role.			
Test Procedure :			**Expected Result :**	
In "Confirm person creation" window, type Reason / Justification (minimum 10 characters) & Password, then click on "Confirm action" button.			User should be created with Viewer role.	
Test ID : 8.1.6	Step No : 24.1	Attachment No. : 139	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:40



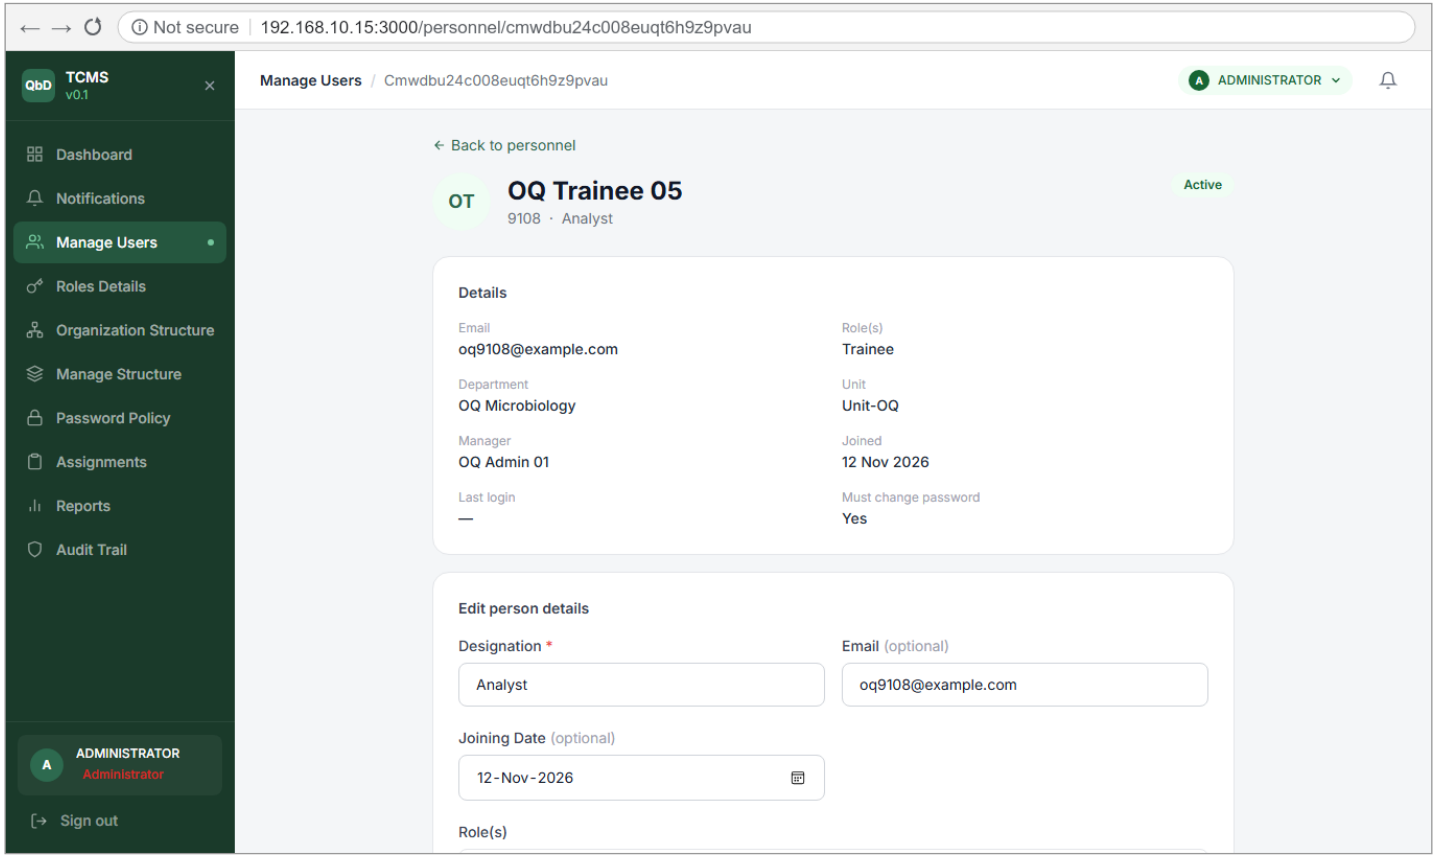
Test Objective :	To verify search of users by name, email and Employee ID.			
Test Procedure :			Expected Result :	
On Manage Users page, search by name / email / ID.			Matching users should be displayed.	
Test ID : 8.1.6	Step No : 25.1	Attachment No. : 140	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:41



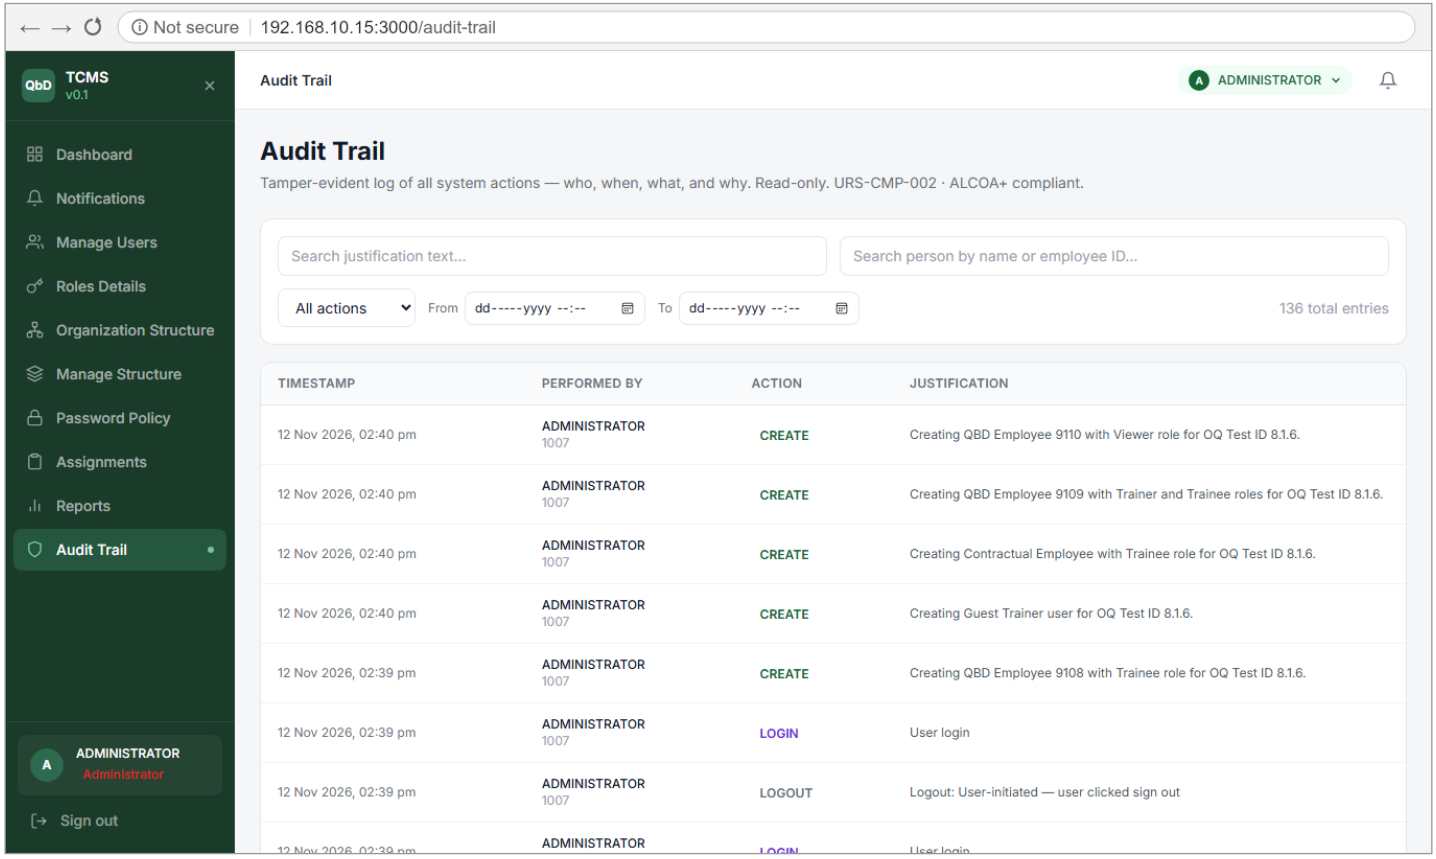
Test Objective :	To verify filtering of users by role and status.			
Test Procedure :			Expected Result :	
Filter the list by role (All roles) & status (Active / Disabled).			Users should be filtered as per the selected role and status.	
Test ID : 8.1.6	Step No : 26.1	Attachment No. : 141	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:41



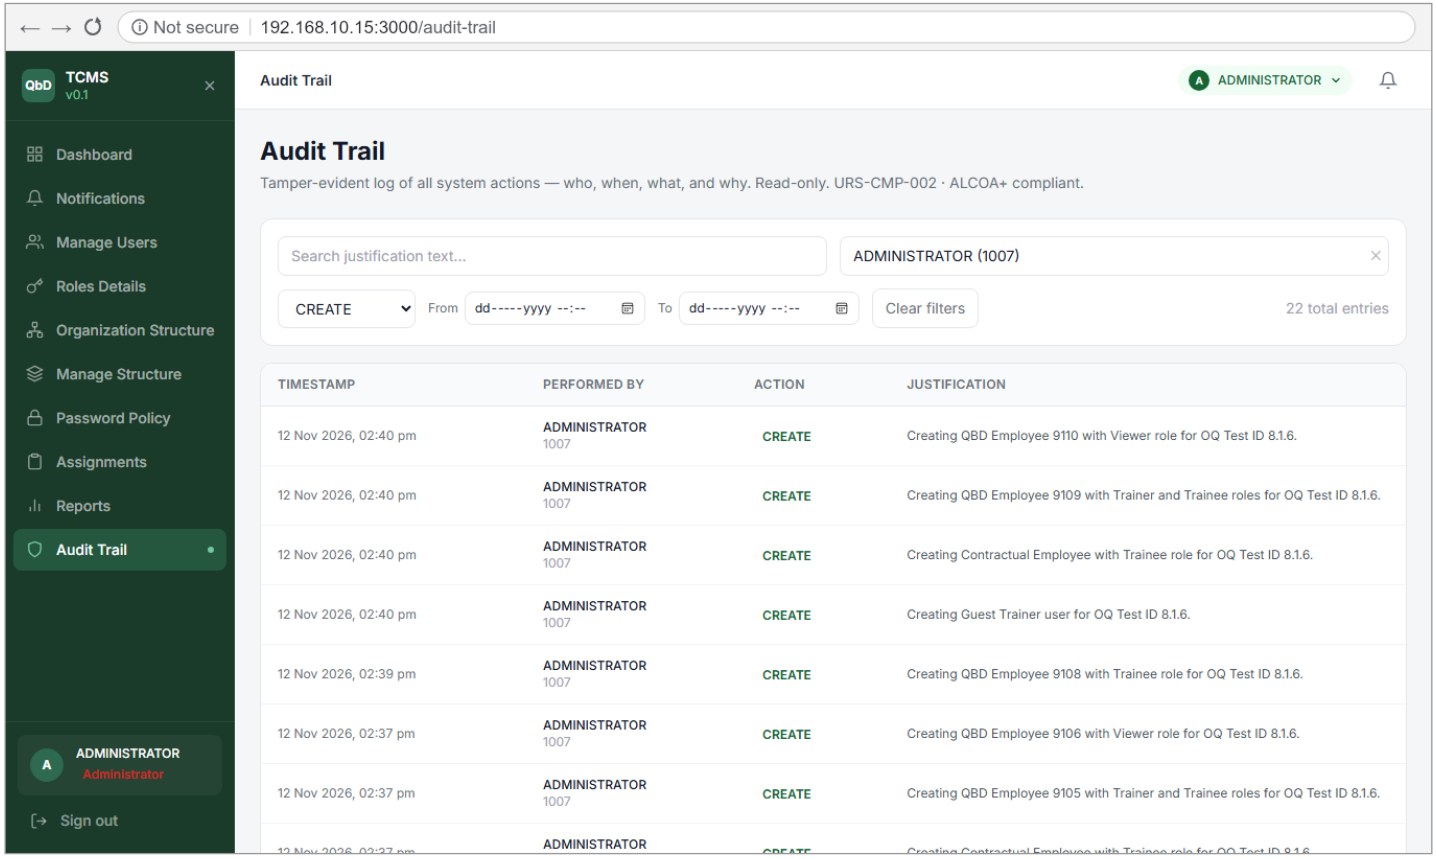
Test Objective :	To verify the user detail page of a newly created user.			
Test Procedure :			Expected Result :	
Click on the newly created user 9108.			Details should be displayed: Email, Role(s), Department, Unit, Manager, Joined, Last login & Must change password = Yes.	
Test ID : 8.1.6	Step No : 27.1	Attachment No. : 142	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:41



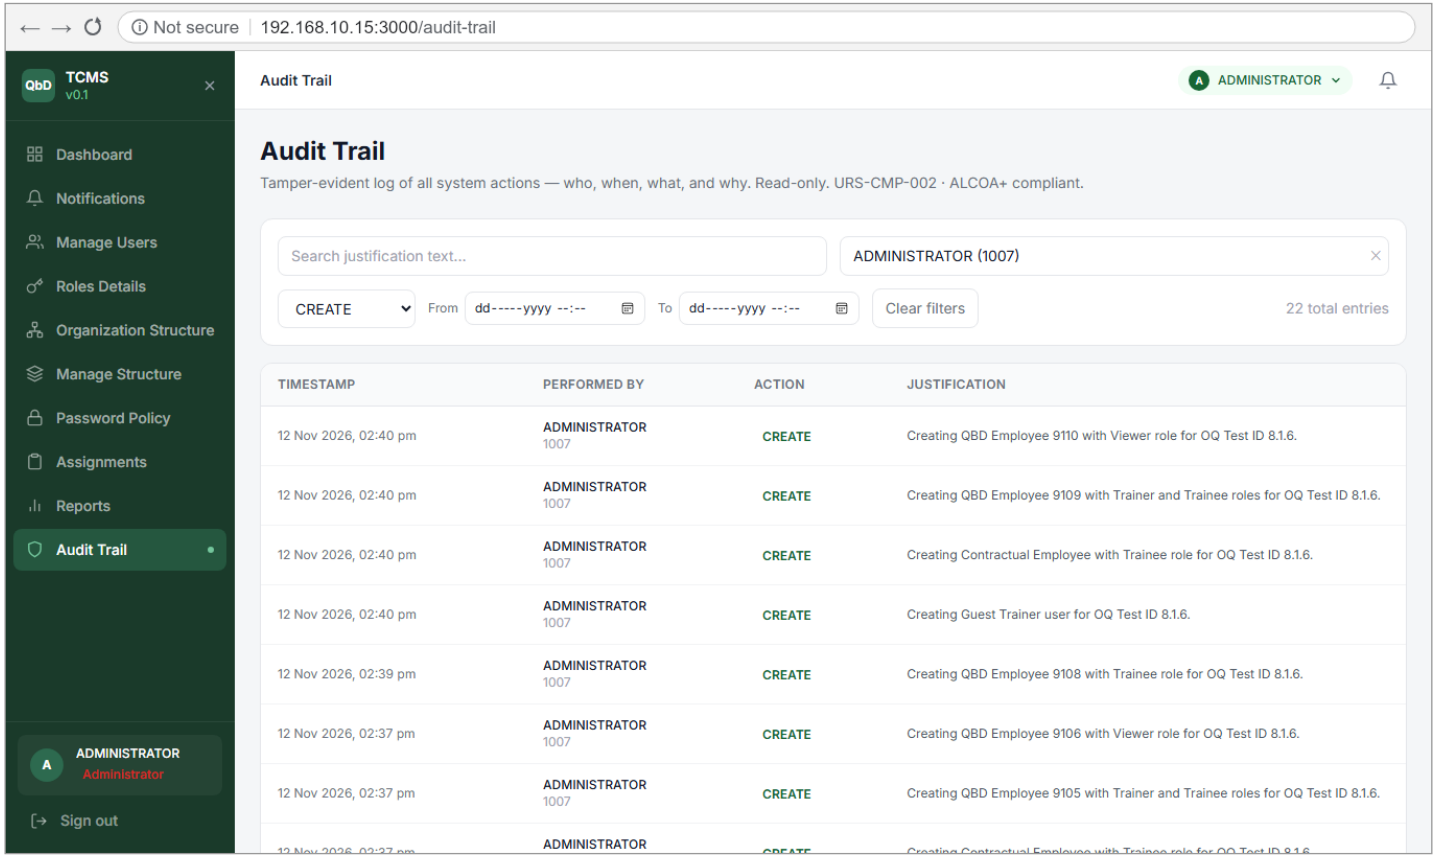
Test Objective :	To verify navigation to the Audit Trail page.			
Test Procedure :			**Expected Result :**	
Click on "Audit Trail" menu from the left panel.			Audit Trail page should be displayed with Timestamp, Performed By, Action & Justification columns.	
Test ID : 8.1.6	Step No : 28.1	Attachment No. : 143	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:41



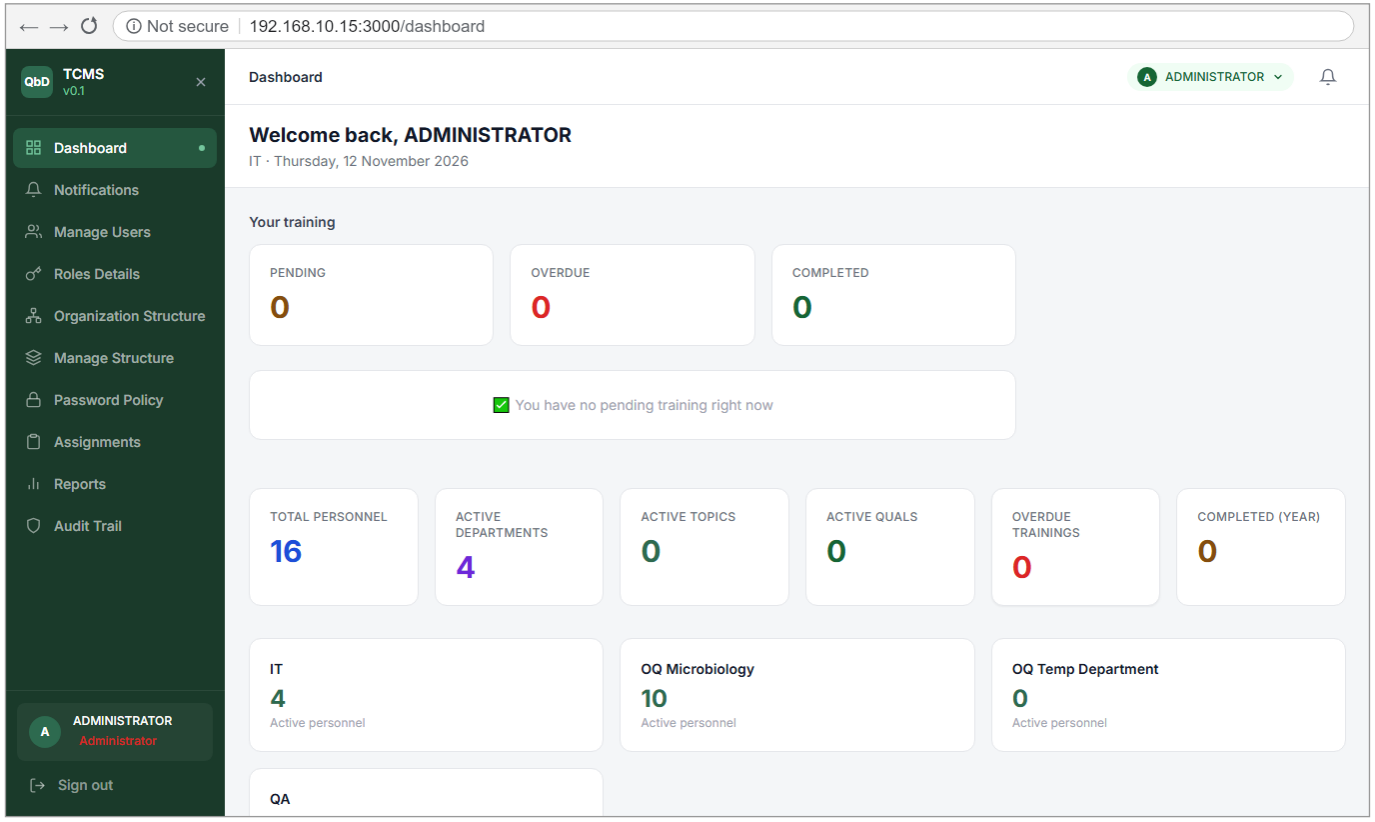
Test Objective :	To verify filtering of the audit trail by user and action (CREATE).			
Test Procedure :			Expected Result :	
Search the performing user by name / Employee ID & select "CREATE" from the All actions drop-down.			Audit log entries should be filtered for the selected user and action.	
Test ID : 8.1.6	Step No : 29.1	Attachment No. : 144	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:41



Test Objective :	To verify that the audit trail records creation of users.			
Test Procedure :			Expected Result :	
Verify the audit trail entry for creation of users.			Audit entry should display Timestamp (dd MMM yyyy, hh:mm am/pm), Performed By (name & Employee ID), Action = CREATE and the Justification entered.	
Test ID : 8.1.6	Step No : 30.1	Attachment No. : 145	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:41



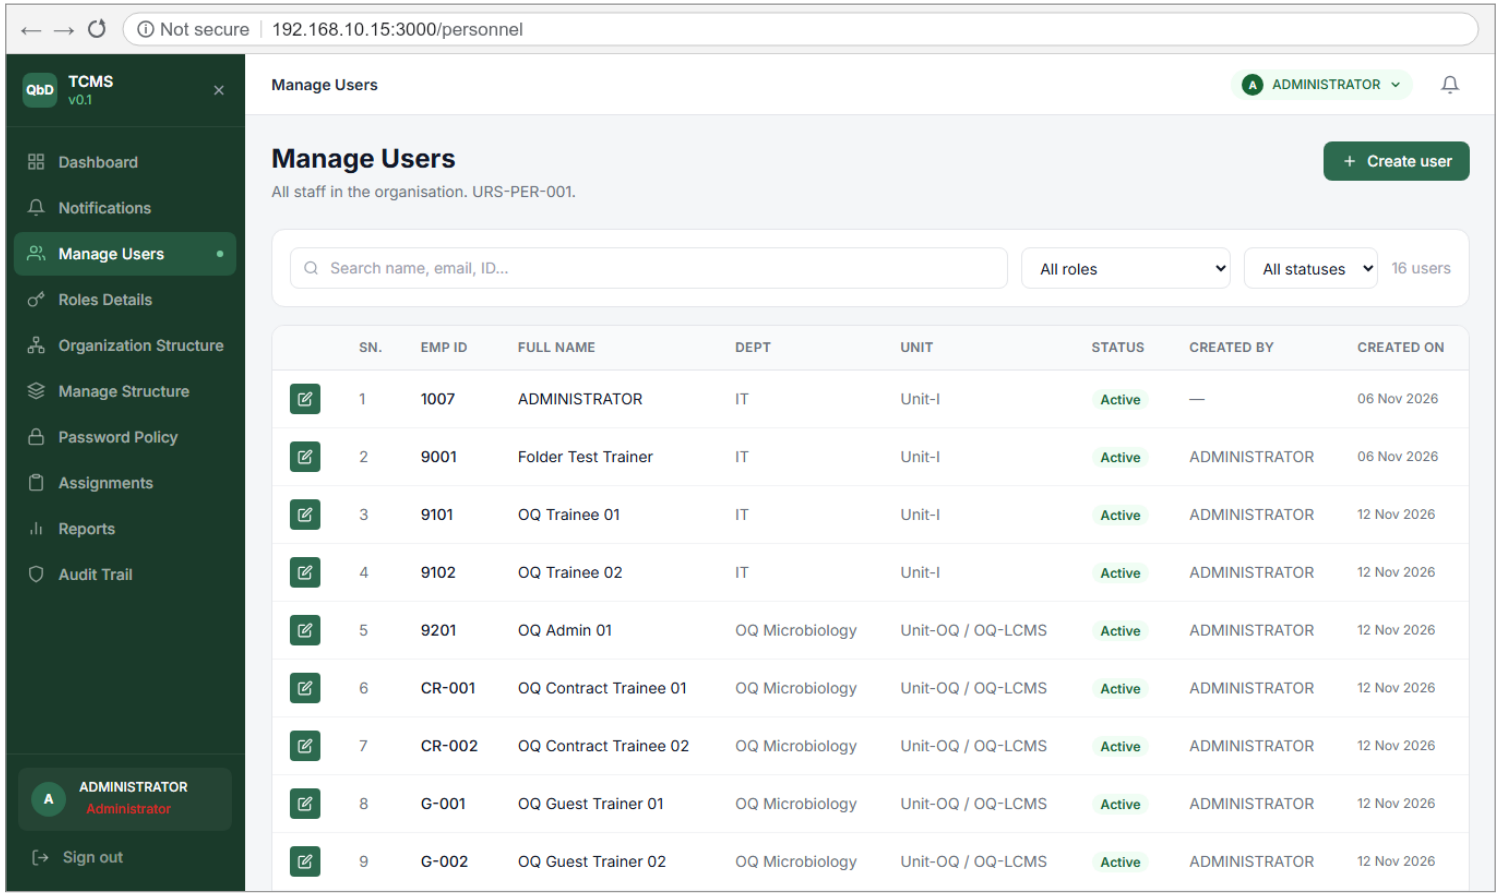
Test Objective :	To verify successful login with Administrator credentials and role-wise menu display.			
Test Procedure :			**Expected Result :**	
Open TCMS application URL (http://192.168.10.15:3000) in Microsoft Edge. Type Employee ID / Password & click on Sign in button (with Administrator level privilege).			Dashboard should be displayed with the menus applicable to Administrator role.	
Test ID : 8.1.7	Step No : 1.1	Attachment No. : 146	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:45



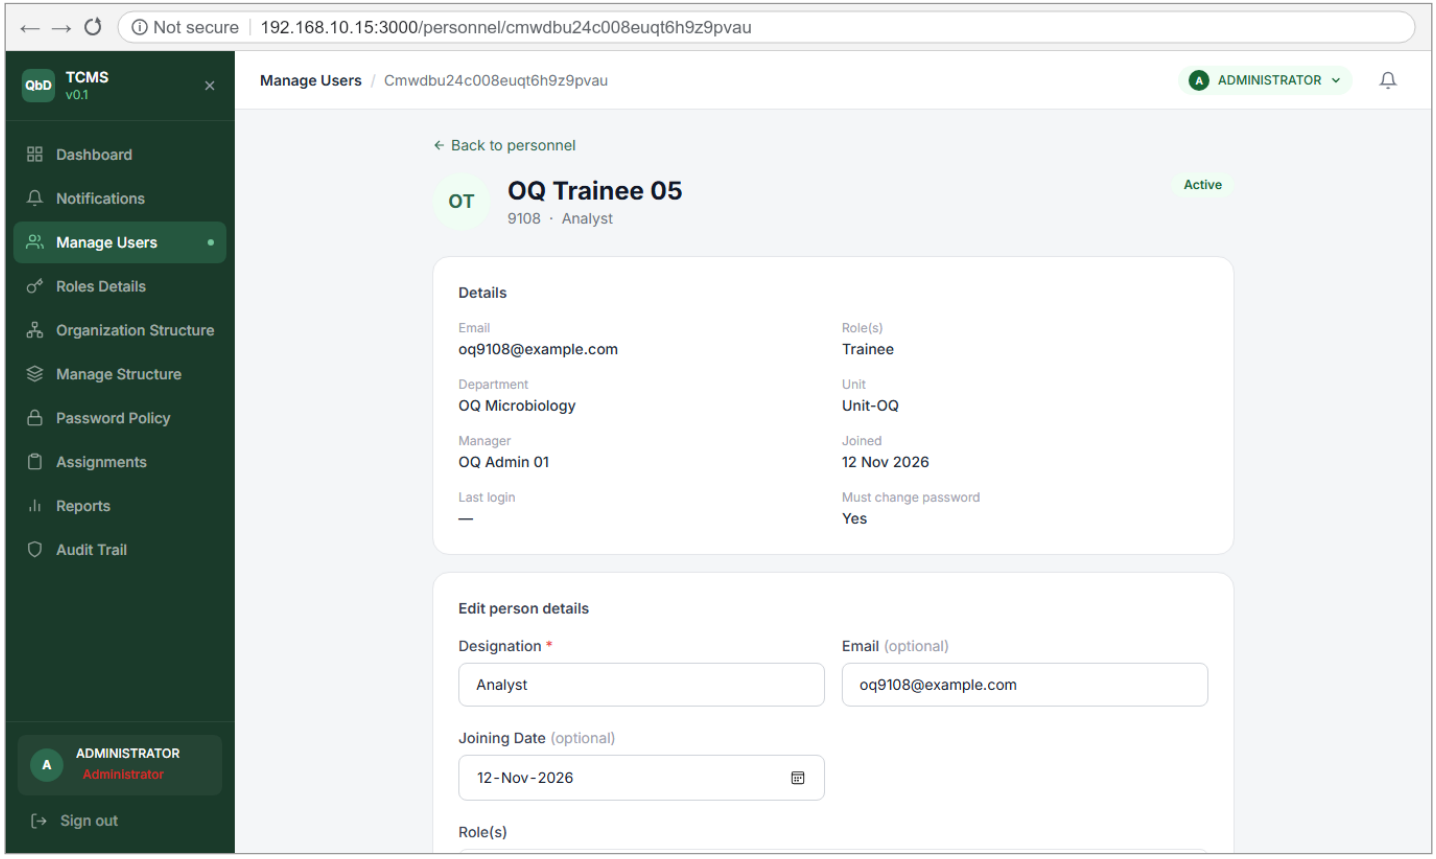
OPERATIONAL QUALIFICATION SCREENSHOTS FOR TCMS APPLICATION VER. 1.0

DOCUMENT NO.: LGC/QBD/0002	TITLE : COMPUTER SYSTEM VALIDATION OF TCMS

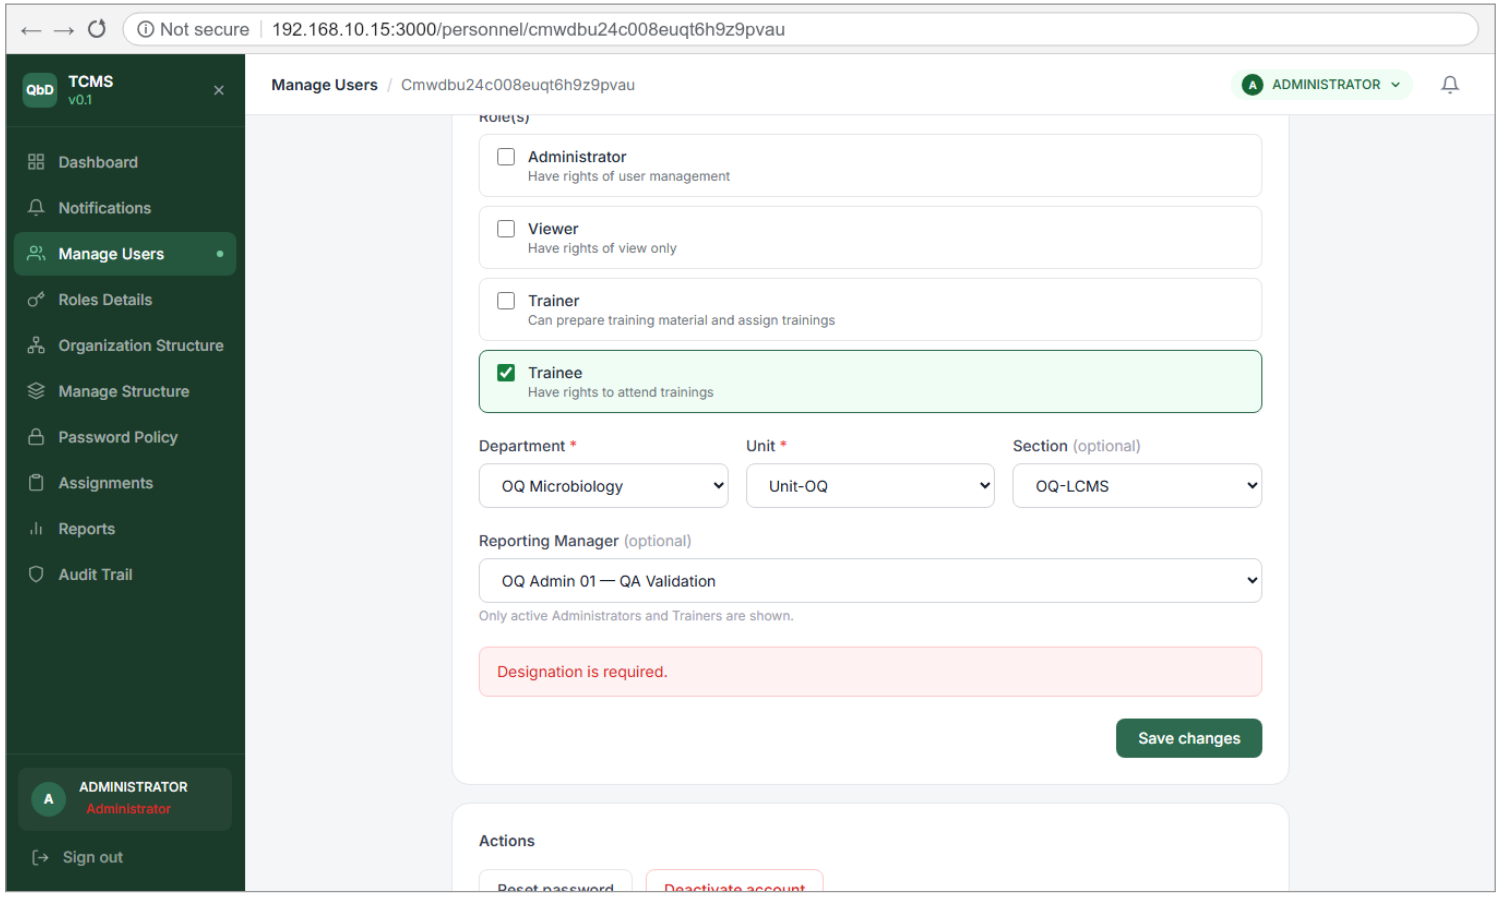
Test Objective :	To verify navigation to the Manage Users page.			
Test Procedure :			Expected Result :	
Click on "Manage Users" menu from the left panel.			Manage Users page should be displayed.	
Test ID : 8.1.7	Step No : 2.1	Attachment No. : 147	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:45



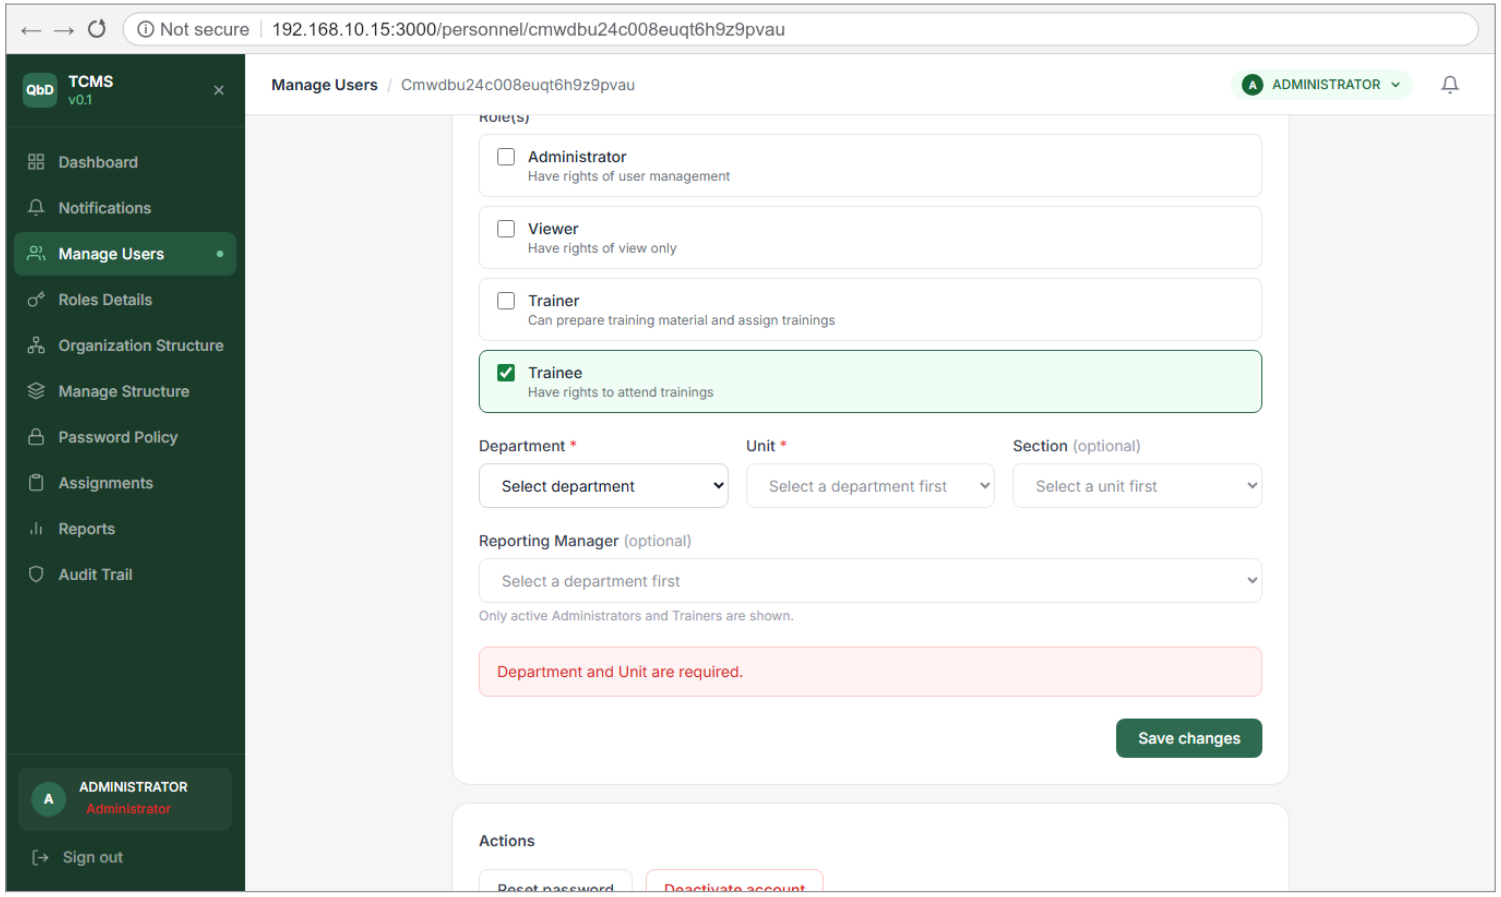
Test Objective :	To verify the Edit person details page and editable fields.			
Test Procedure :			Expected Result :	
Click on "Edit details" for user 9108.			"Edit person details" page should be displayed with Designation, Email, Joining Date, Role(s), Department, Unit, Section & Reporting Manager.	
Test ID : 8.1.7	Step No : 3.1	Attachment No. : 148	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:45



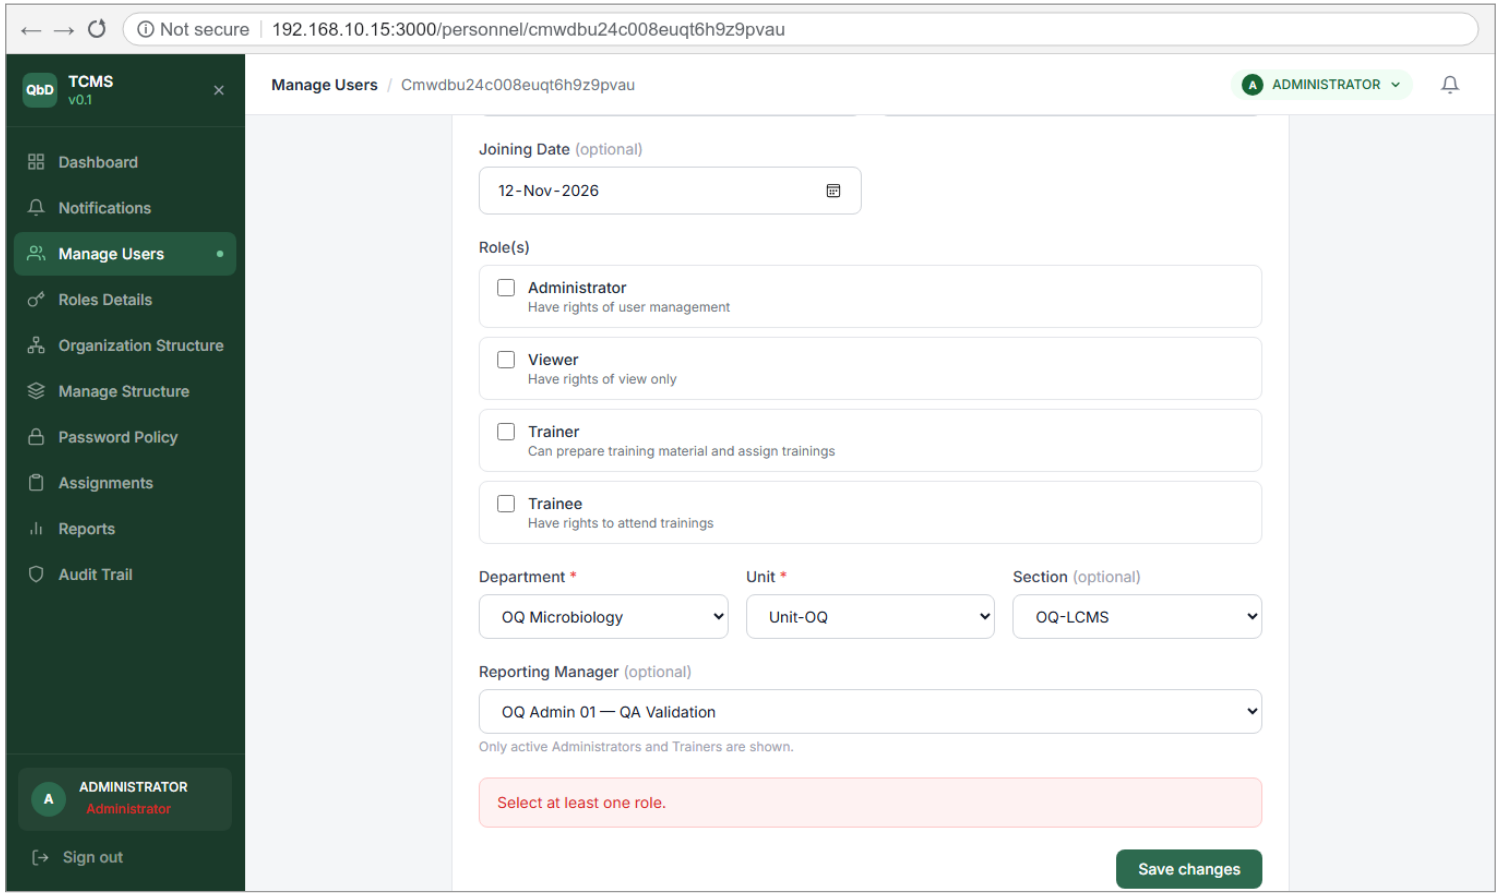
Test Objective :	To verify that Designation is mandatory while editing a user.			
Test Procedure :			Expected Result :	
Clear Designation & click on Save.			"Designation is required." message should be displayed.	
Test ID : 8.1.7	Step No : 4.1	Attachment No. : 149	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:45



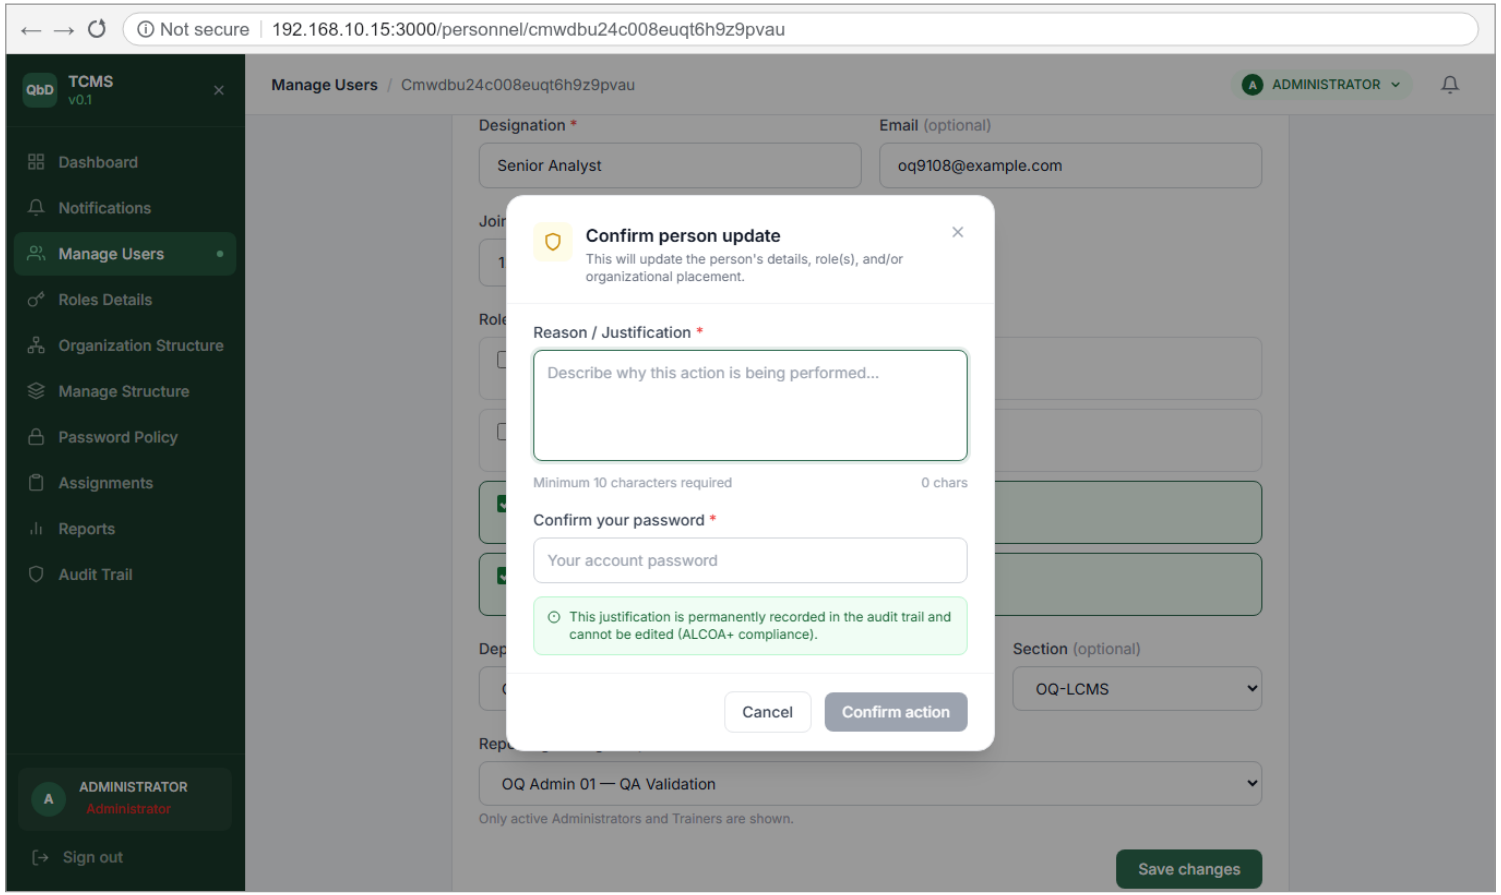
Test Objective :	To verify that Department and Unit are mandatory while editing a user.			
Test Procedure :			Expected Result :	
Clear Department & Unit & click on Save.			"Department and Unit are required." message should be displayed.	
Test ID : 8.1.7	Step No : 5.1	Attachment No. : 150	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:45



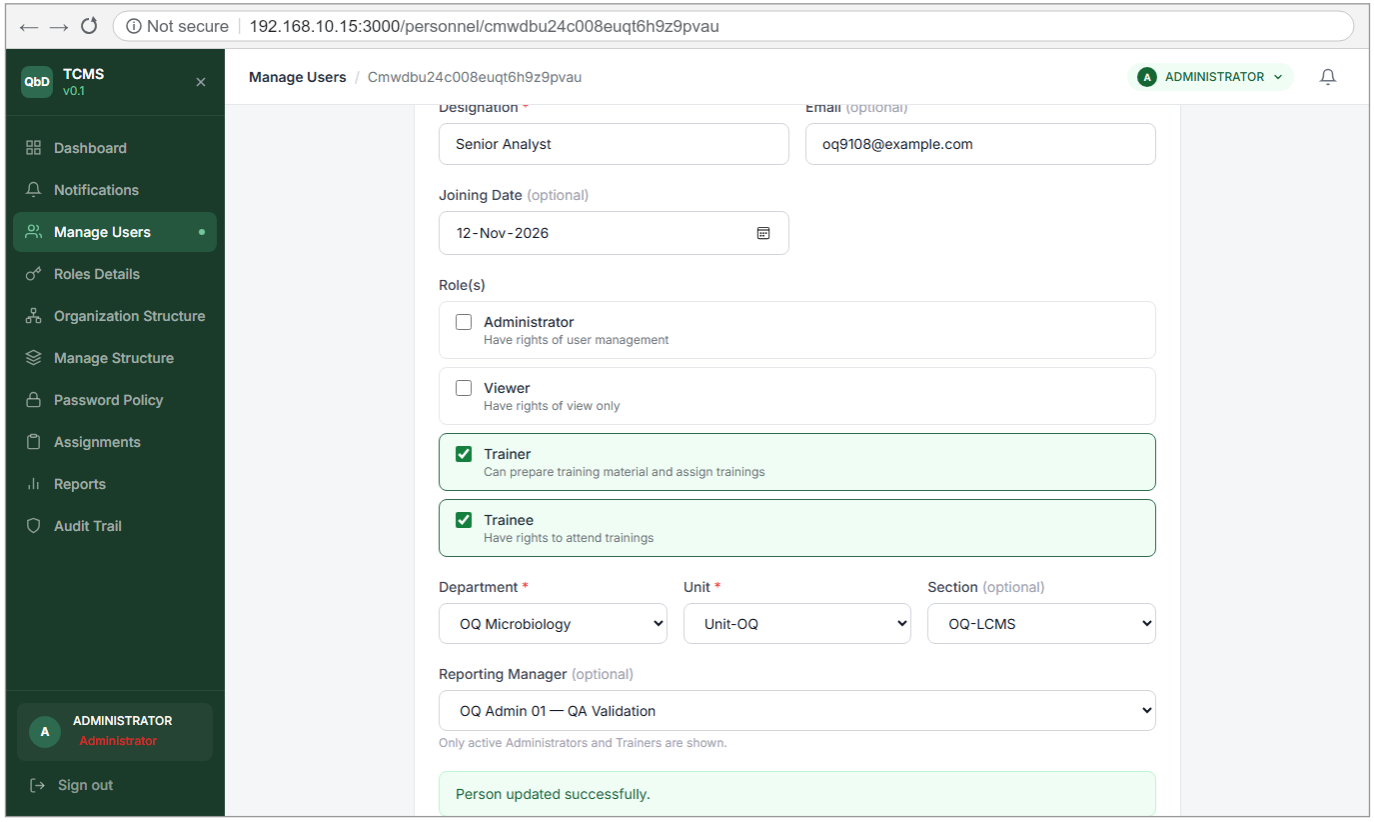
Test Objective :	To verify that at least one role is mandatory while editing a user.			
Test Procedure :			Expected Result :	
Deselect all roles & click on Save.			"Select at least one role." message should be displayed.	
Test ID : 8.1.7	Step No : 6.1	Attachment No. : 151	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:45



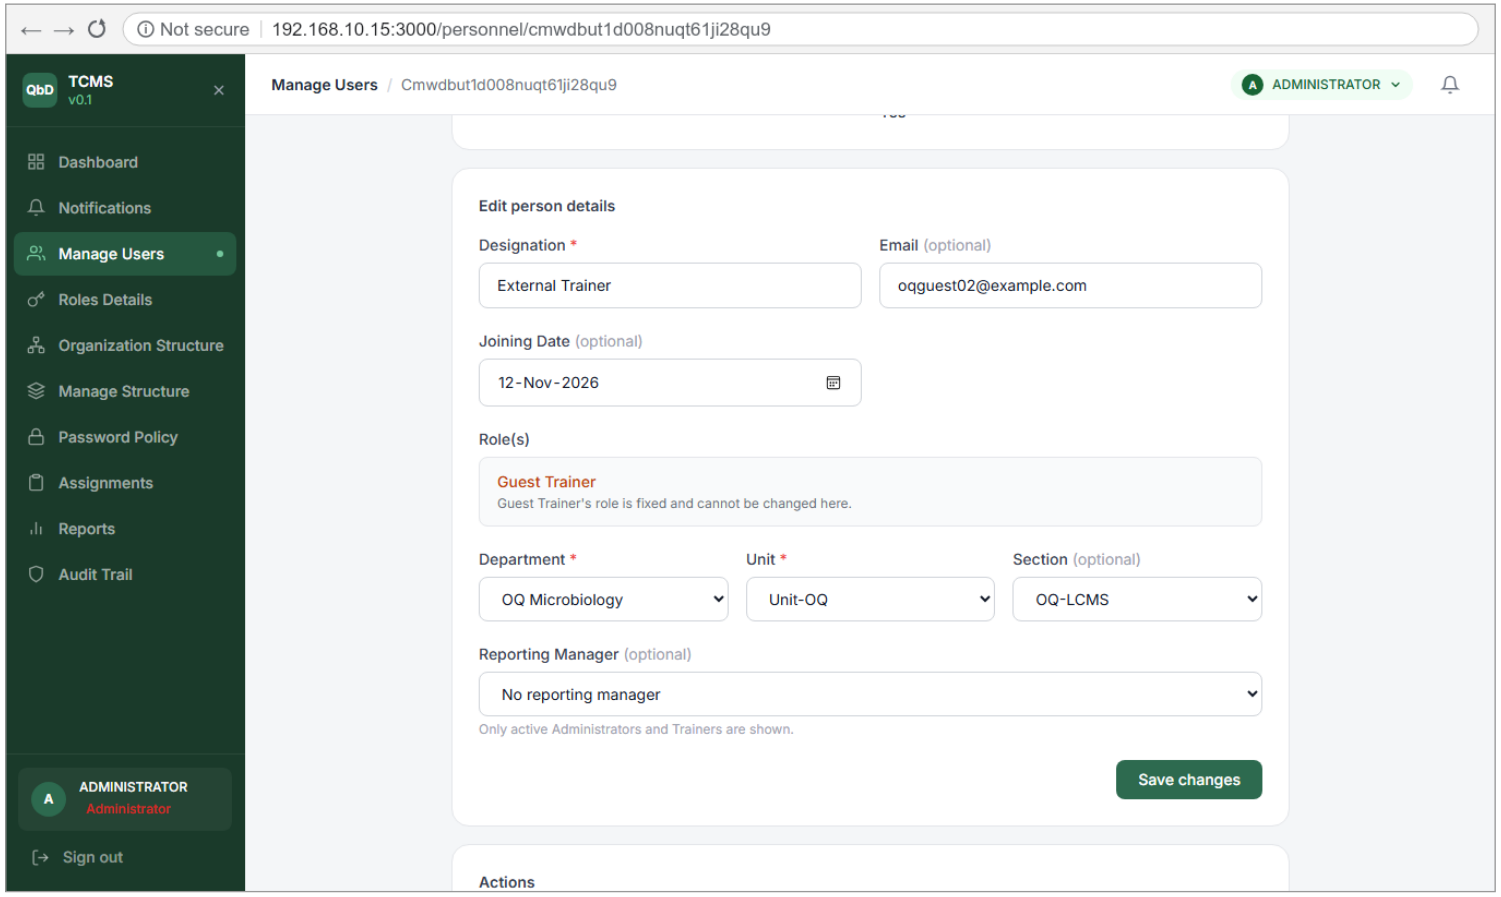
Test Objective :	To verify that a user update requests electronic signature.			
Test Procedure :			Expected Result :	
Change Designation = Senior Analyst & add role Trainer. Click on Save.			"Confirm person update" window should be displayed.	
Test ID : 8.1.7	Step No : 7.1	Attachment No. : 152	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:45



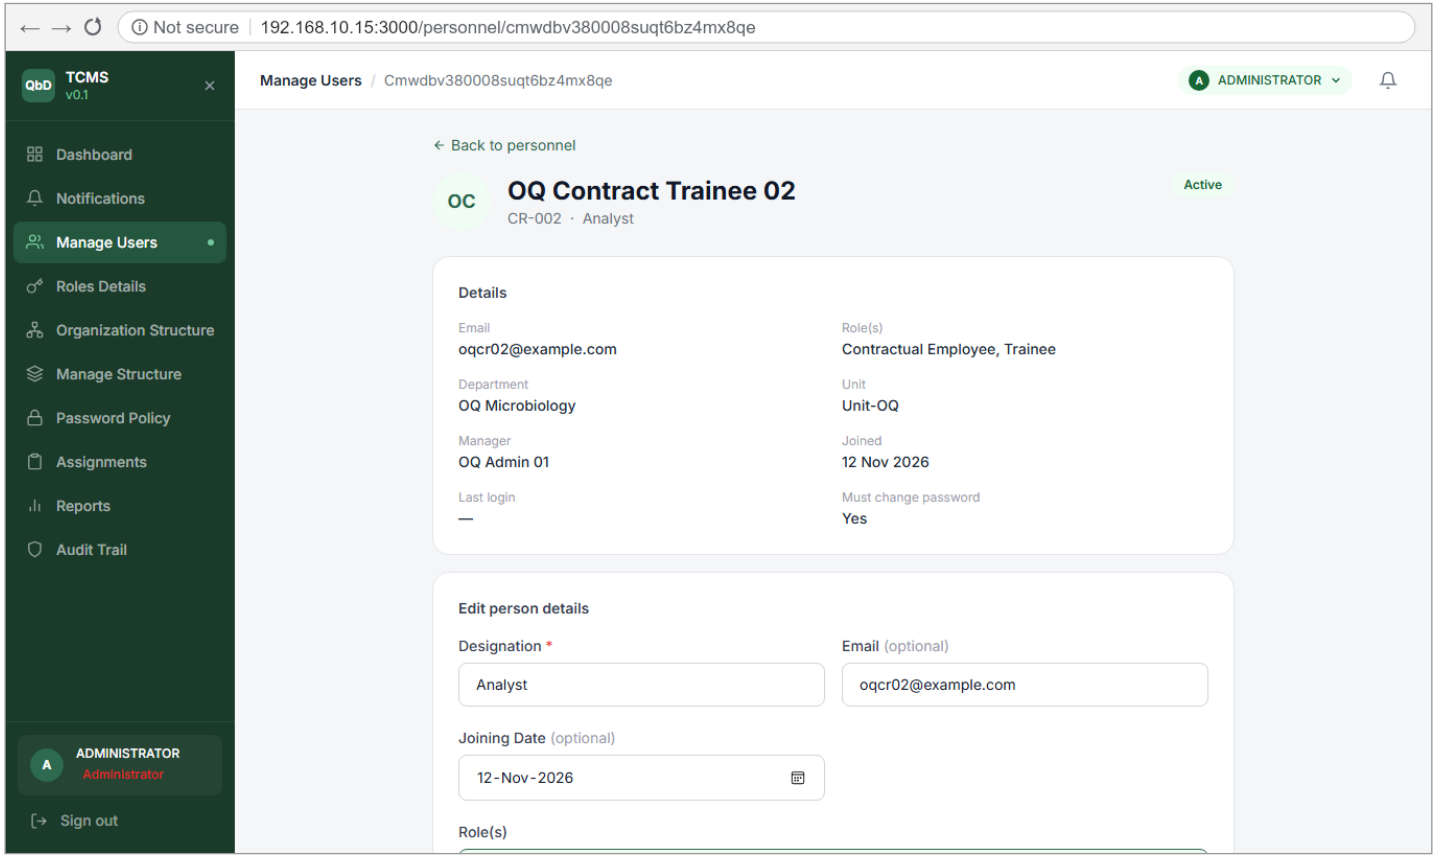
Test Objective :	To verify update of user designation and roles with electronic signature.			
Test Procedure :			**Expected Result :**	
In "Confirm person update" window, type Reason / Justification (minimum 10 characters) & Password, then click on "Confirm action" button.			**"Person updated successfully." message should be displayed.**	
Test ID : 8.1.7	**Step No : 8.1**	**Attachment No. : 153**	**Result : Pass**	**Executed By : _____ Date & Time : 12-Nov-26 14:45**



Test Objective :	To verify that the Guest Trainer role cannot be changed.			
Test Procedure :			Expected Result :	
Open edit page of the Guest Trainer user.			"Guest Trainer's role is fixed and cannot be changed here." should be displayed.	
Test ID : 8.1.7	Step No : 9.1	Attachment No. : 154	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:45



Test Objective :	To verify that a Contractual Employee cannot be assigned the Trainer role.			
Test Procedure :			Expected Result :	
Open edit page of the Contractual Employee & verify the roles available for assignment.			Only the Trainee role should be available for selection (Trainer role should not be available).	
Test ID : 8.1.7	Step No : 10.1	Attachment No. : 155	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:46



Test Objective :	To verify display of fixed trainings when a user is transferred to a new placement.			
Test Procedure :			Expected Result :	
Change Department / Unit of user 9001 & click on Save.			"Fixed trainings for this placement" window should be displayed with previously assigned trainings.	
Test ID : 8.1.7	Step No : 11.1	Attachment No. : 156	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.7 | Step No. 11.1 | Attachment No. 156

Test Objective :	To verify selection of trainings and due date during user transfer.			
Test Procedure :			Expected Result :	
Select the trainings & Due date for selected trainings, then click on Continue.			"Confirm person update" window should be displayed.	
Test ID : 8.1.7	Step No : 12.1	Attachment No. : 157	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

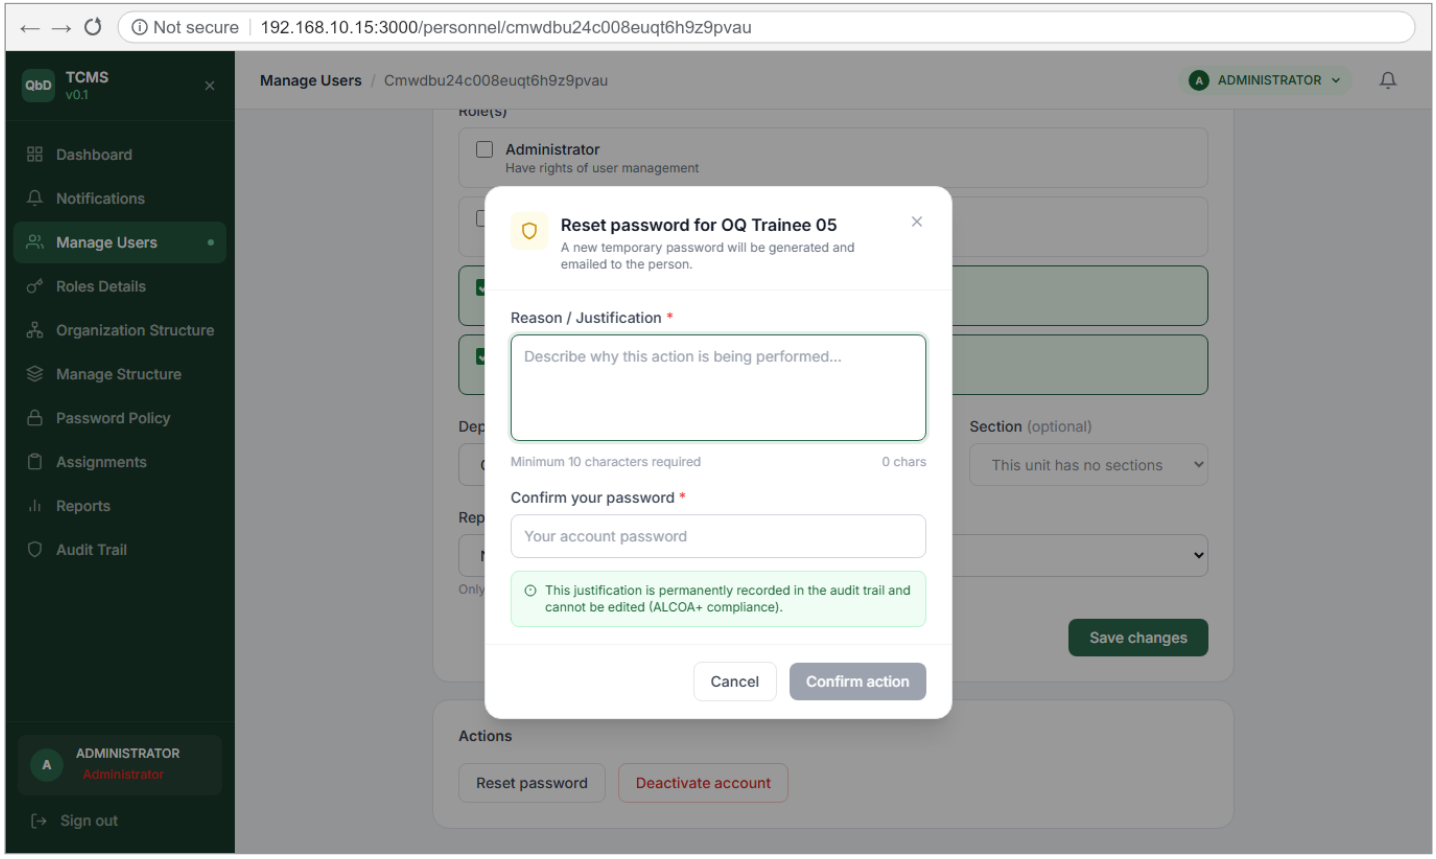
Test ID 8.1.7 | Step No. 12.1 | Attachment No. 157

Test Objective :	To verify user transfer with assignment of placement trainings.			
Test Procedure :			Expected Result :	
In "Confirm person update" window, type Reason / Justification (minimum 10 characters) & Password, then click on "Confirm action" button.			User should be transferred & selected trainings should be assigned.	
Test ID : 8.1.7	Step No : 13.1	Attachment No. : 158	Result : Pass / Fail	Executed By : _____ Date & Time : _____

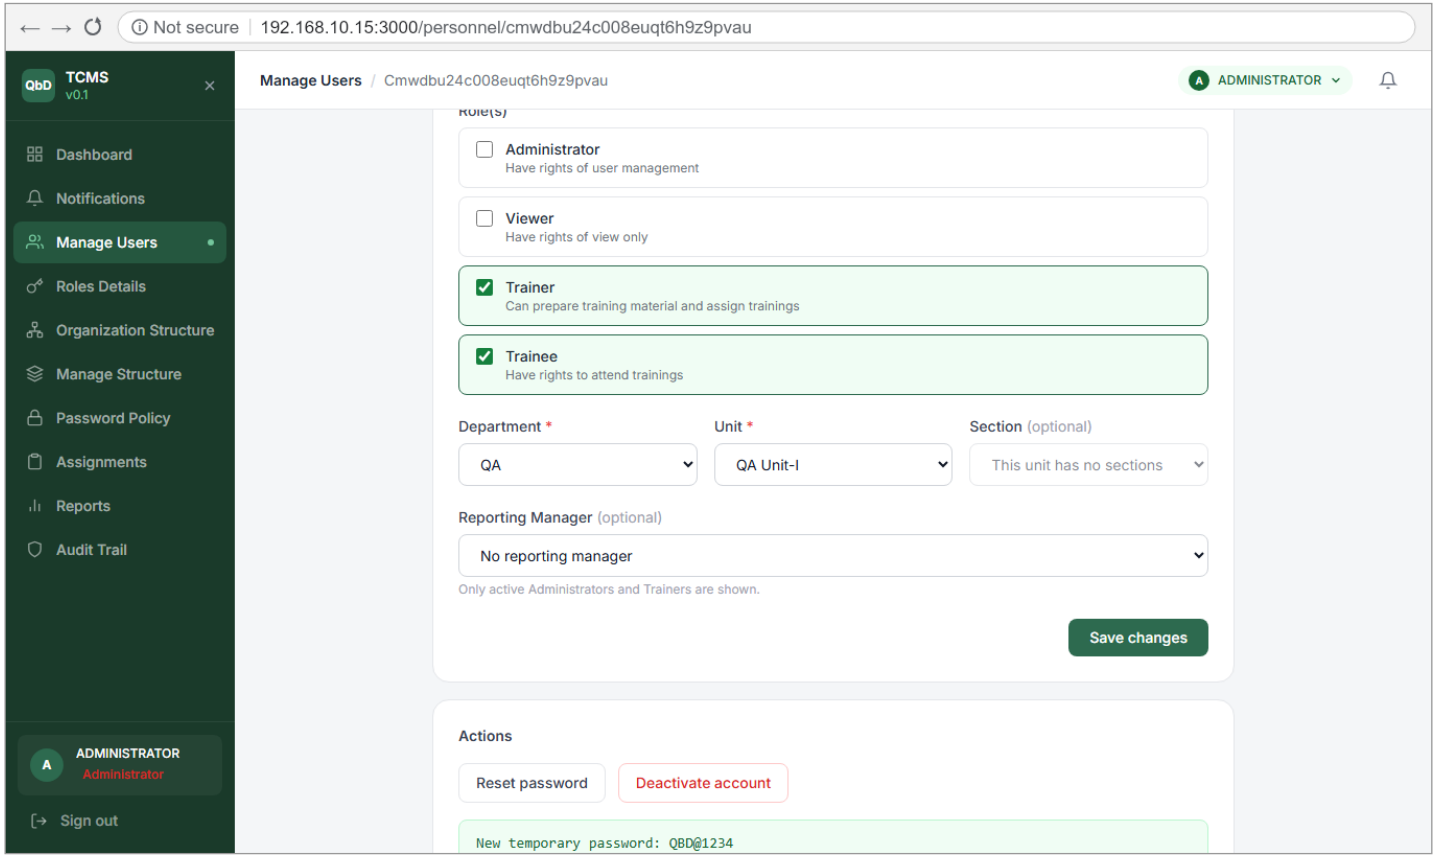
Affix / insert screenshot evidence here

Test ID 8.1.7 | Step No. 13.1 | Attachment No. 158

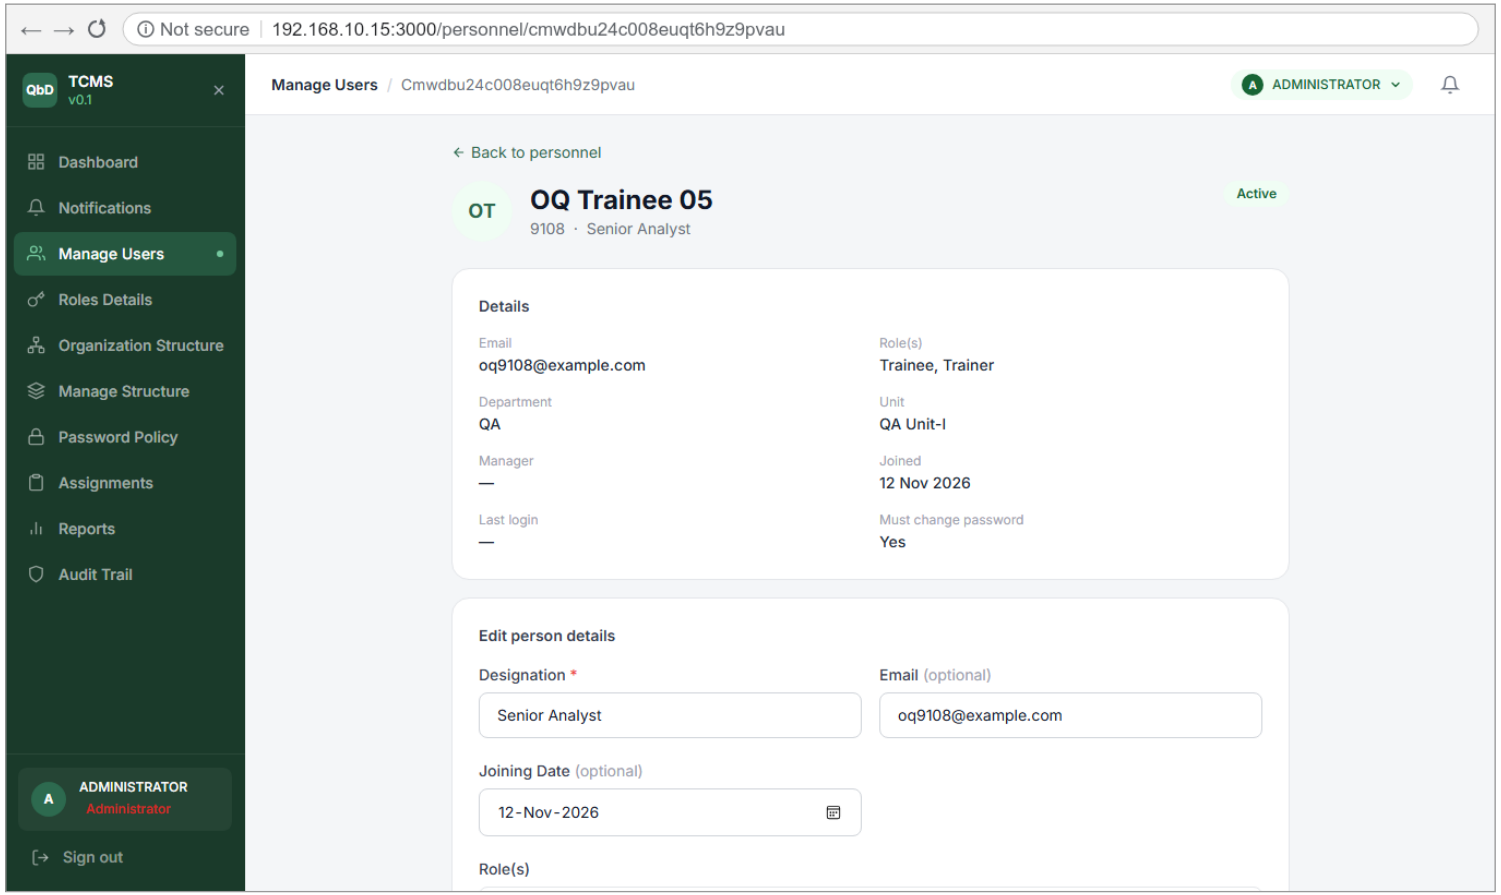
Test Objective :	To verify that the Administrator can initiate a password reset.			
Test Procedure :			Expected Result :	
Open user 9108 & click on "Reset password".			"Reset password for <user name>" window should be displayed — "A new temporary password will be generated and emailed to the person."	
Test ID : 8.1.7	Step No : 14.1	Attachment No. : 159	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:46



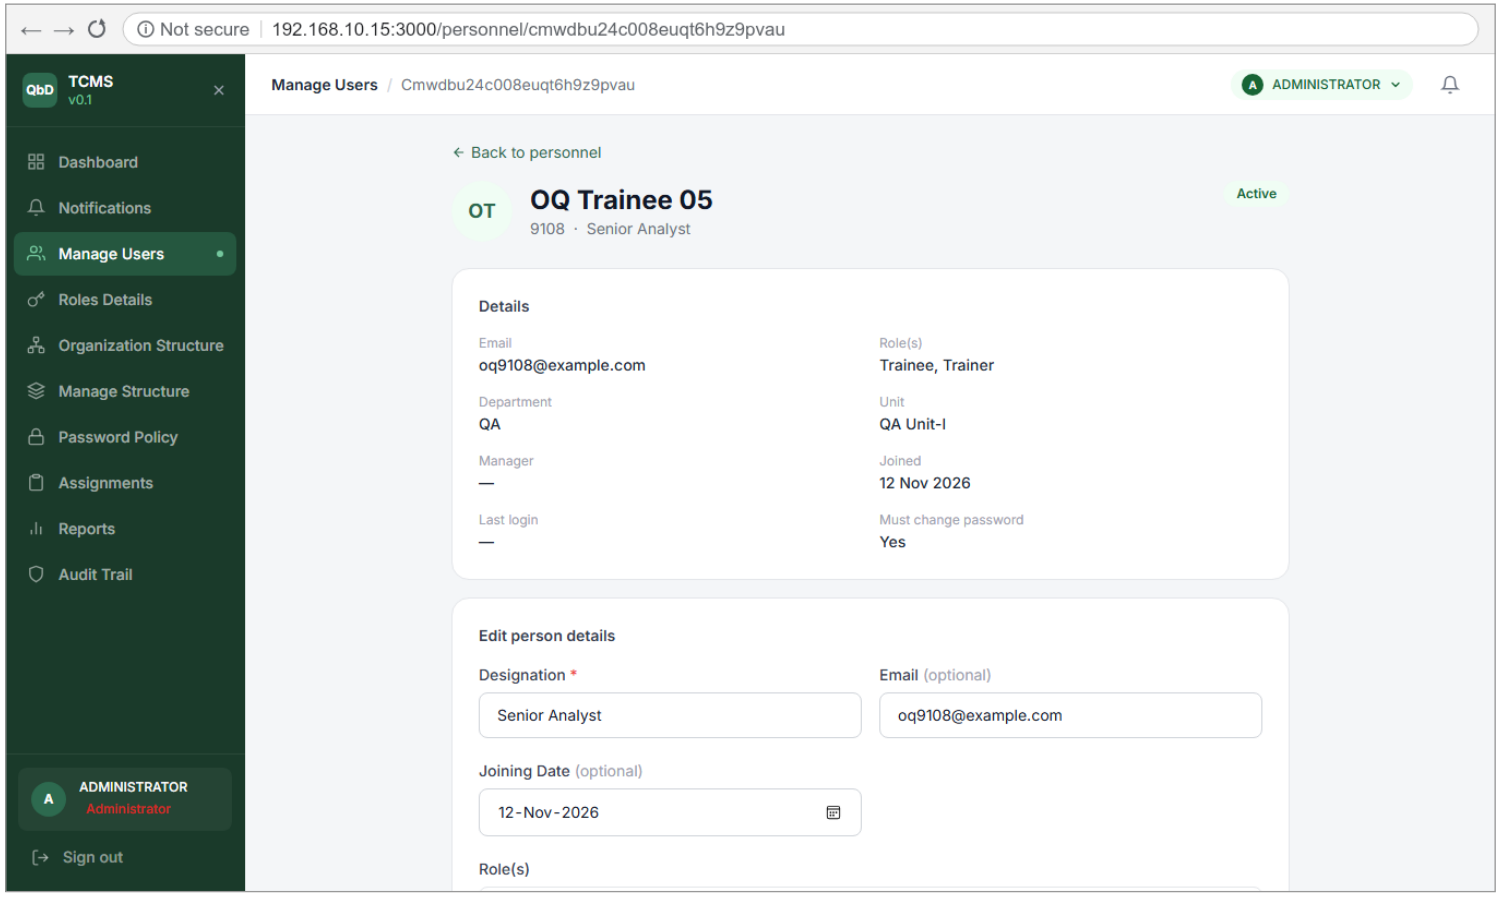
Test Objective :	To verify password reset of a user with electronic signature.			
Test Procedure :			Expected Result :	
In "Reset password" window, type Reason / Justification (minimum 10 characters) & Password, then click on "Confirm action" button.			"New temporary password: <password>" message should be displayed.	
Test ID : 8.1.7	Step No : 15.1	Attachment No. : 160	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:46



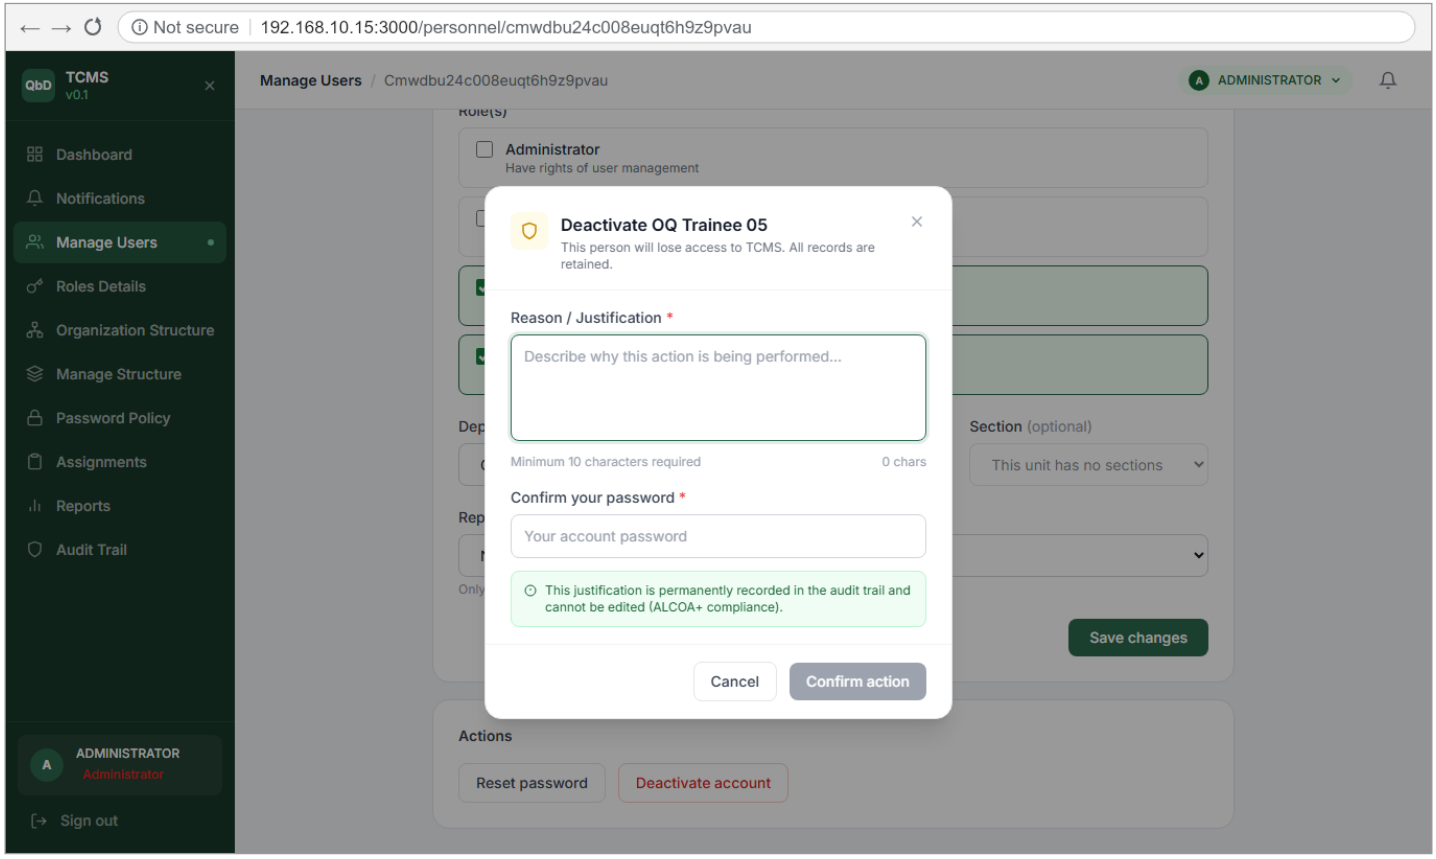
Test Objective :	To verify that the user must change password after a reset.			
Test Procedure :			Expected Result :	
Verify the person detail page.			Must change password should be displayed as Yes.	
Test ID : 8.1.7	Step No : 16.1	Attachment No. : 161	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:46



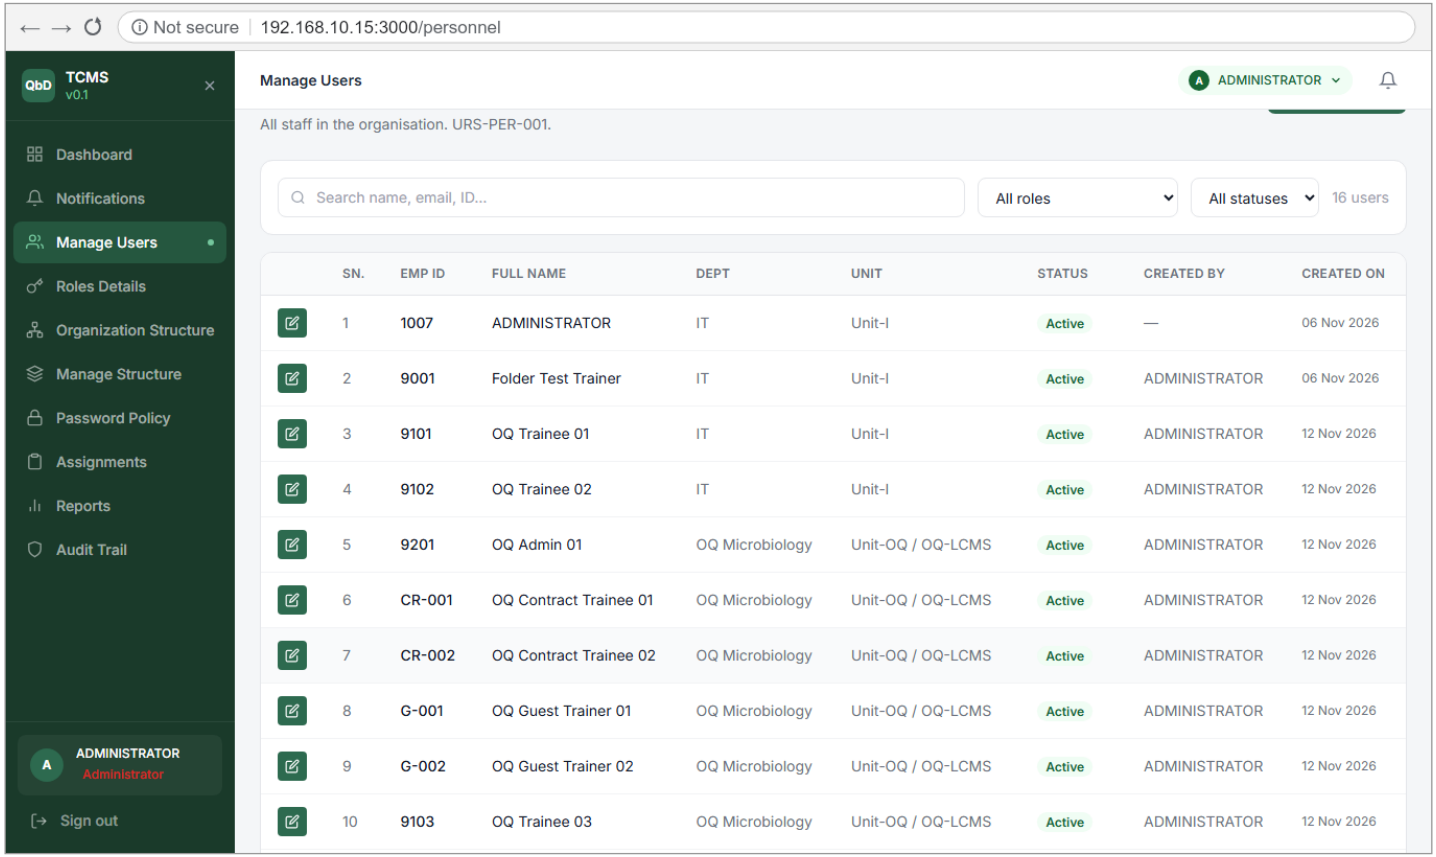
Test Objective :	To verify that an account which is not locked cannot be unlocked.			
Test Procedure :			Expected Result :	
Verify the options available for an account that is not locked.			"Unlock account" option should not be available for an account that is not locked.	
Test ID : 8.1.7	Step No : 17.1	Attachment No. : 162	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:46



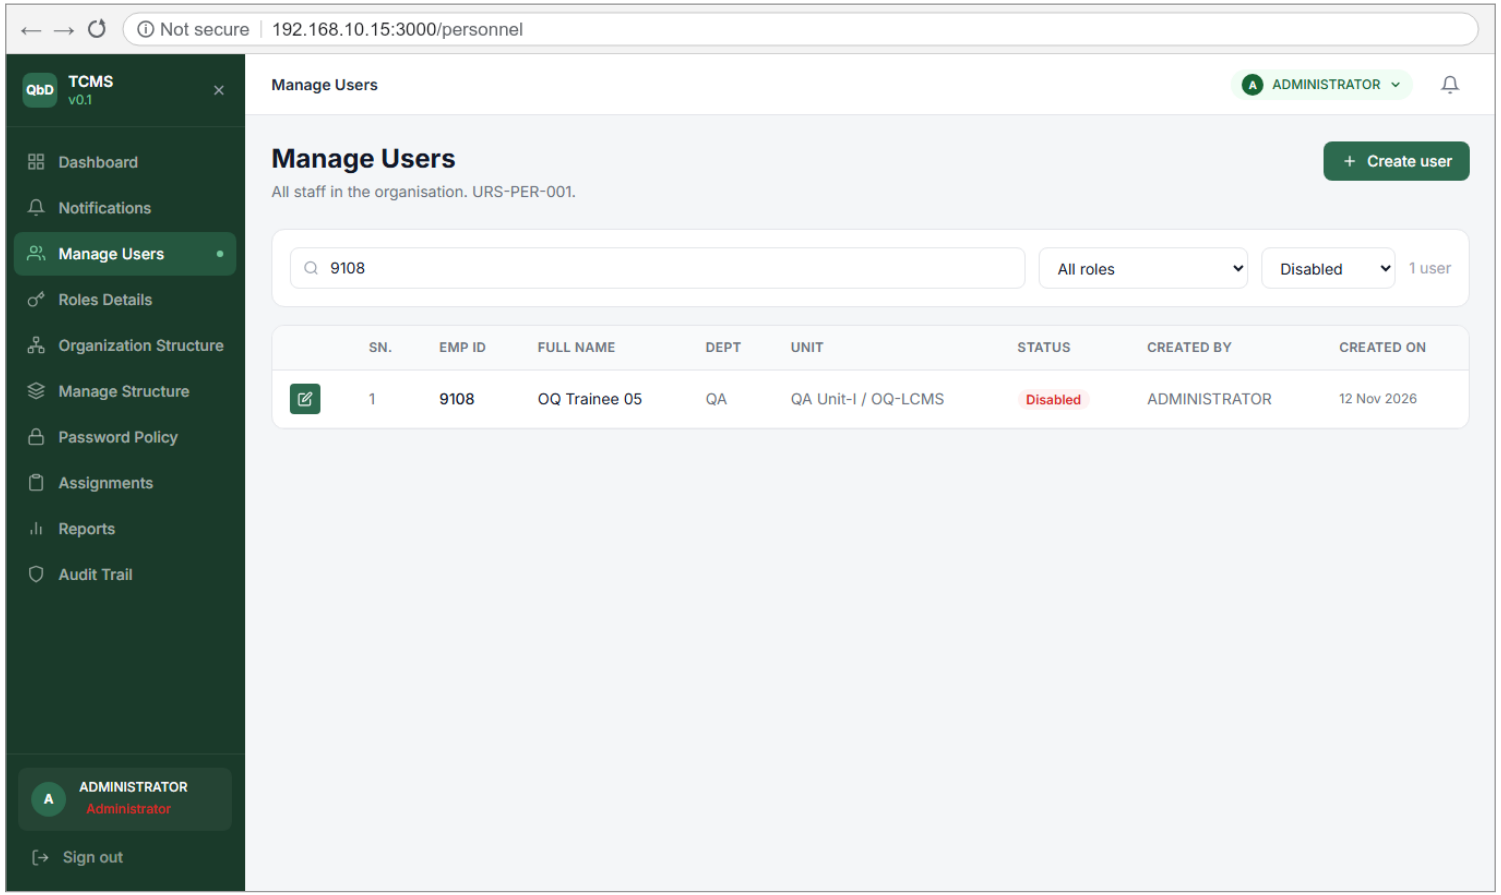
Test Objective :	To verify that the Administrator can initiate deactivation of a user.			
Test Procedure :			Expected Result :	
Click on "Deactivate account" for user 9108.			"Deactivate <user name>" window — "This person will lose access to TCMS. All records are retained." should be displayed.	
Test ID : 8.1.7	Step No : 18.1	Attachment No. : 163	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:46



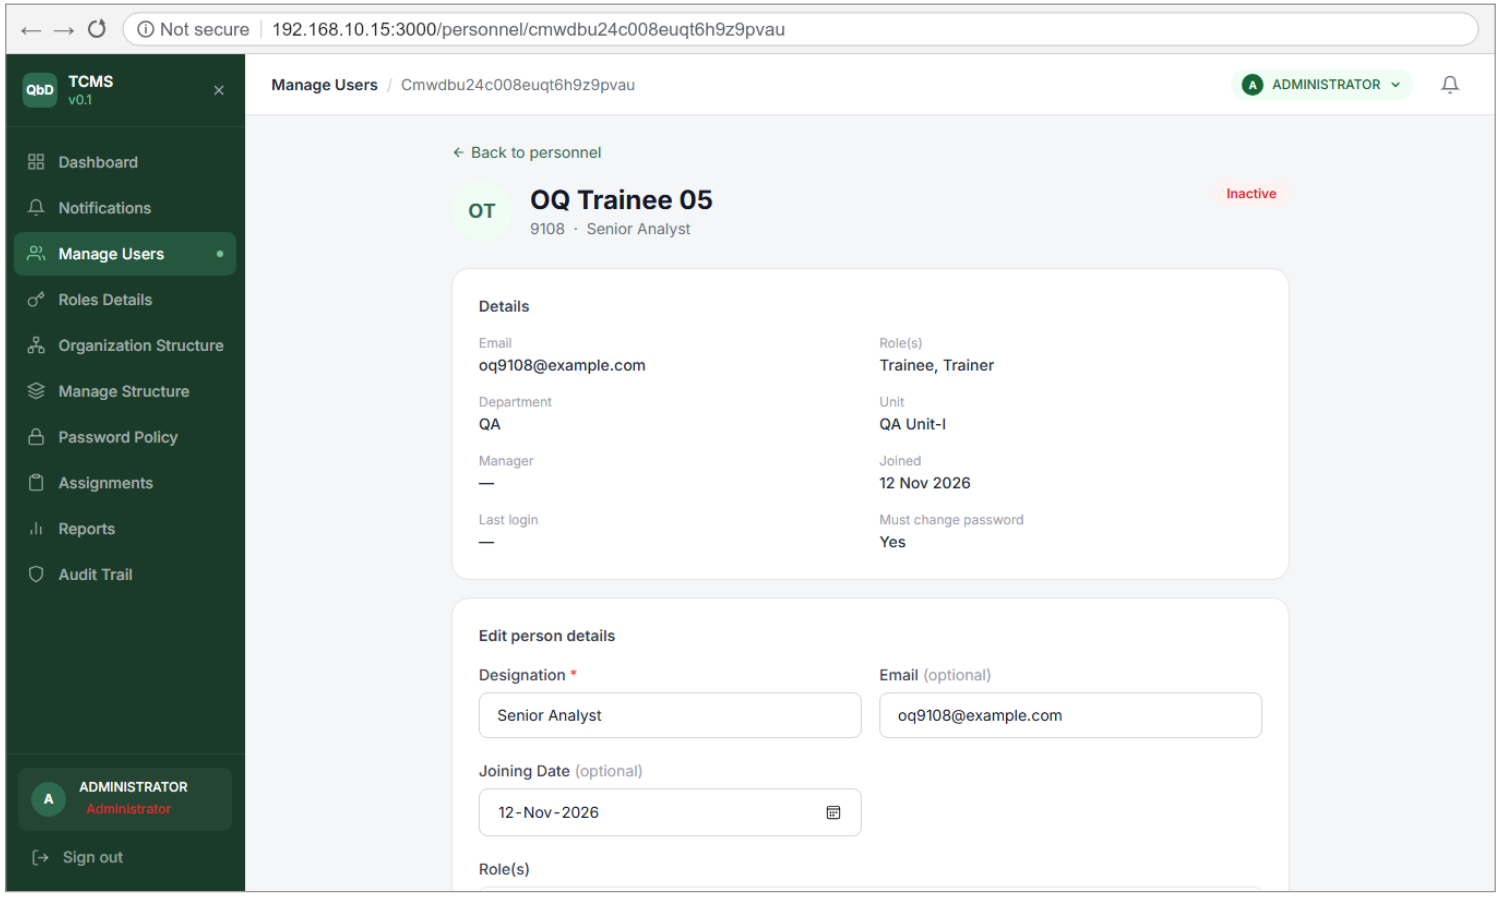
Test Objective :	To verify deactivation of a user with electronic signature.			
Test Procedure :			Expected Result :	
In "Deactivate account" window, type Reason / Justification (minimum 10 characters) & Password, then click on "Confirm action" button.			User should be deactivated & Manage Users list should be displayed.	
Test ID : 8.1.7	Step No : 19.1	Attachment No. : 164	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:46



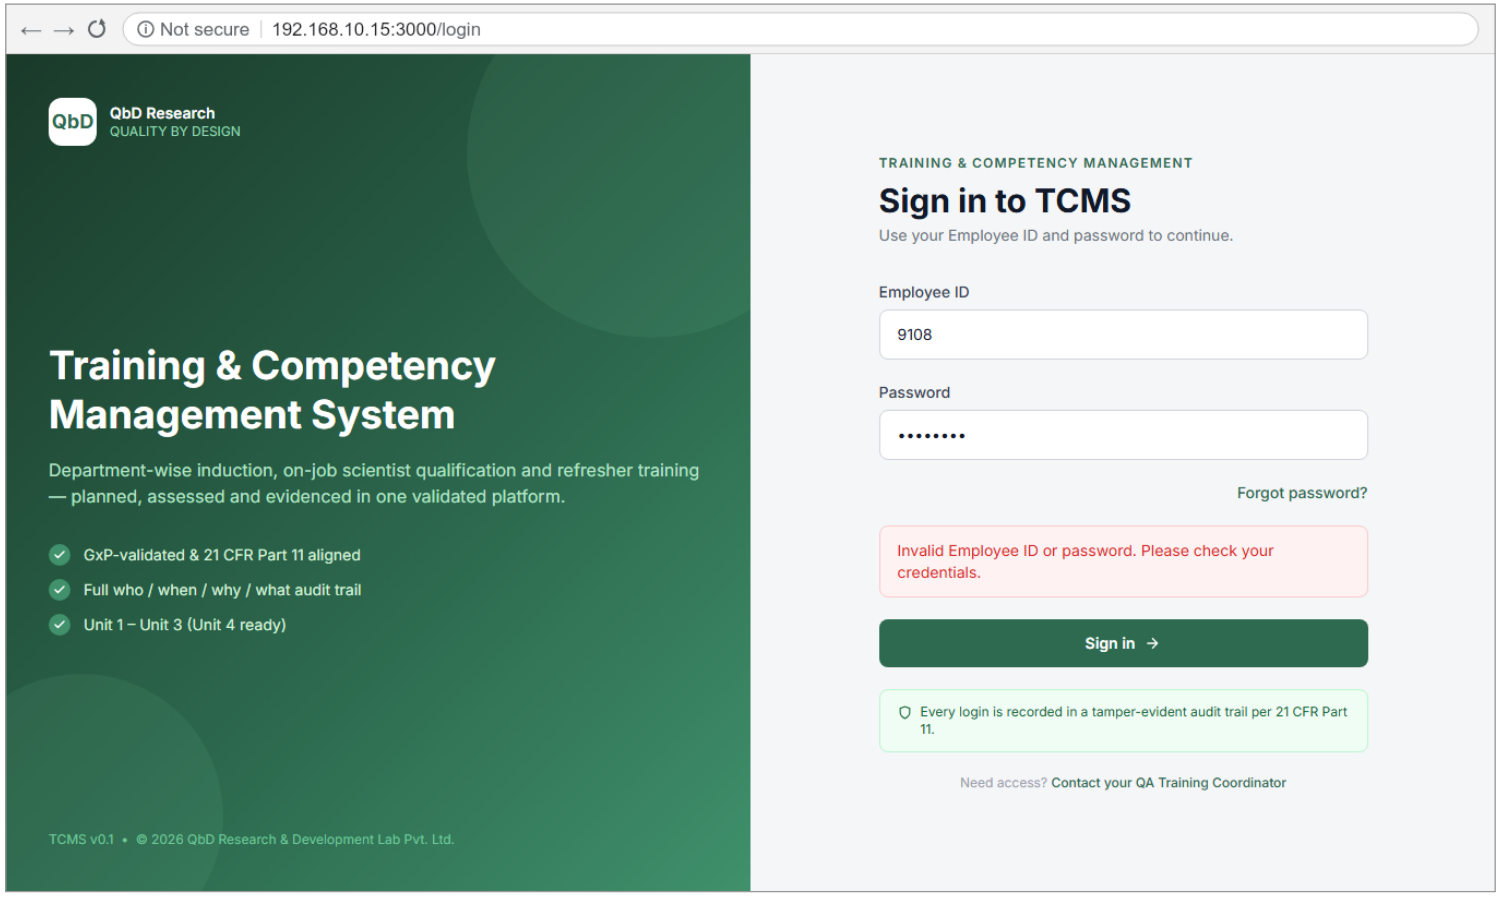
Test Objective :	To verify that a deactivated user is listed as Disabled.			
Test Procedure :			Expected Result :	
Filter Manage Users by status Disabled.			User 9108 should be listed as Disabled.	
Test ID : 8.1.7	Step No : 20.1	Attachment No. : 165	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:46



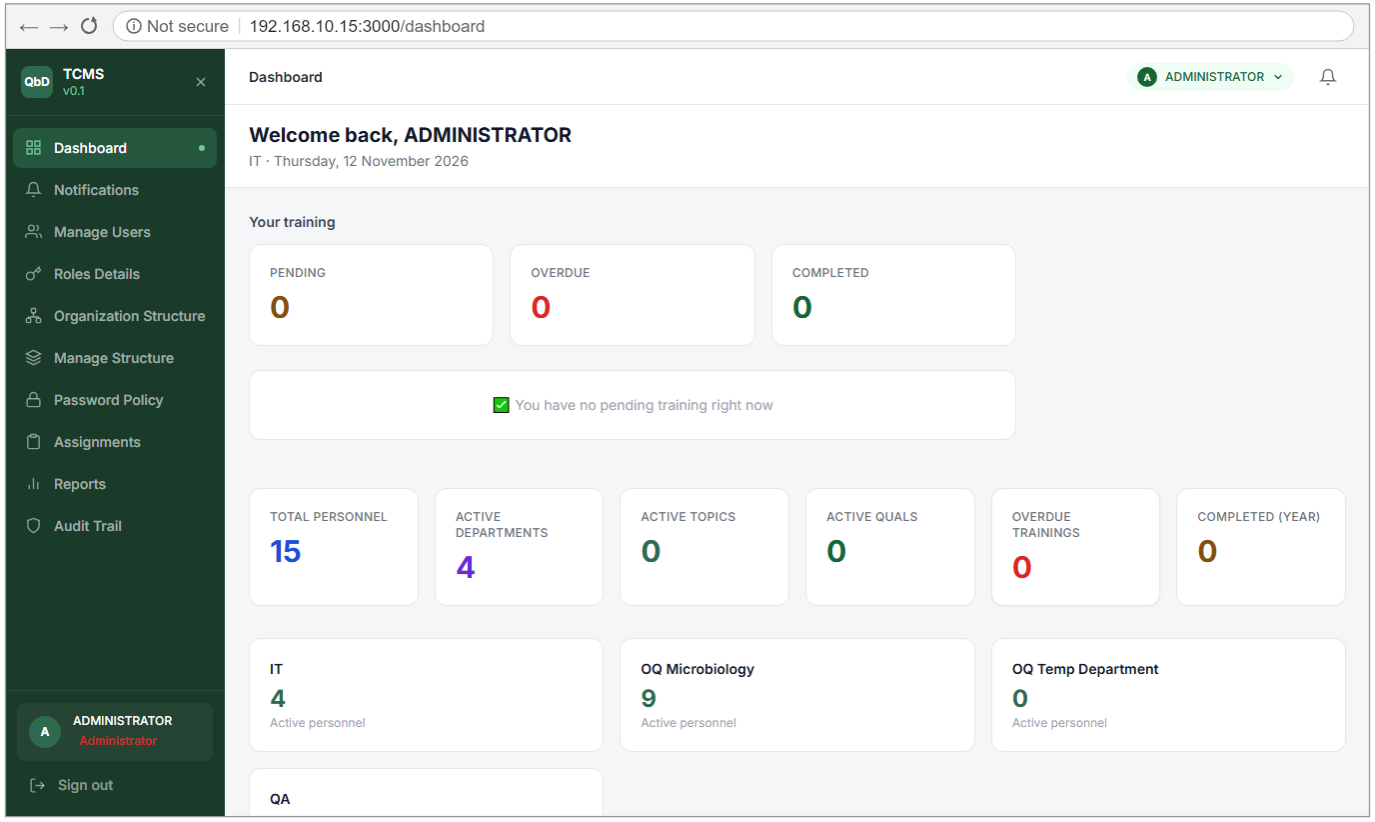
Test Objective :	To verify that an inactive user cannot be deactivated again.			
Test Procedure :			Expected Result :	
Open user 9108 & verify the options available.			"Deactivate account" option should not be available for an inactive user.	
Test ID : 8.1.7	Step No : 21.1	Attachment No. : 166	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:47



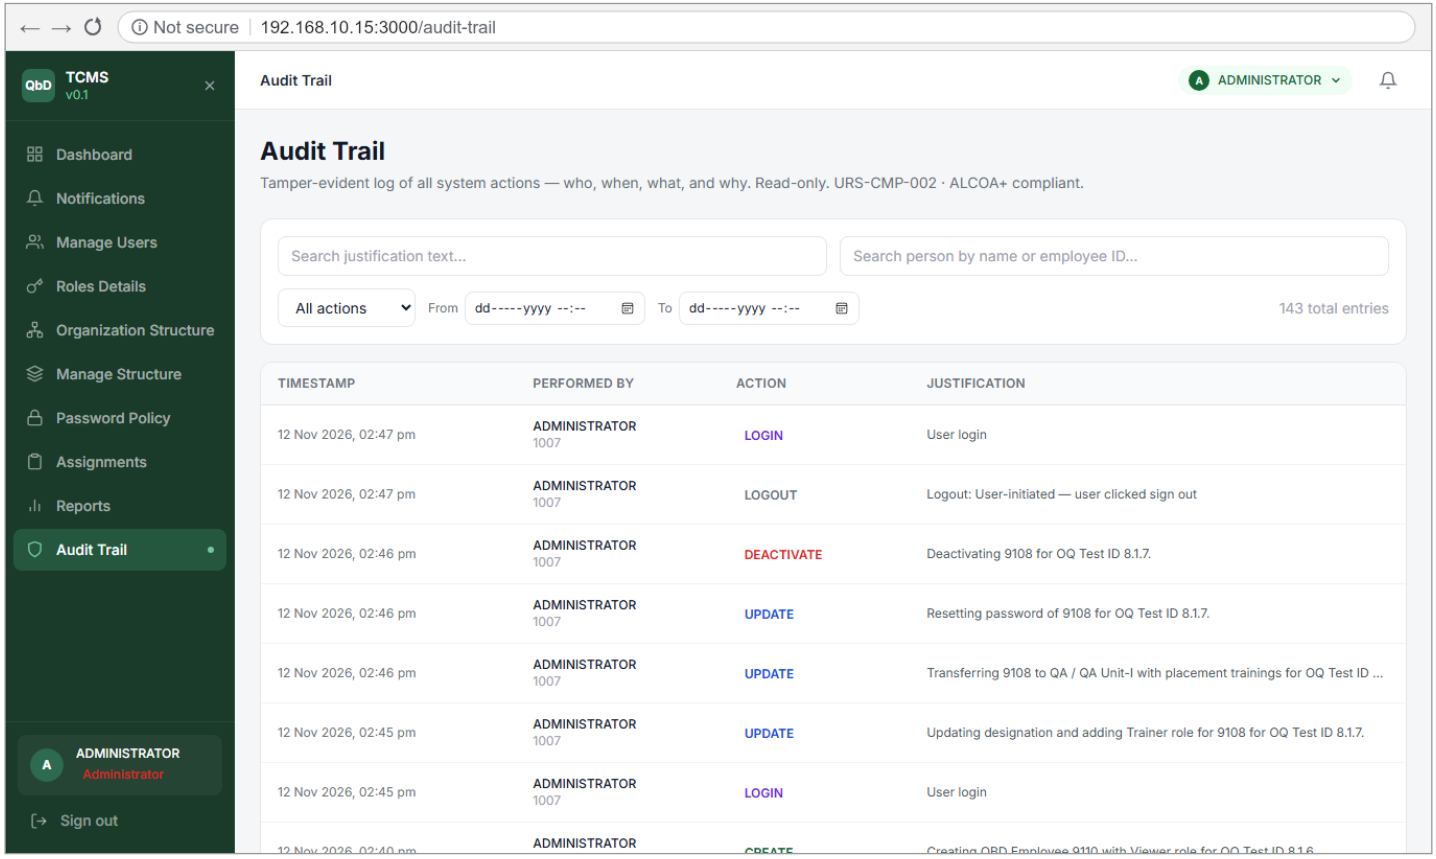
Test Objective :	To verify that a deactivated user cannot login.			
Test Procedure :			Expected Result :	
Sign out from the current user. Try to login with user 9108.			Login should not be allowed for the deactivated user.	
Test ID : 8.1.7	Step No : 22.1	Attachment No. : 167	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:47



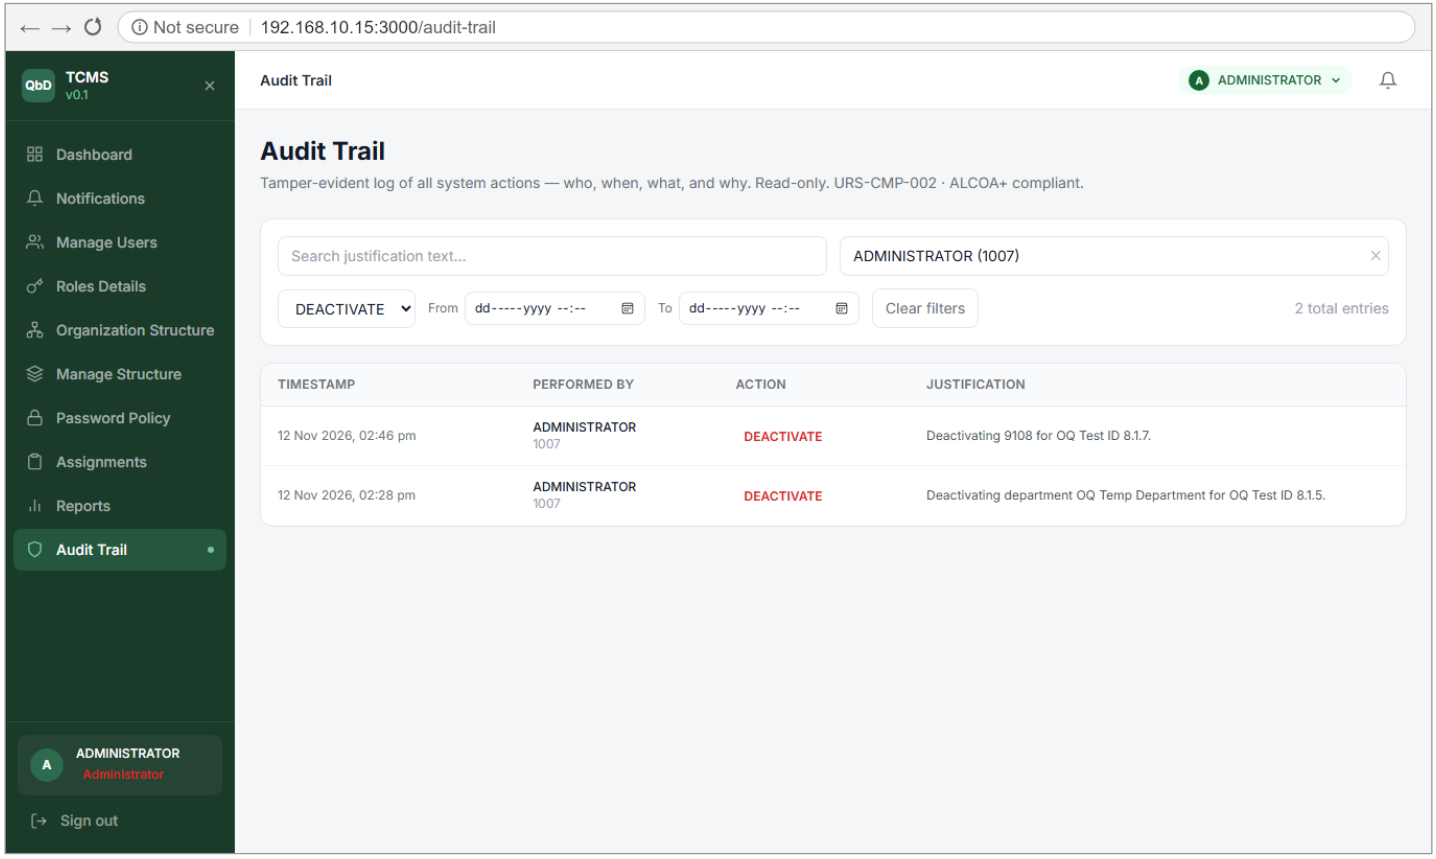
Test Objective :	To verify successful login with Administrator credentials and role-wise menu display.			
Test Procedure :			**Expected Result :**	
Open TCMS application URL (http://192.168.10.15:3000) in Microsoft Edge. Type Employee ID / Password & click on Sign in button (with Administrator level privilege).			Dashboard should be displayed with the menus applicable to Administrator role.	
Test ID : 8.1.7	Step No : 23.1	Attachment No. : 168	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:47



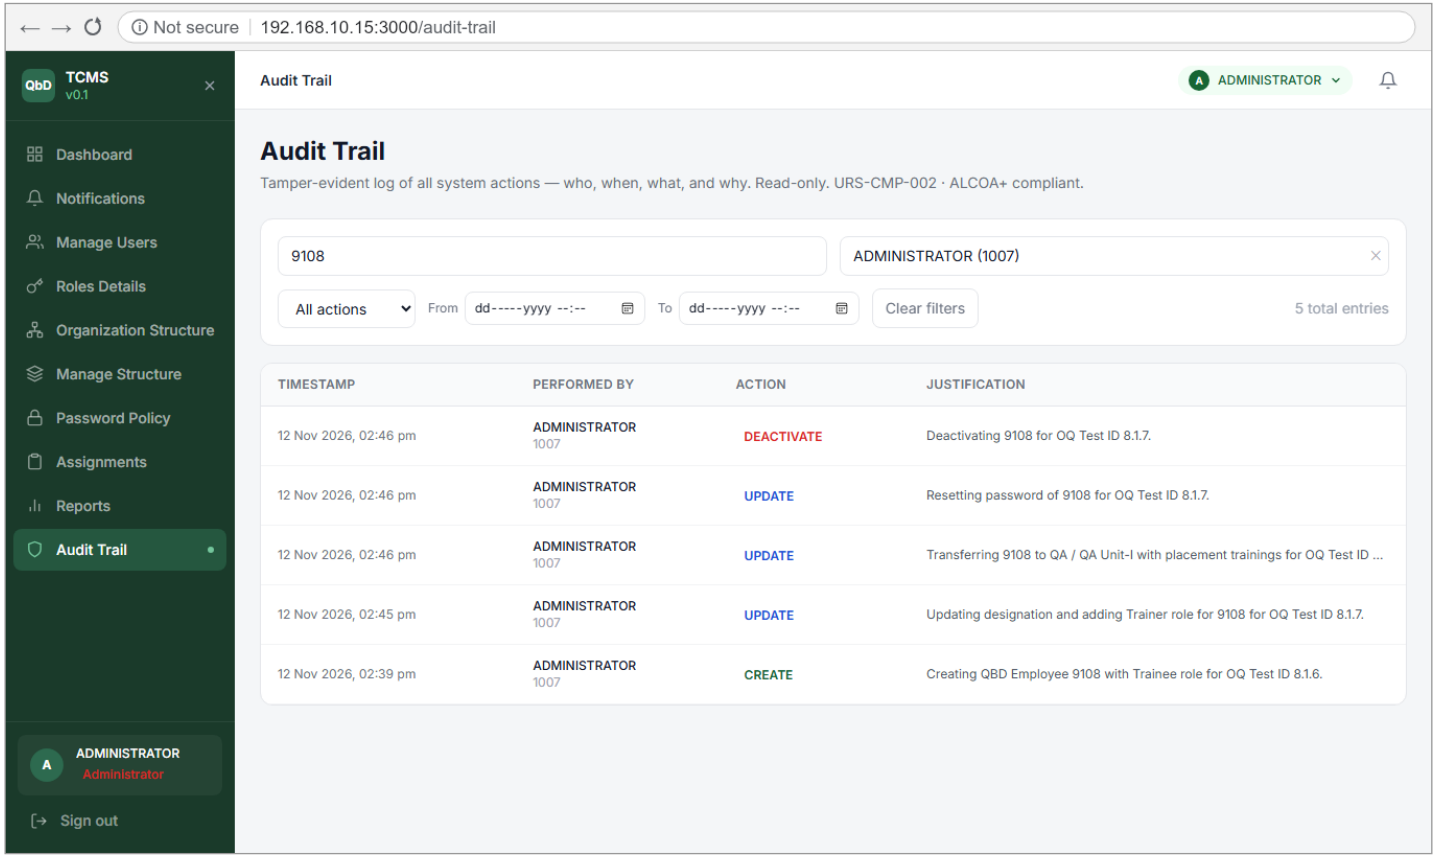
Test Objective :	To verify navigation to the Audit Trail page.			
Test Procedure :			**Expected Result :**	
Click on "Audit Trail" menu from the left panel.			Audit Trail page should be displayed with Timestamp, Performed By, Action & Justification columns.	
Test ID : 8.1.7	Step No : 24.1	Attachment No. : 169	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:47



Test Objective :	To verify filtering of the audit trail by user and action (DEACTIVATE).			
Test Procedure :			Expected Result :	
Search the performing user by name / Employee ID & select "DEACTIVATE" from the All actions drop-down.			Audit log entries should be filtered for the selected user and action.	
Test ID : 8.1.7	Step No : 25.1	Attachment No. : 170	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:47



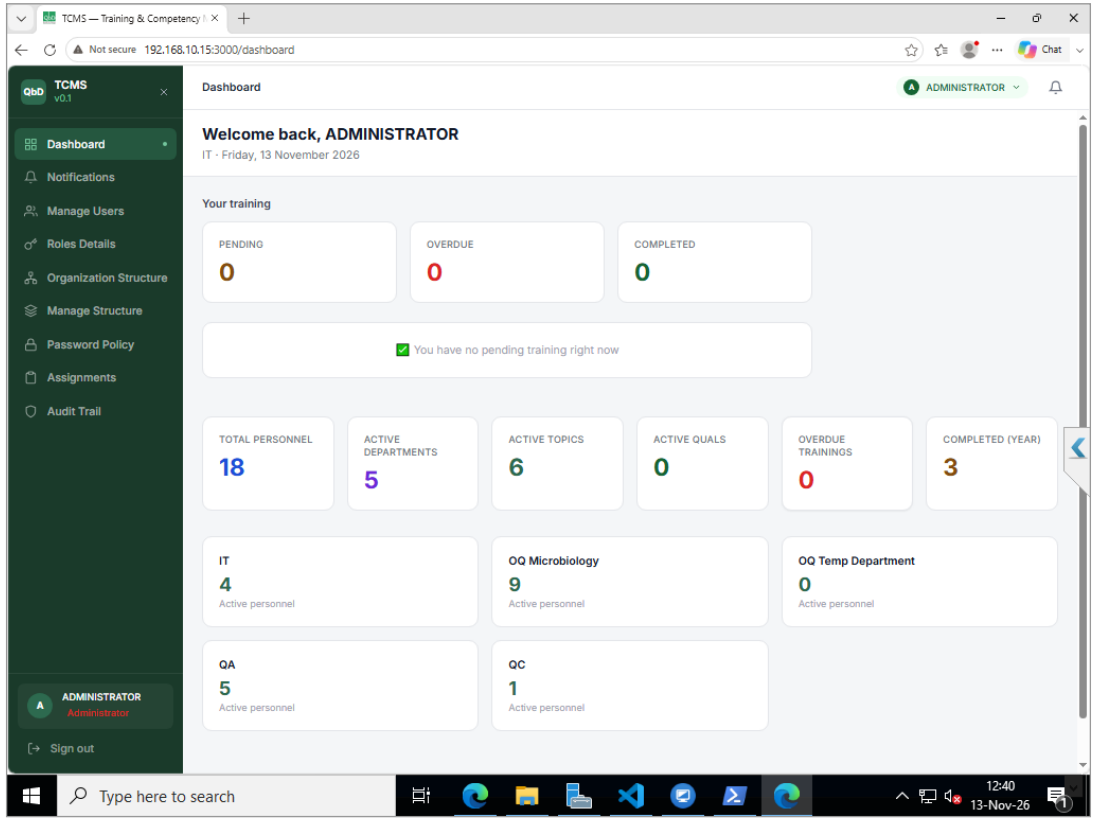
Test Objective :	To verify that the audit trail records user update, password reset and deactivation.			
Test Procedure :			**Expected Result :**	
Select "All actions" & search justification text by 9108. Verify the entries for user update, password reset and deactivation.			Audit entries should display Timestamp (dd MMM yyyy, hh:mm am/pm), Performed By (name & Employee ID), Action (UPDATE / DEACTIVATE) and the Justification entered.	
Test ID : 8.1.7	Step No : 26.1	Attachment No. : 171	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 14:47



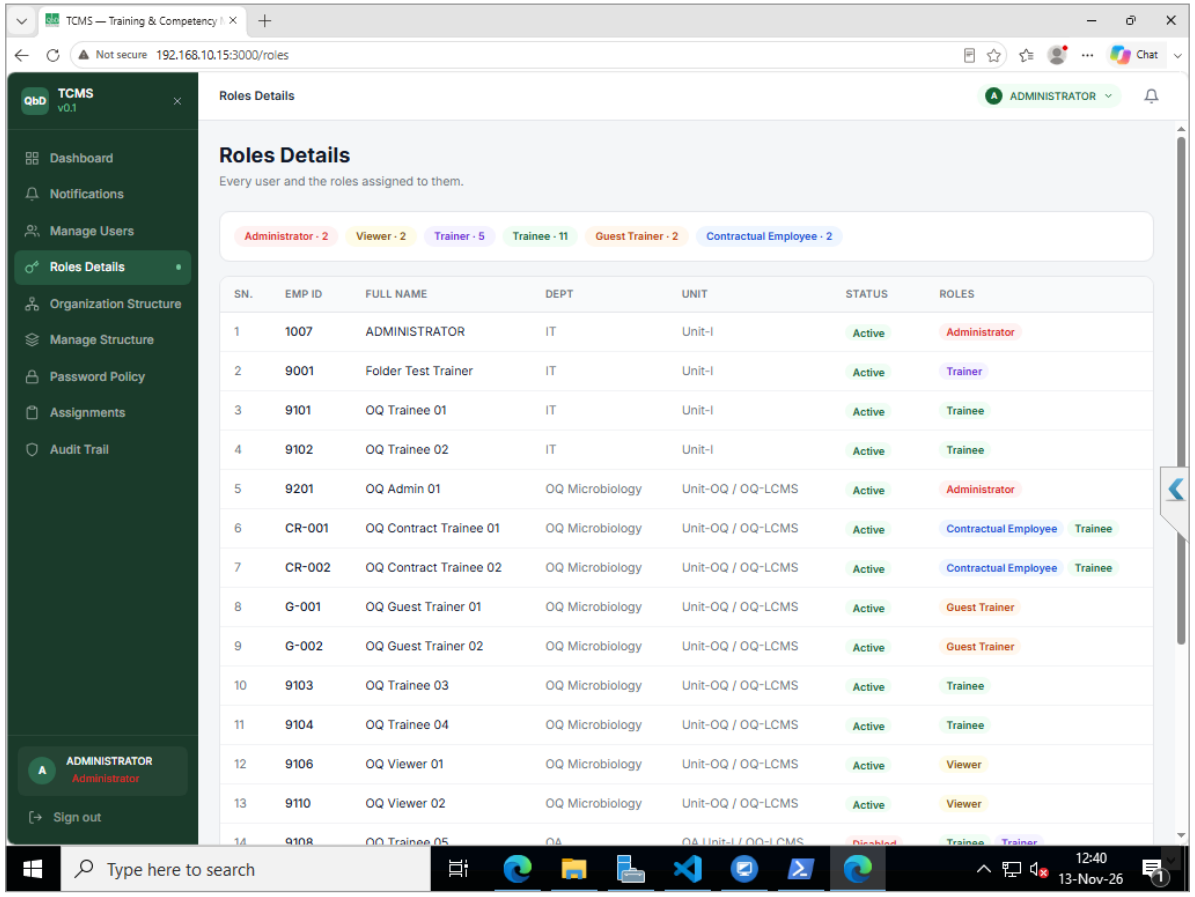
OPERATIONAL QUALIFICATION SCREENSHOTS FOR TCMS APPLICATION VER. 1.0

DOCUMENT NO.: LGC/QBD/0002	TITLE : COMPUTER SYSTEM VALIDATION OF TCMS

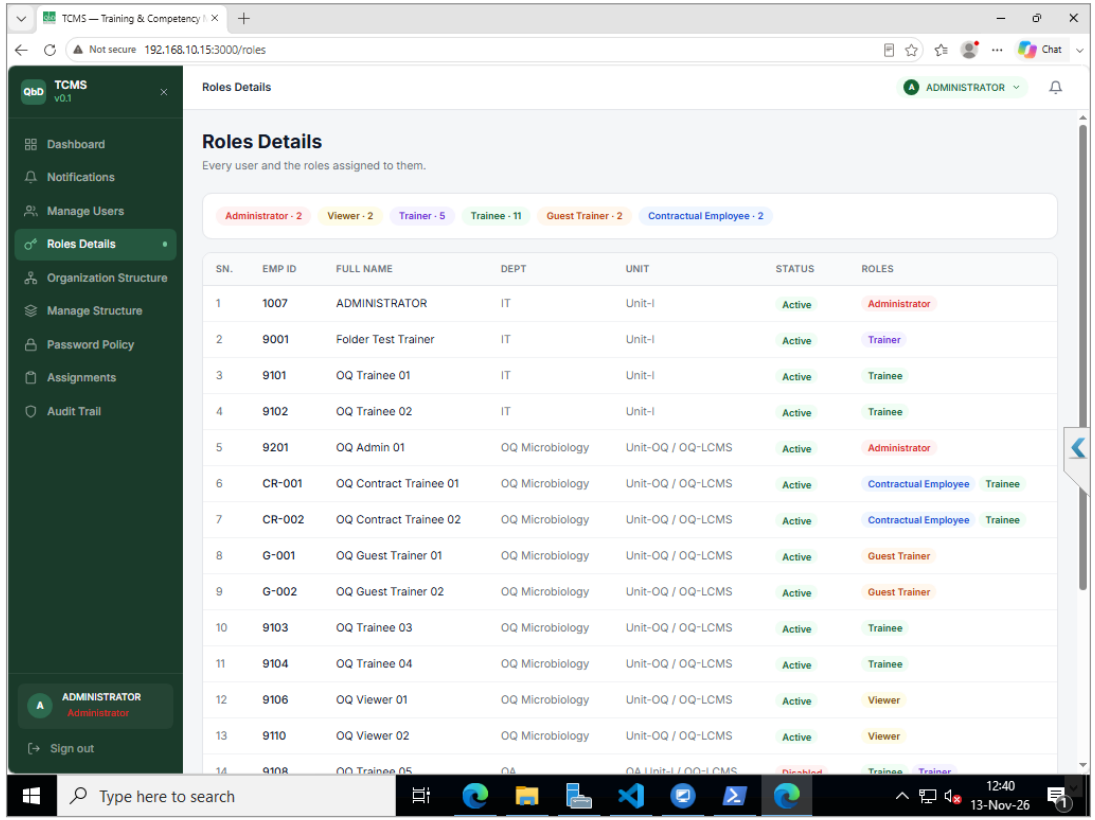
Test Objective :	To verify successful login with Administrator credentials and role-wise menu display.			
Test Procedure :			Expected Result :	
Open TCMS application URL (http://192.168.10.15:3000) in Microsoft Edge. Type Employee ID / Password & click on Sign in button (with Administrator level privilege).			Dashboard should be displayed with the menus applicable to Administrator role.	
Test ID : 8.1.8	Step No : 1.1	Attachment No. : 172	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 12:40



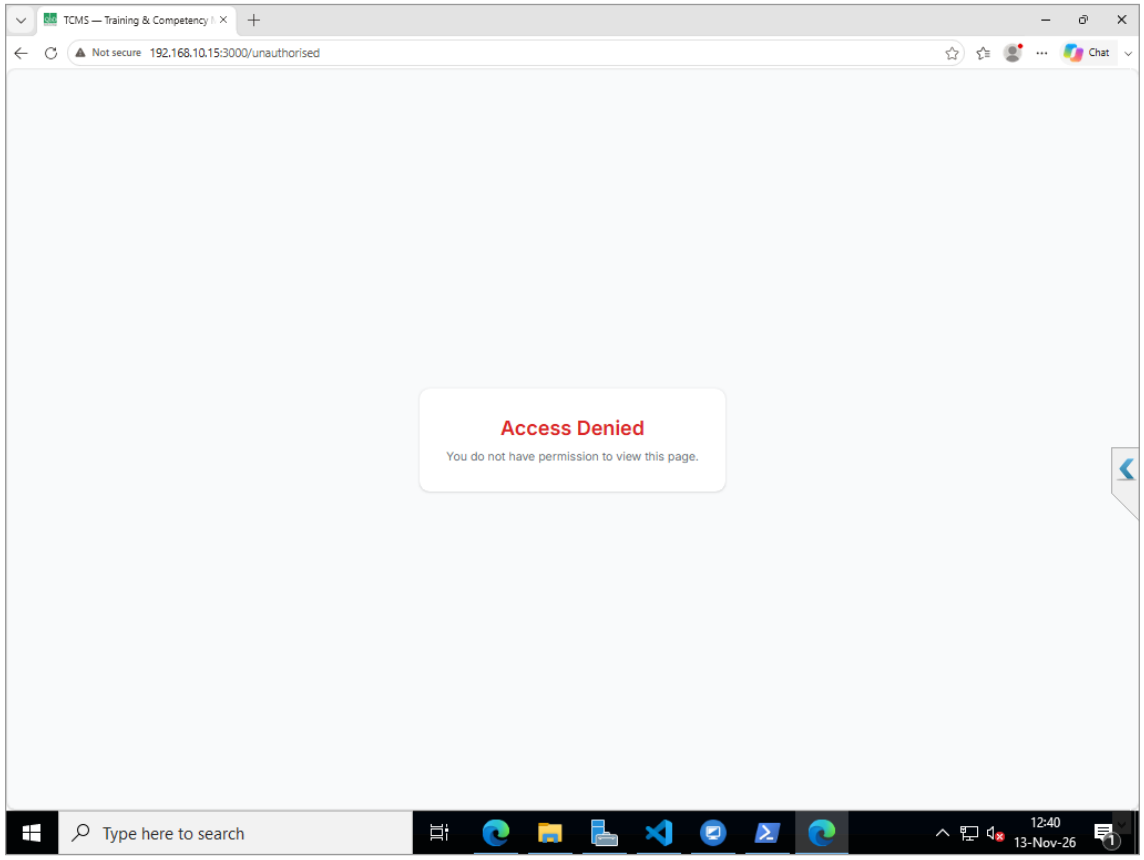
Test Objective :	To verify navigation to the Roles Details page.			
Test Procedure :			Expected Result :	
Click on "Roles Details" menu from the left panel.			Roles Details page should display every user and the roles assigned to them.	
Test ID : 8.1.8	Step No : 2.1	Attachment No. : 173	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 12:40



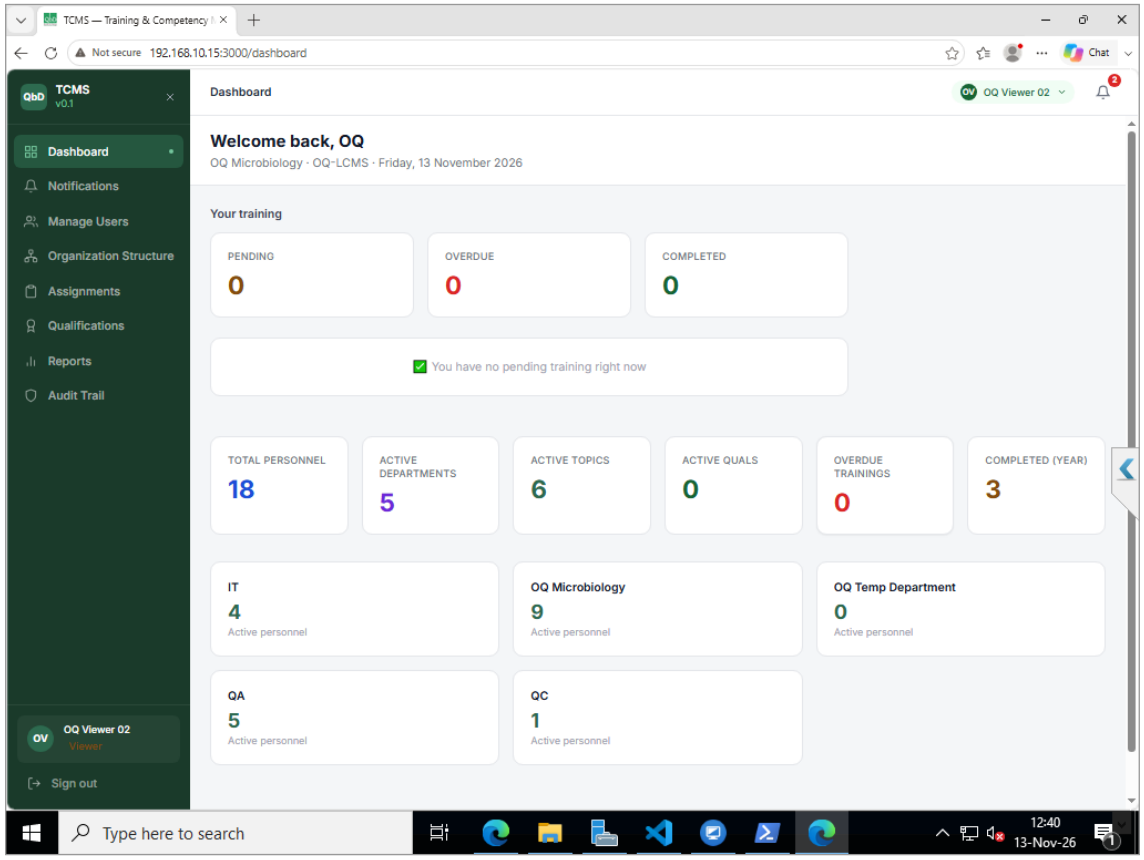
Test Objective :	To verify the menus available to the Administrator role.			
Test Procedure :			Expected Result :	
Verify the left panel menus for Administrator.			Dashboard, Notifications, Manage Users, Roles Details, Organization Structure, Manage Structure, Password Policy, Assignments & Audit Trail should be displayed.	
Test ID : 8.1.8	Step No : 3.1	Attachment No. : 174	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 12:40



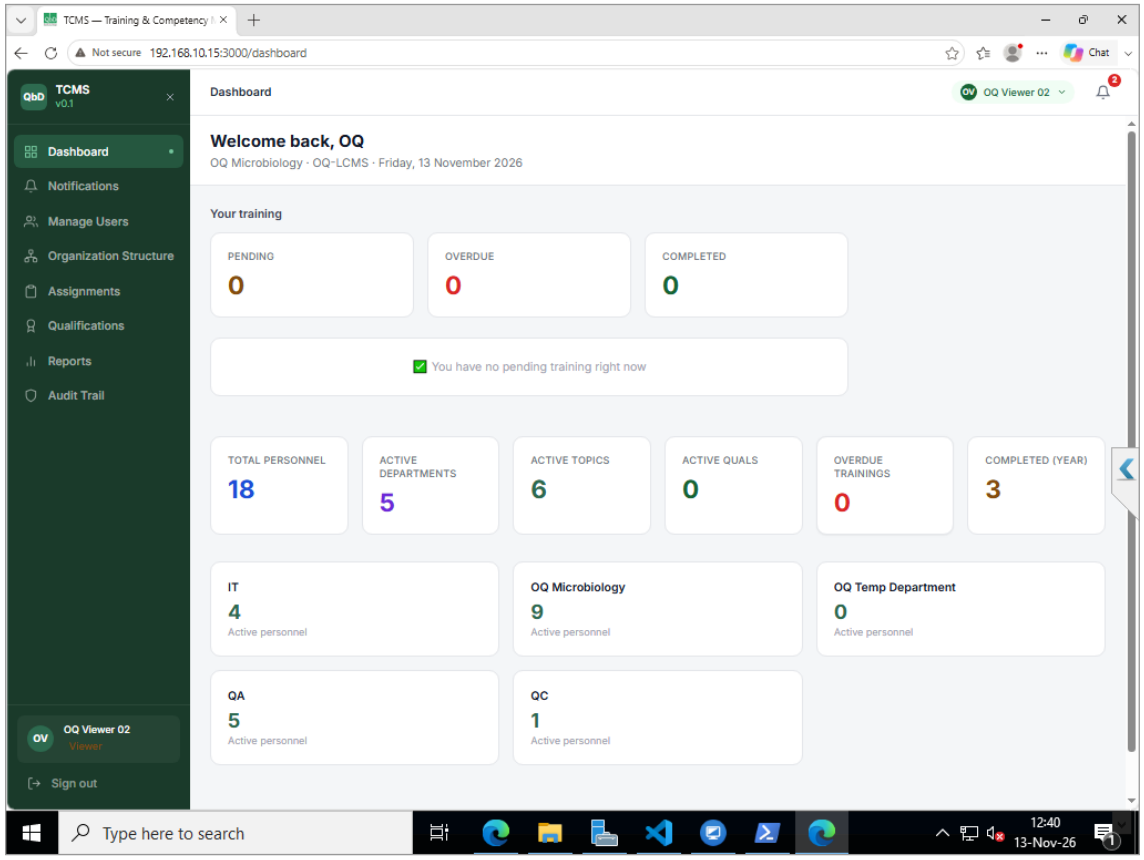
Test Objective :	To verify that the Administrator cannot access Trainer functions by URL.			
Test Procedure :			Expected Result :	
Type the URL /topics/new in the browser address bar.			"Access Denied — You do not have permission to view this page." should be displayed.	
Test ID : 8.1.8	Step No : 4.1	Attachment No. : 175	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 12:40



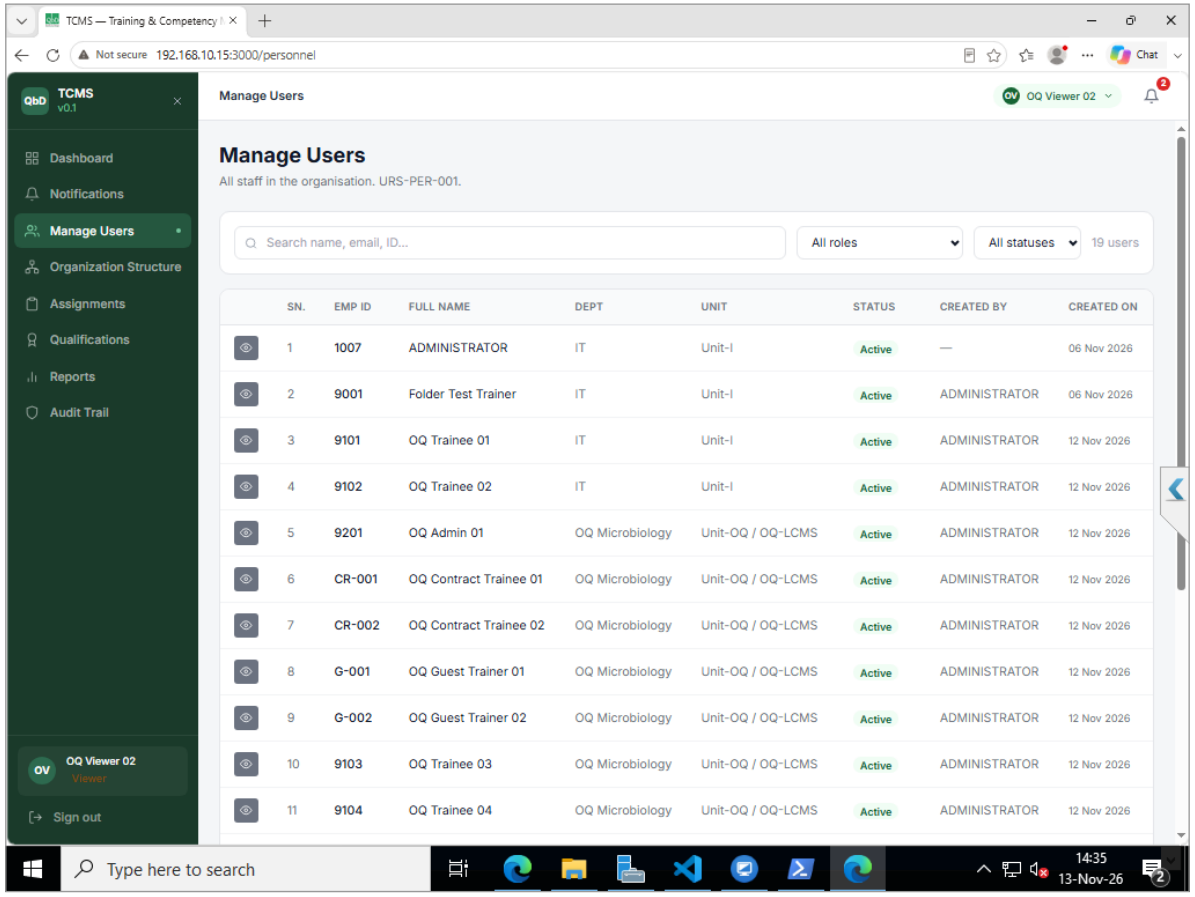
Test Objective :	To verify successful login with Viewer credentials and role-wise menu display.			
Test Procedure :			Expected Result :	
Sign out from the current user. Type Employee ID / Password & click on Sign in button (with Viewer level privilege).			Dashboard should be displayed with the menus applicable to Viewer role.	
Test ID : 8.1.8	Step No : 5.1	Attachment No. : 176	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 12:40



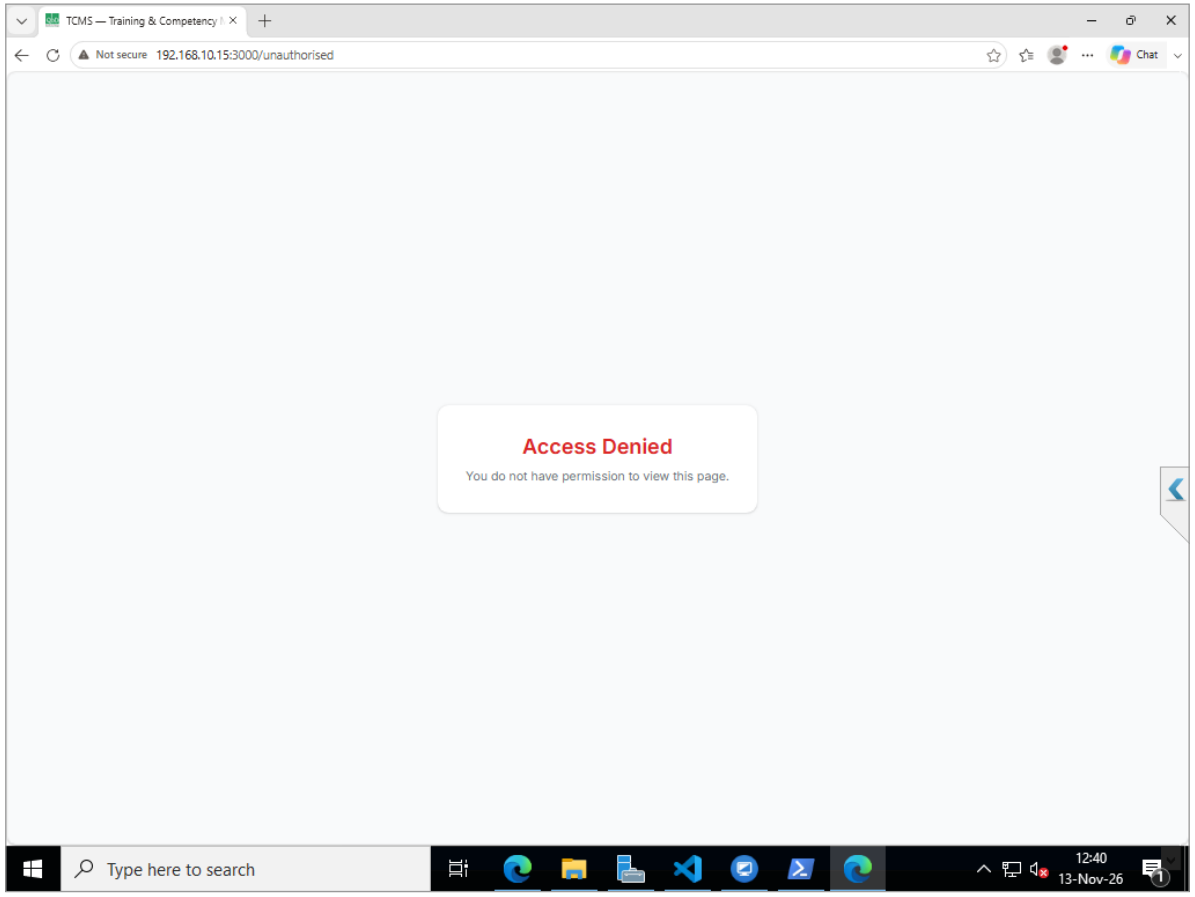
Test Objective :	To verify the menus available to the Viewer role.			
Test Procedure :			Expected Result :	
Verify the left panel menus for Viewer.			Dashboard, Notifications, Manage Users, Organization Structure, Assignments, Qualifications, Reports & Audit Trail should be displayed (view only).	
Test ID : 8.1.8	Step No : 6.1	Attachment No. : 177	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 12:40



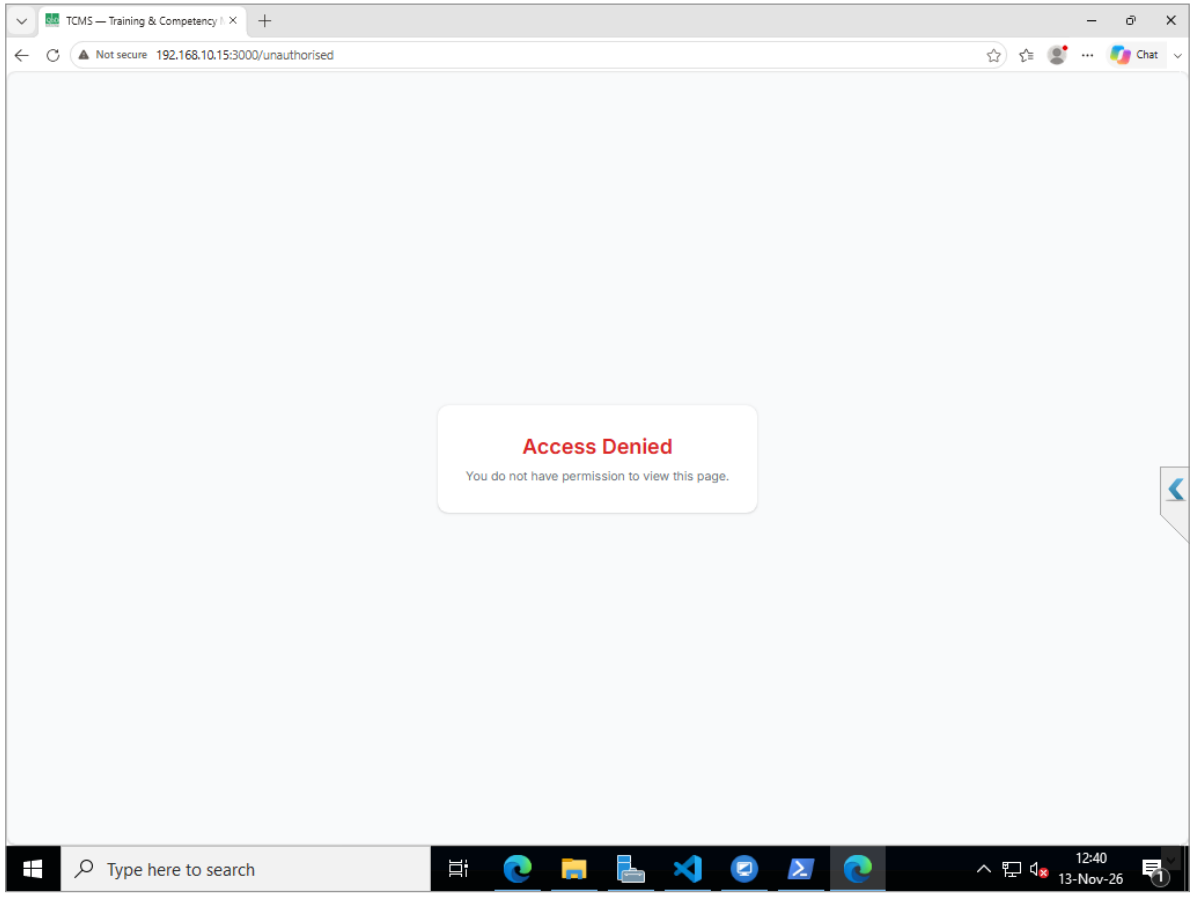
Test Objective :	To verify that the Viewer has view-only access to users.			
Test Procedure :			Expected Result :	
Click on "Manage Users" menu from the left panel.			User list should be displayed without "Create user" & "Edit details" options.	
Test ID : 8.1.8	Step No : 7.1	Attachment No. : 178	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 14:35



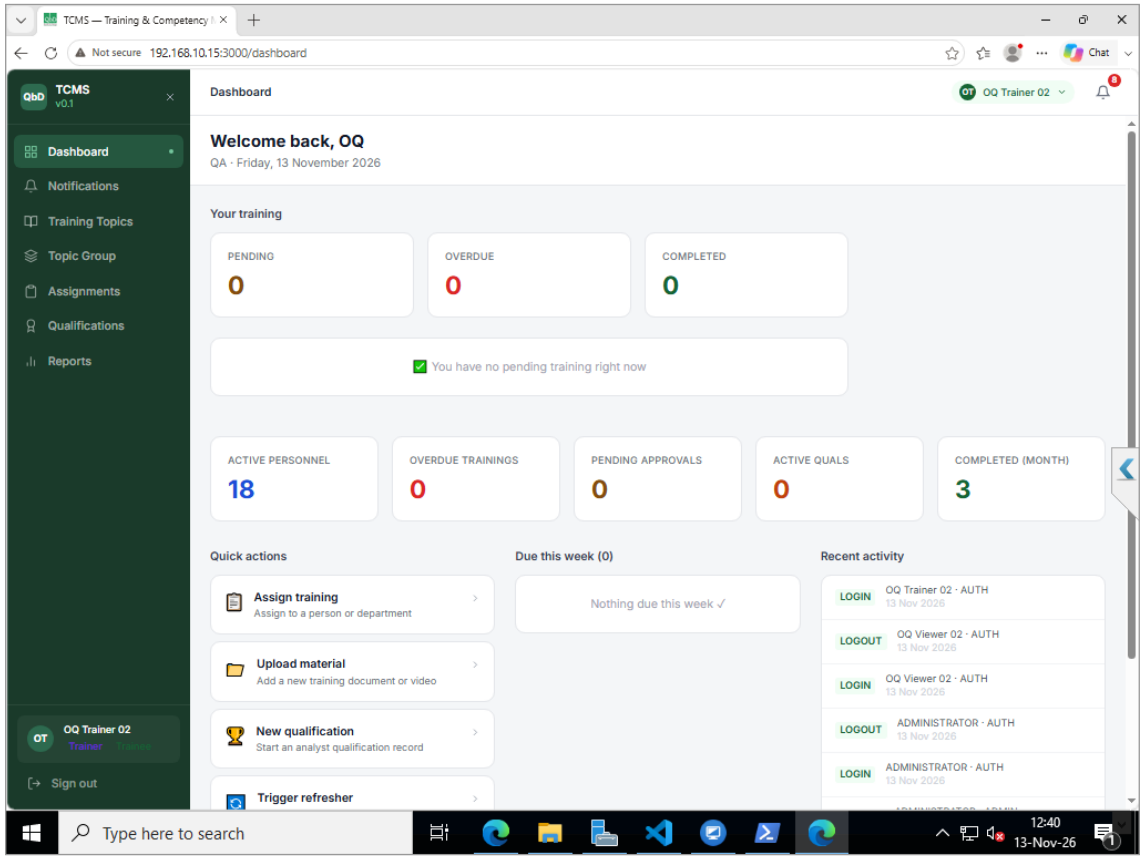
Test Objective :	To verify that the Viewer cannot create users by URL.			
Test Procedure :			Expected Result :	
Type the URL /personnel/new in the browser address bar.			"Access Denied" page should be displayed.	
Test ID : 8.1.8	Step No : 8.1	Attachment No. : 179	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 12:40



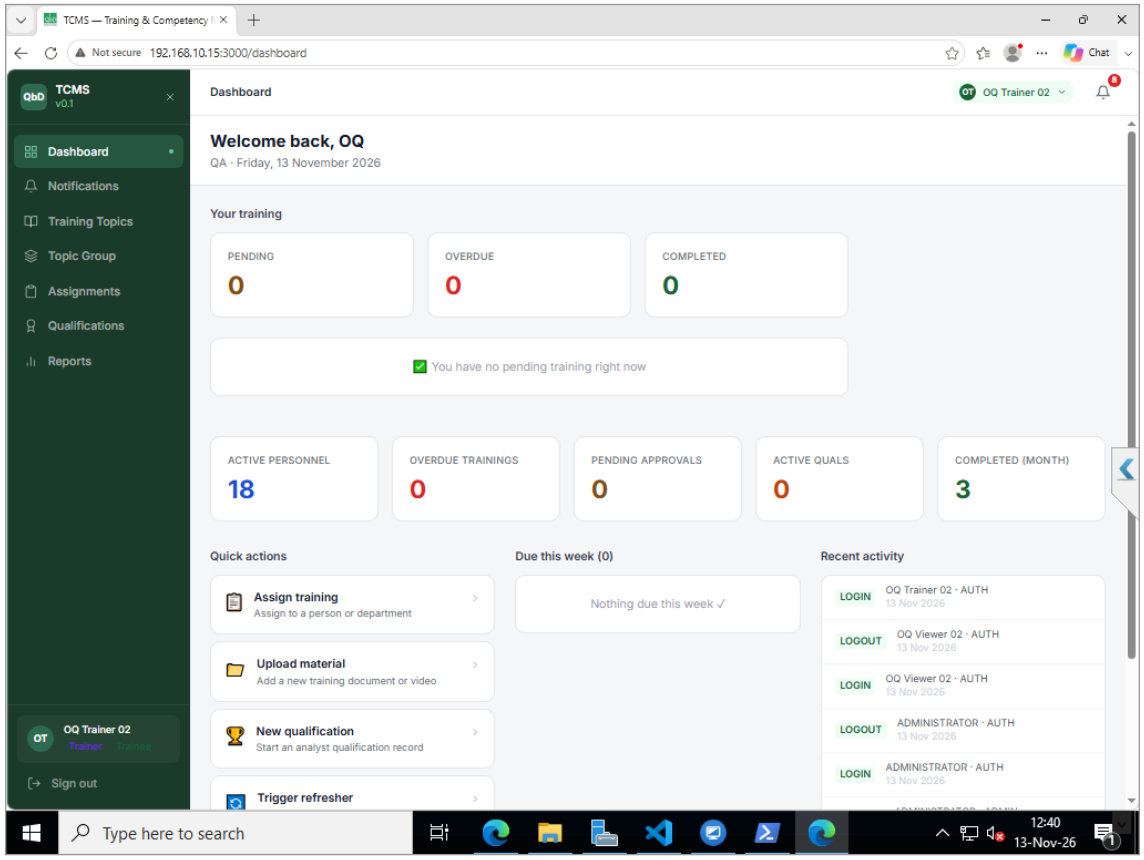
Test Objective :	To verify that the Viewer cannot access Password Policy by URL.			
Test Procedure :			Expected Result :	
Type the URL /password-policy in the browser address bar.			"Access Denied" page should be displayed.	
Test ID : 8.1.8	Step No : 9.1	Attachment No. : 180	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 12:40



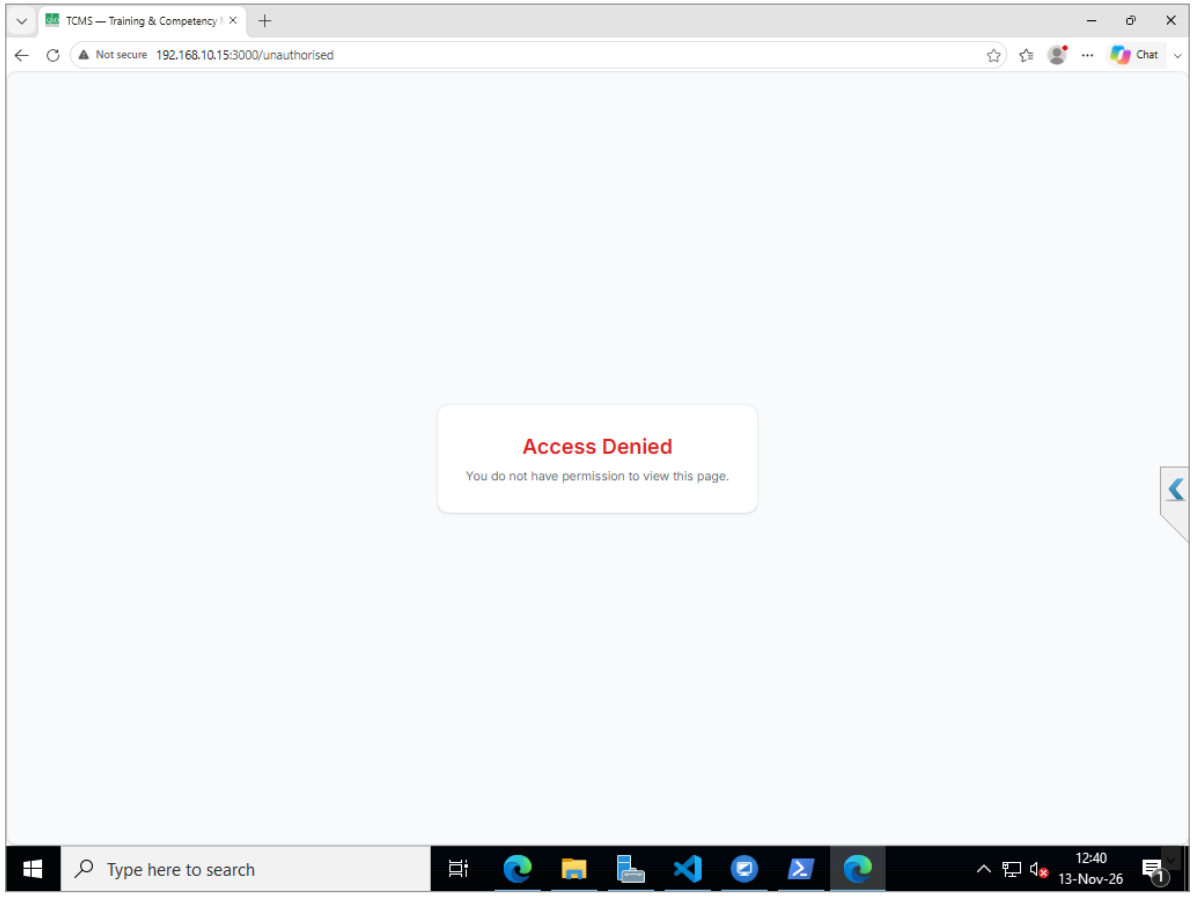
Test Objective :	To verify successful login with Trainer (QA Department) credentials and role-wise menu display.			
Test Procedure :			Expected Result :	
Sign out from the current user. Type Employee ID / Password & click on Sign in button (with Trainer (QA Department) level privilege).			Dashboard should be displayed with the menus applicable to Trainer (QA Department) role.	
Test ID : 8.1.8	Step No : 10.1	Attachment No. : 181	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 12:40



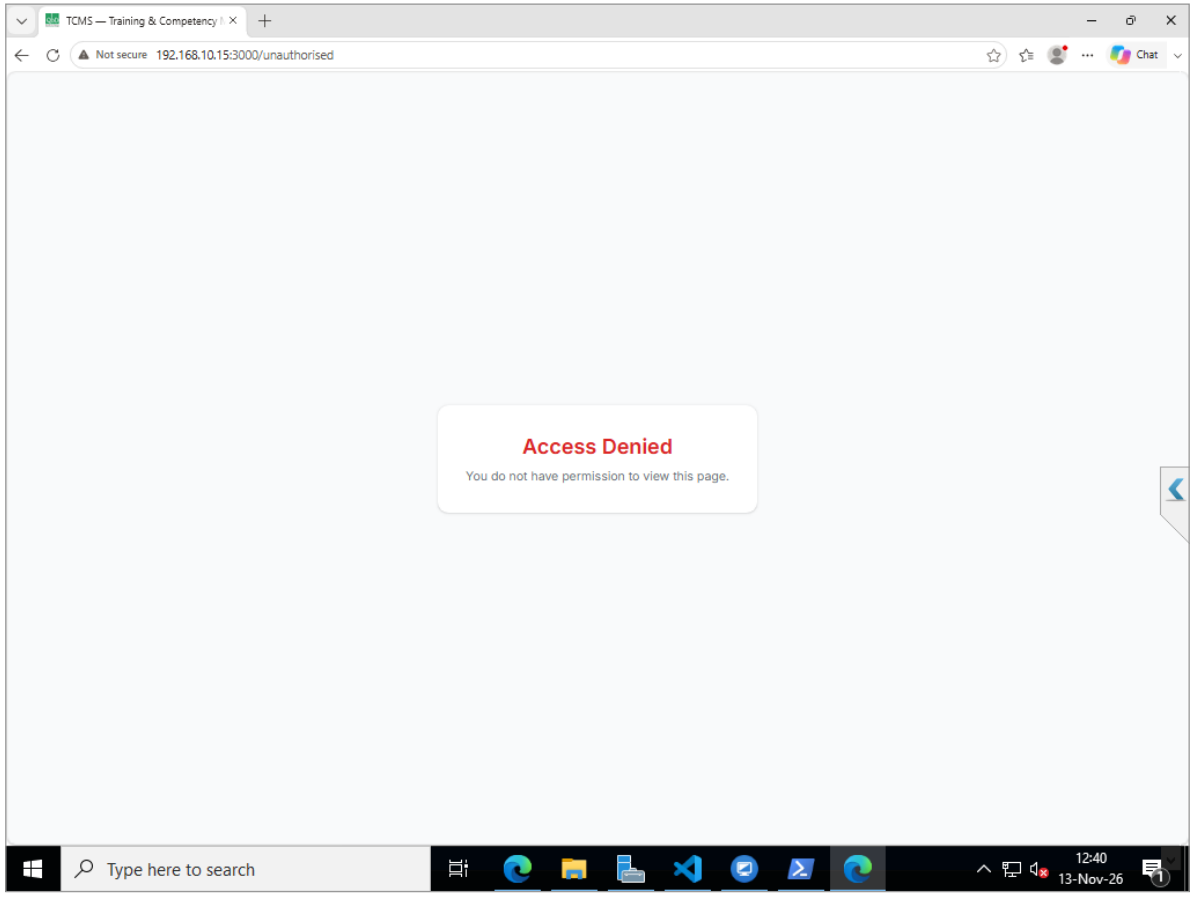
Test Objective :	To verify the menus available to the Trainer role.			
Test Procedure :			Expected Result :	
Verify the left panel menus for Trainer.			Dashboard, Notifications, Training Topics, Topic Group, Assignments, Qualifications & Reports should be displayed.	
Test ID : 8.1.8	Step No : 11.1	Attachment No. : 182	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 12:40



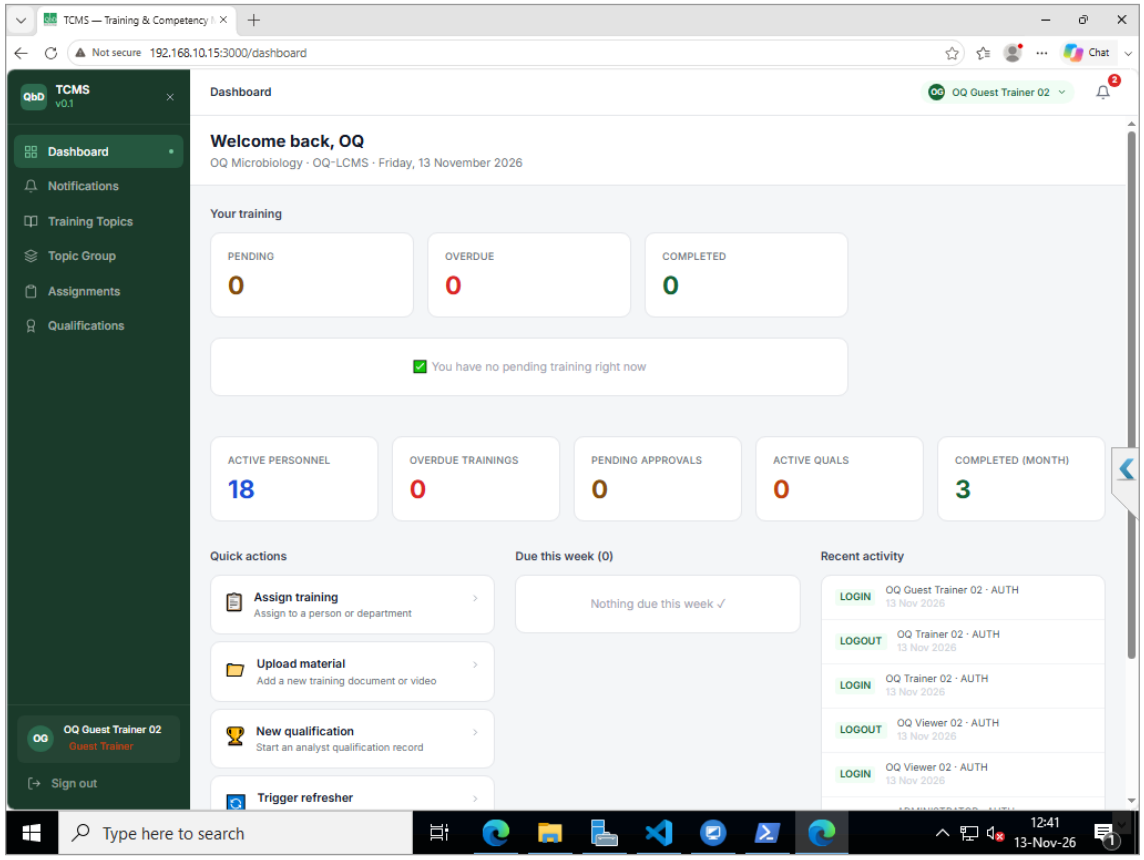
Test Objective :	To verify that the Trainer cannot access user management by URL.			
Test Procedure :			Expected Result :	
Type the URL /personnel in the browser address bar.			"Access Denied" page should be displayed.	
Test ID : 8.1.8	Step No : 12.1	Attachment No. : 183	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 12:40



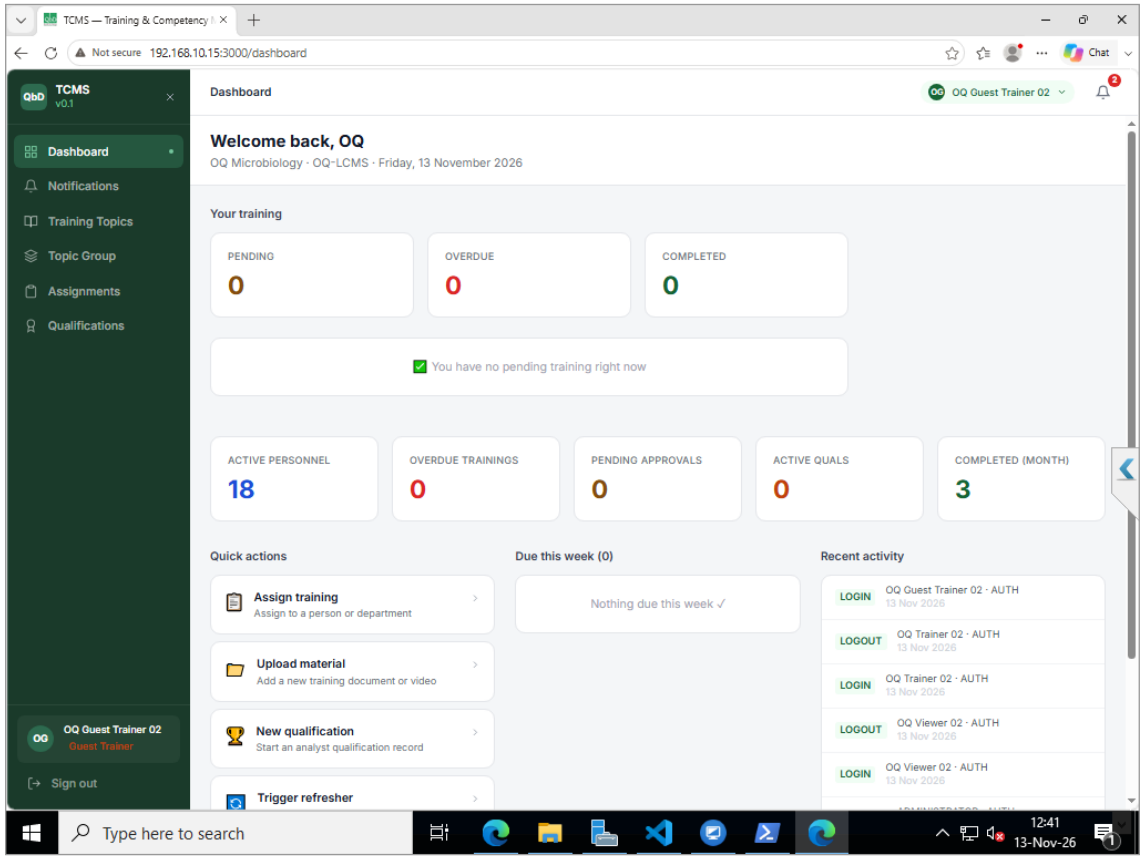
Test Objective :	To verify that the Trainer cannot access the Audit Trail by URL.			
Test Procedure :			Expected Result :	
Type the URL /audit-trail in the browser address bar.			"Access Denied" page should be displayed.	
Test ID : 8.1.8	Step No : 13.1	Attachment No. : 184	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 12:40



Test Objective :	To verify successful login with Guest Trainer credentials and role-wise menu display.			
Test Procedure :			Expected Result :	
Sign out from the current user. Type Employee ID / Password & click on Sign in button (with Guest Trainer level privilege).			Dashboard should be displayed with the menus applicable to Guest Trainer role.	
Test ID : 8.1.8	Step No : 14.1	Attachment No. : 185	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 12:41



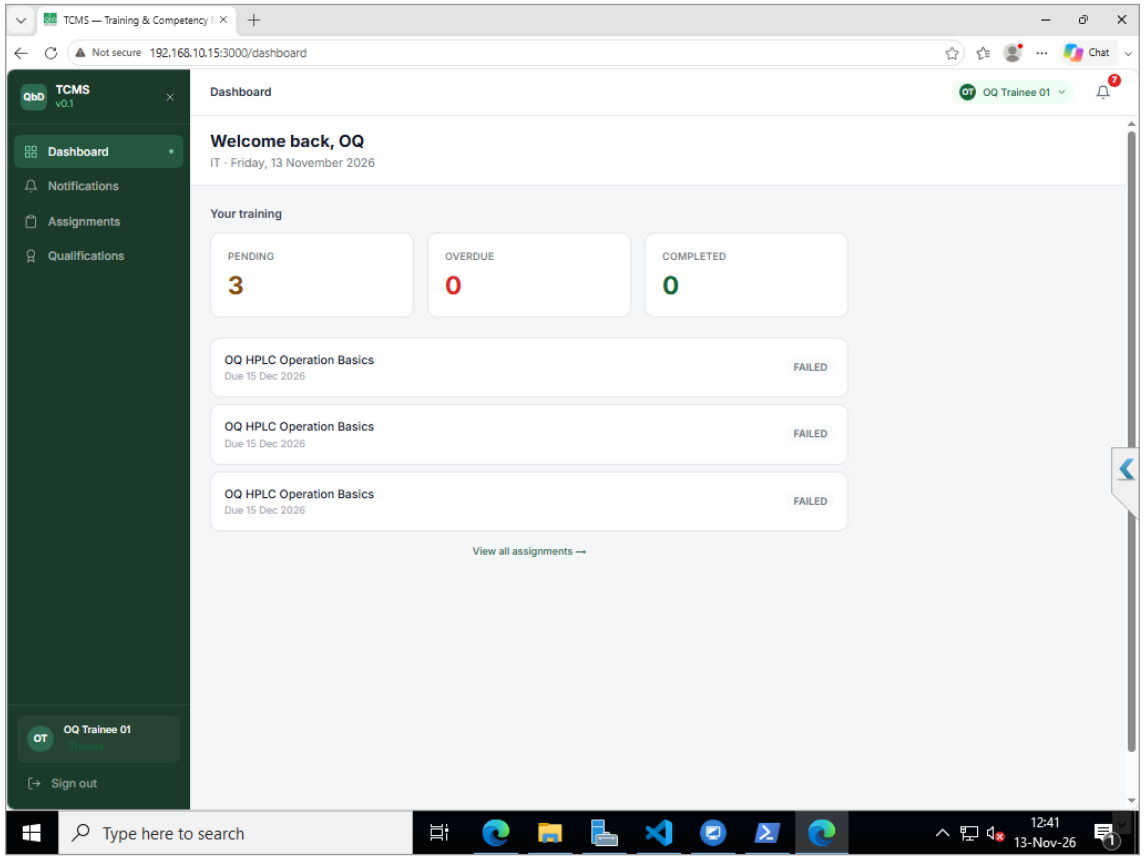
Test Objective :	To verify the menus available to the Guest Trainer role.			
Test Procedure :			Expected Result :	
Verify the left panel menus for Guest Trainer.			Dashboard, Notifications, Training Topics, Topic Group, Assignments & Qualifications should be displayed.	
Test ID : 8.1.8	Step No : 15.1	Attachment No. : 186	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 12:41



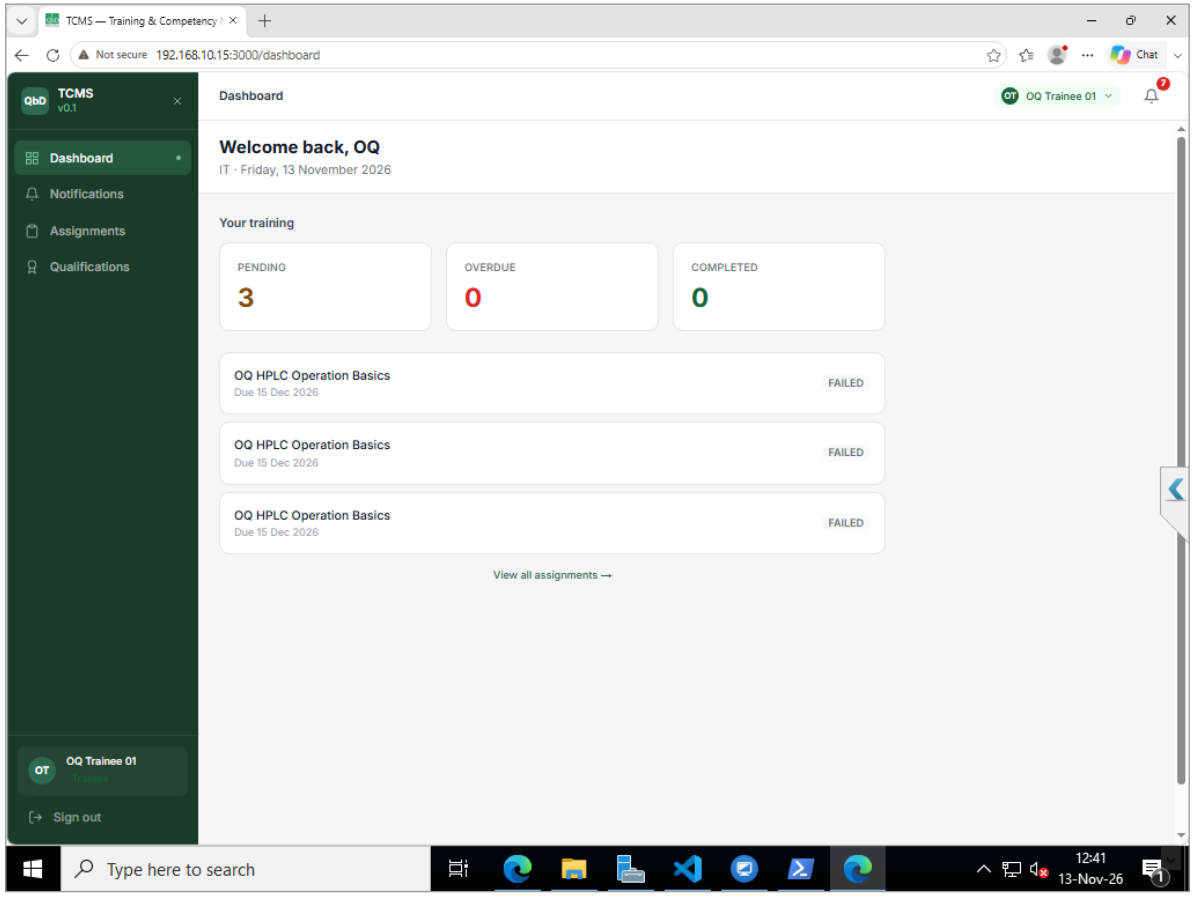
OPERATIONAL QUALIFICATION SCREENSHOTS FOR TCMS APPLICATION VER. 1.0

DOCUMENT NO.: LGC/QBD/0002	TITLE : COMPUTER SYSTEM VALIDATION OF TCMS

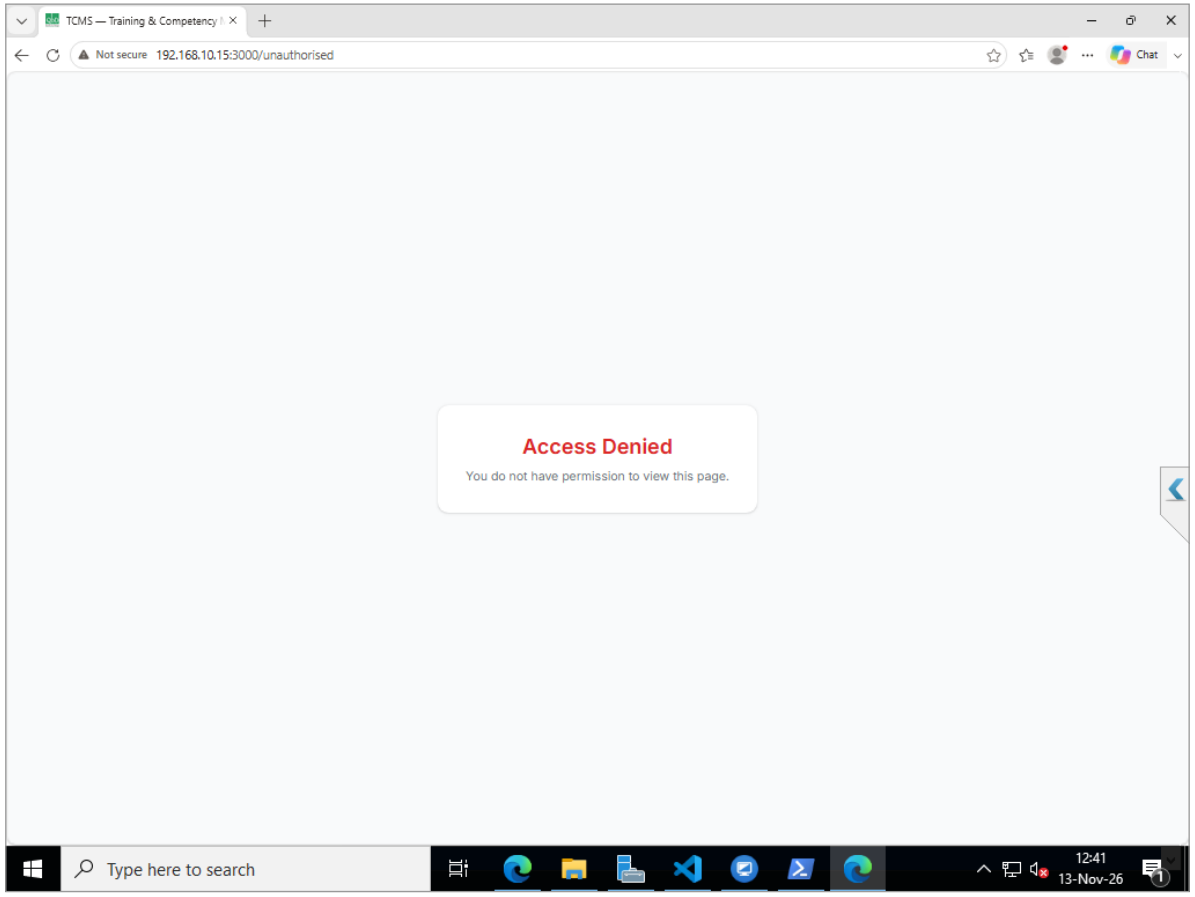
Test Objective :	To verify successful login with Trainee credentials and role-wise menu display.			
Test Procedure :			Expected Result :	
Sign out from the current user. Type Employee ID / Password & click on Sign in button (with Trainee level privilege).			Dashboard should be displayed with the menus applicable to Trainee role.	
Test ID : 8.1.8	Step No : 16.1	Attachment No. : 187	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 12:41



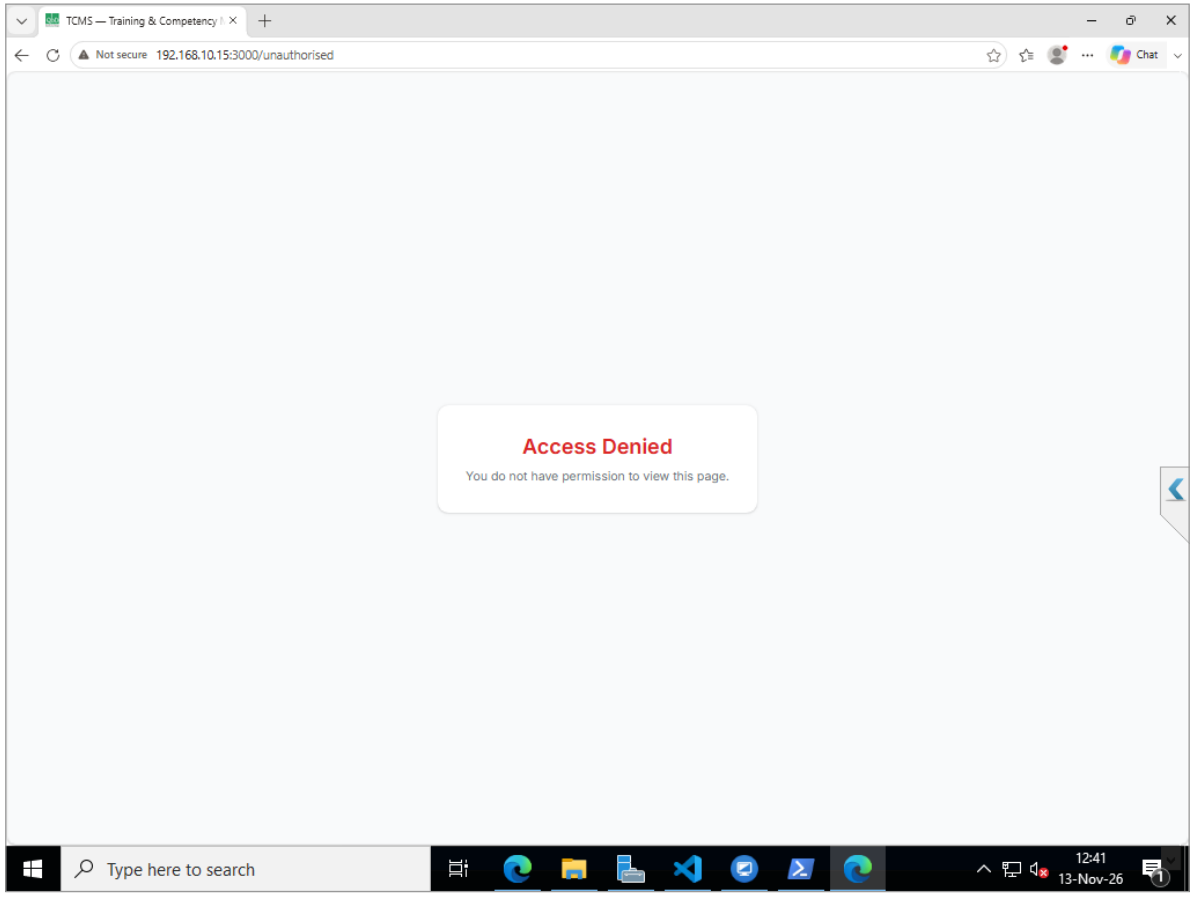
Test Objective :	To verify the menus available to the Trainee role.			
Test Procedure :			Expected Result :	
Verify the left panel menus for Trainee.			Dashboard, Notifications, Assignments & Qualifications should be displayed.	
Test ID : 8.1.8	Step No : 17.1	Attachment No. : 188	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 12:41



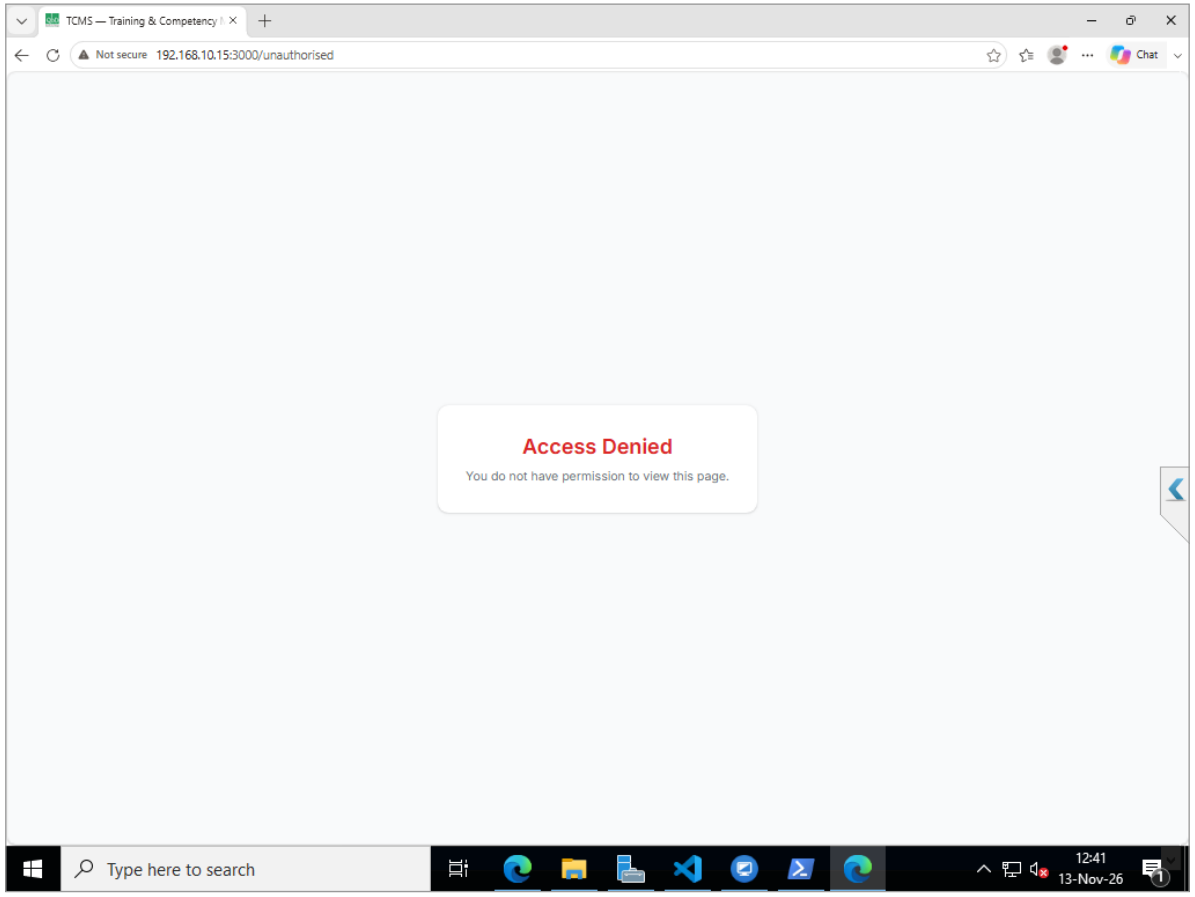
Test Objective :	To verify that the Trainee cannot access Training Topics by URL.			
Test Procedure :			Expected Result :	
Type the URL /topics in the browser address bar.			"Access Denied" page should be displayed.	
Test ID : 8.1.8	Step No : 18.1	Attachment No. : 189	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 12:41



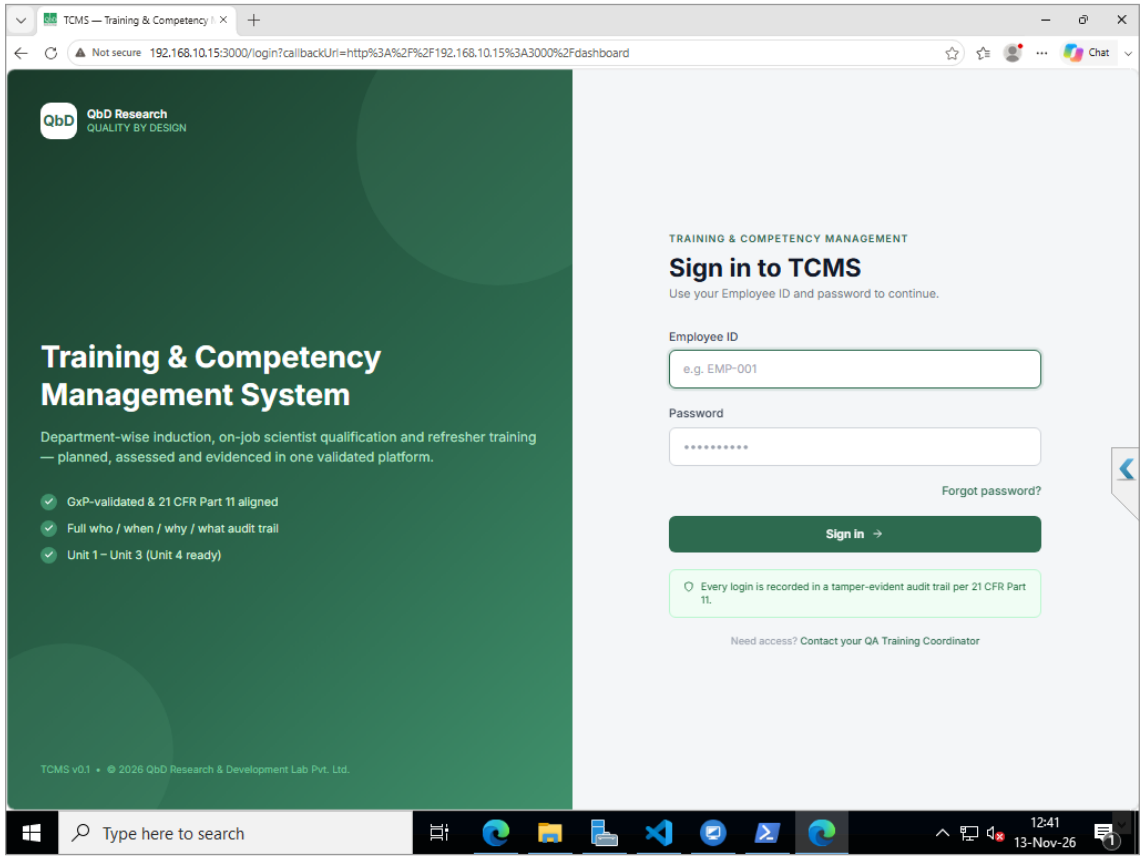
Test Objective :	To verify that the Trainee cannot access Reports by URL.			
Test Procedure :			Expected Result :	
Type the URL /reports in the browser address bar.			"Access Denied" page should be displayed.	
Test ID : 8.1.8	Step No : 19.1	Attachment No. : 190	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 12:41



Test Objective :	To verify that the Trainee cannot access Manage Structure by URL.			
Test Procedure :			Expected Result :	
Type the URL /admin/organization in the browser address bar.			"Access Denied" page should be displayed.	
Test ID : 8.1.8	Step No : 20.1	Attachment No. : 191	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 12:41



Test Objective :	To verify that application pages cannot be accessed without login.			
Test Procedure :			Expected Result :	
Sign out from the current user. Without login, type the URL http://192.168.10.15:3000/dashboard in the browser address bar.			User should be redirected to the Login page.	
Test ID : 8.1.8	Step No : 21.1	Attachment No. : 192	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 12:41



OPERATIONAL QUALIFICATION SCREENSHOTS FOR TCMS APPLICATION VER. 1.0

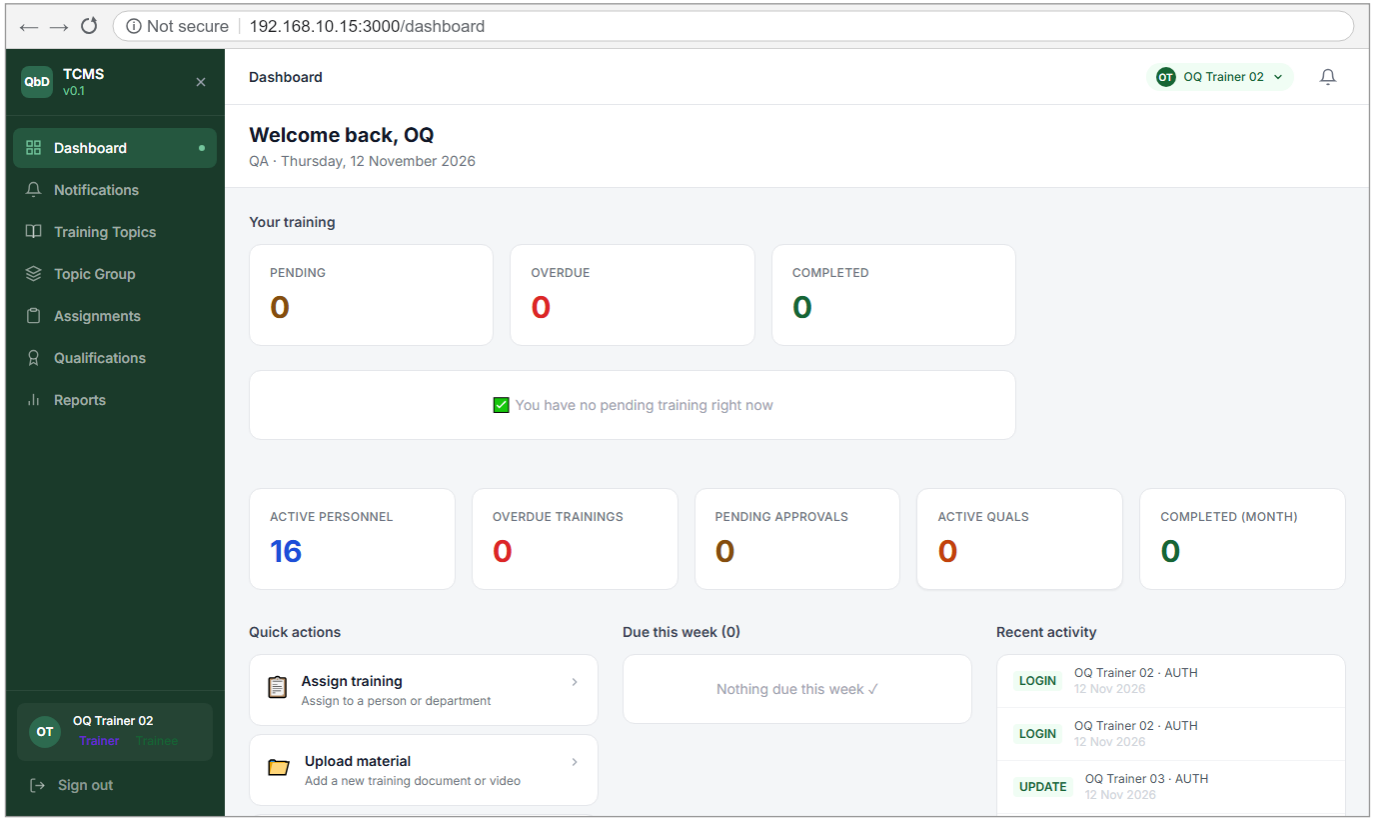
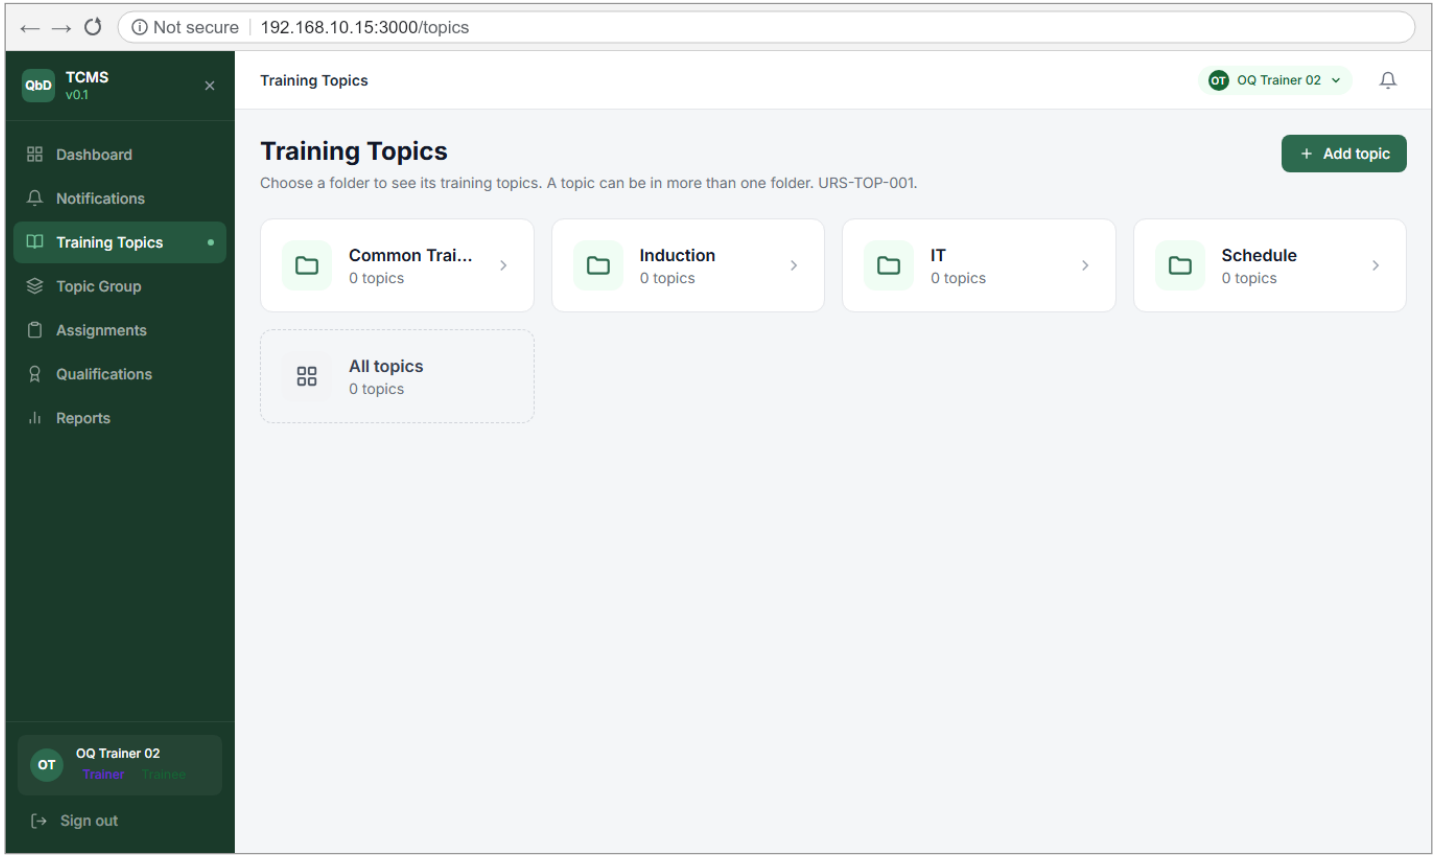
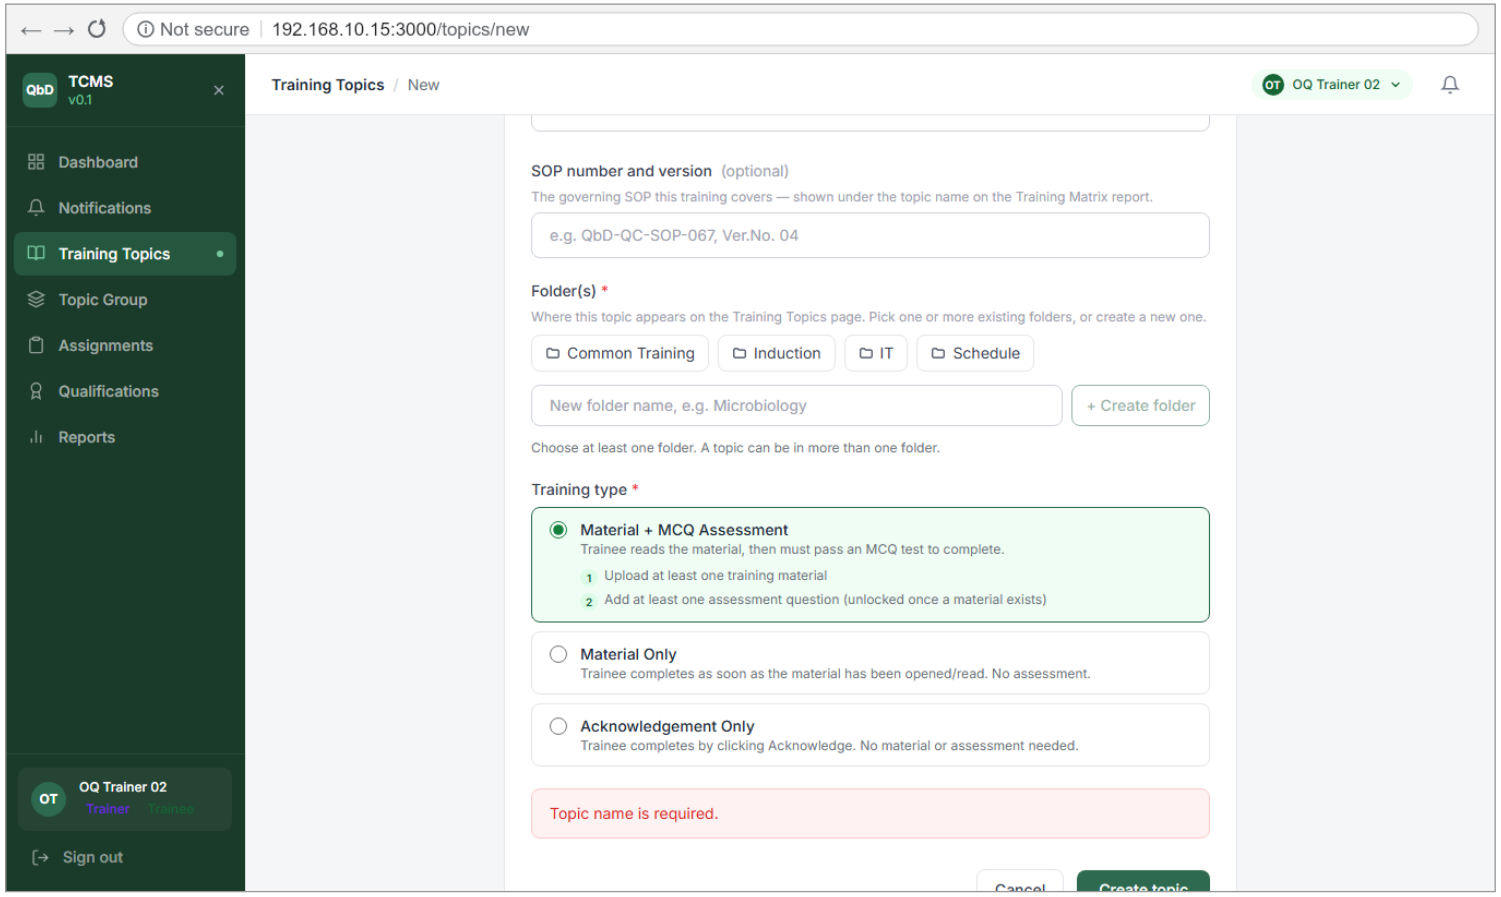
Open TCMS application URL (http://192.168.10.15:3000) in Microsoft Edge. Type Employee ID / Password & click on Sign in button (with Trainer (QA Department) level privilege).			Dashboard should be displayed with the menus applicable to Trainer (QA Department) role.	
Test ID : 8.1.9	Step No : 1.1	Attachment No. : 193	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:17



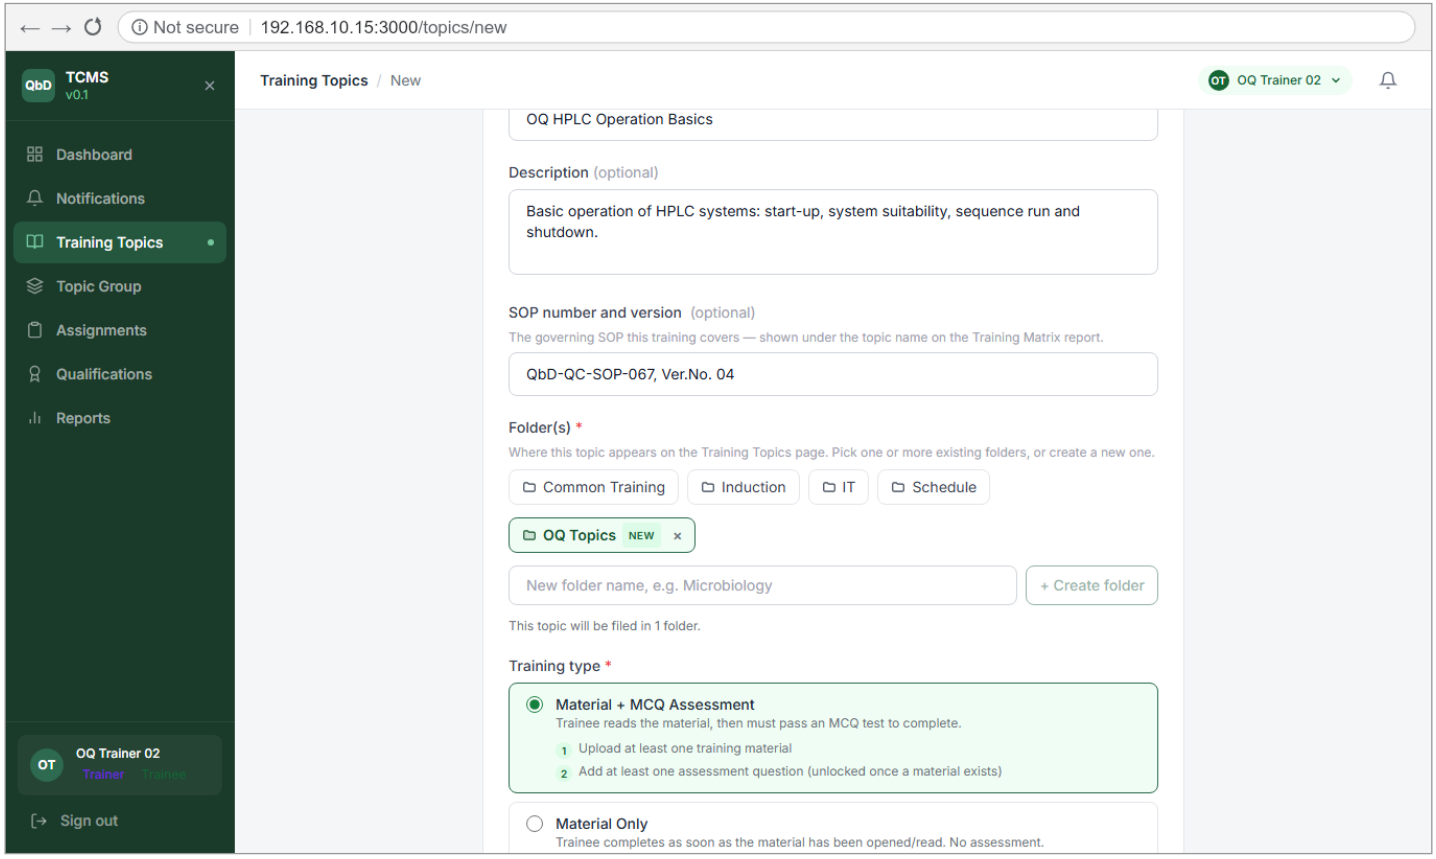
Test Objective :	To verify navigation to the Training Topics page.			
Test Procedure :			Expected Result :	
Click on "Training Topics" menu from the left panel.			Training Topics page should be displayed with the master list and "Add topic" button.	
Test ID : 8.1.9	Step No : 2.1	Attachment No. : 194	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:17



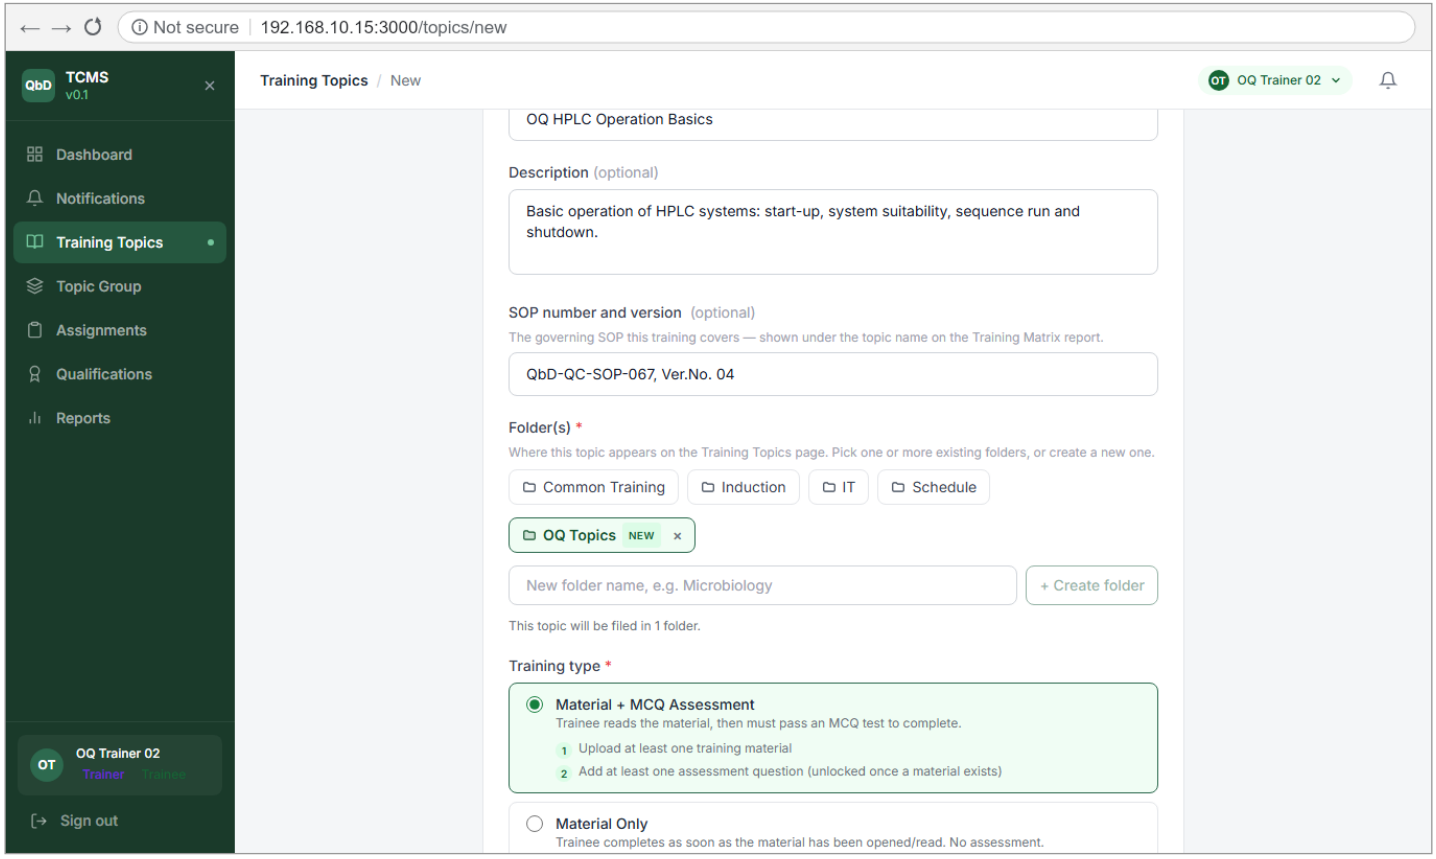
Test Objective :	To verify that Topic name is mandatory.			
Test Procedure :			Expected Result :	
Click on "Add topic" & click on Create topic without entering Topic name.			"Topic name is required." message should be displayed.	
Test ID : 8.1.9	Step No : 3.1	Attachment No. : 195	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:17



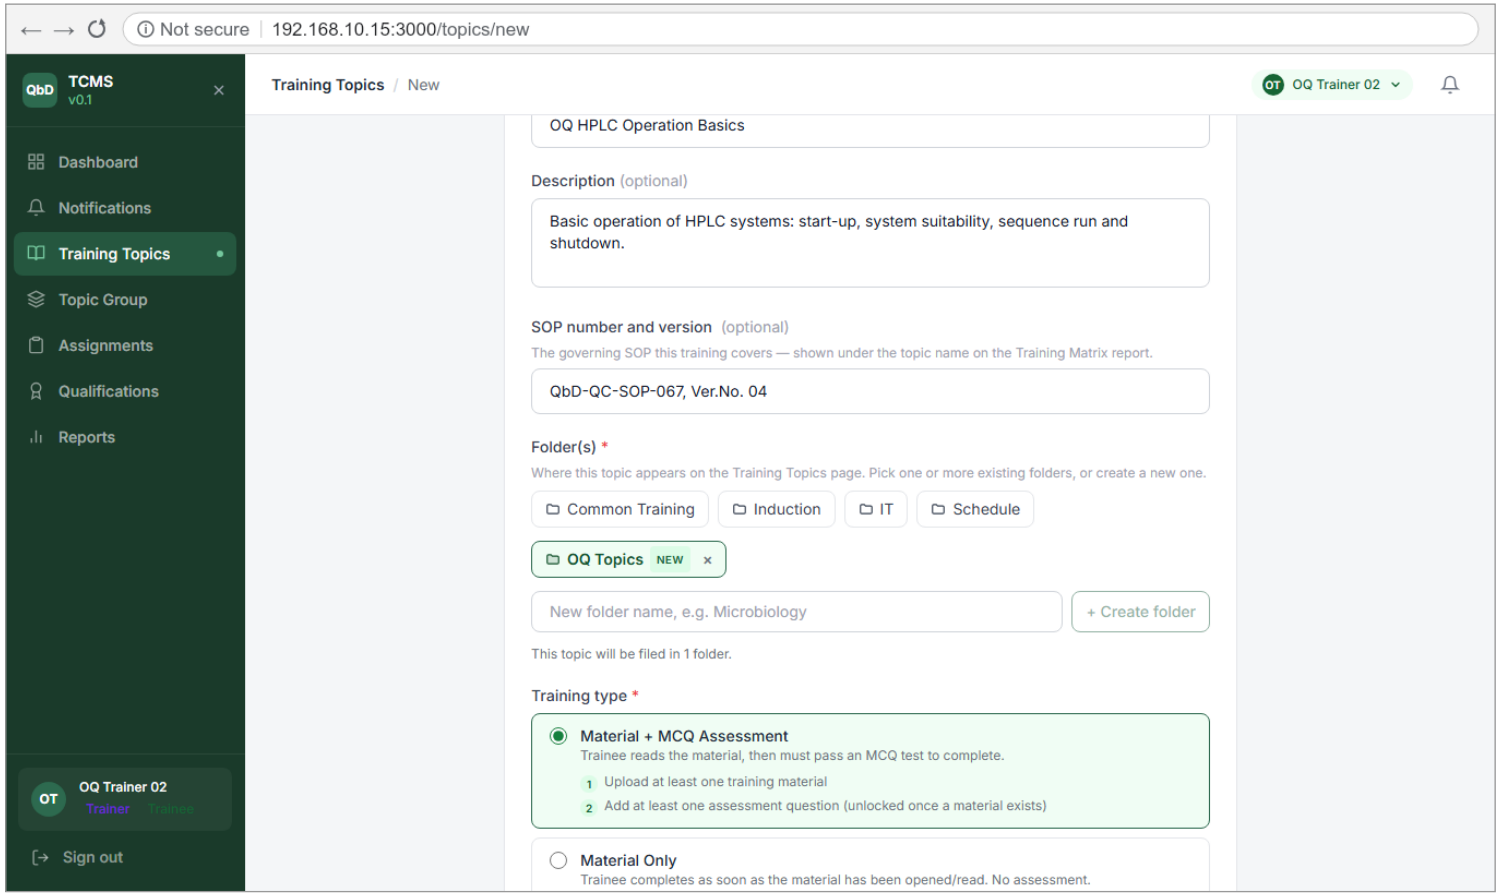
Test Objective :	To verify entry of topic name, SOP number / version and description.			
Test Procedure :			Expected Result :	
Enter Topic name = OQ HPLC Operation Basics, SOP number and version = QbD-QC-SOP-067, Ver.No. 04, Description & Folder = OQ Topics.			Entered details should be displayed.	
Test ID : 8.1.9	Step No : 4.1	Attachment No. : 196	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:17



Test Objective :	To verify the available training types.			
Test Procedure :			**Expected Result :**	
Verify the Training type options.			Material + MCQ Assessment, Material Only & Acknowledgement Only should be available with their descriptions.	
Test ID : 8.1.9	Step No : 5.1	Attachment No. : 197	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:17



Test Objective :	To verify selection of the Material + MCQ Assessment training type.			
Test Procedure :			Expected Result :	
Select Training type = Material + MCQ Assessment.			Training type should be selected.	
Test ID : 8.1.9	Step No : 6.1	Attachment No. : 198	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:17

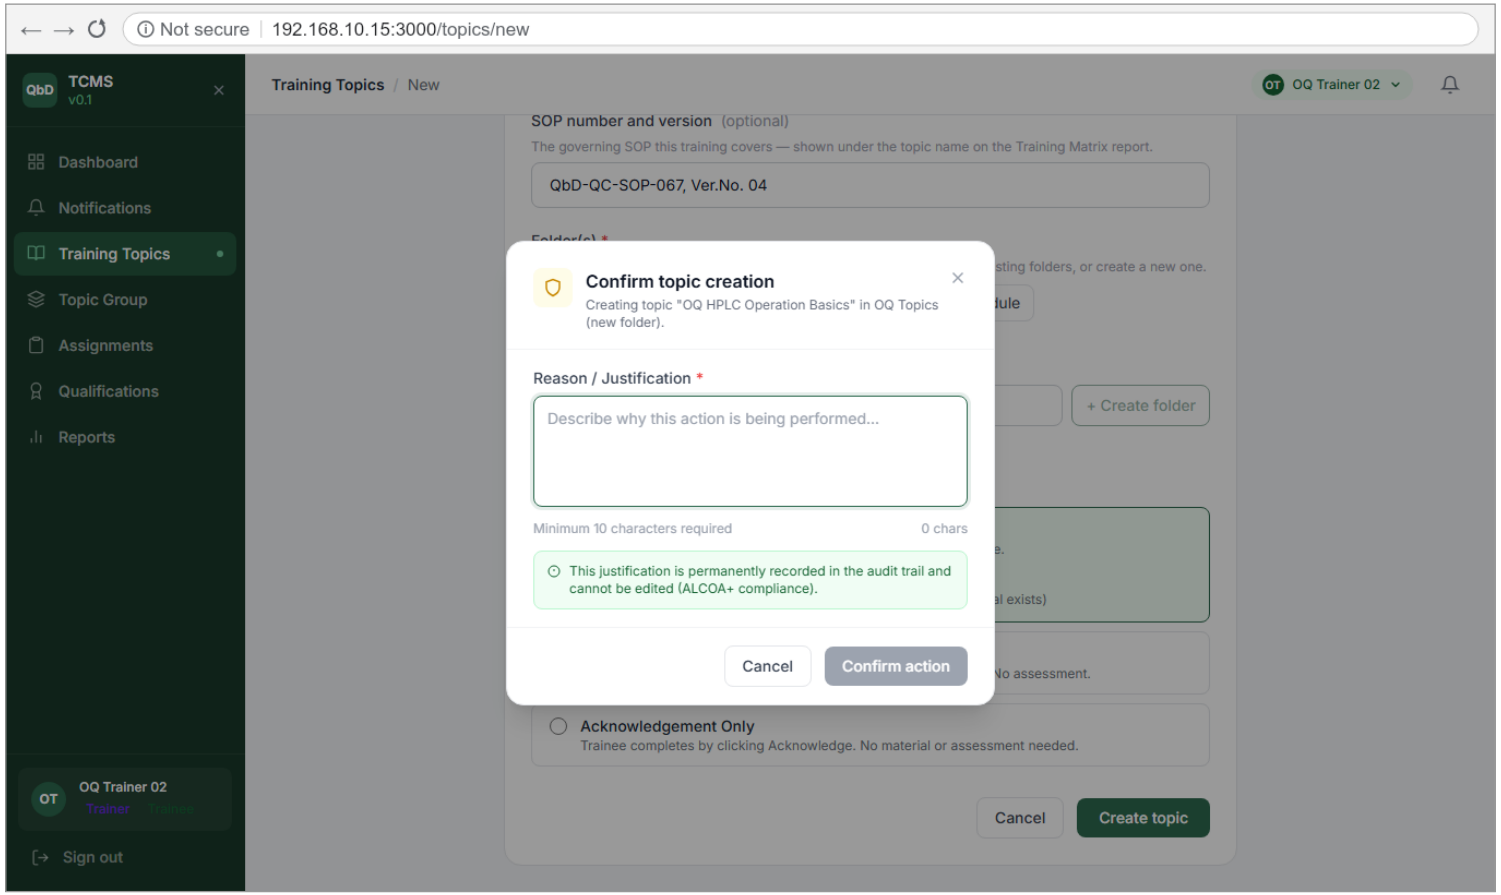


Test Objective :	To verify scoping of a topic as compulsory for a whole department.			
Test Procedure :			Expected Result :	
Under "Make this training compulsory for specific teams", choose Department = QC & Whole dept.			"This training will be compulsory for: QC" should be displayed.	
Test ID : 8.1.9	Step No : 7.1	Attachment No. : 199	Result : Pass / Fail	Executed By : _____ Date & Time : _____

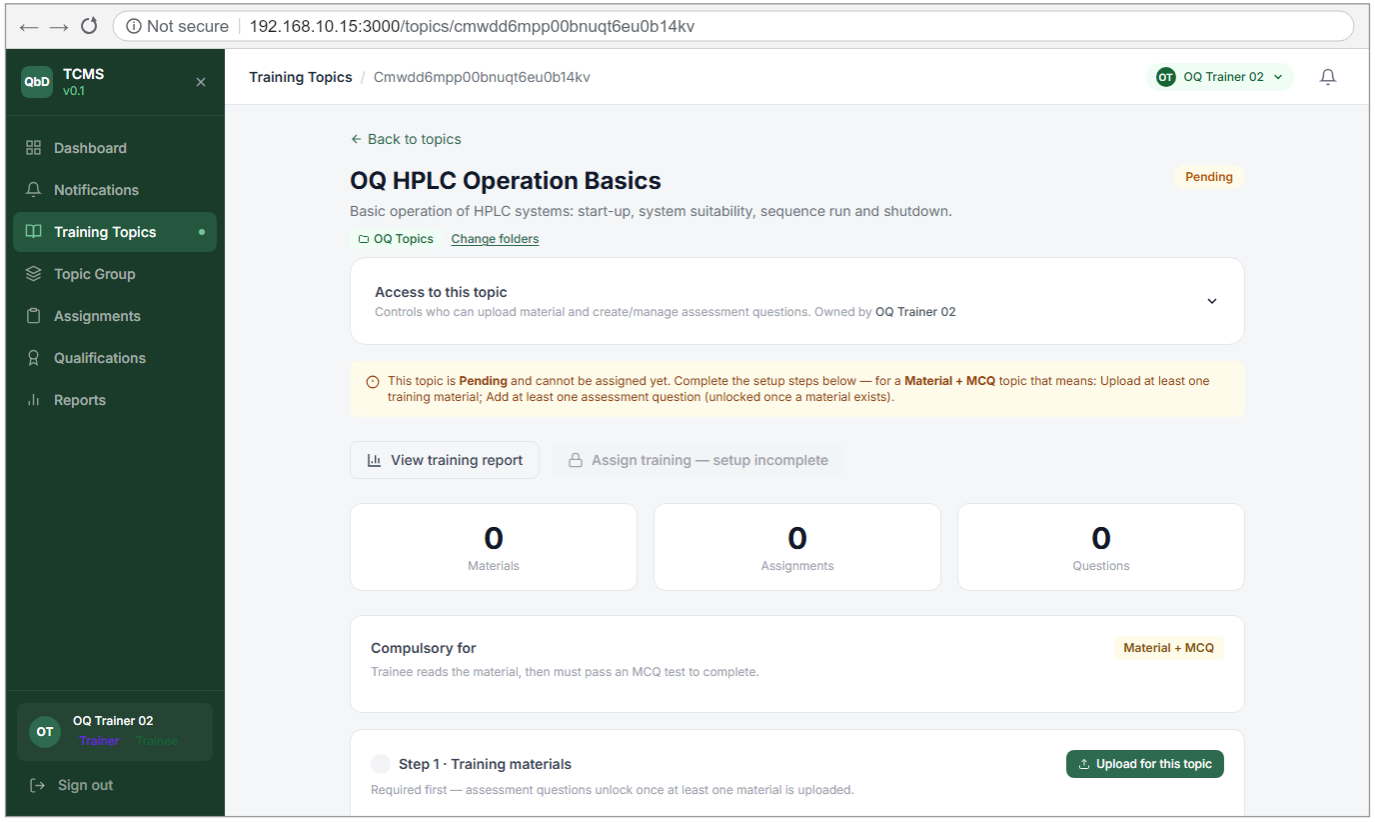
Affix / insert screenshot evidence here

Test ID 8.1.9 | Step No. 7.1 | Attachment No. 199

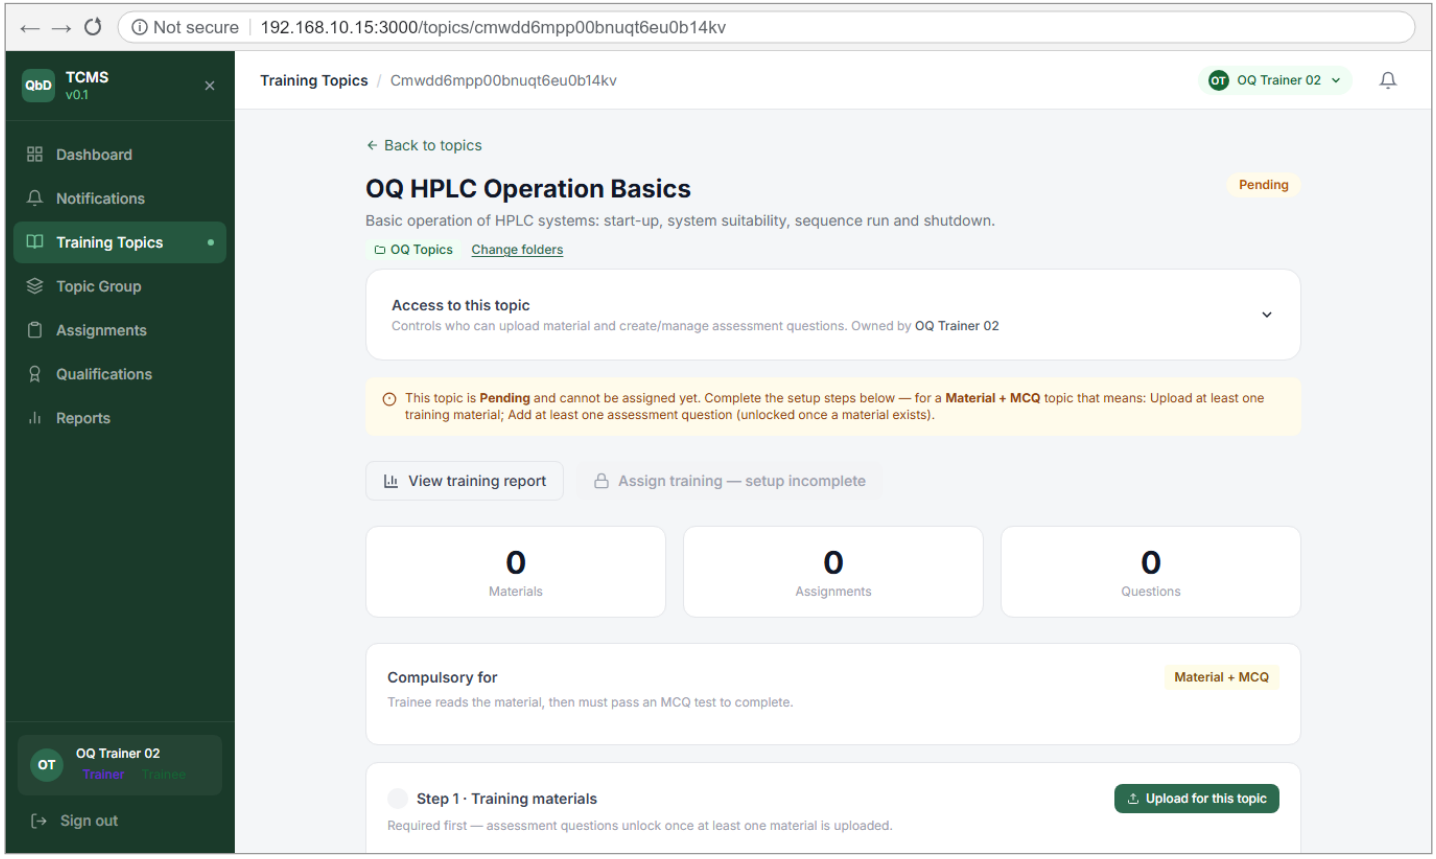
Test Objective :	To verify that topic creation requests electronic signature.			
Test Procedure :			Expected Result :	
Click on Create topic.			"Confirm topic creation" window should be displayed.	
Test ID : 8.1.9	Step No : 8.1	Attachment No. : 200	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:17



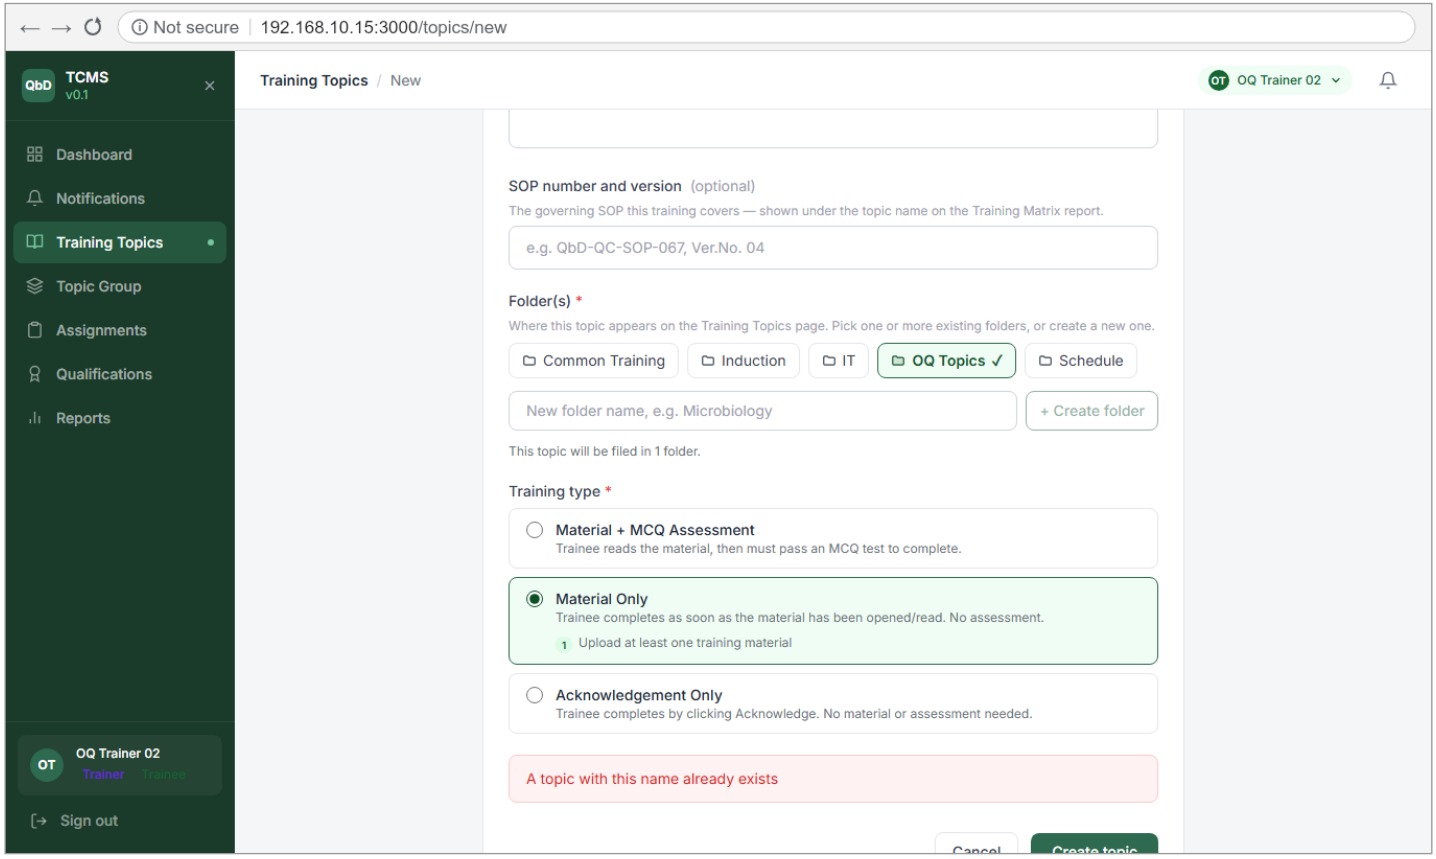
Test Objective :	To verify creation of a Material + MCQ Assessment topic in Pending status.			
Test Procedure :			**Expected Result :**	
In "Confirm topic creation" window, type Reason / Justification (minimum 10 characters) & Password, then click on "Confirm action" button.			Topic should be created & topic detail page should be displayed with status Pending.	
Test ID : 8.1.9	Step No : 9.1	Attachment No. : 201	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:17



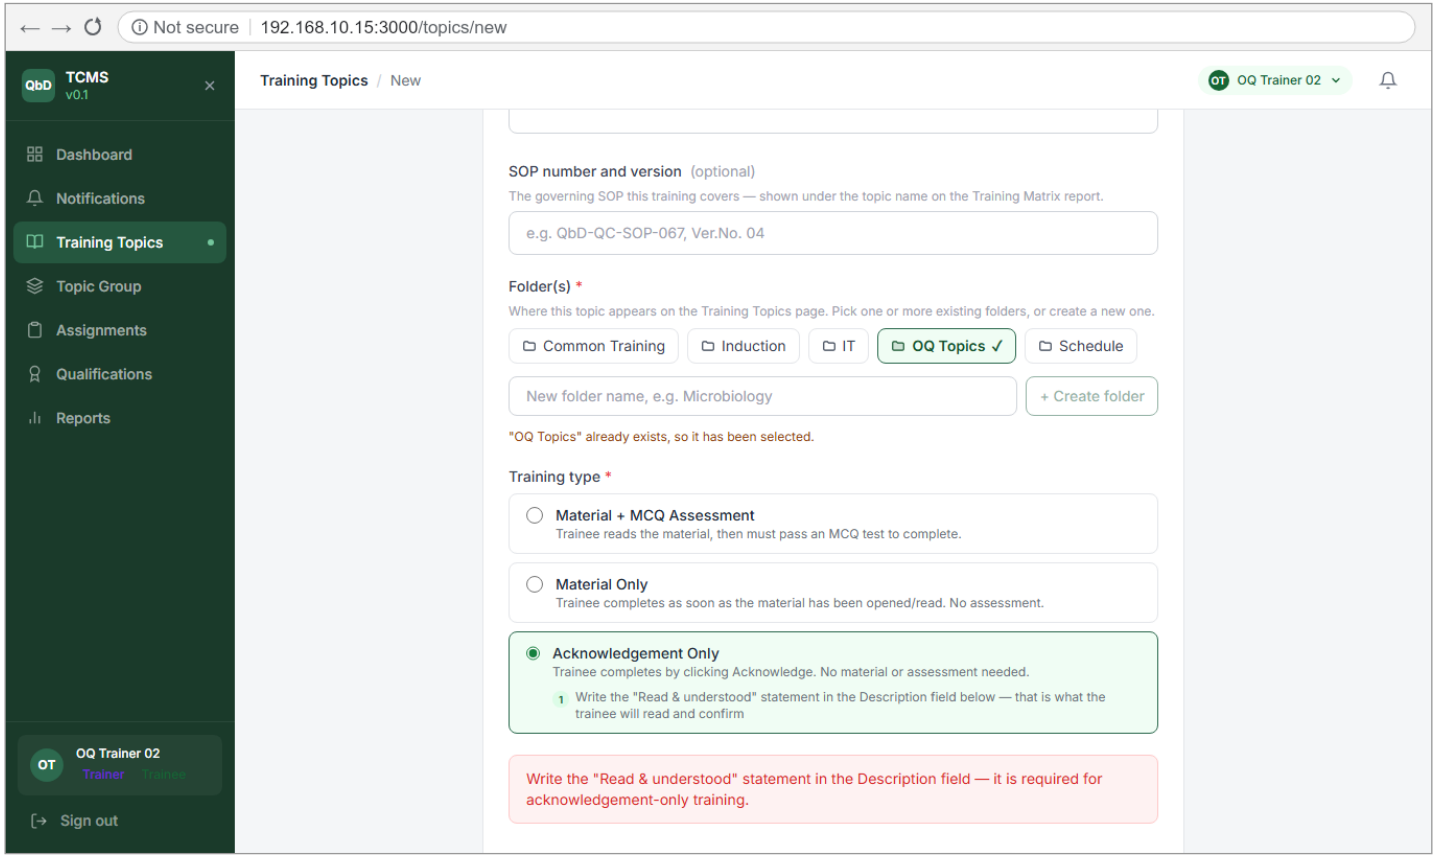
Test Objective :	To verify that a topic cannot be assigned until its setup is complete.			
Test Procedure :			**Expected Result :**	
Verify the topic detail page.			"This topic is Pending and cannot be assigned yet. Complete the setup steps below..." & "Assign training — setup incomplete" should be displayed.	
Test ID : 8.1.9	Step No : 10.1	Attachment No. : 202	Result : Fail	Executed By : _____ Date & Time : 12-Nov-26 15:17



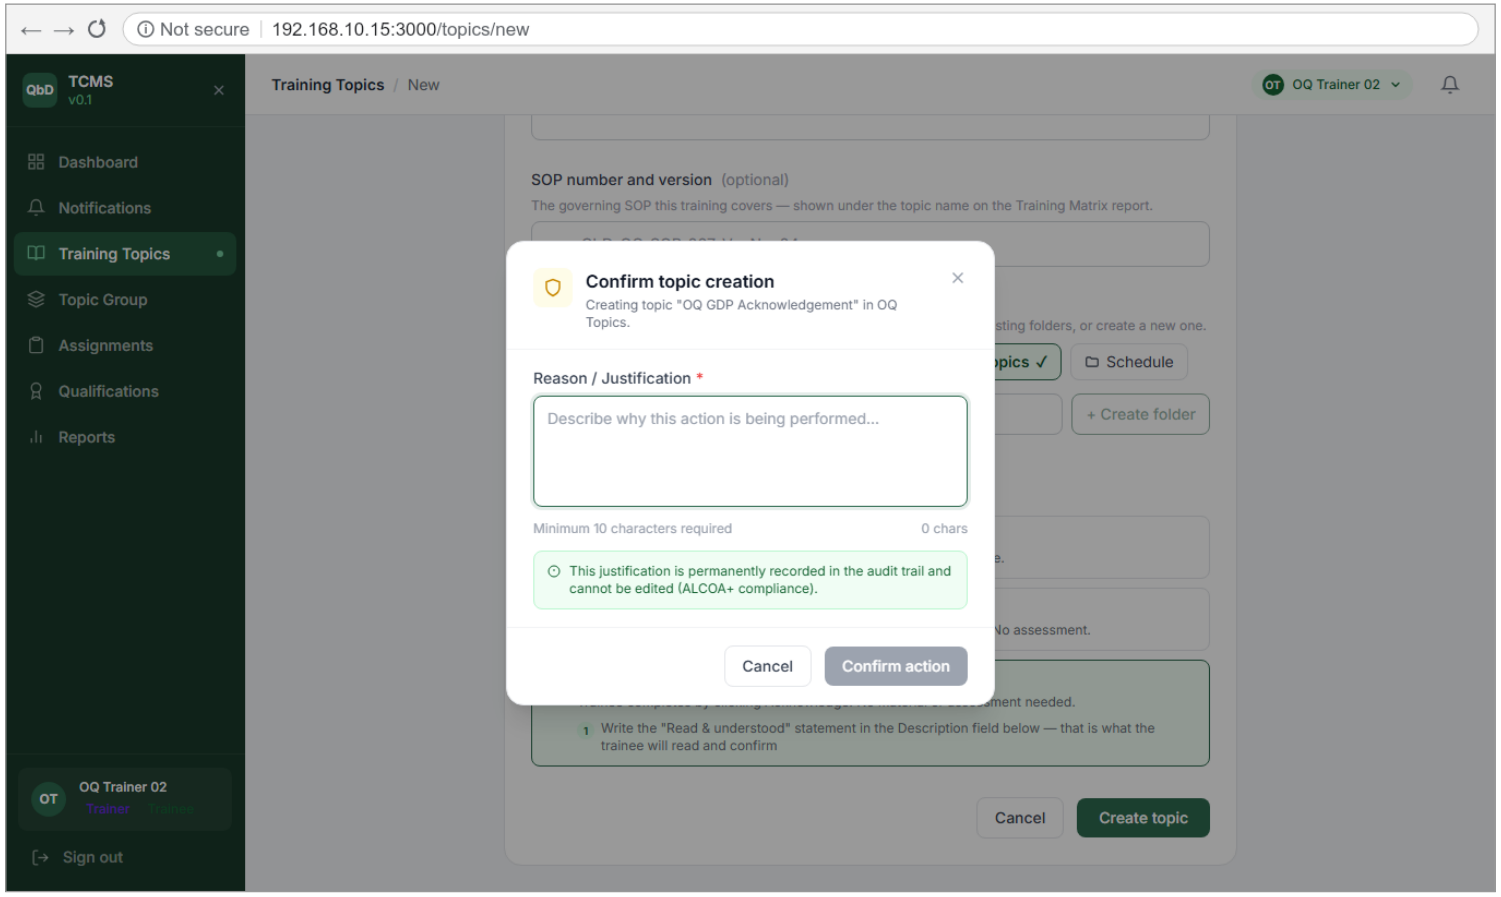
Test Objective :	To verify that a duplicate topic name is not allowed.			
Test Procedure :			Expected Result :	
Click on "Add topic" & enter the existing topic name OQ HPLC Operation Basics. Click on Create topic & complete the e-signature.			"A topic with this name already exists" message should be displayed.	
Test ID : 8.1.9	Step No : 11.1	Attachment No. : 203	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:17



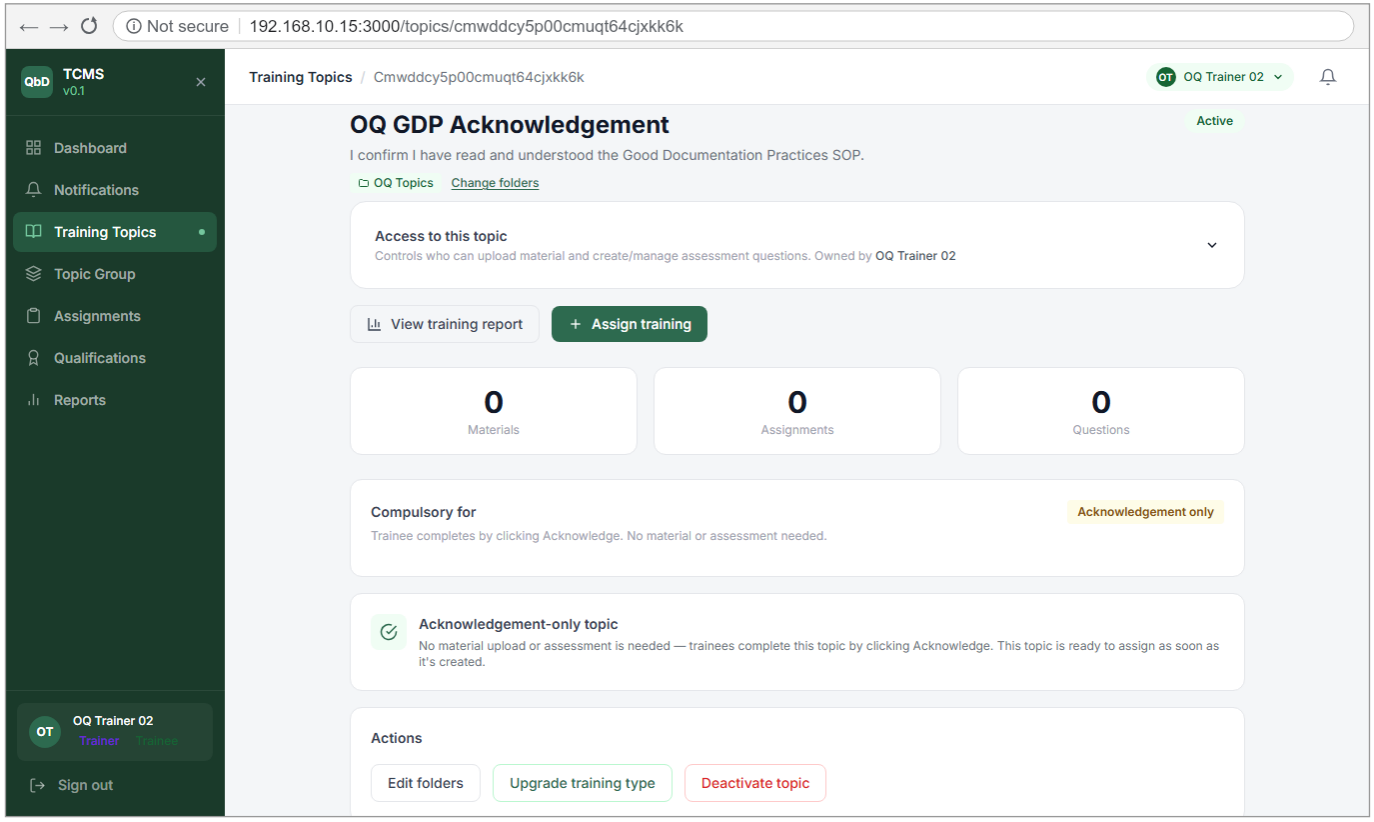
Test Objective :	To verify that Description is mandatory for an Acknowledgement Only topic.			
Test Procedure :			**Expected Result :**	
Create a topic OQ GDP Acknowledgement with Training type = Acknowledgement Only without Read & understood statement (Description).			"Write the "Read & understood" statement in the Description field — it is required for acknowledgement-only training." message should be displayed.	
Test ID : 8.1.9	Step No : 12.1	Attachment No. : 204	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:22



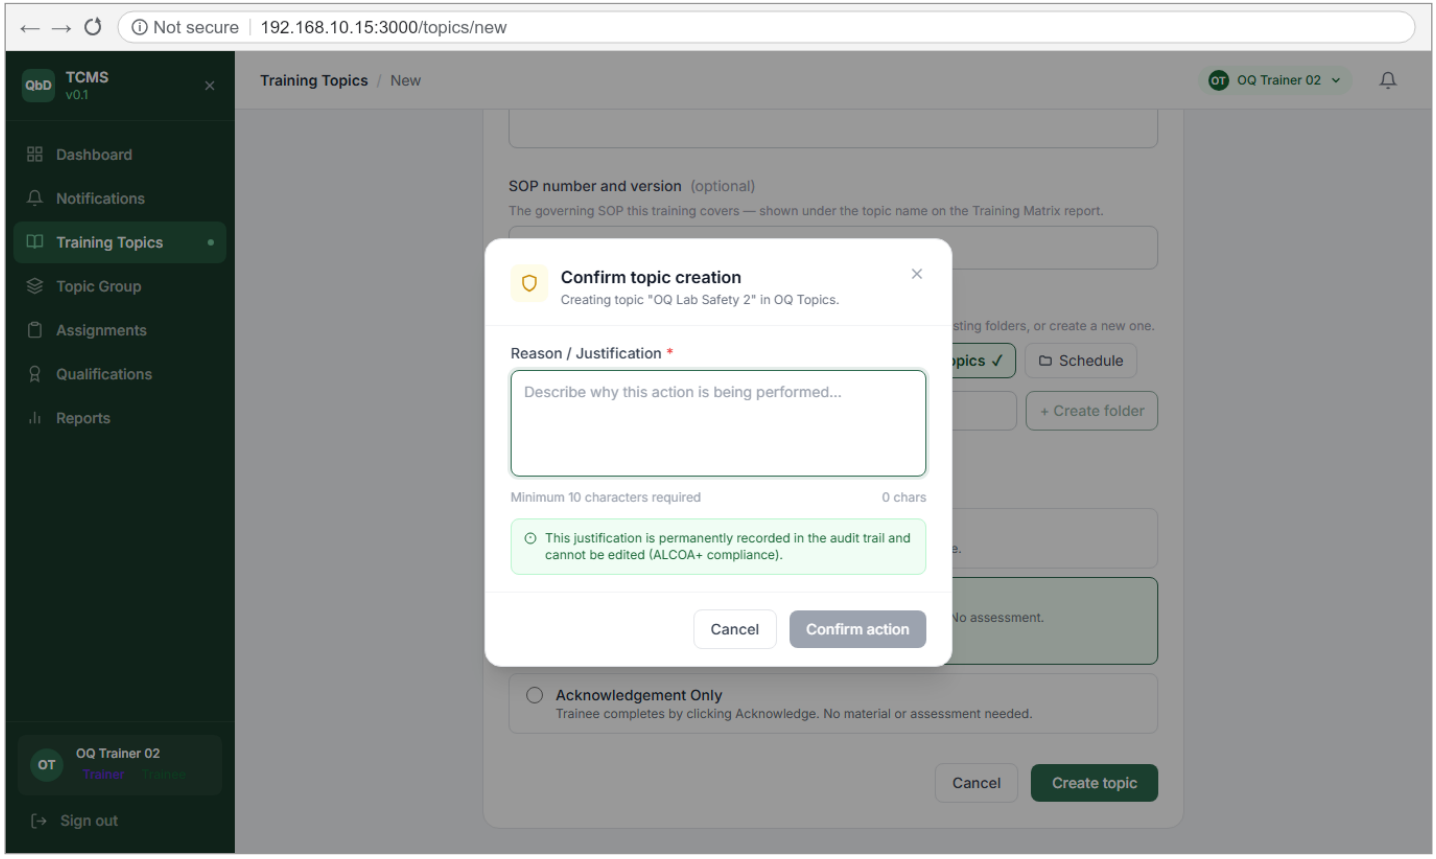
Test Objective :	To verify that Acknowledgement Only topic creation requests electronic signature.			
Test Procedure :			Expected Result :	
Enter Read & understood statement & click on Create topic.			"Confirm topic creation" window should be displayed.	
Test ID : 8.1.9	Step No : 13.1	Attachment No. : 205	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:22



Test Objective :	To verify creation of an Acknowledgement Only topic.			
Test Procedure :			**Expected Result :**	
In "Confirm topic creation" window, type Reason / Justification (minimum 10 characters) & Password, then click on "Confirm action" button.			Acknowledgement Only topic OQ GDP Acknowledgement should be created.	
Test ID : 8.1.9	Step No : 14.1	Attachment No. : 206	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:22



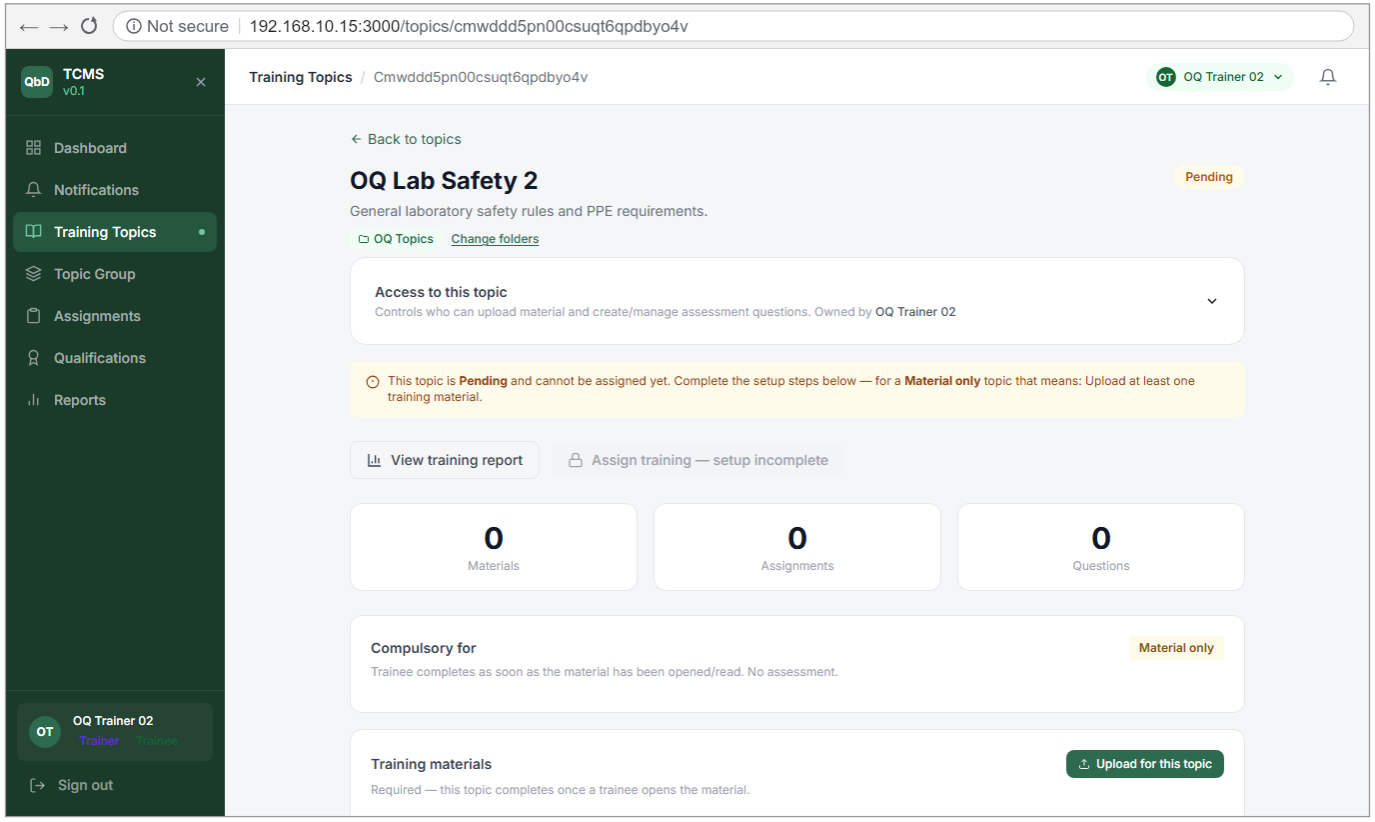
Test Objective :	To verify creation of a Material Only topic.			
Test Procedure :			Expected Result :	
Create a topic OQ Lab Safety 2 with Training type = Material Only & click on Create topic.			"Confirm topic creation" window should be displayed.	
Test ID : 8.1.9	Step No : 15.1	Attachment No. : 207	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:22



OPERATIONAL QUALIFICATION SCREENSHOTS FOR TCMS APPLICATION VER. 1.0

DOCUMENT NO.: LGC/QBD/0002	TITLE : COMPUTER SYSTEM VALIDATION OF TCMS

Test Objective :	To verify creation of a Material Only topic with electronic signature.			
Test Procedure :			Expected Result :	
In "Confirm topic creation" window, type Reason / Justification (minimum 10 characters) & Password, then click on "Confirm action" button.			Material Only topic OQ Lab Safety 2 should be created.	
Test ID : 8.1.9	Step No : 16.1	Attachment No. : 208	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:22



Test Objective :	To verify the Edit scope & training type option of a topic.			
Test Procedure :			Expected Result :	
Open topic OQ HPLC Operation Basics & click on "Edit scope & training type".			Window "Change who this training is compulsory for and how it's completed." should be displayed.	
Test ID : 8.1.9	Step No : 17.1	Attachment No. : 209	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.9 | Step No. 17.1 | Attachment No. 209

Test Objective :	To verify that a scope change requests electronic signature.			
Test Procedure :			Expected Result :	
Add Department = QA (Whole unit) & click on Save changes.			Justification window should be displayed.	
Test ID : 8.1.9	Step No : 18.1	Attachment No. : 210	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

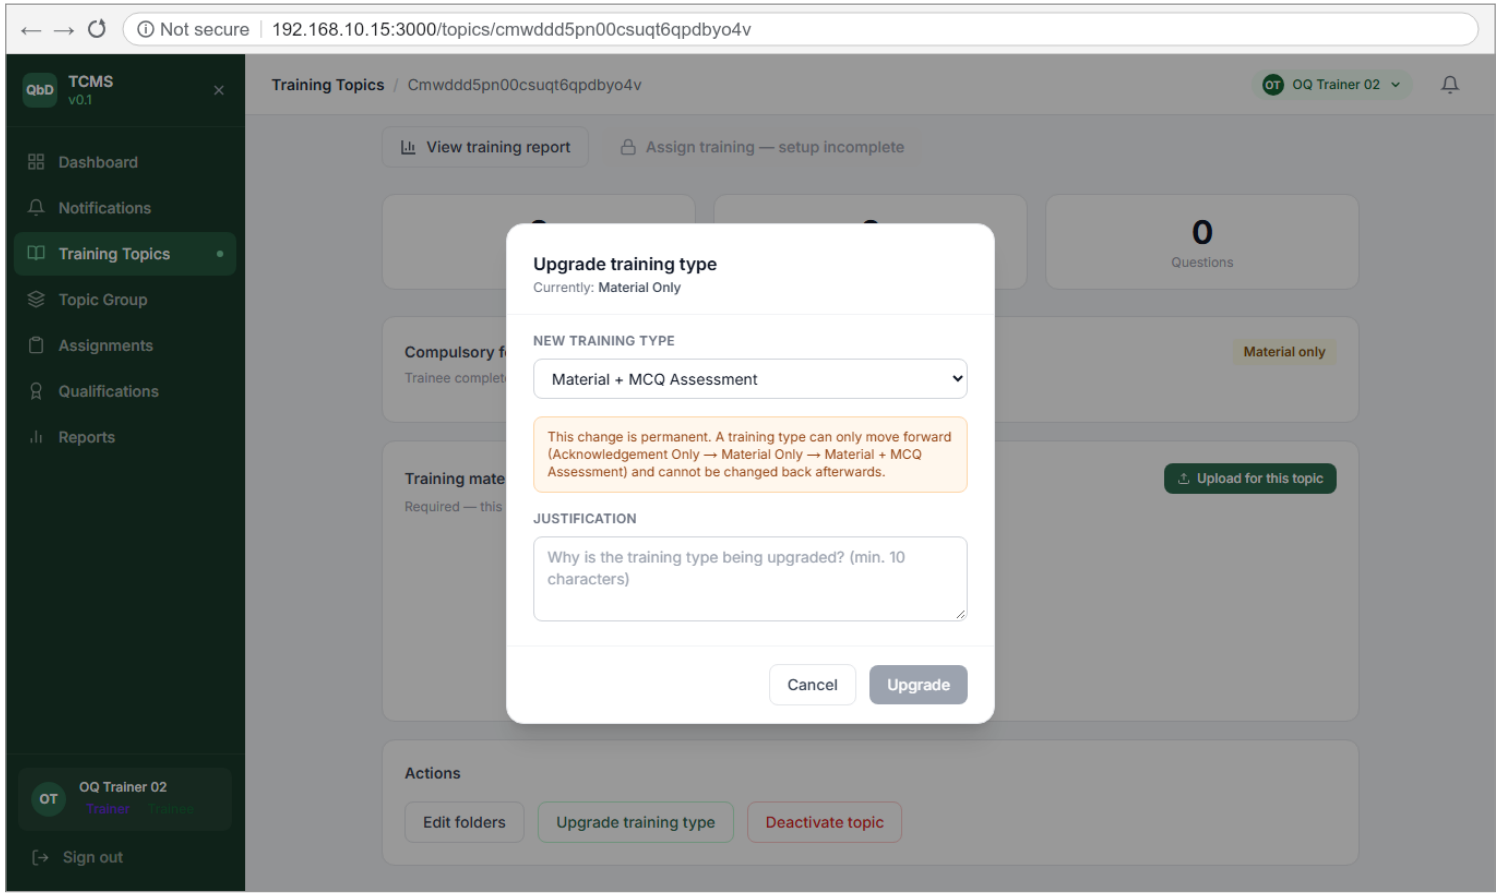
Test ID 8.1.9 | Step No. 18.1 | Attachment No. 210

Test Objective :	To verify update of topic scope with electronic signature.			
Test Procedure :			Expected Result :	
In "Edit scope" window, type Reason / Justification (minimum 10 characters) & Password, then click on "Confirm action" button.			"Topic updated successfully." message should be displayed.	
Test ID : 8.1.9	Step No : 19.1	Attachment No. : 211	Result : Pass / Fail	Executed By : _____ Date & Time : _____

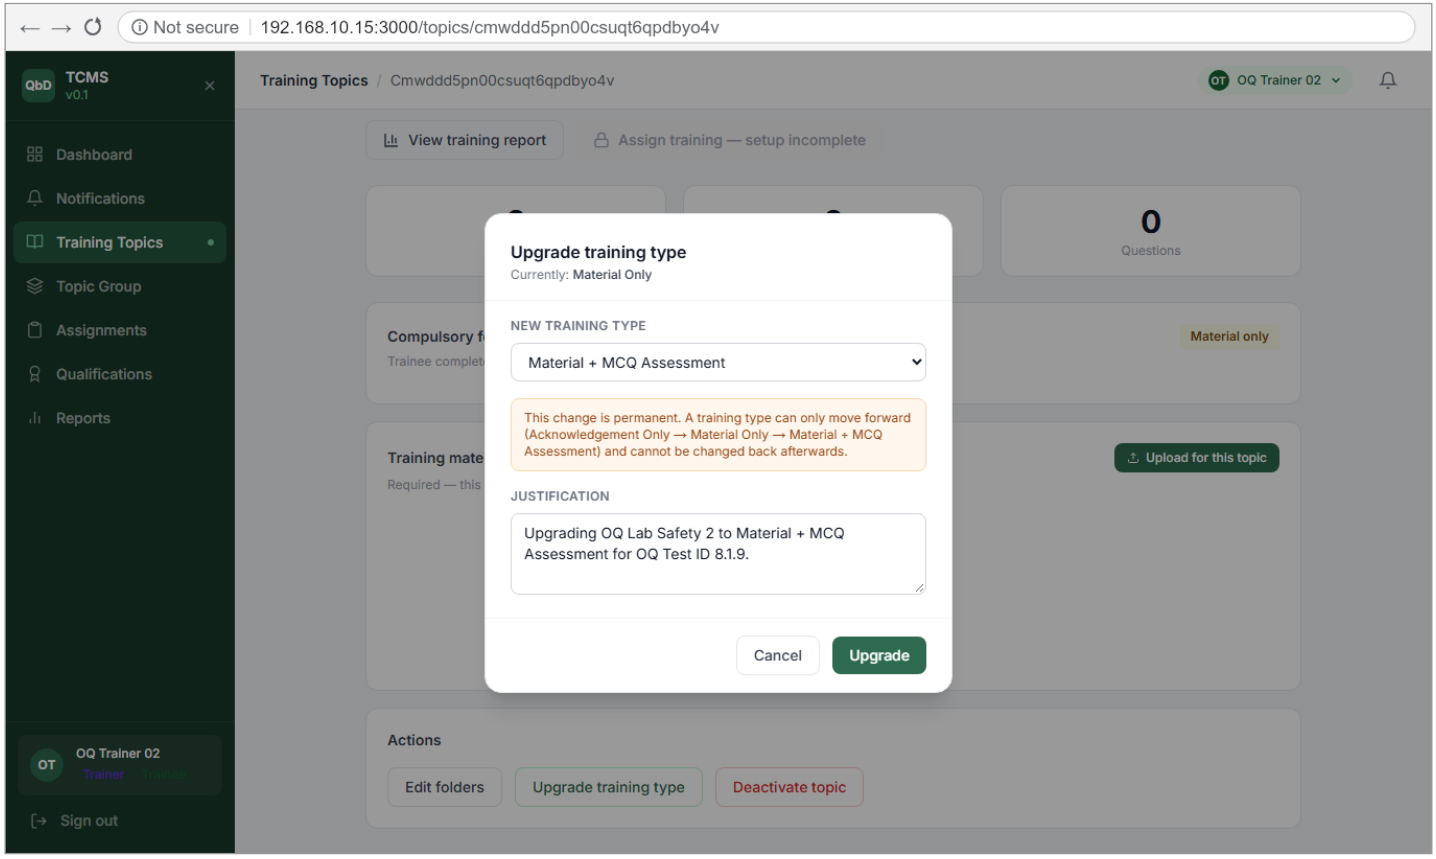
Affix / insert screenshot evidence here

Test ID 8.1.9 | Step No. 19.1 | Attachment No. 211

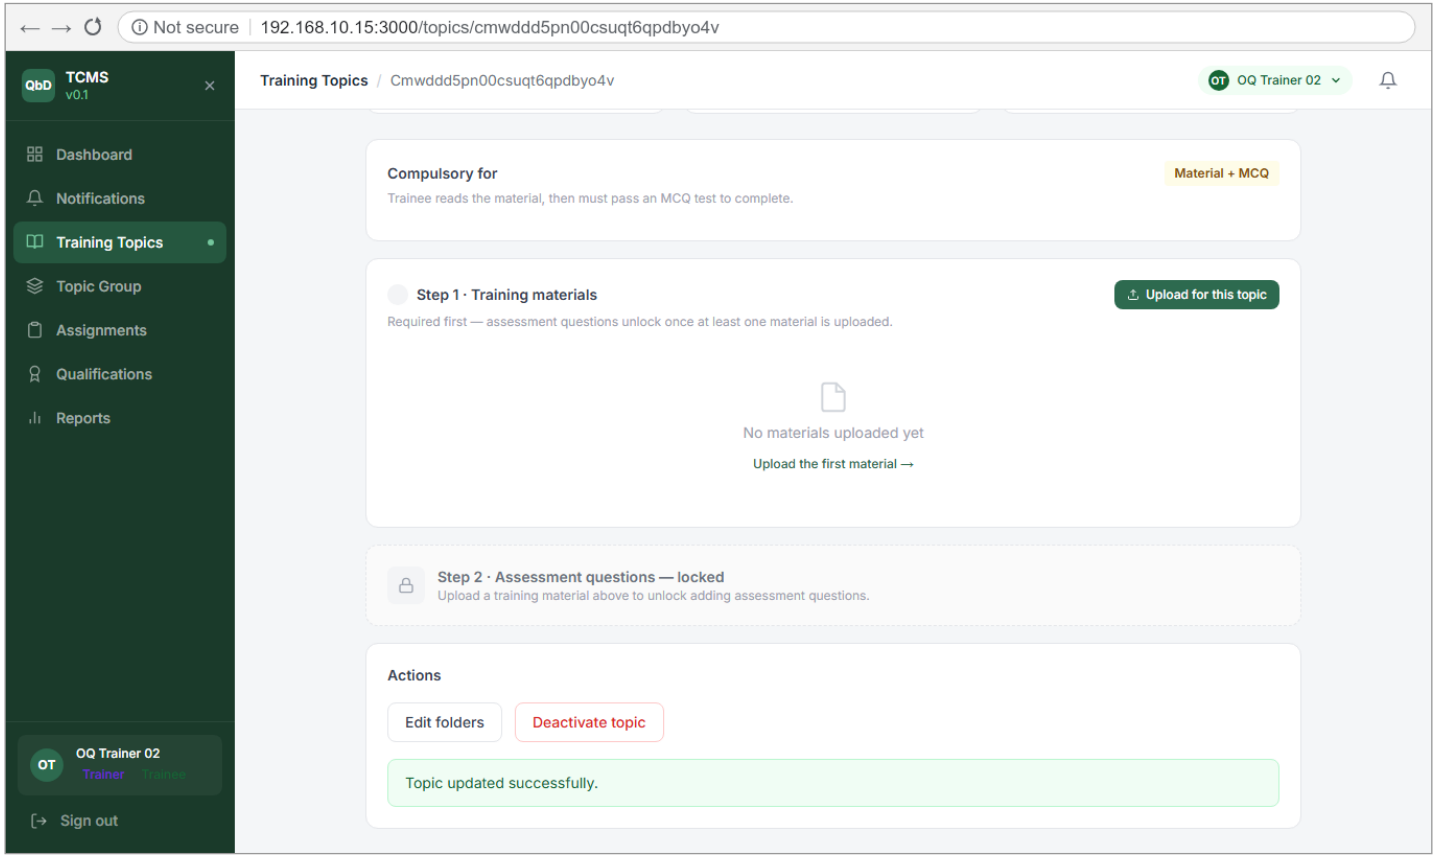
Test Objective :	To verify the Upgrade training type option and current training type.			
Test Procedure :			Expected Result :	
Open topic OQ Lab Safety 2 & click on "Upgrade training type".			"Currently: Material Only" with New training type option should be displayed.	
Test ID : 8.1.9	Step No : 20.1	Attachment No. : 212	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:22



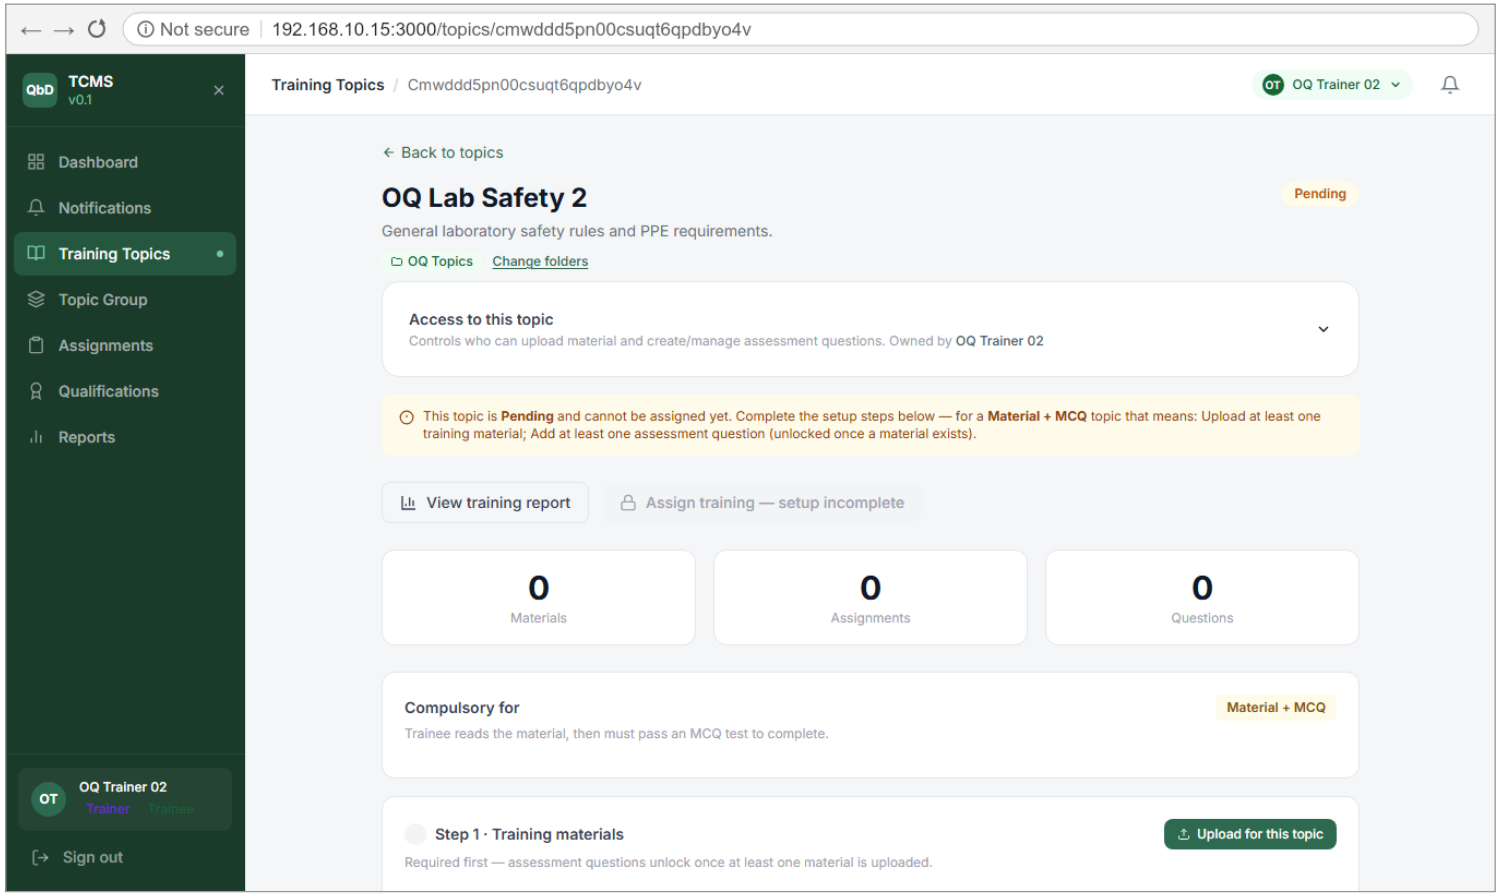
Test Objective :	To verify that a justification is required to upgrade the training type.			
Test Procedure :			Expected Result :	
Select New training type = Material + MCQ Assessment & enter justification (min. 10 characters).			Upgrade button should be enabled.	
Test ID : 8.1.9	Step No : 21.1	Attachment No. : 213	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:22



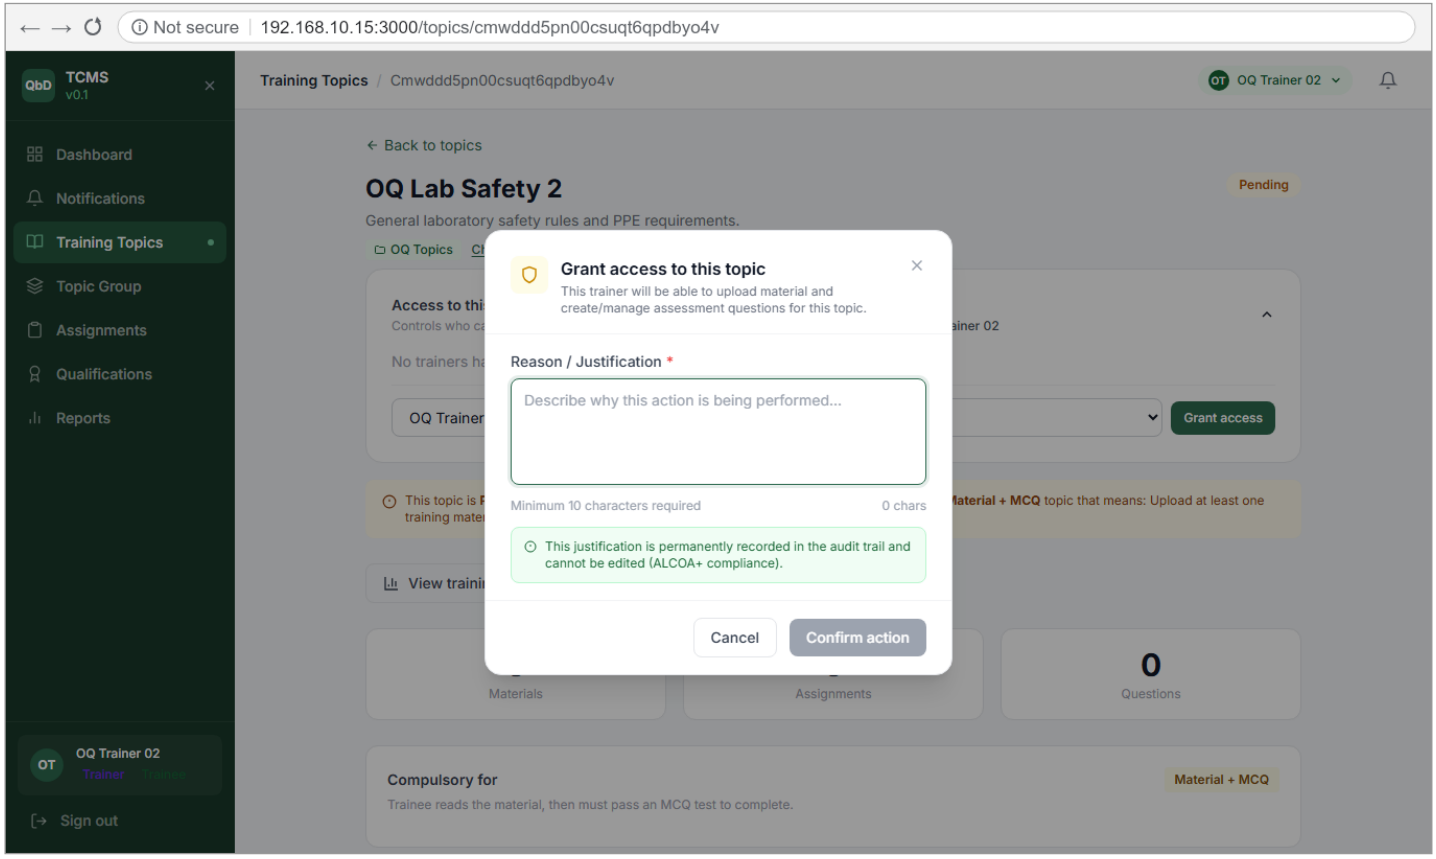
Test Objective :	To verify upgrade of training type from Material Only to Material + MCQ Assessment.			
Test Procedure :			Expected Result :	
Click on Upgrade.			"Topic updated successfully." & training type should be Material + MCQ Assessment.	
Test ID : 8.1.9	Step No : 22.1	Attachment No. : 214	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:22



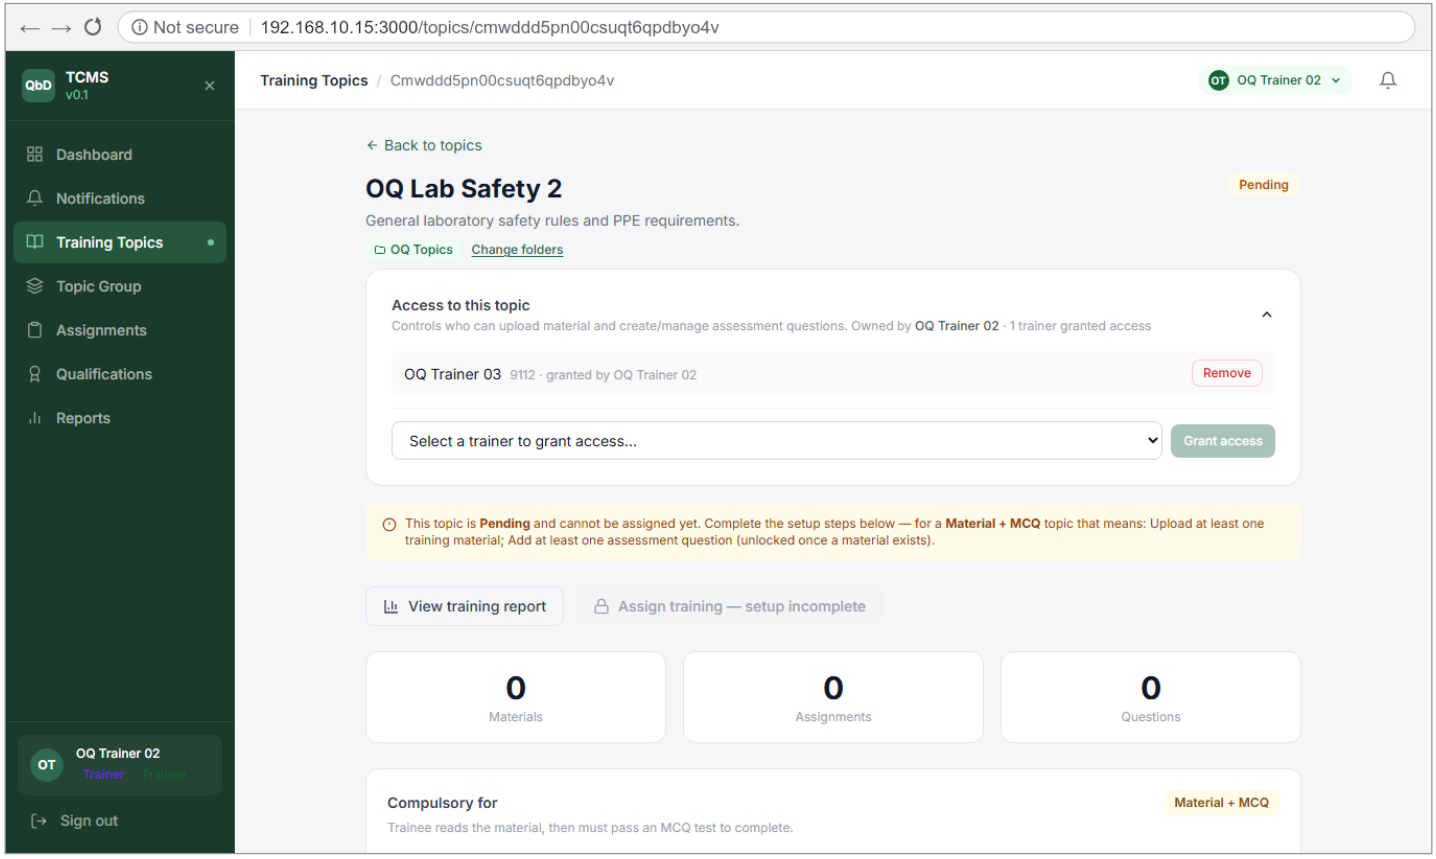
Test Objective :	To verify that the training type cannot be downgraded.			
Test Procedure :			Expected Result :	
Verify the options available for the upgraded topic.			"Upgrade training type" option should not be available — only upgrade is allowed.	
Test ID : 8.1.9	Step No : 23.1	Attachment No. : 215	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:22



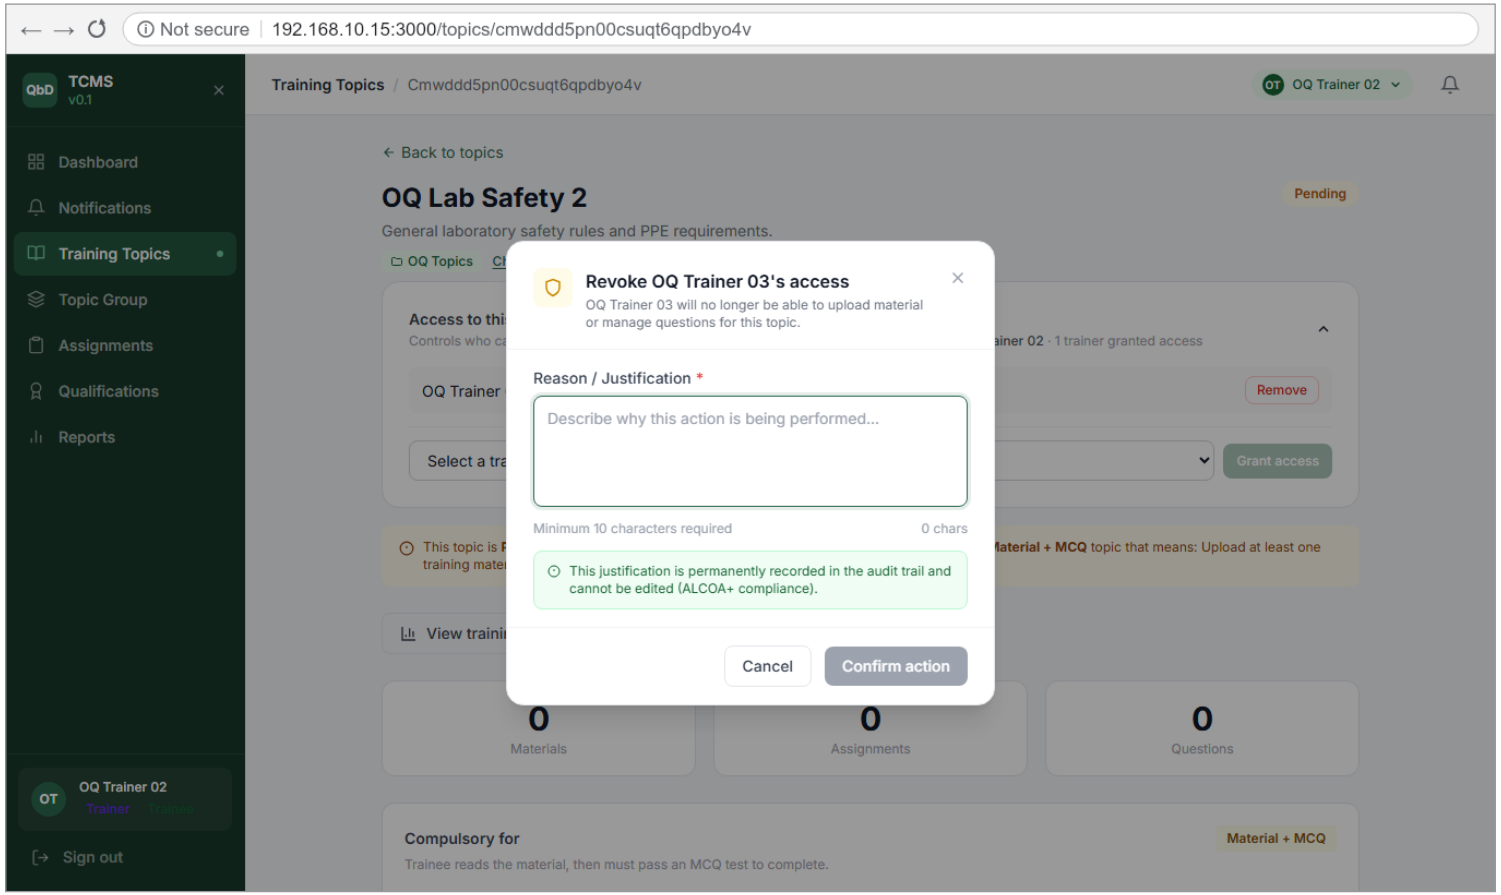
Test Objective :	To verify that another Trainer can be granted access to a topic.			
Test Procedure :			Expected Result :	
In "Access to this topic", select a Trainer from "Select a trainer to grant access..." & click on Grant access.			Justification window should be displayed.	
Test ID : 8.1.9	Step No : 24.1	Attachment No. : 216	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:22



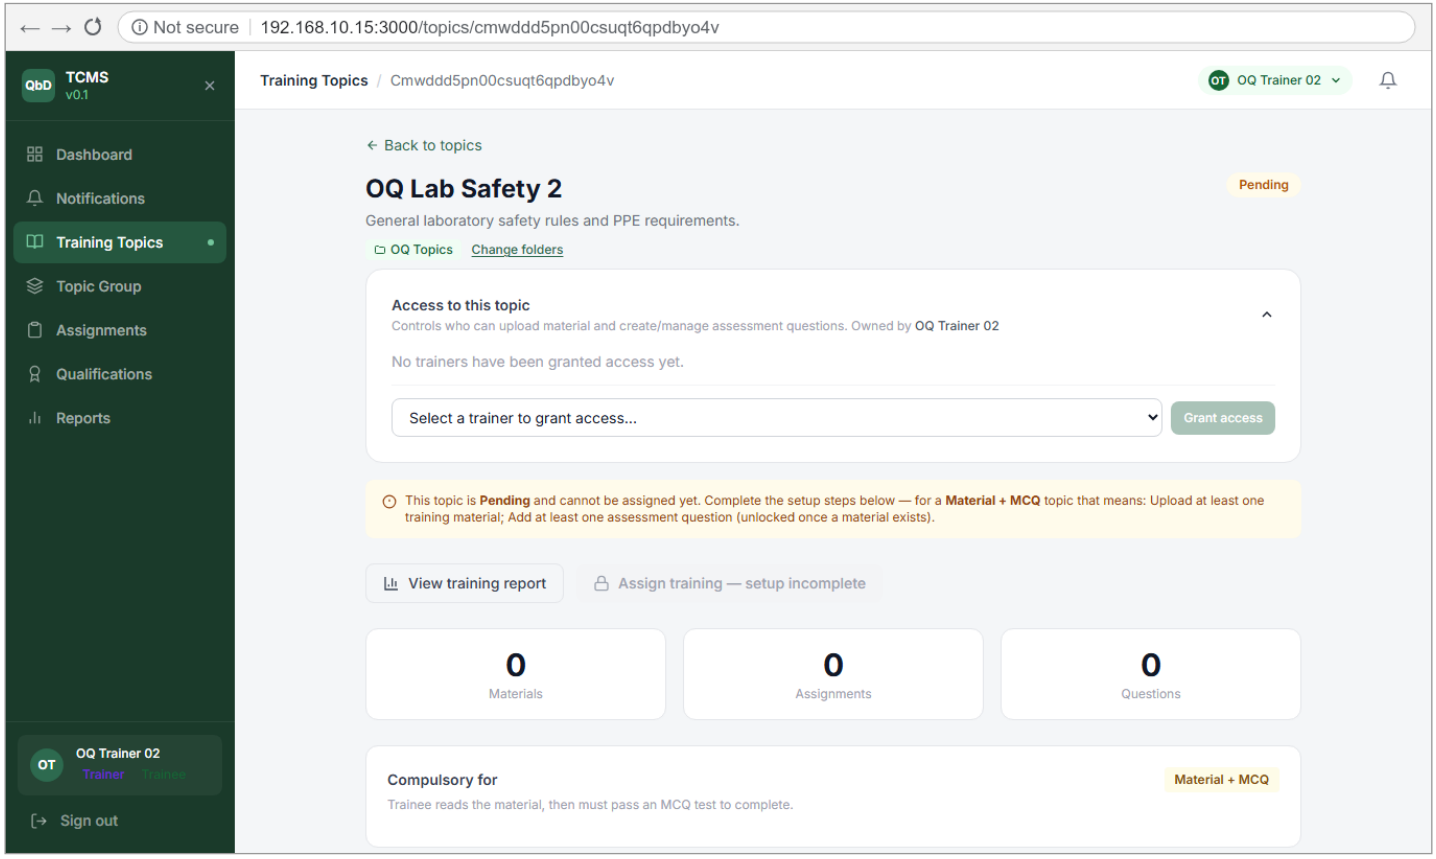
Test Objective :	To verify granting of topic access to a Trainer with electronic signature.			
Test Procedure :			**Expected Result :**	
In "Grant access" window, type Reason / Justification (minimum 10 characters) & Password, then click on "Confirm action" button.			Trainer should be listed under "Access to this topic".	
Test ID : 8.1.9	Step No : 25.1	Attachment No. : 217	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:22



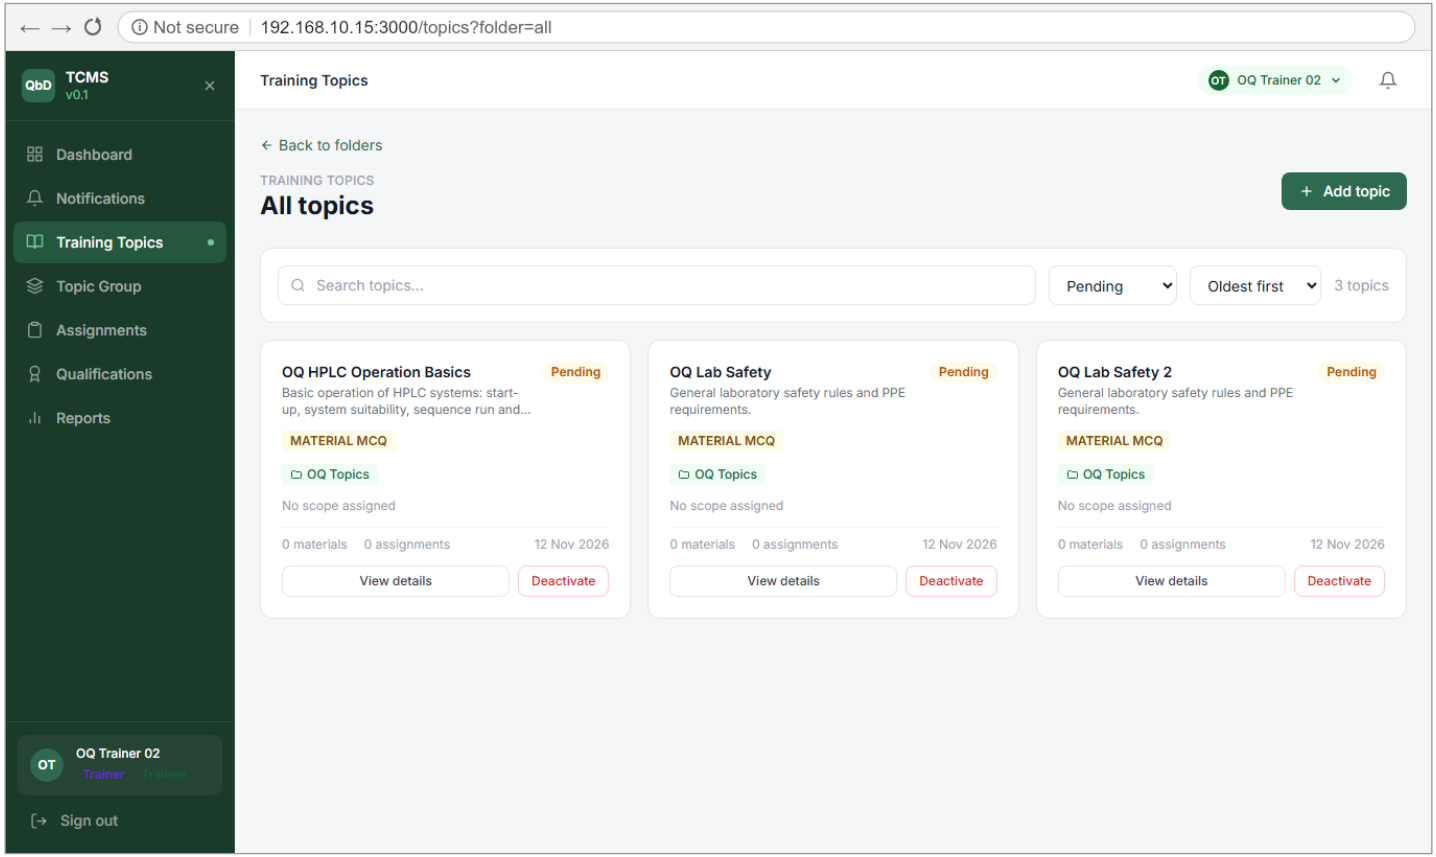
Test Objective :	To verify that granted topic access can be revoked.			
Test Procedure :			Expected Result :	
Click on Remove for the granted Trainer.			Justification window should be displayed.	
Test ID : 8.1.9	Step No : 26.1	Attachment No. : 218	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:22



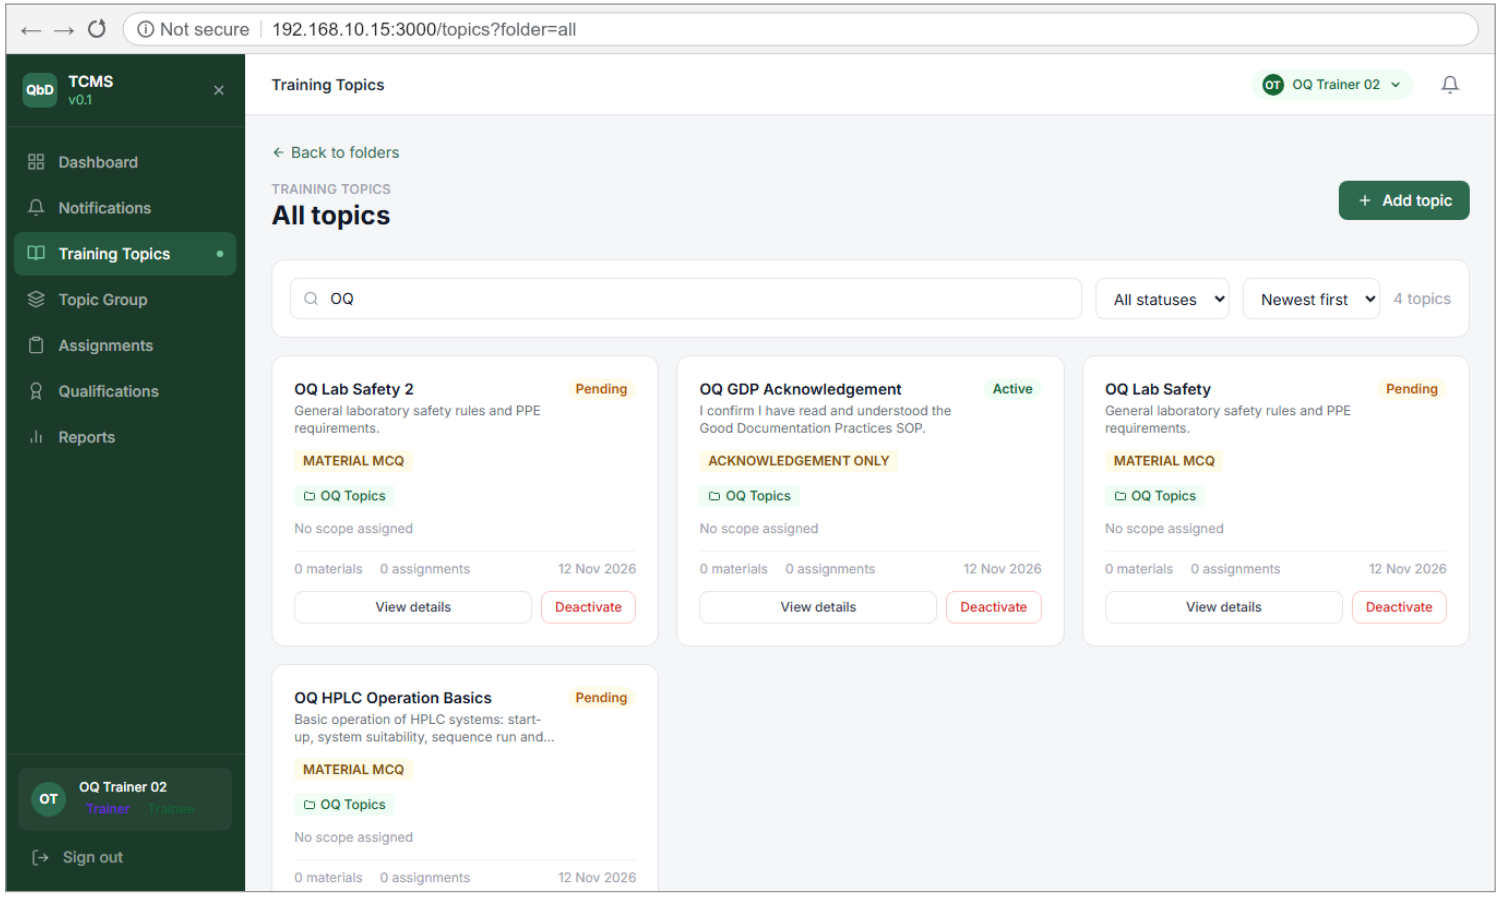
Test Objective :	To verify revoking of topic access with electronic signature.			
Test Procedure :			Expected Result :	
In "Revoke access" window, type Reason / Justification (minimum 10 characters) & Password, then click on "Confirm action" button.			Trainer should be removed from "Access to this topic".	
Test ID : 8.1.9	Step No : 27.1	Attachment No. : 219	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:22



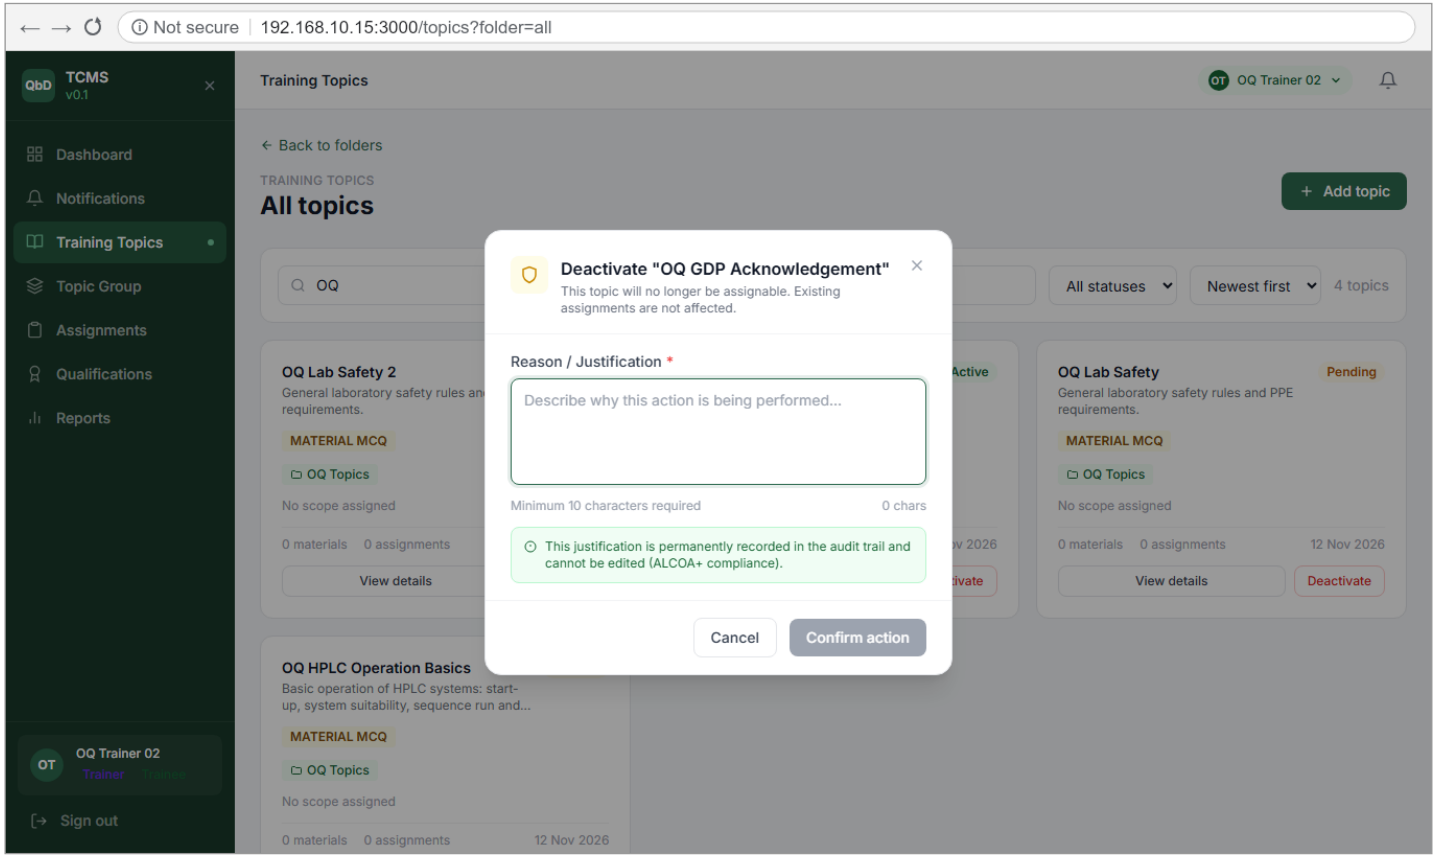
Test Objective :	To verify filtering and sorting of the topic list.			
Test Procedure :			Expected Result :	
On Training Topics page, filter by status (Active / Pending / Inactive) & sort (Newest / Oldest first).			Topics should be filtered & sorted accordingly.	
Test ID : 8.1.9	Step No : 28.1	Attachment No. : 220	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:23



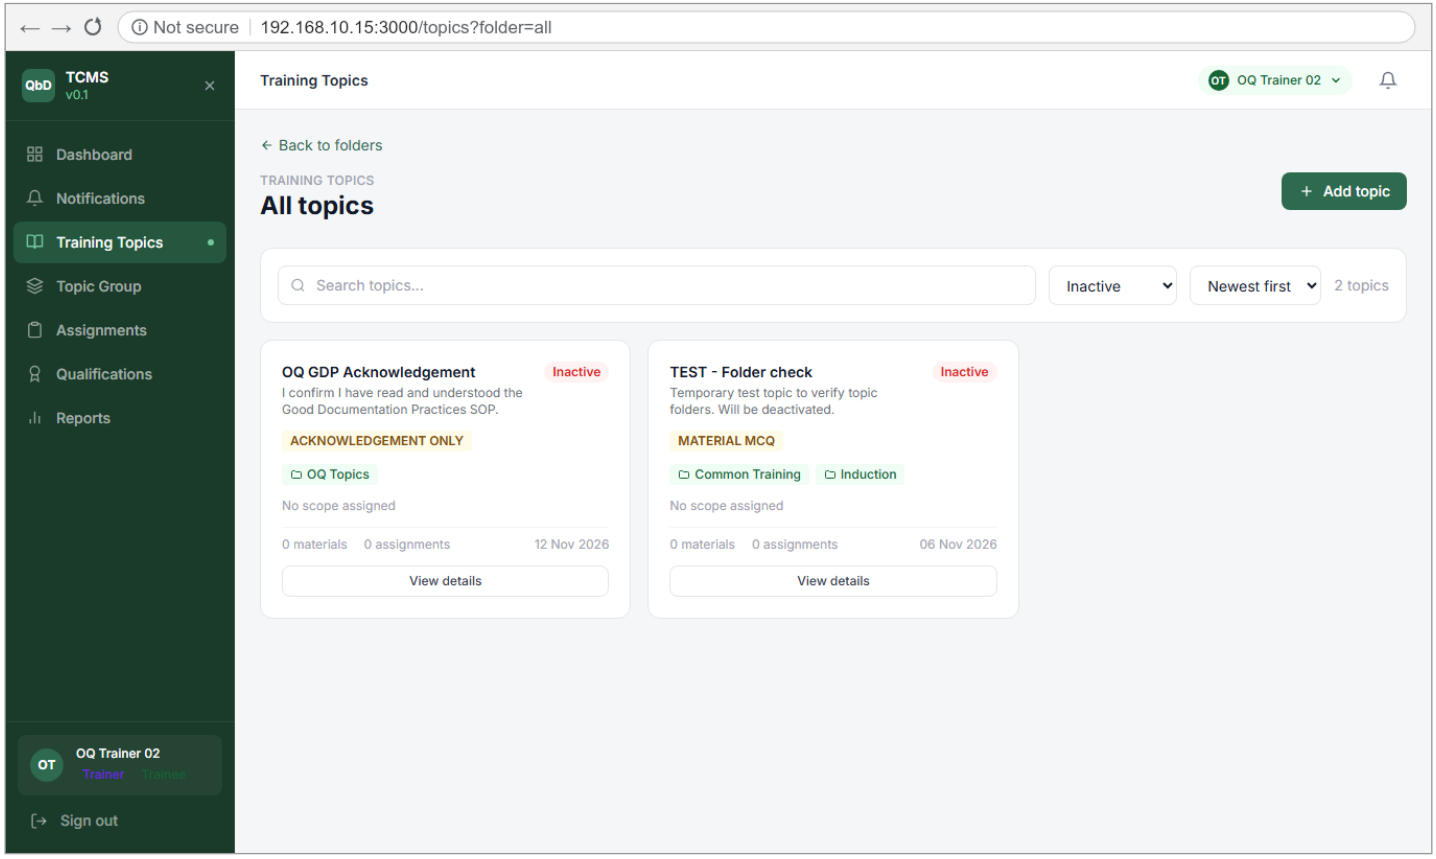
Test Objective :	To verify search of topics by name.			
Test Procedure :			Expected Result :	
Search topic "OQ" in Search topics.			Topics containing "OQ" should be displayed.	
Test ID : 8.1.9	Step No : 29.1	Attachment No. : 221	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:23



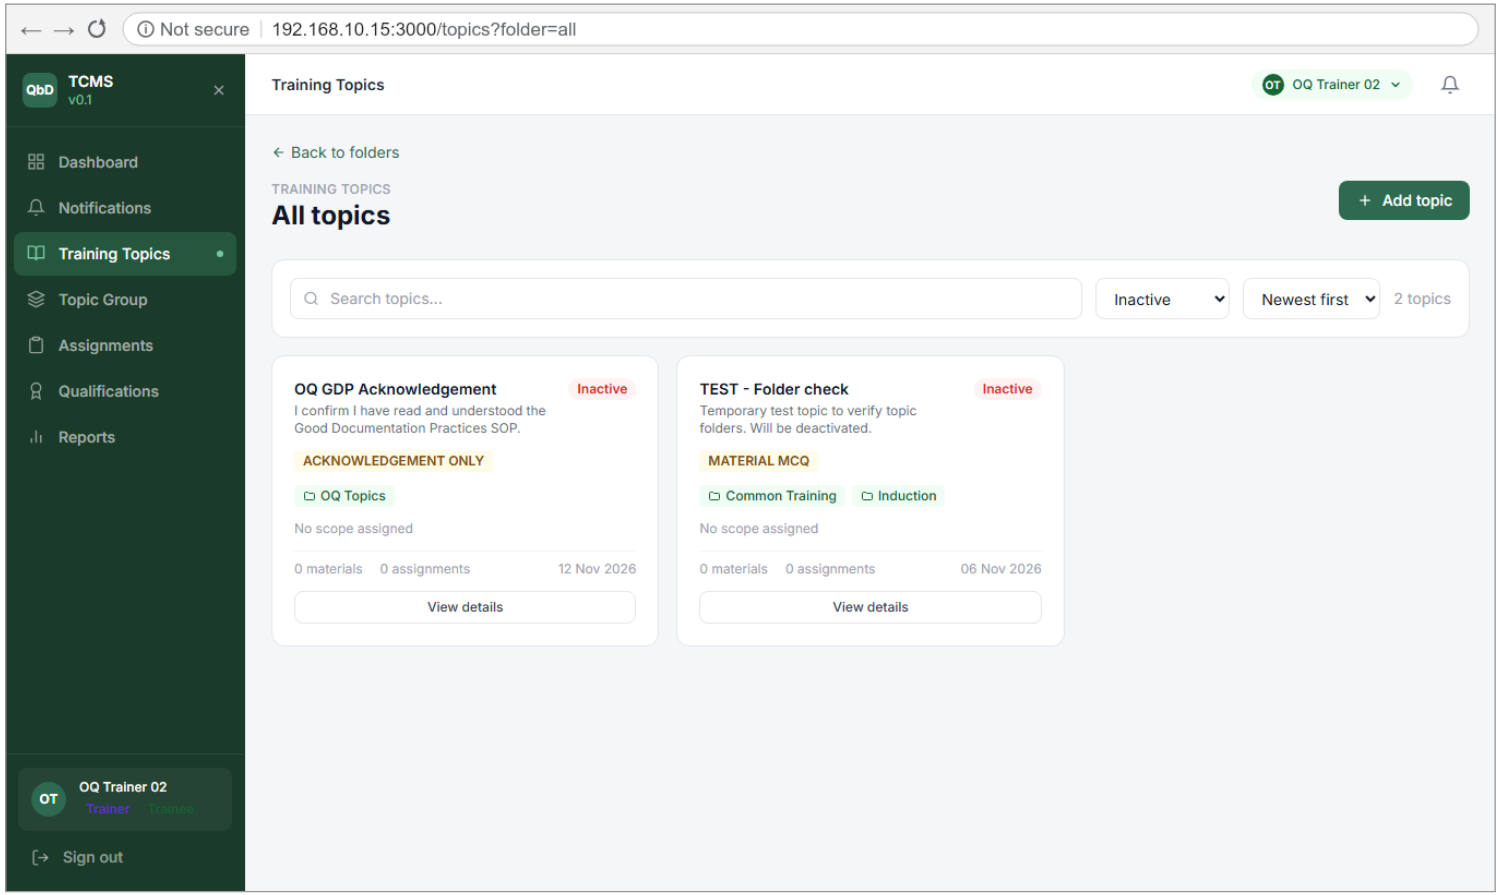
Test Objective :	To verify that topic deactivation displays its impact before confirmation.			
Test Procedure :			Expected Result :	
Click on Deactivate for topic OQ GDP Acknowledgement.			"This topic will no longer be assignable. Existing assignments are not affected." should be displayed.	
Test ID : 8.1.9	Step No : 30.1	Attachment No. : 222	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:23



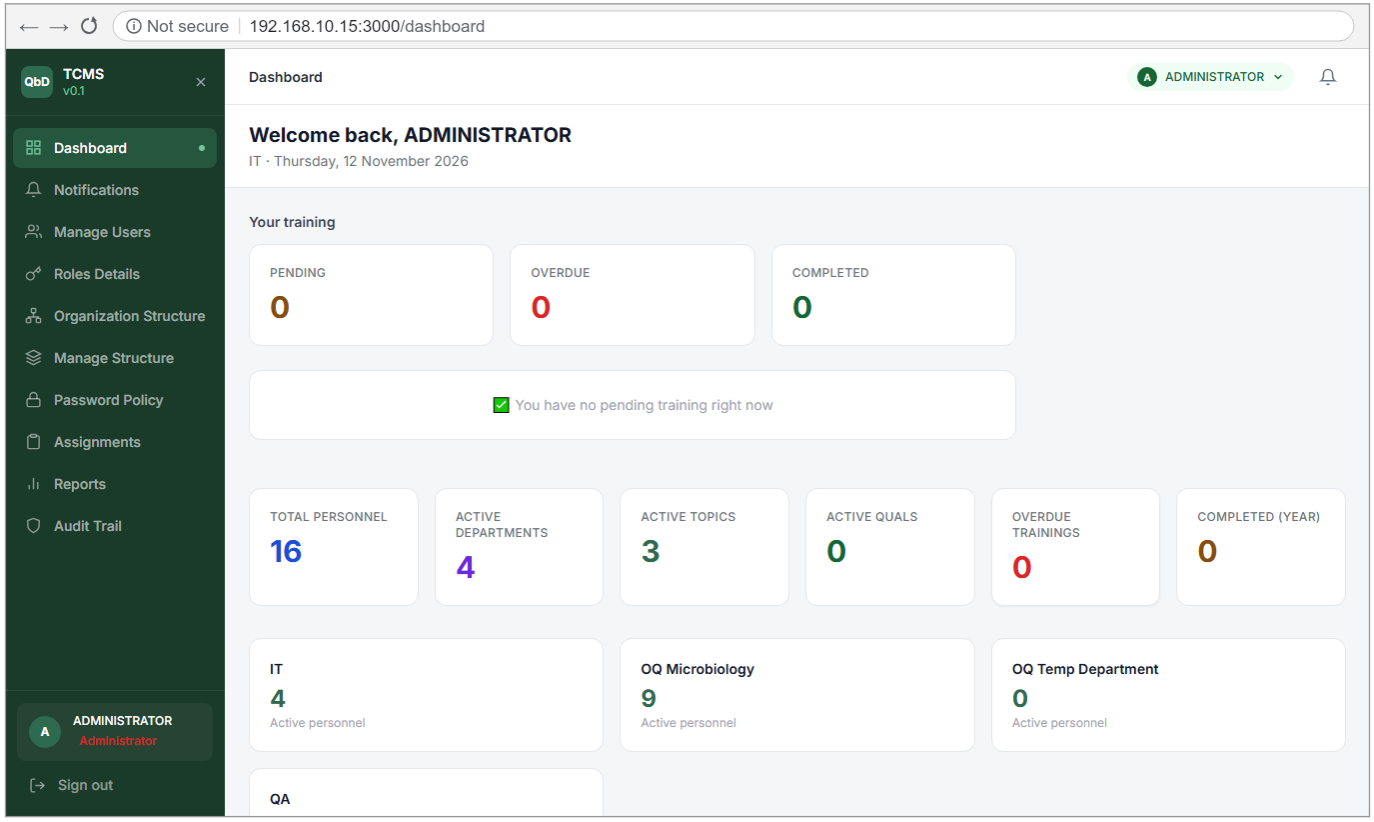
Test Objective :	To verify deactivation of a topic with electronic signature.			
Test Procedure :			Expected Result :	
In "Deactivate topic" window, type Reason / Justification (minimum 10 characters) & Password, then click on "Confirm action" button.			Topic should be deactivated & status should be Inactive (Inactive filter).	
Test ID : 8.1.9	Step No : 31.1	Attachment No. : 223	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:25



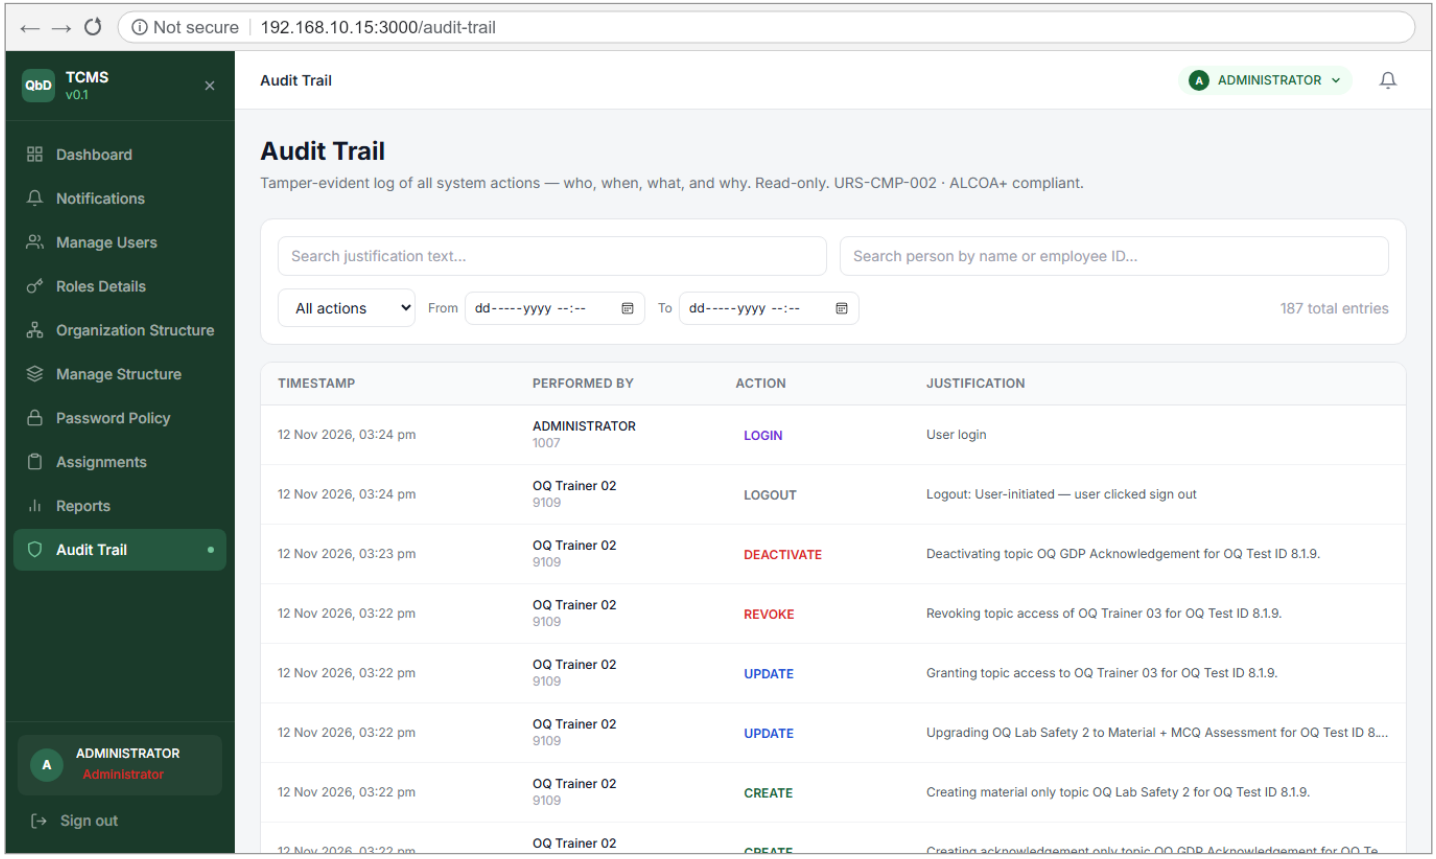
Test Objective :	To verify that an inactive topic cannot be deactivated again.			
Test Procedure :			Expected Result :	
Verify the options available for the inactive topic.			"Deactivate" option should not be available for an inactive topic.	
Test ID : 8.1.9	Step No : 32.1	Attachment No. : 224	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:25



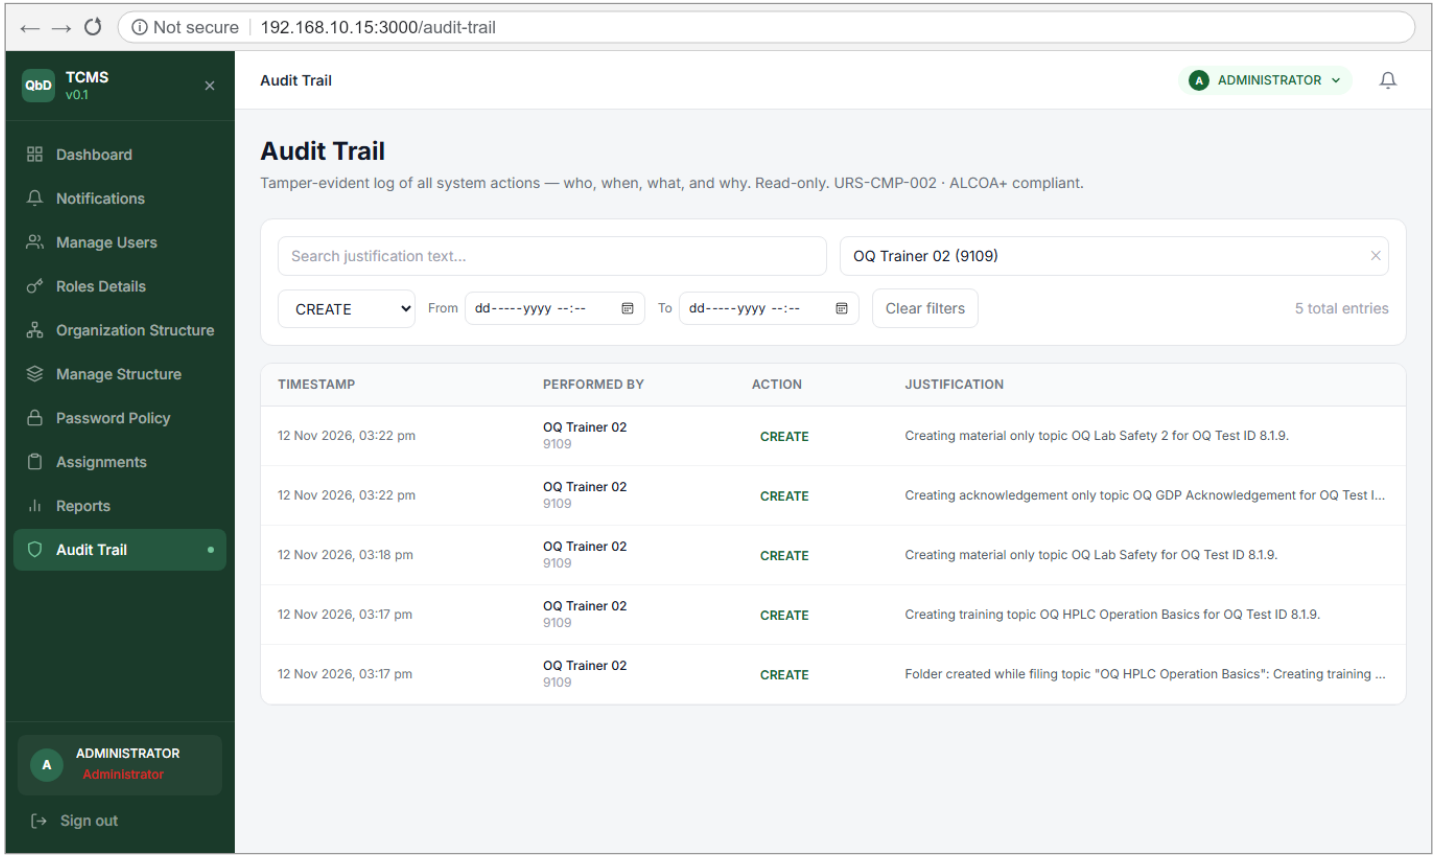
Test Objective :	To verify successful login with Administrator credentials and role-wise menu display.			
Test Procedure :			**Expected Result :**	
Sign out from the current user. Open TCMS application URL (http://192.168.10.15:3000) in Microsoft Edge. Type Employee ID / Password & click on Sign in button (with Administrator level privilege).			Dashboard should be displayed with the menus applicable to Administrator role.	
Test ID : 8.1.9	Step No : 33.1	Attachment No. : 225	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:24



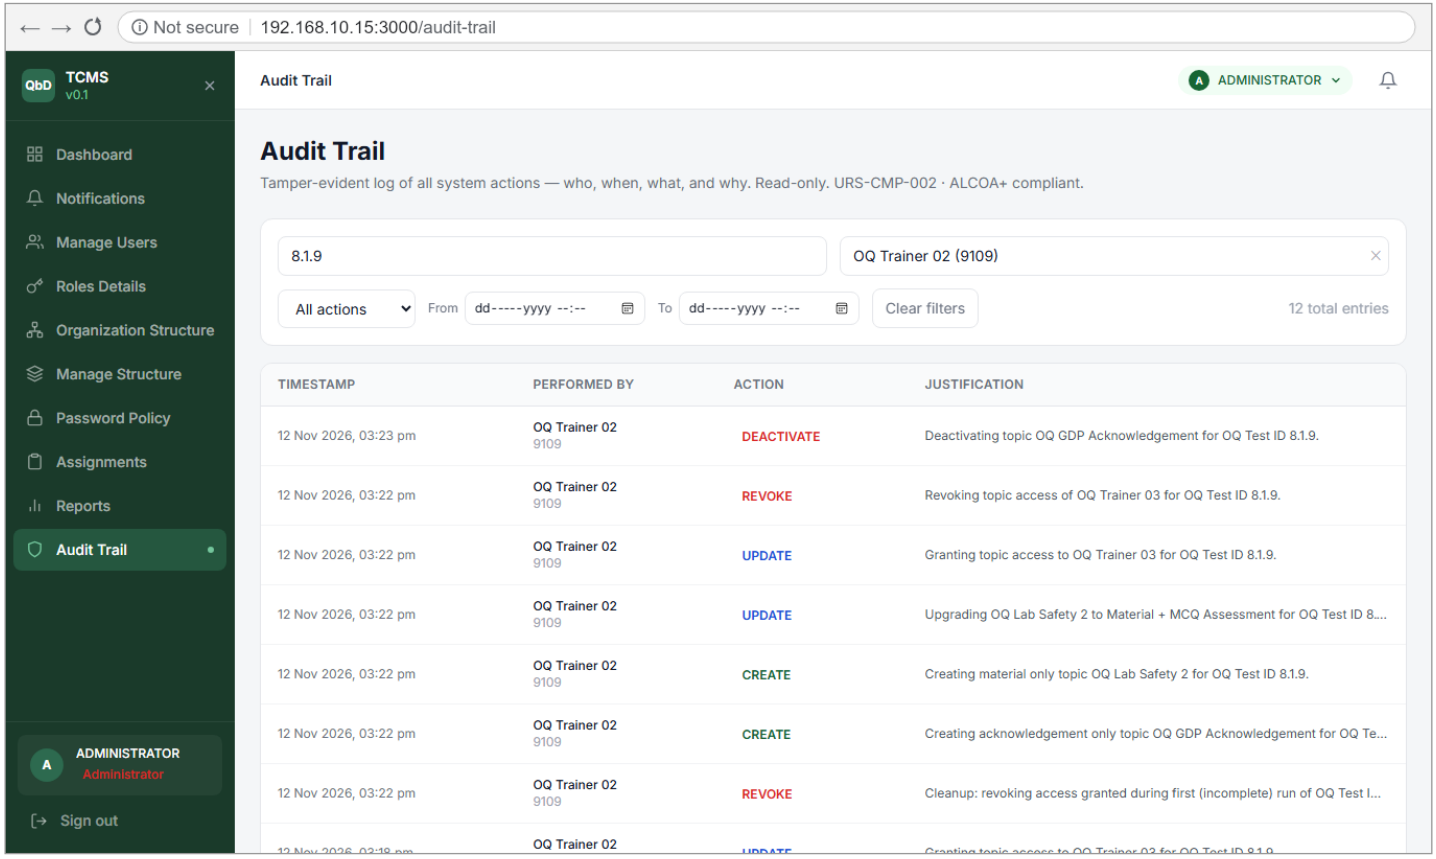
Test Objective :	To verify navigation to the Audit Trail page.			
Test Procedure :			**Expected Result :**	
Click on "Audit Trail" menu from the left panel.			Audit Trail page should be displayed with Timestamp, Performed By, Action & Justification columns.	
Test ID : 8.1.9	Step No : 34.1	Attachment No. : 226	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:24



Test Objective :	To verify filtering of the audit trail by user and action (CREATE).			
Test Procedure :			Expected Result :	
Search the performing user by name / Employee ID & select "CREATE" from the All actions drop-down.			Audit log entries should be filtered for the selected user and action.	
Test ID : 8.1.9	Step No : 35.1	Attachment No. : 227	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:24



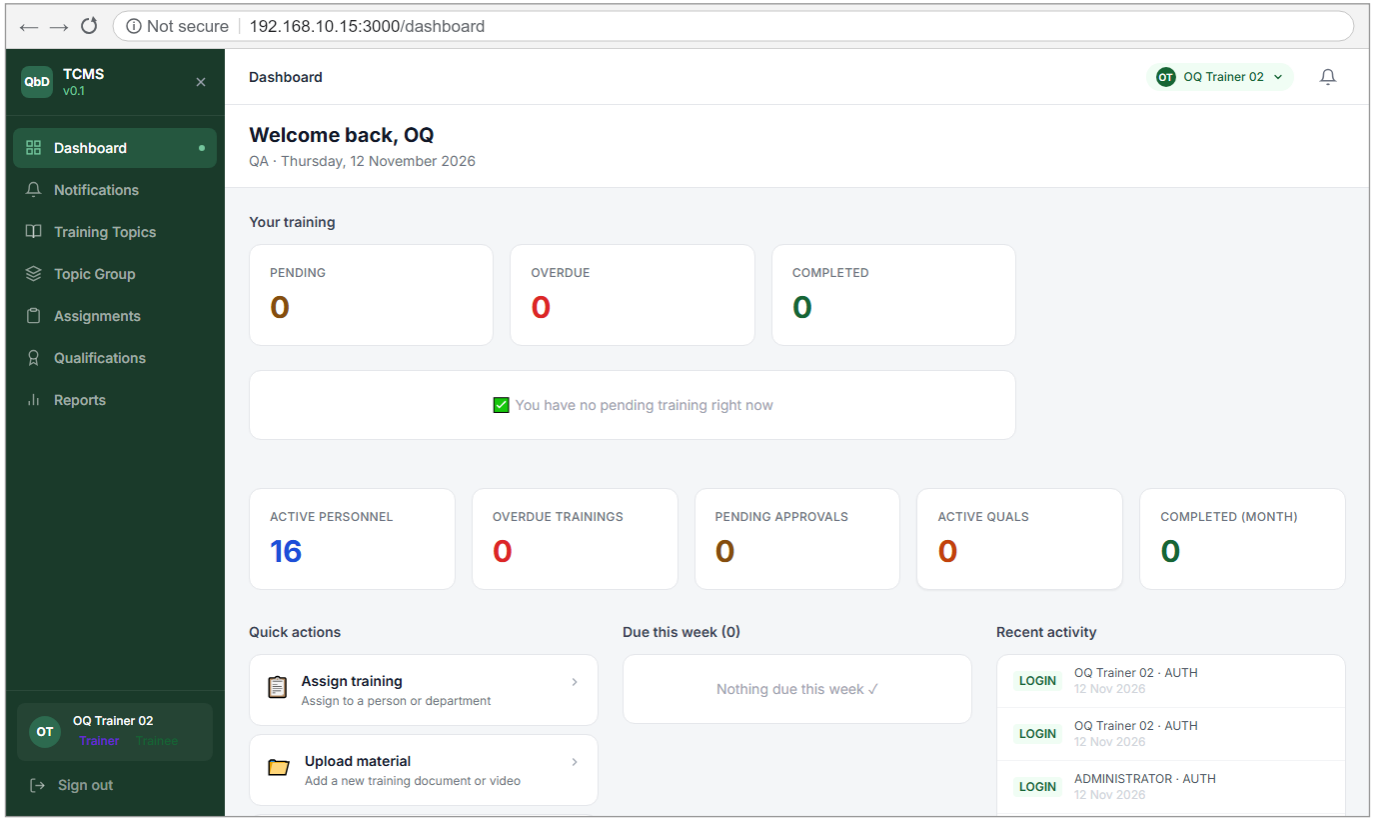
Test Objective :	To verify that the audit trail records creation, update and deactivation of topics.			
Test Procedure :			**Expected Result :**	
Search justification "8.1.9" & verify entries for topic creation, update & deactivation.			Audit entries should display Timestamp (dd MMM yyyy, hh:mm am/pm), Performed By (name & Employee ID), Action (CREATE / UPDATE / DEACTIVATE) and the Justification.	
Test ID : 8.1.9	**Step No : 36.1**	**Attachment No. : 228**	**Result : Pass**	**Executed By : _____** **Date & Time : 12-Nov-26 15:24**



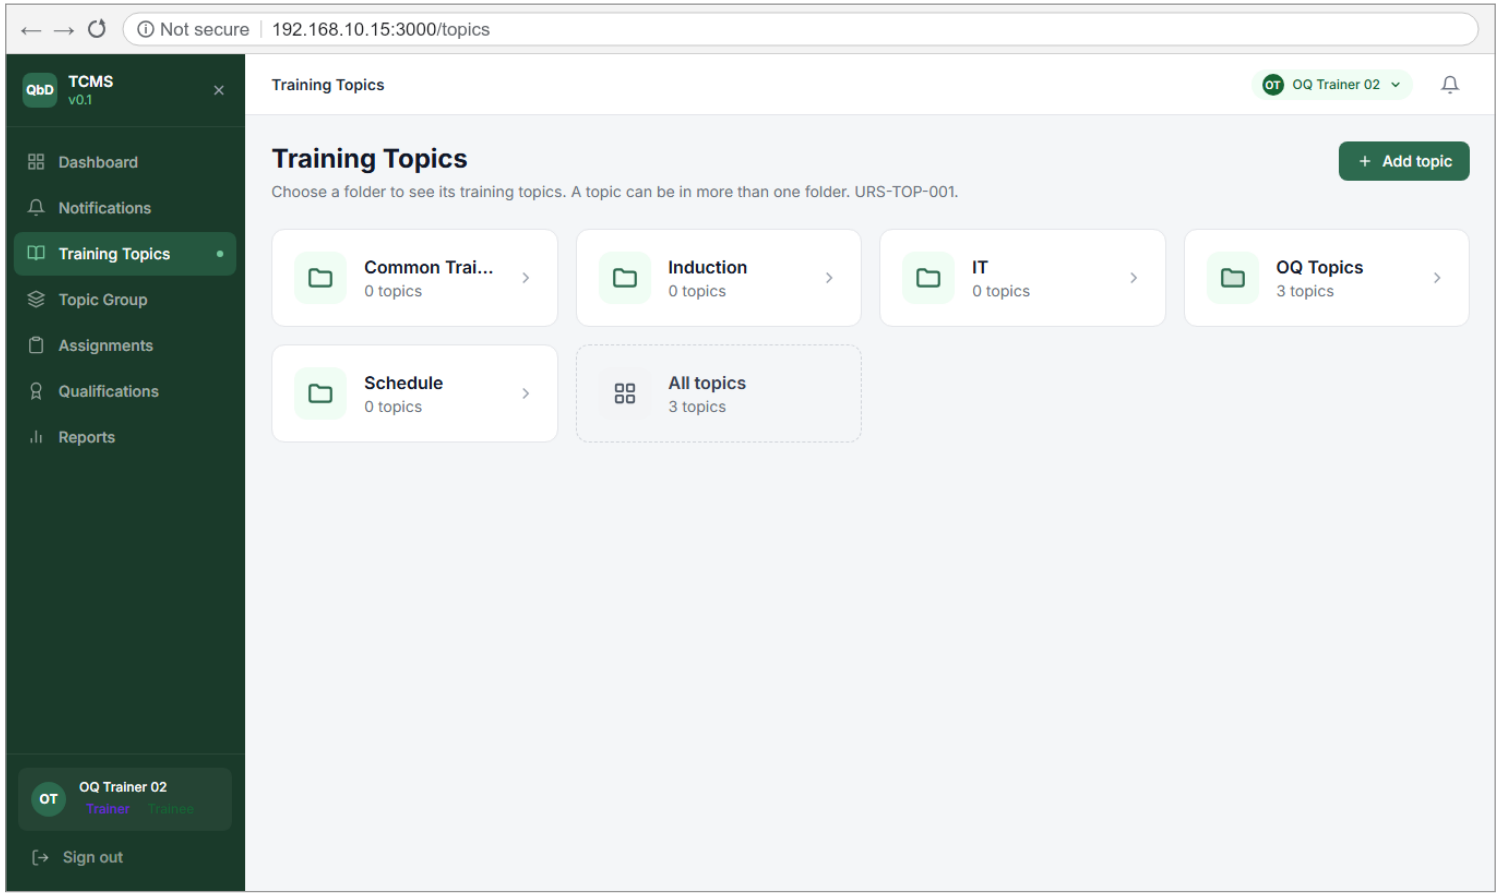
OPERATIONAL QUALIFICATION SCREENSHOTS FOR TCMS APPLICATION VER. 1.0

DOCUMENT NO.: LGC/QBD/0002	TITLE : COMPUTER SYSTEM VALIDATION OF TCMS

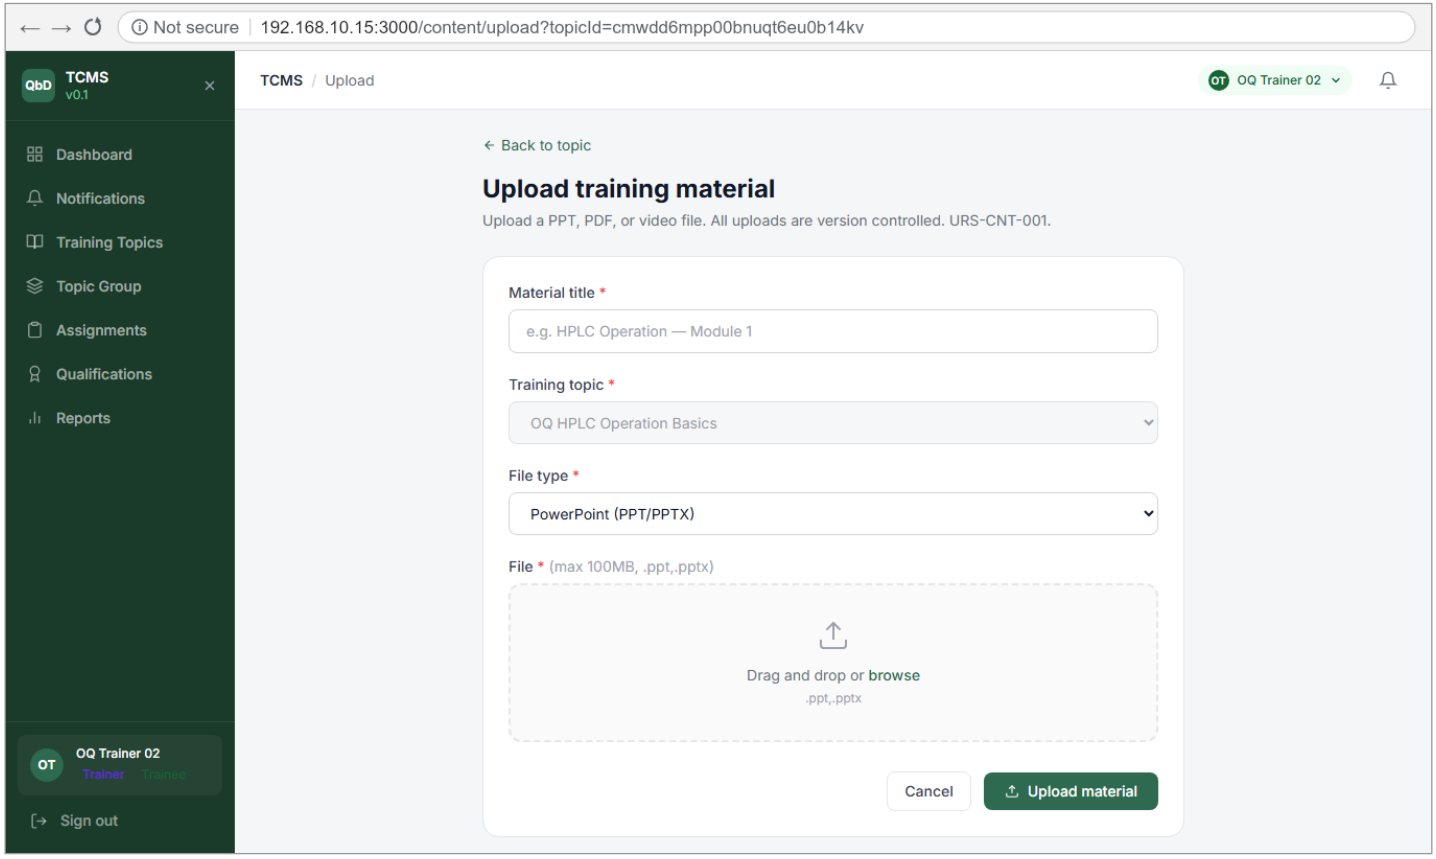
Test Objective :	To verify successful login with Trainer (QA Department) credentials and role-wise menu display.			
Test Procedure :			Expected Result :	
Open TCMS application URL (http://192.168.10.15:3000) in Microsoft Edge. Type Employee ID / Password & click on Sign in button (with Trainer (QA Department) level privilege).			Dashboard should be displayed with the menus applicable to Trainer (QA Department) role.	
Test ID : 8.1.10	Step No : 1.1	Attachment No. : 229	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:41



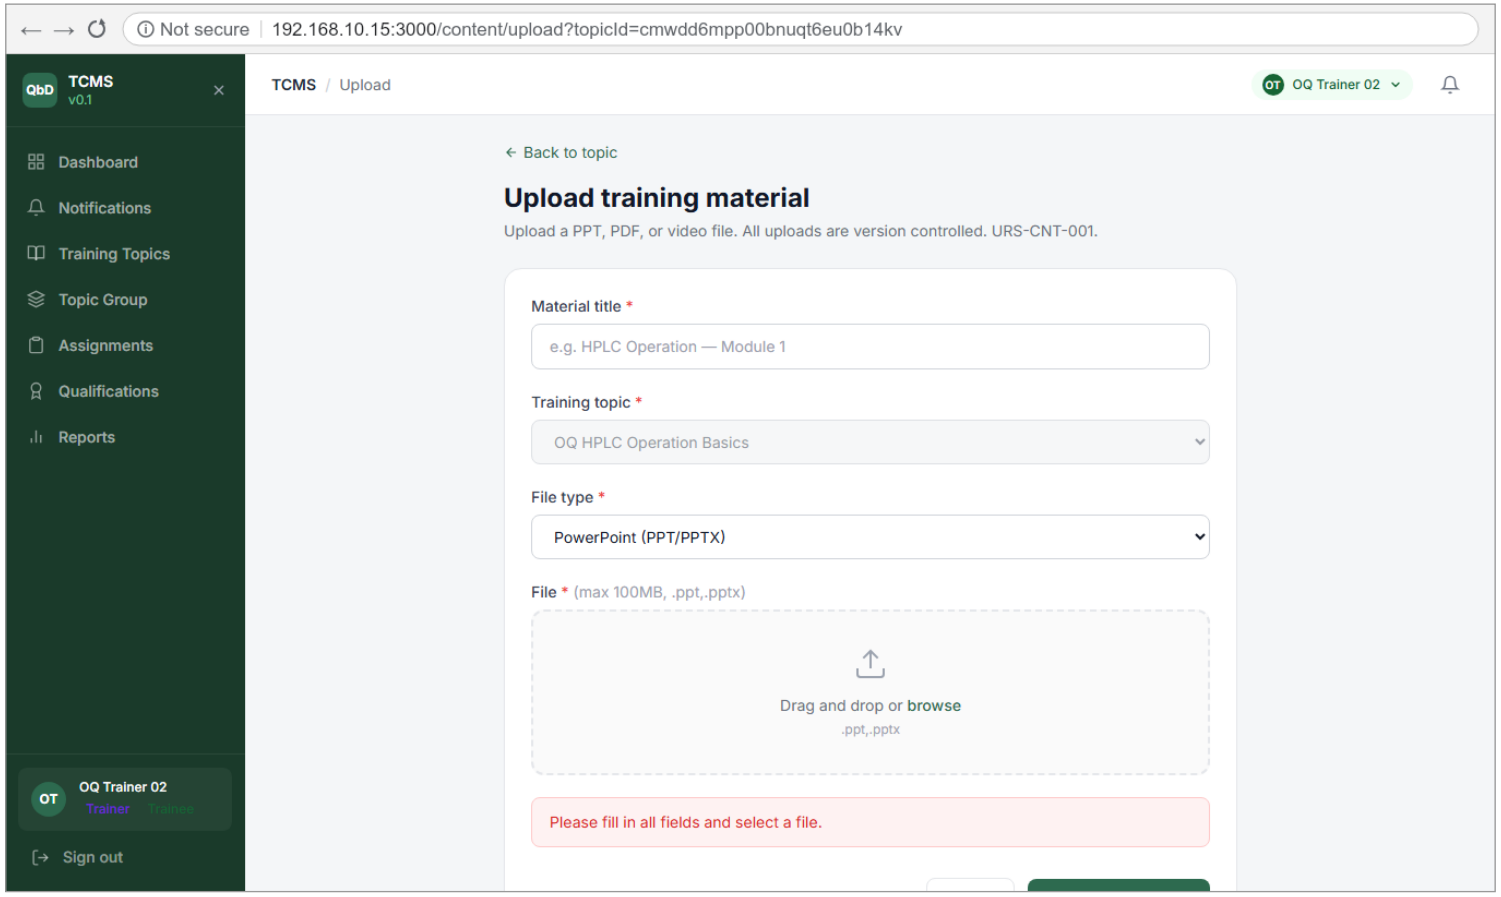
Test Objective :	To verify navigation to the Training Topics page.			
Test Procedure :			Expected Result :	
Click on "Training Topics" menu from the left panel.			Training Topics page should be displayed.	
Test ID : 8.1.10	Step No : 2.1	Attachment No. : 230	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:41



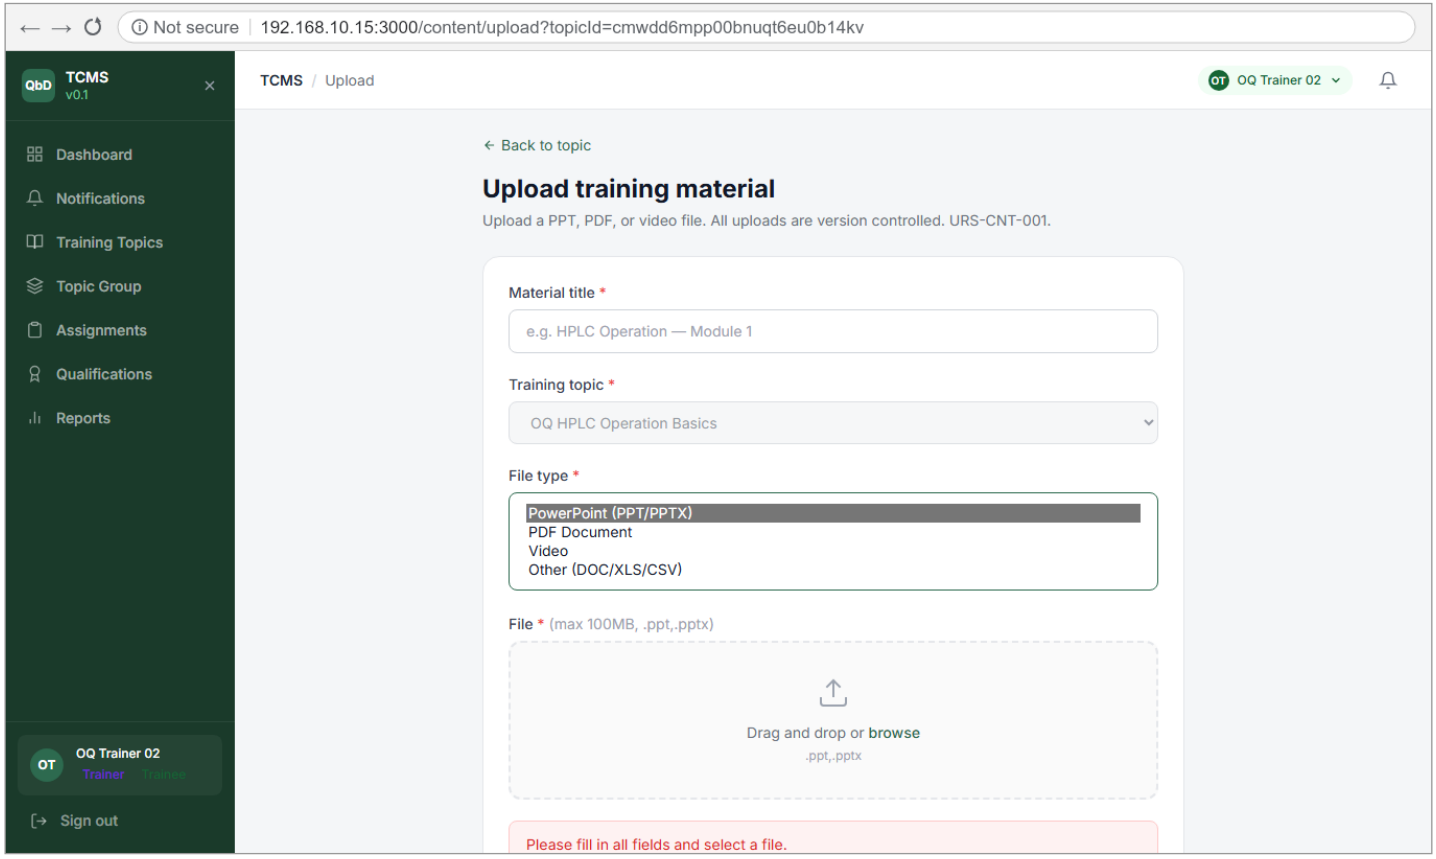
Test Objective :	To verify navigation to the Upload training material page for a topic.			
Test Procedure :			Expected Result :	
Open topic OQ HPLC Operation Basics & click on "Upload for this topic".			"Upload training material" page should be displayed — "Upload a PPT, PDF, or video file. All uploads are version controlled."	
Test ID : 8.1.10	Step No : 3.1	Attachment No. : 231	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:41



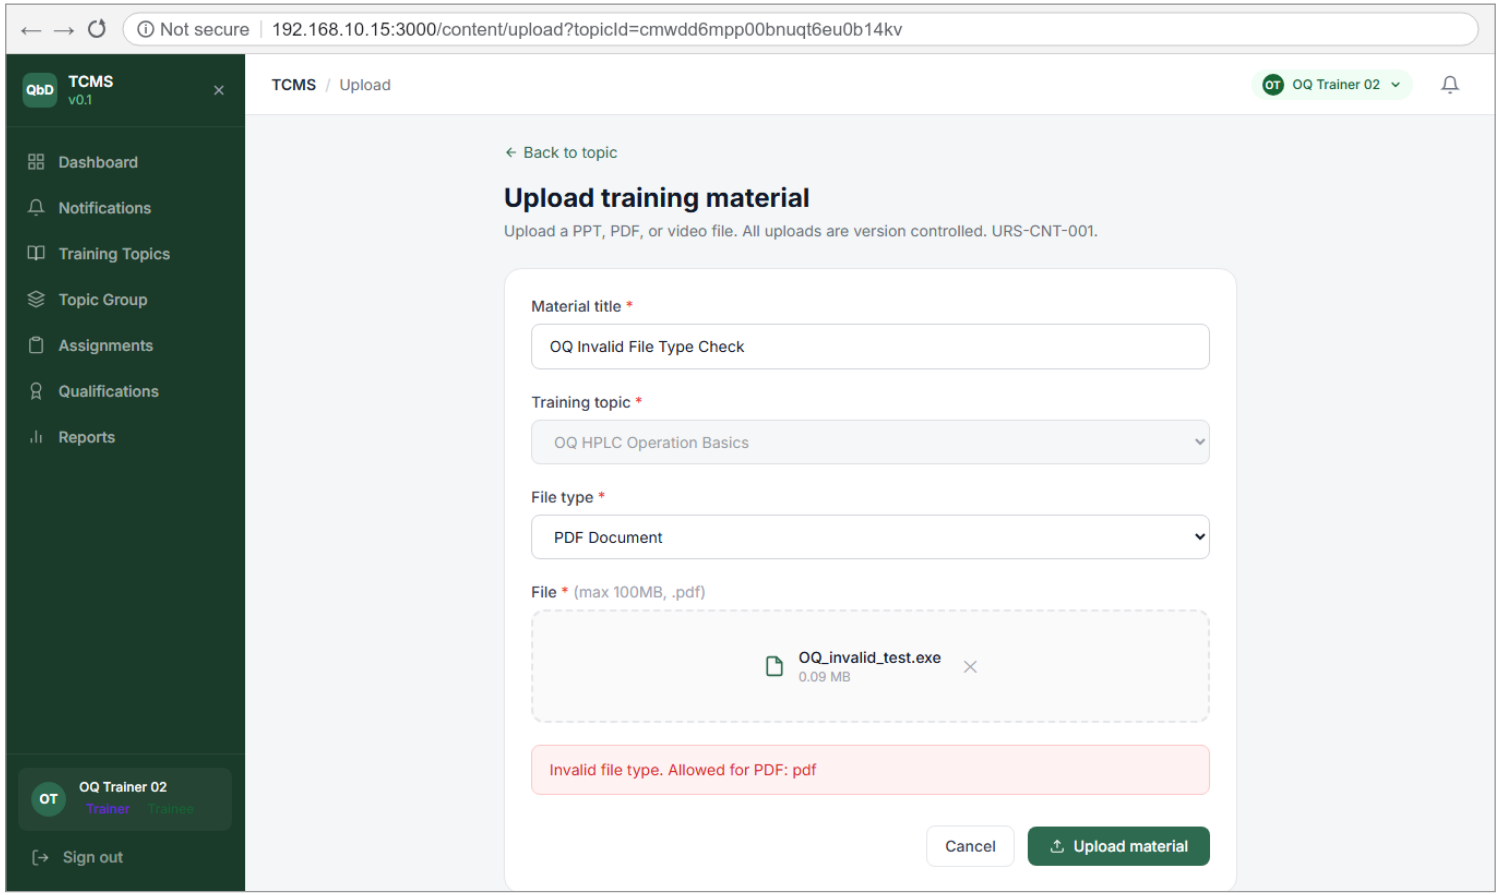
Test Objective :	To verify the mandatory field validation on material upload.			
Test Procedure :			Expected Result :	
Click on Upload material without filling any details.			"Please fill in all fields and select a file." message should be displayed.	
Test ID : 8.1.10	Step No : 4.1	Attachment No. : 232	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:41



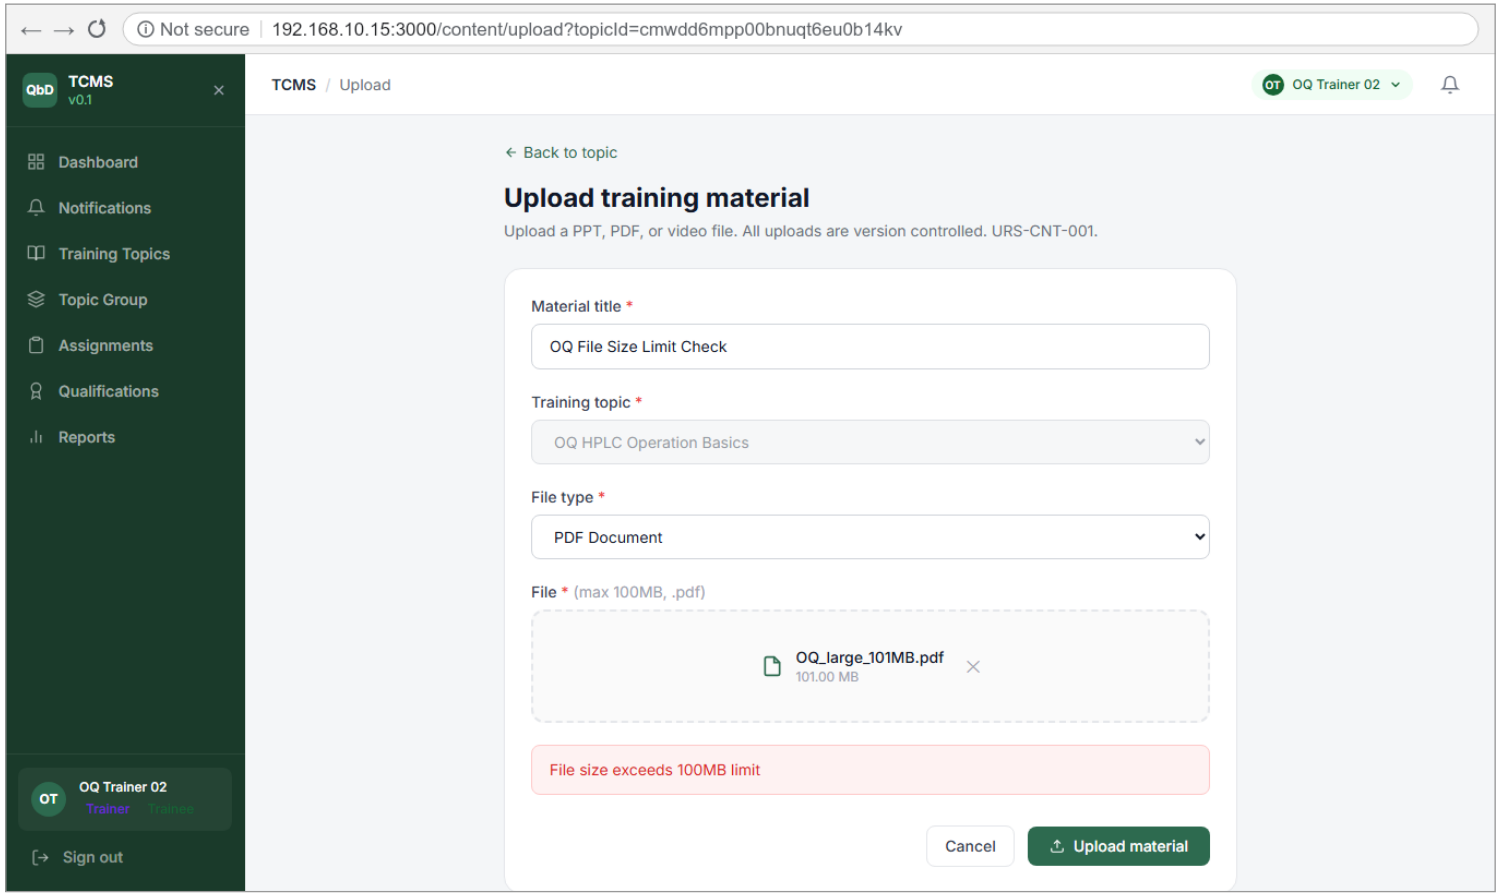
Test Objective :	To verify the supported material file types.			
Test Procedure :			Expected Result :	
Verify the File type options.			PowerPoint (PPT/PPTX), PDF Document, Video & Other (DOC/XLS/CSV) should be available.	
Test ID : 8.1.10	Step No : 5.1	Attachment No. : 233	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:41



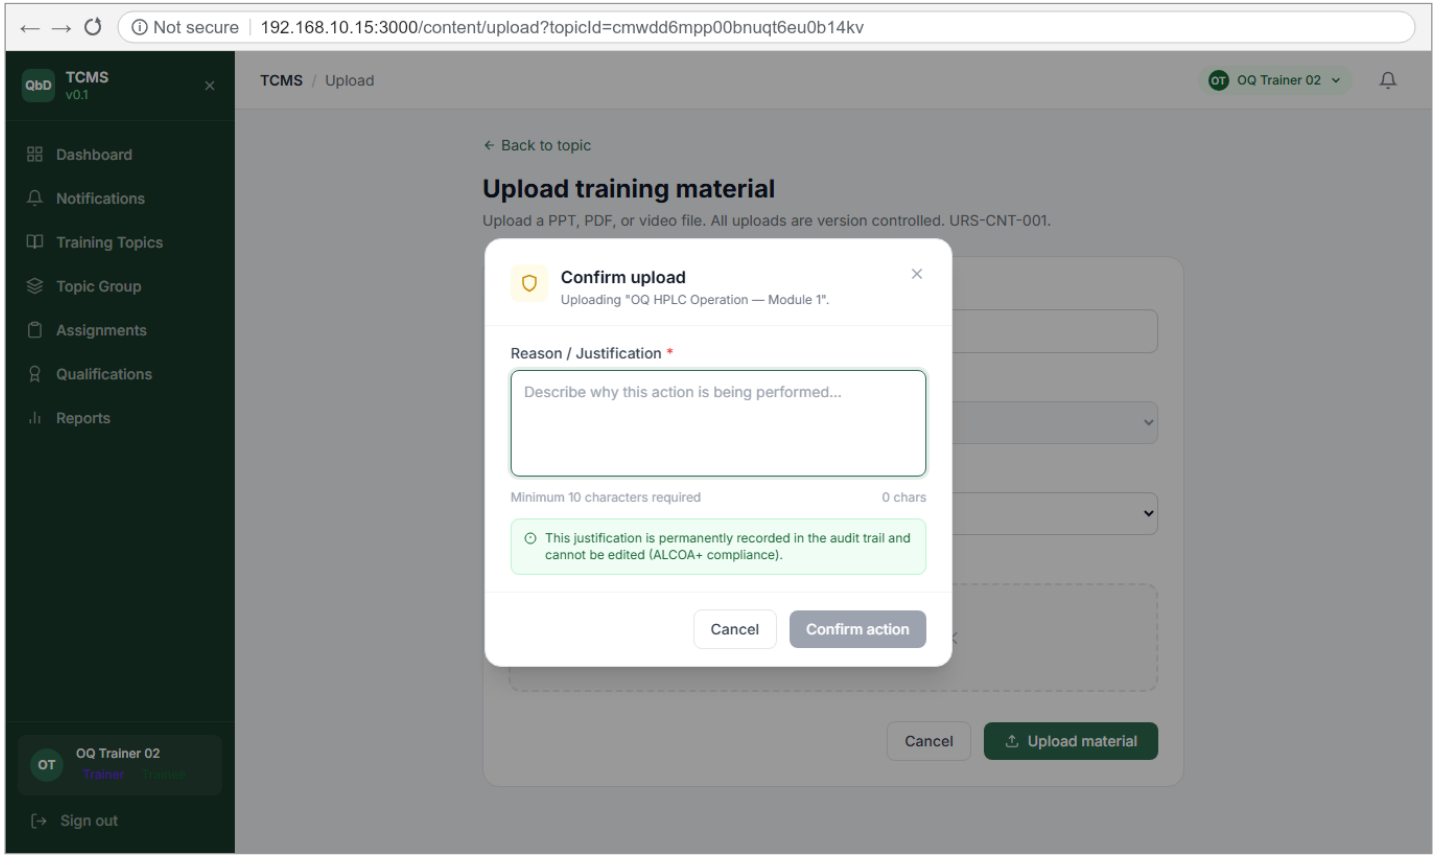
Test Objective :	To verify that an invalid file type is rejected.			
Test Procedure :			Expected Result :	
Select File type = PDF Document, browse an .EXE file, click Upload material & justify.			"Invalid file type. Allowed for PDF: pdf" message should be displayed.	
Test ID : 8.1.10	Step No : 6.1	Attachment No. : 234	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:41



Test Objective :	To verify the maximum file size limit of 100 MB.			
Test Procedure :			**Expected Result :**	
Browse a file larger than 100 MB, click on Upload material & complete the justification.			"File size exceeds 100MB limit" message should be displayed.	
Test ID : 8.1.10	Step No : 7.1	Attachment No. : 235	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:42



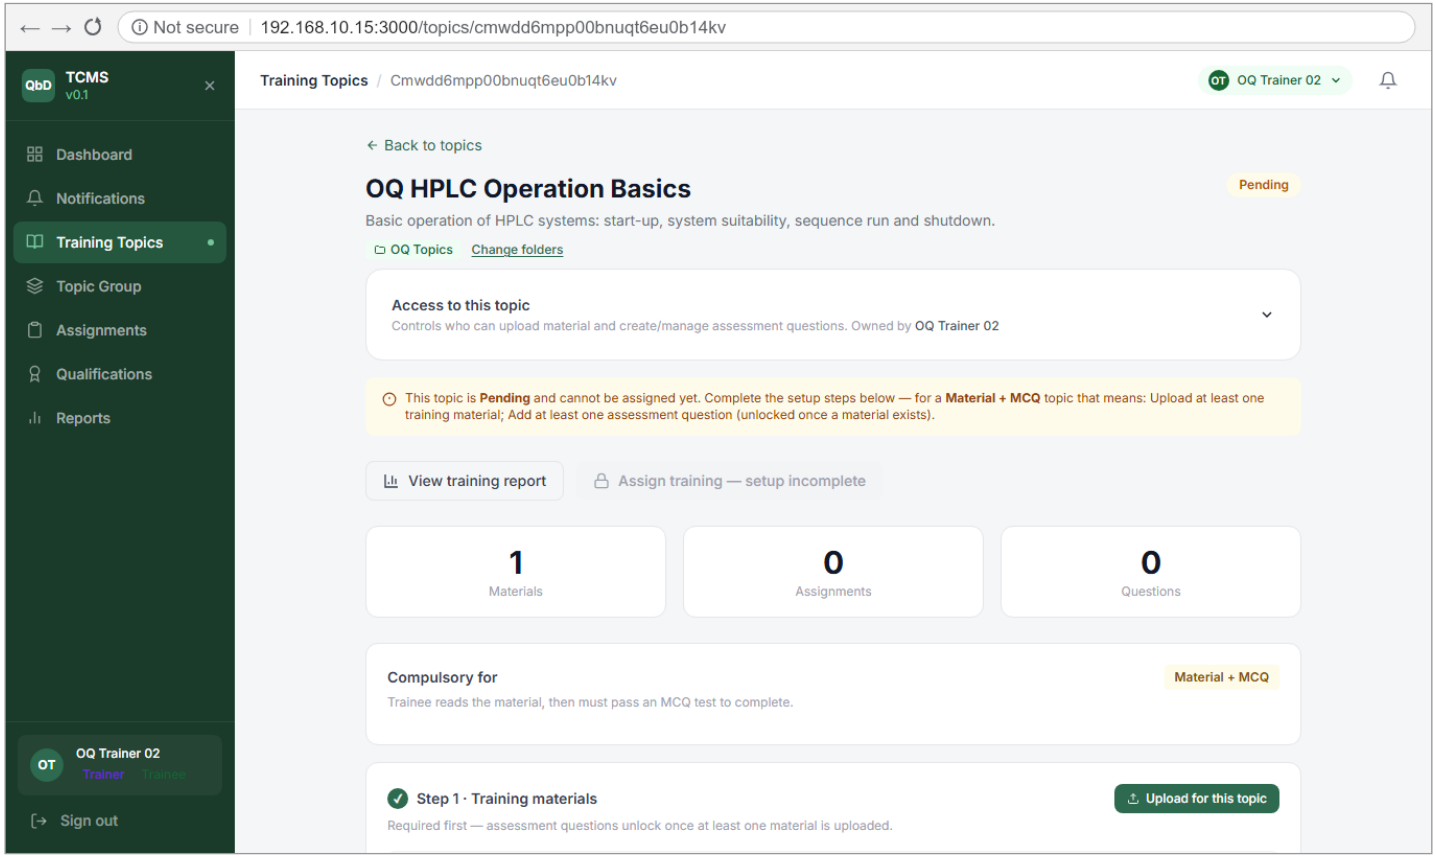
Test Objective :	To verify that PDF material upload requests electronic signature.			
Test Procedure :			Expected Result :	
Enter Material title = OQ HPLC Operation — Module 1, File type = PDF & browse a valid PDF file. Click on Upload material.			"Confirm upload" window should be displayed.	
Test ID : 8.1.10	Step No : 8.1	Attachment No. : 236	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:42



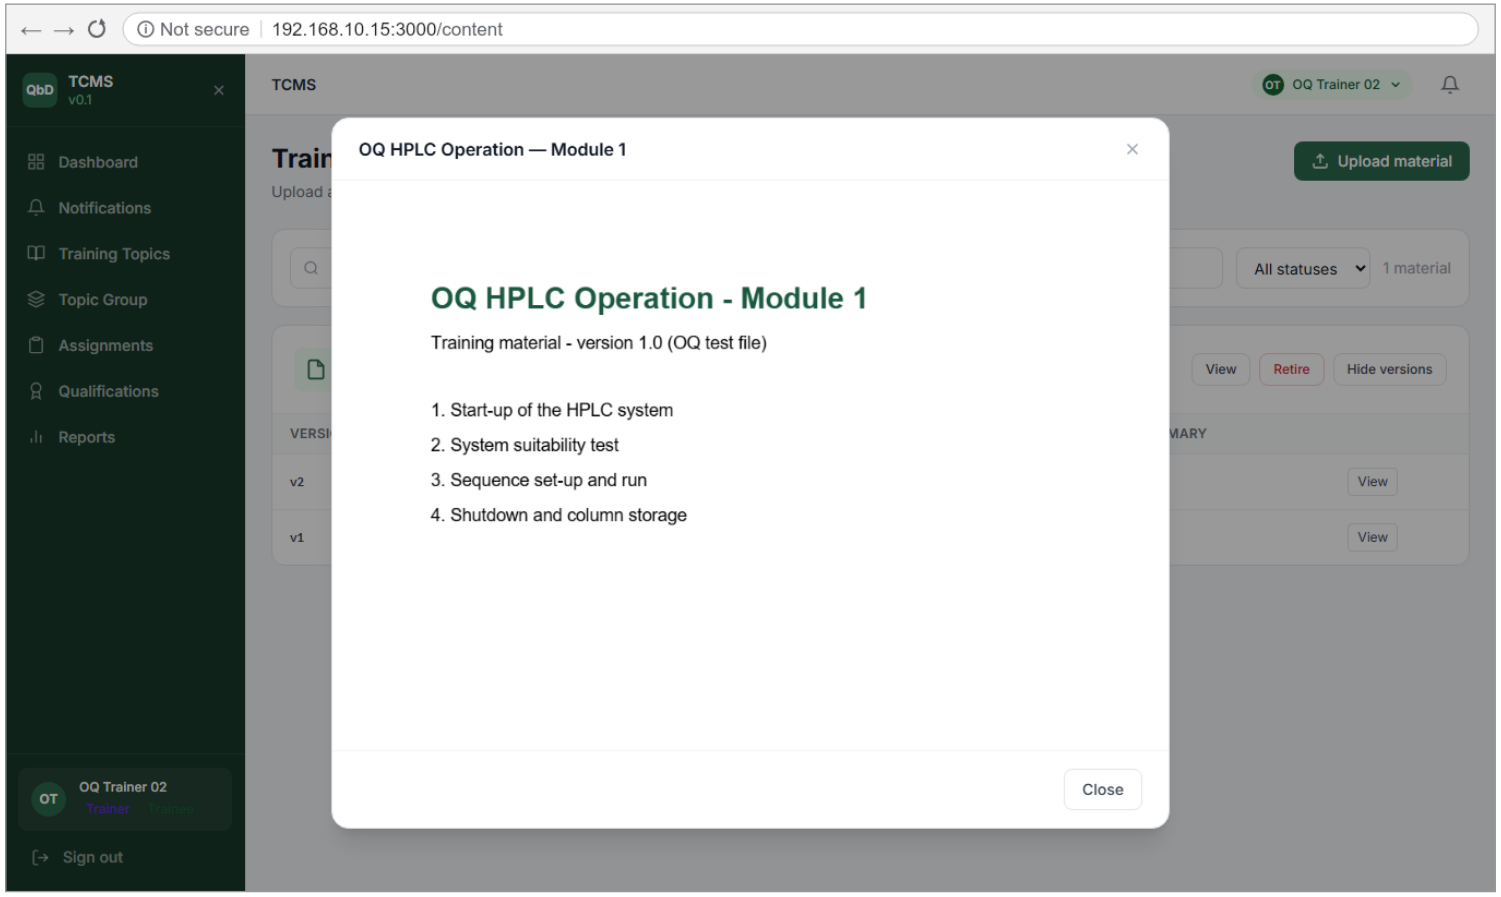
OPERATIONAL QUALIFICATION SCREENSHOTS FOR TCMS APPLICATION VER. 1.0

DOCUMENT NO.: LGC/QBD/0002	TITLE : COMPUTER SYSTEM VALIDATION OF TCMS

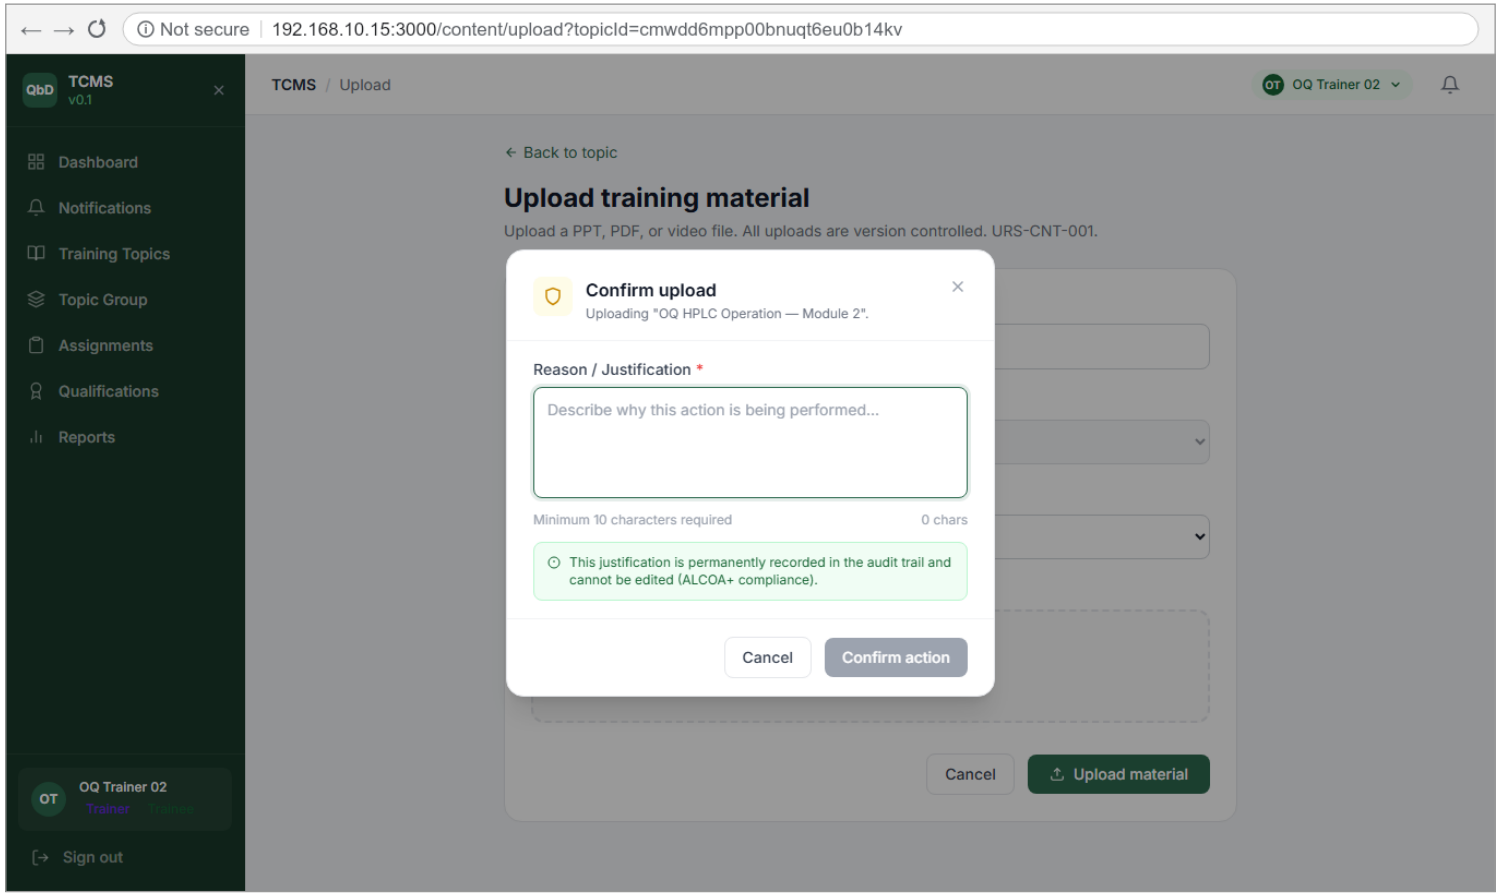
Test Objective :	To verify upload of PDF material as Version 1.0 in Draft status.			
Test Procedure :			Expected Result :	
In "Confirm upload" window, type Reason / Justification (minimum 10 characters), then click on "Confirm action" button.			Material should be uploaded with Version 1 & status Approved.	
Test ID : 8.1.10	Step No : 9.1	Attachment No. : 237	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:42



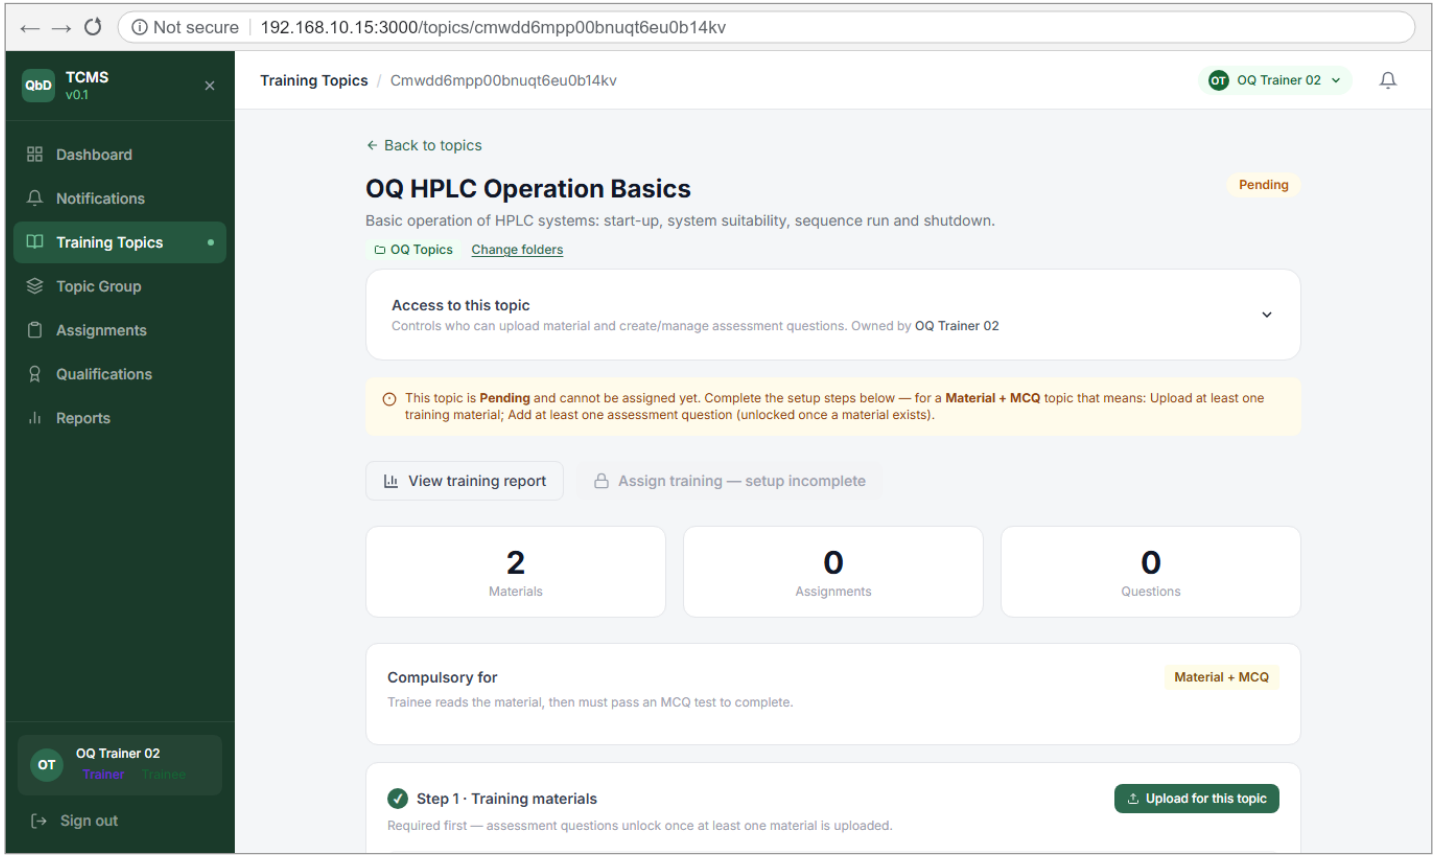
Test Objective :	To verify viewing of uploaded PDF material.			
Test Procedure :			Expected Result :	
On Content page, click on "Version history" & View for version 1.			PDF material should be displayed in the viewer.	
Test ID : 8.1.10	Step No : 10.1	Attachment No. : 238	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:48



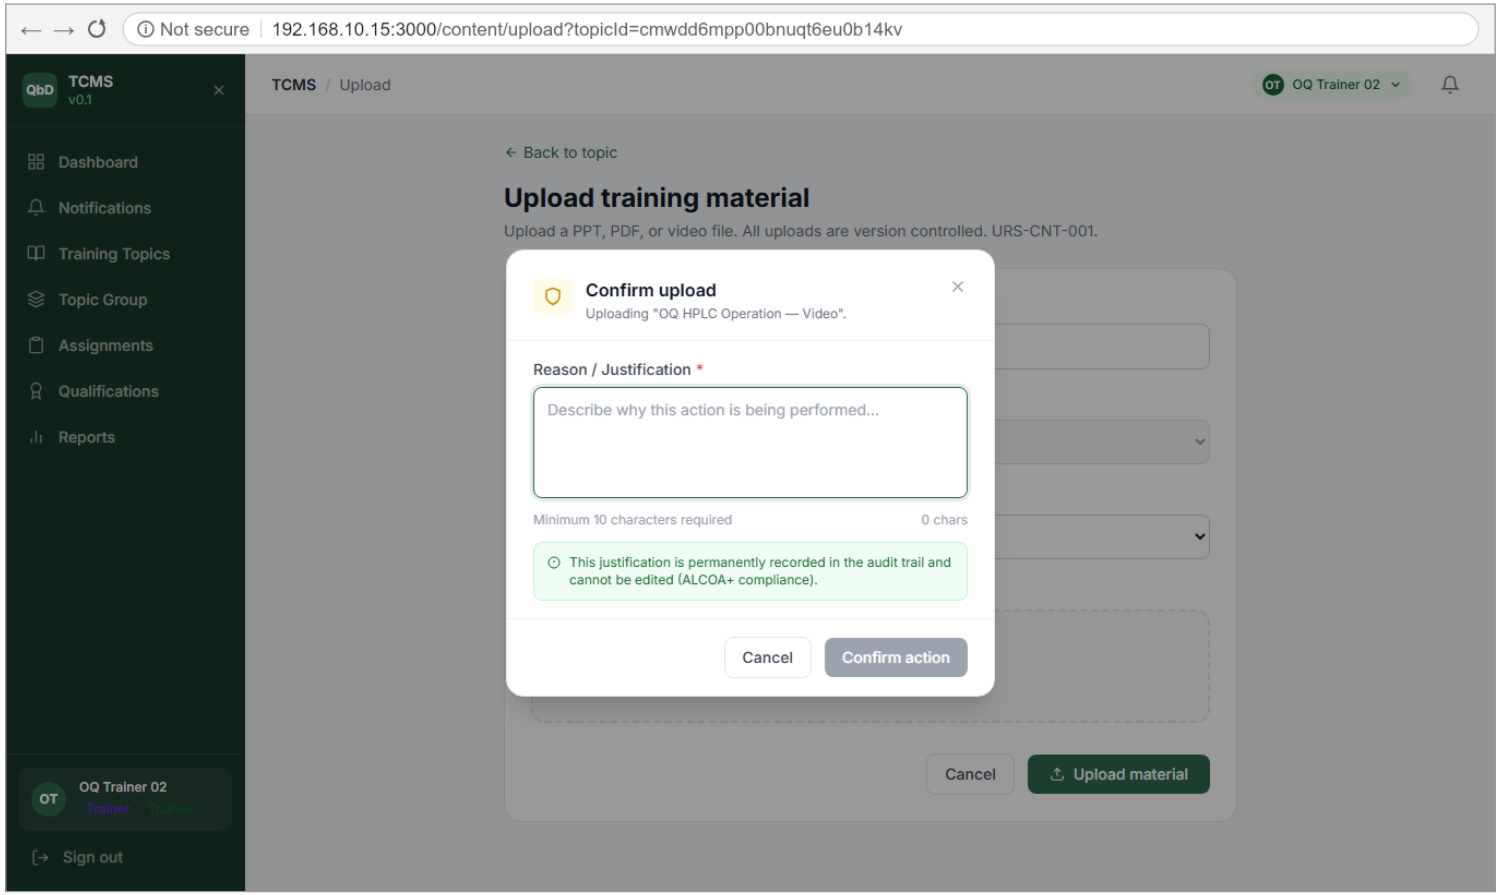
Test Objective :	To verify that PowerPoint material upload requests electronic signature.			
Test Procedure :			Expected Result :	
Upload a PowerPoint (PPTX) material for the same topic.			"Confirm upload" window should be displayed.	
Test ID : 8.1.10	Step No : 11.1	Attachment No. : 239	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:42



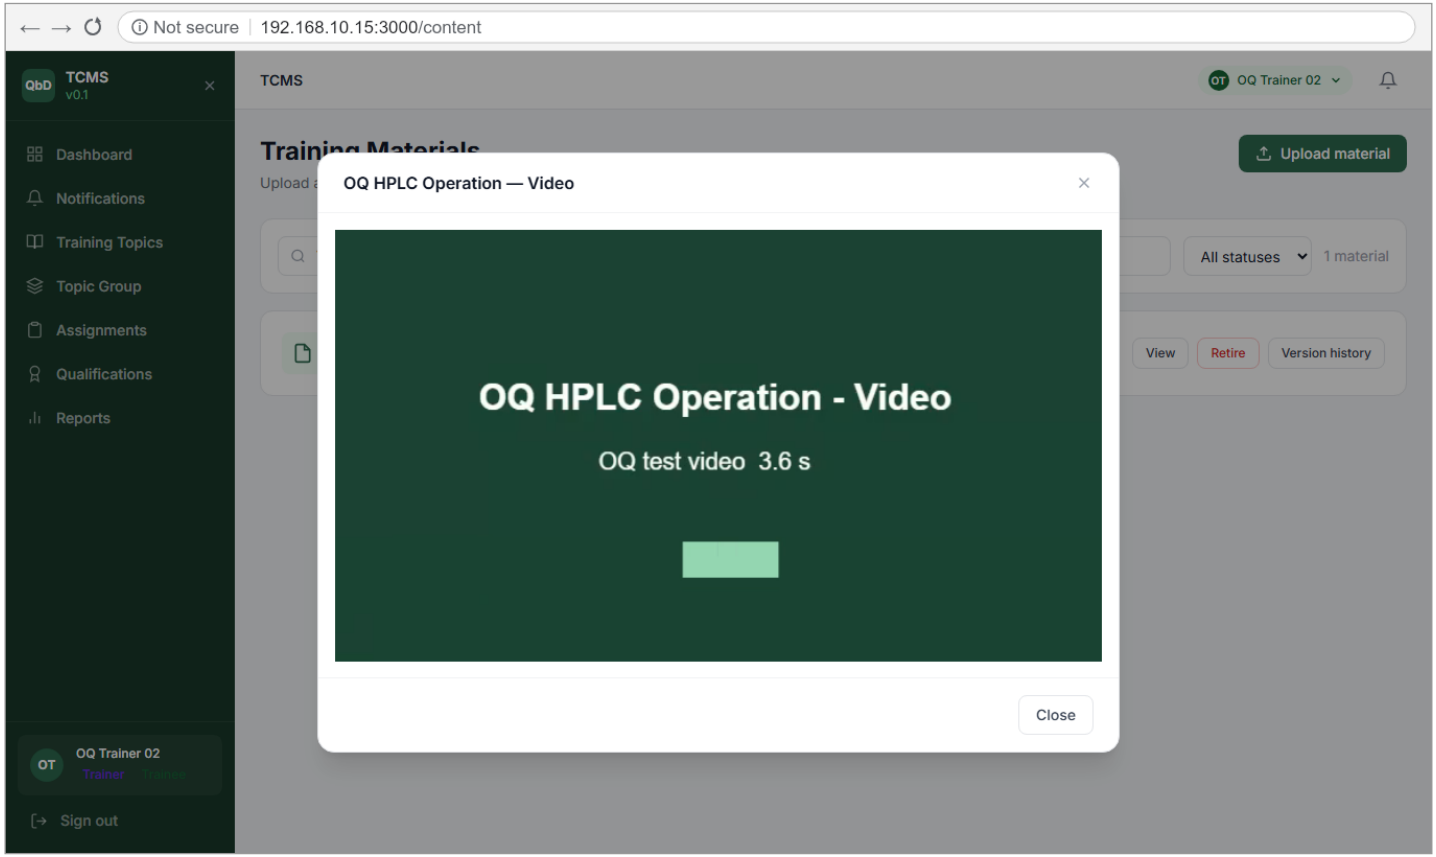
Test Objective :	To verify upload of PowerPoint material.			
Test Procedure :			**Expected Result :**	
In "Confirm upload" window, type Reason / Justification (minimum 10 characters), then click on "Confirm action" button.			PPTX material should be uploaded & listed with status Approved.	
Test ID : 8.1.10	Step No : 12.1	Attachment No. : 240	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:42



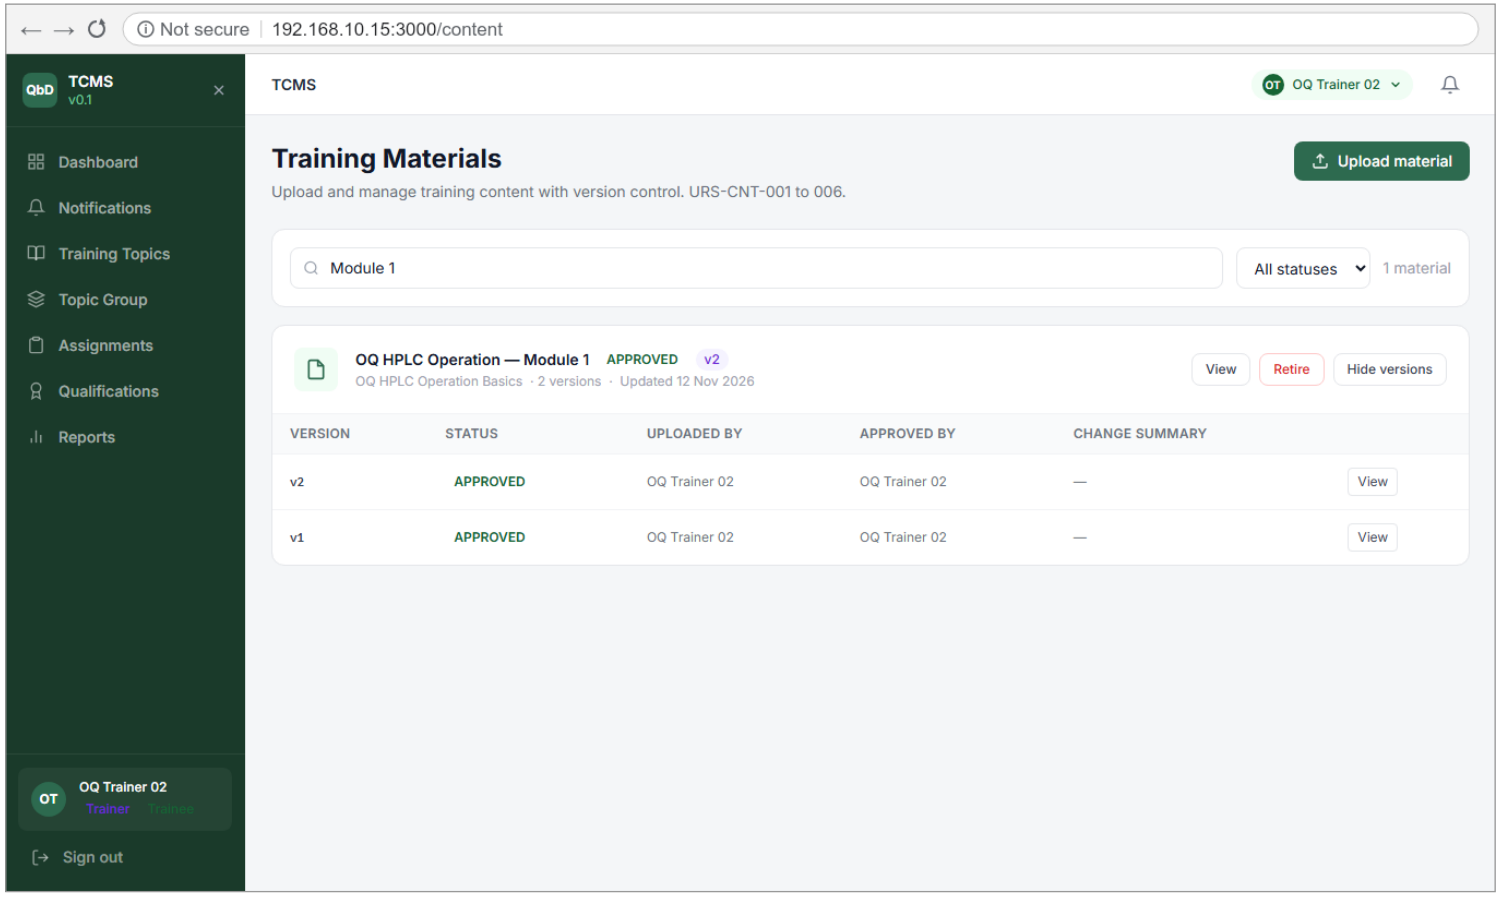
Test Objective :	To verify that video material upload requests electronic signature.			
Test Procedure :			Expected Result :	
Upload a Video (MP4) material for the same topic.			"Confirm upload" window should be displayed.	
Test ID : 8.1.10	Step No : 13.1	Attachment No. : 241	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:43



Test Objective :	To verify upload and playback of video material.			
Test Procedure :			Expected Result :	
In "Confirm upload" window, type Reason / Justification (minimum 10 characters), then click on "Confirm action" button.			Video material should be uploaded & playable in the viewer.	
Test ID : 8.1.10	Step No : 14.1	Attachment No. : 242	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:47



Test Objective :	To verify version control when a new version of material is uploaded.			
Test Procedure :			Expected Result :	
Upload a new version (same Material title) of OQ HPLC Operation — Module 1.			New version 2 should be created & version 1 should be retained.	
Test ID : 8.1.10	Step No : 15.1	Attachment No. : 243	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:47



Test Objective :	To verify that material approval requests electronic signature.			
Test Procedure :			Expected Result :	
Click on Approve for version 2.0.			Justification window should be displayed.	
Test ID : 8.1.10	Step No : 16.1	Attachment No. : 244	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.10 | Step No. 16.1 | Attachment No. 244

Test Objective :	To verify approval of a material version with electronic signature.			
Test Procedure :			Expected Result :	
In "Approve version" window, type Reason / Justification (minimum 10 characters) & Password, then click on "Confirm action" button.			"Version approved successfully" & status should be Approved.	
Test ID : 8.1.10	Step No : 17.1	Attachment No. : 245	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

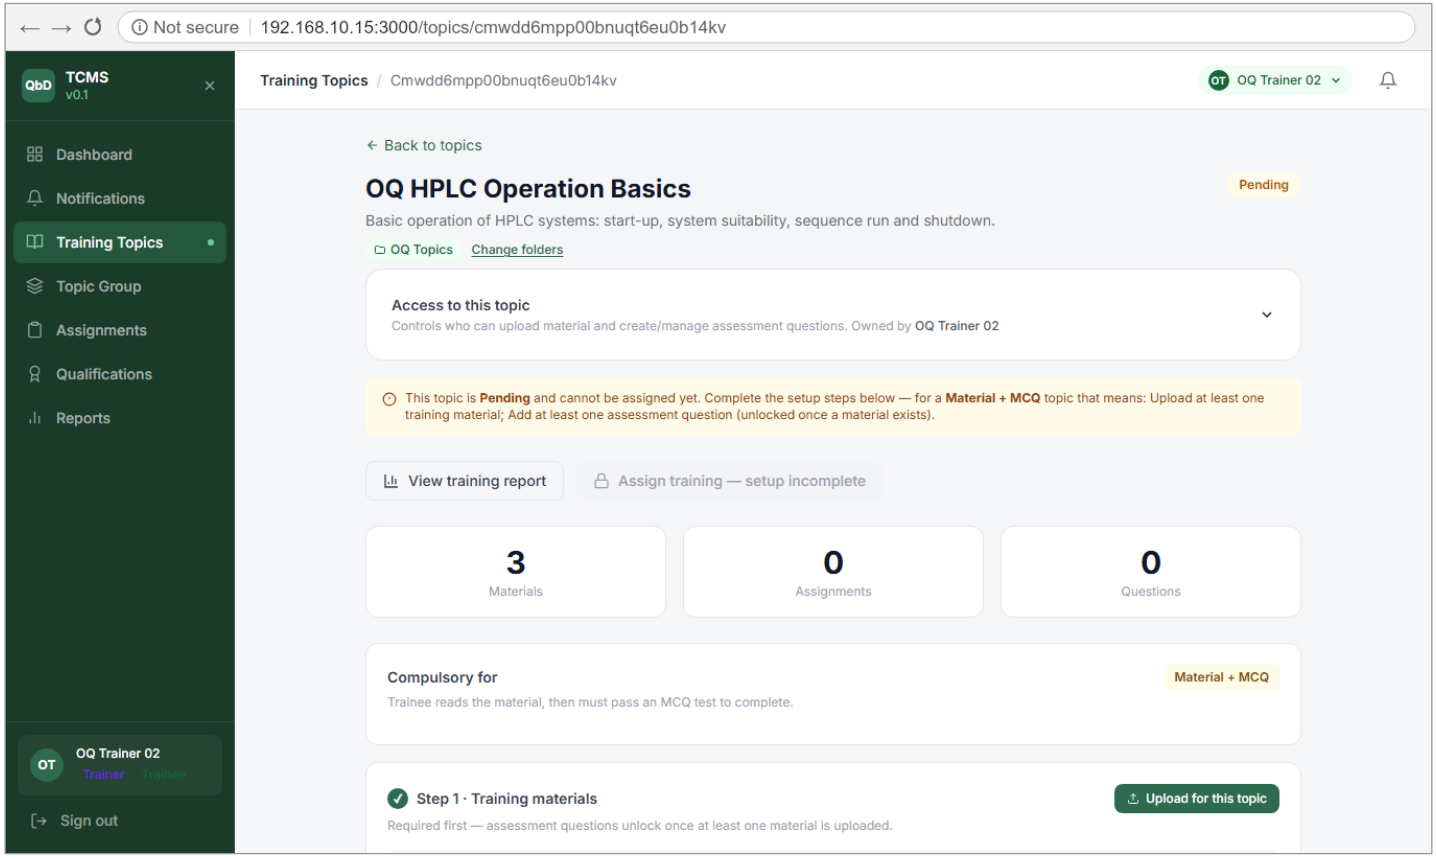
Test ID 8.1.10 | Step No. 17.1 | Attachment No. 245

Test Objective :	To verify that an approved version cannot be approved again.			
Test Procedure :			Expected Result :	
Try to approve the same version again.			"Already approved" message should be displayed.	
Test ID : 8.1.10	Step No : 18.1	Attachment No. : 246	Result : Pass / Fail	Executed By : _____ Date & Time : _____

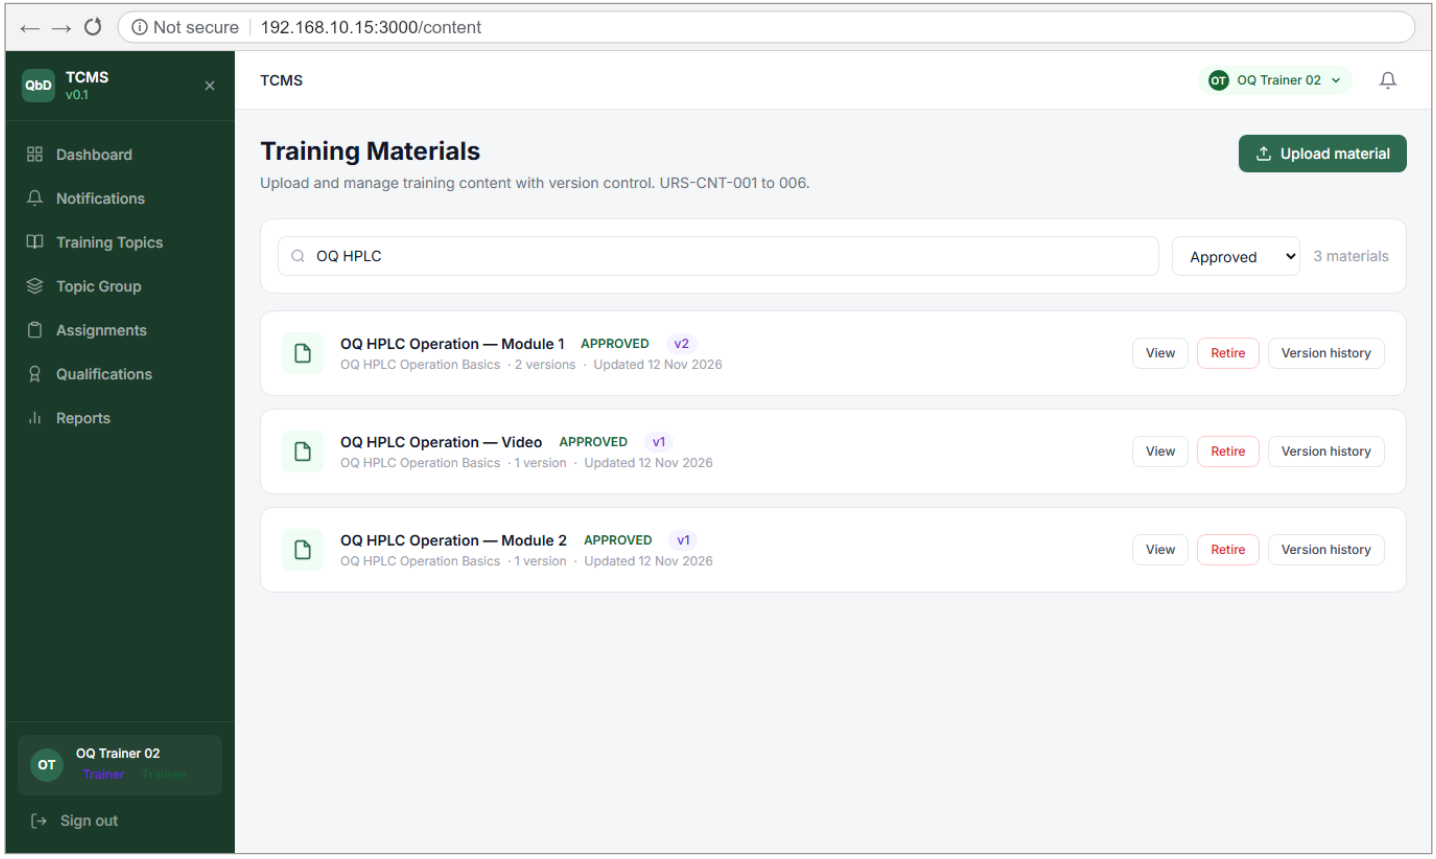
Affix / insert screenshot evidence here

Test ID 8.1.10 | Step No. 18.1 | Attachment No. 246

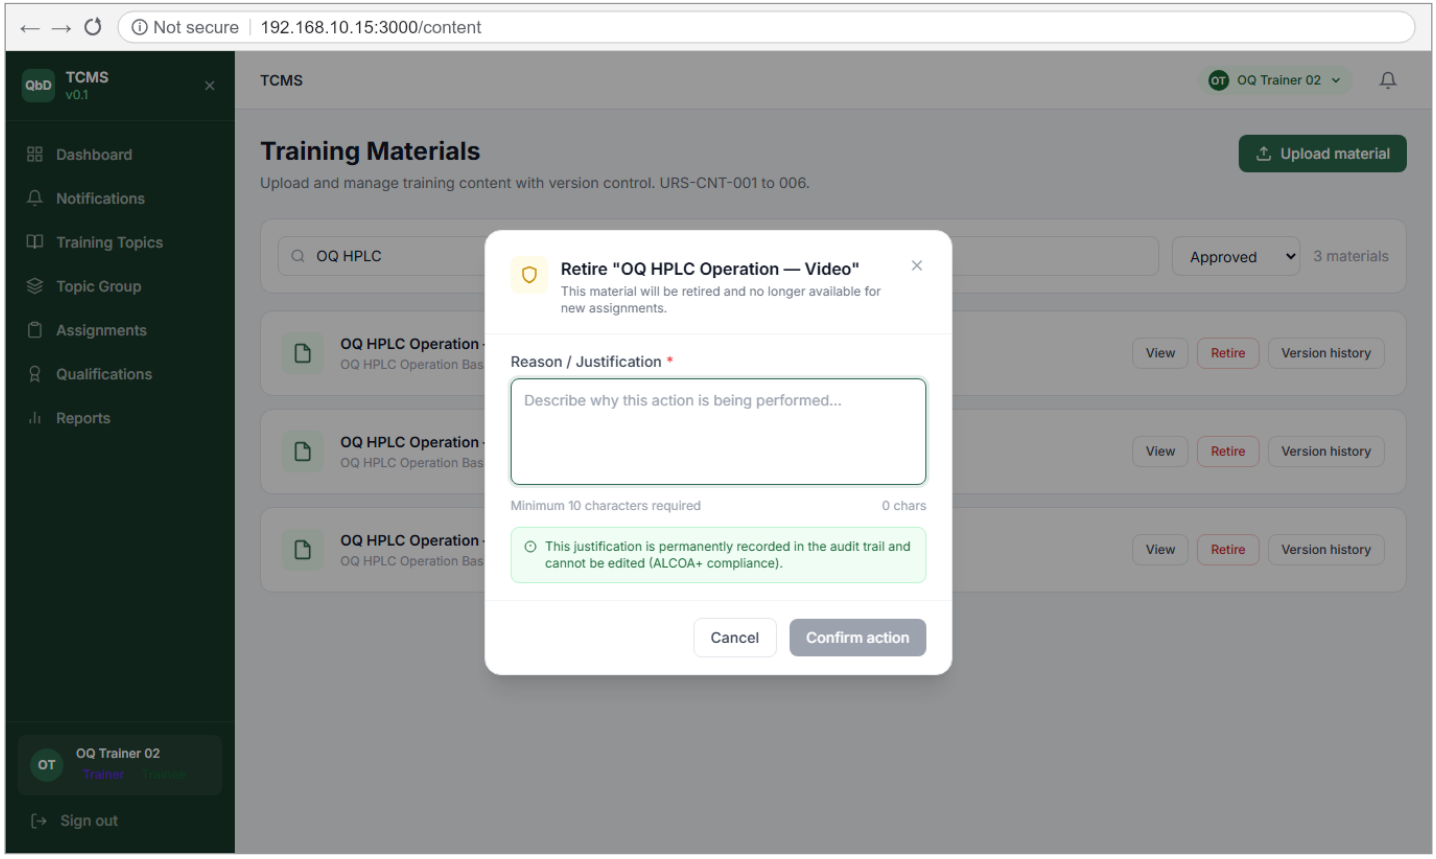
Test Objective :	To verify that assessment questions are unlocked once material is available.			
Test Procedure :			Expected Result :	
Verify the topic detail page.			Materials count should be updated & Step 2 · Assessment questions should be unlocked.	
Test ID : 8.1.10	Step No : 19.1	Attachment No. : 247	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:44



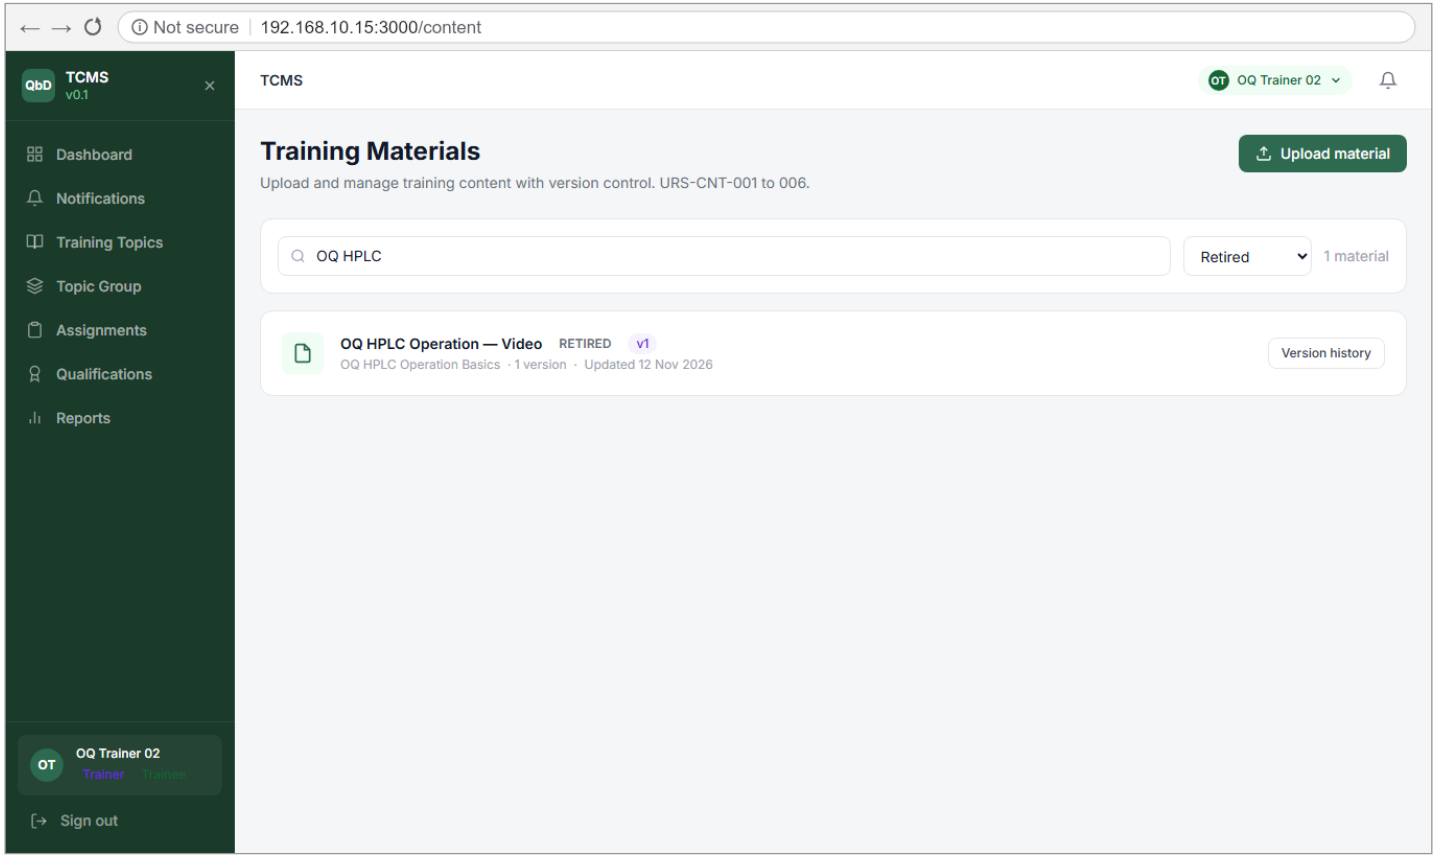
Test Objective :	To verify filtering and search of training materials.			
Test Procedure :			Expected Result :	
Open Content page & filter by status (Draft / Approved / Retired); search by title.			Materials should be filtered as per the selected criteria.	
Test ID : 8.1.10	Step No : 20.1	Attachment No. : 248	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:47



Test Objective :	To verify that material retirement displays its impact before confirmation.			
Test Procedure :			Expected Result :	
Click on Retire for the Video material.			"This material will be retired and no longer available for new assignments." should be displayed.	
Test ID : 8.1.10	Step No : 21.1	Attachment No. : 249	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:47



Test Objective :	To verify retirement of training material with electronic signature.			
Test Procedure :			Expected Result :	
In "Retire" window, type Reason / Justification (minimum 10 characters), then click on "Confirm action" button.			Material should be retired & listed with status Retired.	
Test ID : 8.1.10	Step No : 22.1	Attachment No. : 250	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 15:47



Test Objective :	To verify that a retired material version cannot be approved.			
Test Procedure :			Expected Result :	
Try to approve a version of the retired material.			"Cannot approve retired version" message should be displayed.	
Test ID : 8.1.10	Step No : 23.1	Attachment No. : 251	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

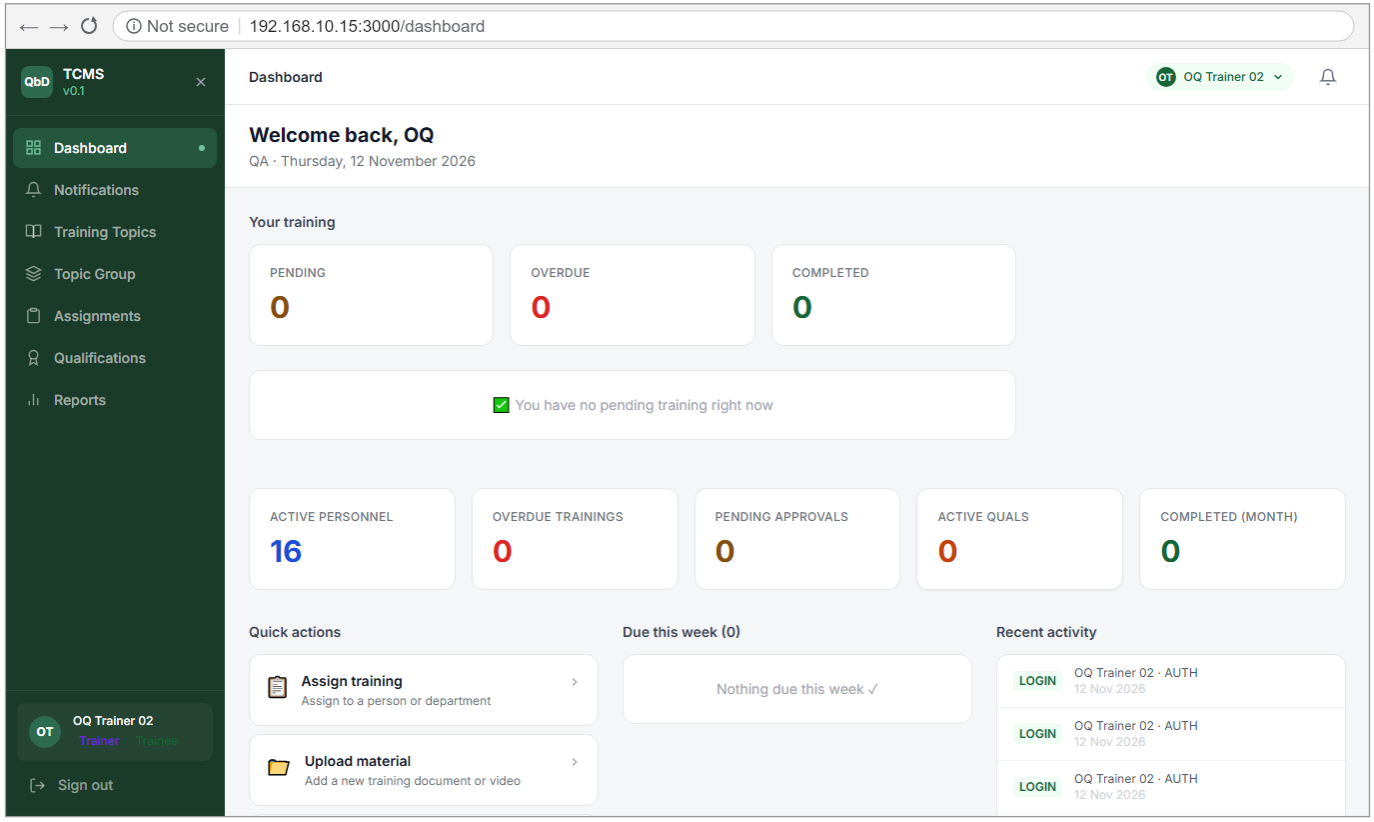
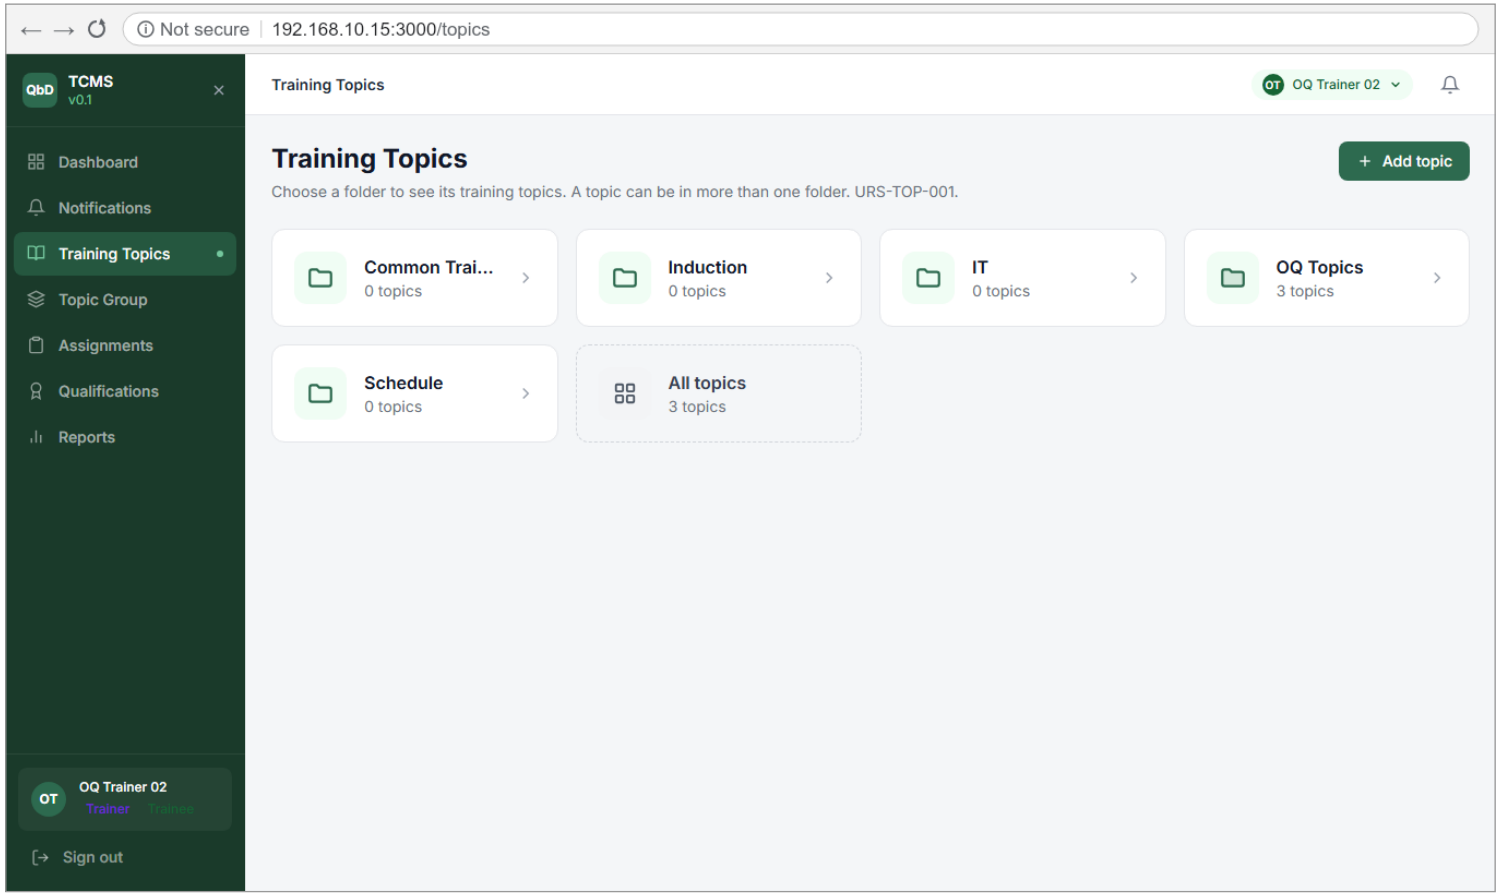
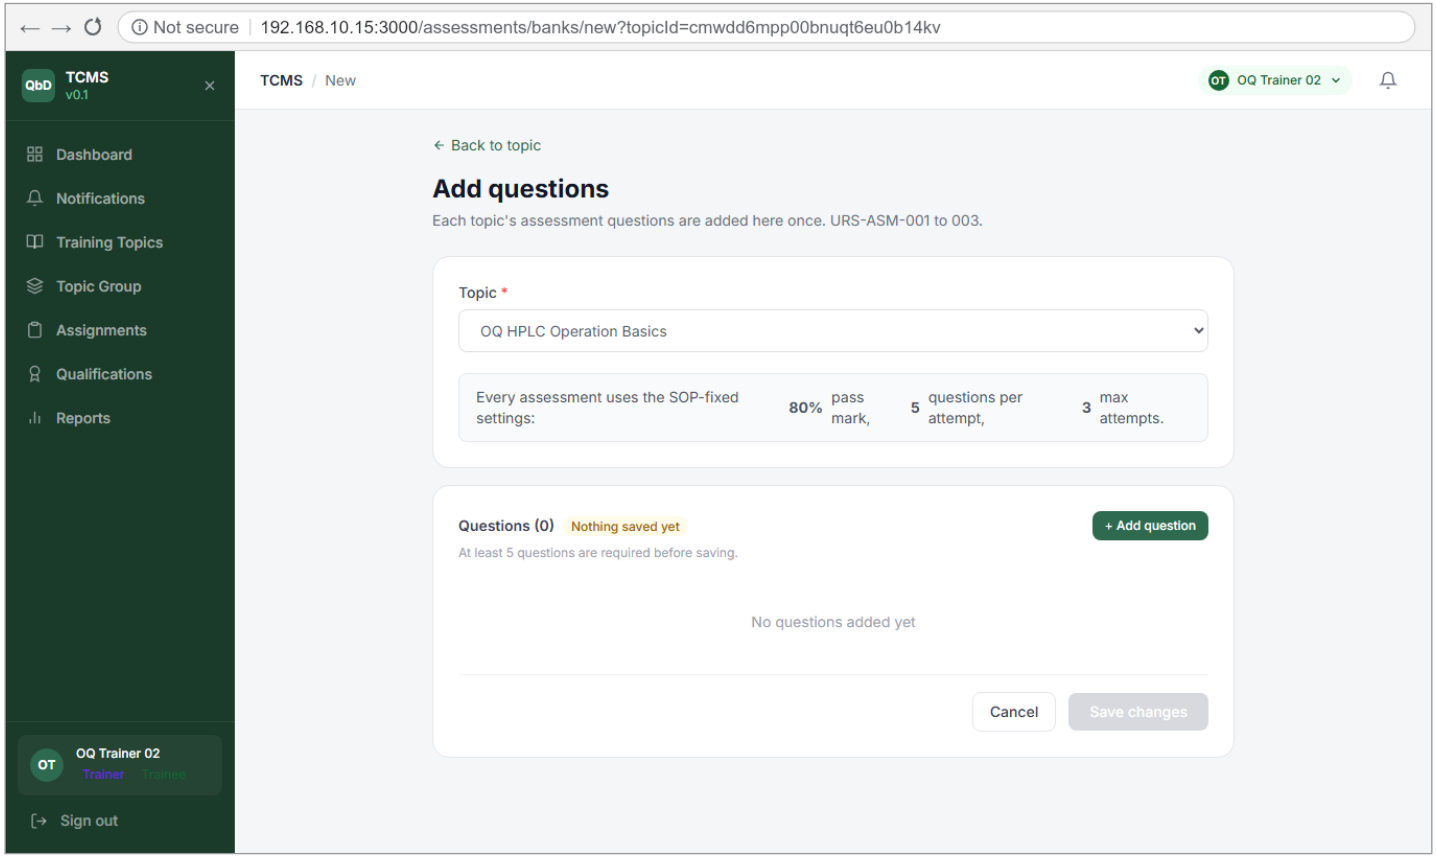
Test Objective :	To verify successful login with Trainer (QA Department) credentials and role-wise menu display.			
Test Procedure :			**Expected Result :**	
Open TCMS application URL (http://192.168.10.15:3000) in Microsoft Edge. Type Employee ID / Password & click on Sign in button (with Trainer (QA Department) level privilege).			Dashboard should be displayed with the menus applicable to Trainer (QA Department) role.	
Test ID : 8.1.11	Step No : 1.1	Attachment No. : 256	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:01



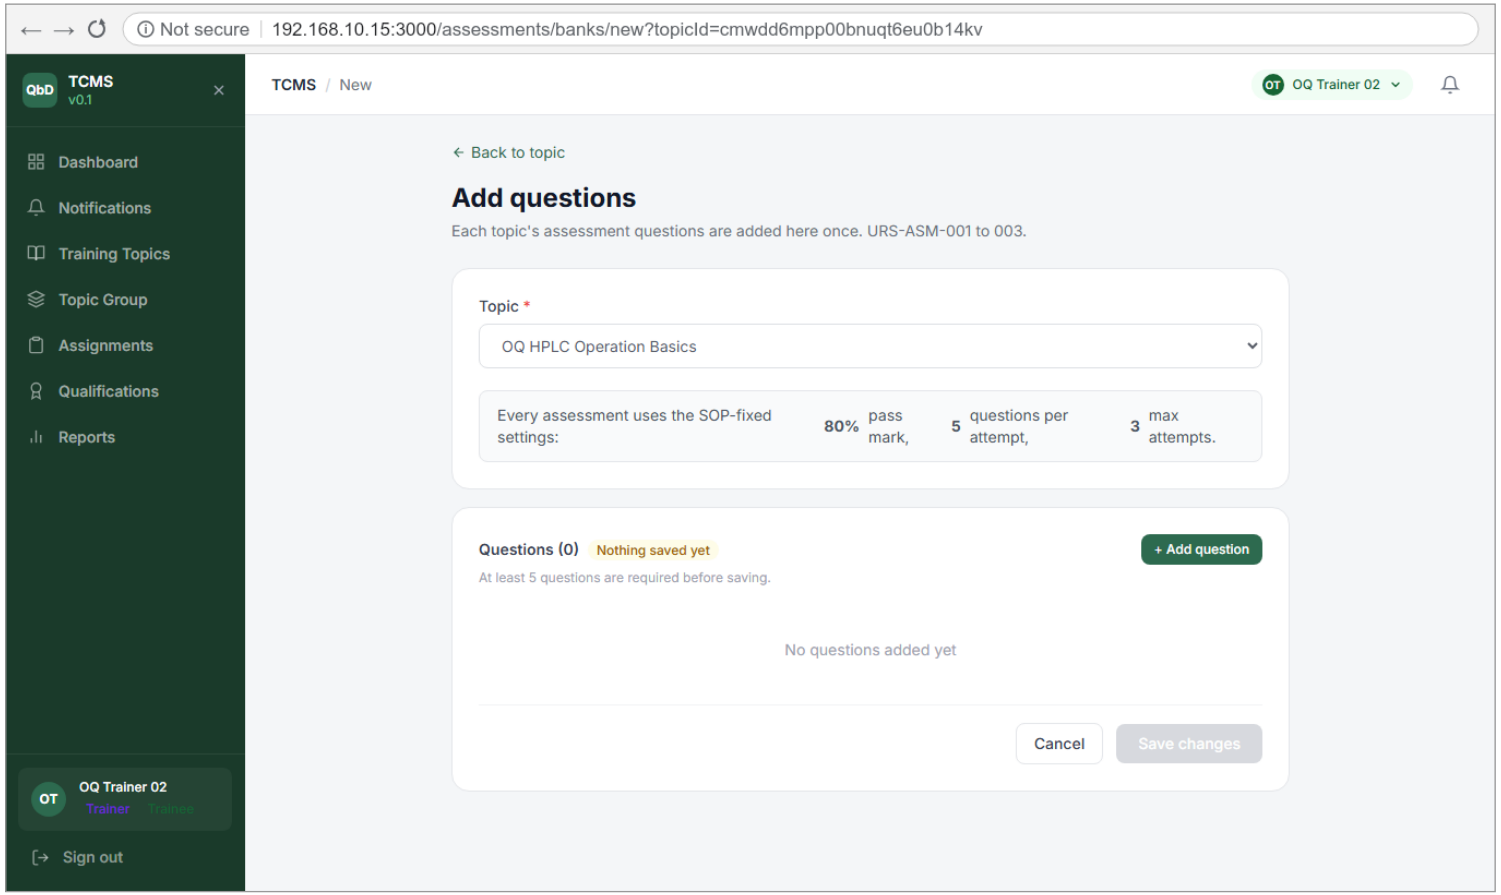
Test Objective :	To verify navigation to the Training Topics page.			
Test Procedure :			Expected Result :	
Click on "Training Topics" menu from the left panel.			Training Topics page should be displayed.	
Test ID : 8.1.11	Step No : 2.1	Attachment No. : 257	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:01



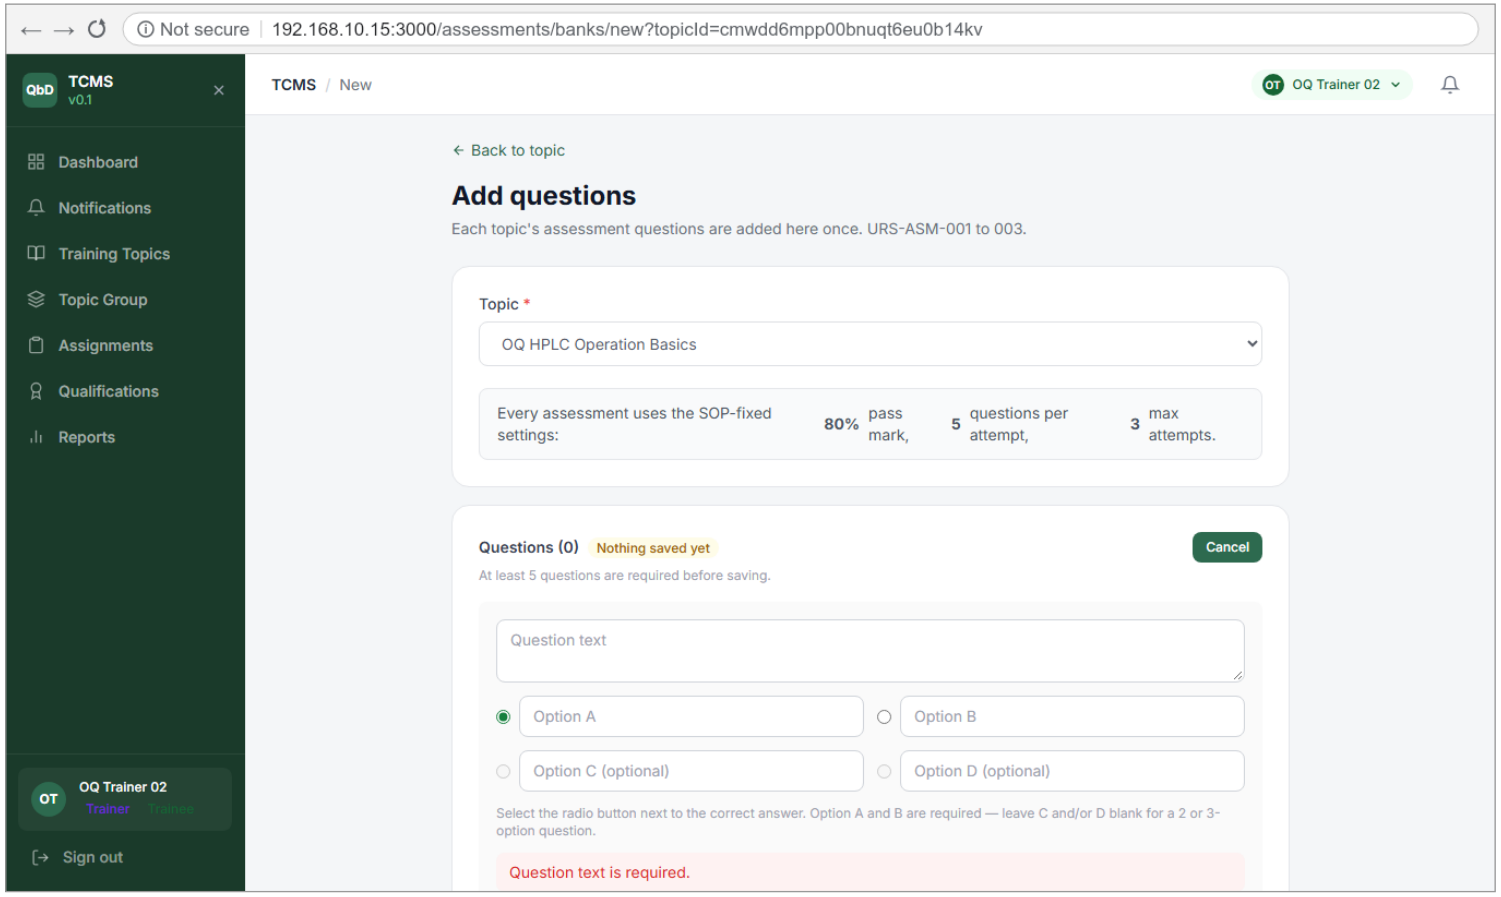
Test Objective :	To verify the SOP-fixed assessment settings (pass mark, questions per attempt, max attempts).			
Test Procedure :			**Expected Result :**	
Open topic OQ HPLC Operation Basics & click on "Add question" under Step 2 · Assessment questions.			Add questions page should display SOP-fixed settings: 80% pass mark, 5 questions per attempt, 3 max attempts.	
Test ID : 8.1.11	Step No : 3.1	Attachment No. : 258	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:02



Test Objective :	To verify that a minimum of 5 questions is required to save a question bank.			
Test Procedure :			Expected Result :	
Verify the Save changes button without adding questions.			"Save changes" should be disabled ("Add at least 5 questions first").	
Test ID : 8.1.11	Step No : 4.1	Attachment No. : 259	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:02



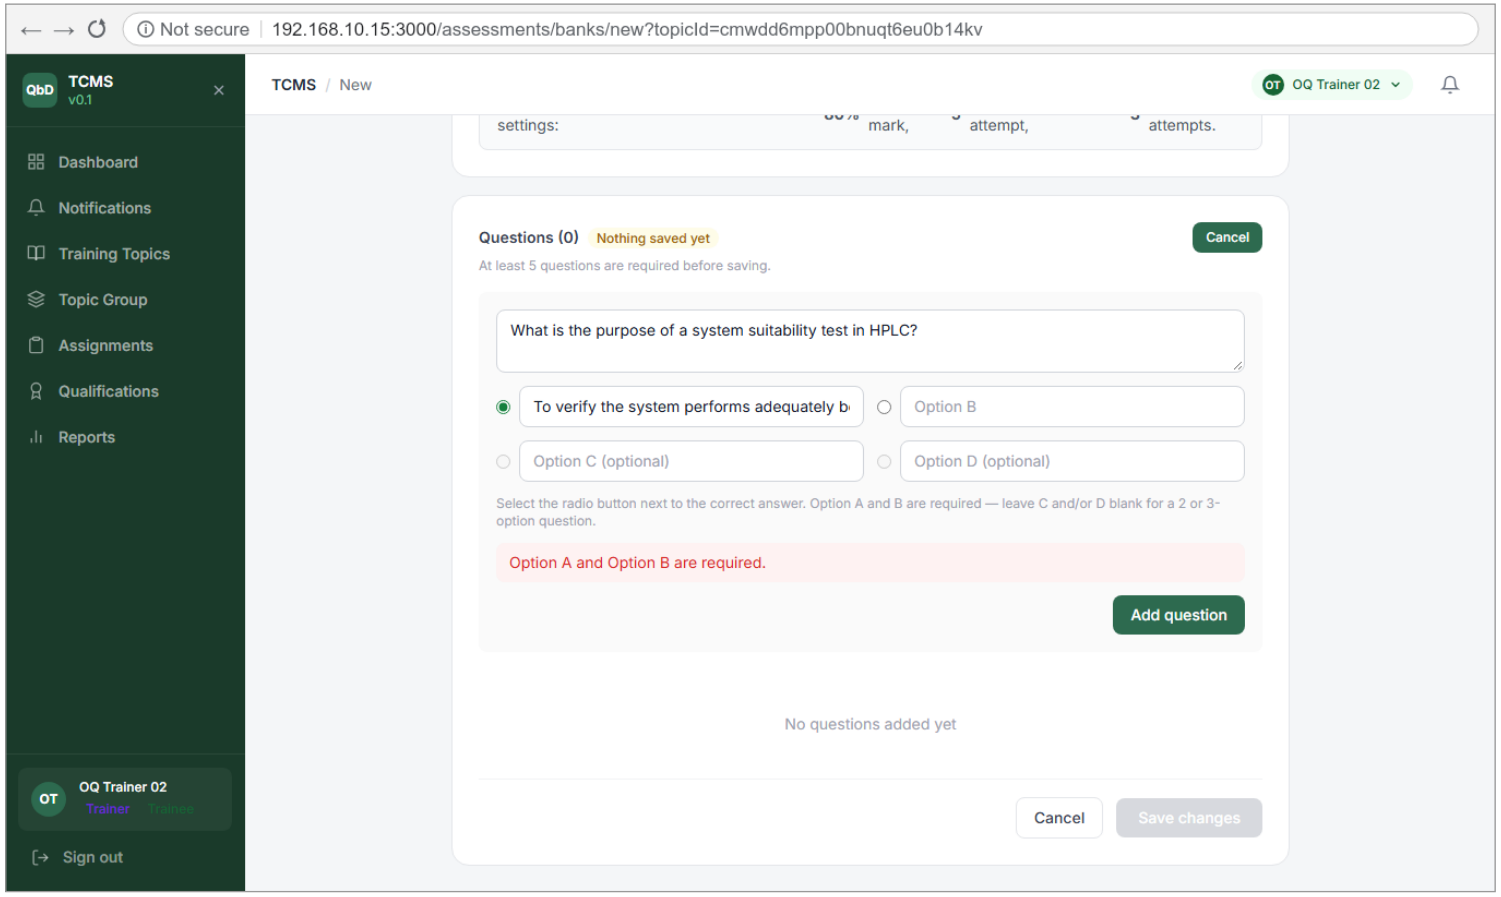
Test Objective :	To verify that Question text is mandatory.			
Test Procedure :			Expected Result :	
Click on "+ Add question" & click on Add question without Question text.			"Question text is required." message should be displayed.	
Test ID : 8.1.11	Step No : 5.1	Attachment No. : 260	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:02



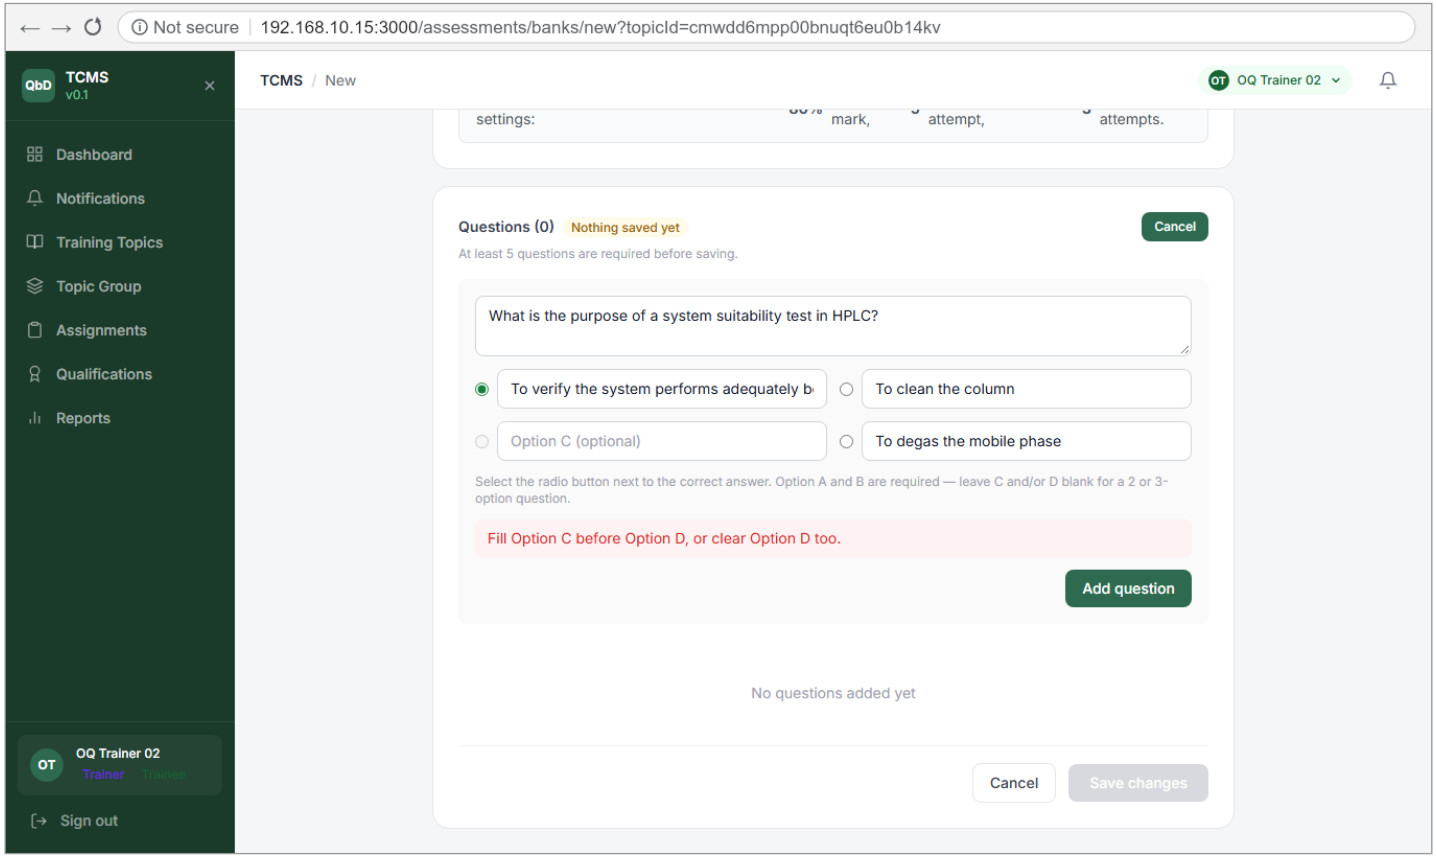
OPERATIONAL QUALIFICATION SCREENSHOTS FOR TCMS APPLICATION VER. 1.0

DOCUMENT NO.: LGC/QBD/0002	TITLE : COMPUTER SYSTEM VALIDATION OF TCMS

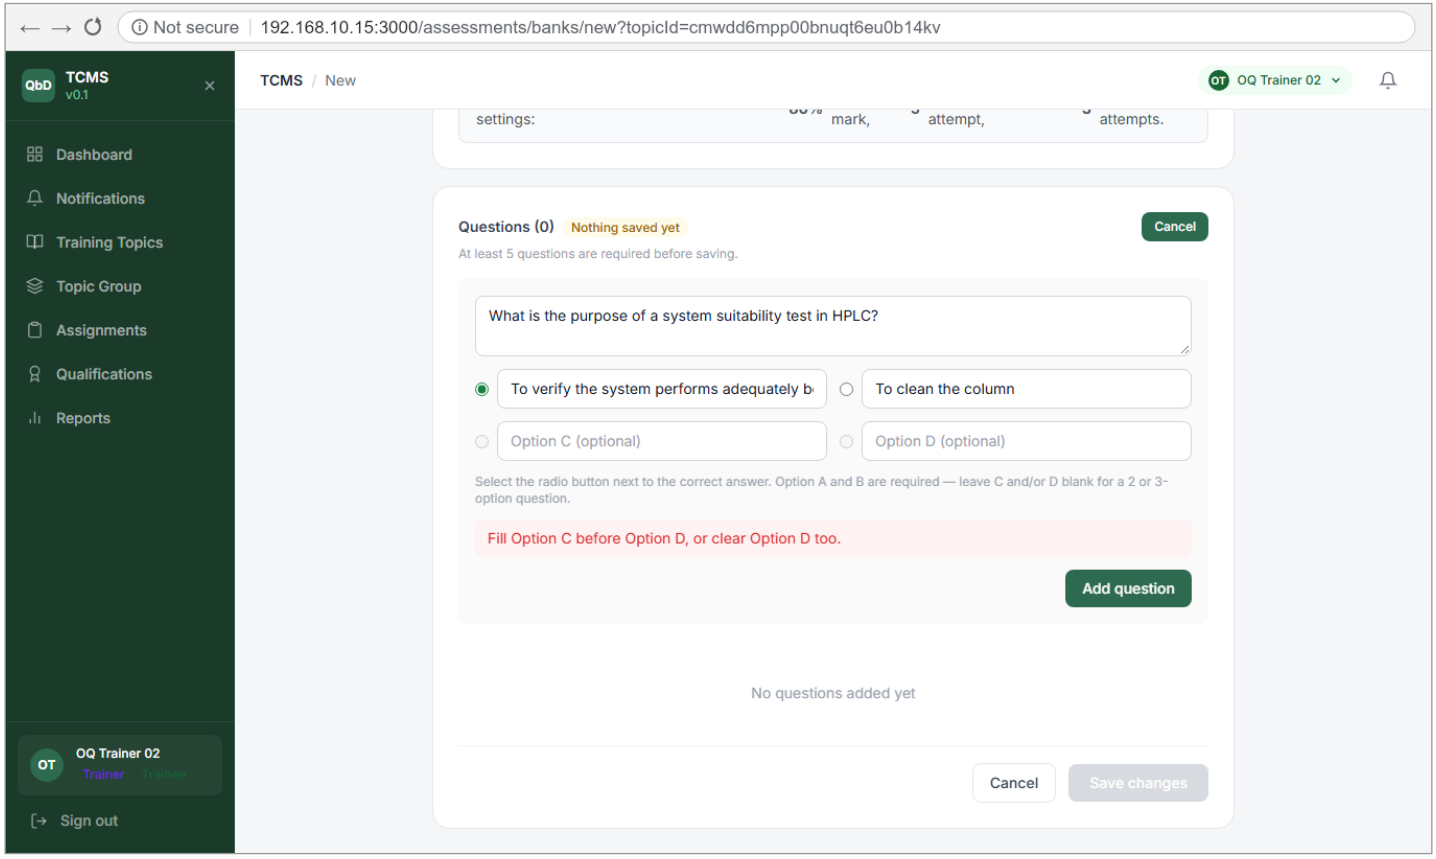
Test Objective :	To verify that Option A and Option B are mandatory.			
Test Procedure :			Expected Result :	
Enter Question text with only Option A.			"Option A and Option B are required." message should be displayed.	
Test ID : 8.1.11	Step No : 6.1	Attachment No. : 261	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:02



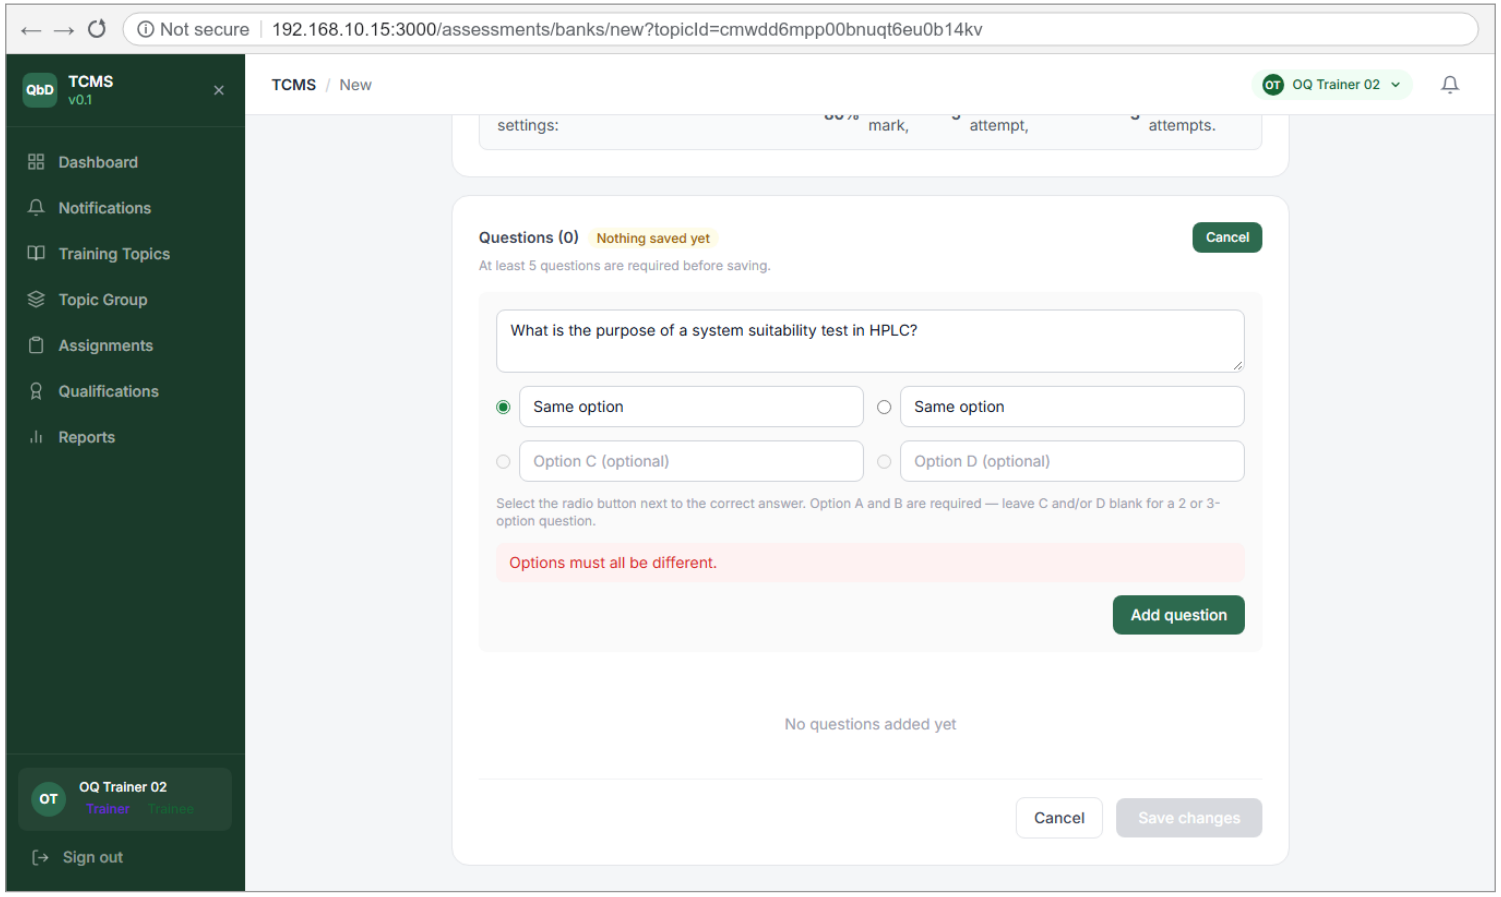
Test Objective :	To verify that options must be filled in sequence.			
Test Procedure :			Expected Result :	
Enter Option D without Option C.			"Fill Option C before Option D, or clear Option D too." message should be displayed.	
Test ID : 8.1.11	Step No : 7.1	Attachment No. : 262	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:02



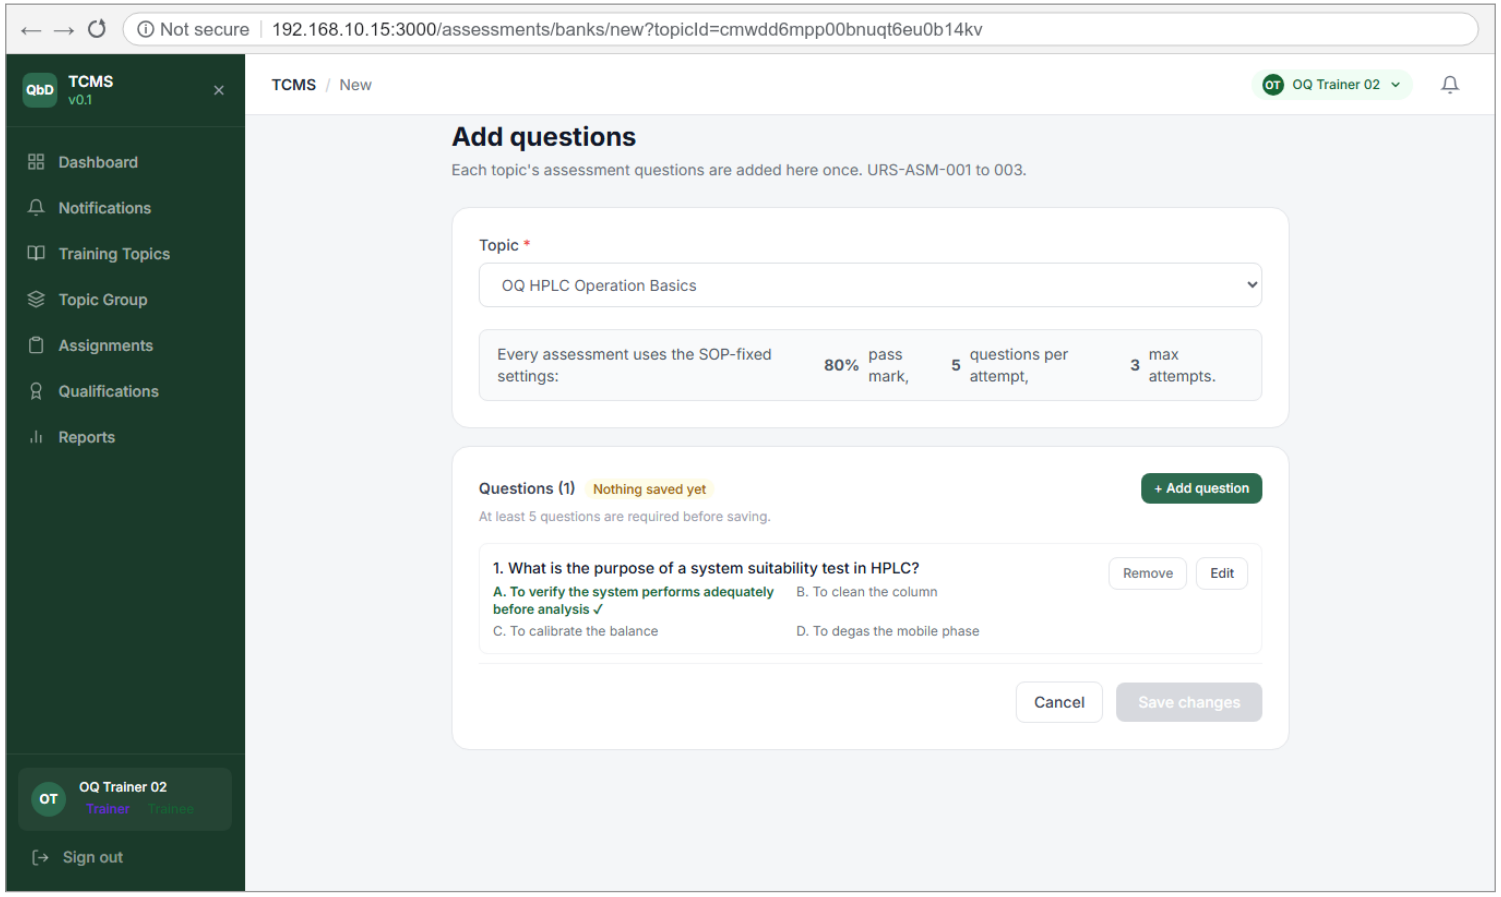
Test Objective :	To verify that the correct answer cannot point to an empty option.			
Test Procedure :			Expected Result :	
Try to set Correct answer = Option C while Option C is empty.			Correct answer radio button of Option C should be disabled while Option C is empty.	
Test ID : 8.1.11	Step No : 8.1	Attachment No. : 263	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:02



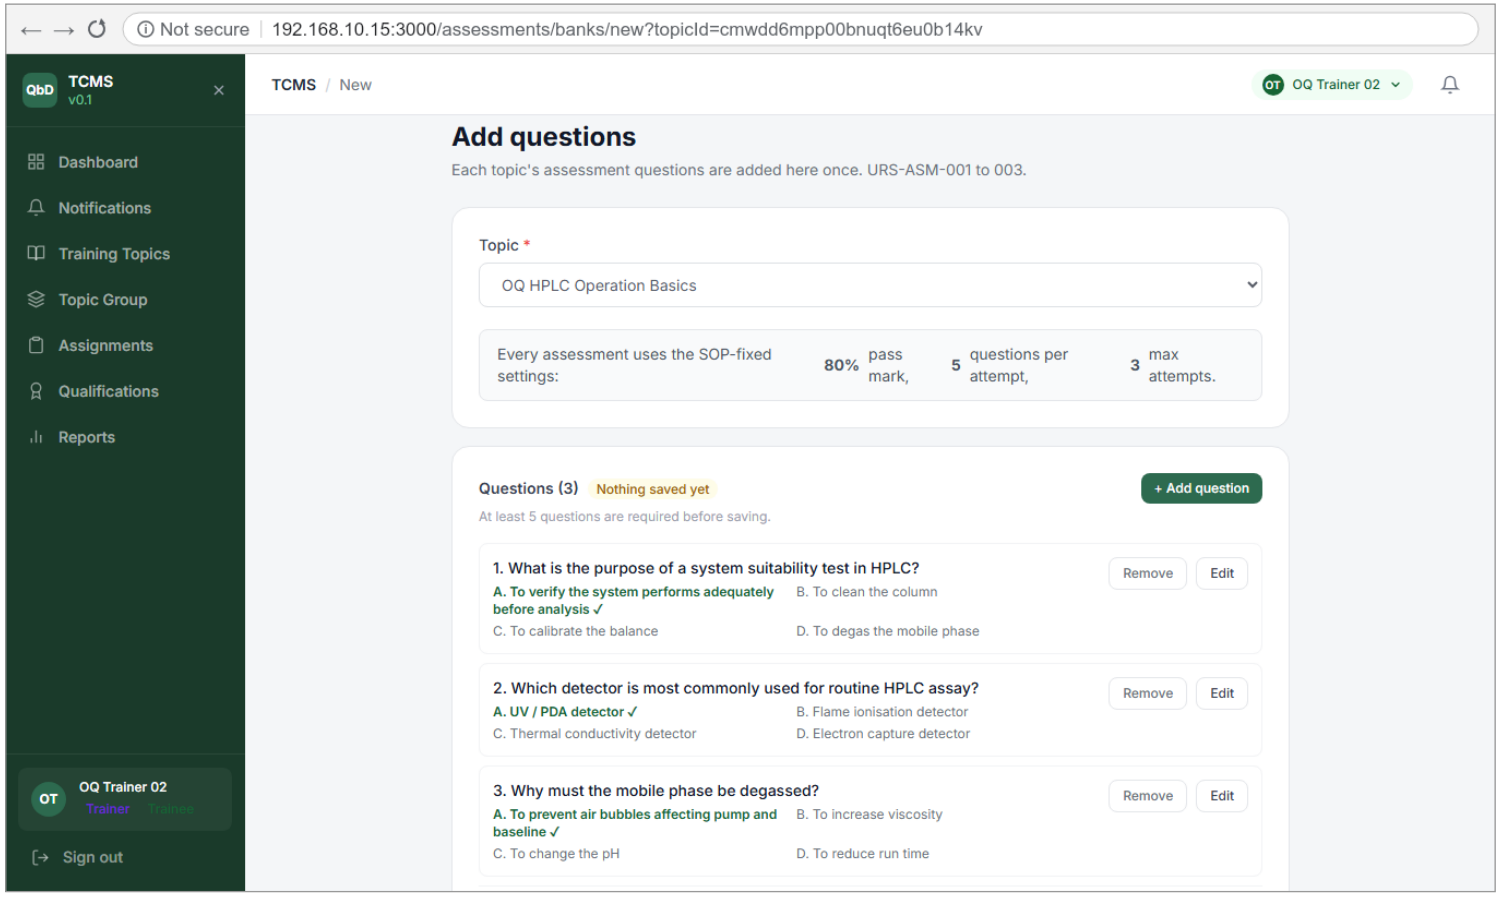
Test Objective :	To verify that duplicate options are not allowed.			
Test Procedure :			Expected Result :	
Enter the same text in Option A and Option B.			"Options must all be different." message should be displayed.	
Test ID : 8.1.11	Step No : 9.1	Attachment No. : 264	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:02



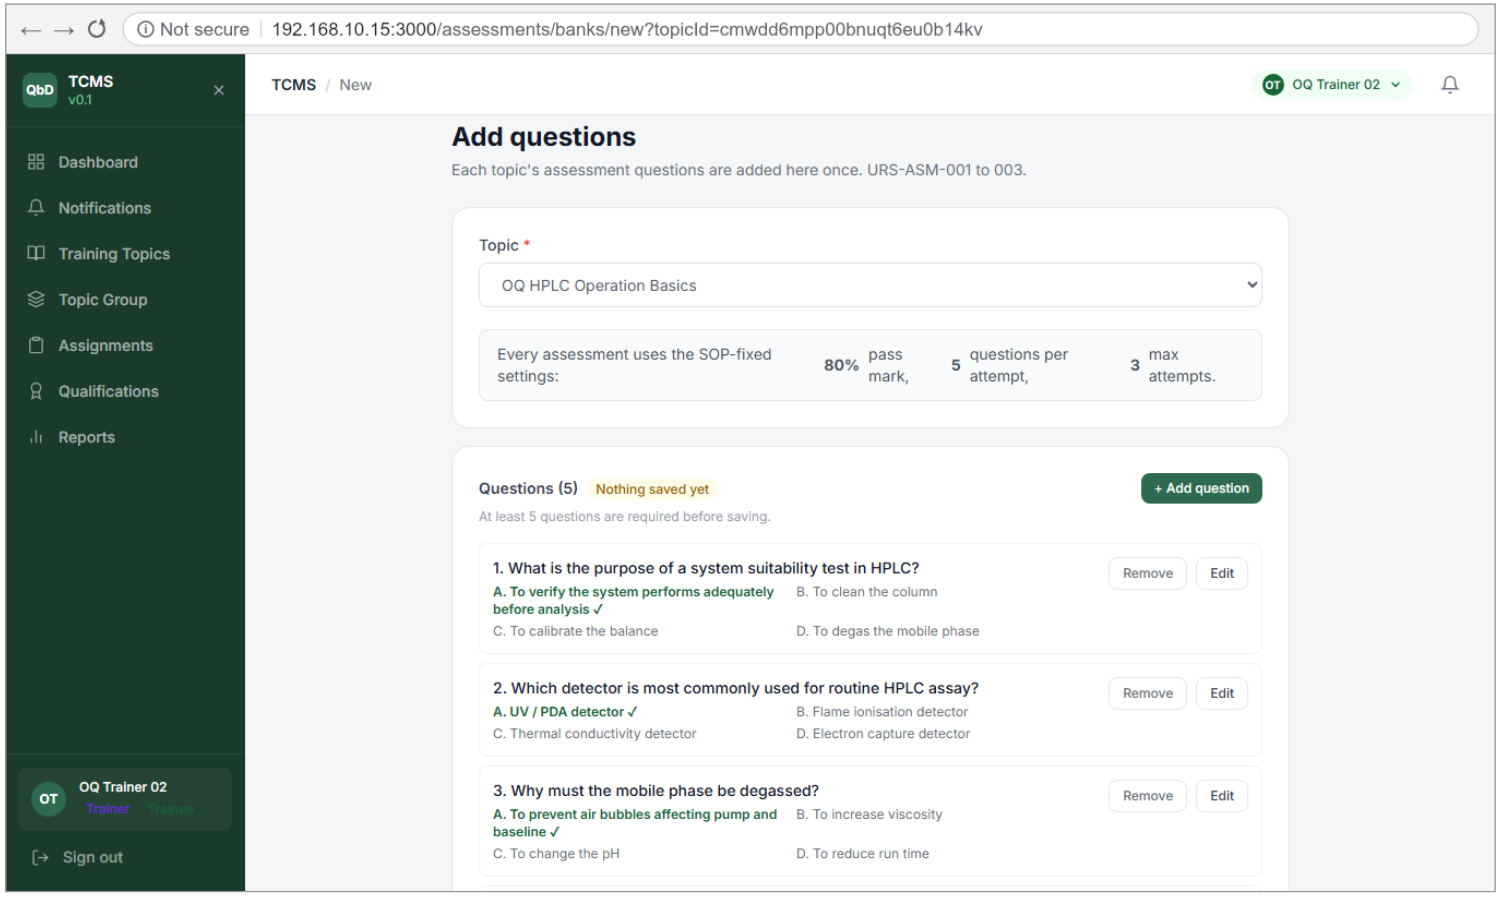
Test Objective :	To verify addition of a valid multiple-choice question.			
Test Procedure :			Expected Result :	
Enter valid Question 1 with Options A–D & Correct answer.			Question 1 should be added to the list.	
Test ID : 8.1.11	Step No : 10.1	Attachment No. : 265	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:02



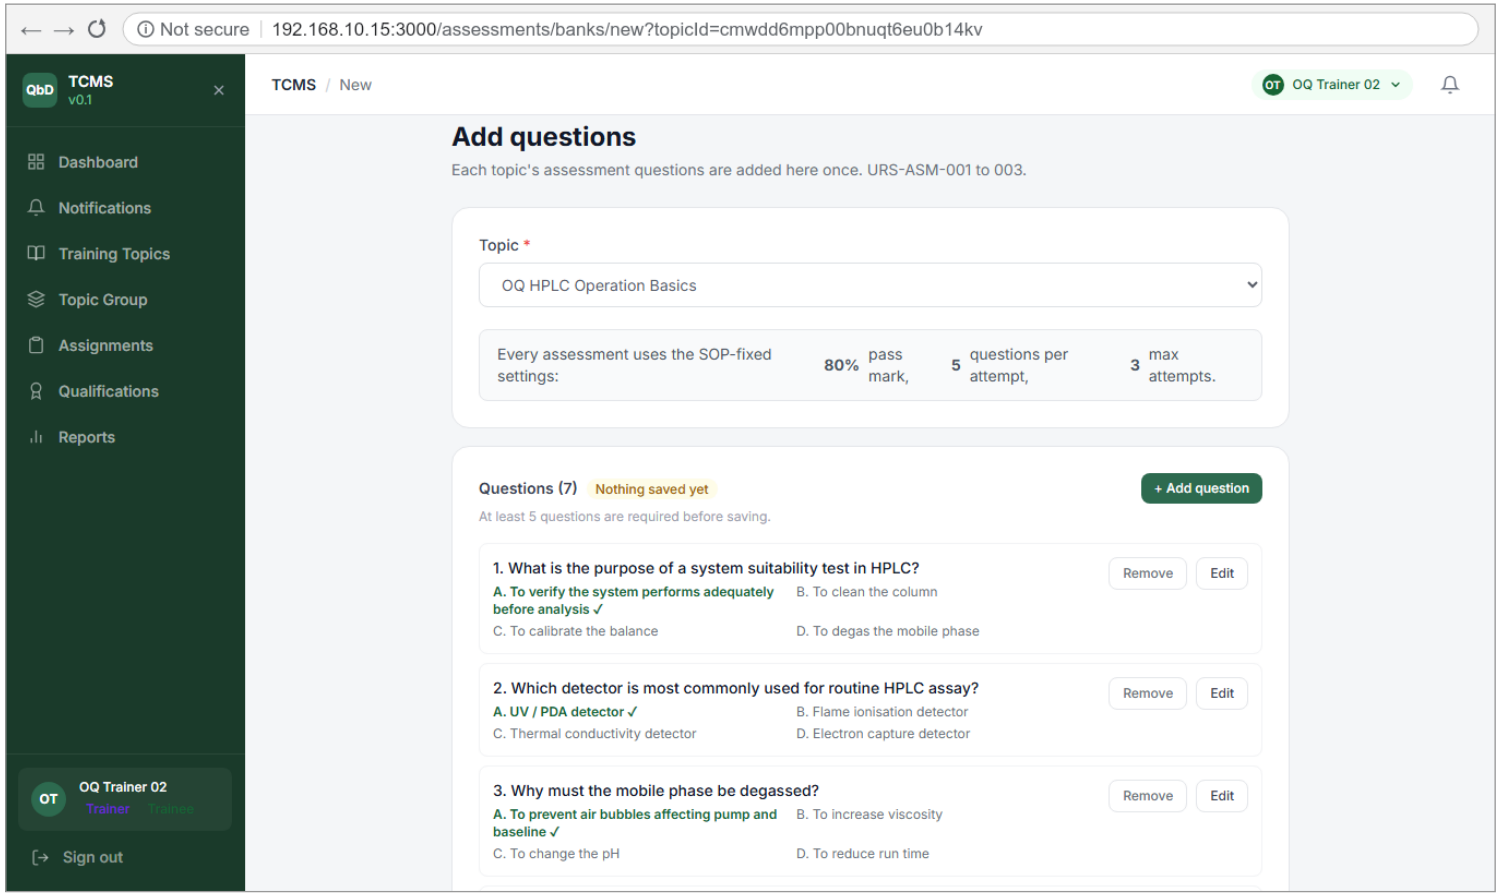
Test Objective :	To verify addition of further questions (Questions 2 & 3).			
Test Procedure :			Expected Result :	
Add Question 2 & Question 3 with valid options.			Questions 2 & 3 should be added.	
Test ID : 8.1.11	Step No : 11.1	Attachment No. : 266	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:02



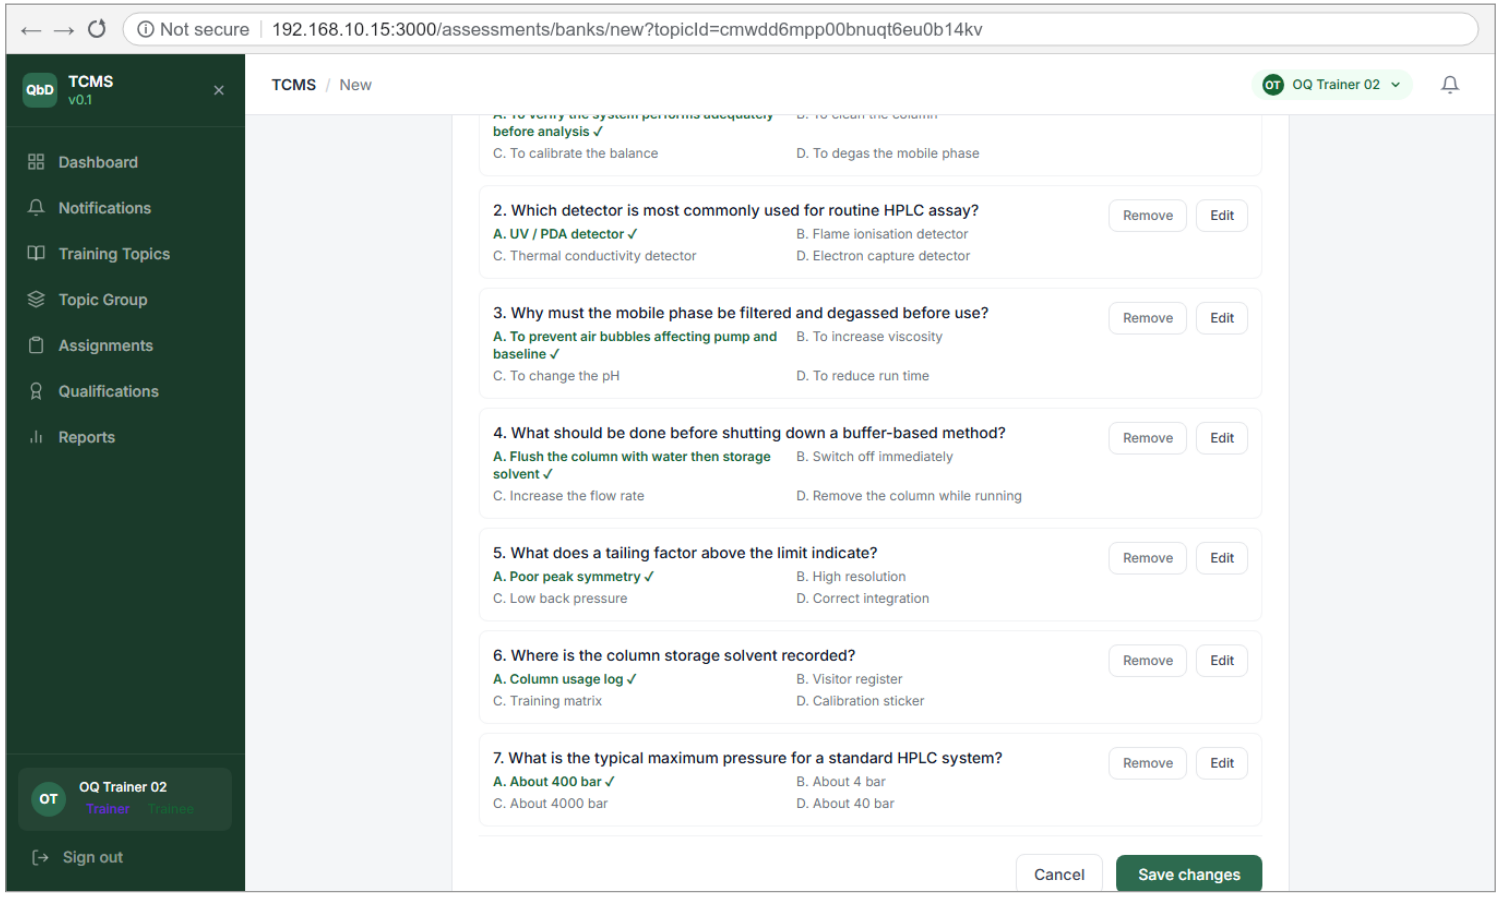
Test Objective :	To verify addition of further questions (Questions 4 & 5).			
Test Procedure :			Expected Result :	
Add Question 4 & Question 5 with valid options.			Questions 4 & 5 should be added.	
Test ID : 8.1.11	Step No : 12.1	Attachment No. : 267	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:02



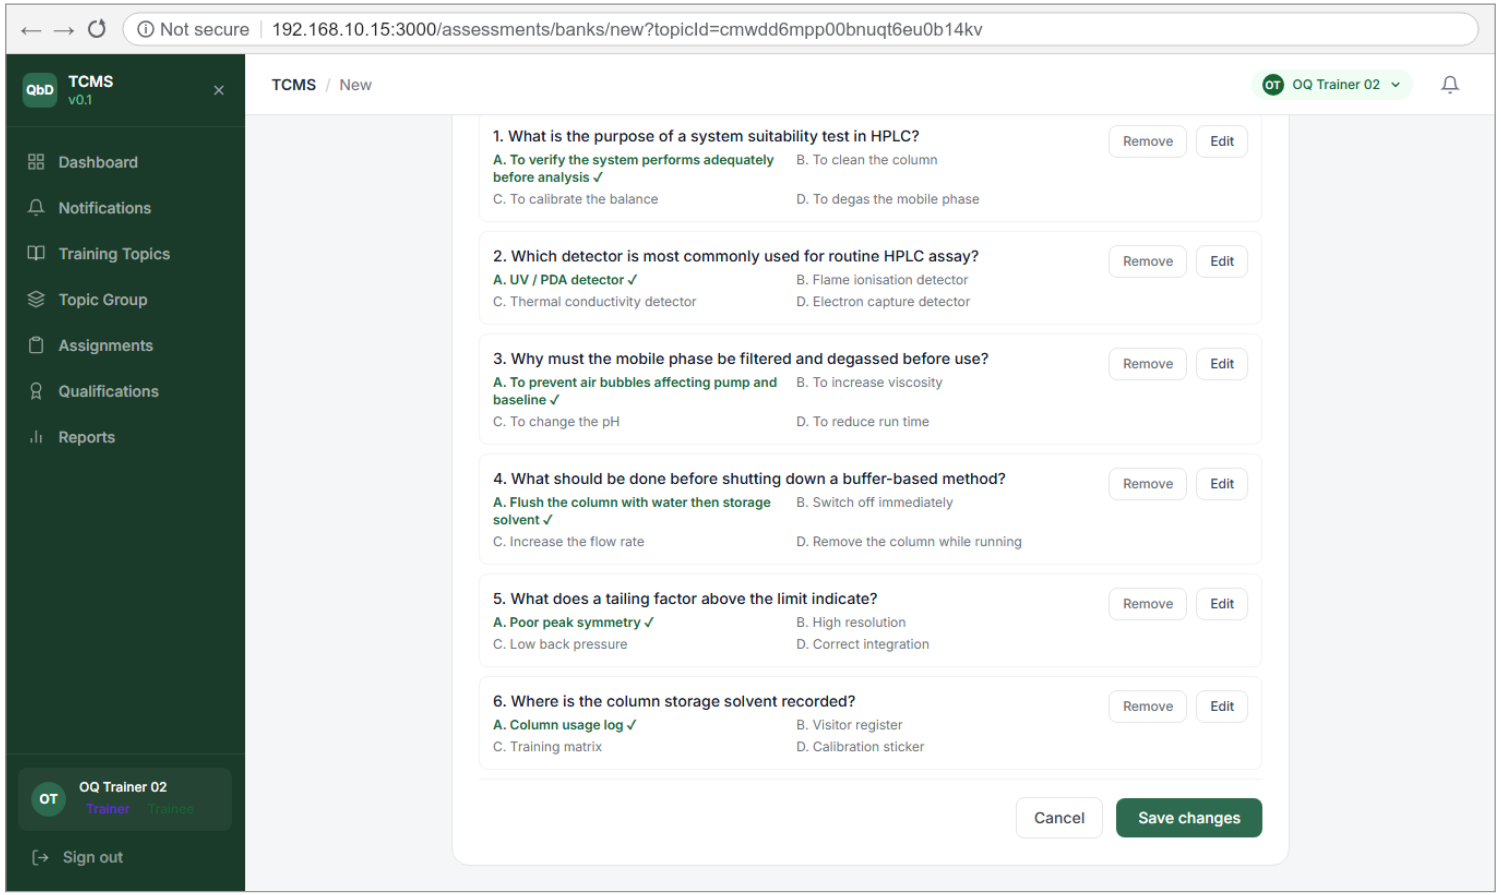
Test Objective :	To verify addition of questions beyond the per-attempt count.			
Test Procedure :			Expected Result :	
Add Question 6 & Question 7 with valid options.			Questions 6 & 7 should be added (total 7).	
Test ID : 8.1.11	Step No : 13.1	Attachment No. : 268	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:02



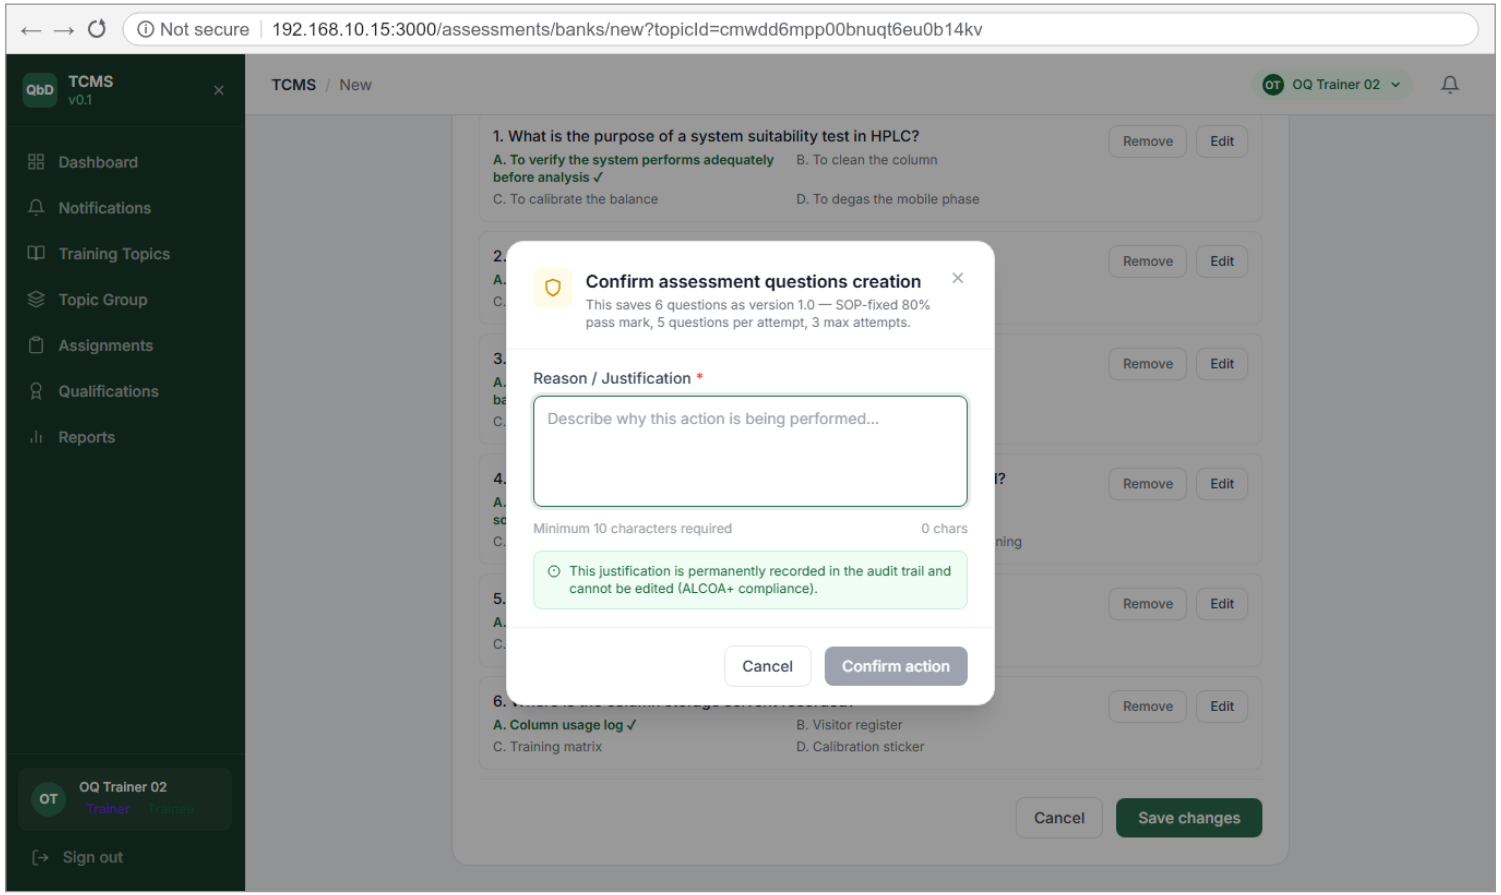
Test Objective :	To verify editing of a question before saving.			
Test Procedure :			Expected Result :	
Click on Edit for Question 3, modify the text & save.			Question 3 should be updated in the list.	
Test ID : 8.1.11	Step No : 14.1	Attachment No. : 269	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:02



Test Objective :	To verify removal of a question before saving.			
Test Procedure :			Expected Result :	
Click on Remove for Question 7.			Question 7 should be removed (total 6).	
Test ID : 8.1.11	Step No : 15.1	Attachment No. : 270	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:02



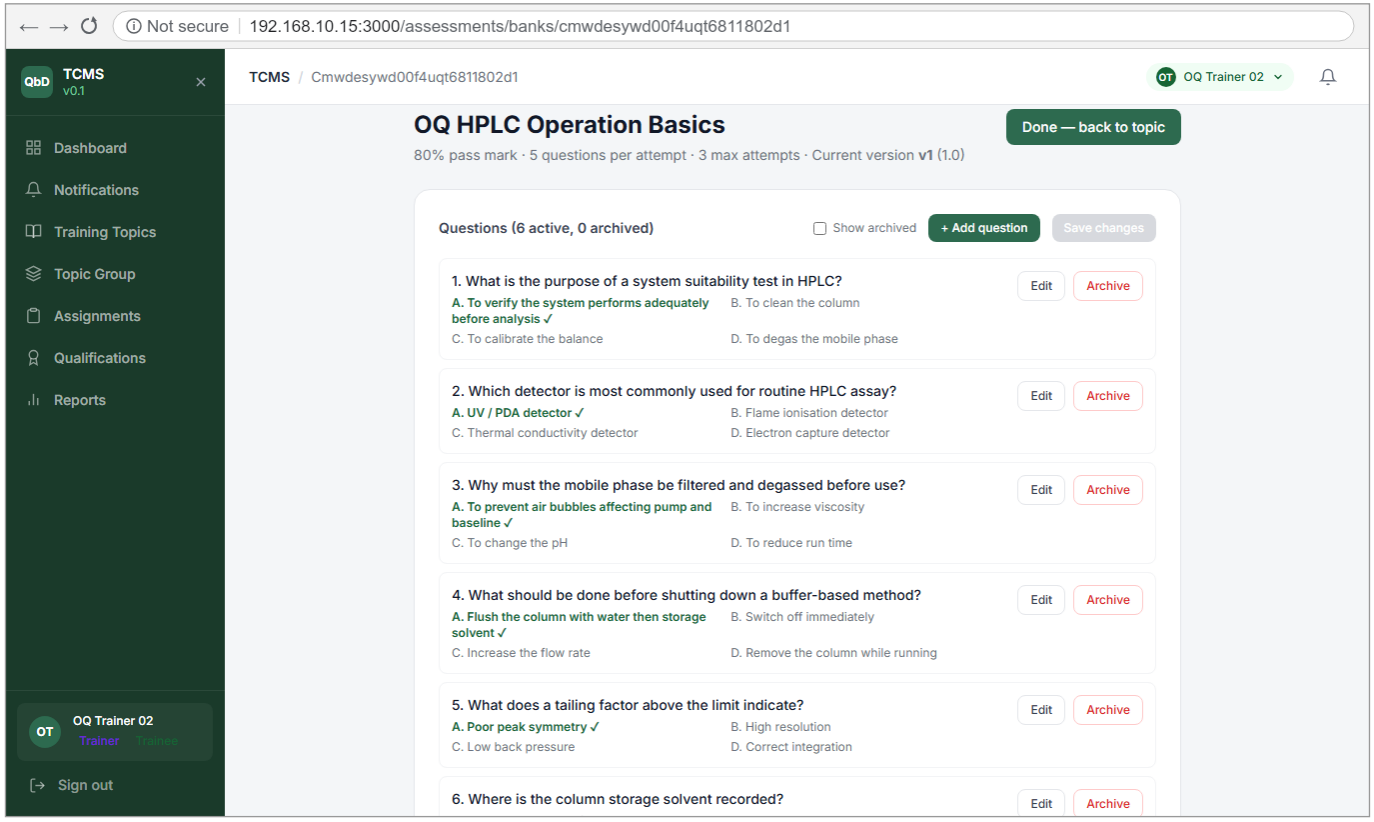
Test Objective :	To verify that question bank creation requests electronic signature.			
Test Procedure :			Expected Result :	
Click on Save changes.			"Confirm assessment questions creation" window should be displayed.	
Test ID : 8.1.11	Step No : 16.1	Attachment No. : 271	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:02



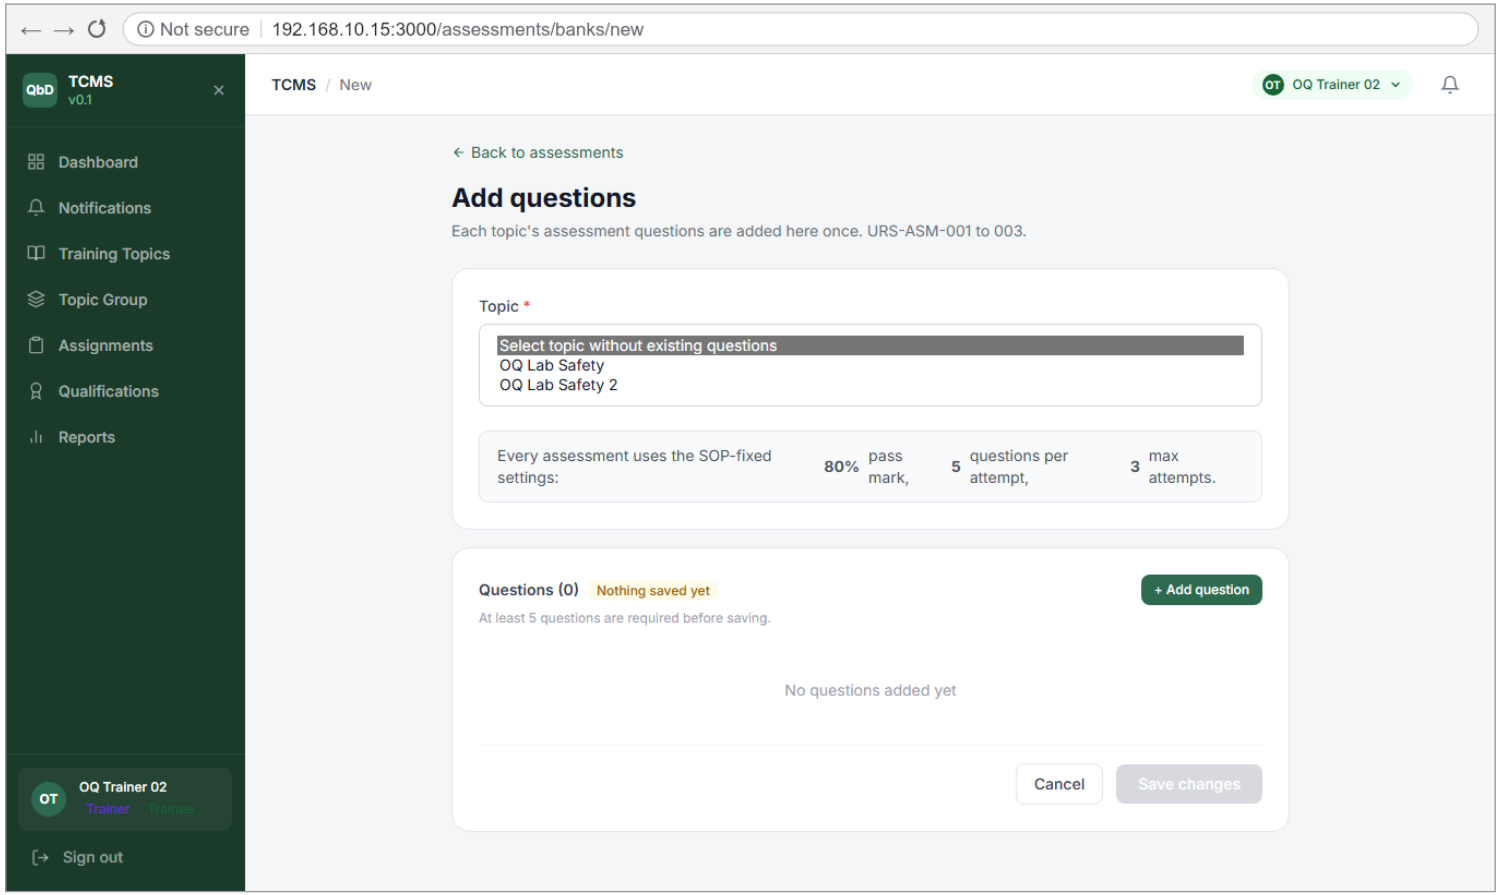
OPERATIONAL QUALIFICATION SCREENSHOTS FOR TCMS APPLICATION VER. 1.0

DOCUMENT NO.: LGC/QBD/0002	TITLE : COMPUTER SYSTEM VALIDATION OF TCMS

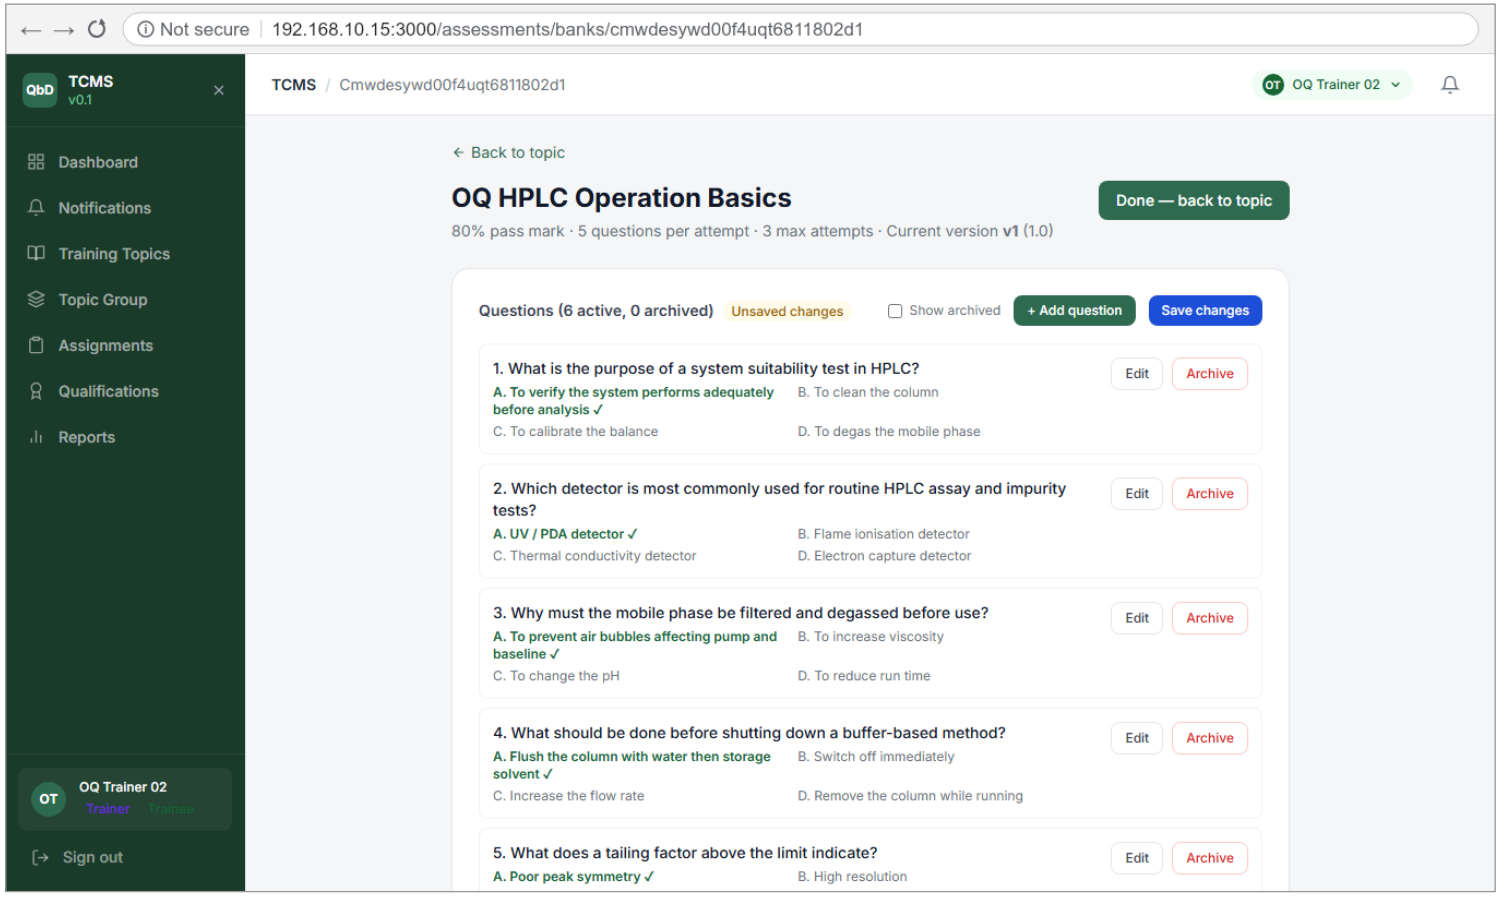
Test Objective :	To verify saving of the question bank as Version 1.0.			
Test Procedure :			Expected Result :	
In "Confirm assessment questions creation" window, type Reason / Justification (minimum 10 characters), then click on "Confirm action" button.			Question bank should be saved as Version 1.0.	
Test ID : 8.1.11	Step No : 17.1	Attachment No. : 272	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:02



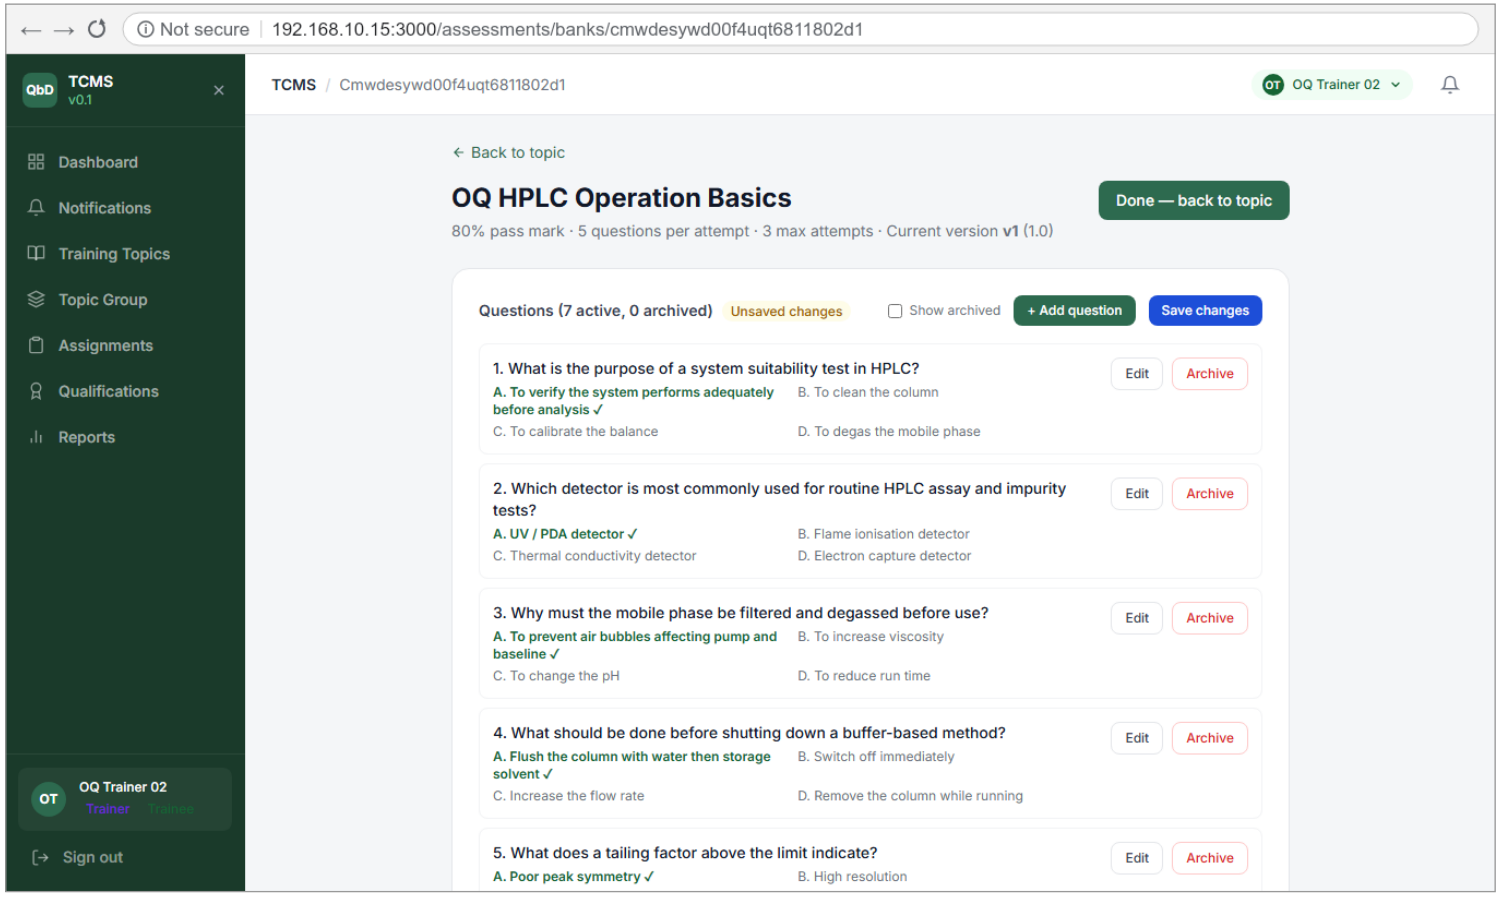
Test Objective :	To verify that a second question bank cannot be created for the same topic.			
Test Procedure :			Expected Result :	
Try to create questions again for the same topic.			Topic should not be listed in "Select topic without existing questions".	
Test ID : 8.1.11	Step No : 18.1	Attachment No. : 273	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:03



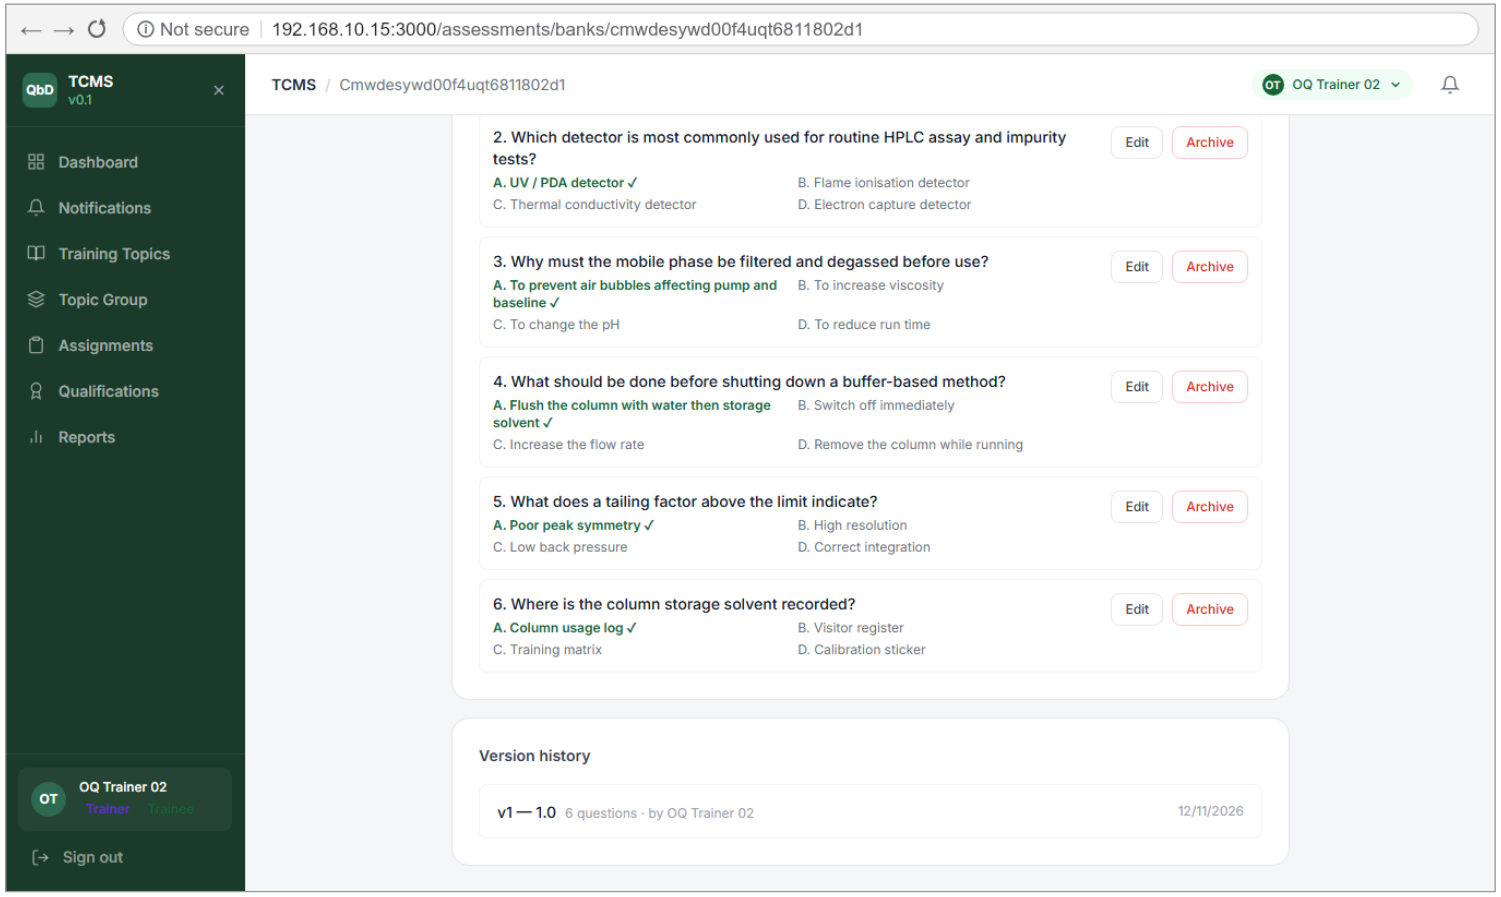
Test Objective :	To verify that edits to a saved question bank are staged as unsaved changes.			
Test Procedure :			Expected Result :	
Open the question bank & click on Edit for Question 2. Modify & save.			"Unsaved changes" indicator should be displayed.	
Test ID : 8.1.11	Step No : 19.1	Attachment No. : 274	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:03



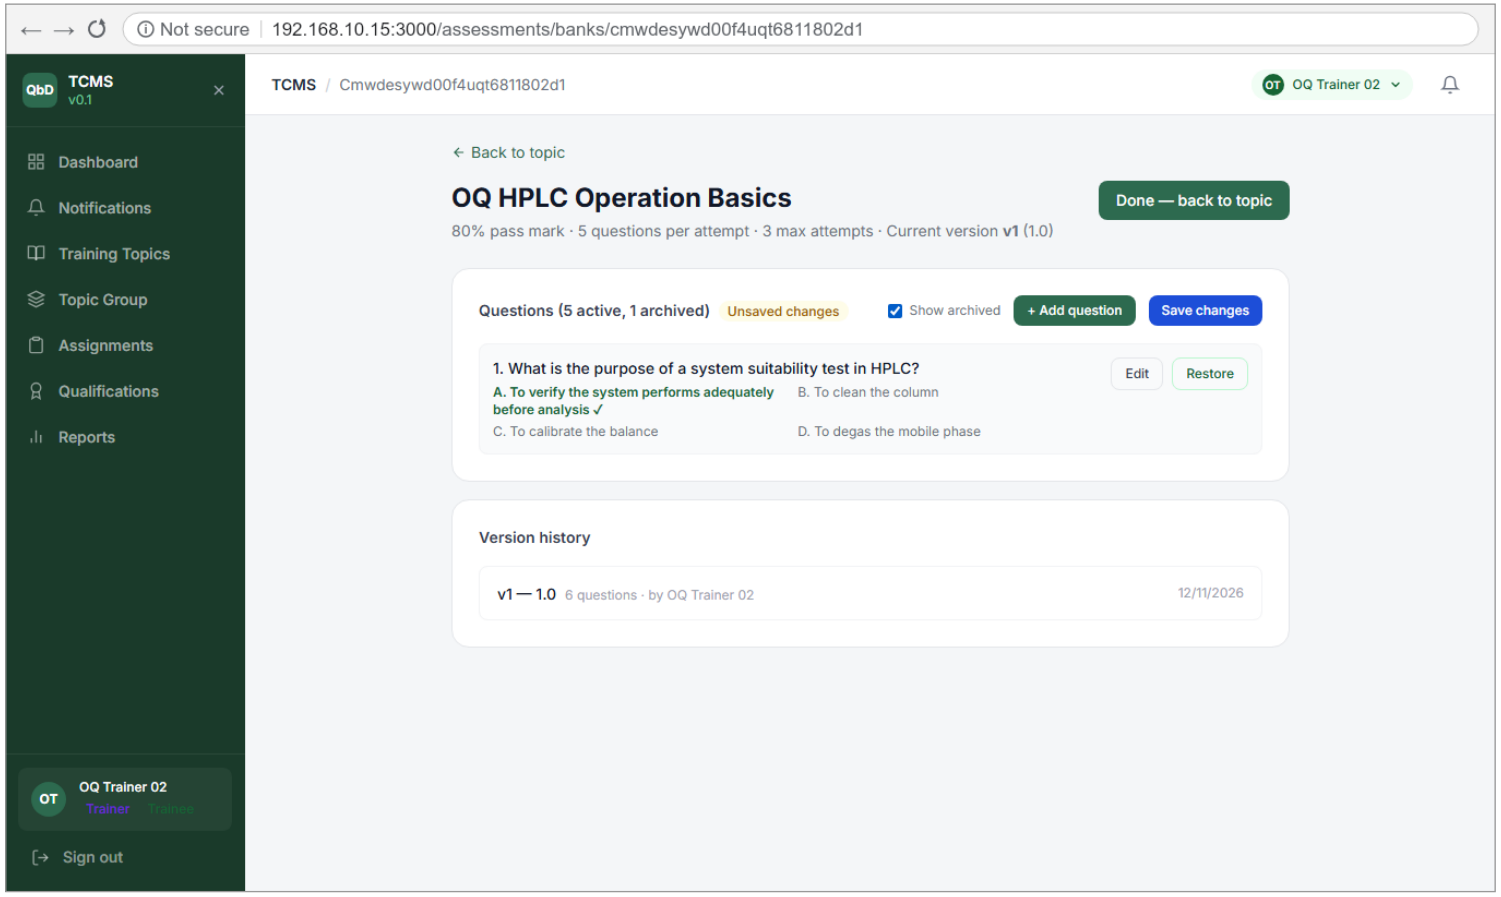
Test Objective :	To verify addition of a new question to a saved question bank.			
Test Procedure :			Expected Result :	
Click on "+ Add question" & add Question 8.			Question 8 should be displayed as "new".	
Test ID : 8.1.11	Step No : 20.1	Attachment No. : 275	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:03



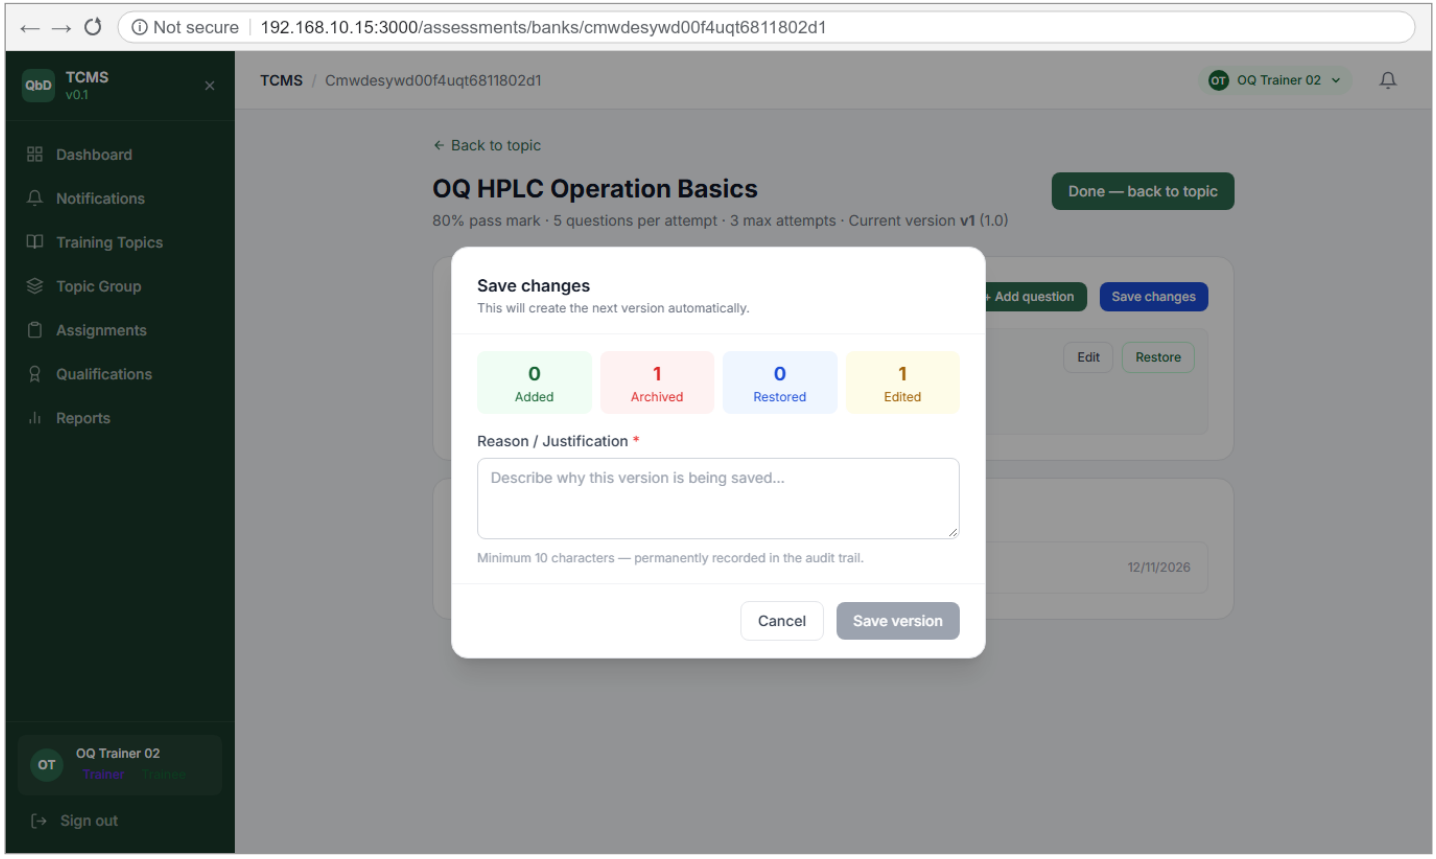
Test Objective :	To verify that a newly added unsaved question can be discarded.			
Test Procedure :			Expected Result :	
Click on Discard for Question 8.			Question 8 should be discarded & removed from the list.	
Test ID : 8.1.11	Step No : 21.1	Attachment No. : 276	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:03



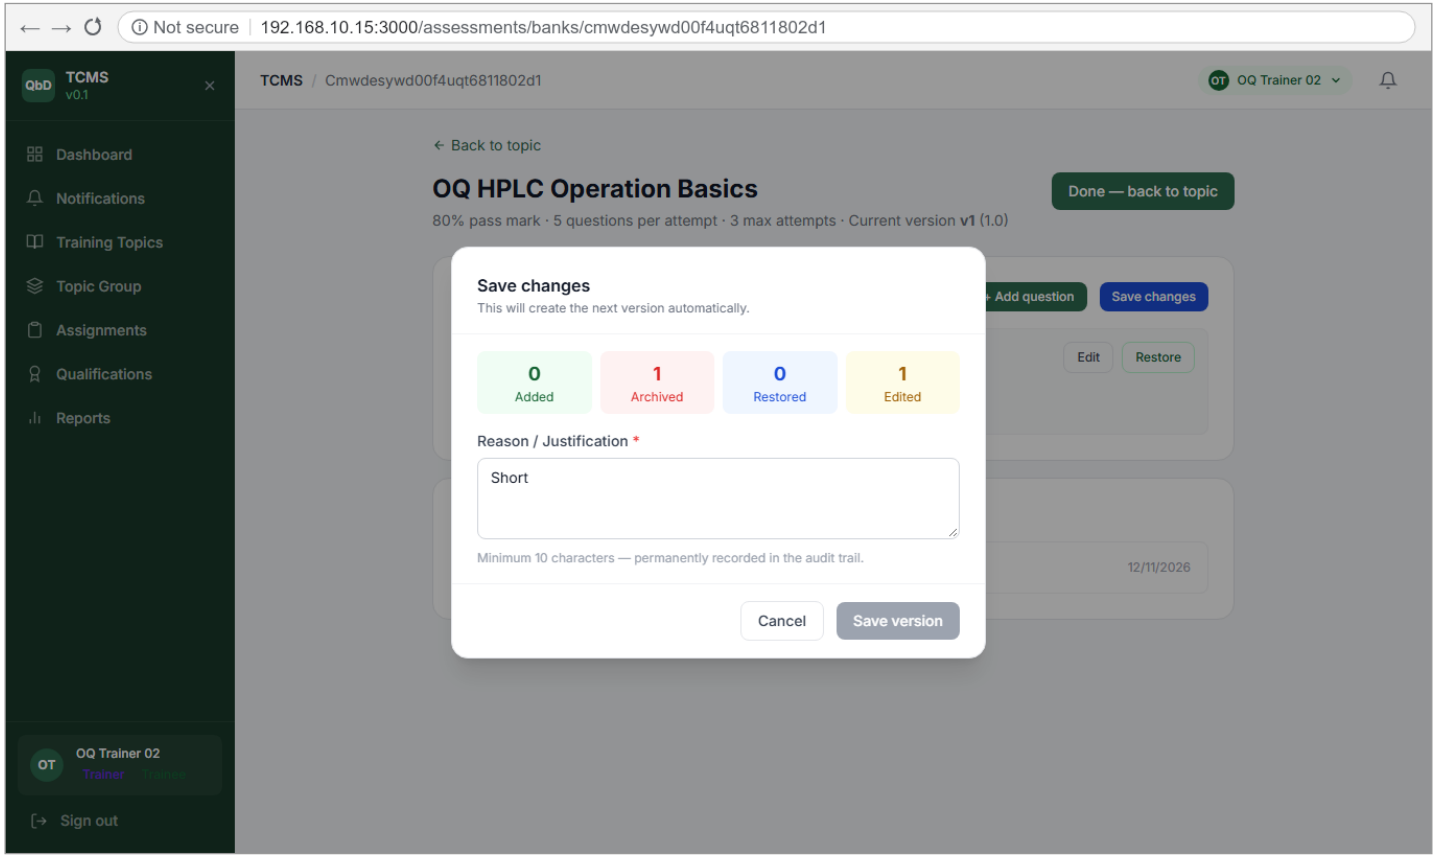
Test Objective :	To verify archiving of a saved question.			
Test Procedure :			Expected Result :	
Archive Question 1.			Question 1 should be marked as archived (visible with "Show archived").	
Test ID : 8.1.11	Step No : 22.1	Attachment No. : 277	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:03



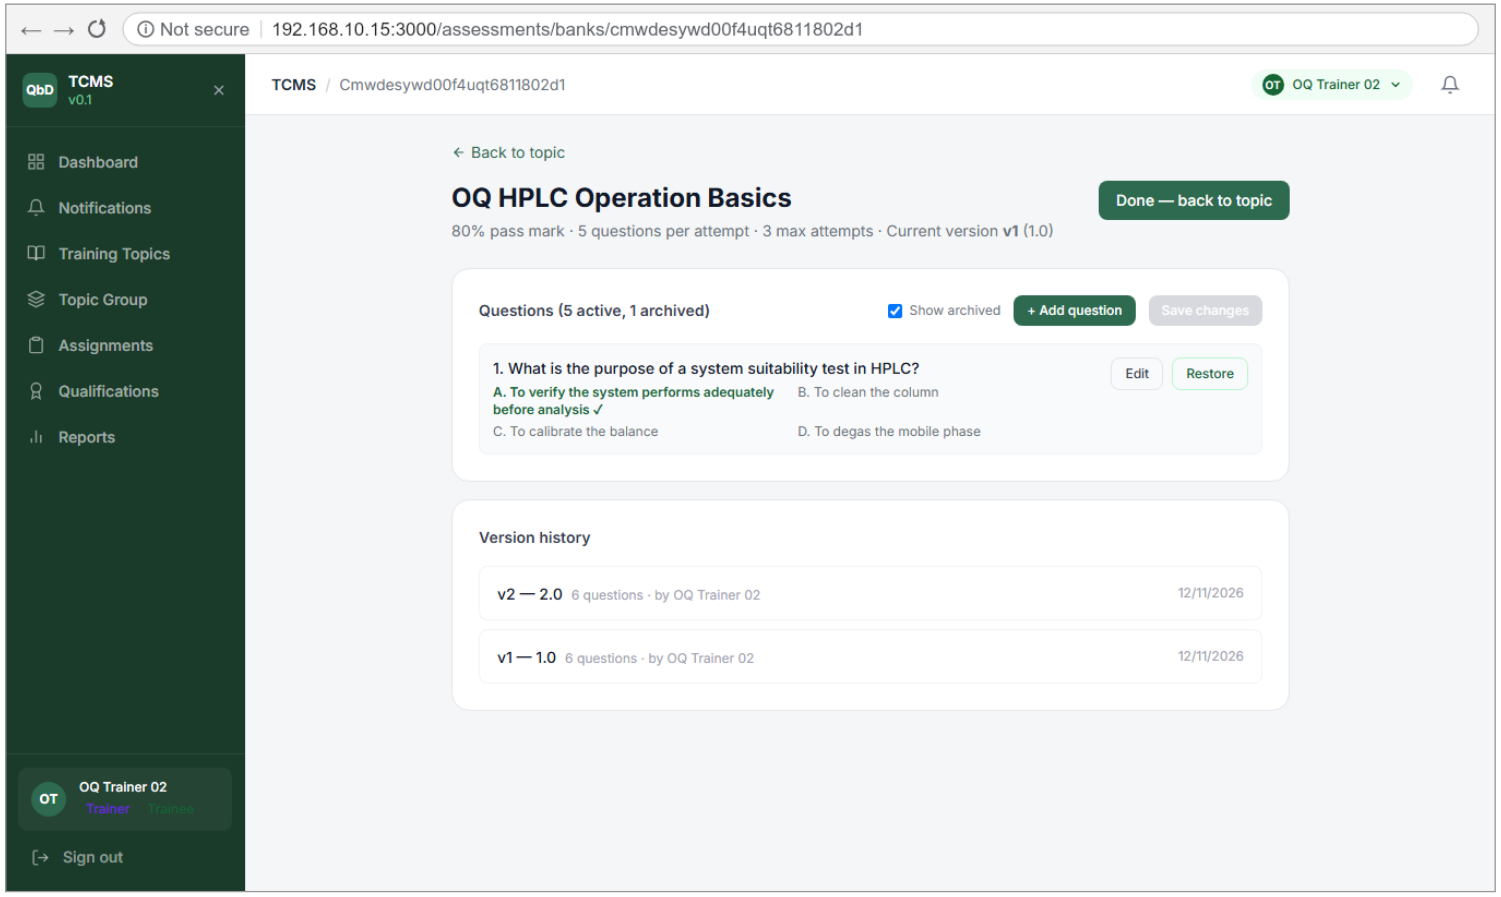
Test Objective :	To verify that saving changes creates the next version automatically.			
Test Procedure :			Expected Result :	
Click on "Save changes".			"Save changes — This will create the next version automatically." window should be displayed.	
Test ID : 8.1.11	Step No : 23.1	Attachment No. : 278	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:03



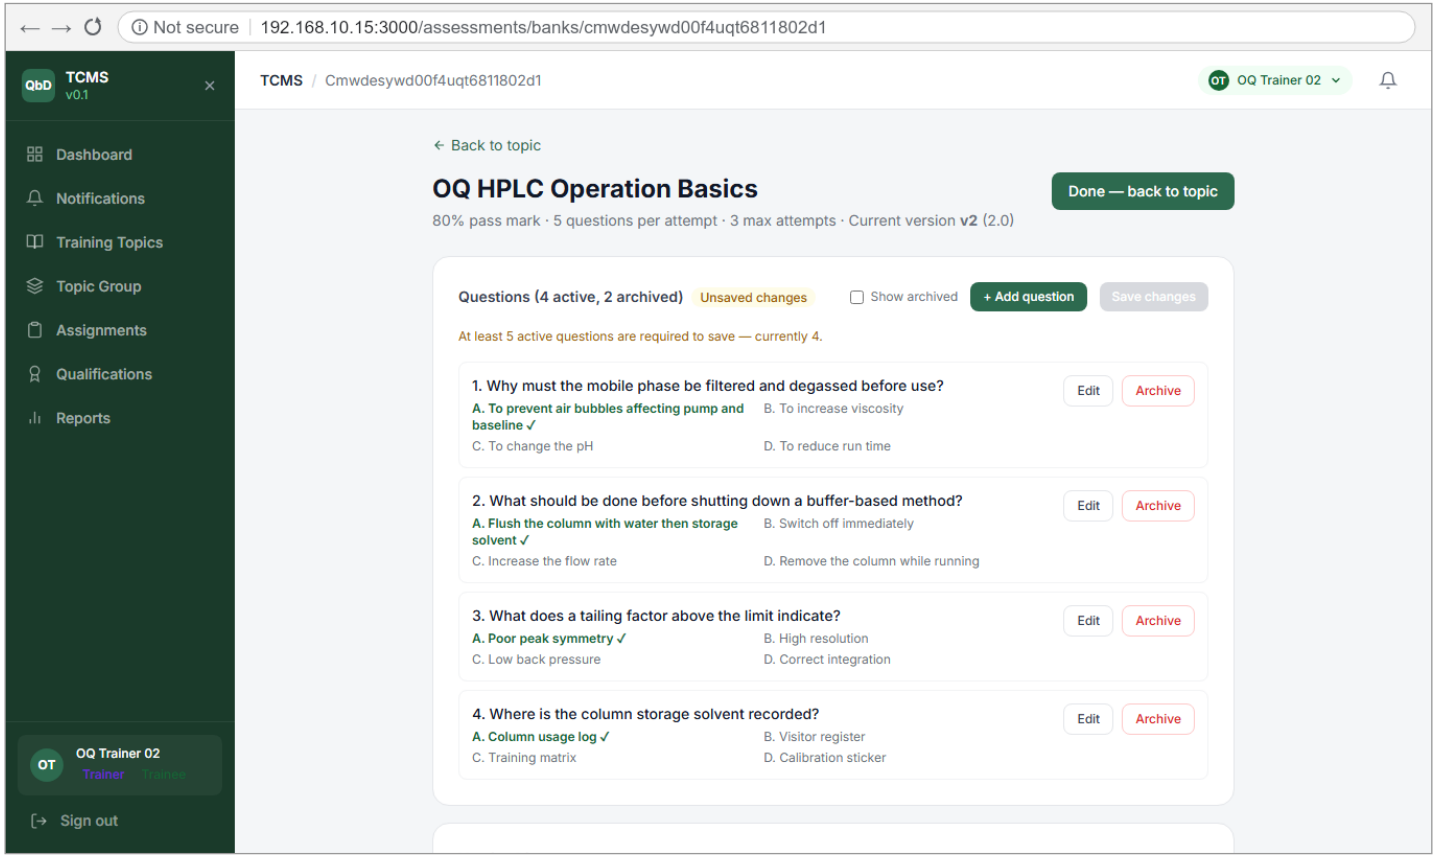
Test Objective :	To verify that a justification of minimum 10 characters is required to save a new version.			
Test Procedure :			Expected Result :	
Enter Reason / Justification of less than 10 characters.			"Minimum 10 characters — permanently recorded in the audit trail." should be displayed & Save disabled.	
Test ID : 8.1.11	Step No : 24.1	Attachment No. : 279	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:03



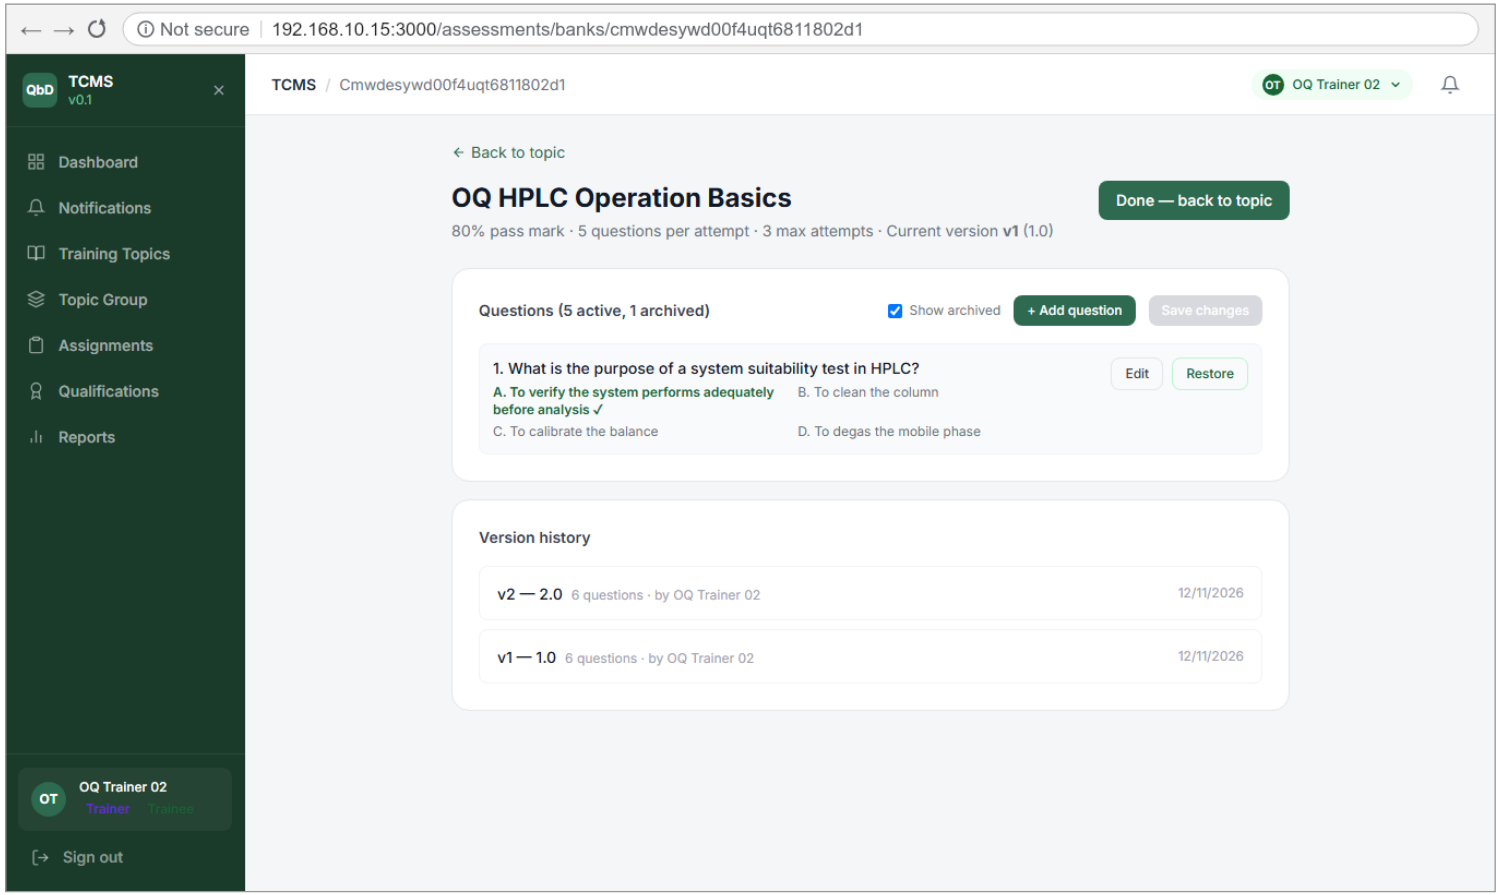
Test Objective :	To verify creation of question bank Version 2.0.			
Test Procedure :			Expected Result :	
Enter valid Reason / Justification & click on Save version.			Version 2.0 should be created.	
Test ID : 8.1.11	Step No : 25.1	Attachment No. : 280	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:03



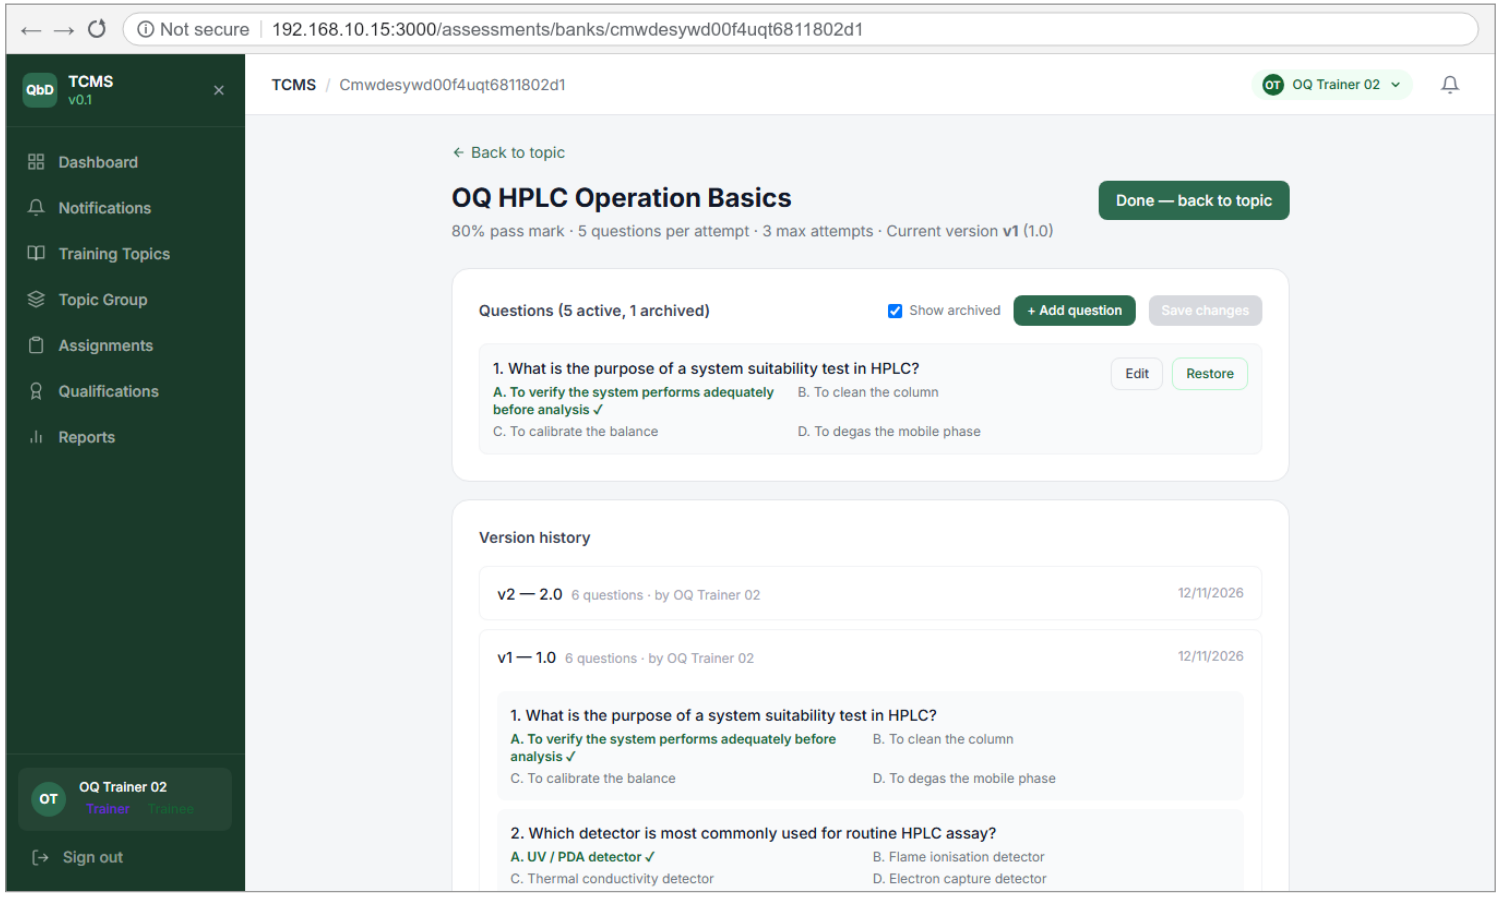
Test Objective :	To verify that a version must contain at least 5 active questions.			
Test Procedure :			Expected Result :	
Archive questions until fewer than 5 active questions remain & verify Save changes.			"Save changes" should be disabled ("At least 5 active questions are required to save").	
Test ID : 8.1.11	Step No : 26.1	Attachment No. : 281	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:05



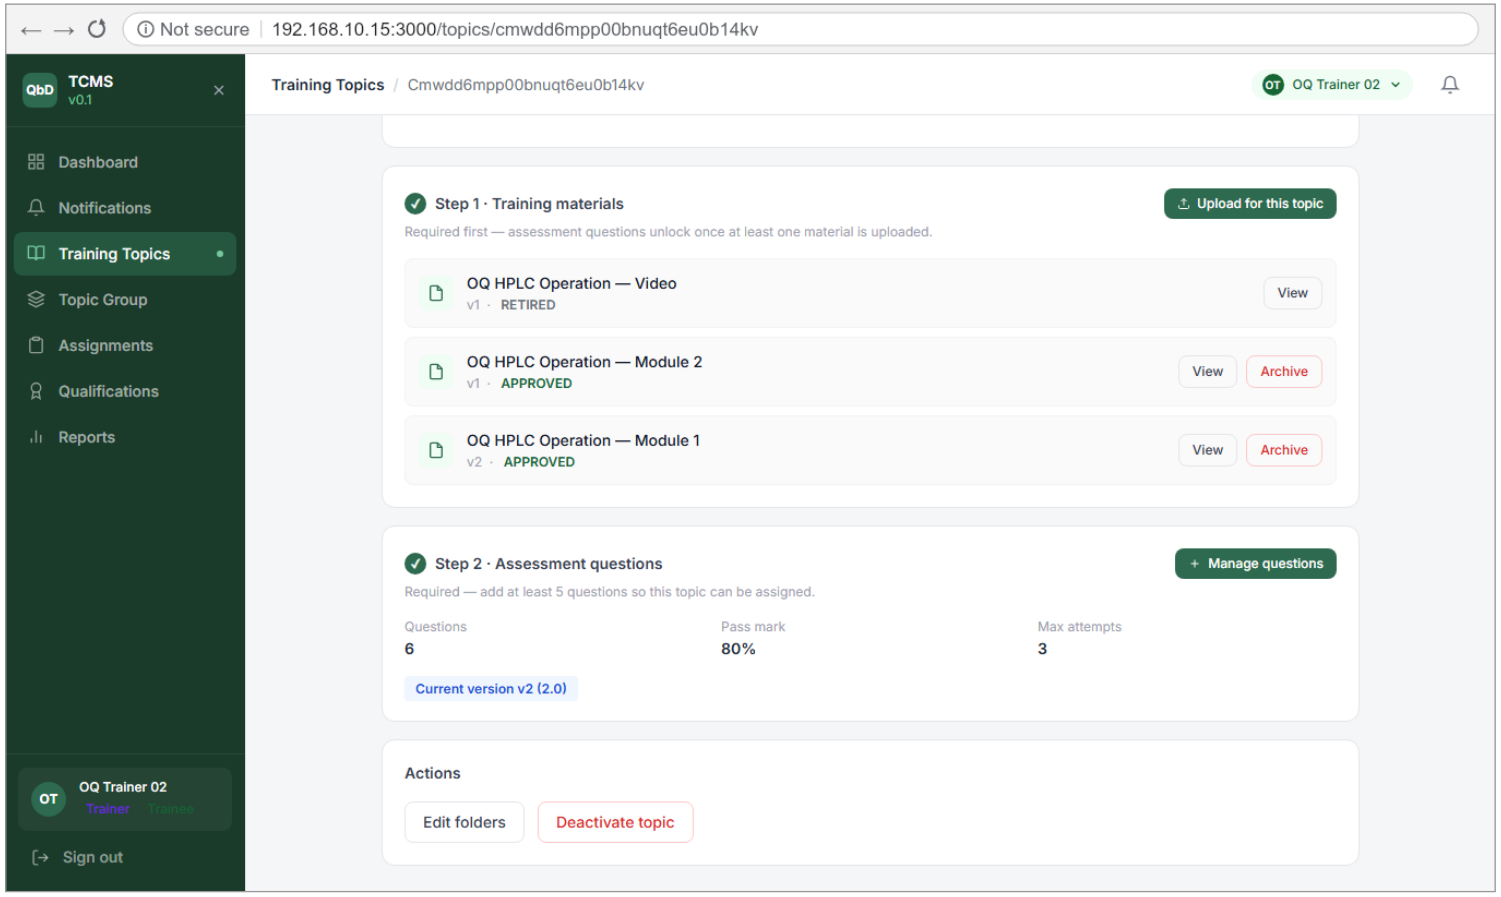
Test Objective :	To verify the question bank version history.			
Test Procedure :			Expected Result :	
Open "Version history".			Version 1.0 and 2.0 should be listed with date and user.	
Test ID : 8.1.11	Step No : 27.1	Attachment No. : 282	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:04



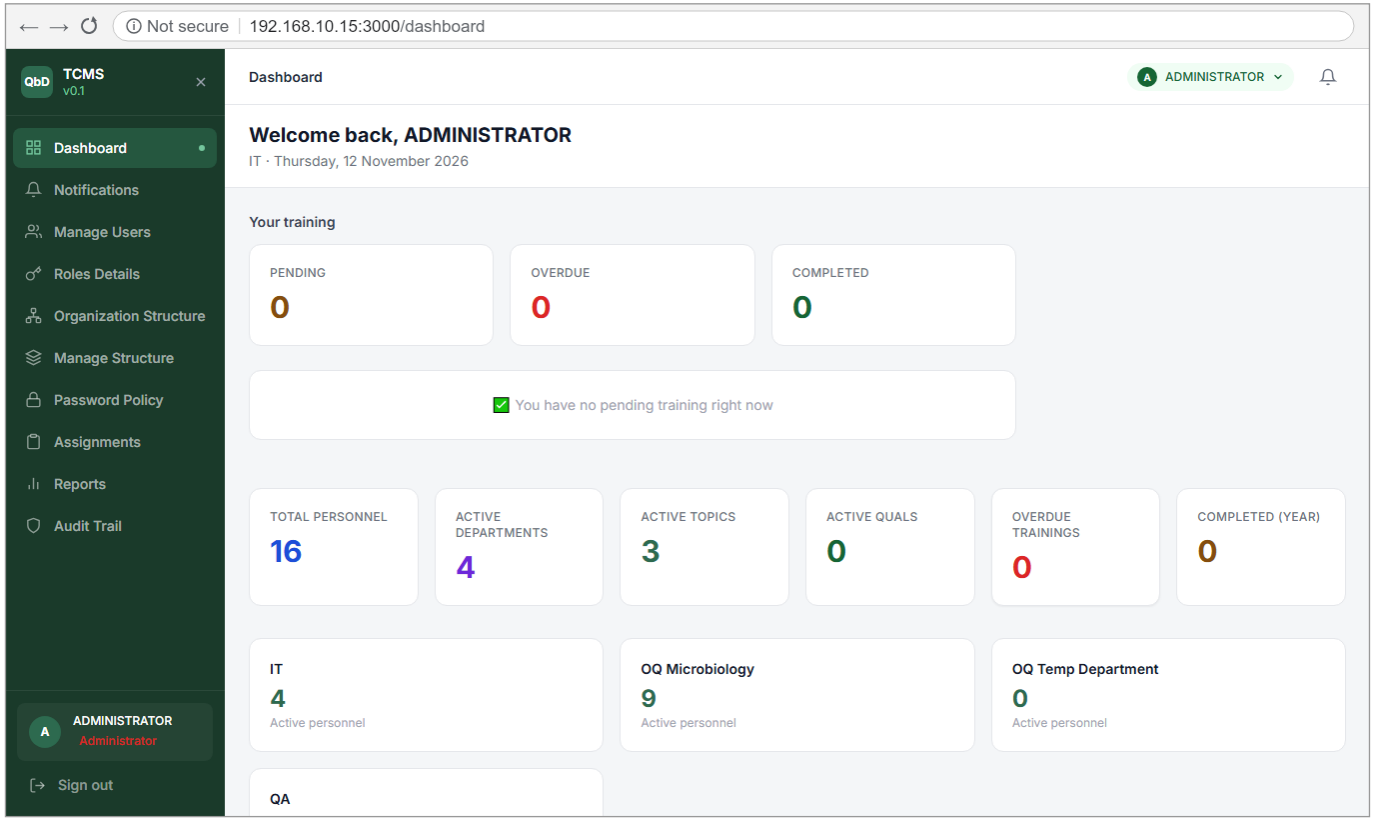
Test Objective :	To verify that previous versions are retained in read-only mode.			
Test Procedure :			Expected Result :	
Click on Version 1.0.			Questions of Version 1.0 should be displayed in read-only mode.	
Test ID : 8.1.11	Step No : 28.1	Attachment No. : 283	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:04



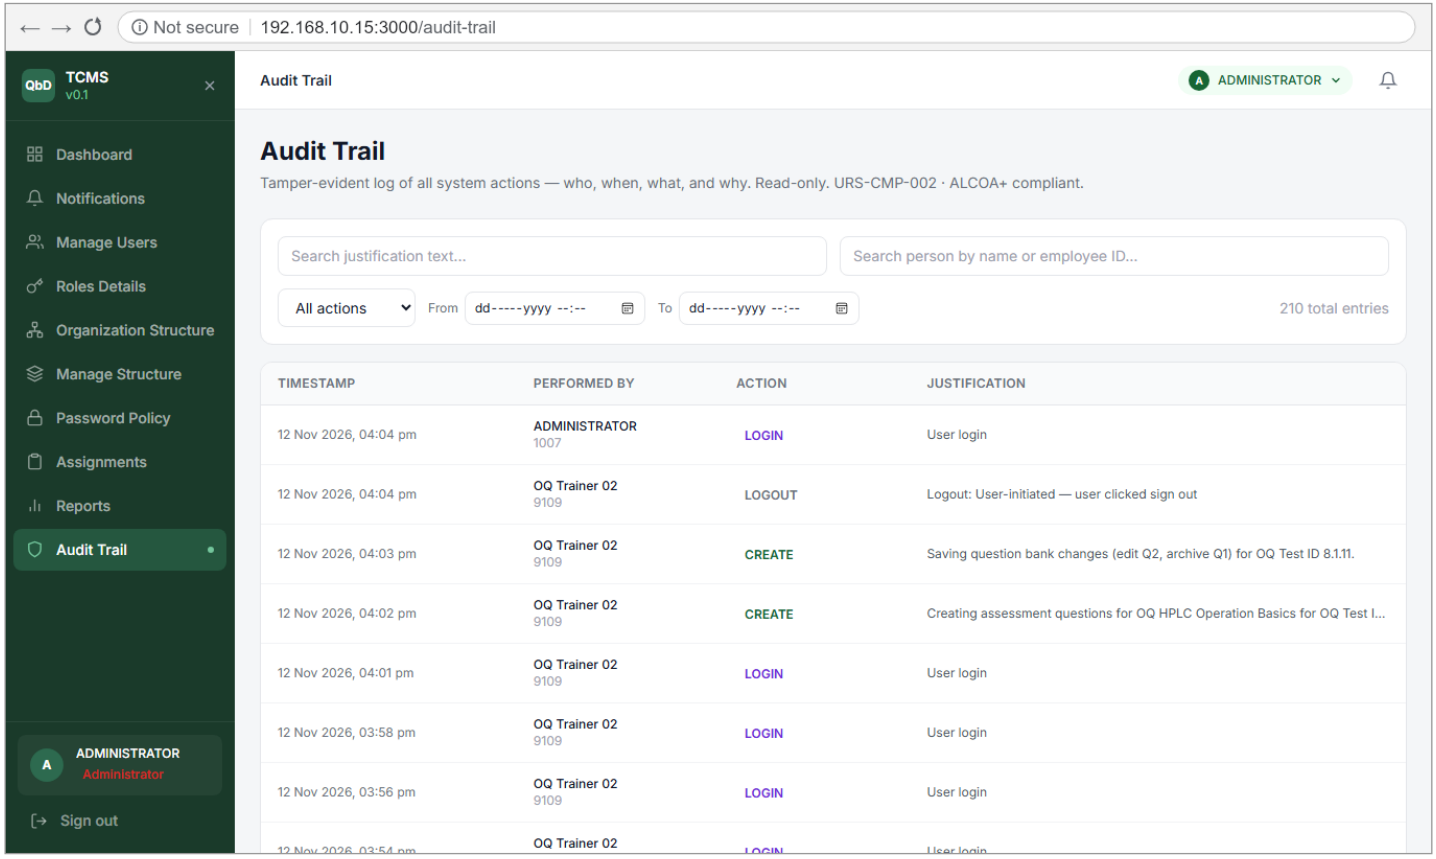
Test Objective :	To verify the assessment summary displayed on the topic page.			
Test Procedure :			Expected Result :	
Click on "Done — back to topic".			Topic page should display Questions, Pass mark (80%) & Max attempts (3).	
Test ID : 8.1.11	Step No : 29.1	Attachment No. : 284	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:06



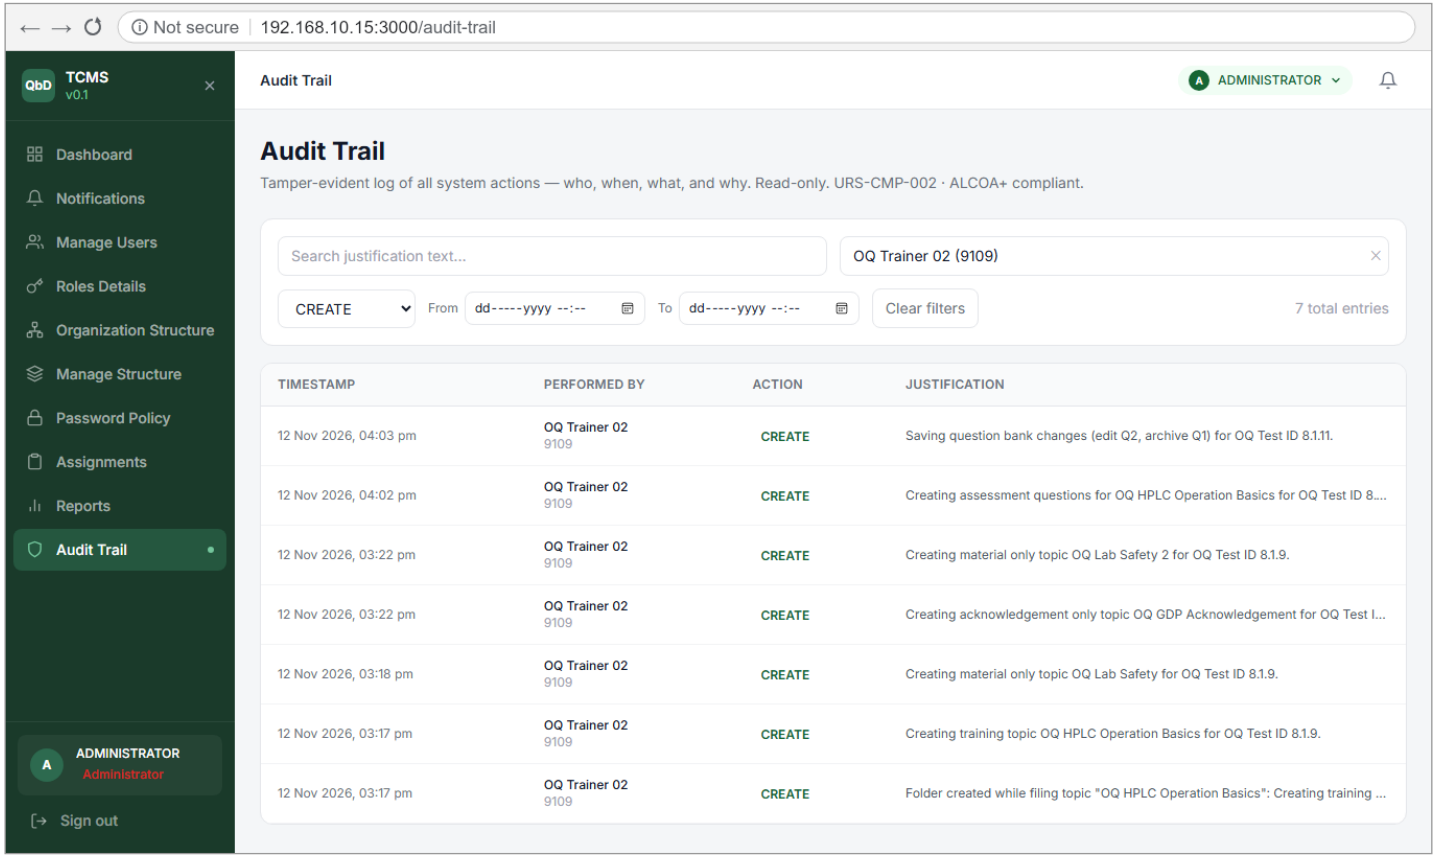
Test Objective :	To verify successful login with Administrator credentials and role-wise menu display.			
Test Procedure :			**Expected Result :**	
Sign out from the current user. Open TCMS application URL (http://192.168.10.15:3000) in Microsoft Edge. Type Employee ID / Password & click on Sign in button (with Administrator level privilege).			Dashboard should be displayed with the menus applicable to Administrator role.	
Test ID : 8.1.11	Step No : 30.1	Attachment No. : 285	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:04



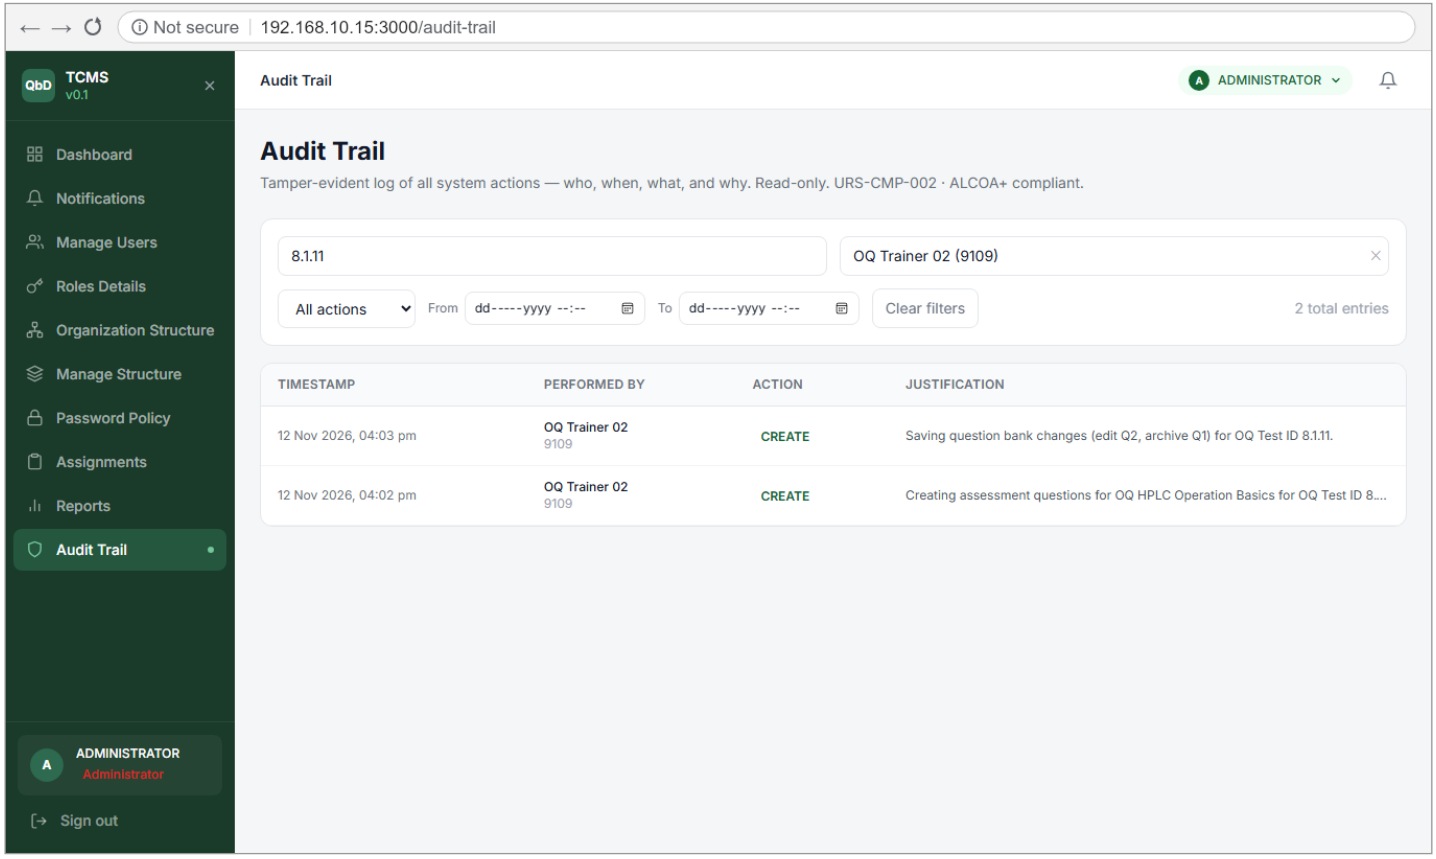
Test Objective :	To verify navigation to the Audit Trail page.			
Test Procedure :			Expected Result :	
Click on "Audit Trail" menu from the left panel.			Audit Trail page should be displayed with Timestamp, Performed By, Action & Justification columns.	
Test ID : 8.1.11	Step No : 31.1	Attachment No. : 286	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:04



Test Objective :	To verify filtering of the audit trail by user and action (CREATE).			
Test Procedure :			**Expected Result :**	
Search the performing user by name / Employee ID & select "CREATE" from the All actions drop-down.			Audit log entries should be filtered for the selected user and action.	
Test ID : 8.1.11	Step No : 32.1	Attachment No. : 287	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:04



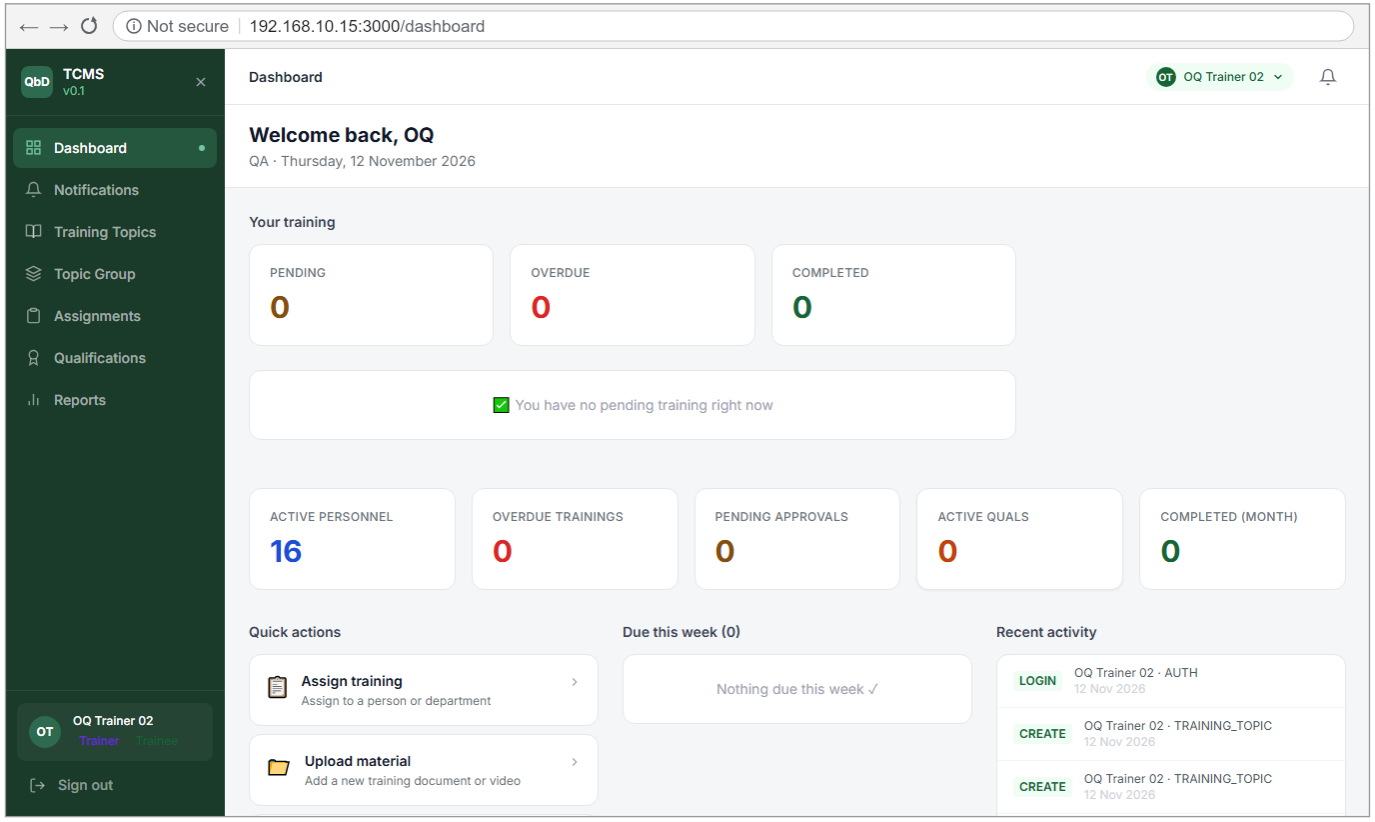
Test Objective :	To verify that the audit trail records creation and versioning of assessment questions.			
Test Procedure :			**Expected Result :**	
Verify the audit trail entry for creation and versioning of assessment questions.			Audit entries should display Timestamp (dd MMM yyyy, hh:mm am/pm), Performed By (name & Employee ID), Action = CREATE (version 1.0 & 2.0) and the Justification.	
Test ID : 8.1.11	Step No : 33.1	Attachment No. : 288	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:04



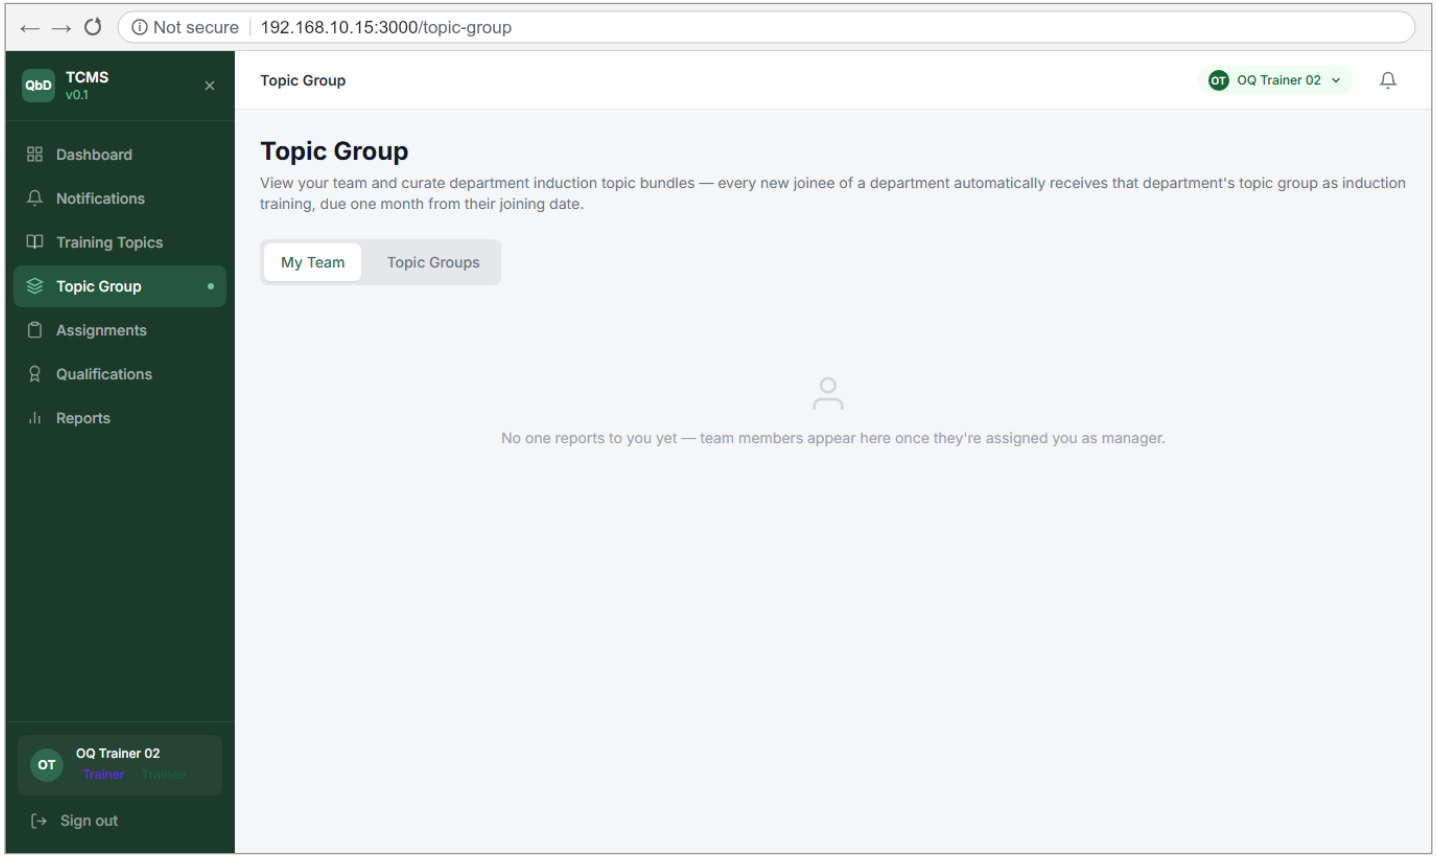
OPERATIONAL QUALIFICATION SCREENSHOTS FOR TCMS APPLICATION VER. 1.0

DOCUMENT NO.: LGC/QBD/0002	TITLE : COMPUTER SYSTEM VALIDATION OF TCMS

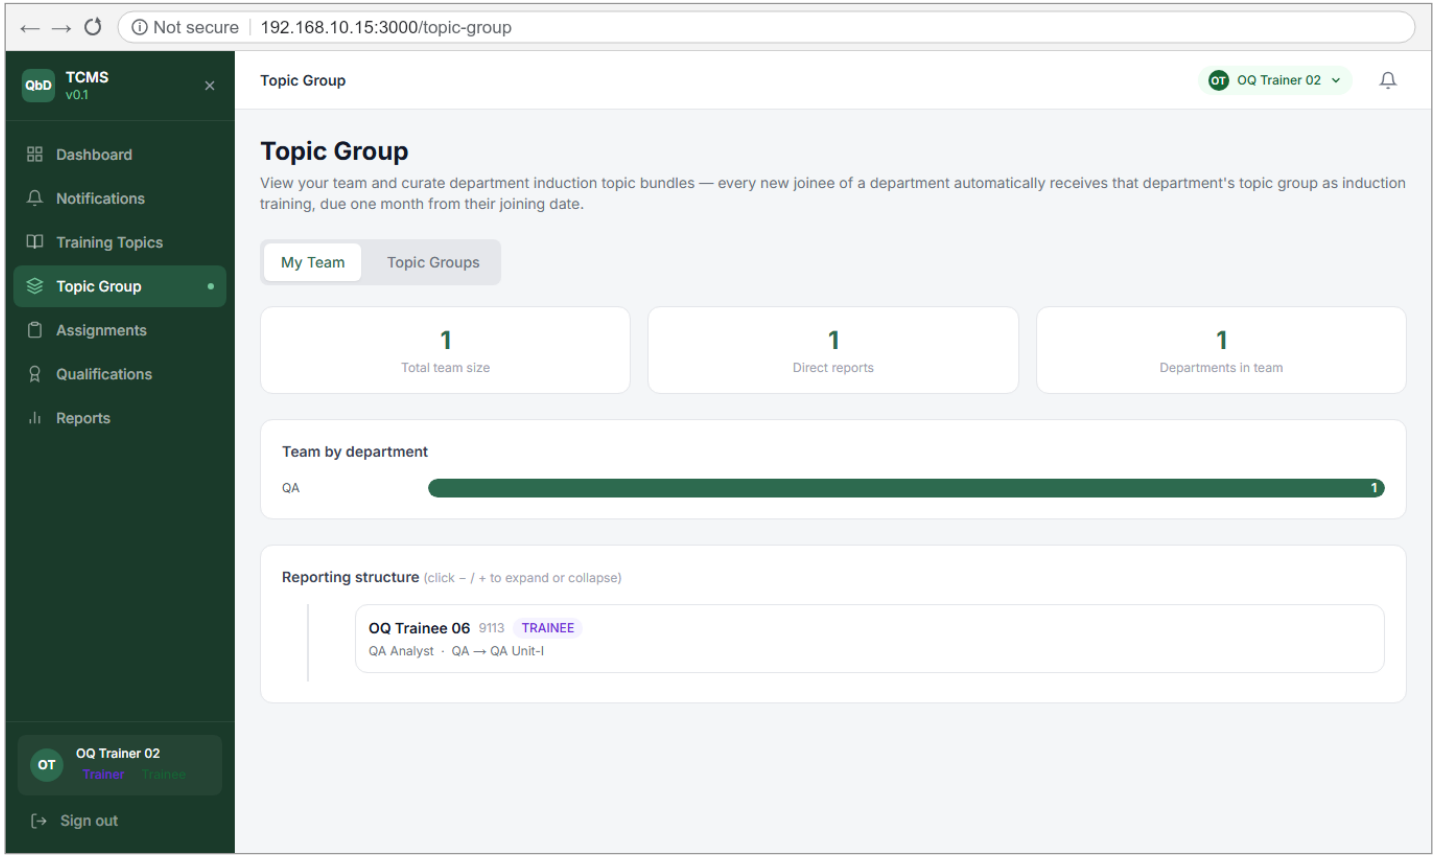
Test Objective :	To verify successful login with Trainer (QA Department) credentials and role-wise menu display.			
Test Procedure :			**Expected Result :**	
Open TCMS application URL (http://192.168.10.15:3000) in Microsoft Edge. Type Employee ID / Password & click on Sign in button (with Trainer (QA Department) level privilege).			Dashboard should be displayed with the menus applicable to Trainer (QA Department) role.	
Test ID : 8.1.12	Step No : 1.1	Attachment No. : 289	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:10



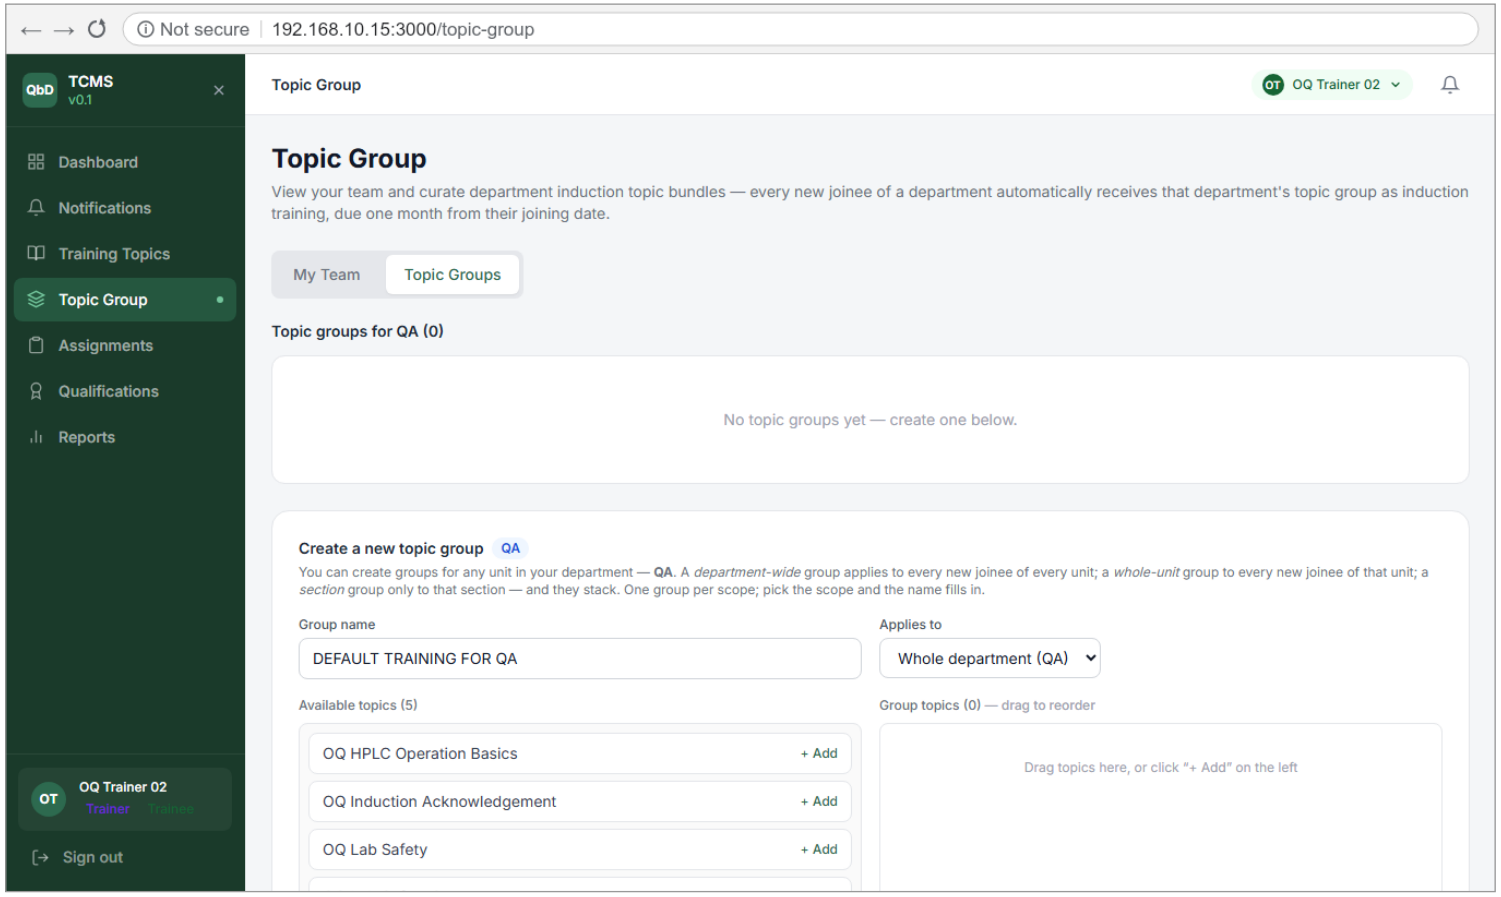
Test Objective :	To verify navigation to the Topic Group page.			
Test Procedure :			Expected Result :	
Click on "Topic Group" menu from the left panel.			Topic Group page should be displayed with "My Team" & "Topic Groups" tabs.	
Test ID : 8.1.12	Step No : 2.1	Attachment No. : 290	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:11



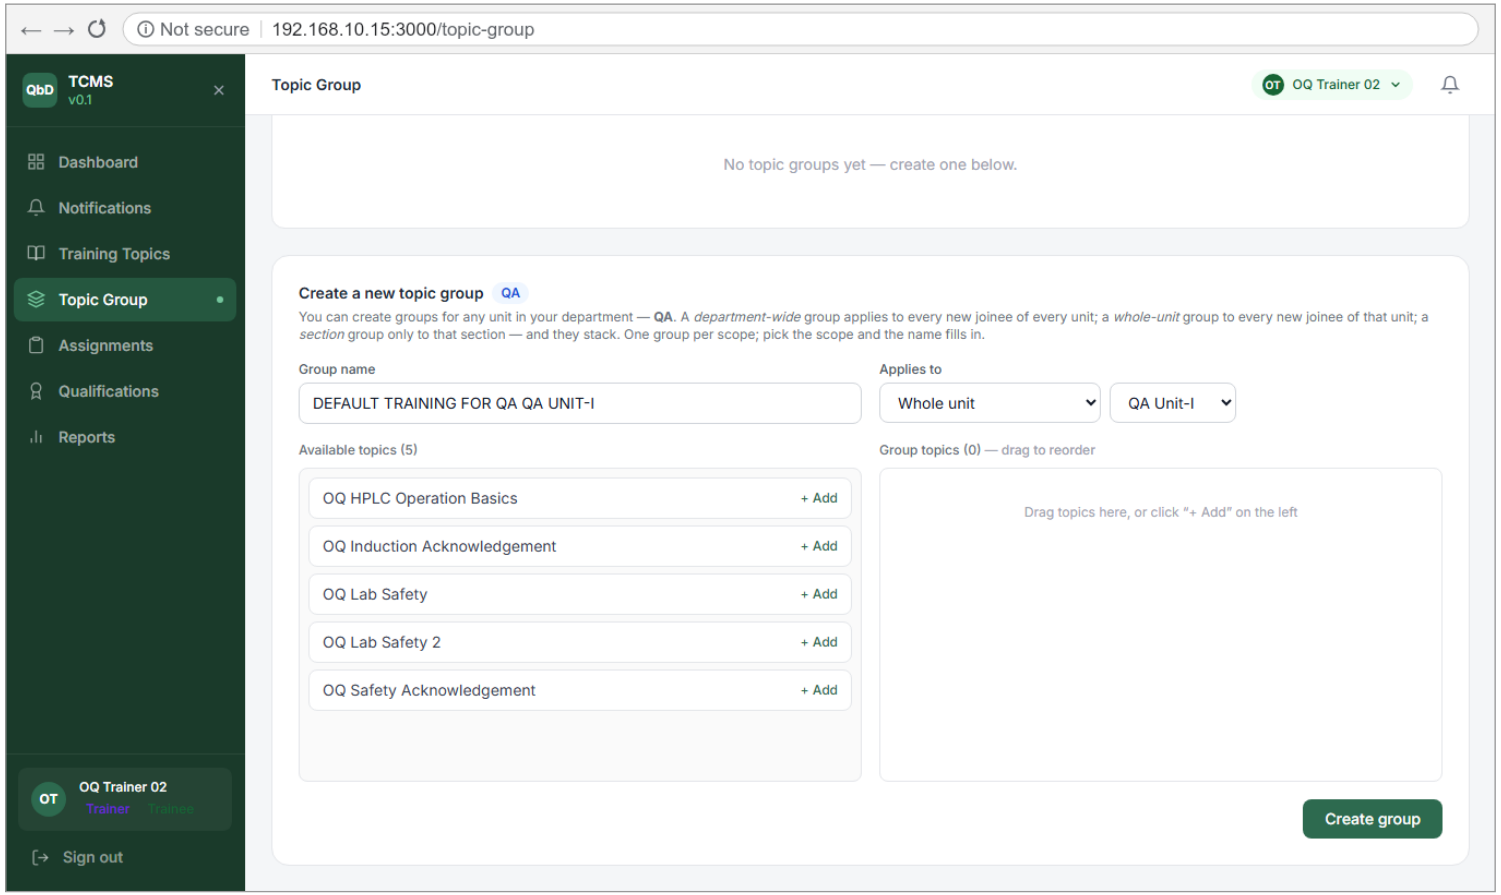
Test Objective :	To verify the team overview of the logged-in Trainer.			
Test Procedure :			Expected Result :	
Click on "My Team" tab.			Total team size, Direct reports, Departments in team, Team by department & Reporting structure should be displayed.	
Test ID : 8.1.12	Step No : 3.1	Attachment No. : 291	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:13



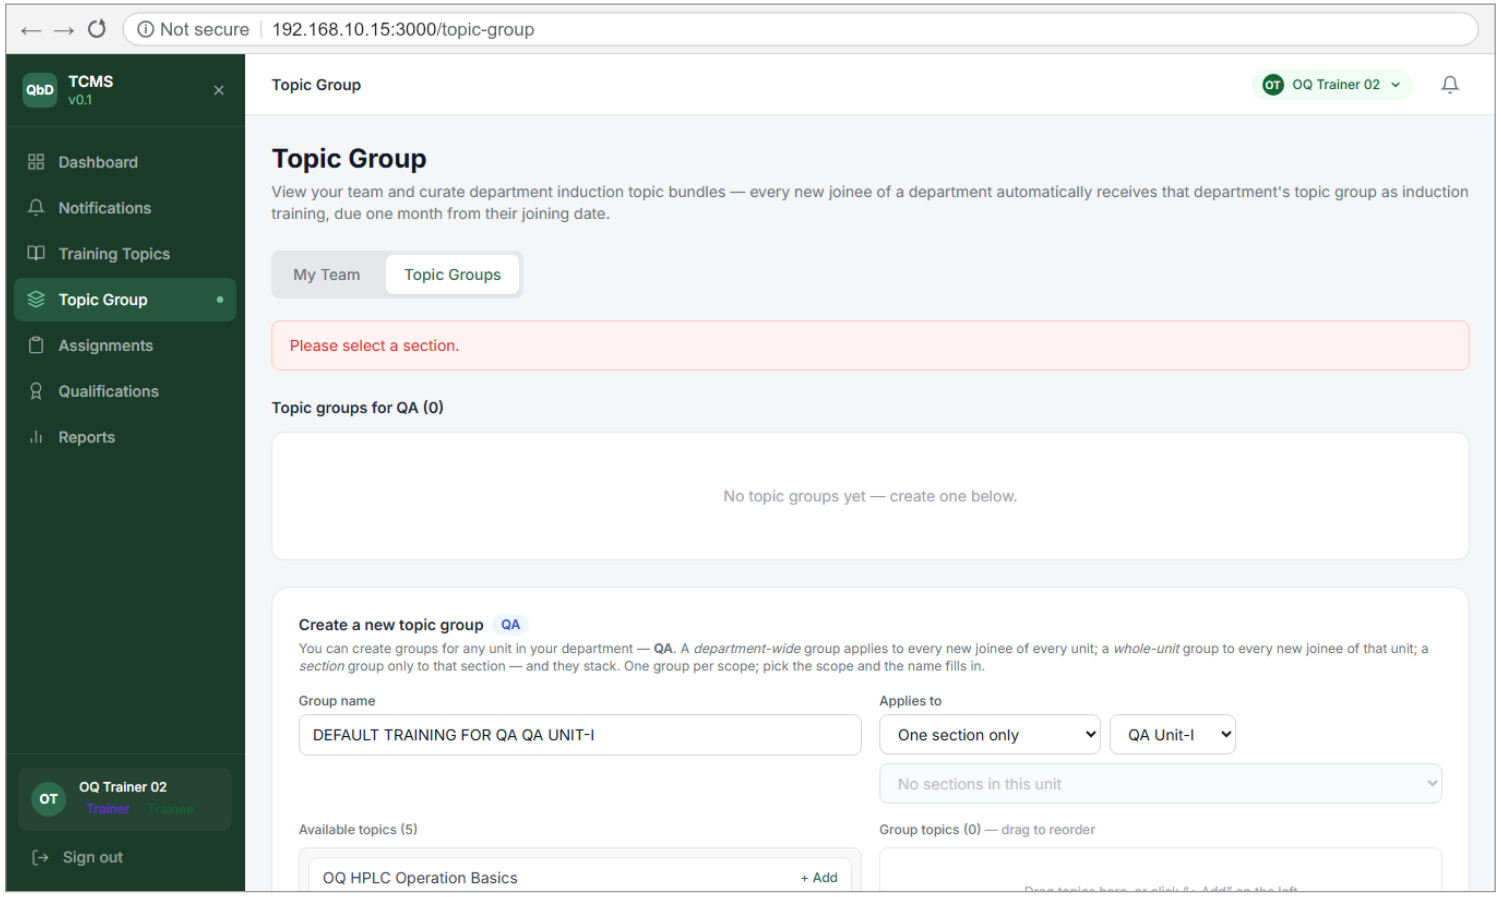
Test Objective :	To verify the list of existing topic groups.			
Test Procedure :			Expected Result :	
Click on "Topic Groups" tab.			Existing topic groups & "Create a new topic group" should be displayed.	
Test ID : 8.1.12	Step No : 4.1	Attachment No. : 292	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:11



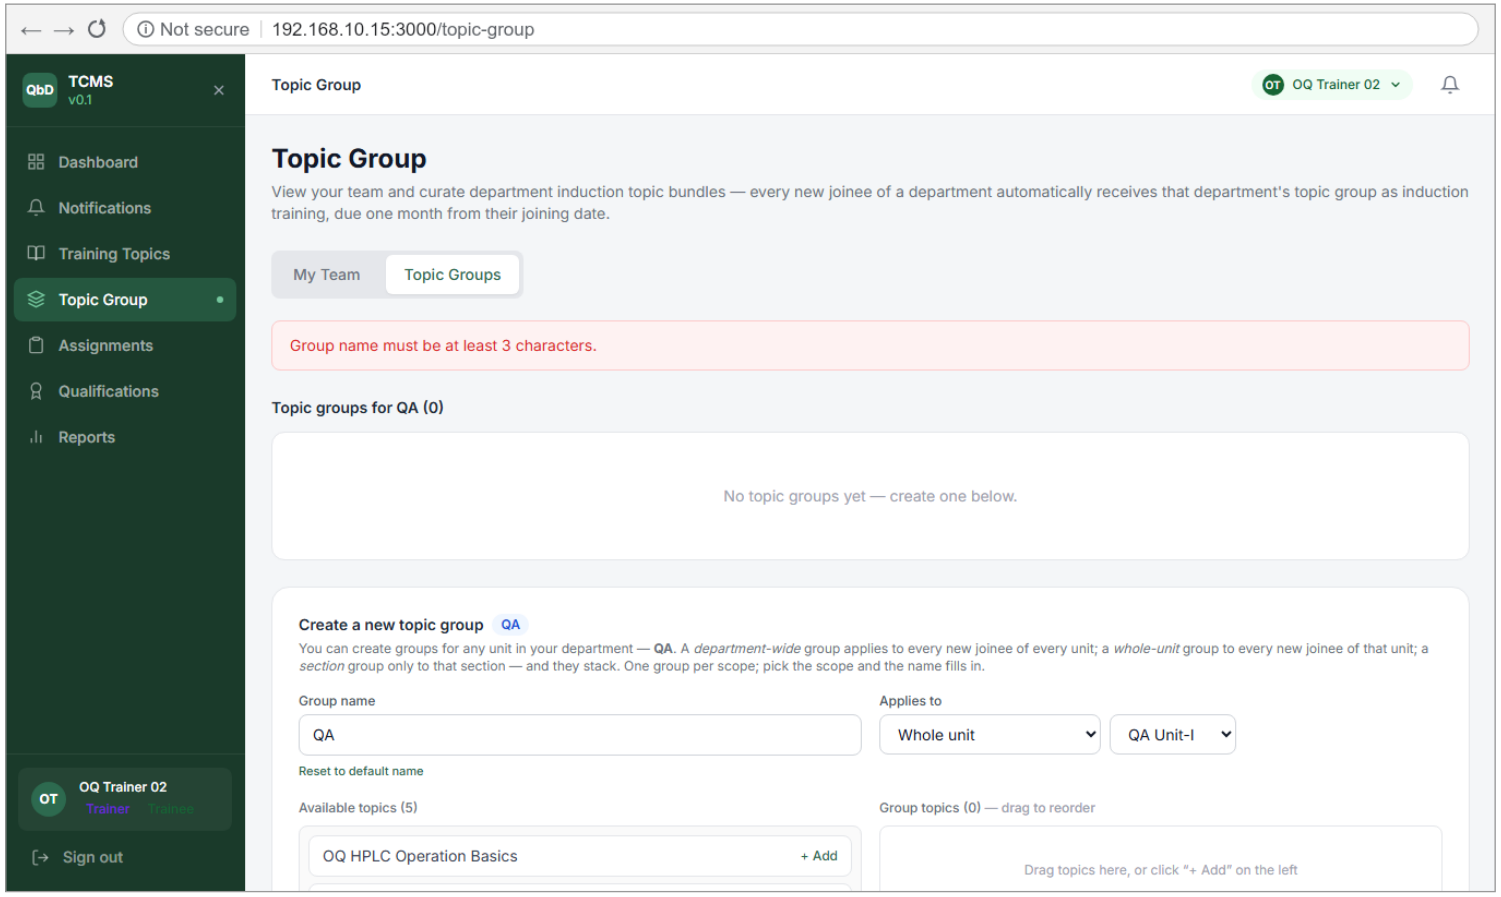
Test Objective :	To verify that a unit is mandatory to create a topic group.			
Test Procedure :			Expected Result :	
Select Applies to = Whole unit & try to clear the unit, then click on Create group.			Unit should stay pre-selected with the Trainer's own unit (cannot be left empty).	
Test ID : 8.1.12	Step No : 5.1	Attachment No. : 293	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:11



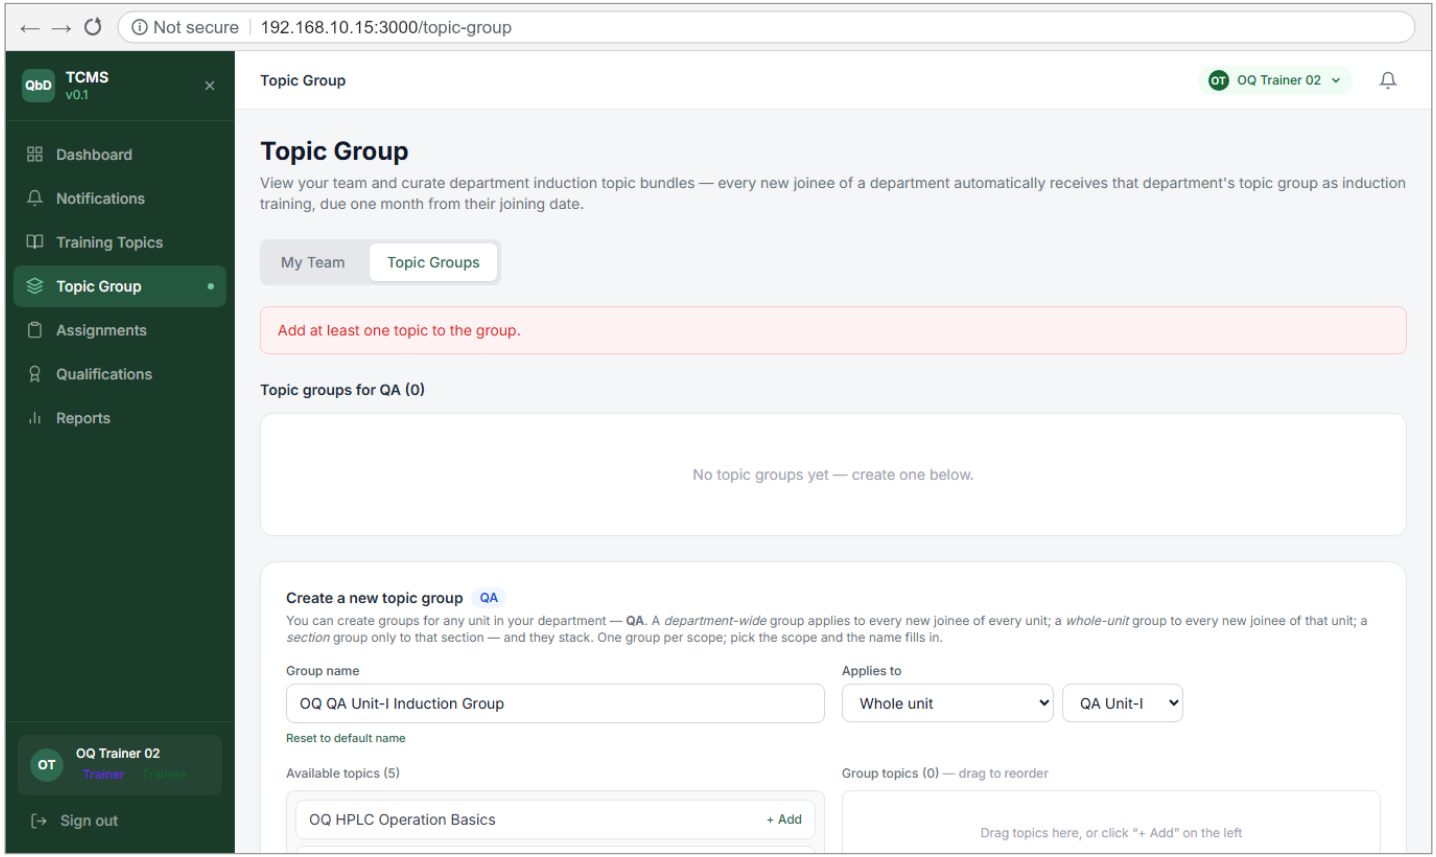
Test Objective :	To verify that a section is mandatory for a section-level topic group.			
Test Procedure :			Expected Result :	
Select Applies to = One section only without a section.			"Please select a section." message should be displayed.	
Test ID : 8.1.12	Step No : 6.1	Attachment No. : 294	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:14



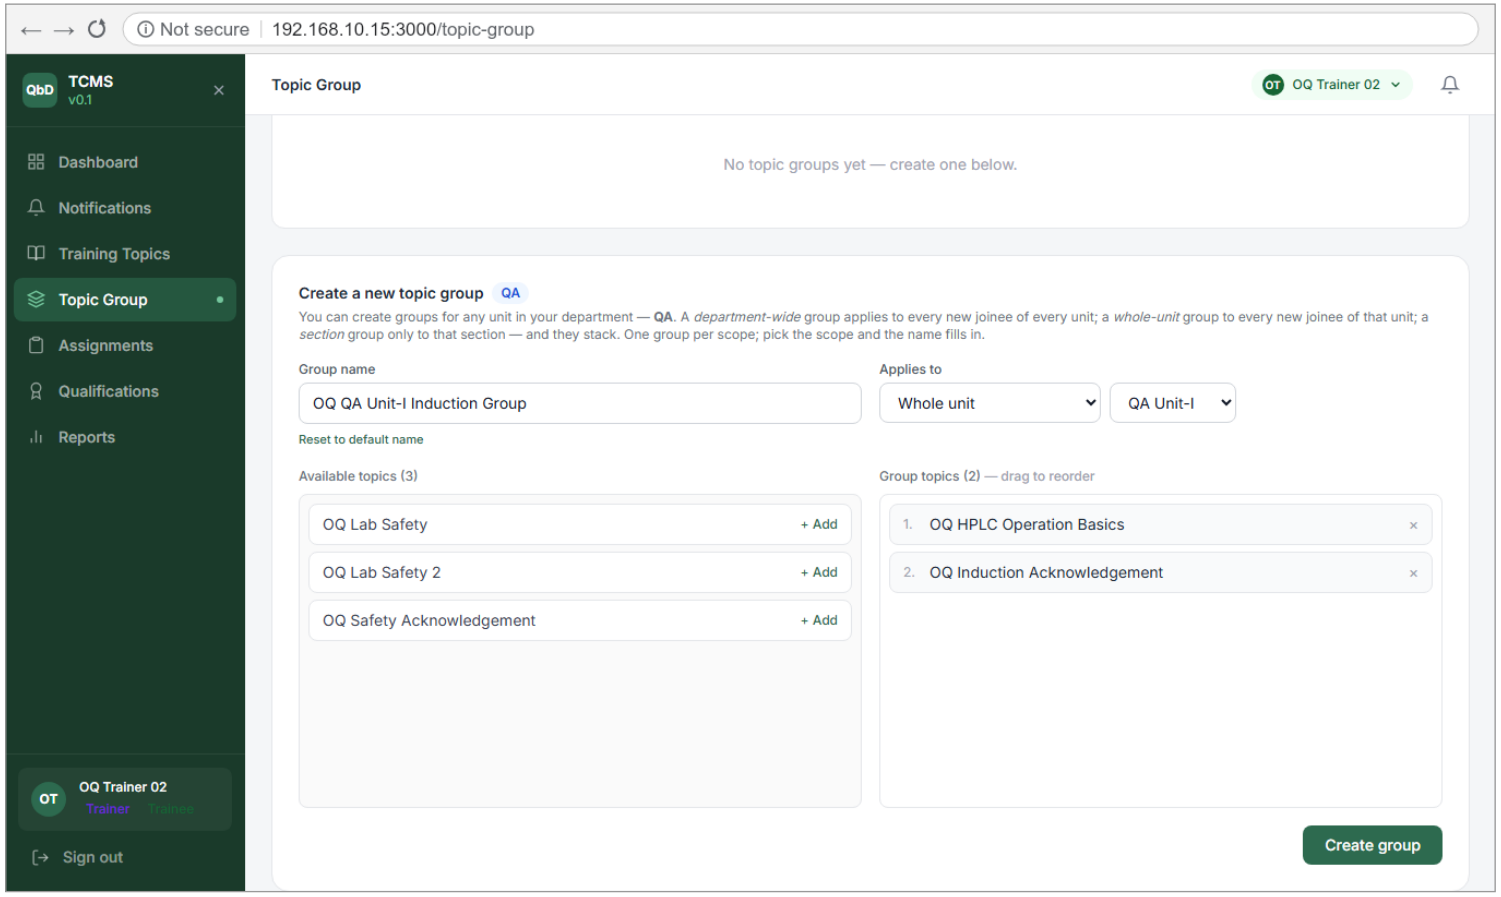
Test Objective :	To verify the minimum length validation of Group name.			
Test Procedure :			Expected Result :	
Enter Group name of 2 characters.			"Group name must be at least 3 characters." message should be displayed.	
Test ID : 8.1.12	Step No : 7.1	Attachment No. : 295	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:14



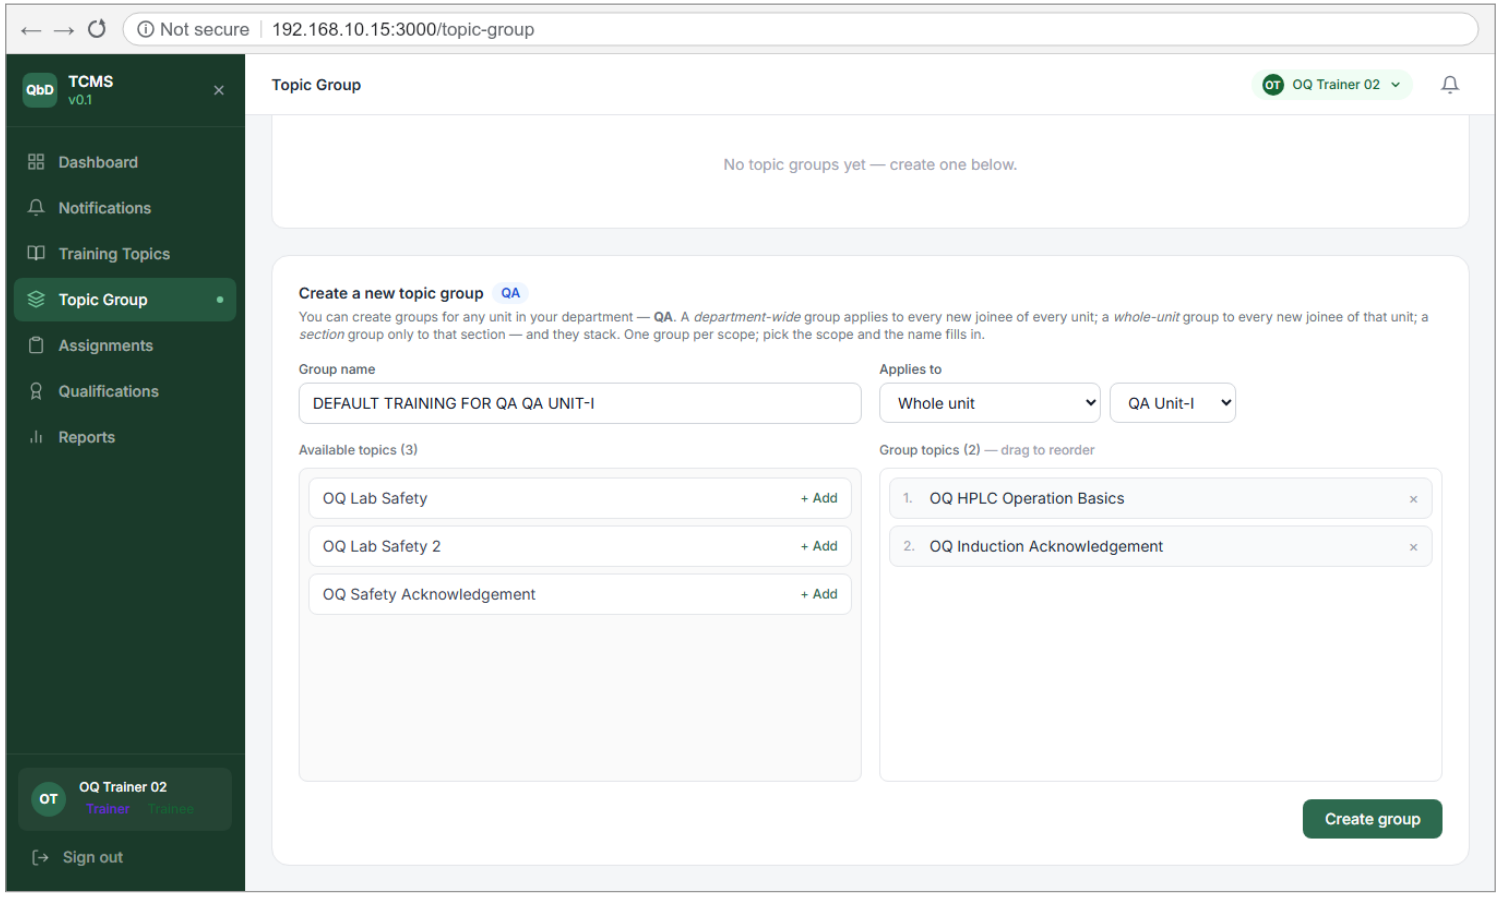
Test Objective :	To verify that at least one topic is required in a topic group.			
Test Procedure :			Expected Result :	
Select unit, Applies to = Whole unit without topics & click on Create group.			"Add at least one topic to the group." message should be displayed.	
Test ID : 8.1.12	Step No : 8.1	Attachment No. : 296	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:14



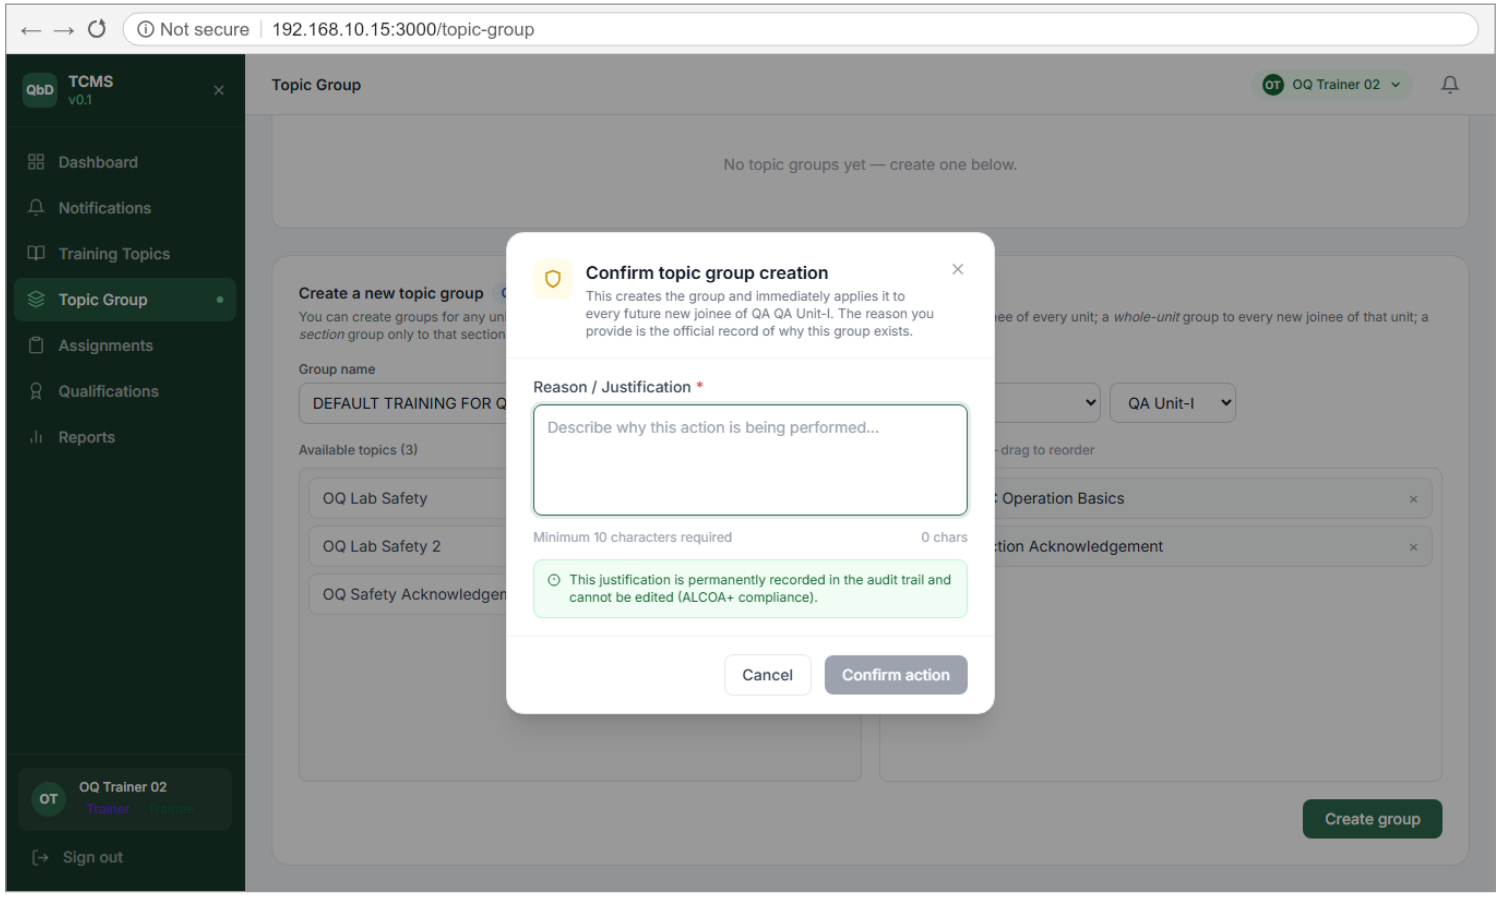
Test Objective :	To verify adding topics to a group by drag and drop.			
Test Procedure :			Expected Result :	
Drag two topics into the group (or double-click to add).			Topics should be added to the group.	
Test ID : 8.1.12	Step No : 9.1	Attachment No. : 297	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:11



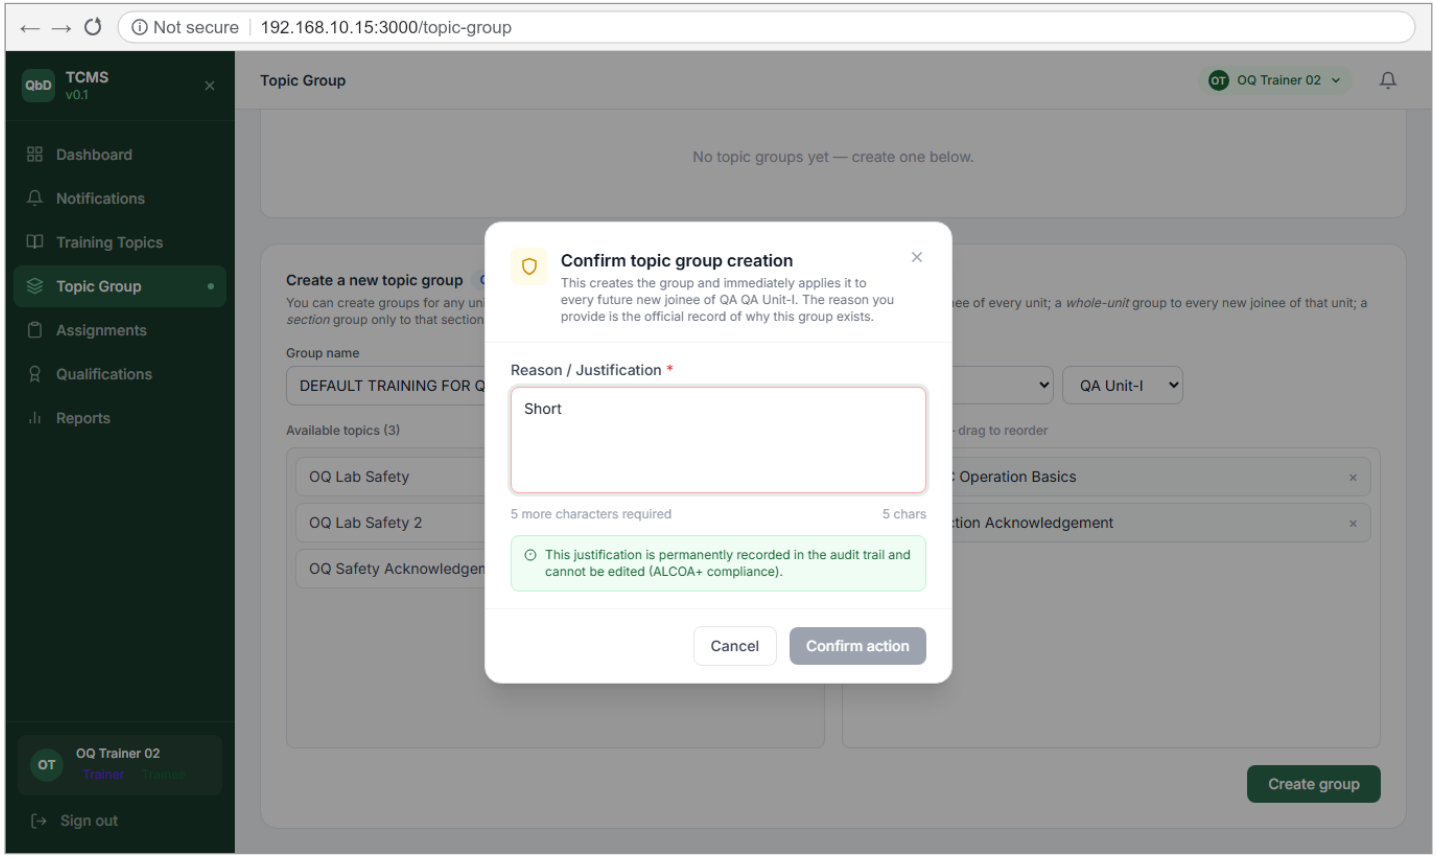
Test Objective :	To verify restoring the default group name.			
Test Procedure :			Expected Result :	
Click on "Reset to default name".			Default group name should be restored.	
Test ID : 8.1.12	Step No : 10.1	Attachment No. : 298	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:11



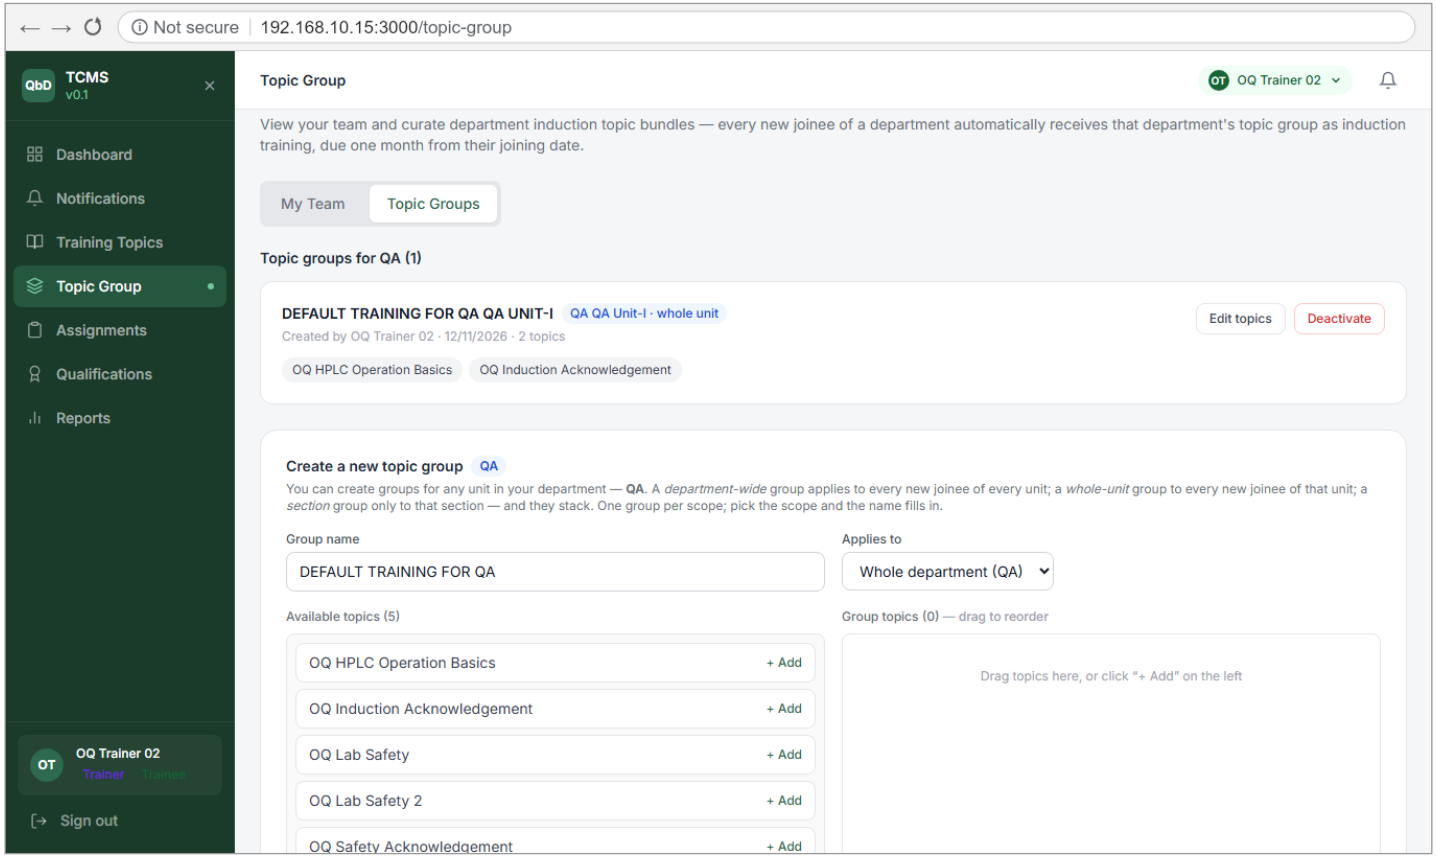
Test Objective :	To verify that topic group creation requests a justification.			
Test Procedure :			Expected Result :	
Click on Create group.			Justification window should be displayed.	
Test ID : 8.1.12	Step No : 11.1	Attachment No. : 299	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:11



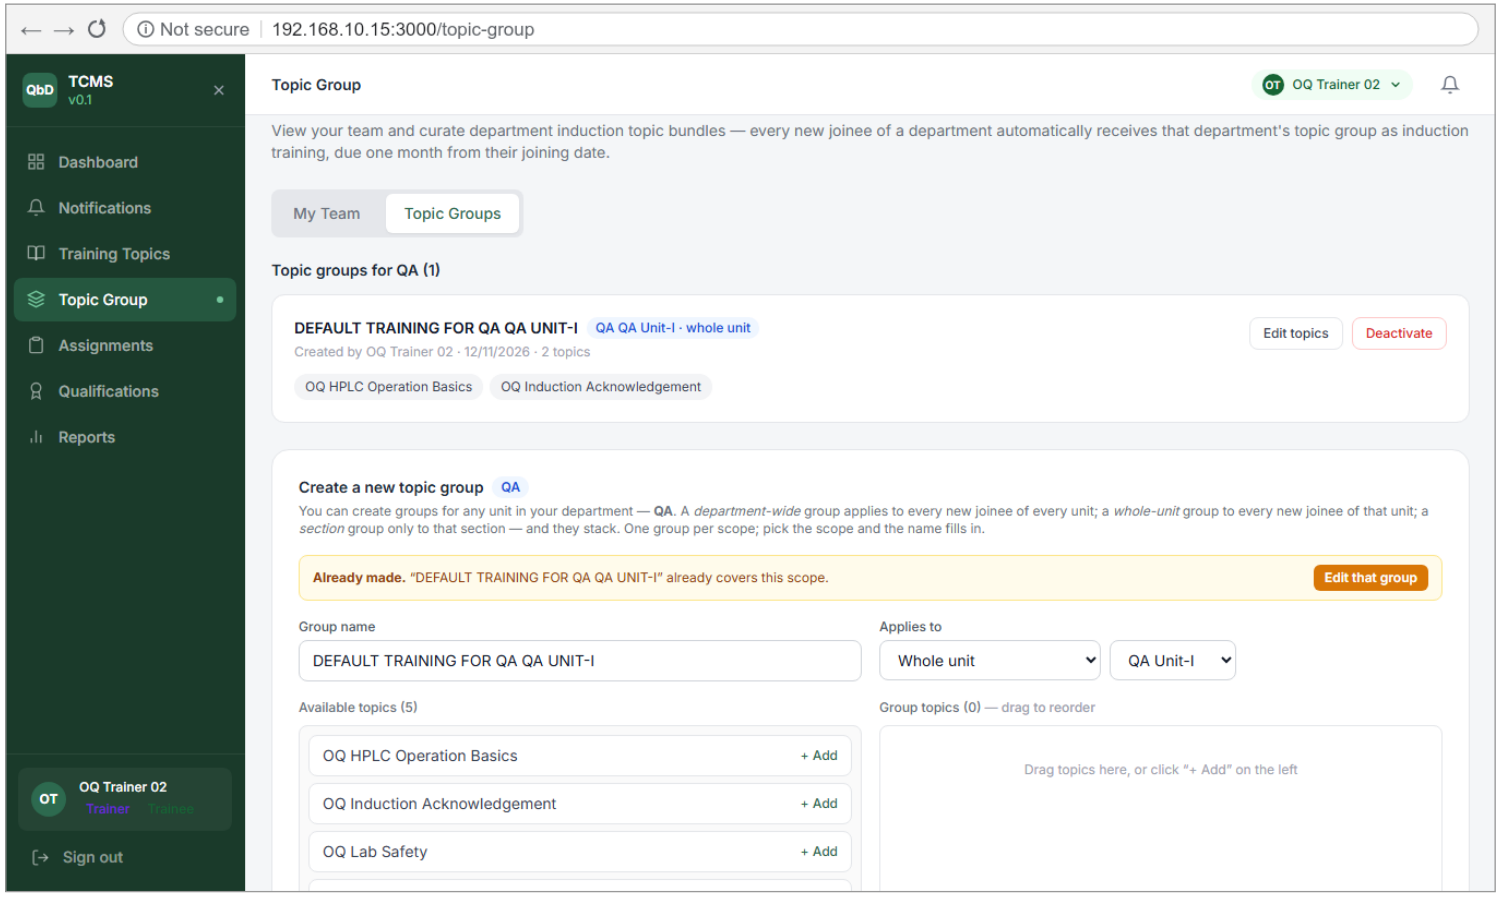
Test Objective :	To verify that a detailed justification is mandatory to create a topic group.			
Test Procedure :			Expected Result :	
Enter Justification of less than 10 characters.			"Confirm action" button should remain disabled and "<n> more characters required" should be displayed.	
Test ID : 8.1.12	Step No : 12.1	Attachment No. : 300	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:11



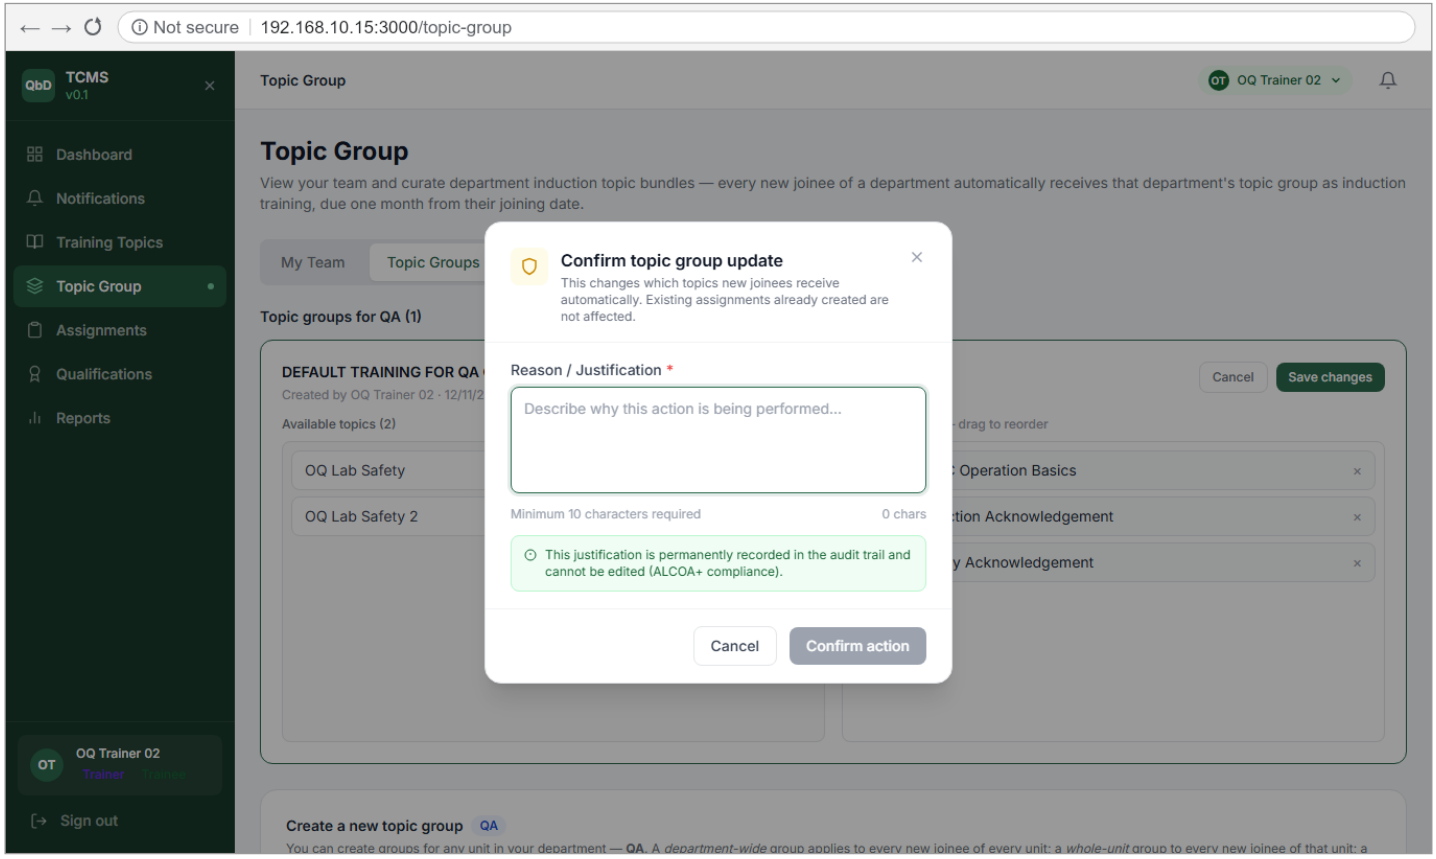
Test Objective :	To verify creation of a topic group with electronic signature.			
Test Procedure :			**Expected Result :**	
In "Confirm topic group creation" window, type Reason / Justification (minimum 10 characters), then click on "Confirm action" button.			Topic group should be created & listed.	
Test ID : 8.1.12	Step No : 13.1	Attachment No. : 301	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:11



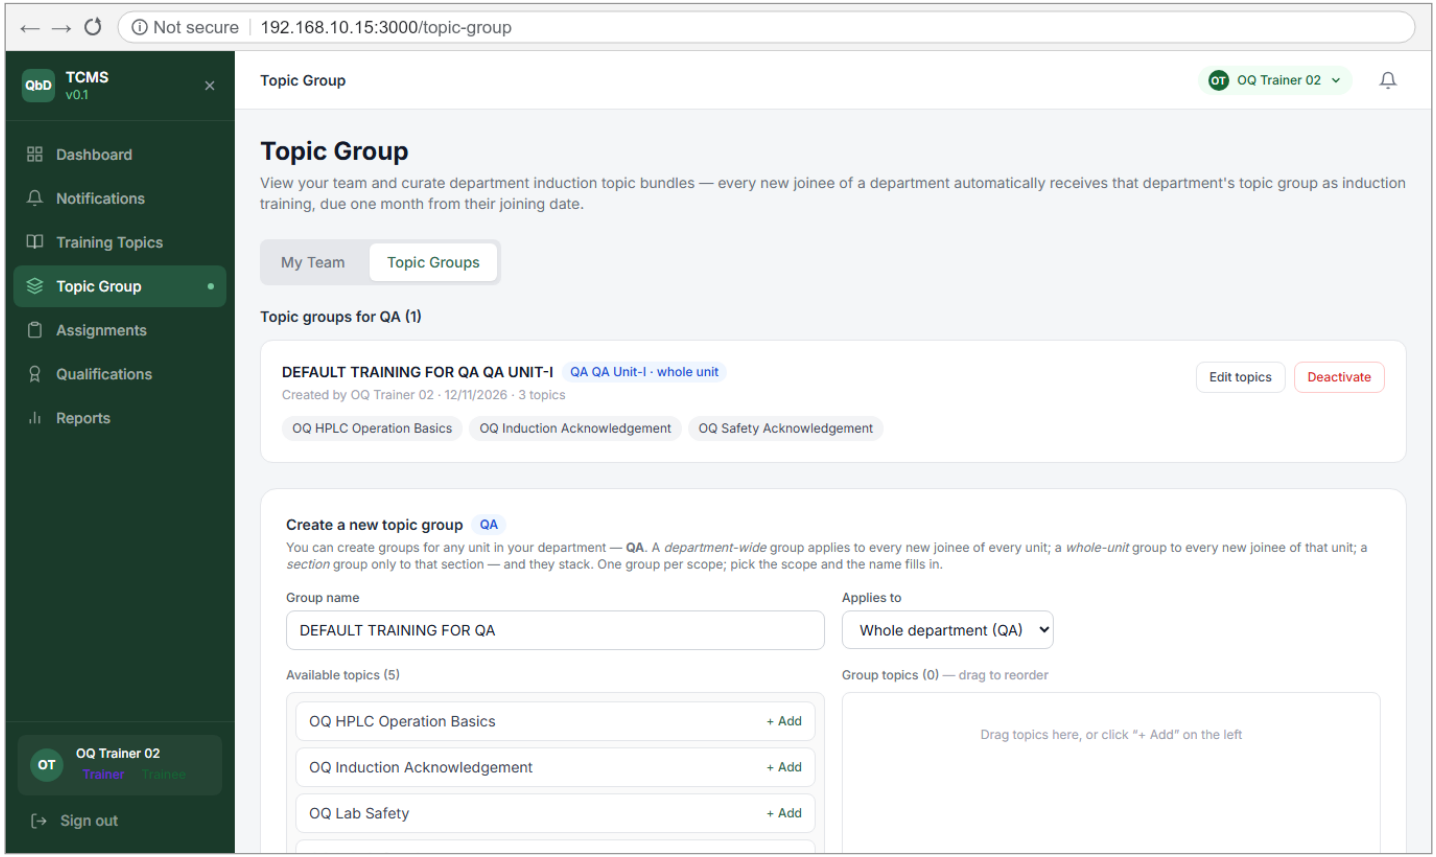
Test Objective :	To verify that only one topic group is allowed per unit.			
Test Procedure :			Expected Result :	
Try to create another group for the same unit.			"Already made. Edit that group" should be displayed.	
Test ID : 8.1.12	Step No : 14.1	Attachment No. : 302	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:11



Test Objective :	To verify that editing group topics displays its impact before confirmation.			
Test Procedure :			Expected Result :	
Click on "Edit topics" & add one more topic. Click on Save changes.			"This changes which topics new joinees receive automatically. Existing assignments already created are not affected." should be displayed.	
Test ID : 8.1.12	Step No : 15.1	Attachment No. : 303	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:11



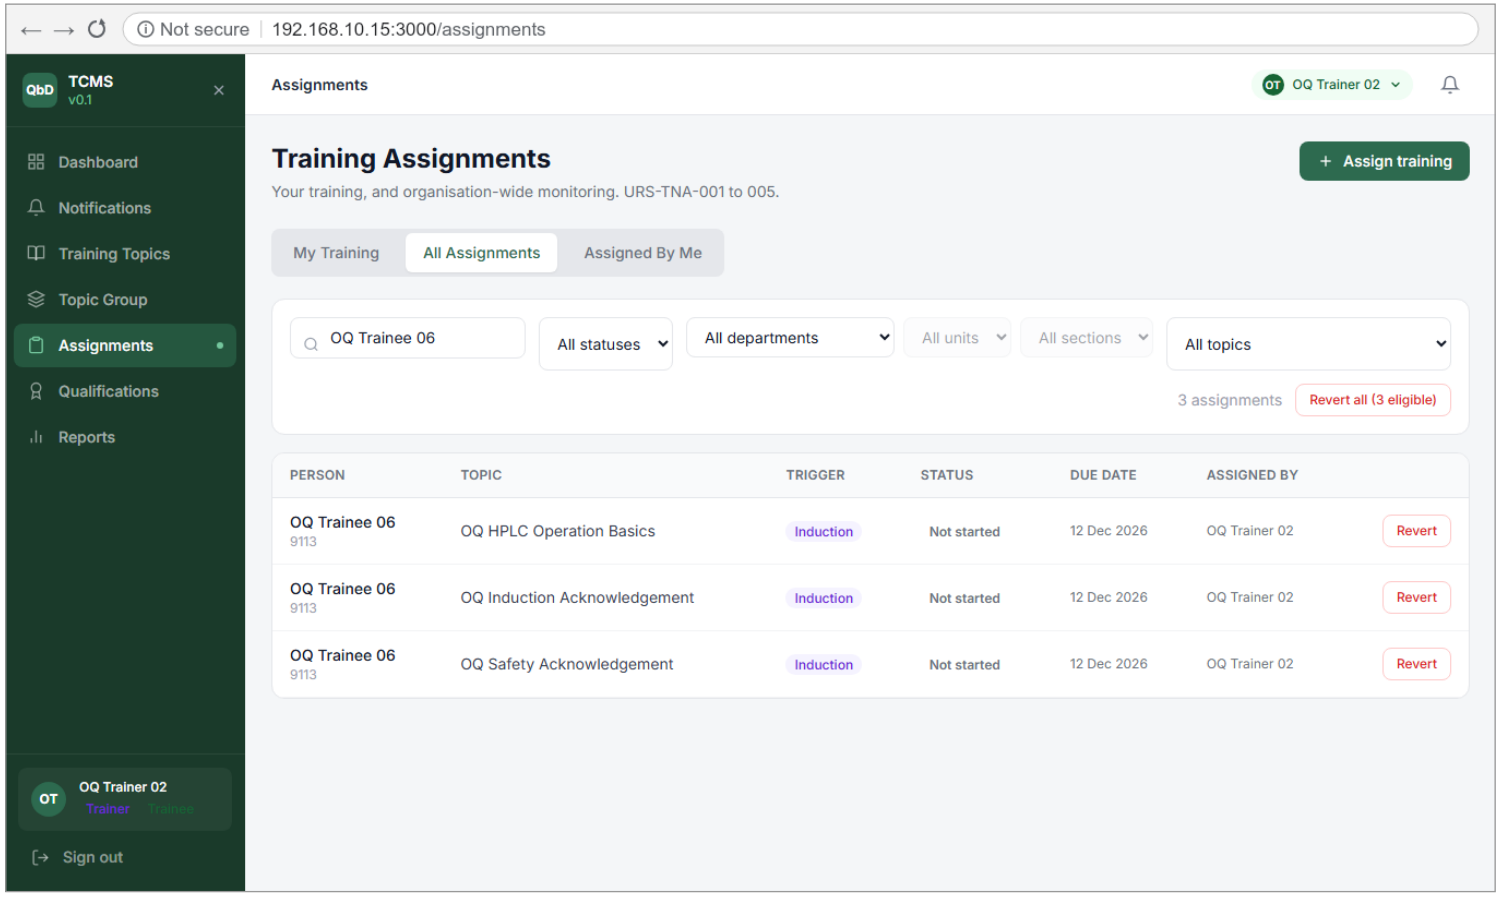
Test Objective :	To verify update of topic group topics with electronic signature.			
Test Procedure :			**Expected Result :**	
In "Confirm topic group update" window, type Reason / Justification (minimum 10 characters), then click on "Confirm action" button.			Topic group should be updated.	
Test ID : 8.1.12	Step No : 16.1	Attachment No. : 304	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:11



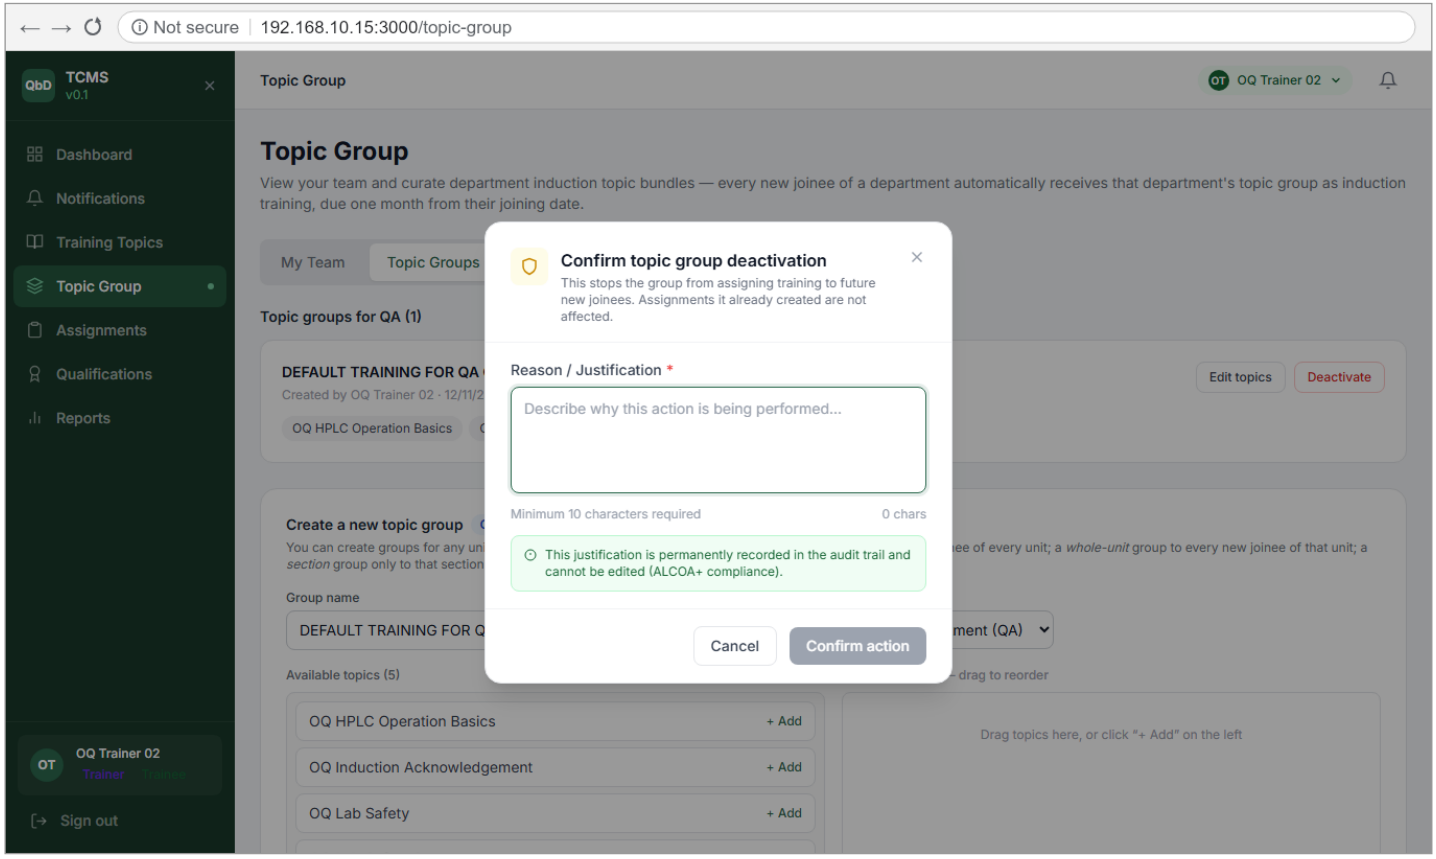
OPERATIONAL QUALIFICATION SCREENSHOTS FOR TCMS APPLICATION VER. 1.0

DOCUMENT NO.: LGC/QBD/0002	TITLE : COMPUTER SYSTEM VALIDATION OF TCMS

Test Objective :	To verify automatic induction training assignment to a new joinee from the topic group.			
Test Procedure :			Expected Result :	
Create a new user in the unit of the topic group (as Administrator).			New joinee should automatically receive the group's topics as Induction training.	
Test ID : 8.1.12	Step No : 17.1	Attachment No. : 305	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:15



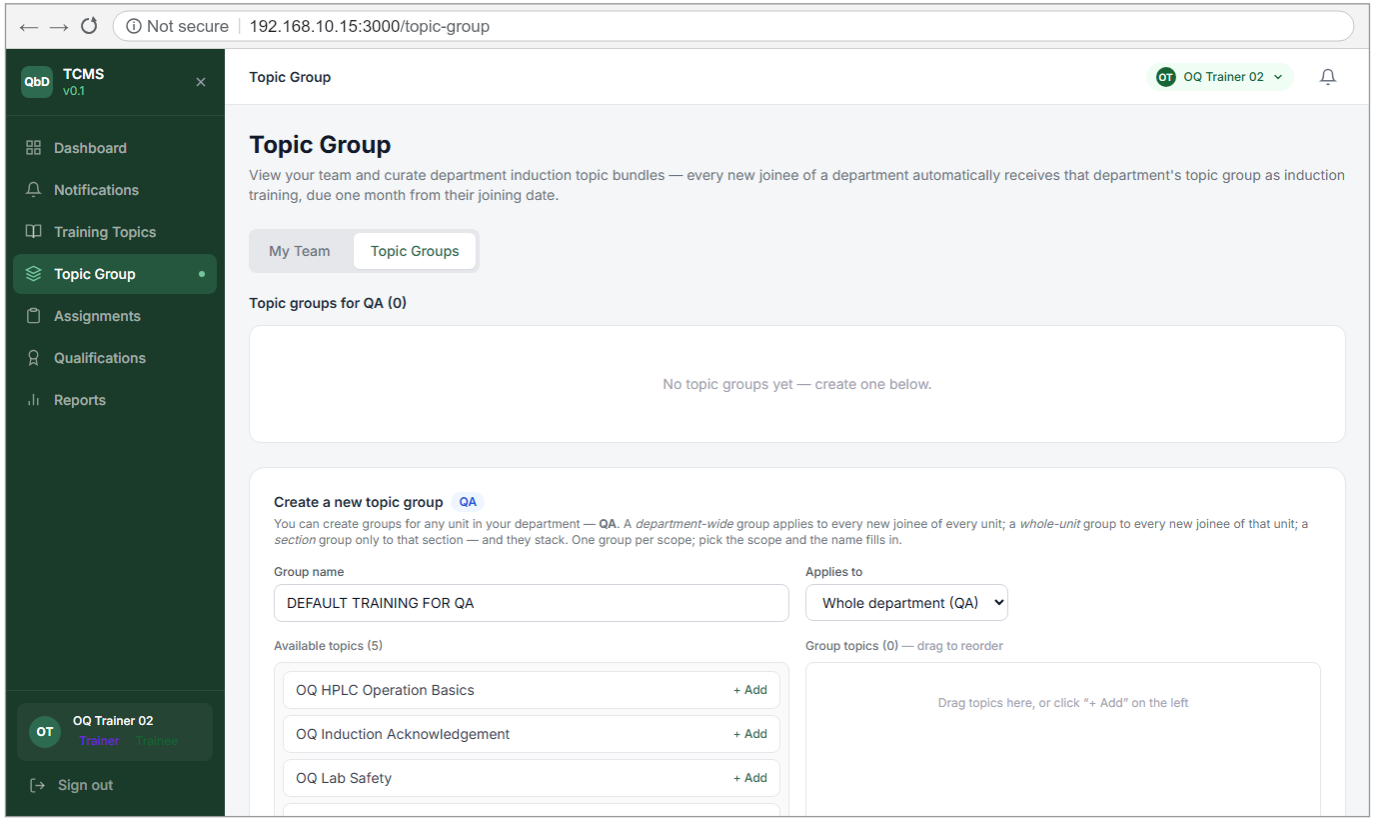
Test Objective :	To verify that topic group deactivation displays its impact before confirmation.			
Test Procedure :			Expected Result :	
Click on Deactivate for the topic group.			"This stops the group from assigning training to future new joinees." should be displayed.	
Test ID : 8.1.12	Step No : 18.1	Attachment No. : 306	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:12



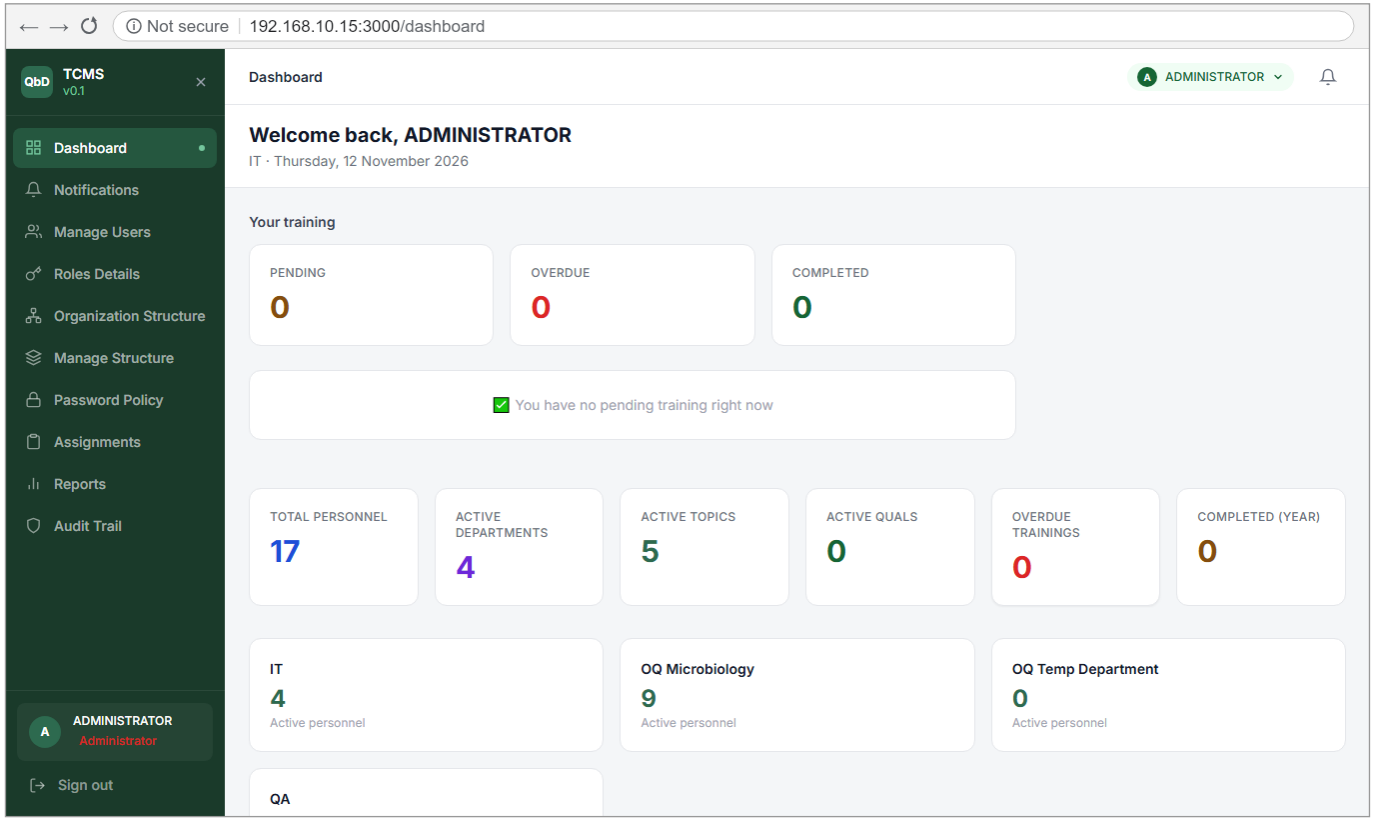
OPERATIONAL QUALIFICATION SCREENSHOTS FOR TCMS APPLICATION VER. 1.0

DOCUMENT NO.: LGC/QBD/0002	TITLE : COMPUTER SYSTEM VALIDATION OF TCMS

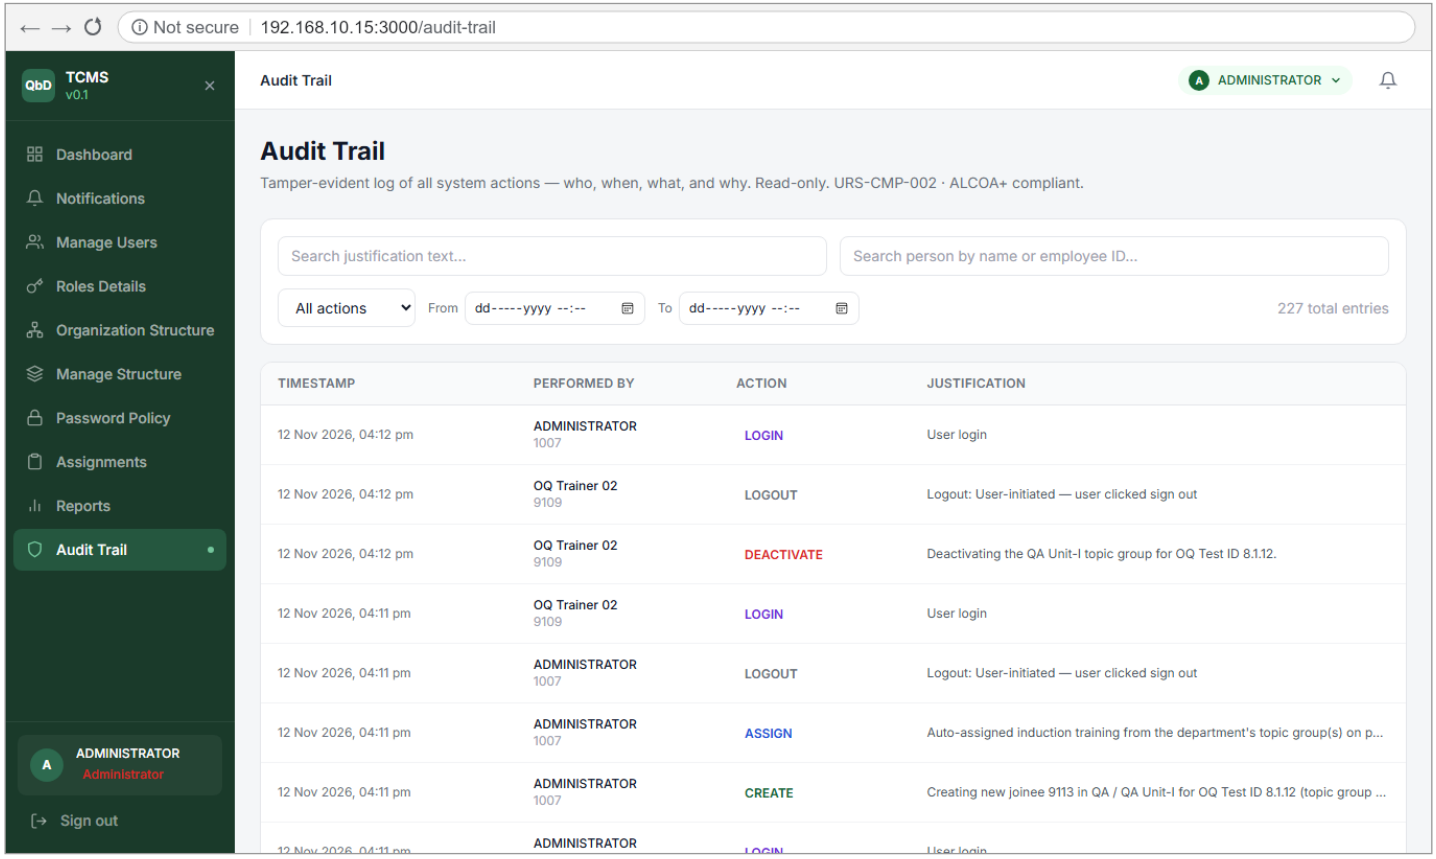
Test Objective :	To verify deactivation of a topic group with electronic signature.			
Test Procedure :			**Expected Result :**	
In "Confirm topic group deactivation" window, type Reason / Justification (minimum 10 characters), then click on "Confirm action" button.			Topic group should be deactivated.	
Test ID : 8.1.12	Step No : 19.1	Attachment No. : 307	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:12



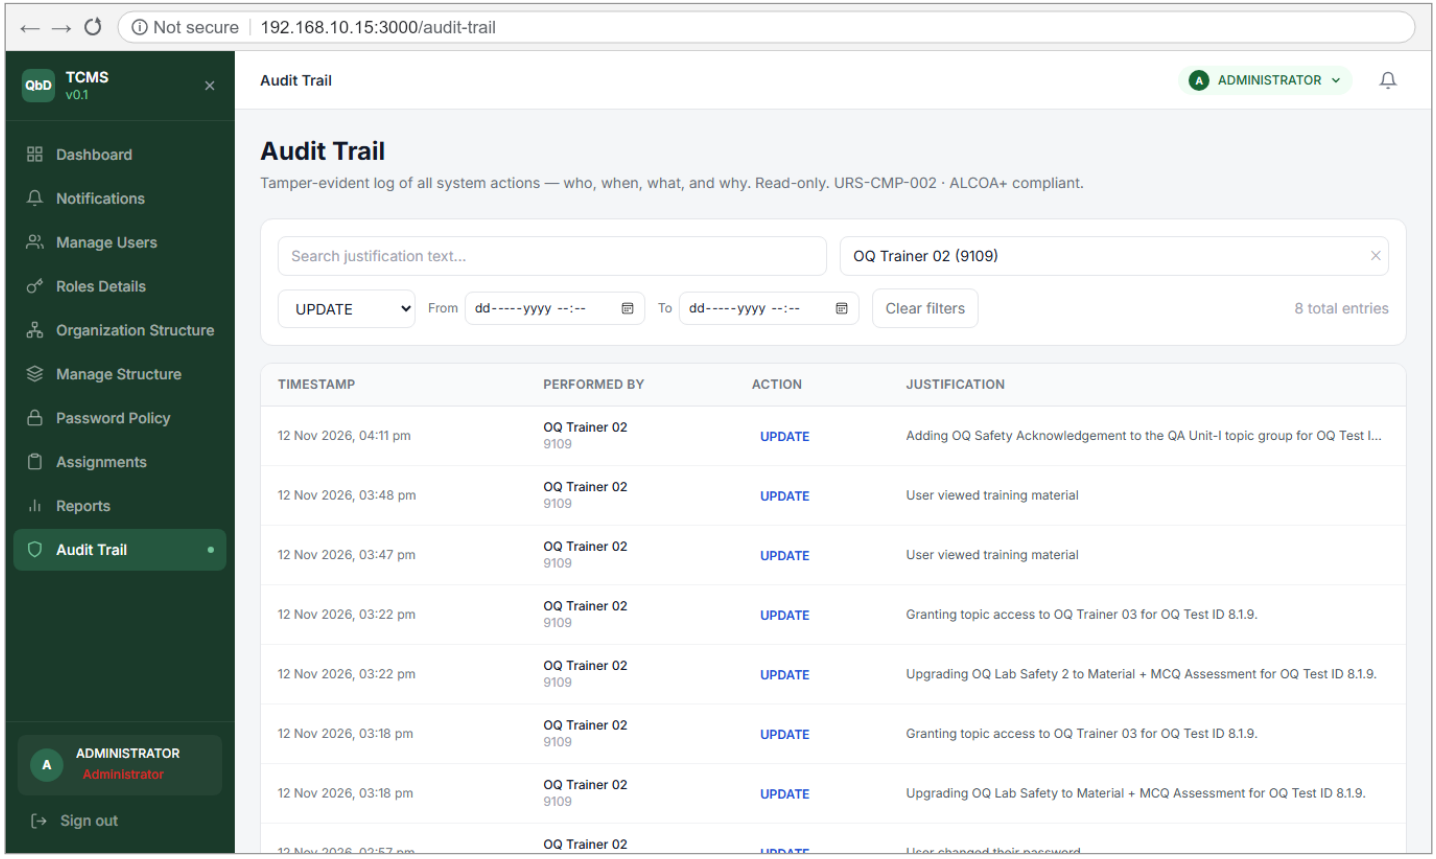
Test Objective :	To verify successful login with Administrator credentials and role-wise menu display.			
Test Procedure :			**Expected Result :**	
Sign out from the current user. Open TCMS application URL (http://192.168.10.15:3000) in Microsoft Edge. Type Employee ID / Password & click on Sign in button (with Administrator level privilege).			Dashboard should be displayed with the menus applicable to Administrator role.	
Test ID : 8.1.12	Step No : 20.1	Attachment No. : 308	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:12



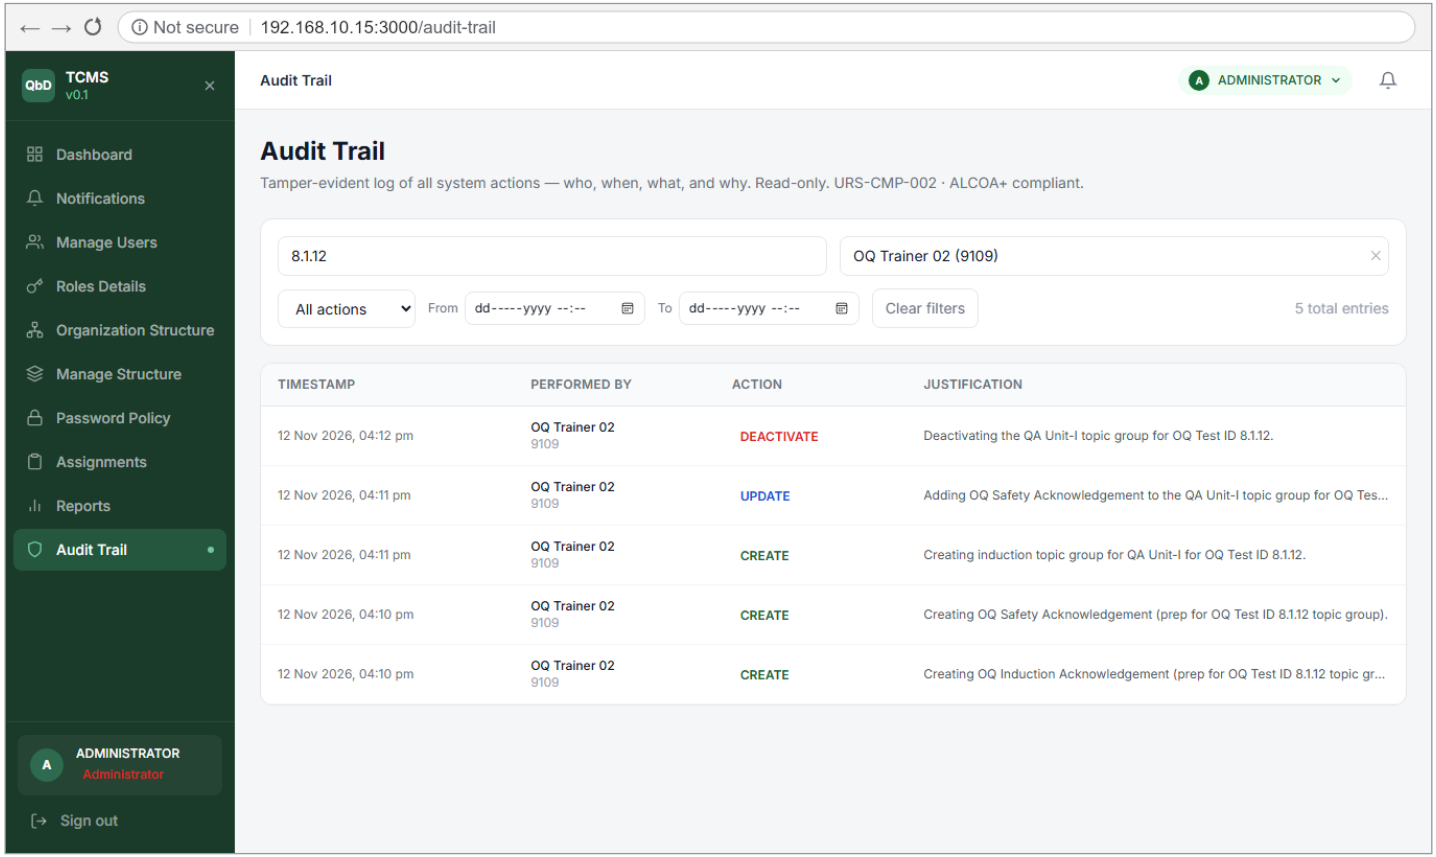
Test Objective :	To verify navigation to the Audit Trail page.			
Test Procedure :			**Expected Result :**	
Click on "Audit Trail" menu from the left panel.			Audit Trail page should be displayed with Timestamp, Performed By, Action & Justification columns.	
Test ID : 8.1.12	Step No : 21.1	Attachment No. : 309	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:12



Test Objective :	To verify filtering of the audit trail by user and action (UPDATE).			
Test Procedure :			Expected Result :	
Search the performing user by name / Employee ID & select "UPDATE" from the All actions drop-down.			Audit log entries should be filtered for the selected user and action.	
Test ID : 8.1.12	Step No : 22.1	Attachment No. : 310	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:12



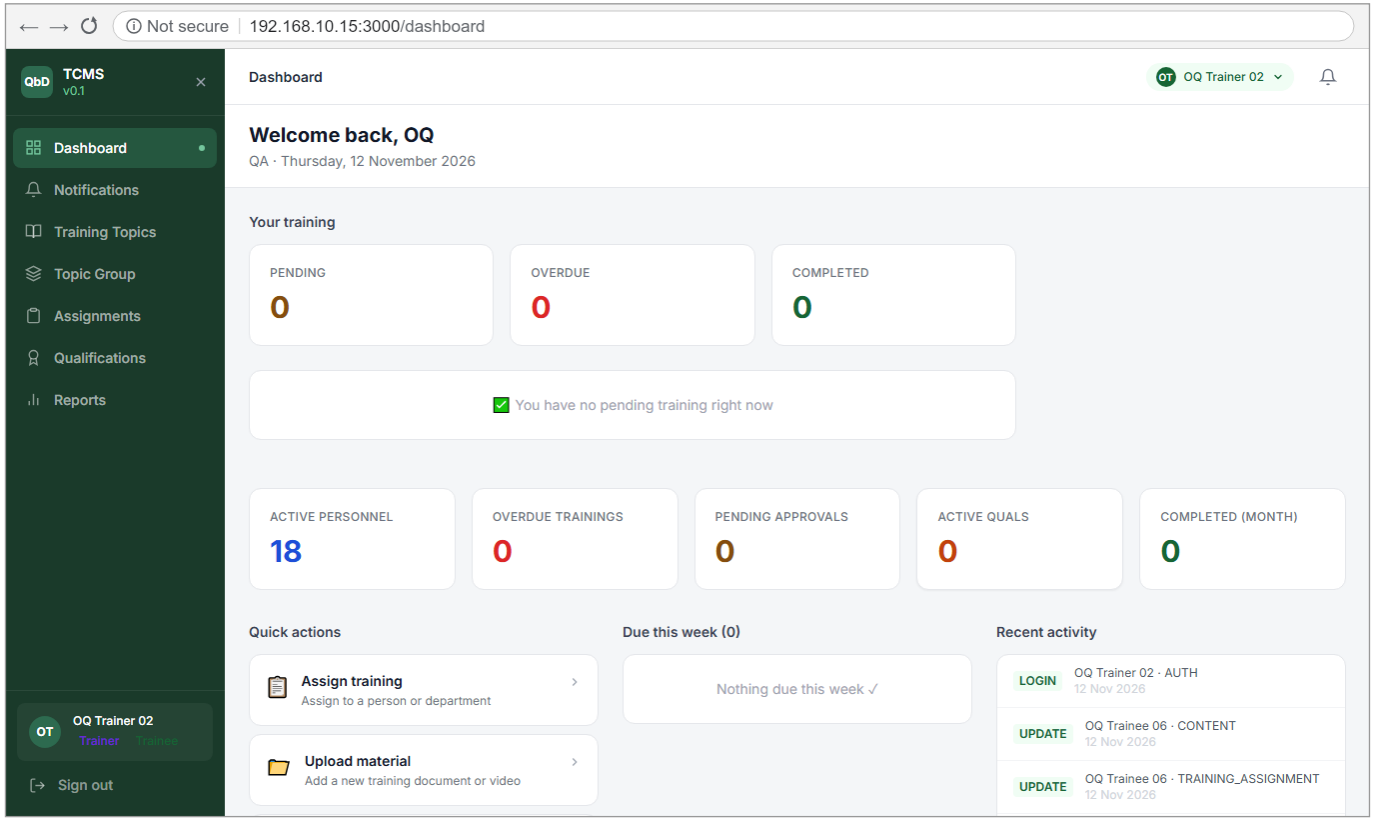
Test Objective :	To verify that the audit trail records creation, update and deactivation of topic group.			
Test Procedure :			Expected Result :	
Verify the audit trail entry for creation, update and deactivation of topic group.			Audit entries should display Timestamp (dd MMM yyyy, hh:mm am/pm), Performed By (name & Employee ID), Action (CREATE / UPDATE / DEACTIVATE) and the Justification.	
Test ID : 8.1.12	Step No : 23.1	Attachment No. : 311	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:12



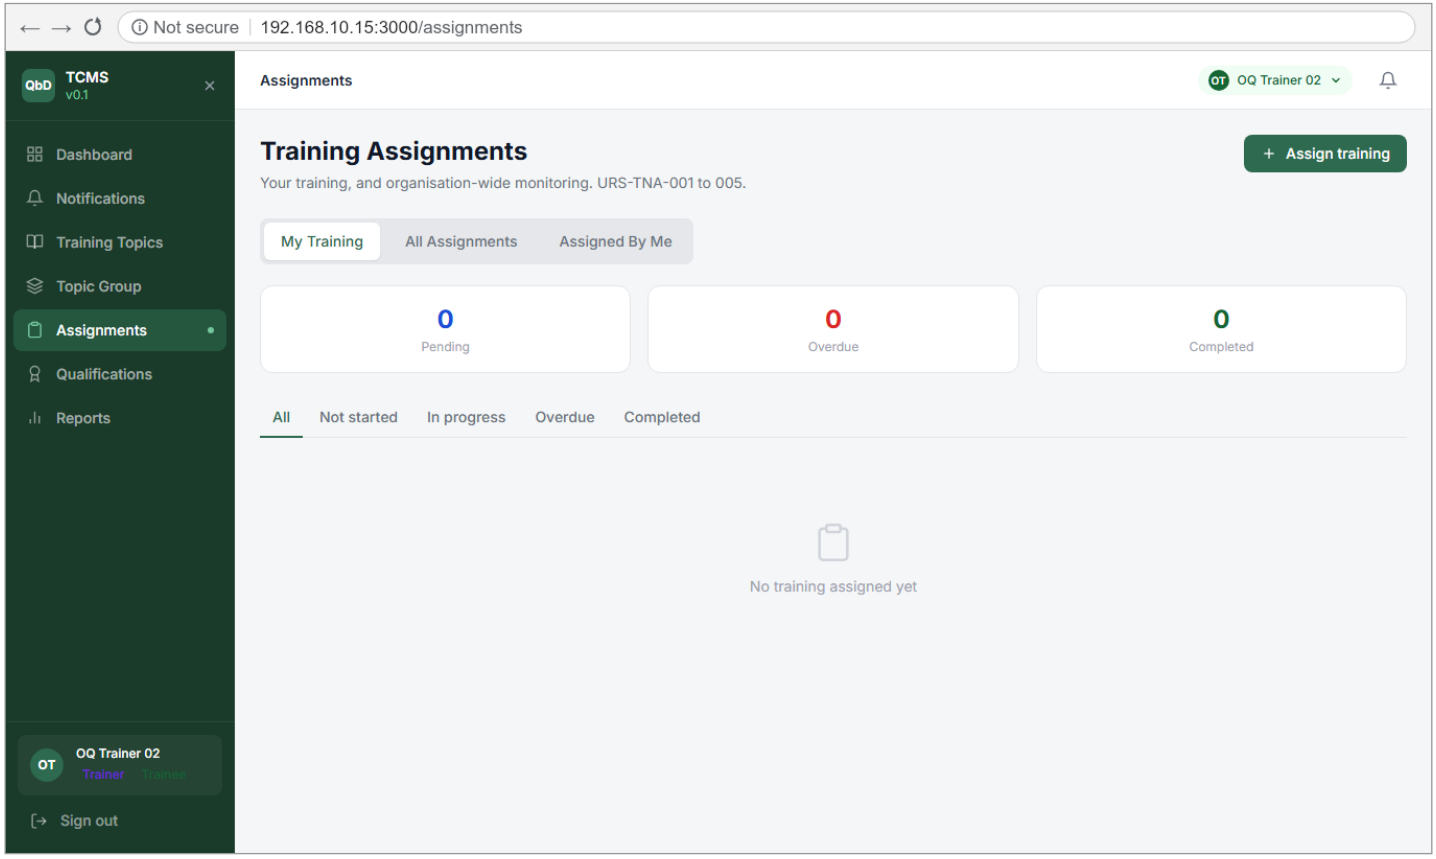
OPERATIONAL QUALIFICATION SCREENSHOTS FOR TCMS APPLICATION VER. 1.0

DOCUMENT NO.: LGC/QBD/0002	TITLE : COMPUTER SYSTEM VALIDATION OF TCMS

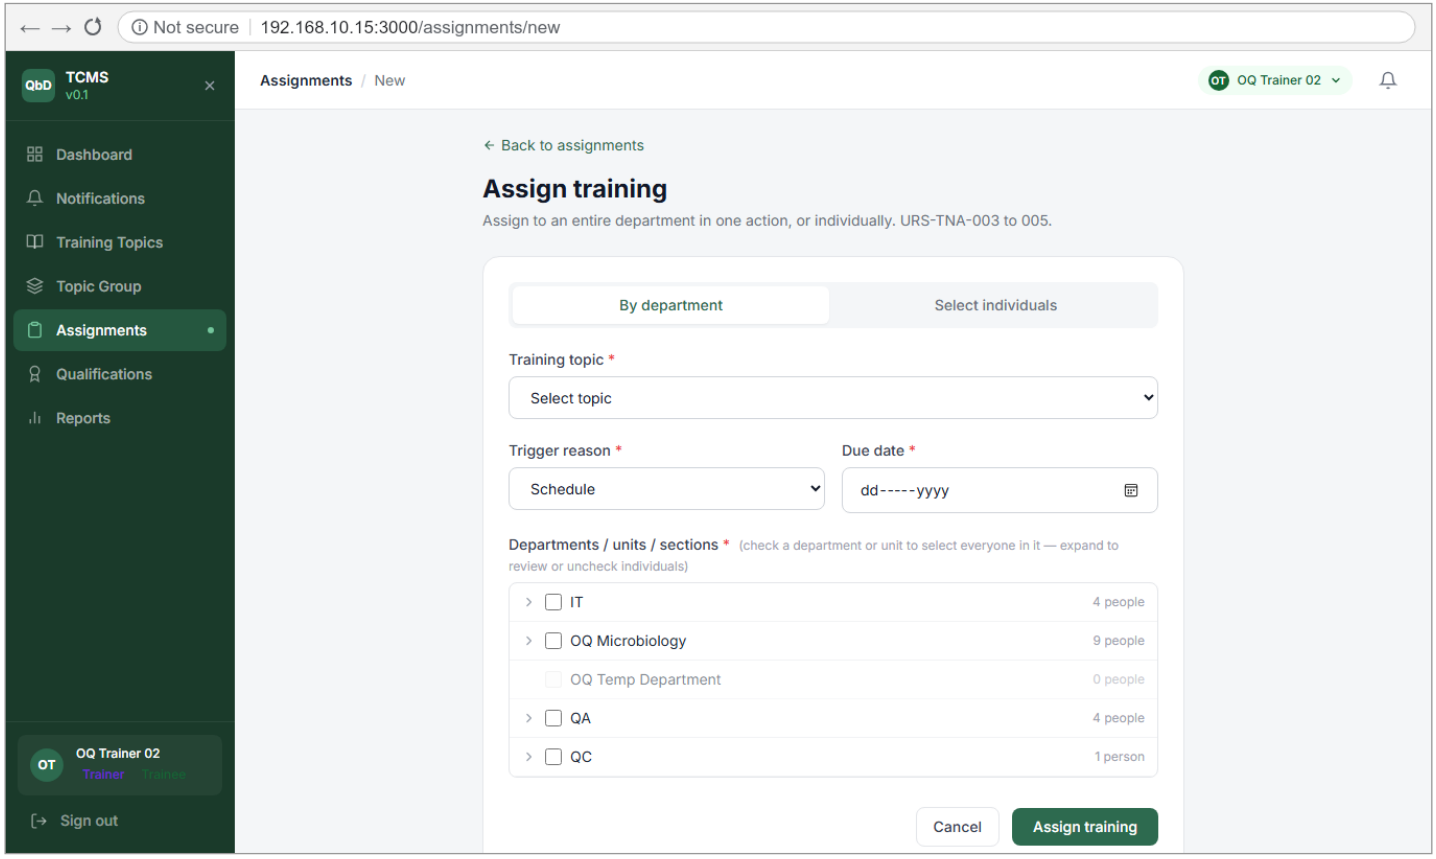
Test Objective :	To verify successful login with Trainer (QA Department) credentials and role-wise menu display.			
Test Procedure :			**Expected Result :**	
Open TCMS application URL (http://192.168.10.15:3000) in Microsoft Edge. Type Employee ID / Password & click on Sign in button (with Trainer (QA Department) level privilege).			Dashboard should be displayed with the menus applicable to Trainer (QA Department) role.	
Test ID : 8.1.13	Step No : 1.1	Attachment No. : 312	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:21



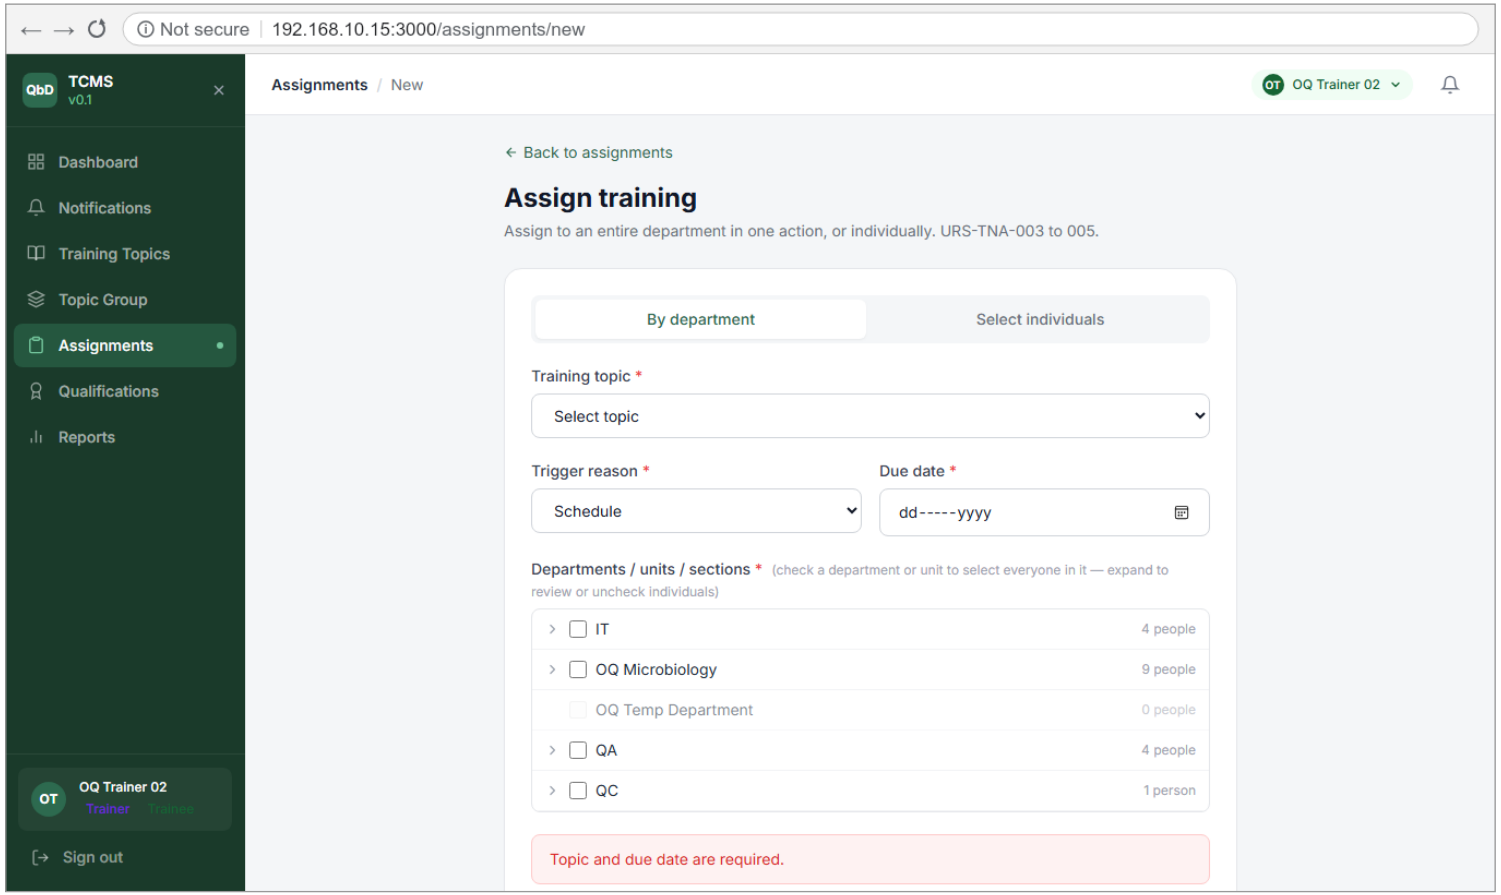
Test Objective :	To verify navigation to the Assignments page.			
Test Procedure :			Expected Result :	
Click on "Assignments" menu from the left panel.			Training Assignments page should display "My Training", "All Assignments" & "Assigned By Me" tabs.	
Test ID : 8.1.13	Step No : 2.1	Attachment No. : 313	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:21



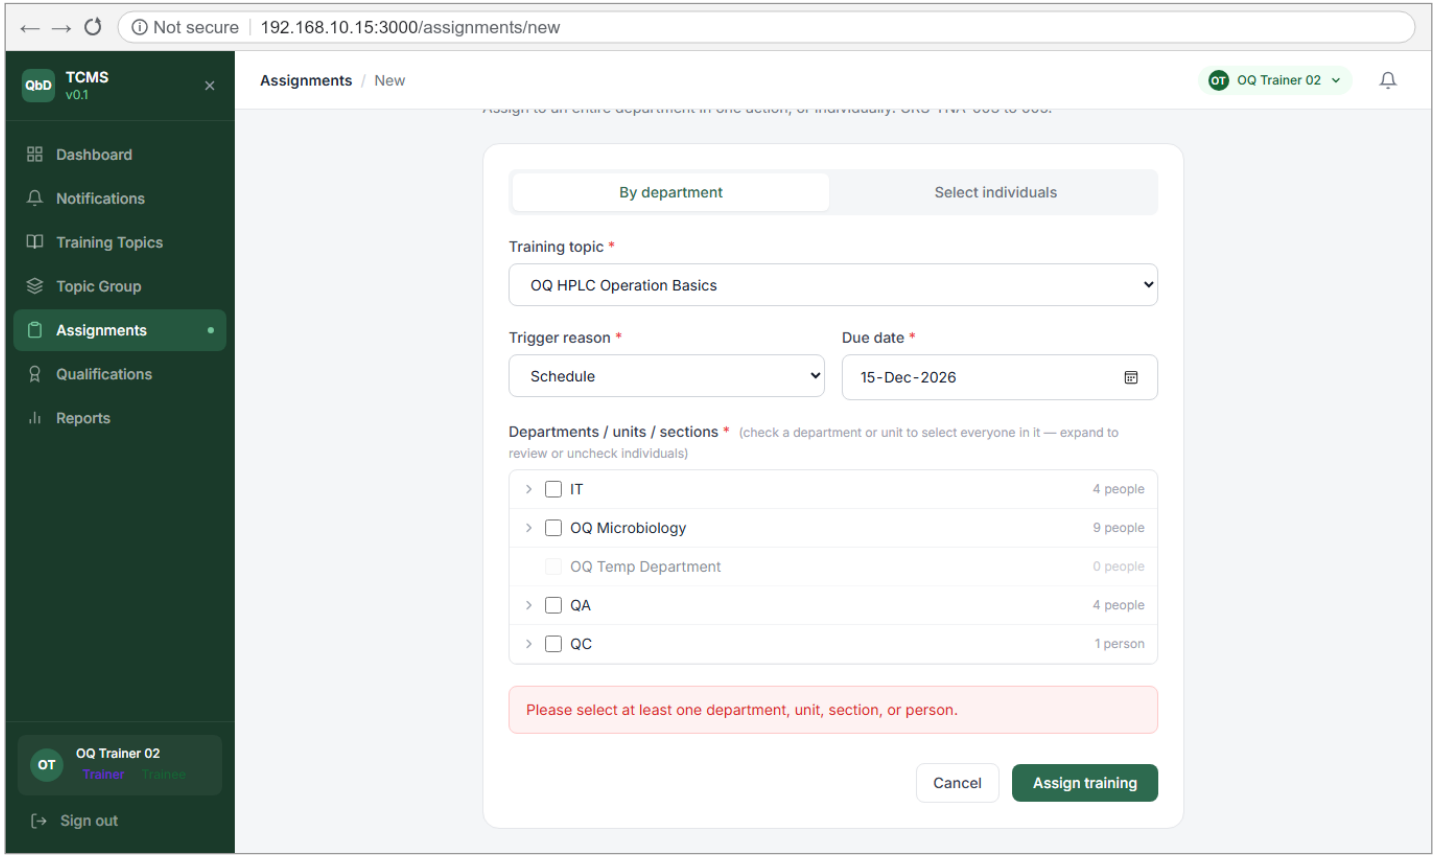
Test Objective :	To verify navigation to the Assign training page.			
Test Procedure :			Expected Result :	
Click on "Assign training".			Assign training page — "Assign to an entire department in one action, or individually." should be displayed.	
Test ID : 8.1.13	Step No : 3.1	Attachment No. : 314	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:21



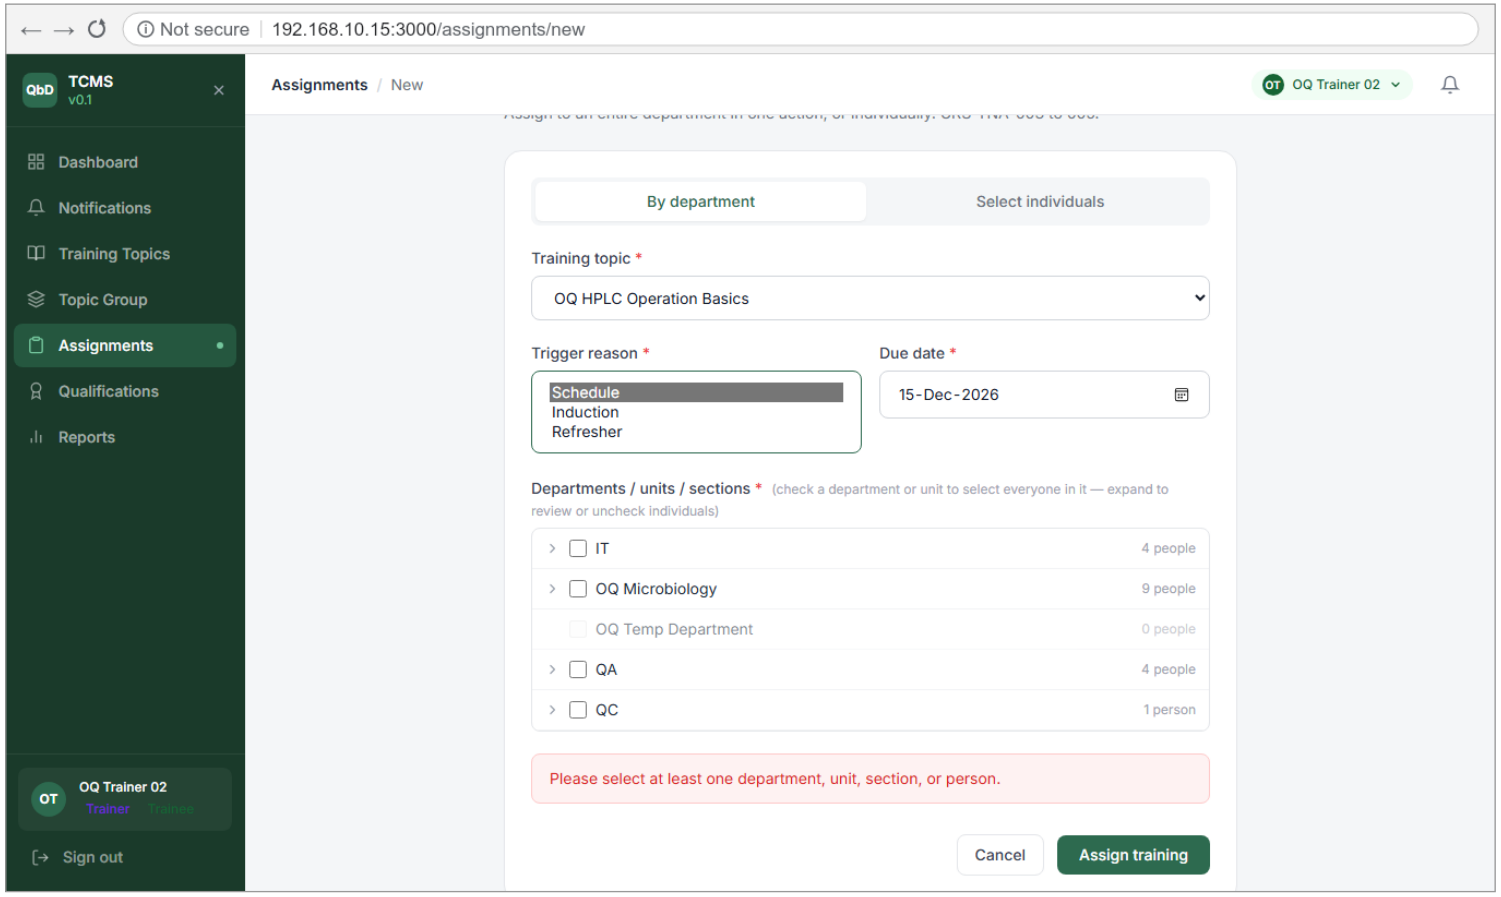
Test Objective :	To verify that Topic and Due date are mandatory for assignment.			
Test Procedure :			Expected Result :	
Click on Assign training without Topic and Due date.			"Topic and due date are required." message should be displayed.	
Test ID : 8.1.13	Step No : 4.1	Attachment No. : 315	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:21



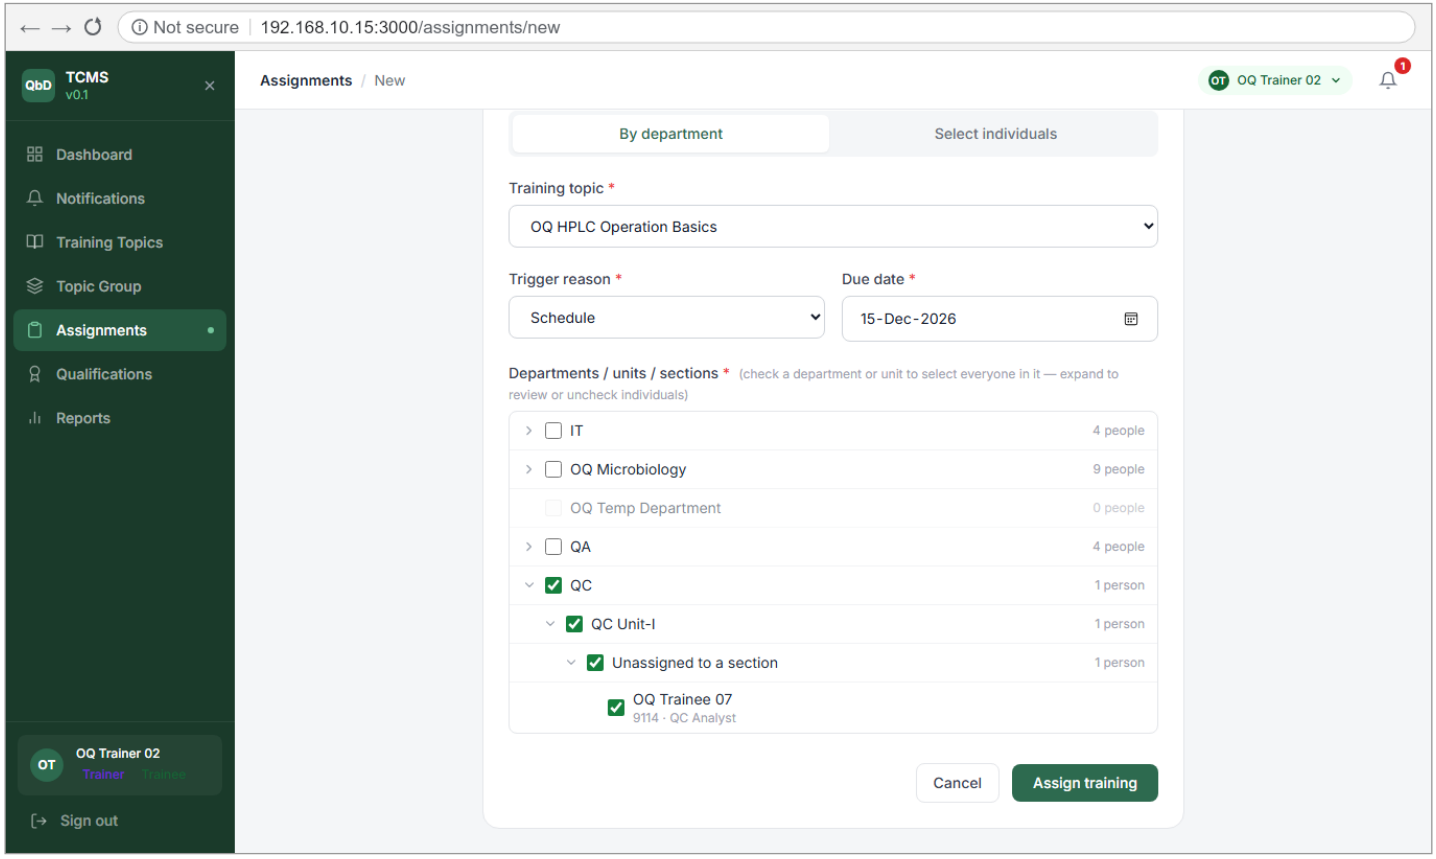
Test Objective :	To verify that at least one assignee is mandatory.			
Test Procedure :			Expected Result :	
Select topic & due date without selecting people.			"Please select at least one department, unit, section, or person." message should be displayed.	
Test ID : 8.1.13	Step No : 5.1	Attachment No. : 316	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:21



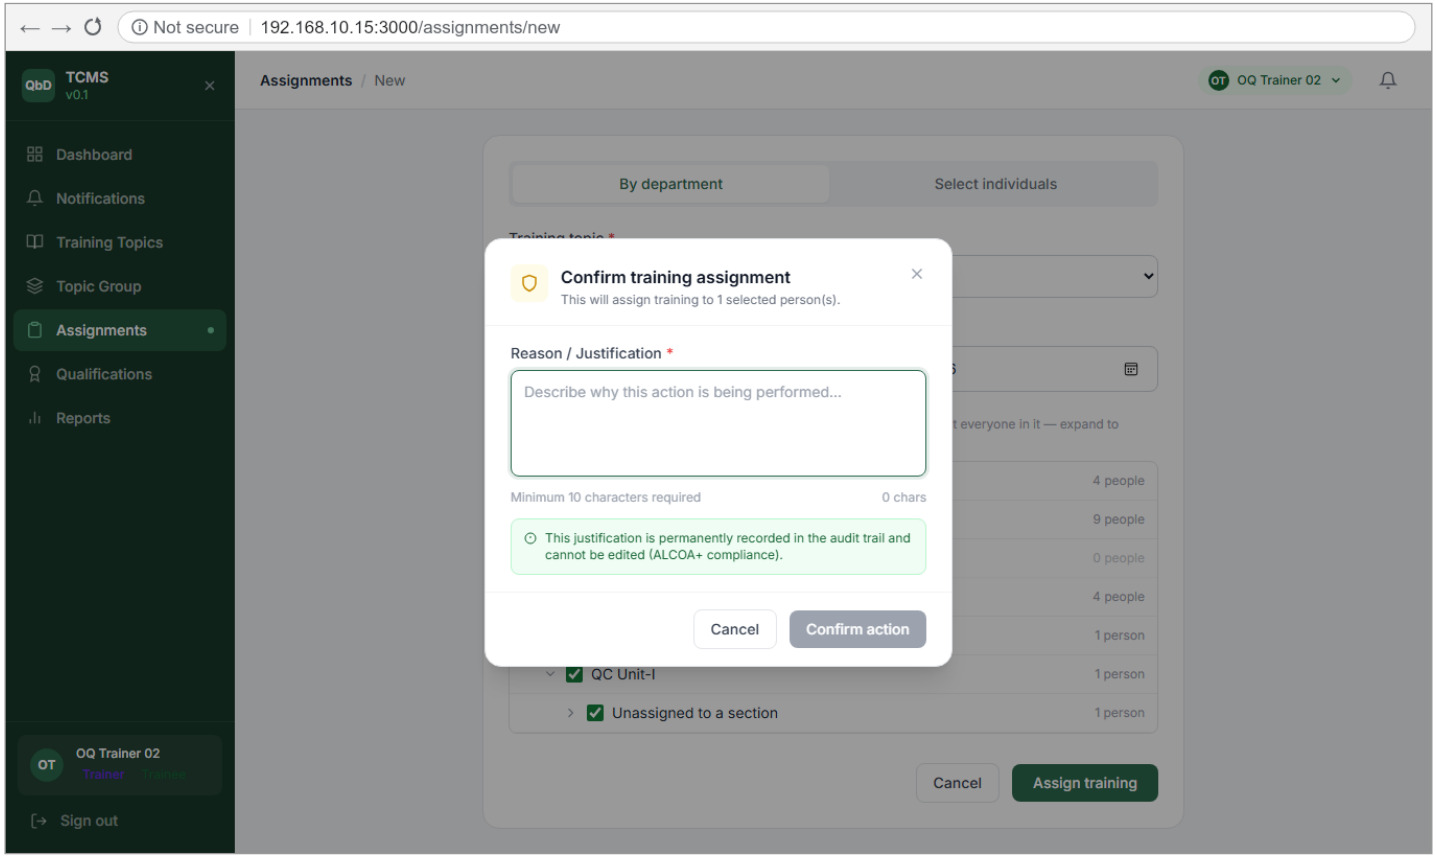
Test Objective :	To verify the available trigger reasons for assignment.			
Test Procedure :			Expected Result :	
Verify Trigger reason options.			Schedule, Induction & Refresher should be available.	
Test ID : 8.1.13	Step No : 6.1	Attachment No. : 317	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:21



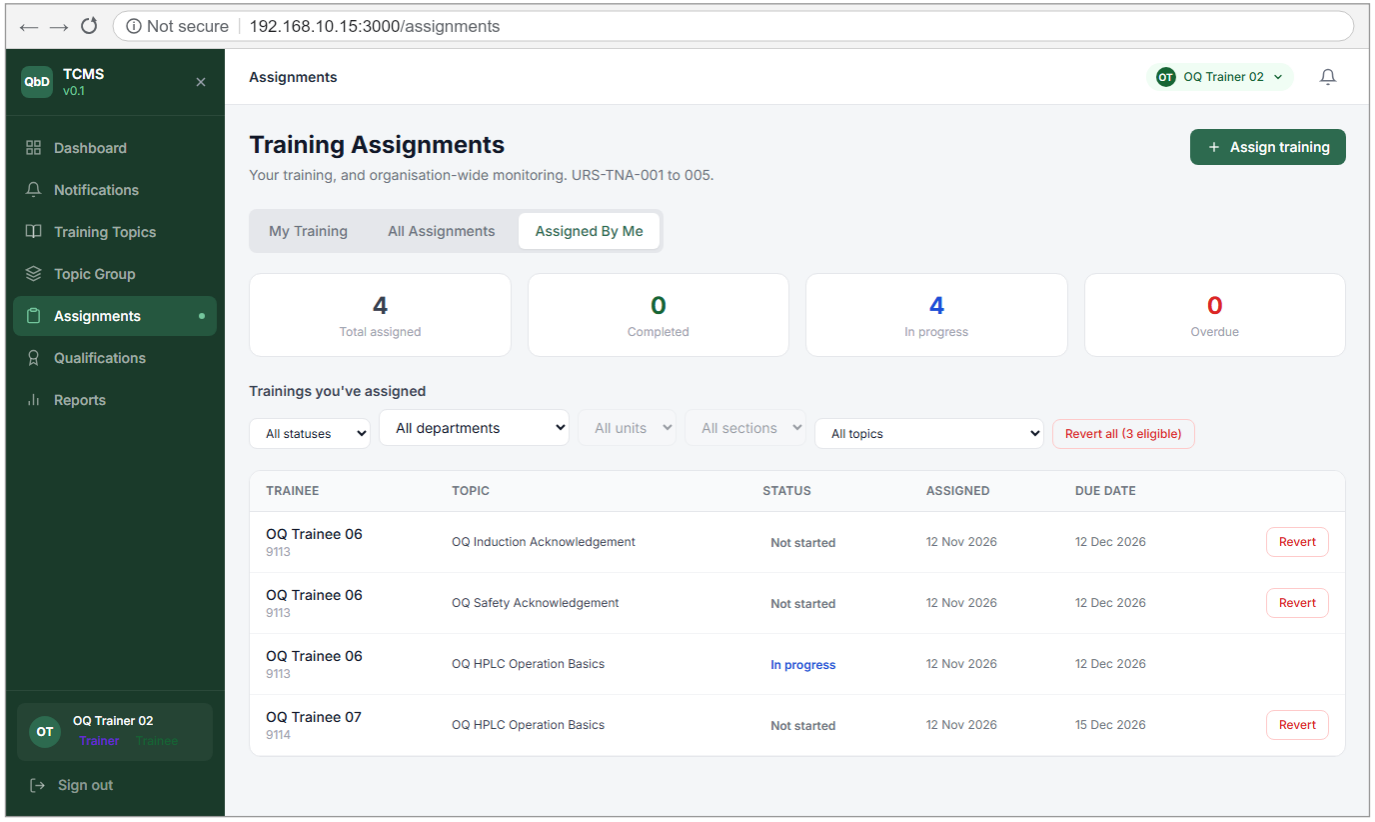
Test Objective :	To verify resolution of all personnel when a department is selected.			
Test Procedure :			Expected Result :	
Select topic OQ HPLC Operation Basics, Trigger reason = Schedule, Due date & select department QC.			All QC personnel should be resolved & selected.	
Test ID : 8.1.13	Step No : 7.1	Attachment No. : 318	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:29



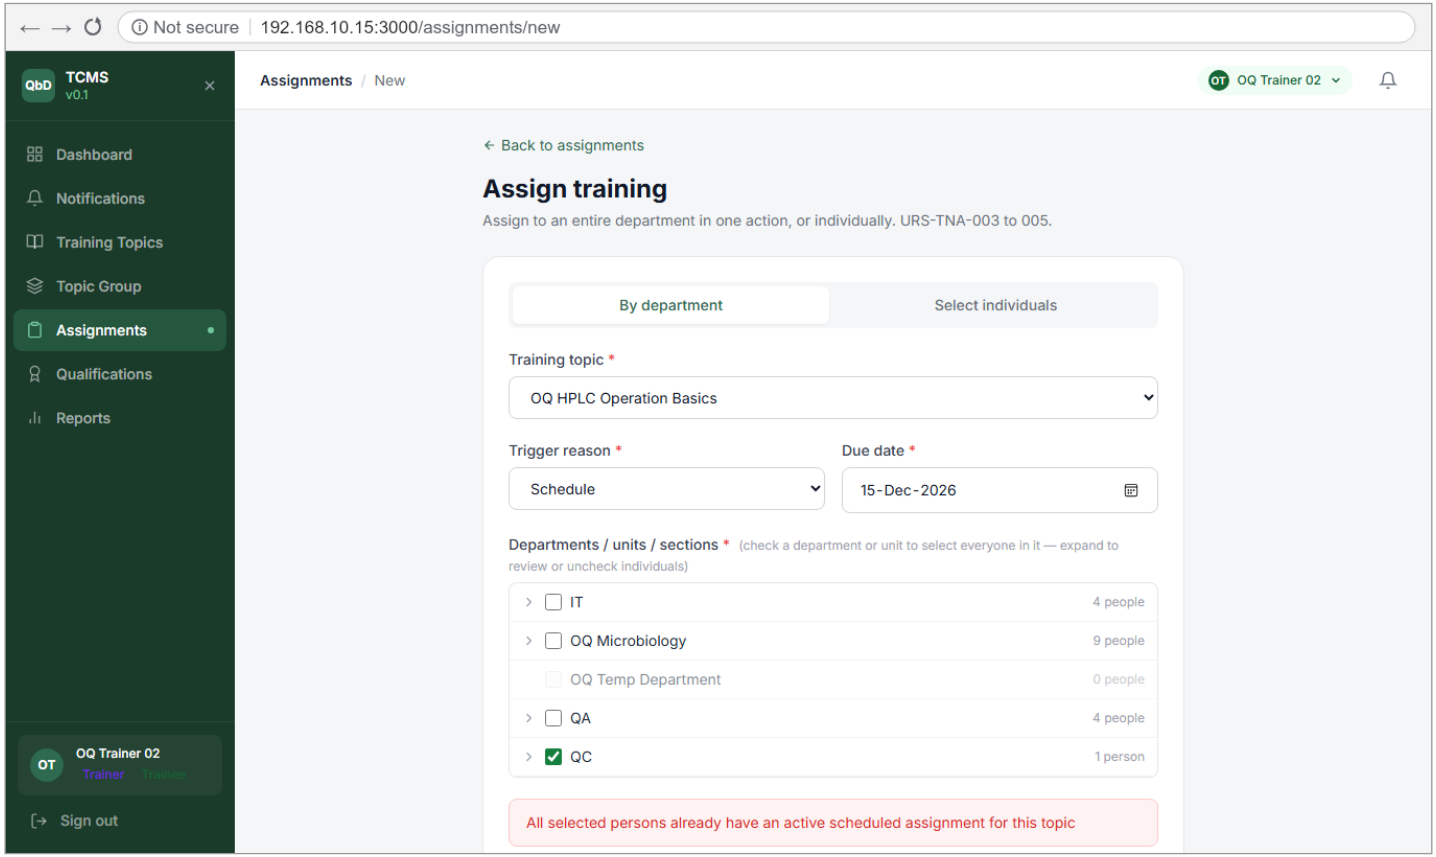
Test Objective :	To verify that training assignment requests electronic signature.			
Test Procedure :			Expected Result :	
Click on Assign training.			"Confirm training assignment" — "This will assign training to N selected person(s)." should be displayed.	
Test ID : 8.1.13	Step No : 8.1	Attachment No. : 319	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:22



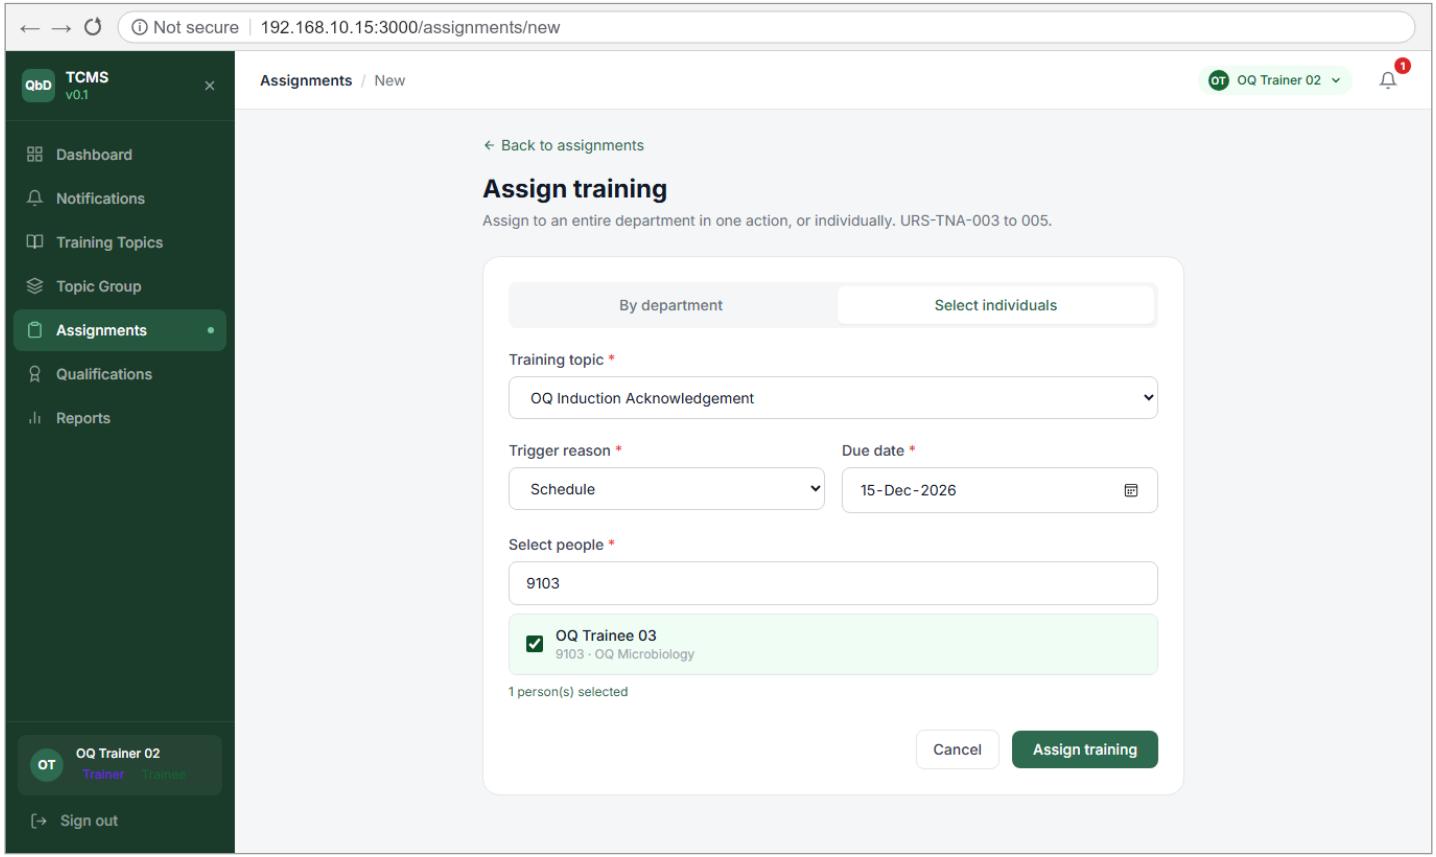
Test Objective :	To verify department-wise training assignment.			
Test Procedure :			**Expected Result :**	
In "Confirm training assignment" window, type Reason / Justification (minimum 10 characters), then click on "Confirm action" button.			Training should be assigned & listed under Assigned By Me.	
Test ID : 8.1.13	Step No : 9.1	Attachment No. : 320	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:22



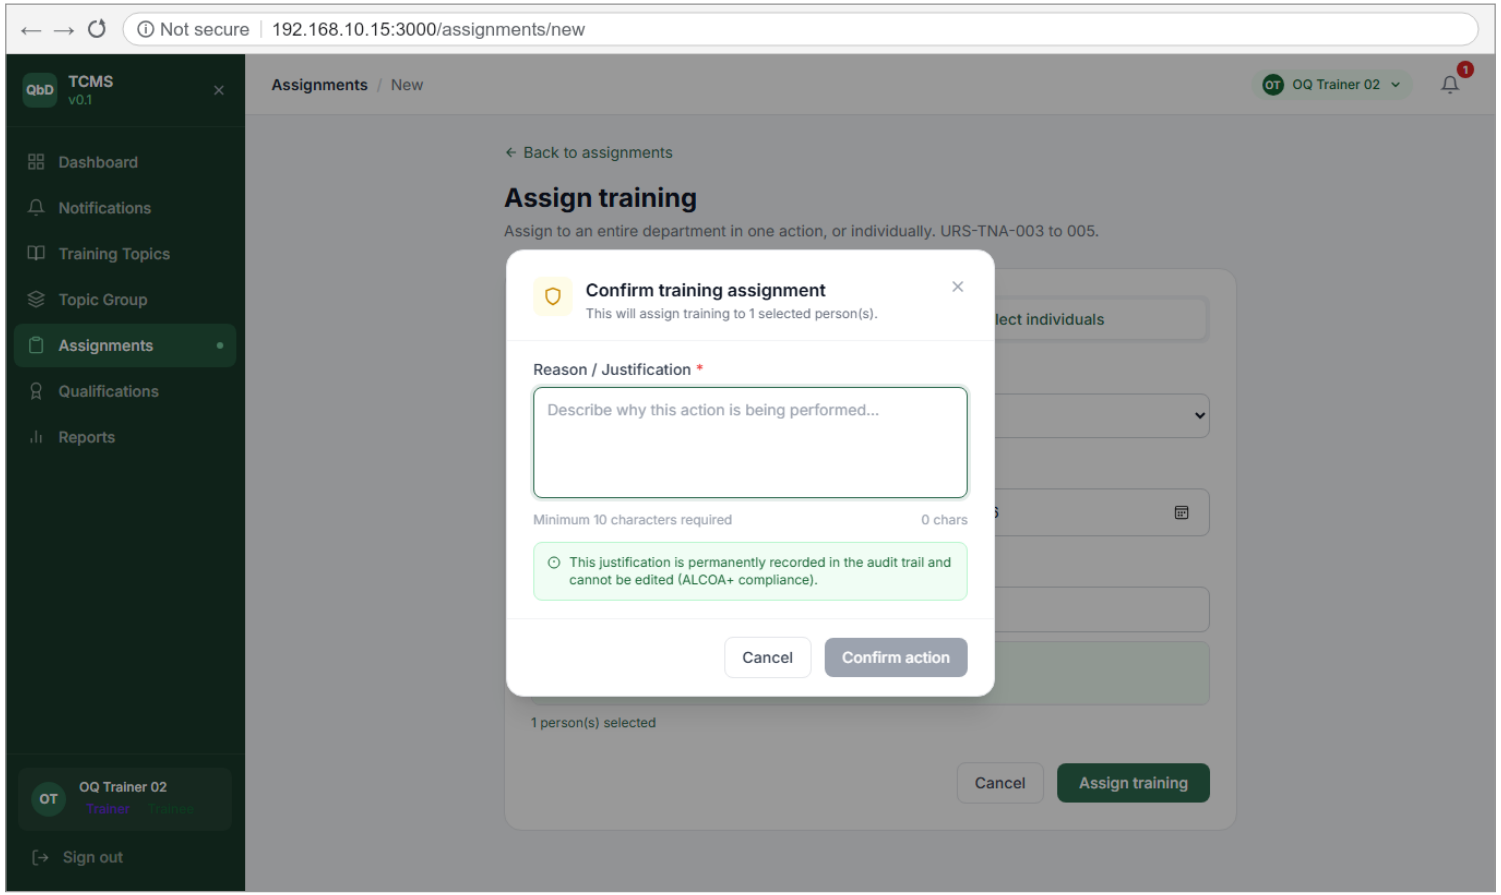
Test Objective :	To verify that a duplicate active assignment is not created.			
Test Procedure :			Expected Result :	
Assign the same topic to the same QC personnel again.			"All selected persons already have an active scheduled assignment for this topic" message should be displayed.	
Test ID : 8.1.13	Step No : 10.1	Attachment No. : 321	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:22



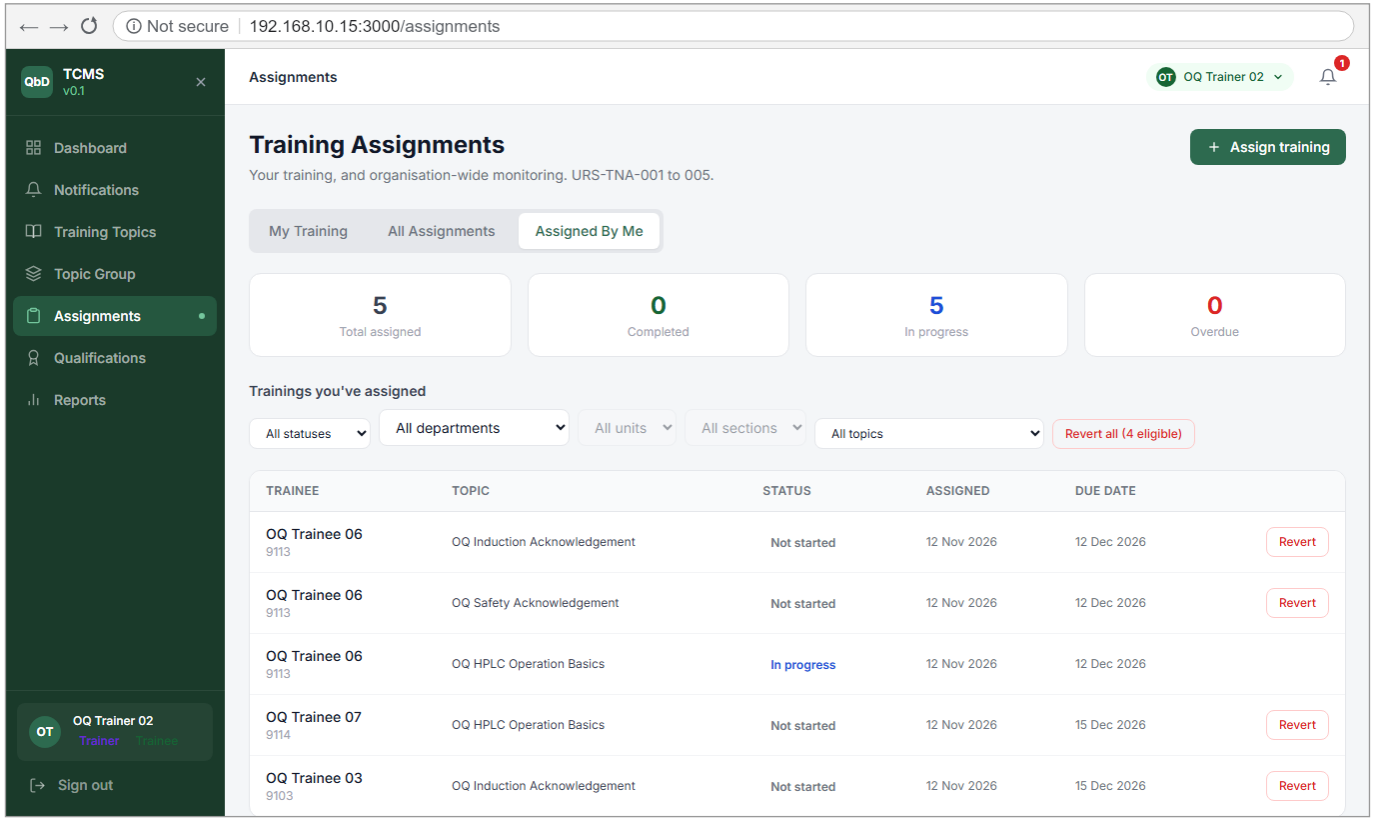
Test Objective :	To verify search and selection of an individual assignee.			
Test Procedure :			Expected Result :	
Assign topic OQ Induction Acknowledgement to an individual using "Search by name or employee ID".			Selected person should be displayed.	
Test ID : 8.1.13	Step No : 11.1	Attachment No. : 322	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:22



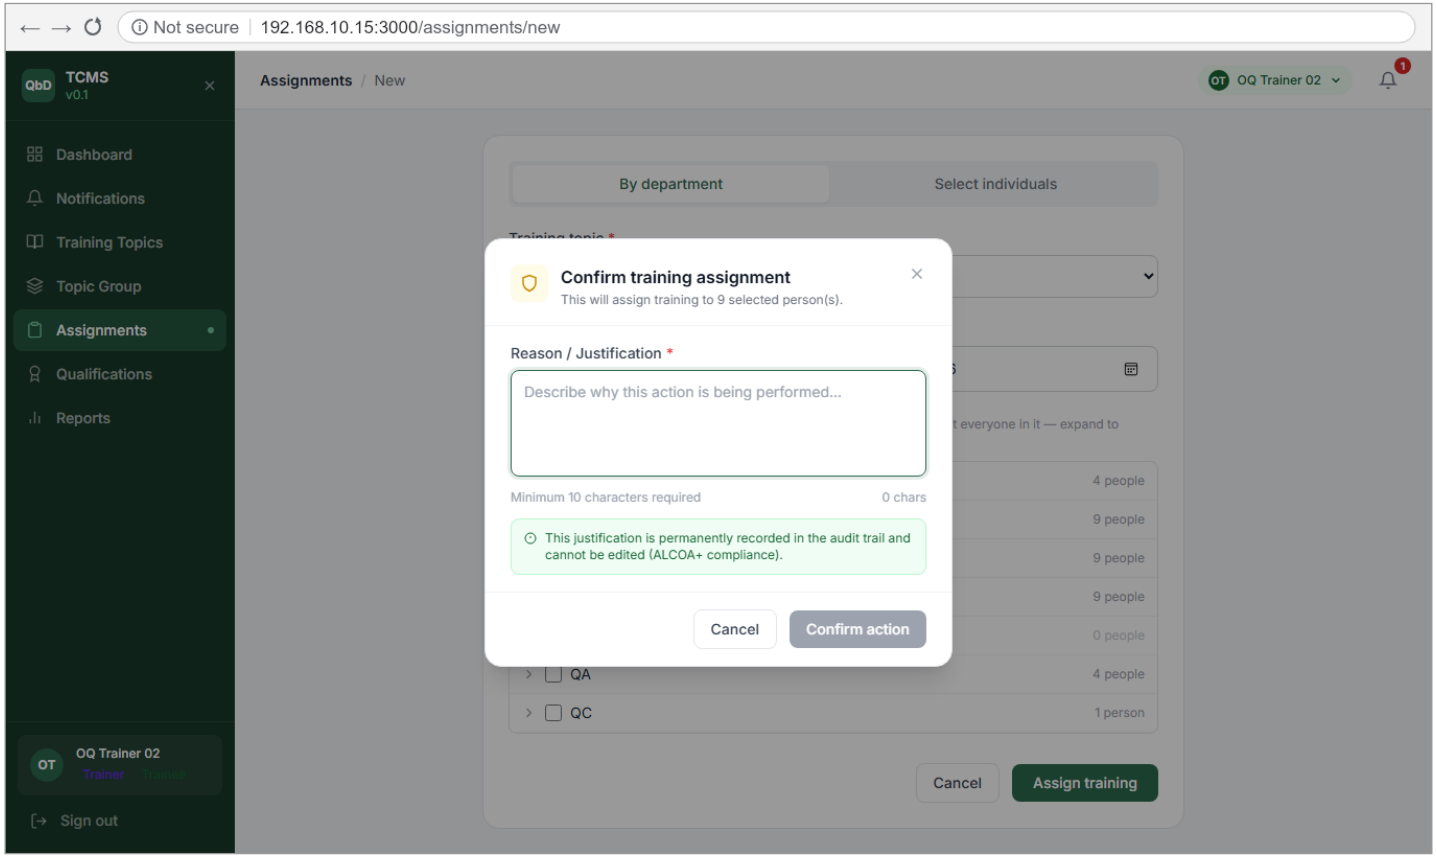
Test Objective :	To verify that individual assignment requests electronic signature.			
Test Procedure :			Expected Result :	
Click on Assign training.			"Confirm training assignment" window should be displayed.	
Test ID : 8.1.13	Step No : 12.1	Attachment No. : 323	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:22



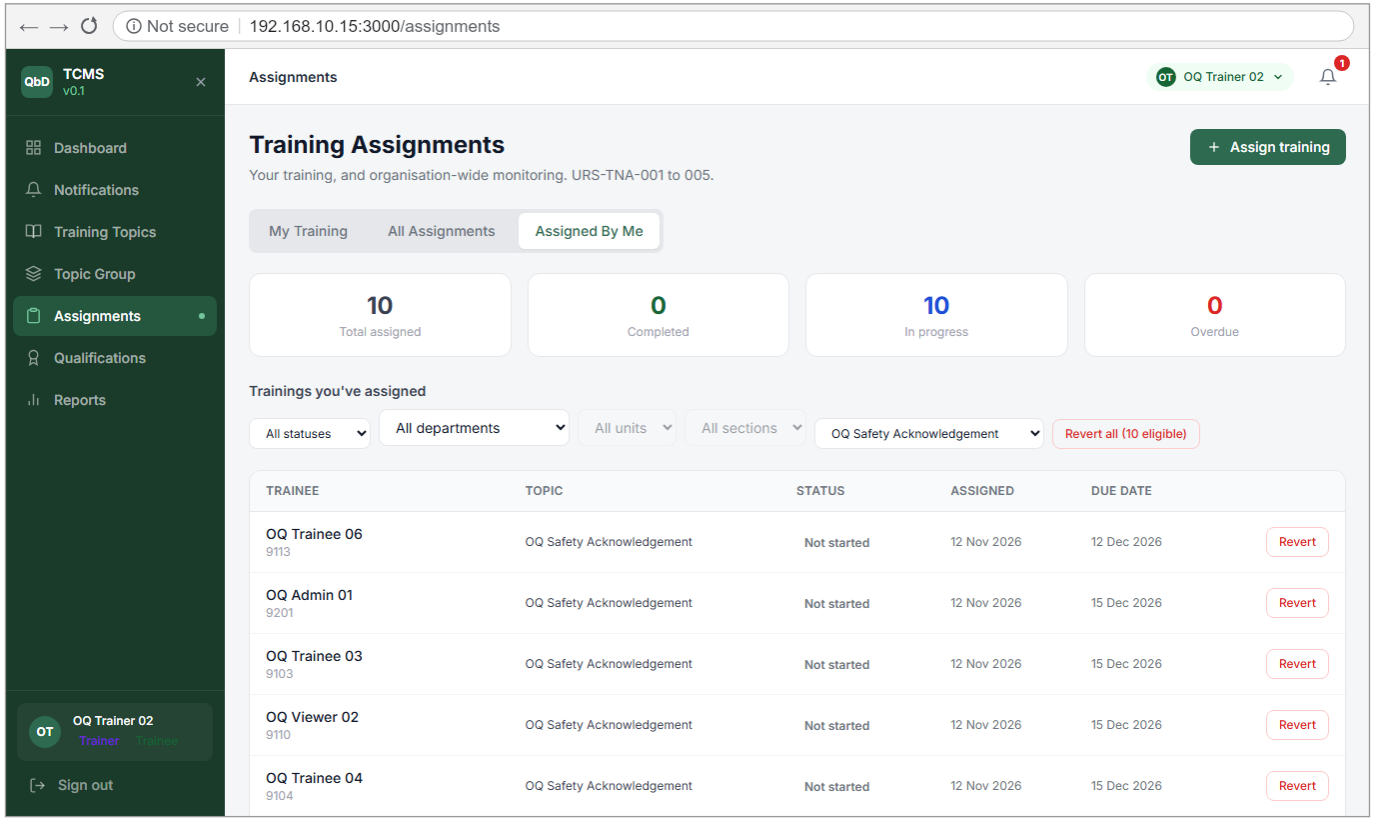
Test Objective :	To verify individual training assignment.			
Test Procedure :			**Expected Result :**	
In "Confirm training assignment" window, type Reason / Justification (minimum 10 characters), then click on "Confirm action" button.			Training should be assigned to the individual.	
Test ID : 8.1.13	Step No : 13.1	Attachment No. : 324	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:22



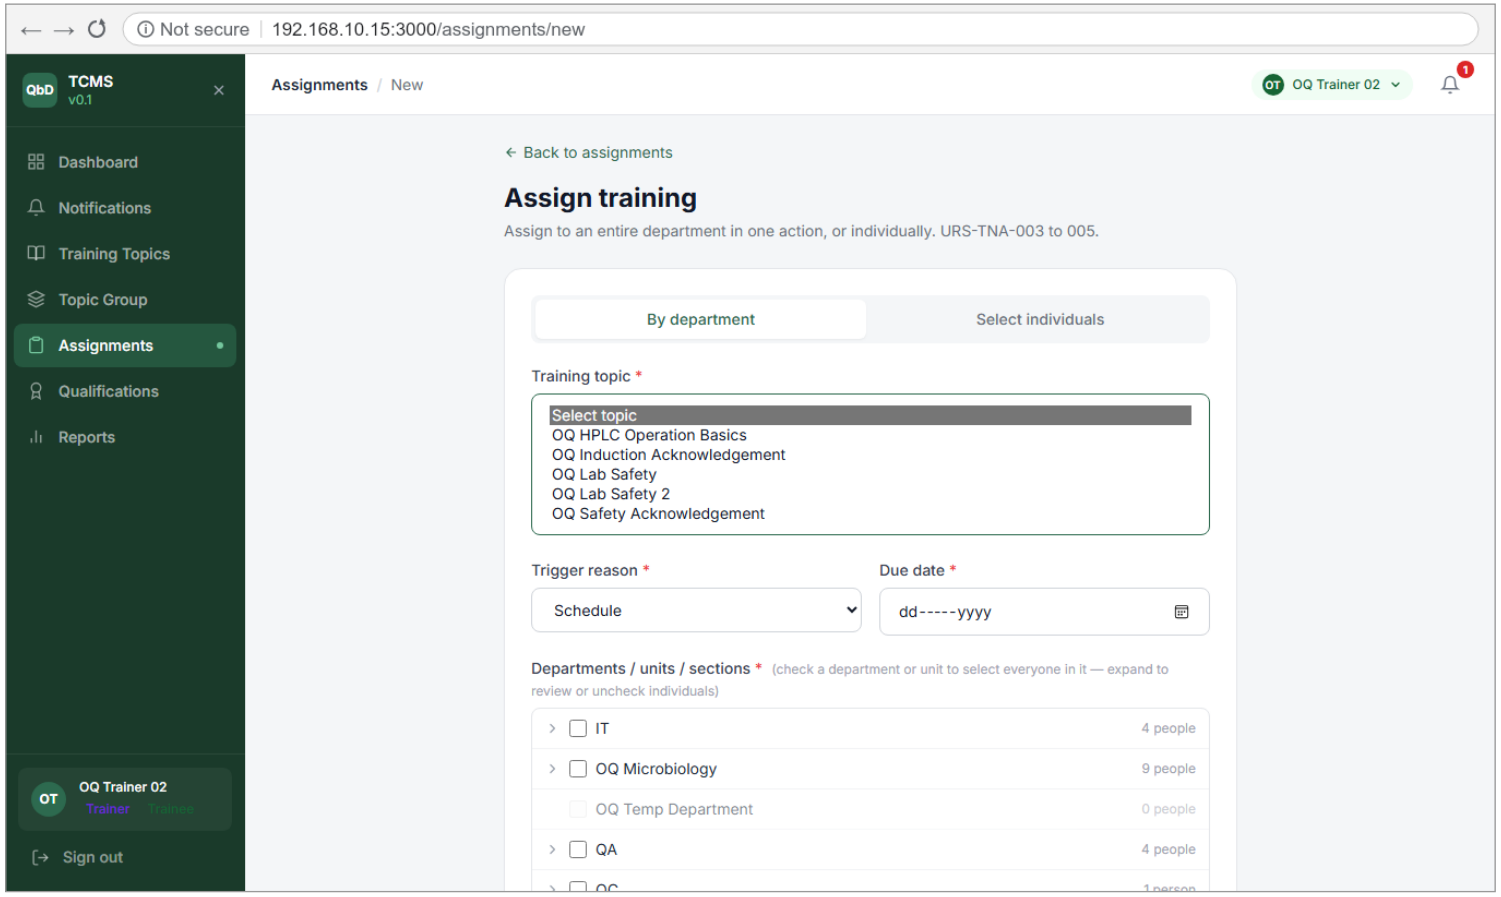
Test Objective :	To verify that section-wise assignment requests electronic signature.			
Test Procedure :			Expected Result :	
Assign topic OQ Safety Acknowledgement (Acknowledgement Only) to a section (OQ-LCMS).			"Confirm training assignment" window should be displayed.	
Test ID : 8.1.13	Step No : 14.1	Attachment No. : 325	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:22



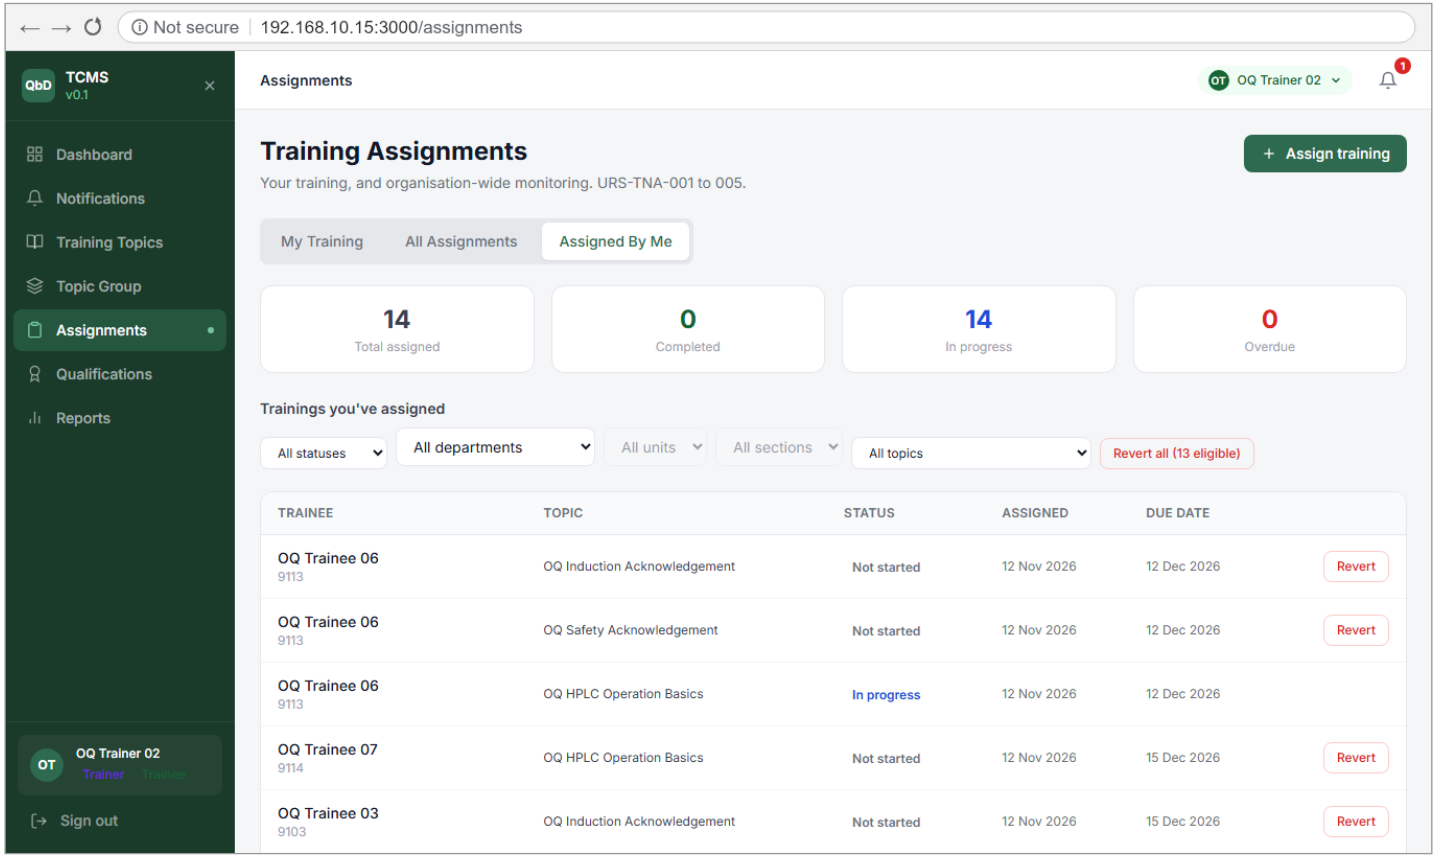
Test Objective :	To verify section-wise training assignment.			
Test Procedure :			**Expected Result :**	
In "Confirm training assignment" window, type Reason / Justification (minimum 10 characters), then click on "Confirm action" button.			Training should be assigned to all section members.	
Test ID : 8.1.13	**Step No : 15.1**	**Attachment No. : 326**	**Result : Pass**	**Executed By : _____** **Date & Time : 12-Nov-26 16:23**



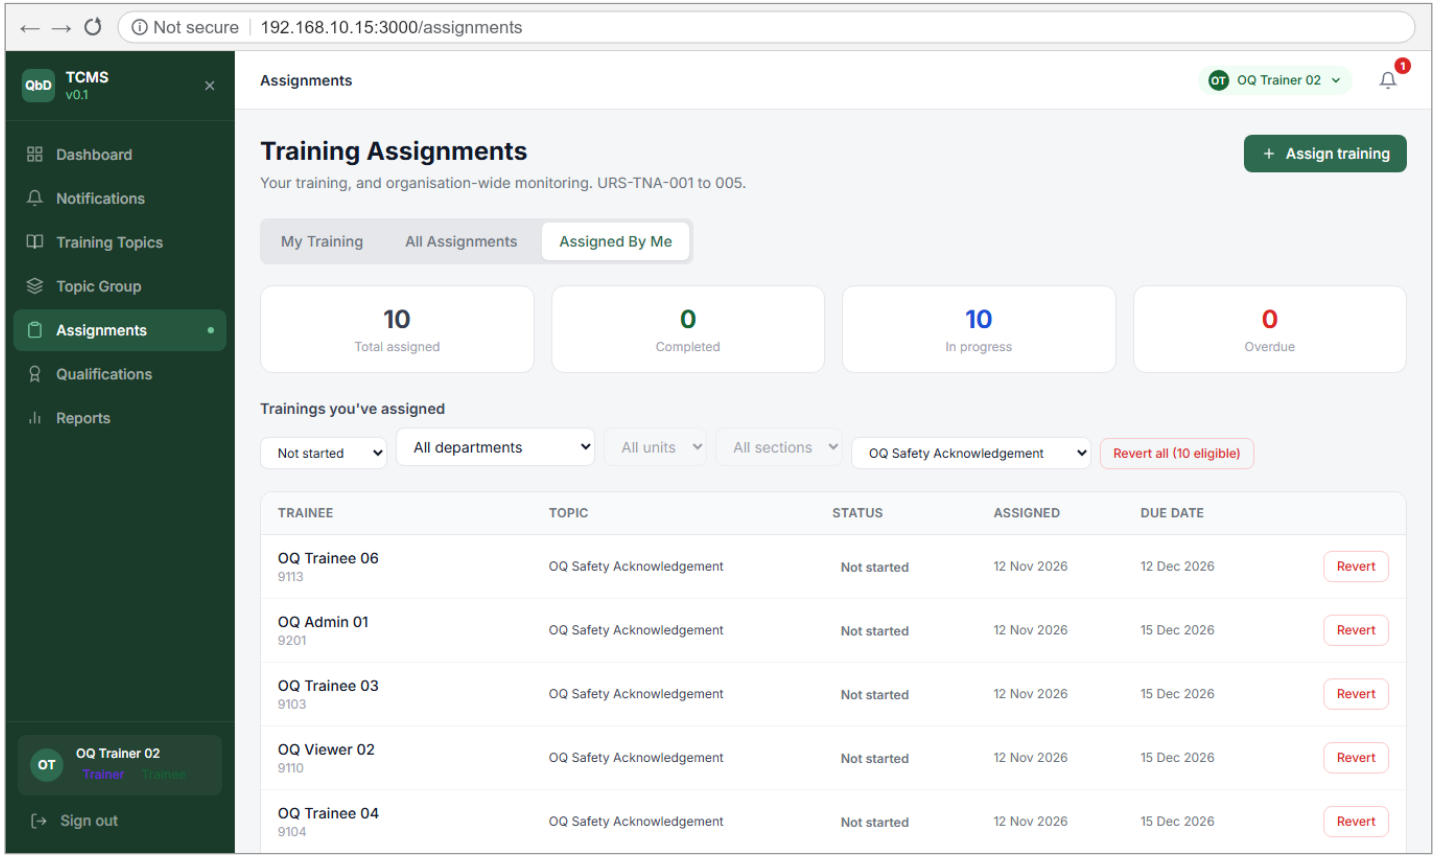
Test Objective :	To verify that an inactive topic cannot be assigned.			
Test Procedure :			Expected Result :	
Try to assign the deactivated topic.			"Topic is inactive" message should be displayed / topic should not be listed.	
Test ID : 8.1.13	Step No : 16.1	Attachment No. : 327	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:23



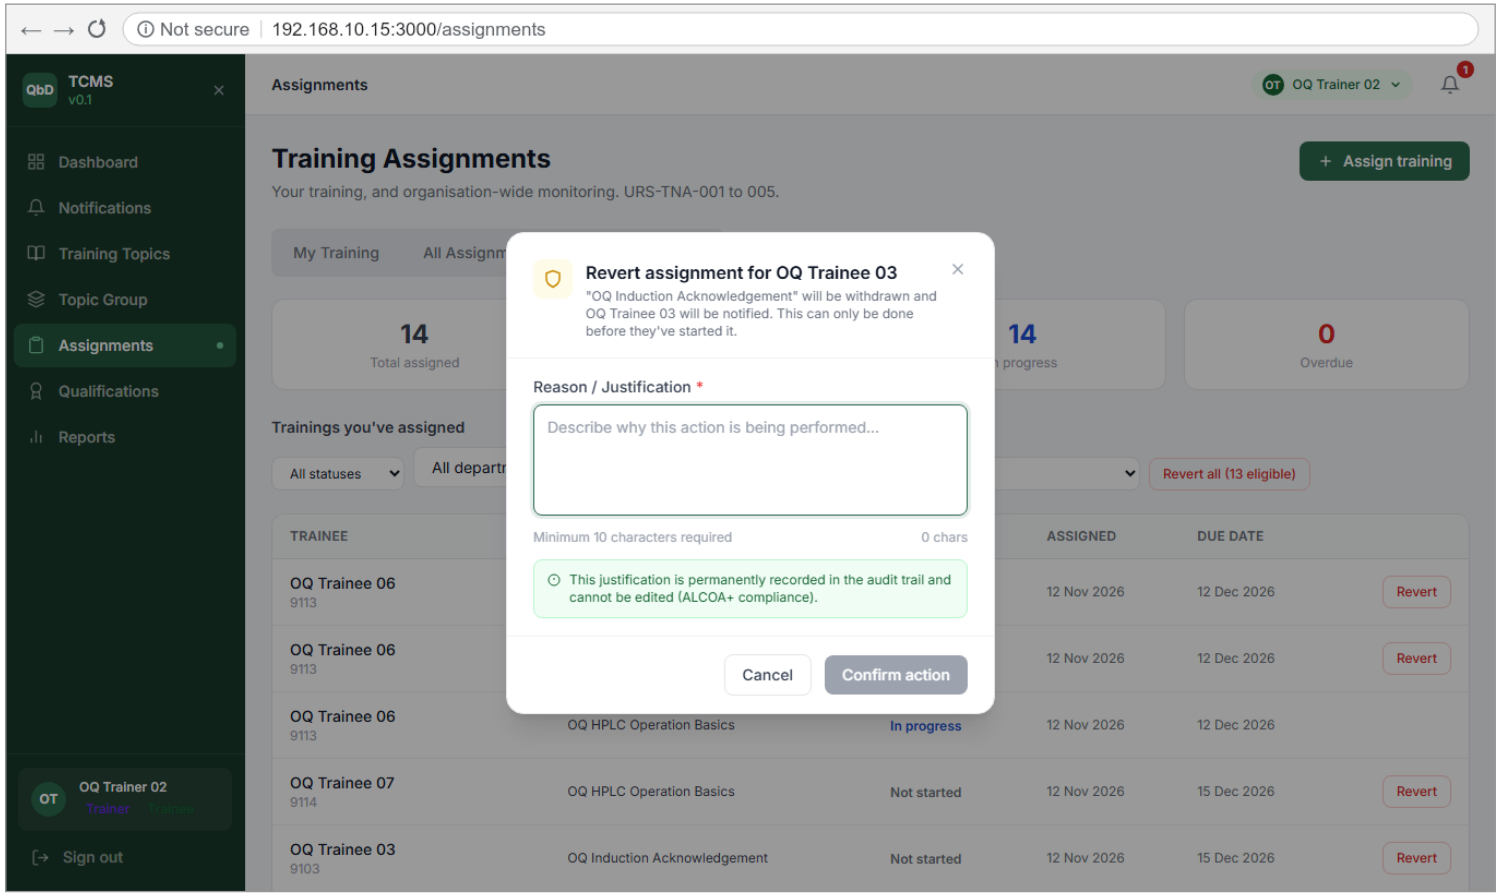
Test Objective :	To verify the summary of trainings assigned by the logged-in Trainer.			
Test Procedure :			**Expected Result :**	
Click on "Assigned By Me" tab.			"Trainings you've assigned" should be displayed with Total assigned & status-wise counts.	
Test ID : 8.1.13	Step No : 17.1	Attachment No. : 328	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:23



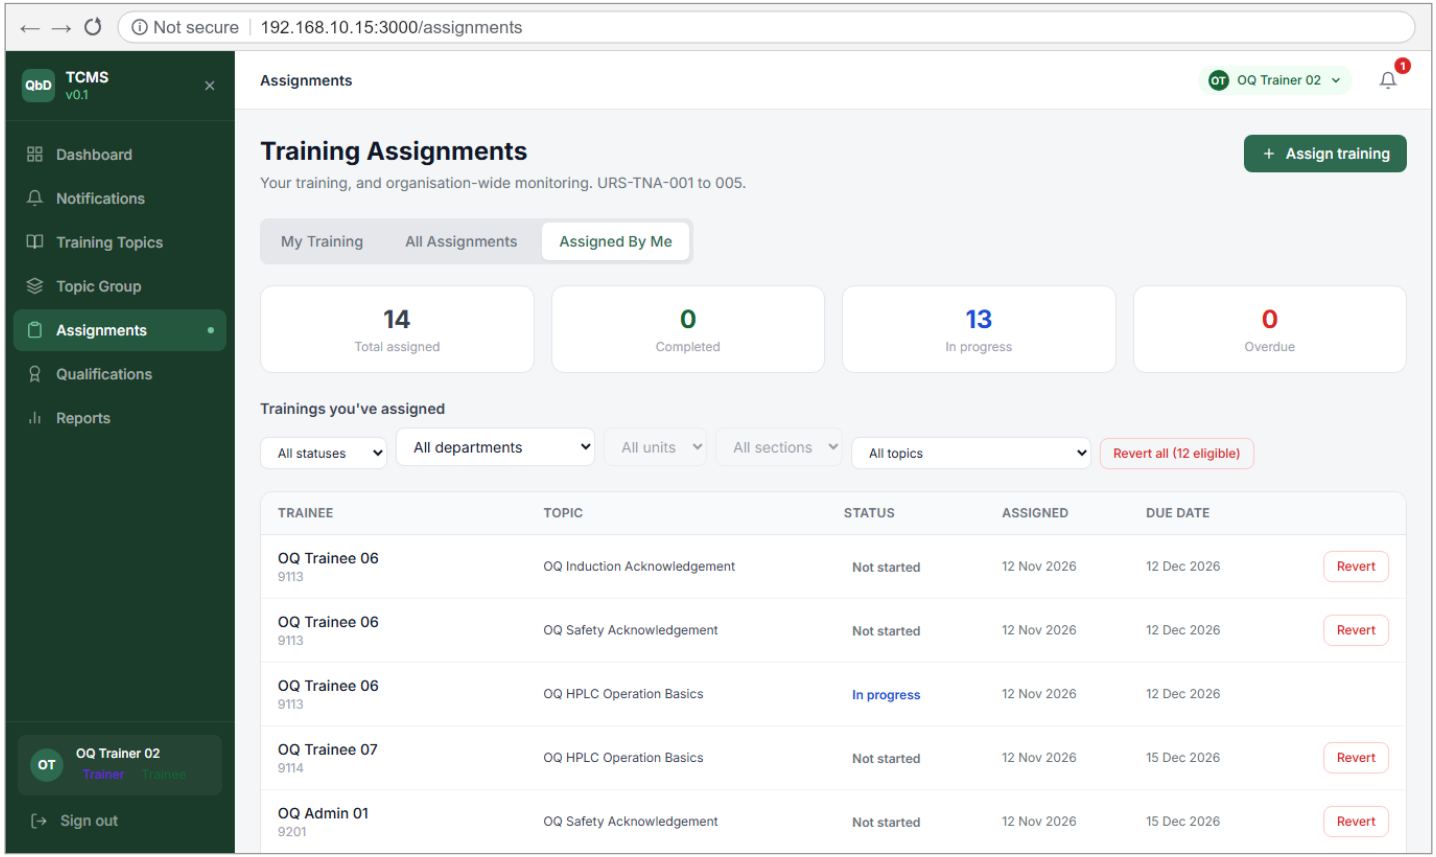
Test Objective :	To verify filtering of assigned trainings by status and topic.			
Test Procedure :			Expected Result :	
Filter by status (Not started / In progress / Completed / Overdue / Under review / Withdrawn) & topic.			Assignments should be filtered as per the selection.	
Test ID : 8.1.13	Step No : 18.1	Attachment No. : 329	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:23



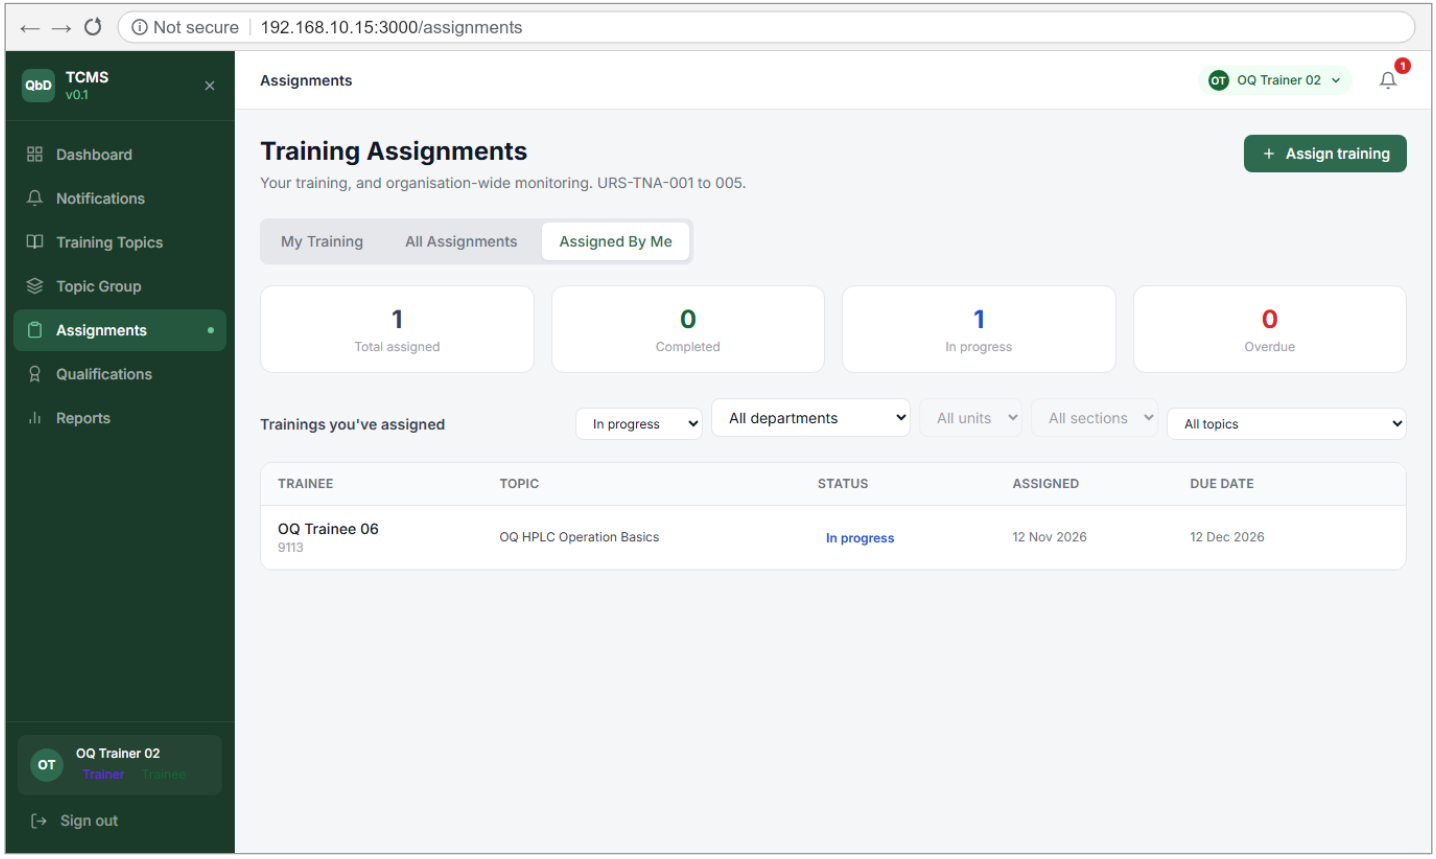
Test Objective :	To verify that reverting an assignment requests electronic signature.			
Test Procedure :			Expected Result :	
Click on Revert for a Not started assignment.			"Revert assignment for <name>" window should be displayed.	
Test ID : 8.1.13	Step No : 19.1	Attachment No. : 330	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:23



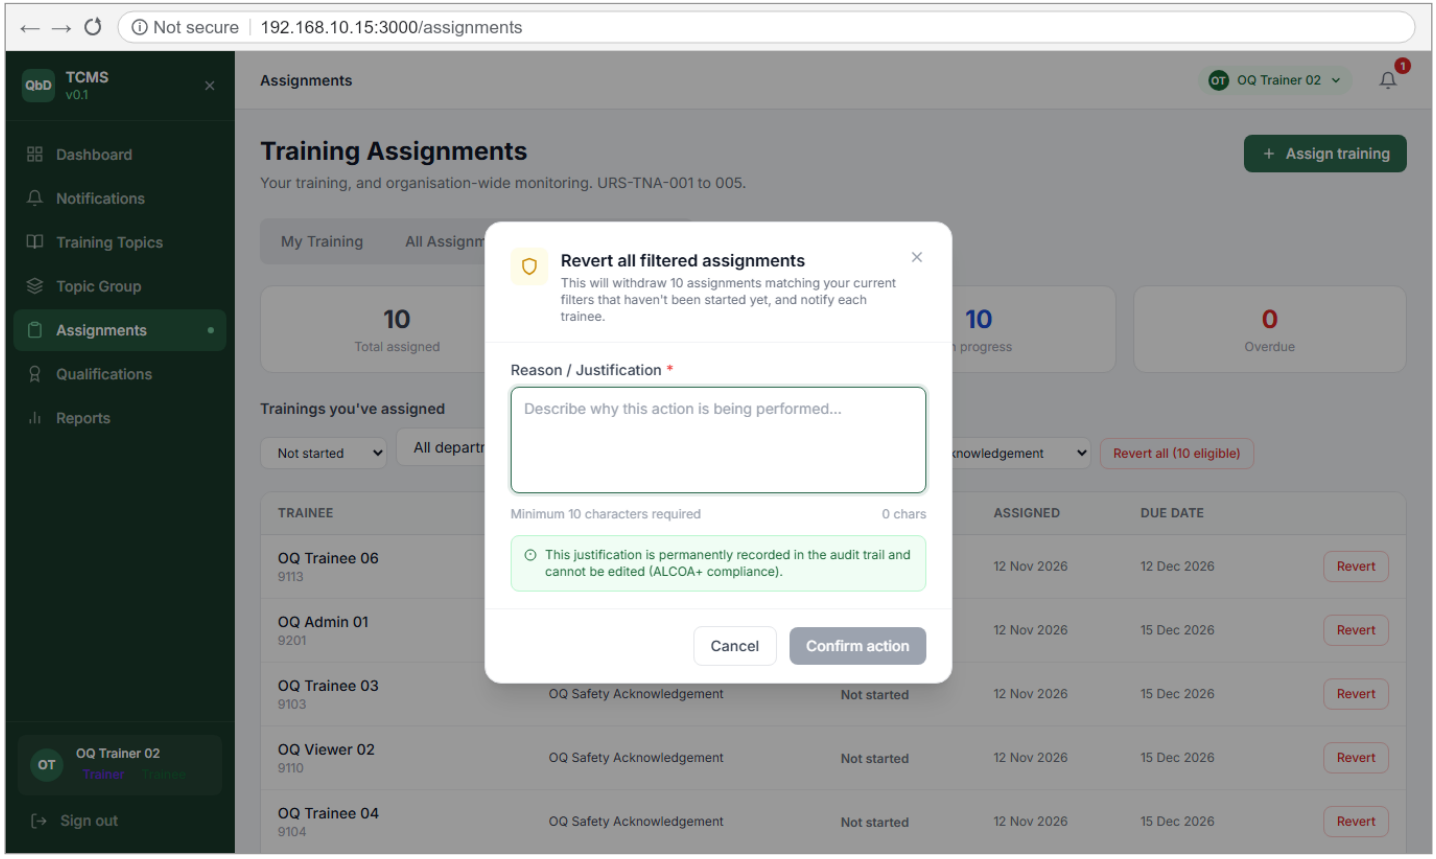
Test Objective :	To verify revert of a Not started assignment.			
Test Procedure :			Expected Result :	
In "Revert assignment" window, type Reason / Justification (minimum 10 characters), then click on "Confirm action" button.			Assignment should be reverted & status should be Withdrawn.	
Test ID : 8.1.13	Step No : 20.1	Attachment No. : 331	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:23



Test Objective :	To verify that an In progress assignment cannot be reverted.			
Test Procedure :			Expected Result :	
Verify the options available for an In progress assignment.			Revert option should not be available for an In progress assignment.	
Test ID : 8.1.13	Step No : 21.1	Attachment No. : 332	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:23



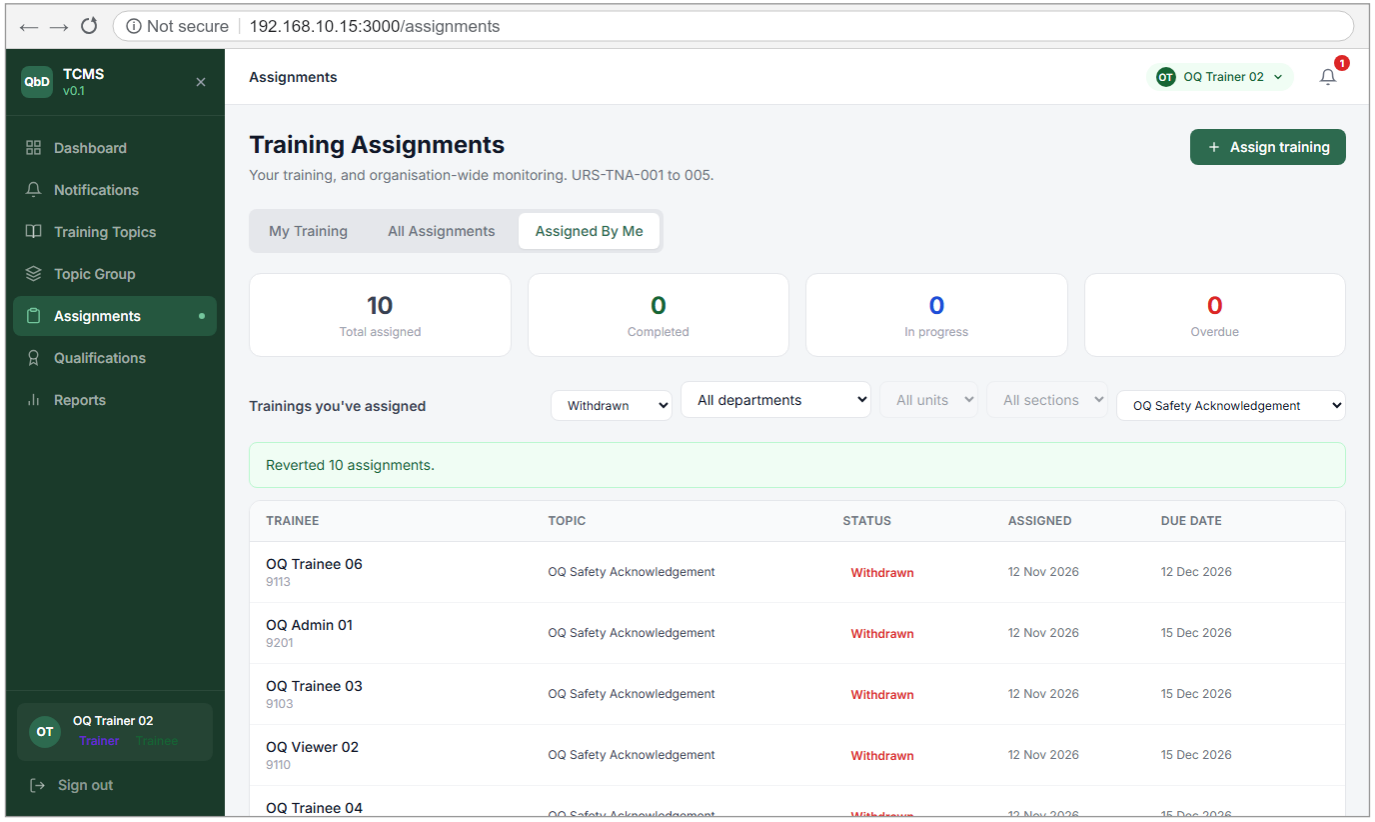
Test Objective :	To verify that bulk revert of filtered assignments requests electronic signature.			
Test Procedure :			Expected Result :	
Filter Not started assignments of a topic & click on "Revert all (N eligible)".			"Revert all filtered assignments" window should be displayed.	
Test ID : 8.1.13	Step No : 22.1	Attachment No. : 333	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:23



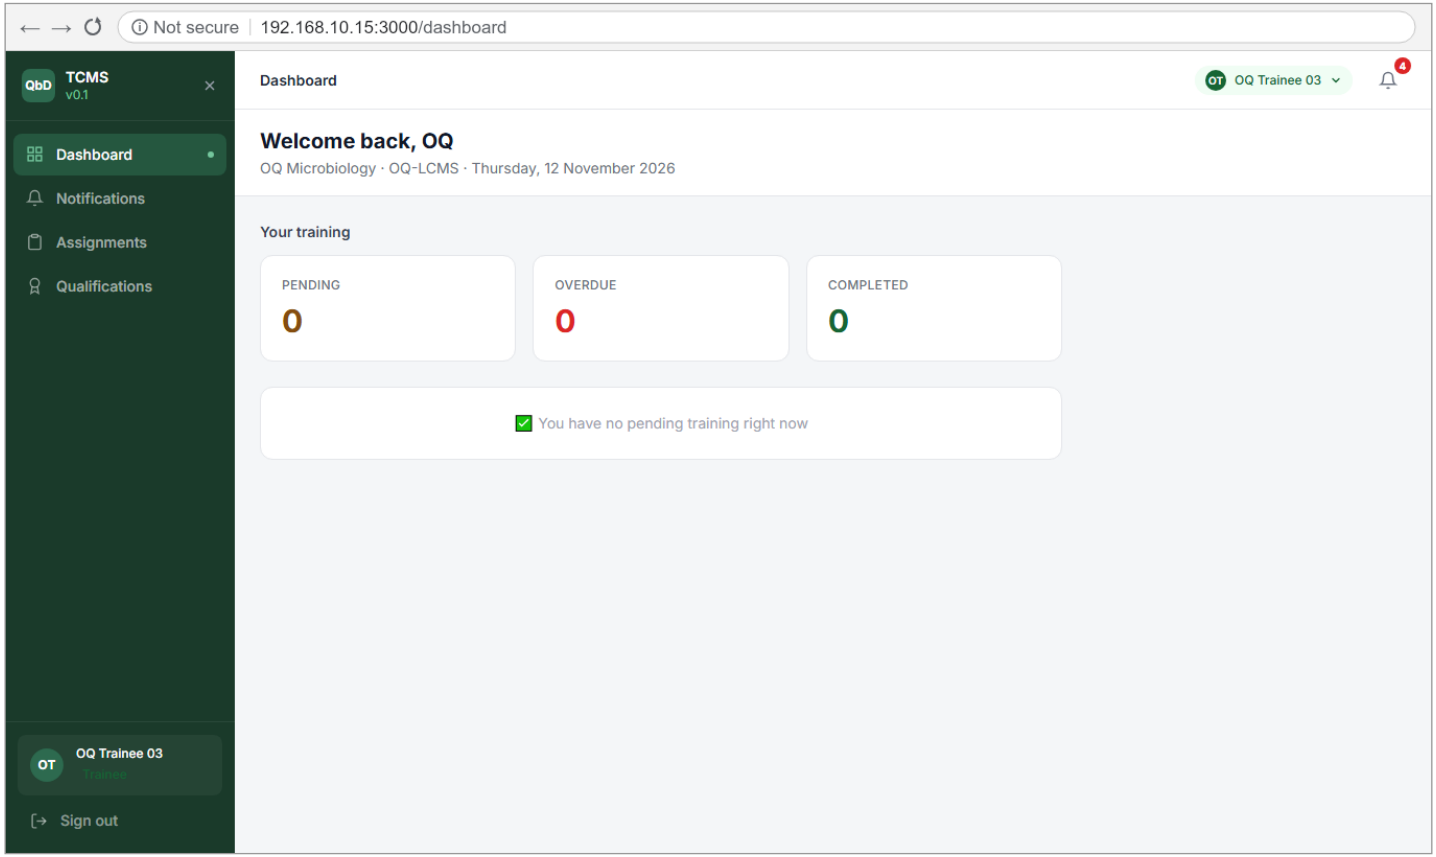
OPERATIONAL QUALIFICATION SCREENSHOTS FOR TCMS APPLICATION VER. 1.0

DOCUMENT NO.: LGC/QBD/0002	TITLE : COMPUTER SYSTEM VALIDATION OF TCMS

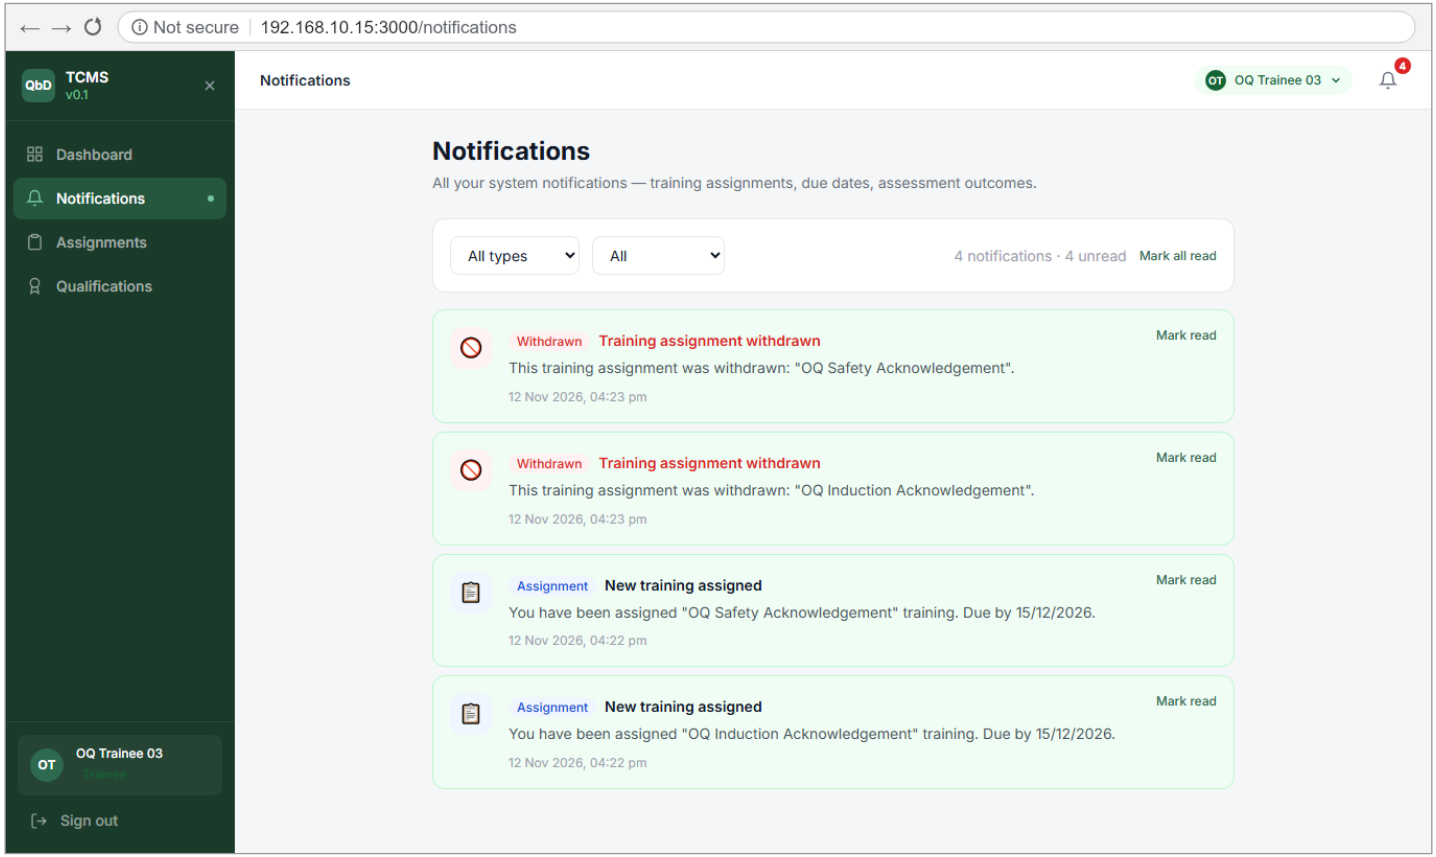
Test Objective :	To verify bulk revert of filtered assignments.			
Test Procedure :			**Expected Result :**	
In "Revert all filtered assignments" window, type Reason / Justification (minimum 10 characters), then click on "Confirm action" button.			All filtered assignments should be Withdrawn.	
Test ID : 8.1.13	Step No : 23.1	Attachment No. : 334	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:23



Test Objective :	To verify successful login with Trainee credentials and role-wise menu display.			
Test Procedure :			Expected Result :	
Sign out from the current user. Type Employee ID / Password & click on Sign in button (with Trainee level privilege).			Dashboard should be displayed with the menus applicable to Trainee role.	
Test ID : 8.1.13	Step No : 24.1	Attachment No. : 335	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:23



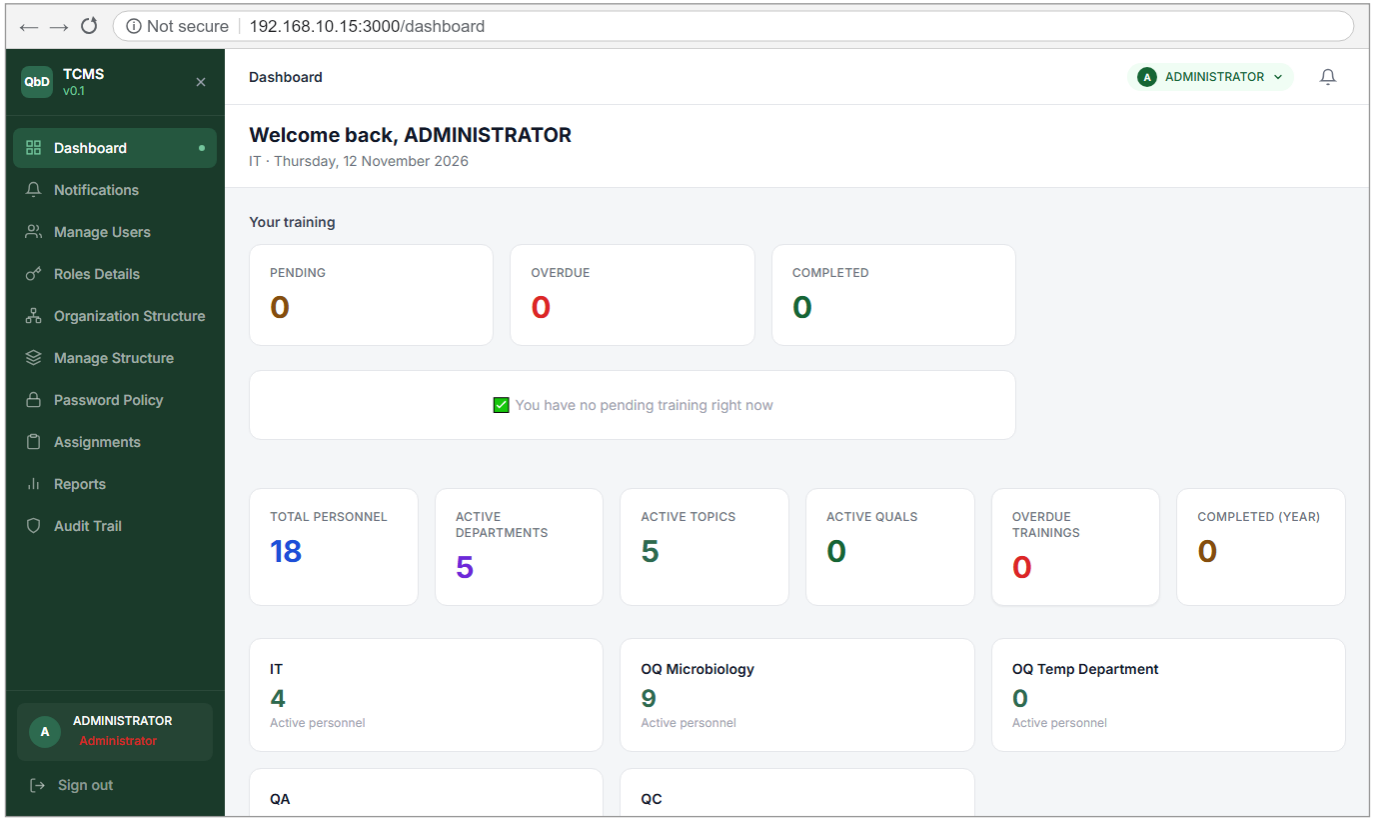
Test Objective :	To verify that the Trainee is notified of assigned and withdrawn trainings.			
Test Procedure :			Expected Result :	
Click on Notifications bell.			"New training assigned" & "Training assignment withdrawn" notifications should be displayed.	
Test ID : 8.1.13	Step No : 25.1	Attachment No. : 336	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:24



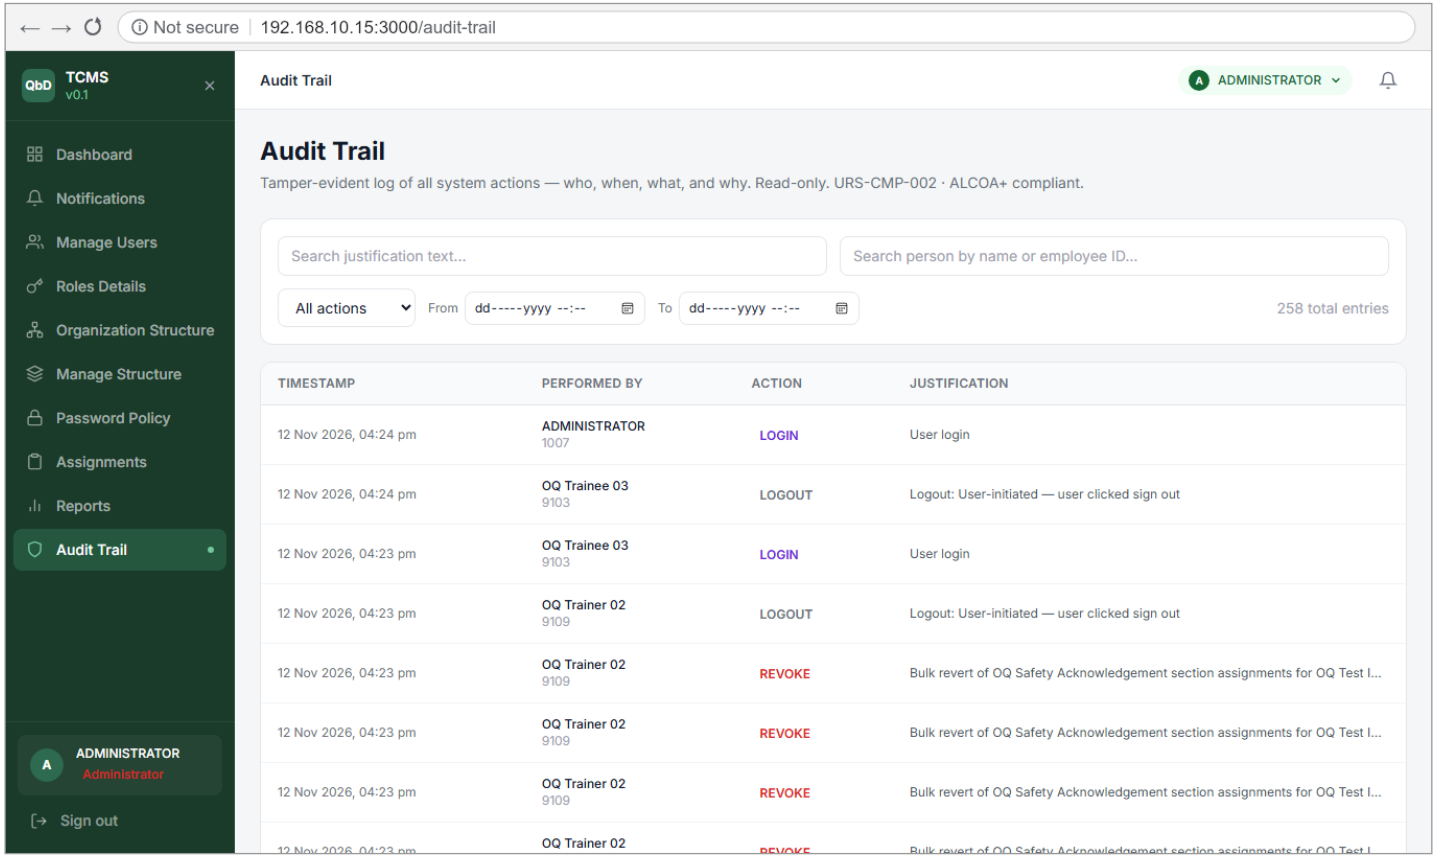
OPERATIONAL QUALIFICATION SCREENSHOTS FOR TCMS APPLICATION VER. 1.0

DOCUMENT NO.: LGC/QBD/0002	TITLE : COMPUTER SYSTEM VALIDATION OF TCMS

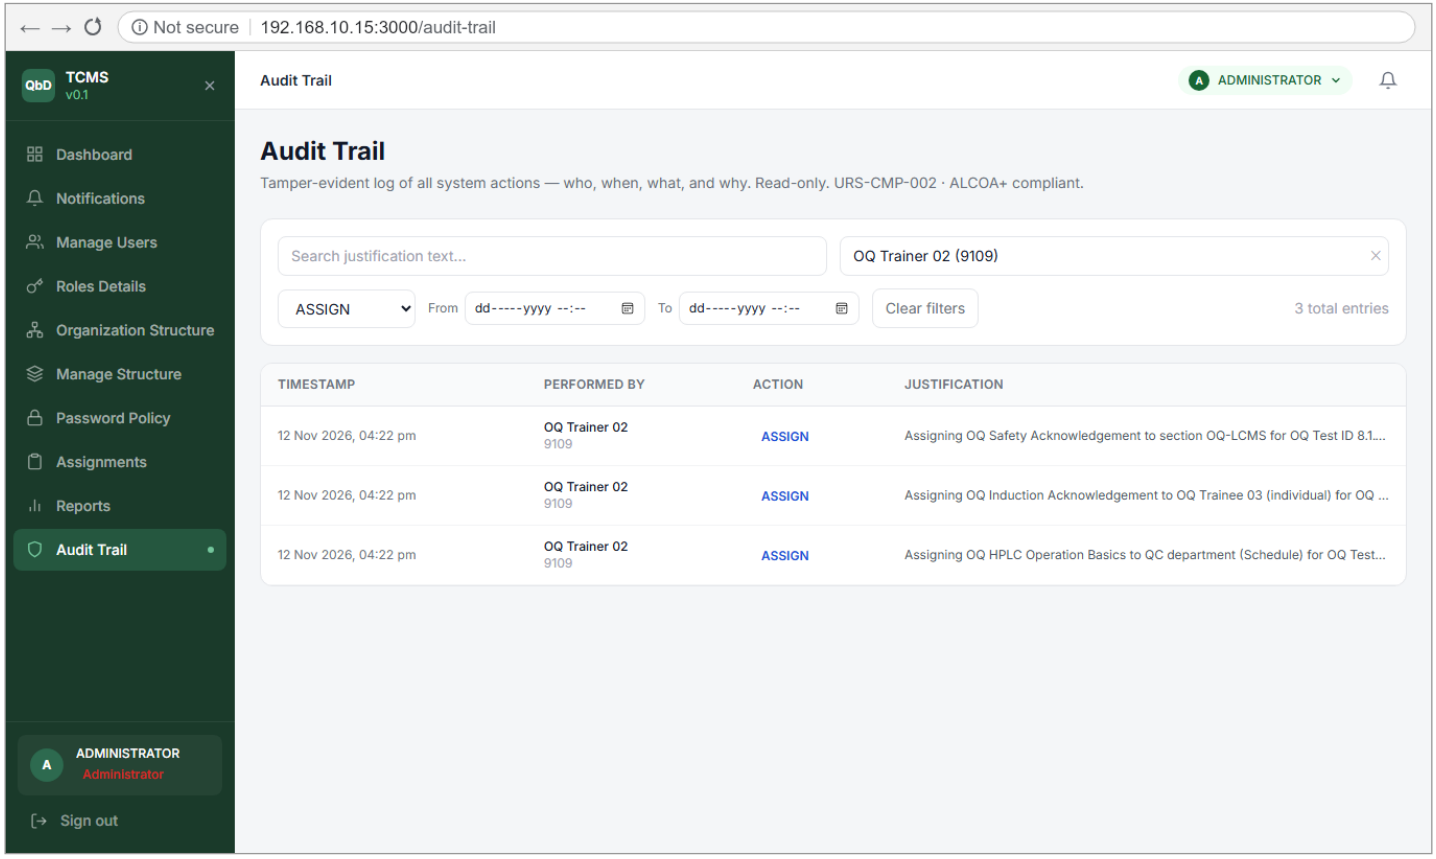
Test Objective :	To verify successful login with Administrator credentials and role-wise menu display.			
Test Procedure :			Expected Result :	
Sign out from the current user. Open TCMS application URL (http://192.168.10.15:3000) in Microsoft Edge. Type Employee ID / Password & click on Sign in button (with Administrator level privilege).			Dashboard should be displayed with the menus applicable to Administrator role.	
Test ID : 8.1.13	Step No : 26.1	Attachment No. : 337	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:24



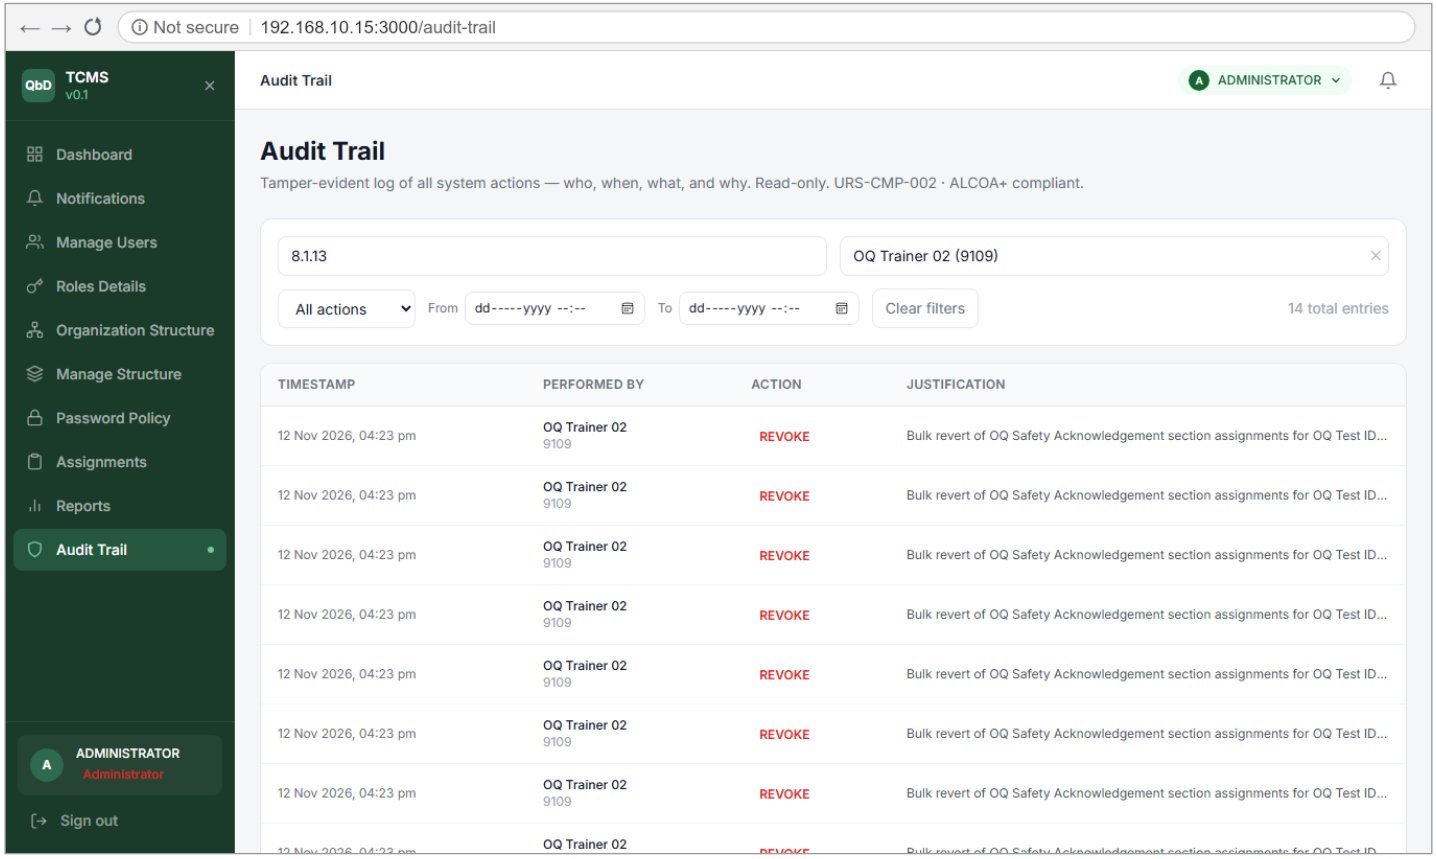
Test Objective :	To verify navigation to the Audit Trail page.			
Test Procedure :			Expected Result :	
Click on "Audit Trail" menu from the left panel.			Audit Trail page should be displayed with Timestamp, Performed By, Action & Justification columns.	
Test ID : 8.1.13	Step No : 27.1	Attachment No. : 338	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:24



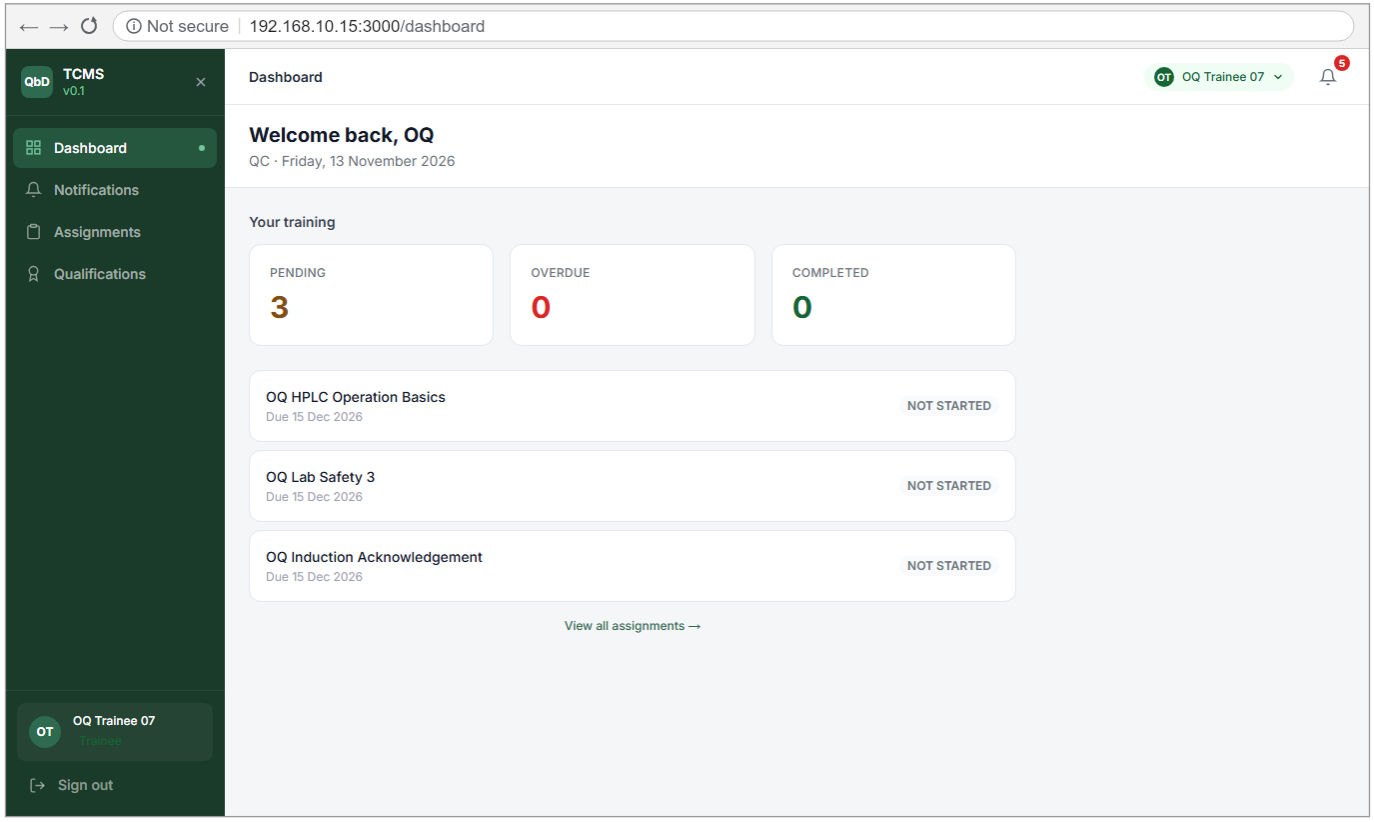
Test Objective :	To verify filtering of the audit trail by user and action (ASSIGN).			
Test Procedure :			**Expected Result :**	
Search the performing user by name / Employee ID & select "ASSIGN" from the All actions drop-down.			Audit log entries should be filtered for the selected user and action.	
Test ID : 8.1.13	Step No : 28.1	Attachment No. : 339	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:24



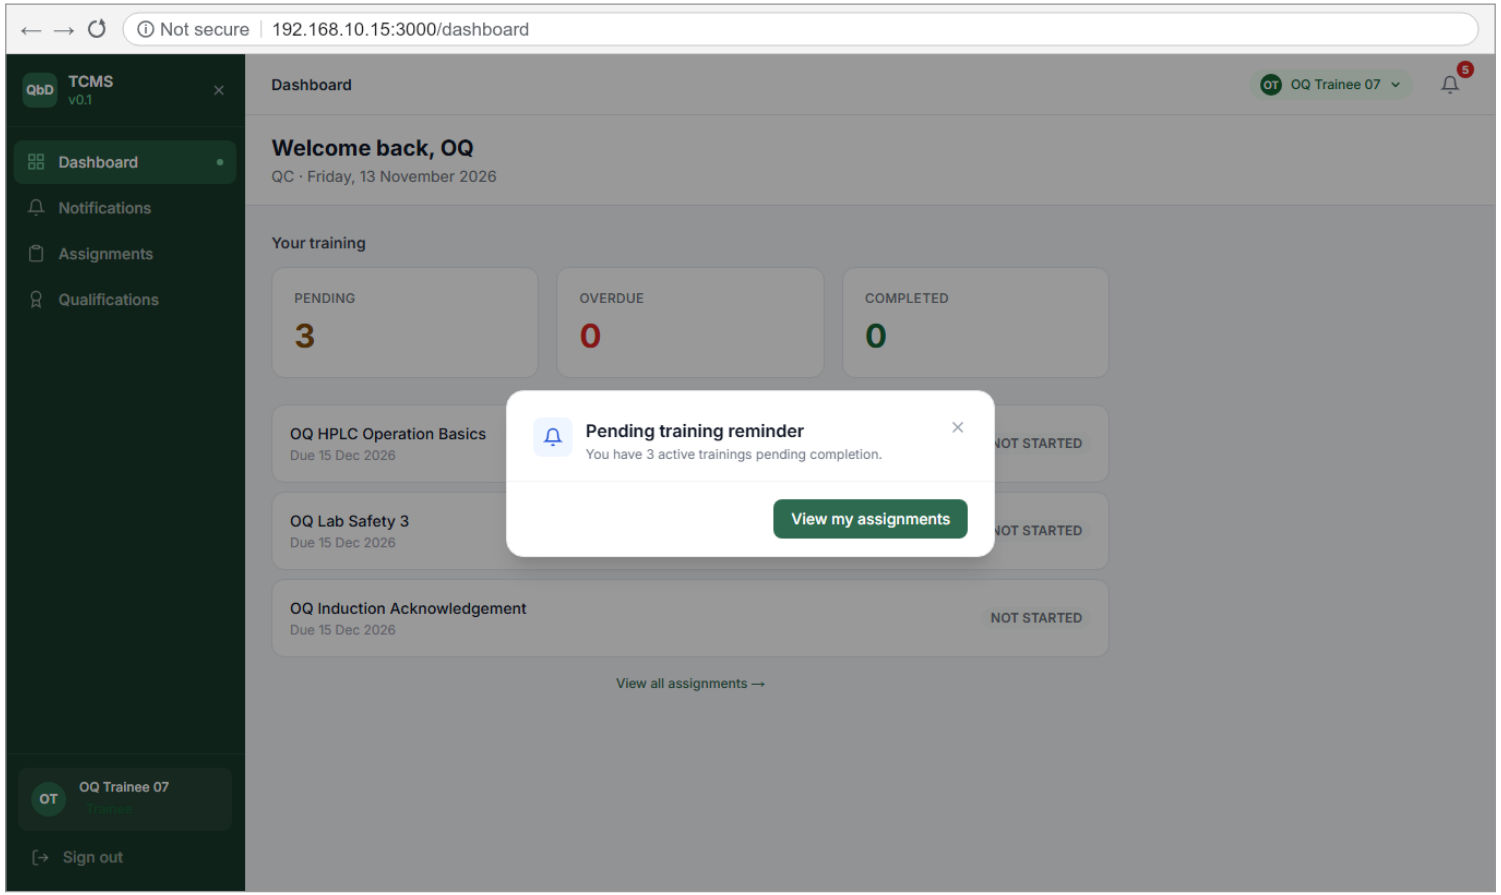
Test Objective :	To verify that the audit trail records training assignments and reverts.			
Test Procedure :			Expected Result :	
Verify the audit trail entry for training assignments and reverts.			Audit entries should display Timestamp (dd MMM yyyy, hh:mm am/pm), Performed By (name & Employee ID), Action (ASSIGN / REVOKE for reverts) and the Justification.	
Test ID : 8.1.13	Step No : 29.1	Attachment No. : 340	Result : Pass	Executed By : _____ Date & Time : 12-Nov-26 16:24



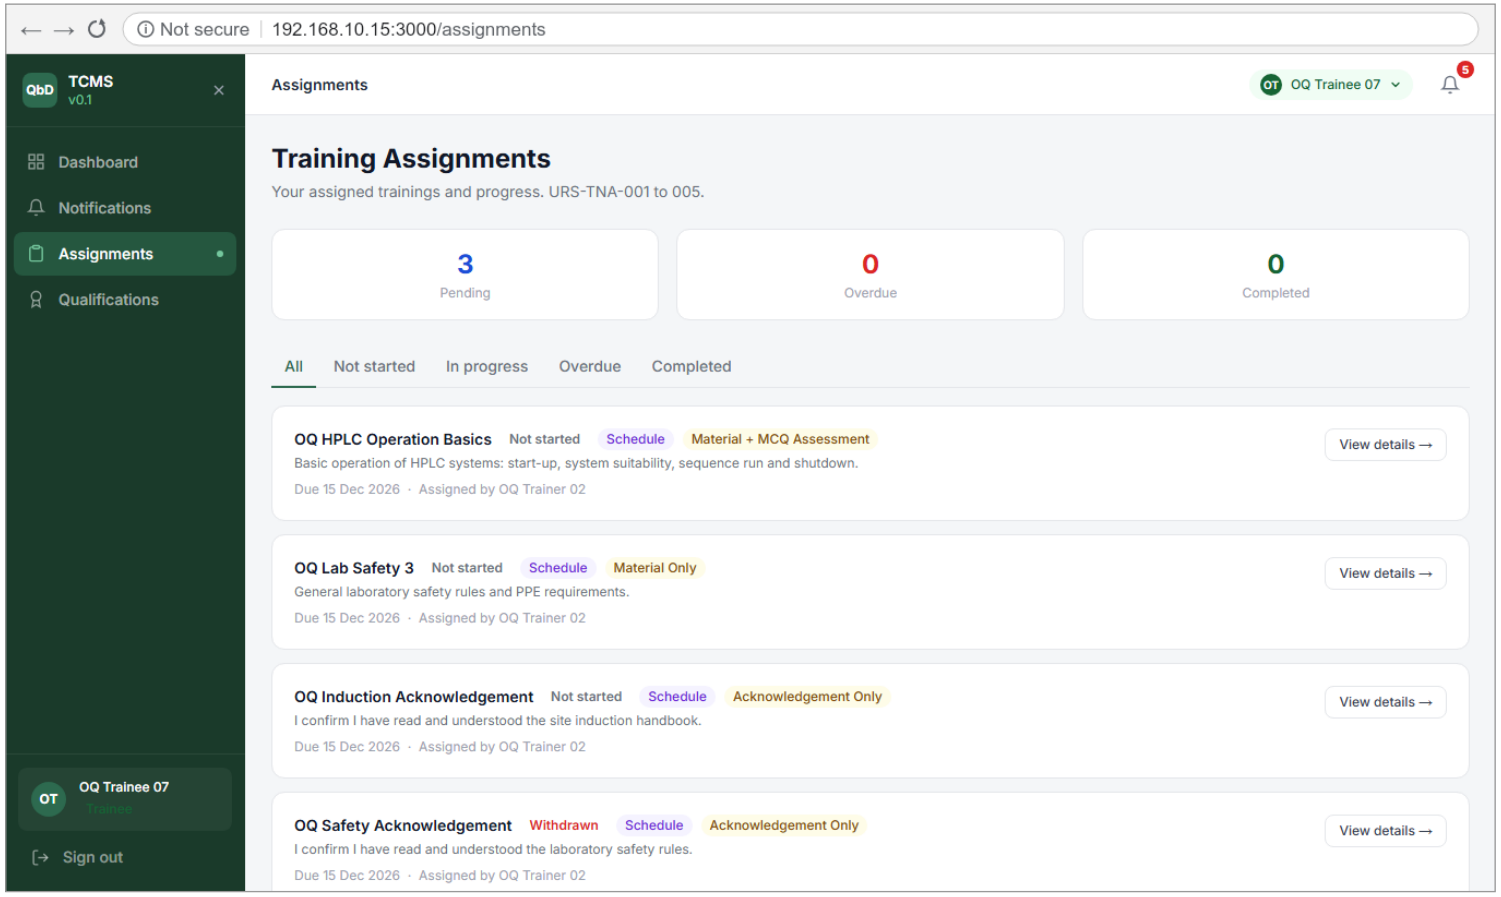
Test Objective :	To verify successful login with Trainee credentials and role-wise menu display.			
Test Procedure :			**Expected Result :**	
Open TCMS application URL (http://192.168.10.15:3000) in Microsoft Edge. Type Employee ID / Password & click on Sign in button (with Trainee level privilege).			Dashboard should be displayed with the menus applicable to Trainee role.	
Test ID : 8.1.14	Step No : 1.1	Attachment No. : 341	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 10:50



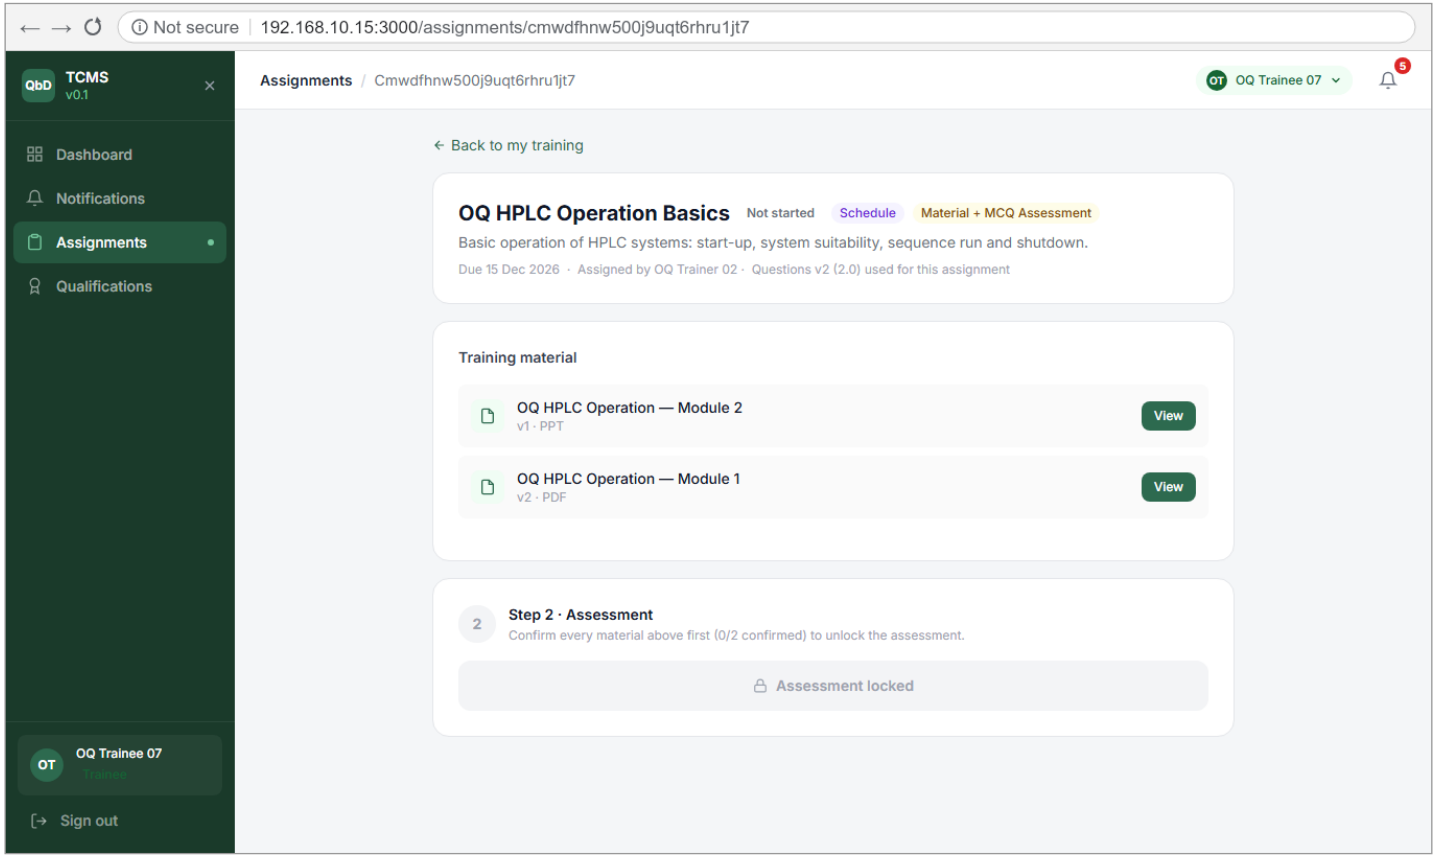
Test Objective :	To verify the pending training reminder displayed after login.			
Test Procedure :			Expected Result :	
Wait on the Dashboard after login (reminder appears after ~5 minutes).			"Pending training reminder" with pending count & "View my assignments" button should be displayed.	
Test ID : 8.1.14	Step No : 2.1	Attachment No. : 342	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 10:55



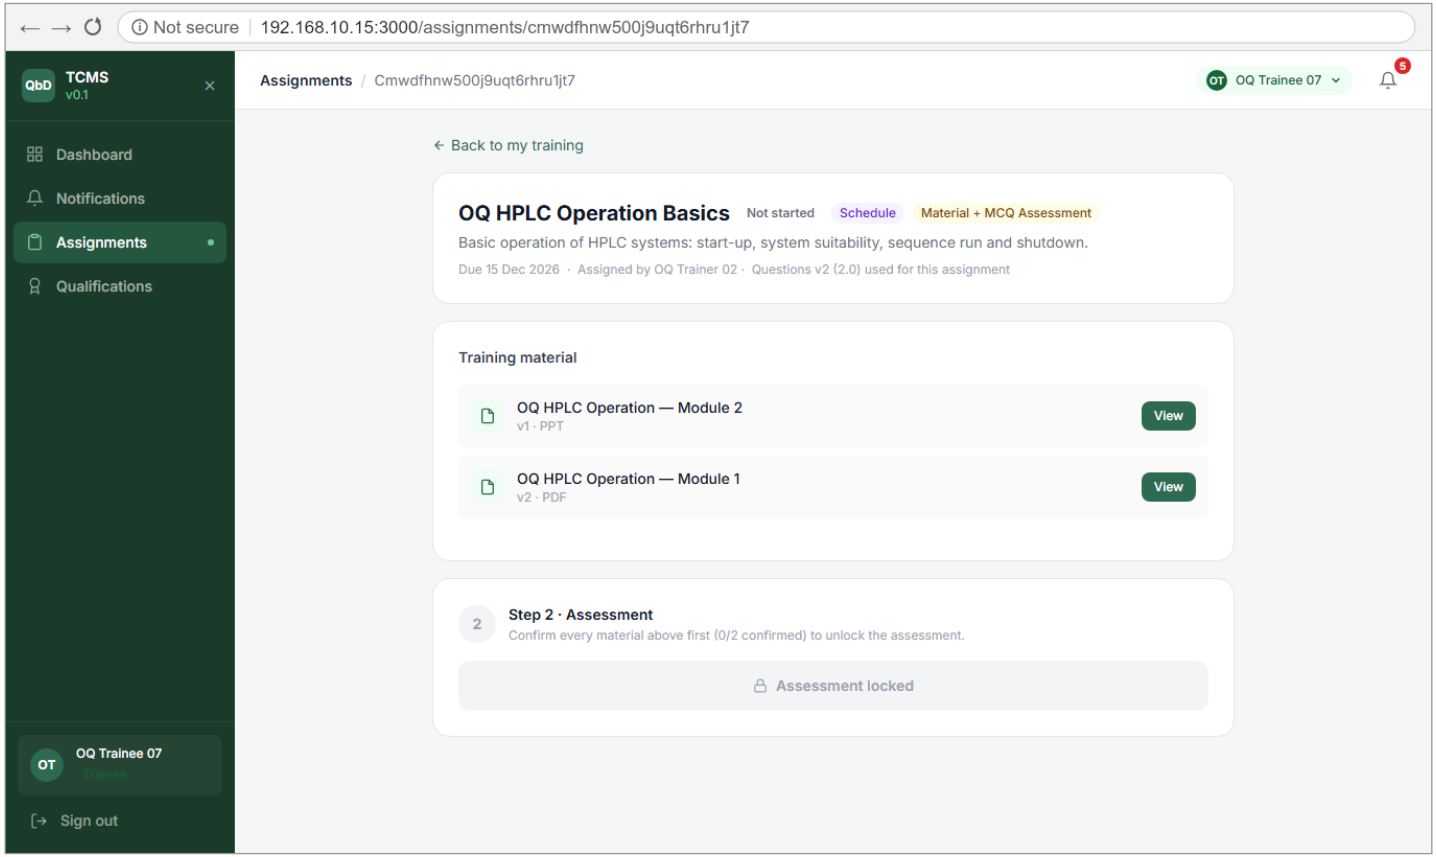
Test Objective :	To verify the list of trainings assigned to the Trainee.			
Test Procedure :			Expected Result :	
Click on "View my assignments".			My Training tab should list assigned trainings with status Not started.	
Test ID : 8.1.14	Step No : 3.1	Attachment No. : 343	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 10:55



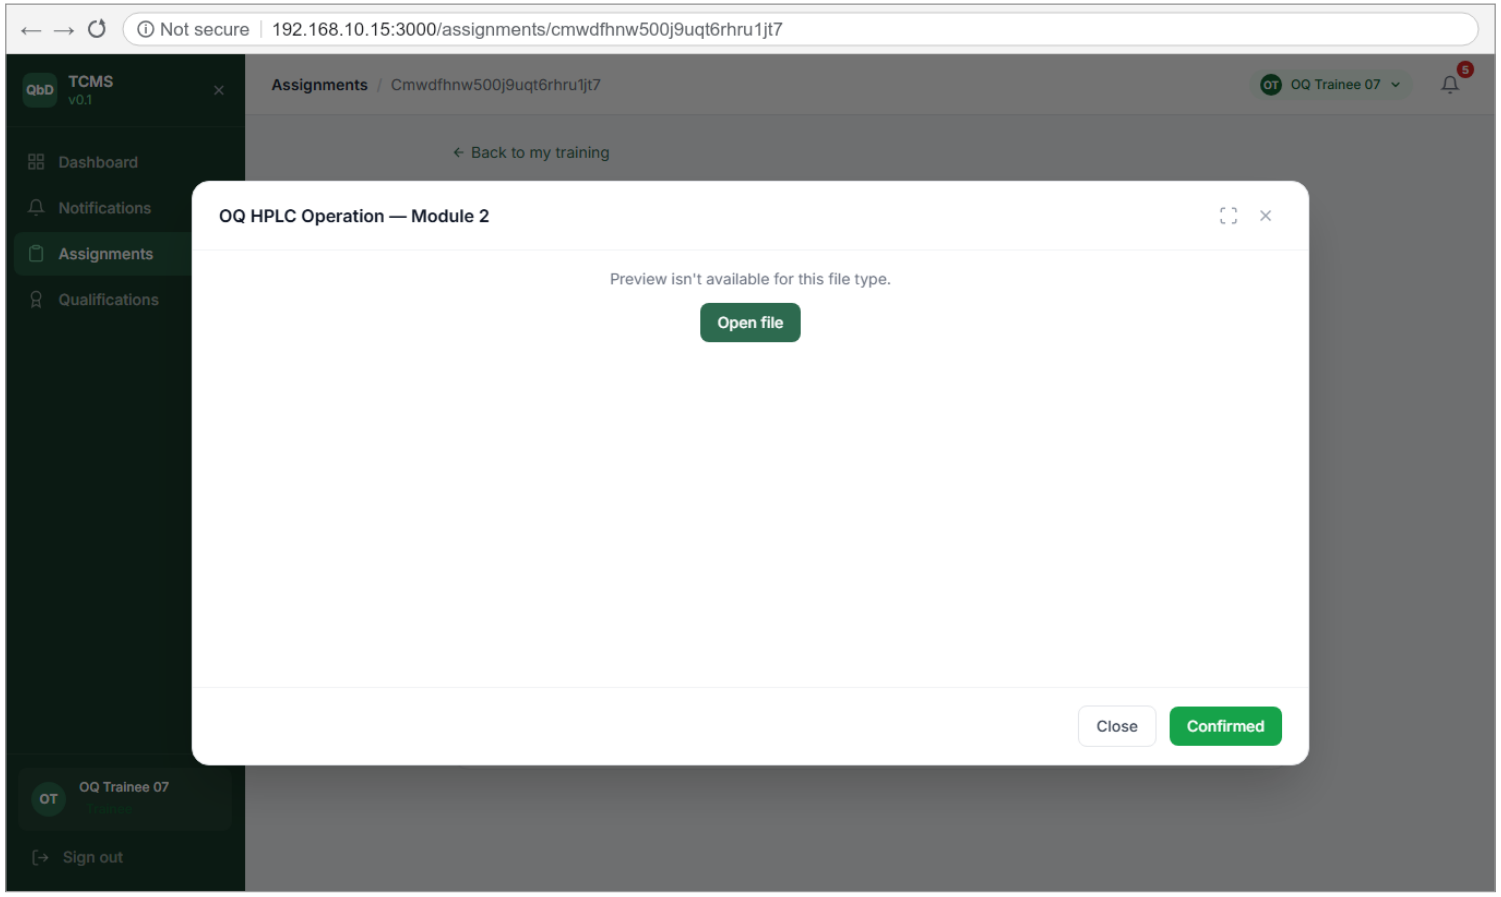
Test Objective :	To verify the assignment detail page of a Material + MCQ Assessment topic.			
Test Procedure :			**Expected Result :**	
Click on "View details →" for OQ HPLC Operation Basics.			Assignment page should display Training material & "Step 2 · Assessment — Assessment locked".	
Test ID : 8.1.14	Step No : 4.1	Attachment No. : 344	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 10:55



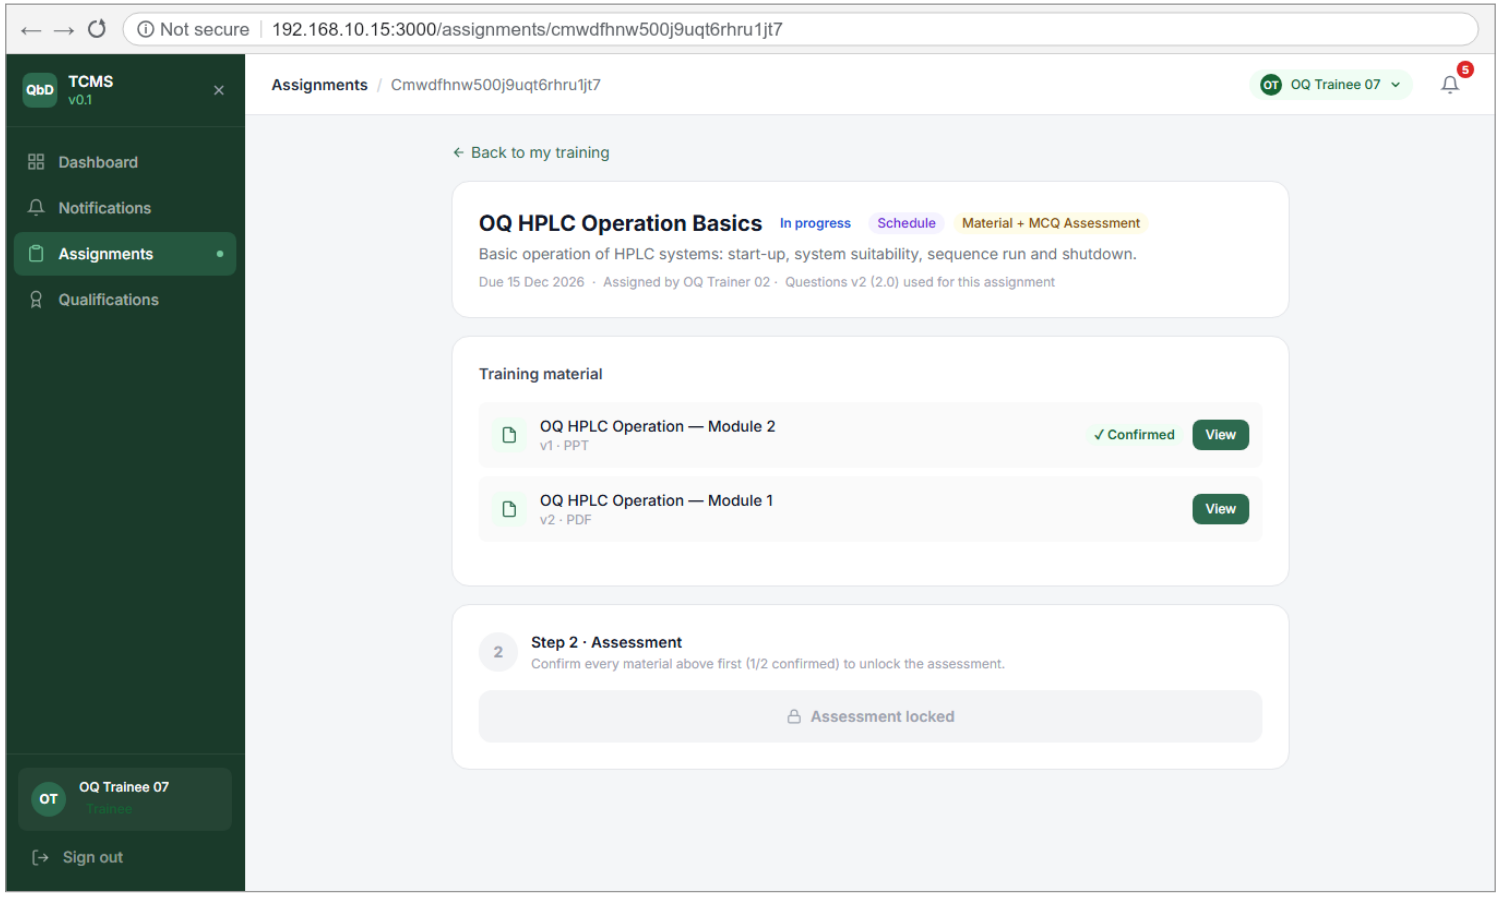
Test Objective :	To verify that the assessment is locked until all materials are confirmed.			
Test Procedure :			Expected Result :	
Verify the assessment section before confirming material.			"Confirm every material above first (0/N confirmed) to unlock the assessment." should be displayed.	
Test ID : 8.1.14	Step No : 5.1	Attachment No. : 345	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 10:55



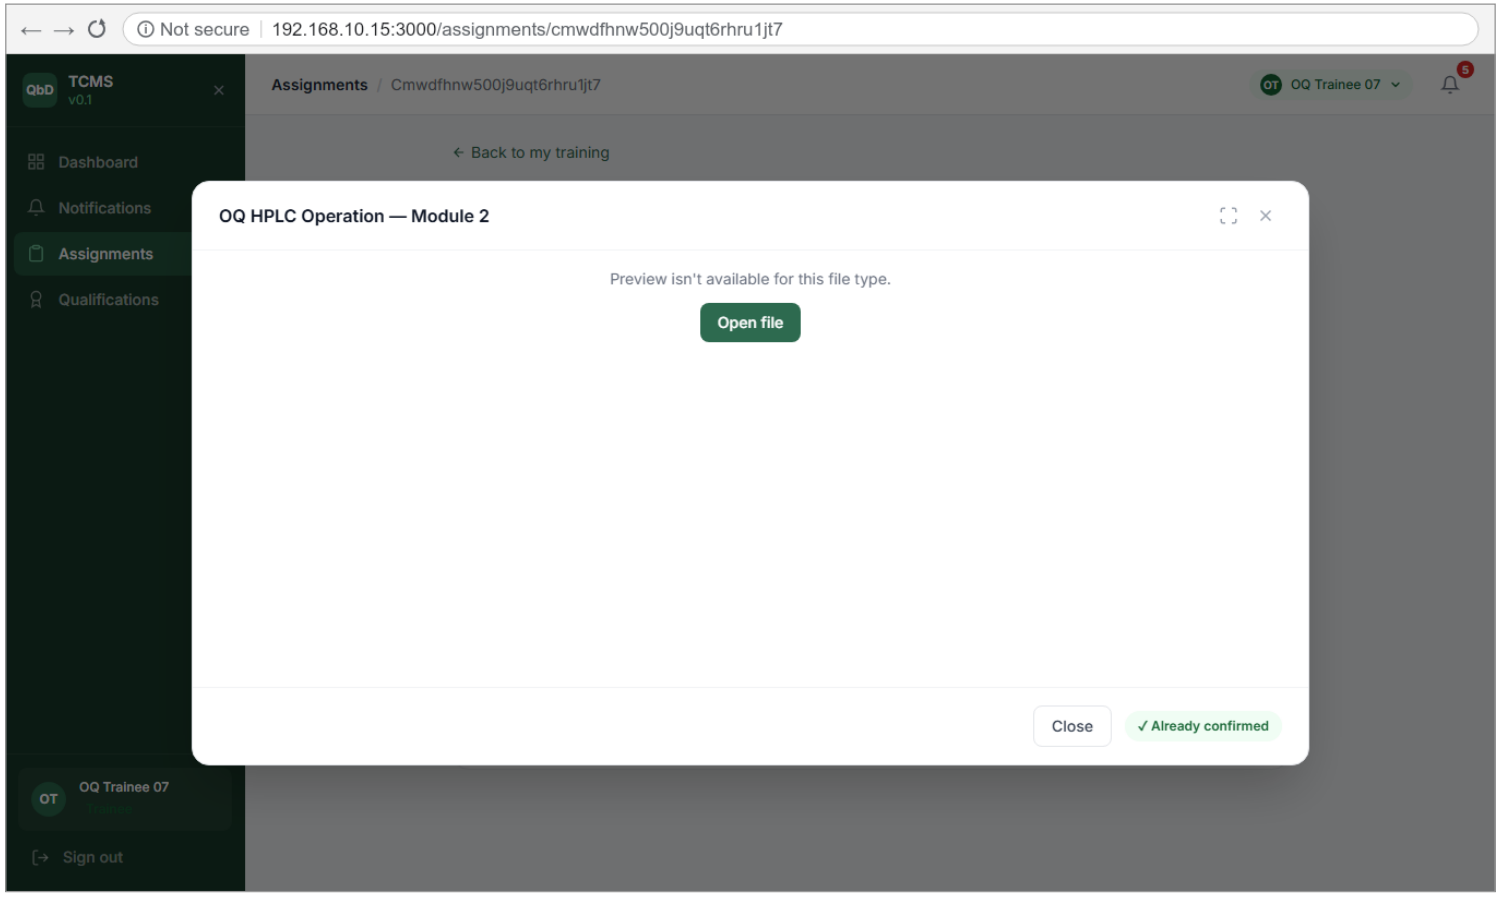
Test Objective :	To verify that opening material changes the training status to In progress.			
Test Procedure :			Expected Result :	
Click on View for material 1.			Material should open in the viewer.	
Test ID : 8.1.14	Step No : 6.1	Attachment No. : 346	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 10:55



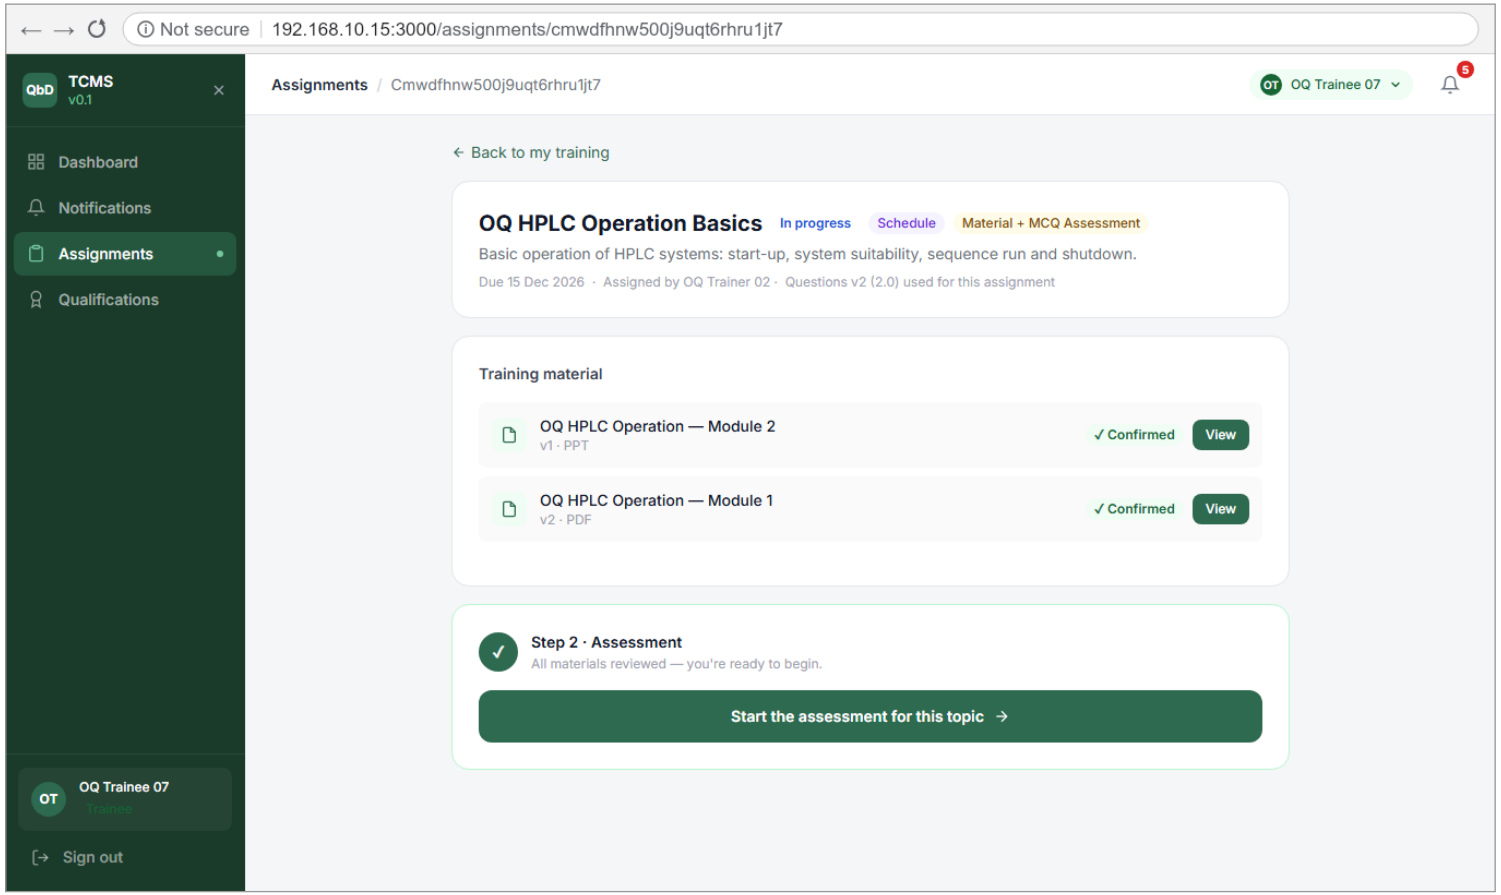
Test Objective :	To verify confirmation of reading the training material.			
Test Procedure :			Expected Result :	
Read the material & click on Confirmed.			Material should show the "Confirmed" badge.	
Test ID : 8.1.14	Step No : 7.1	Attachment No. : 347	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 10:55



Test Objective :	To verify that material cannot be confirmed twice.			
Test Procedure :			Expected Result :	
Open the same material again.			"Already confirmed" badge should be displayed with no confirm option.	
Test ID : 8.1.14	Step No : 8.1	Attachment No. : 348	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 10:56



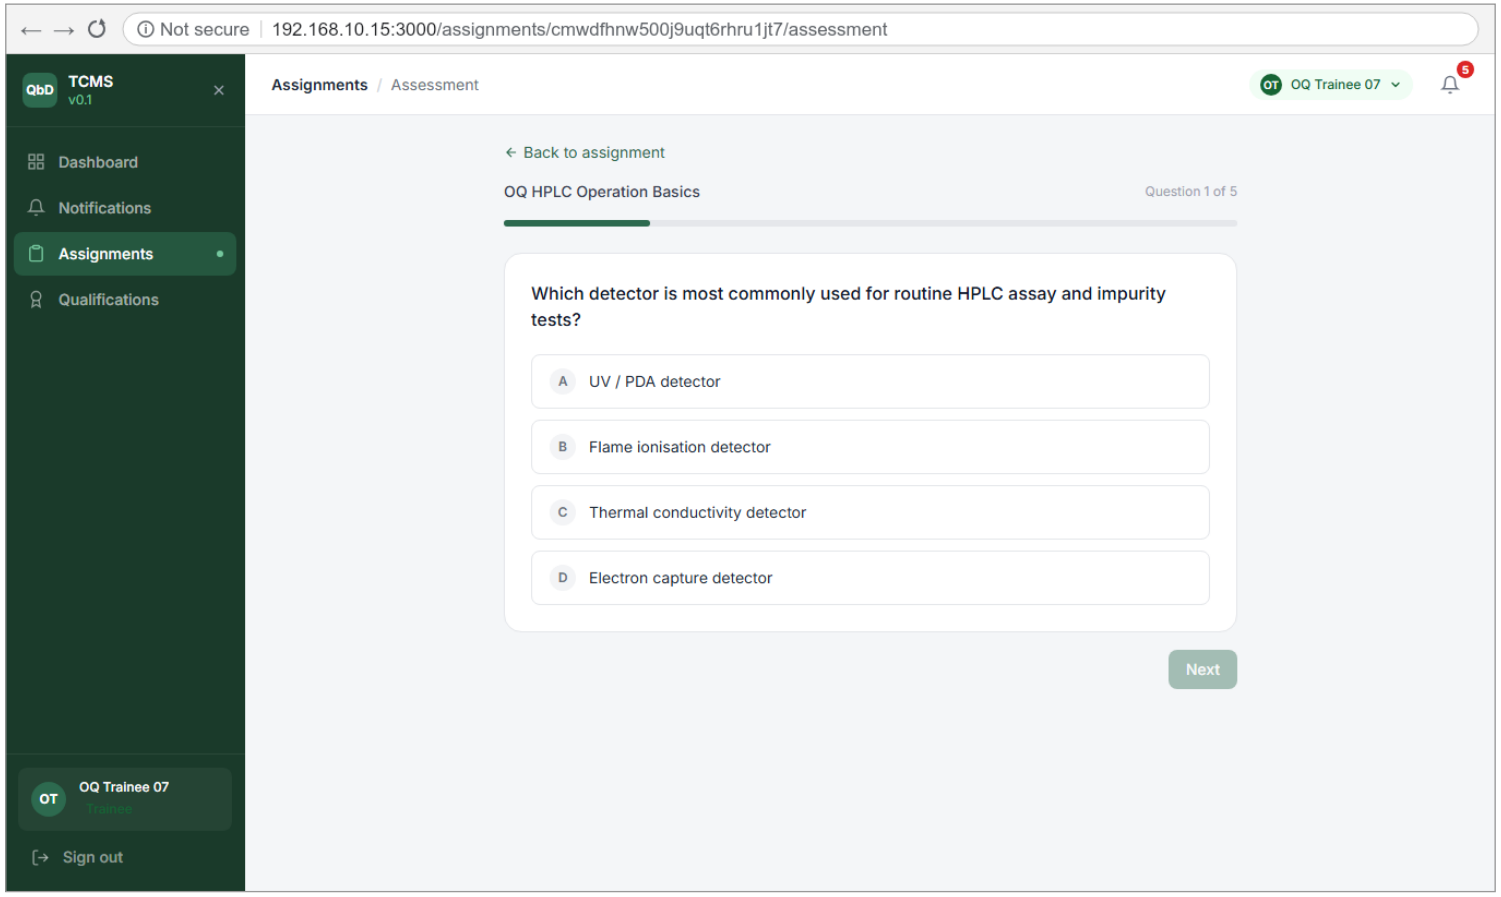
Test Objective :	To verify that the assessment unlocks after all materials are confirmed.			
Test Procedure :			Expected Result :	
View & confirm all remaining materials.			"Start the assessment for this topic" should be enabled.	
Test ID : 8.1.14	Step No : 9.1	Attachment No. : 349	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 10:56



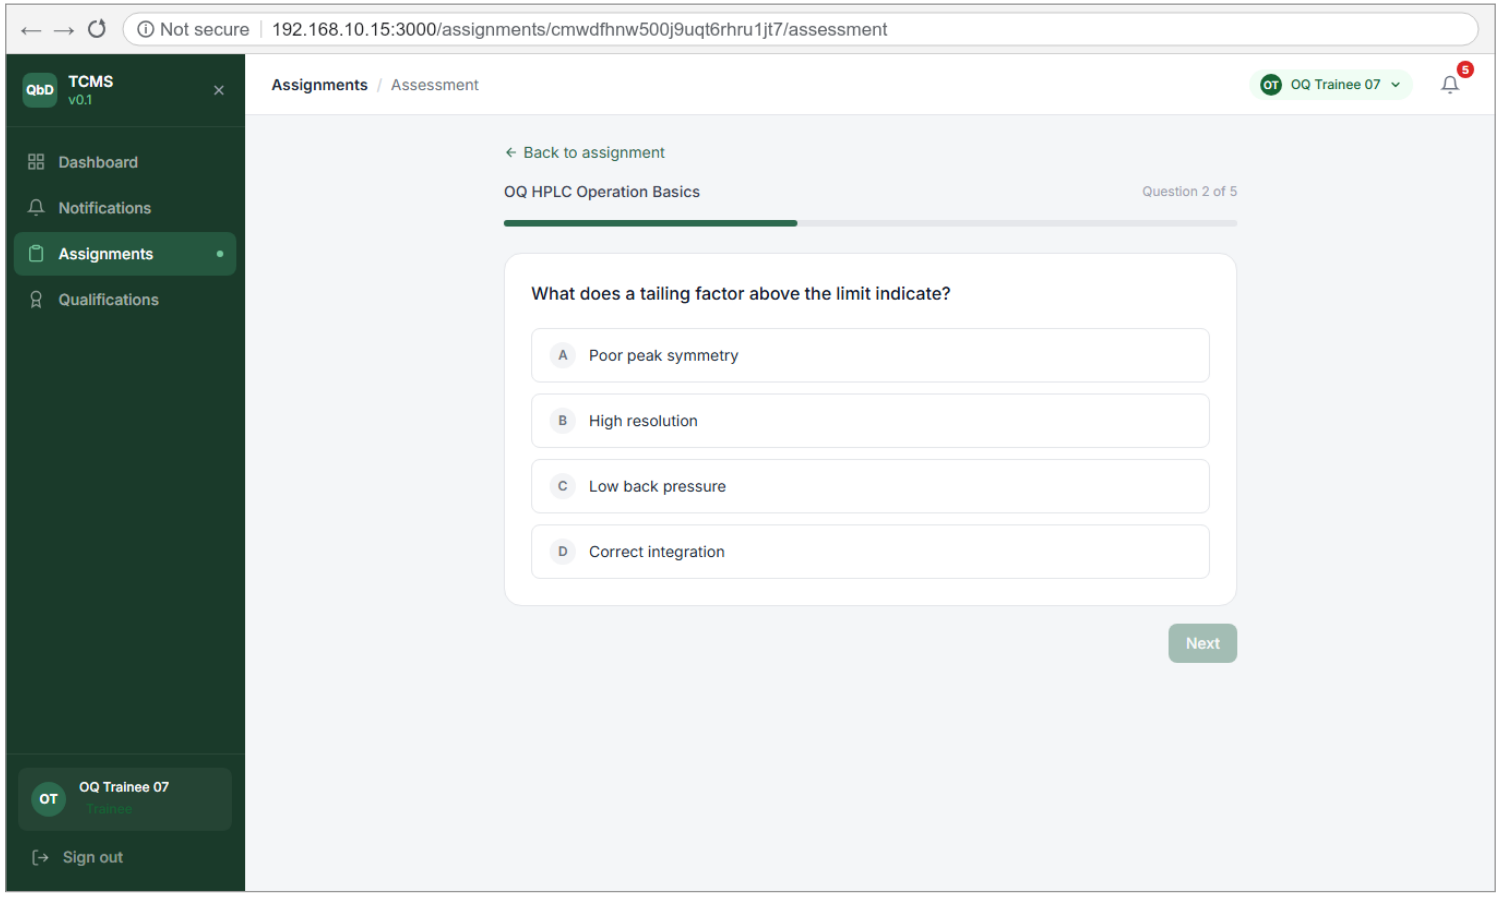
OPERATIONAL QUALIFICATION SCREENSHOTS FOR TCMS APPLICATION VER. 1.0

DOCUMENT NO.: LGC/QBD/0002	TITLE : COMPUTER SYSTEM VALIDATION OF TCMS

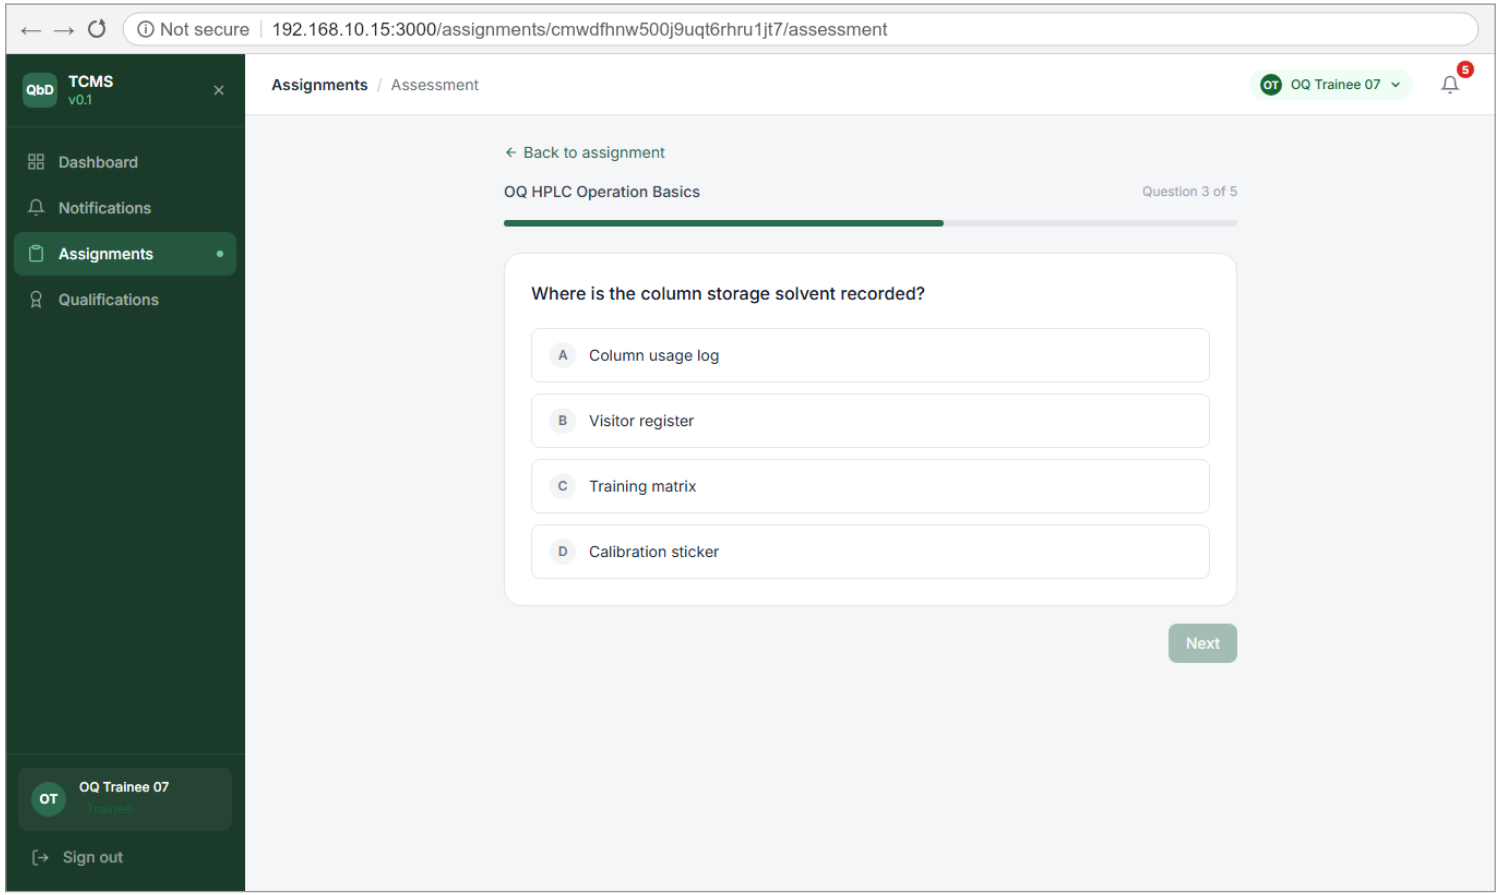
Test Objective :	To verify that the assessment presents 5 questions one by one.			
Test Procedure :			Expected Result :	
Click on "Start the assessment for this topic" & then "Start assessment".			Questions should be displayed one by one (Question 1 of 5).	
Test ID : 8.1.14	Step No : 10.1	Attachment No. : 350	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 11:10



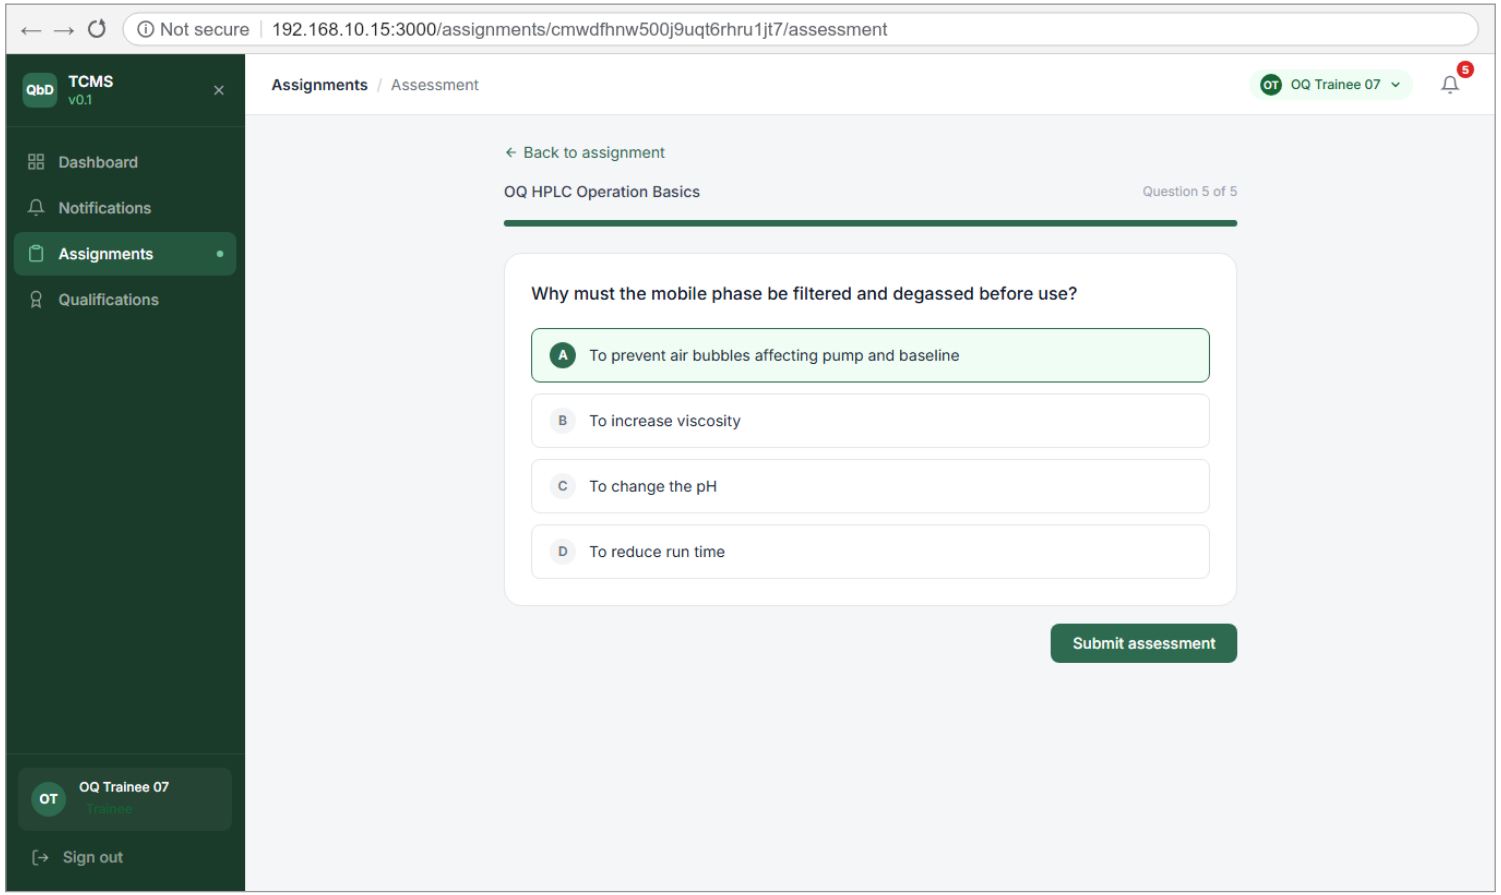
Test Objective :	To verify navigation to the next question in the assessment.			
Test Procedure :			Expected Result :	
Answer Question 1 & click on Next.			Question 2 should be displayed.	
Test ID : 8.1.14	Step No : 11.1	Attachment No. : 351	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 11:10



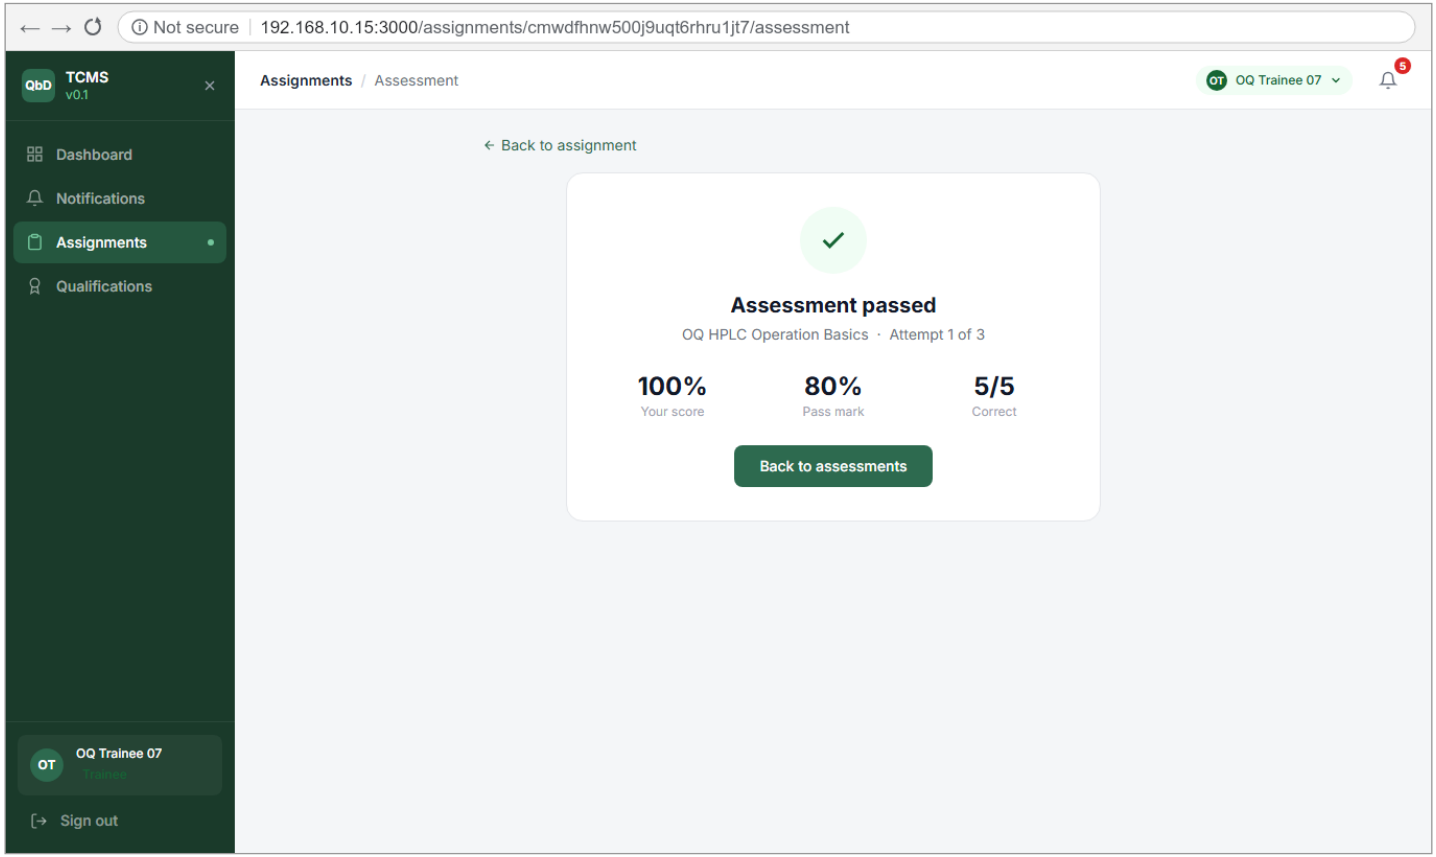
Test Objective :	To verify that the assessment navigation is forward-only.			
Test Procedure :			Expected Result :	
Answer Question 2 & click on Next.			Question 3 should be displayed; no option to go back to a previous question.	
Test ID : 8.1.14	Step No : 12.1	Attachment No. : 352	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 11:10



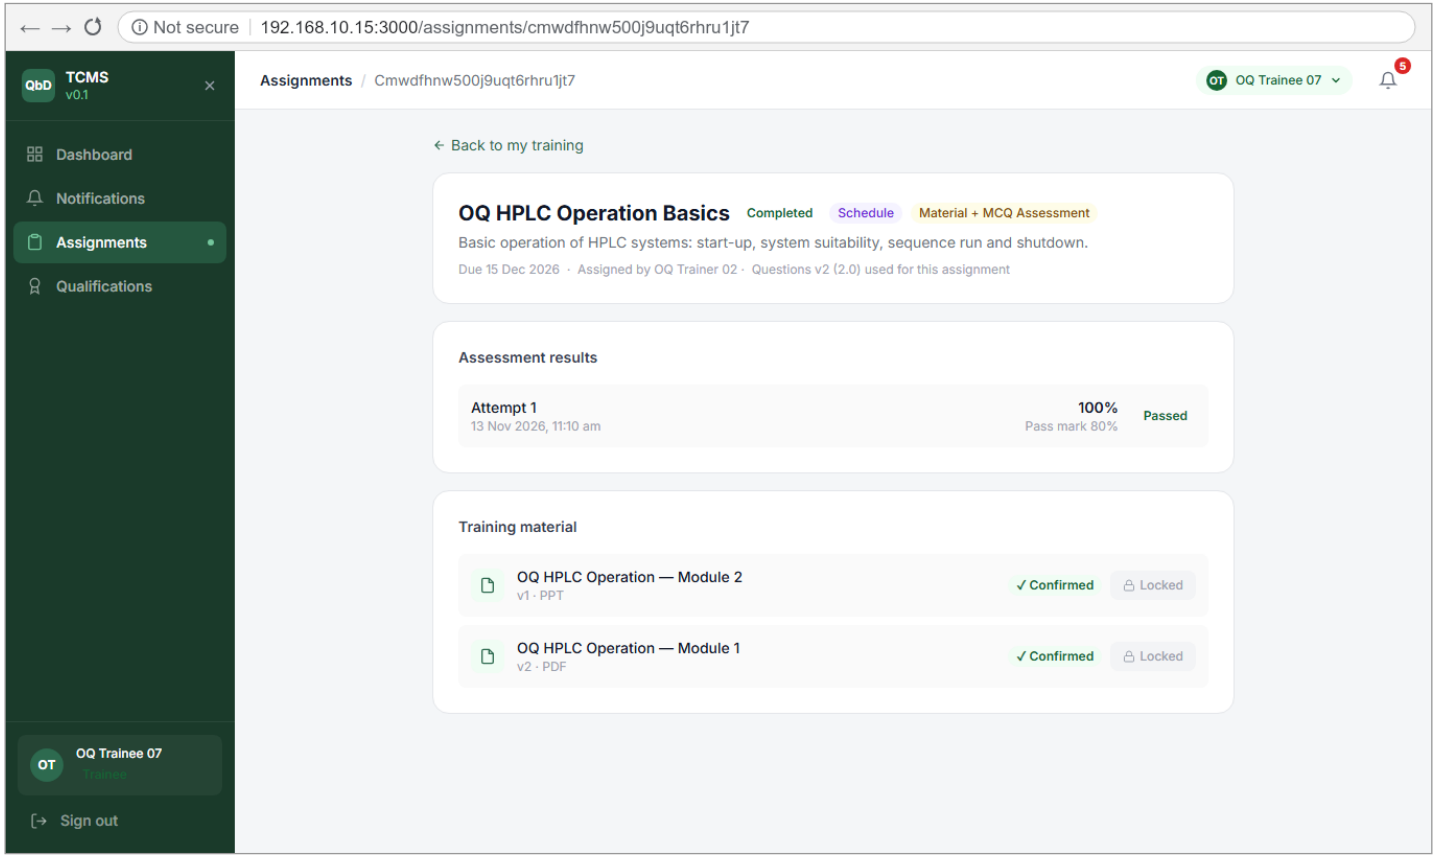
Test Objective :	To verify answering of all assessment questions.			
Test Procedure :			Expected Result :	
Answer Questions 3, 4 & 5 correctly.			All questions should be answered.	
Test ID : 8.1.14	Step No : 13.1	Attachment No. : 353	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 11:10



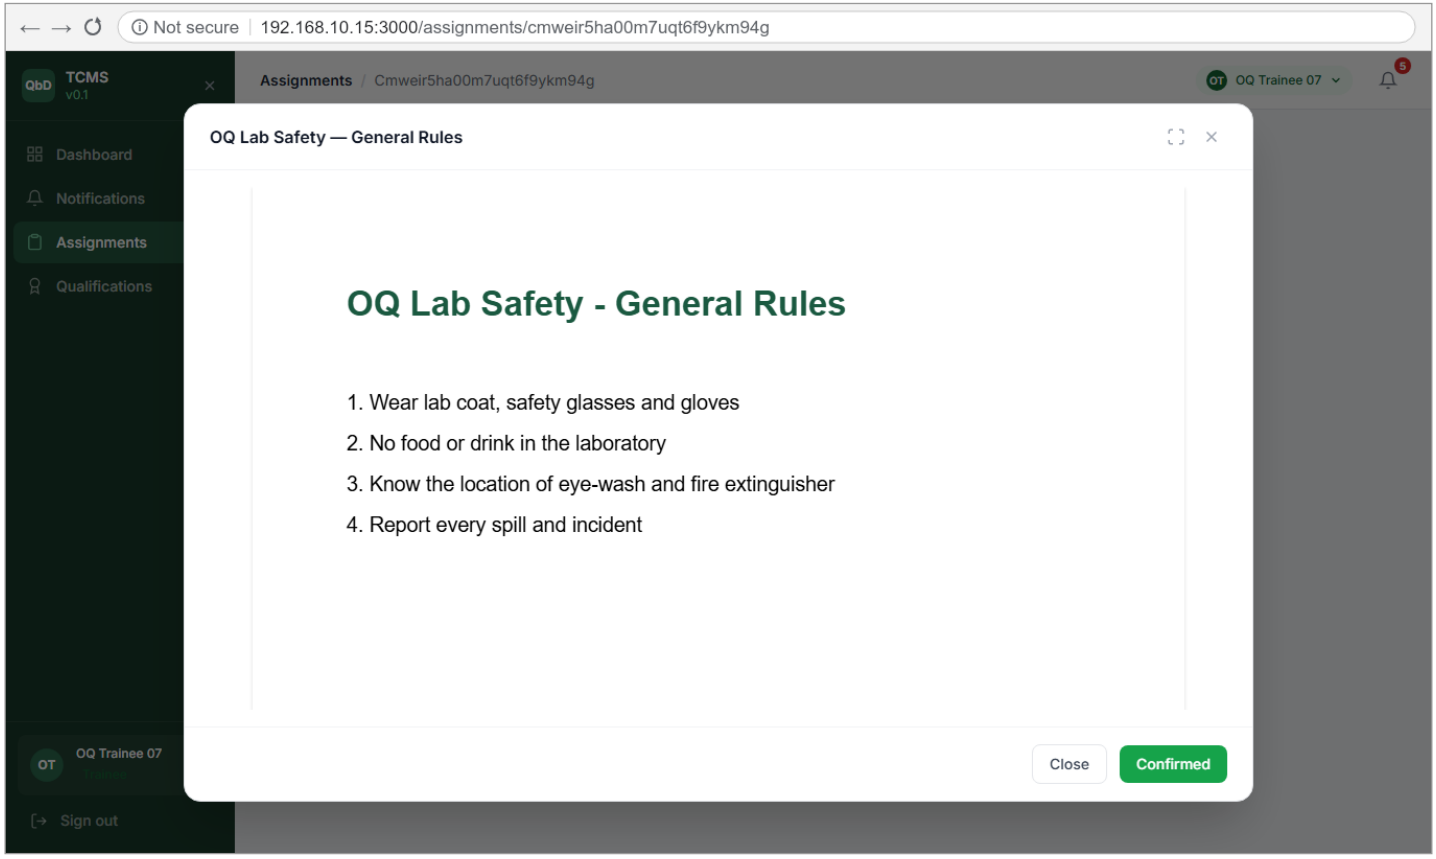
Test Objective :	To verify assessment scoring and Passed result at or above the 80% pass mark.			
Test Procedure :			Expected Result :	
Click on Submit assessment.			Your score, Pass mark (80%) & Correct answers should be displayed with result Passed.	
Test ID : 8.1.14	Step No : 14.1	Attachment No. : 354	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 11:10



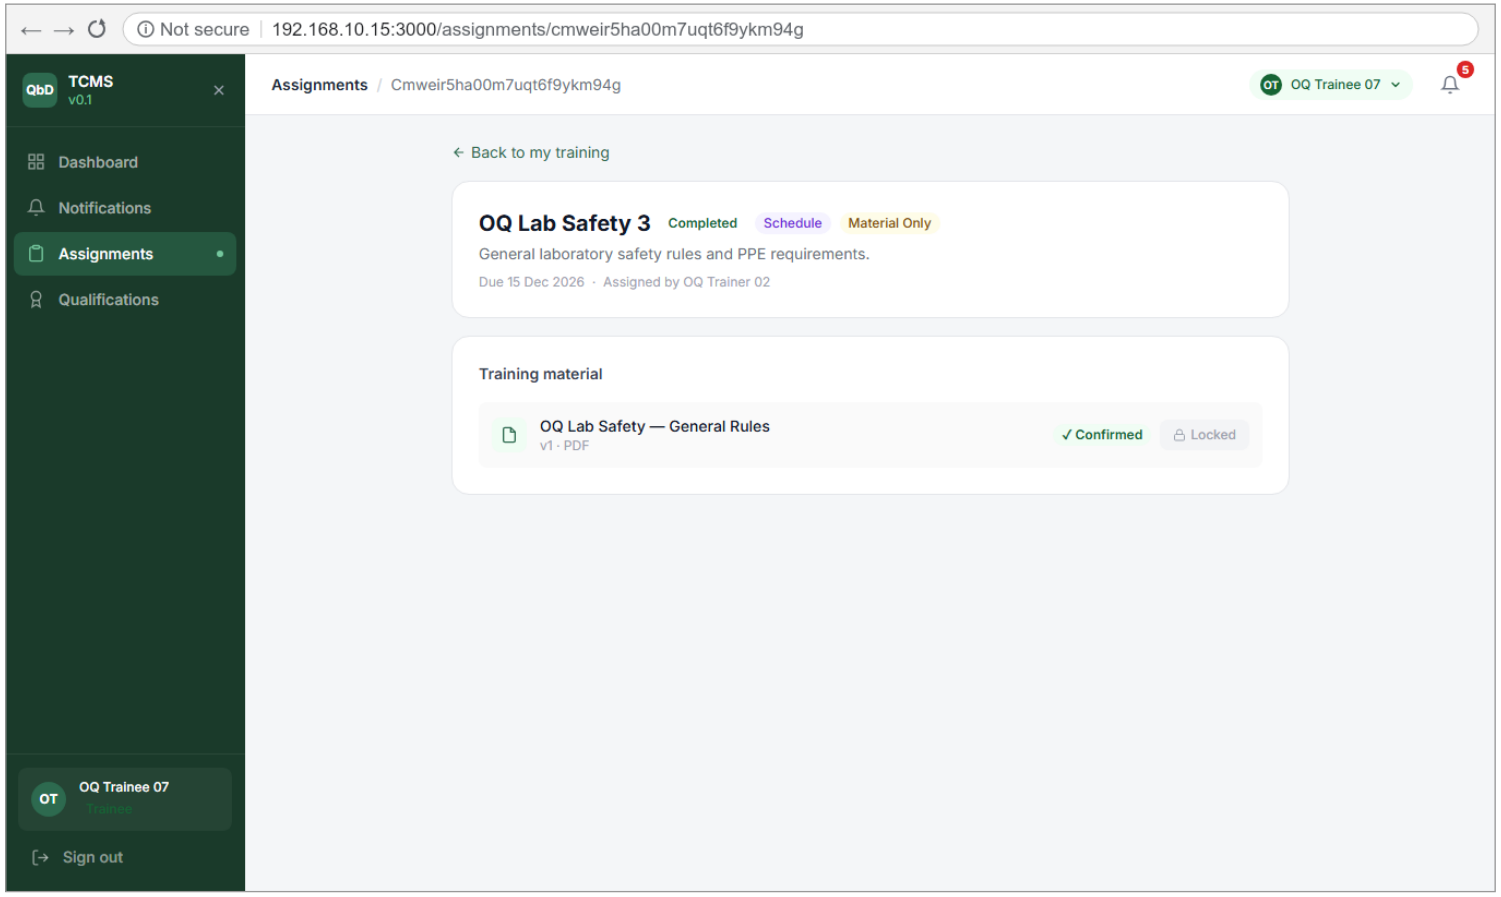
Test Objective :	To verify that a completed training is closed for further access to material.			
Test Procedure :			Expected Result :	
Click on "Back to assessments" & open the assignment.			Status should be Completed & materials should show "Locked" (cannot be opened).	
Test ID : 8.1.14	Step No : 15.1	Attachment No. : 355	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 11:10



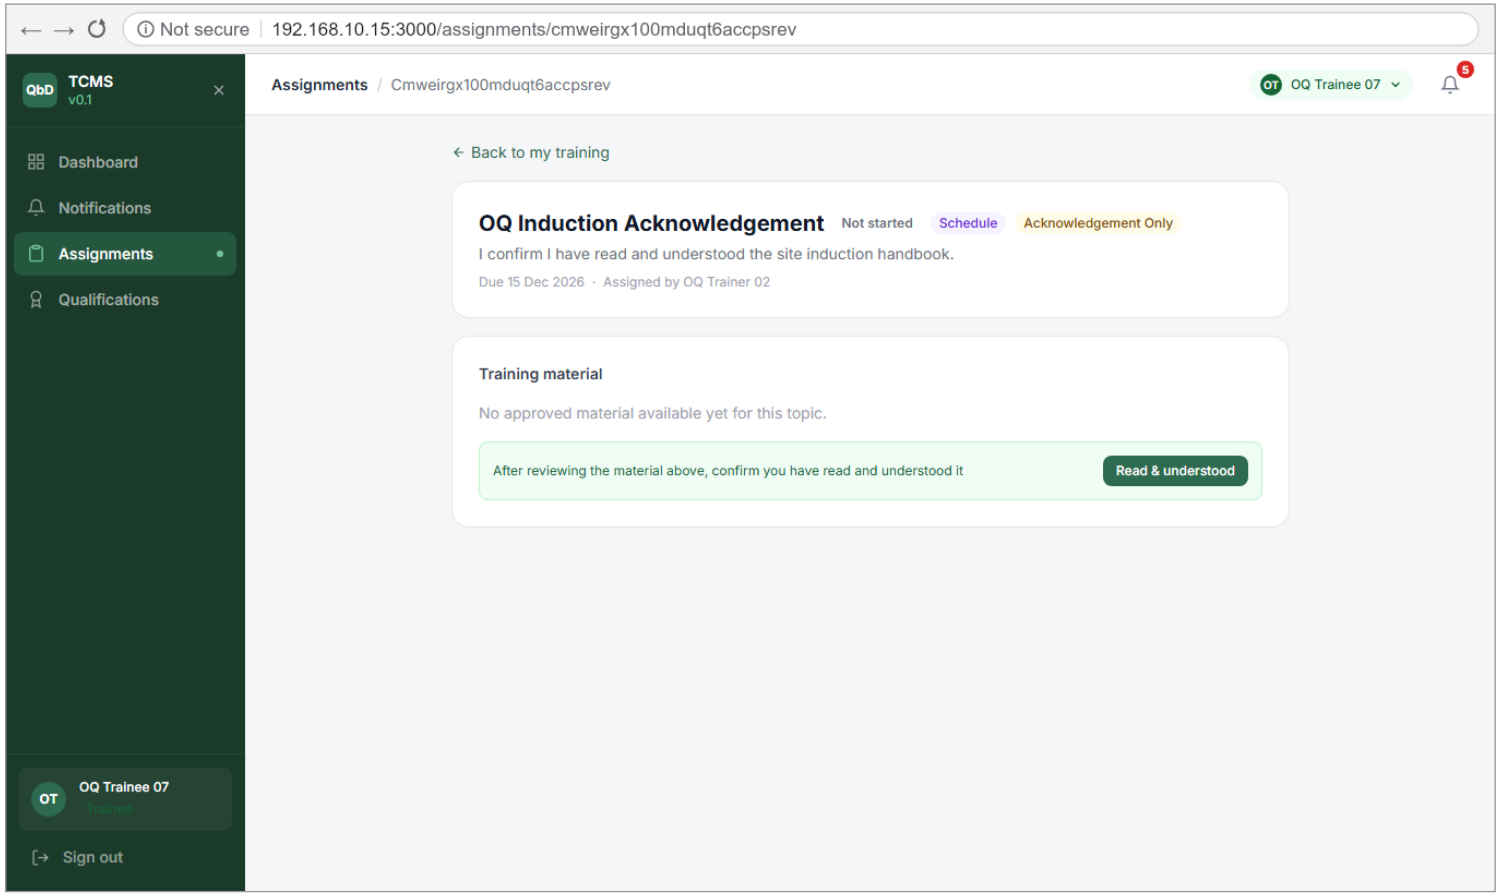
Test Objective :	To verify viewing of material for a Material Only topic.			
Test Procedure :			Expected Result :	
Open the Material Only topic OQ Lab Safety 3 & click on View.			Material should open & training should complete once all materials are confirmed.	
Test ID : 8.1.14	Step No : 16.1	Attachment No. : 356	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 10:59



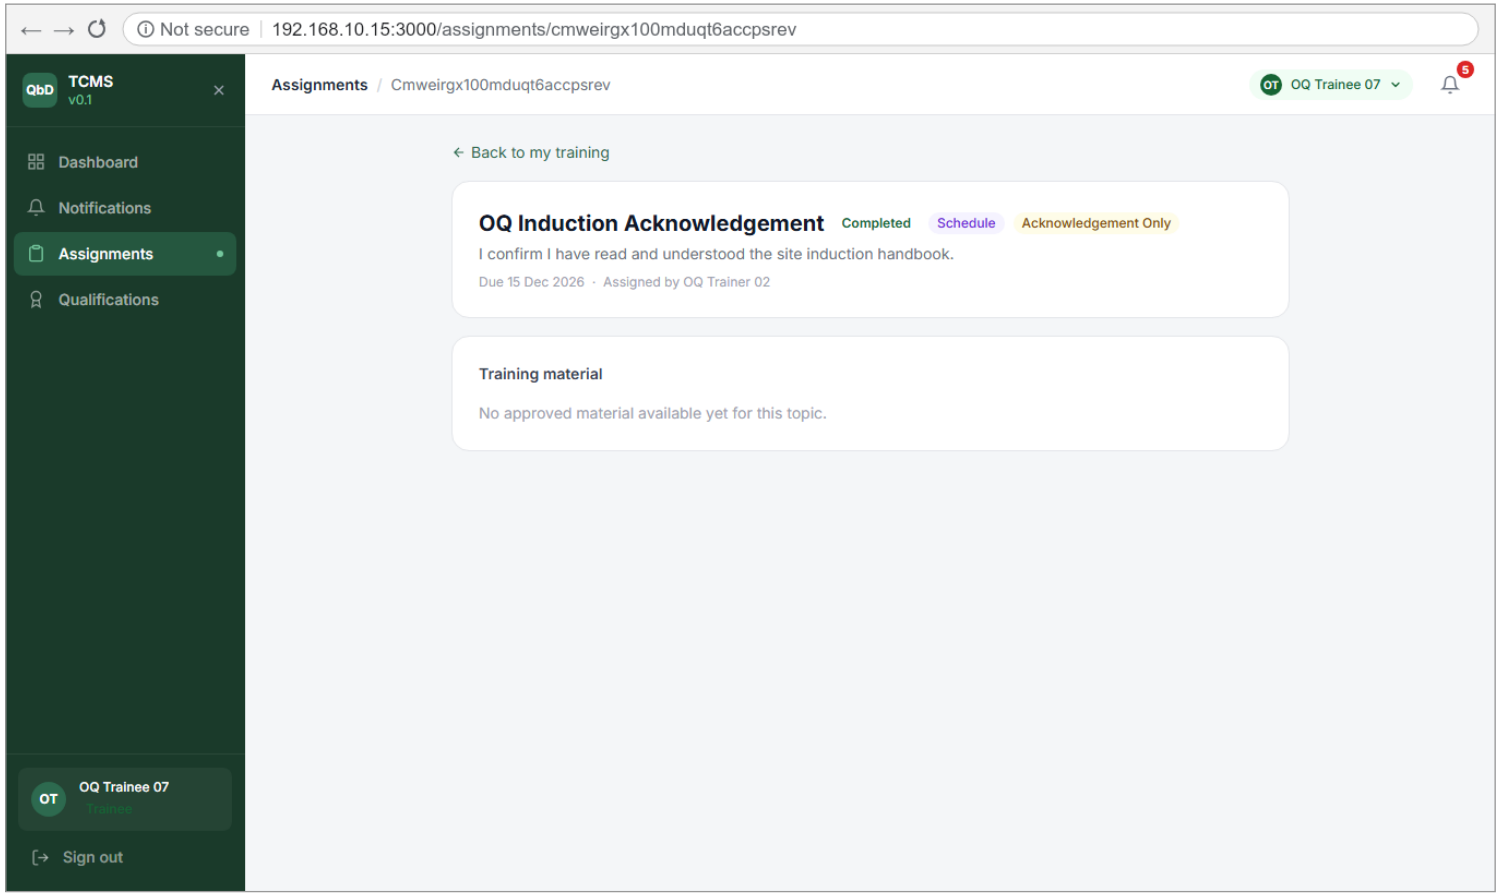
Test Objective :	To verify that a Material Only topic completes without assessment.			
Test Procedure :			Expected Result :	
Confirm the material (click on Confirmed).			Status should be Completed (no assessment required).	
Test ID : 8.1.14	Step No : 17.1	Attachment No. : 357	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 10:59



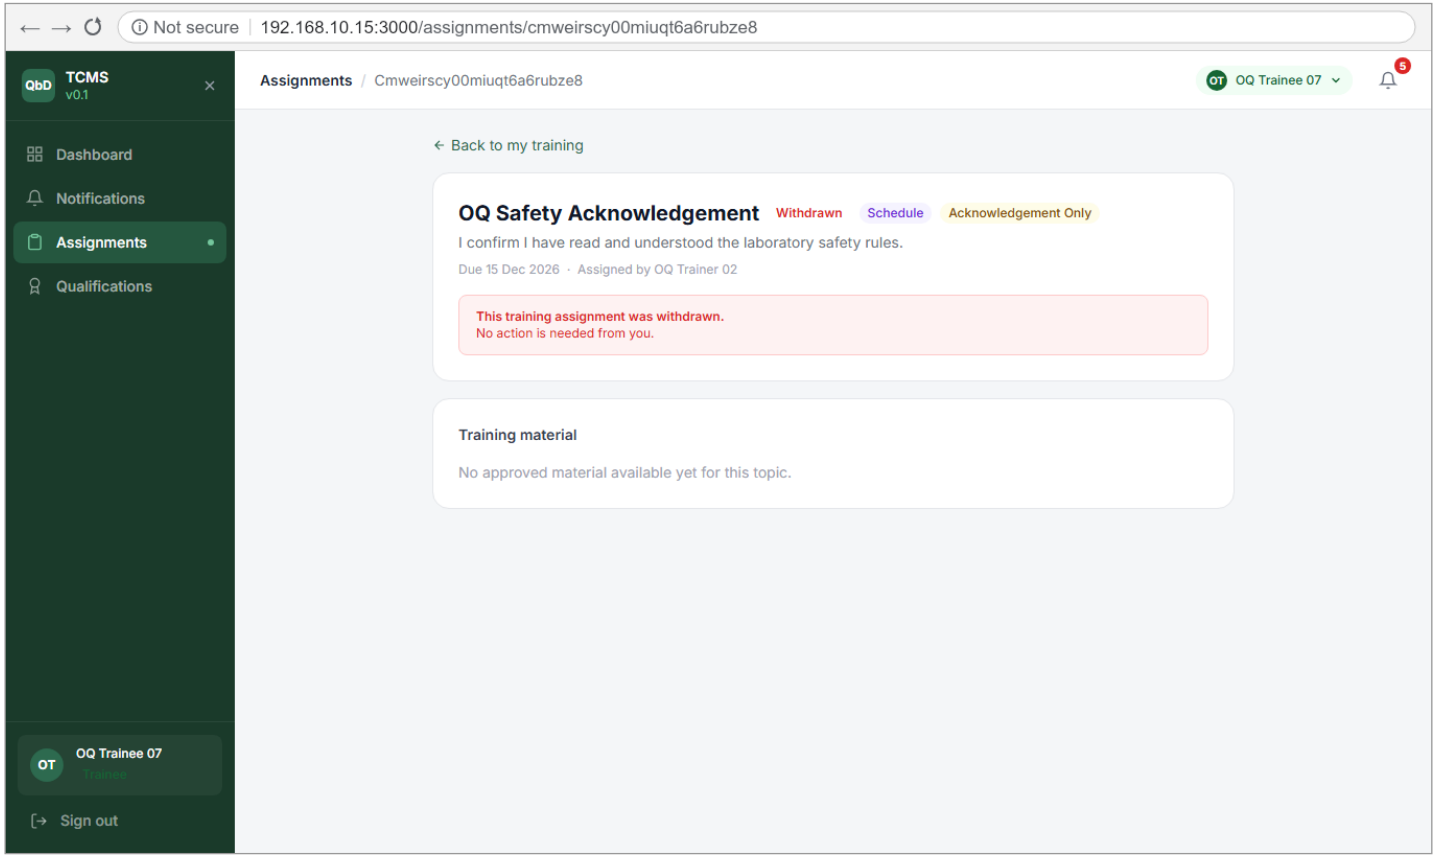
Test Objective :	To verify the Acknowledgement Only training page.			
Test Procedure :			Expected Result :	
Open the Acknowledgement Only topic OQ Induction Acknowledgement.			Read & understood statement & "Read & understood" button should be displayed.	
Test ID : 8.1.14	Step No : 18.1	Attachment No. : 358	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 10:59



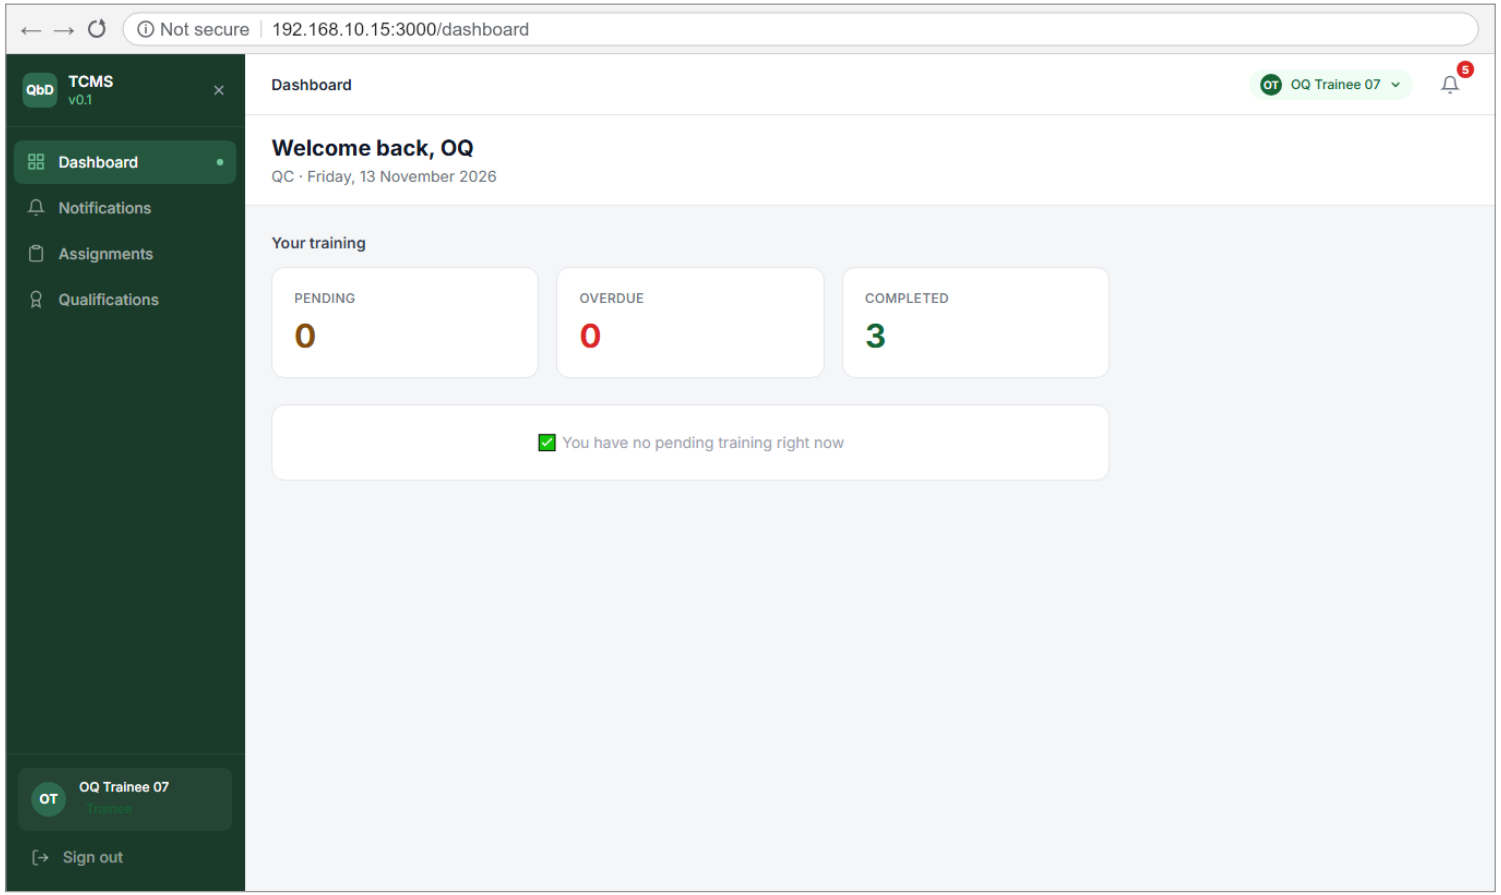
Test Objective :	To verify completion of an Acknowledgement Only training.			
Test Procedure :			Expected Result :	
Click on Read & understood.			Status should be Completed.	
Test ID : 8.1.14	Step No : 19.1	Attachment No. : 359	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 10:59



Test Objective :	To verify the display of a withdrawn assignment to the Trainee.			
Test Procedure :			Expected Result :	
Open a Withdrawn assignment.			"This training assignment was withdrawn. No action is needed from you." should be displayed.	
Test ID : 8.1.14	Step No : 20.1	Attachment No. : 360	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 10:59



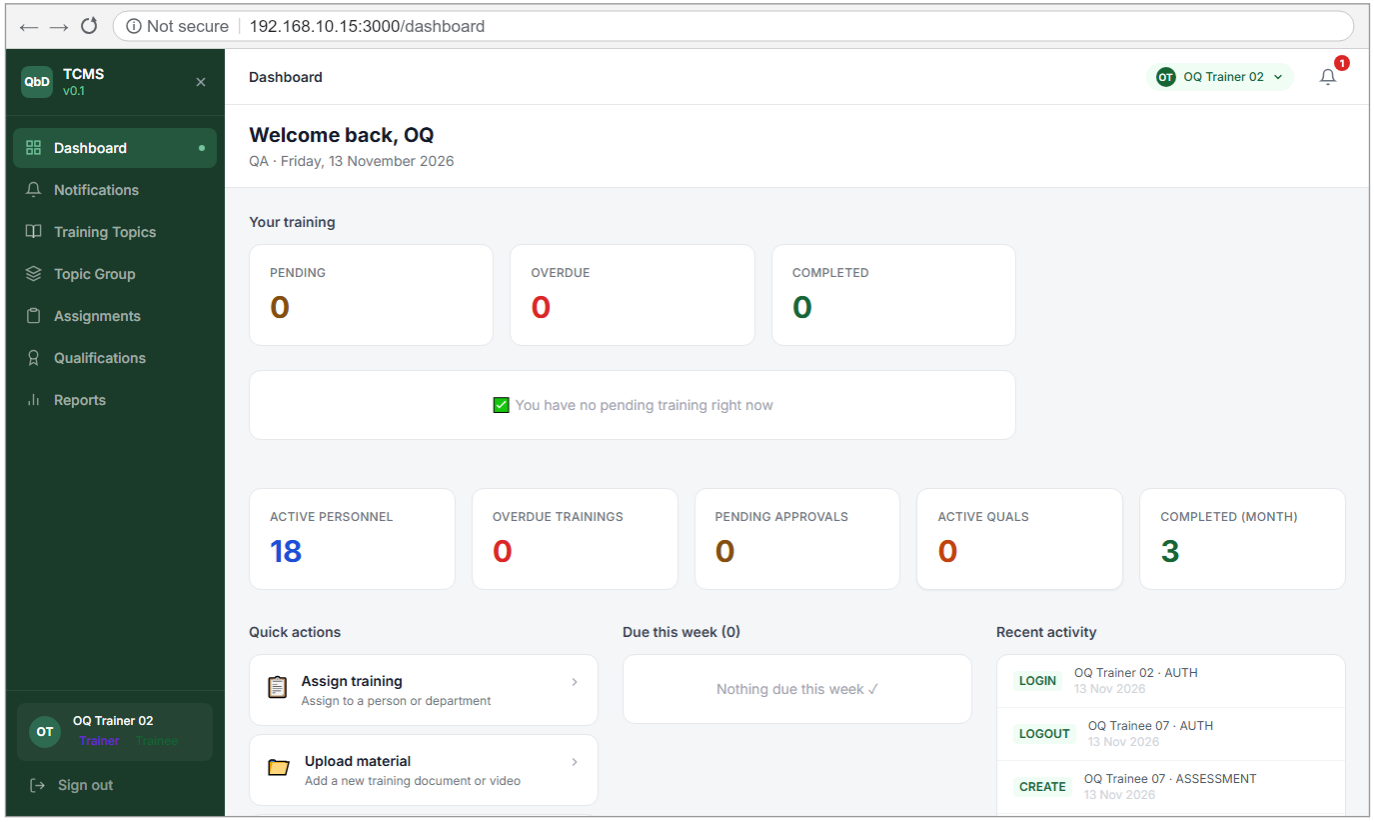
Test Objective :	To verify navigation to the Dashboard page.			
Test Procedure :			Expected Result :	
Click on "Dashboard" menu from the left panel.			"Your training" should show updated Pending / Overdue / Completed counts.	
Test ID : 8.1.14	Step No : 21.1	Attachment No. : 361	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 11:10



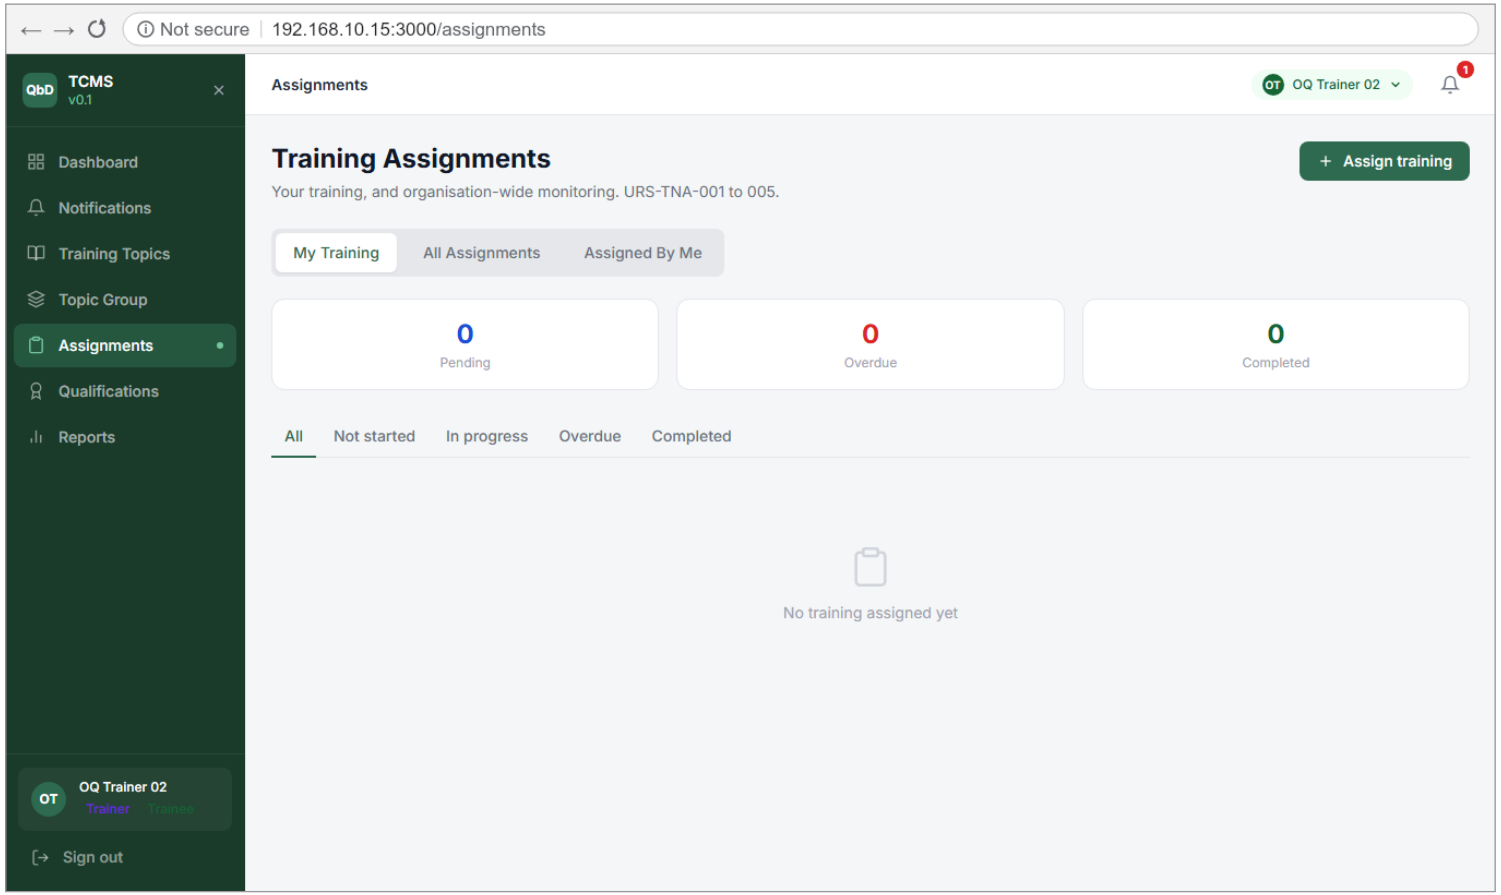
OPERATIONAL QUALIFICATION SCREENSHOTS FOR TCMS APPLICATION VER. 1.0

DOCUMENT NO.: LGC/QBD/0002	TITLE : COMPUTER SYSTEM VALIDATION OF TCMS

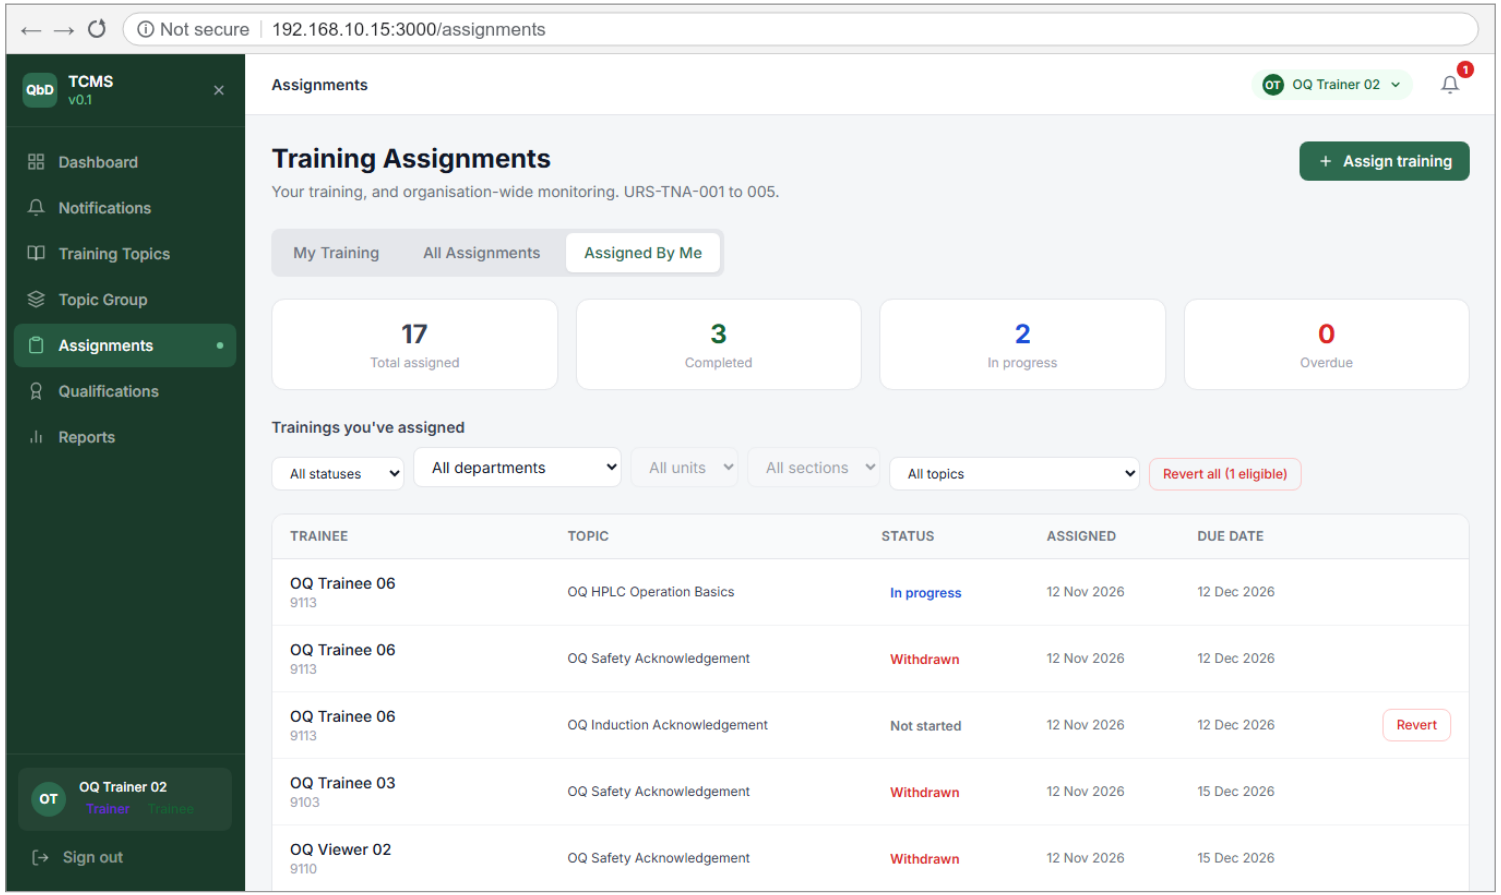
Test Objective :	To verify successful login with Trainer (QA Department) credentials and role-wise menu display.			
Test Procedure :			**Expected Result :**	
Sign out from the current user. Open TCMS application URL (http://192.168.10.15:3000) in Microsoft Edge. Type Employee ID / Password & click on Sign in button (with Trainer (QA Department) level privilege).			Dashboard should be displayed with the menus applicable to Trainer (QA Department) role.	
Test ID : 8.1.14	Step No : 22.1	Attachment No. : 362	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 11:10



Test Objective :	To verify navigation to the Assignments page.			
Test Procedure :			Expected Result :	
Click on "Assignments" menu from the left panel.			Training Assignments page should be displayed.	
Test ID : 8.1.14	Step No : 23.1	Attachment No. : 363	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 11:10



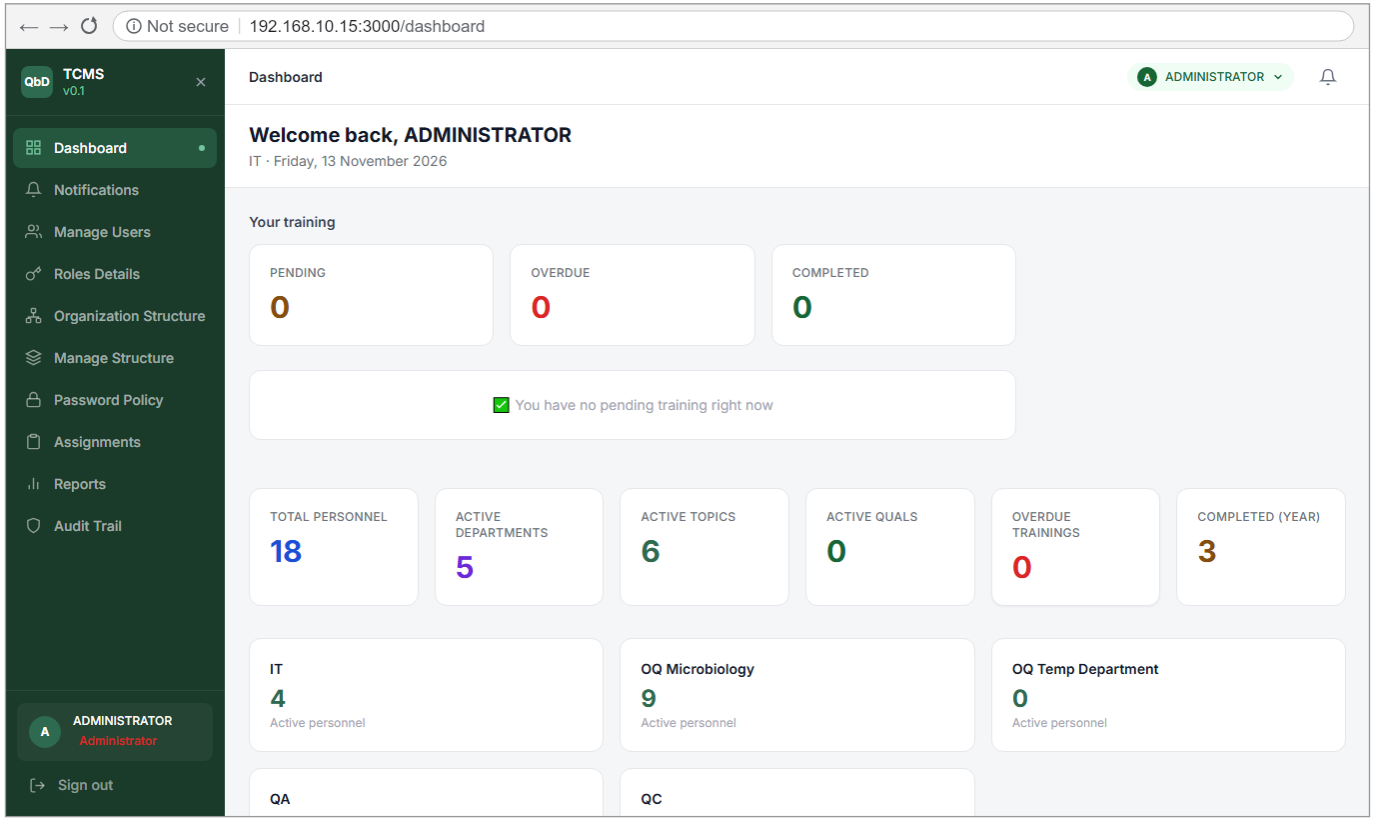
Test Objective :	To verify that the Trainer can see the completion status of assigned trainings.			
Test Procedure :			Expected Result :	
Click on "Assigned By Me" tab.			Trainee's assignments should show status Completed.	
Test ID : 8.1.14	Step No : 24.1	Attachment No. : 364	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 11:10



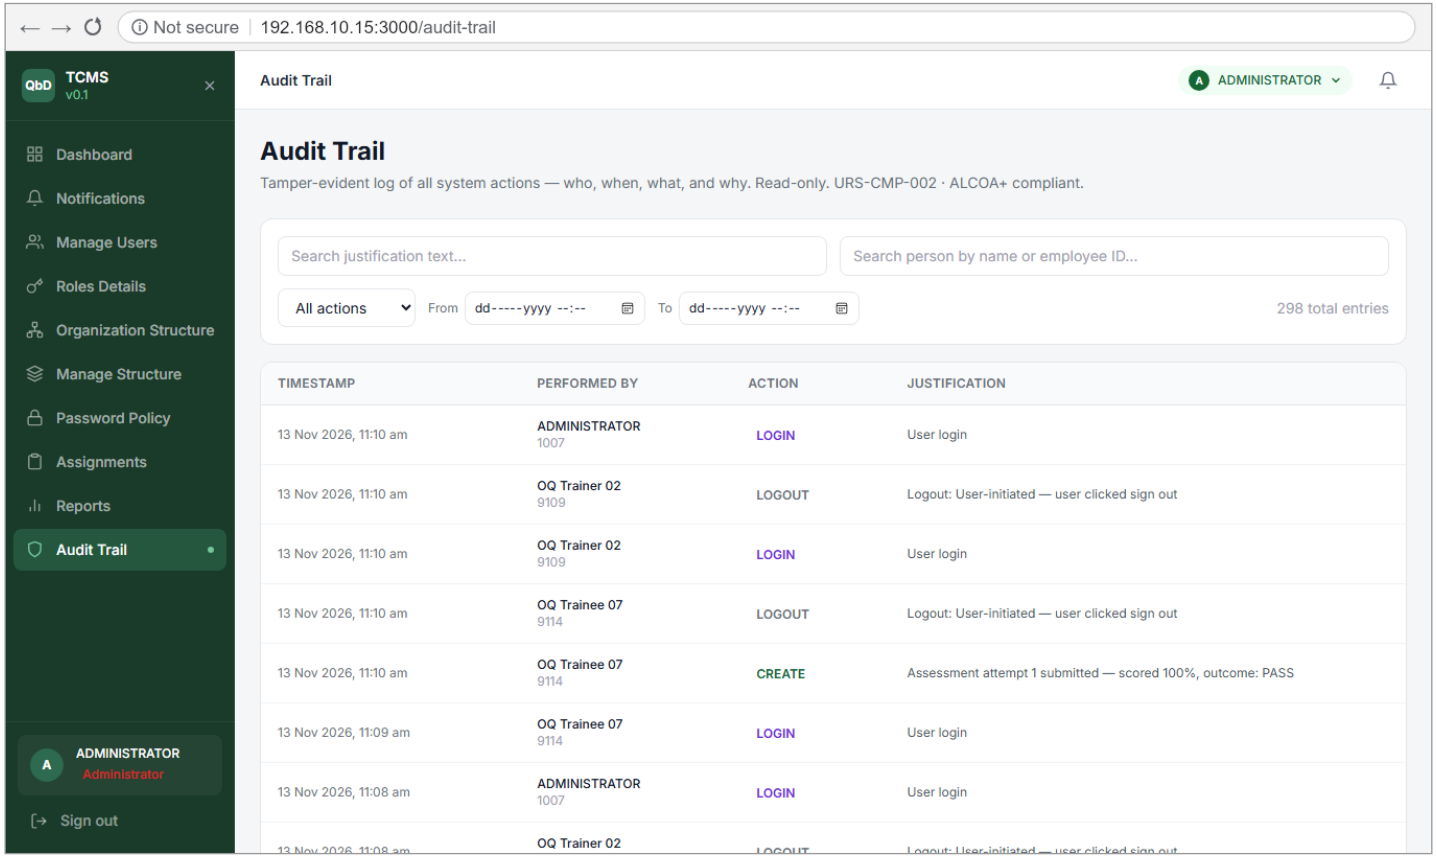
OPERATIONAL QUALIFICATION SCREENSHOTS FOR TCMS APPLICATION VER. 1.0

DOCUMENT NO.: LGC/QBD/0002	TITLE : COMPUTER SYSTEM VALIDATION OF TCMS

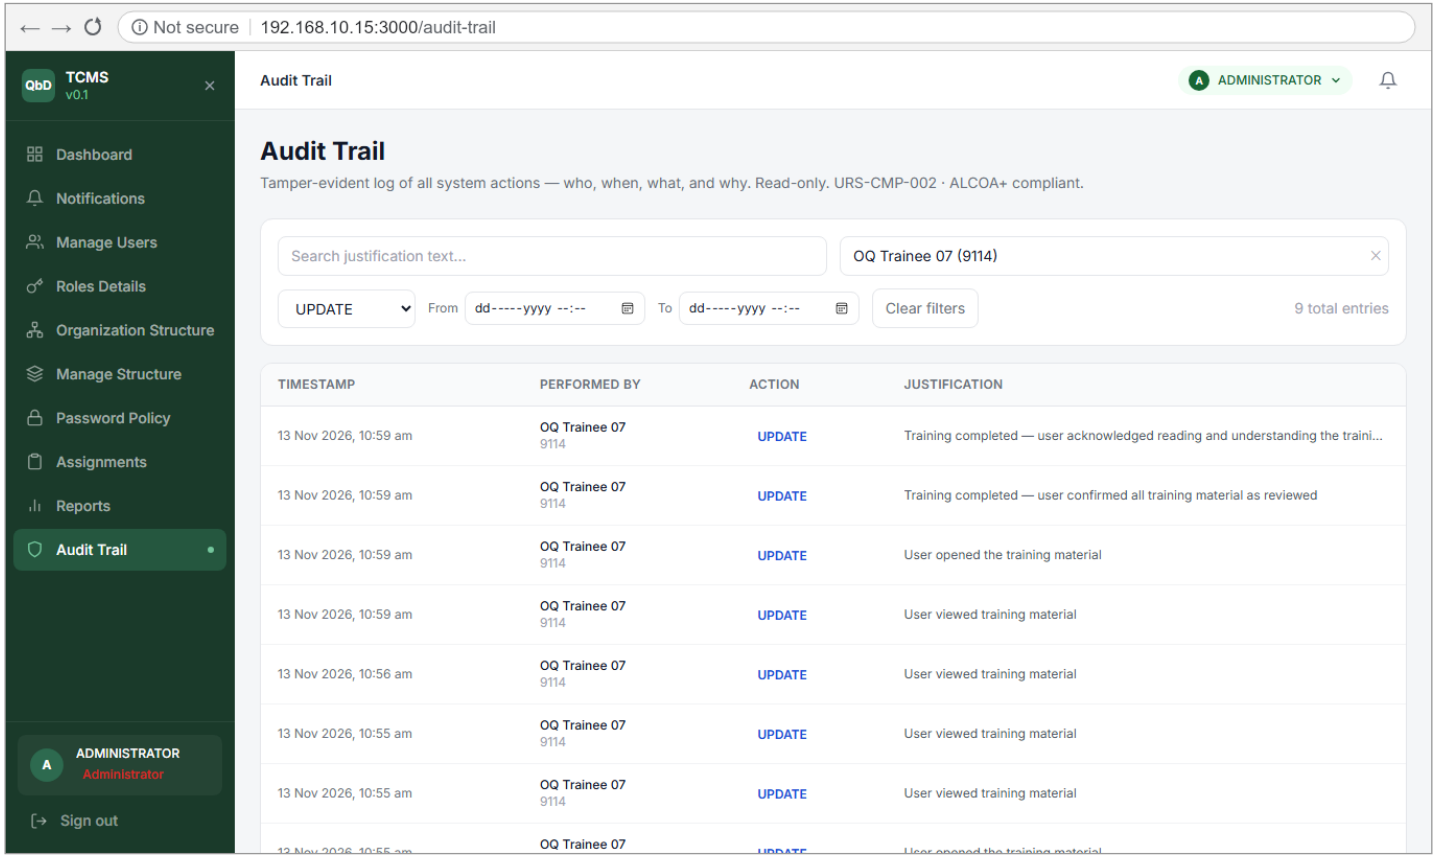
Test Objective :	To verify successful login with Administrator credentials and role-wise menu display.			
Test Procedure :			**Expected Result :**	
Sign out from the current user. Open TCMS application URL (http://192.168.10.15:3000) in Microsoft Edge. Type Employee ID / Password & click on Sign in button (with Administrator level privilege).			Dashboard should be displayed with the menus applicable to Administrator role.	
Test ID : 8.1.14	Step No : 25.1	Attachment No. : 365	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 11:10



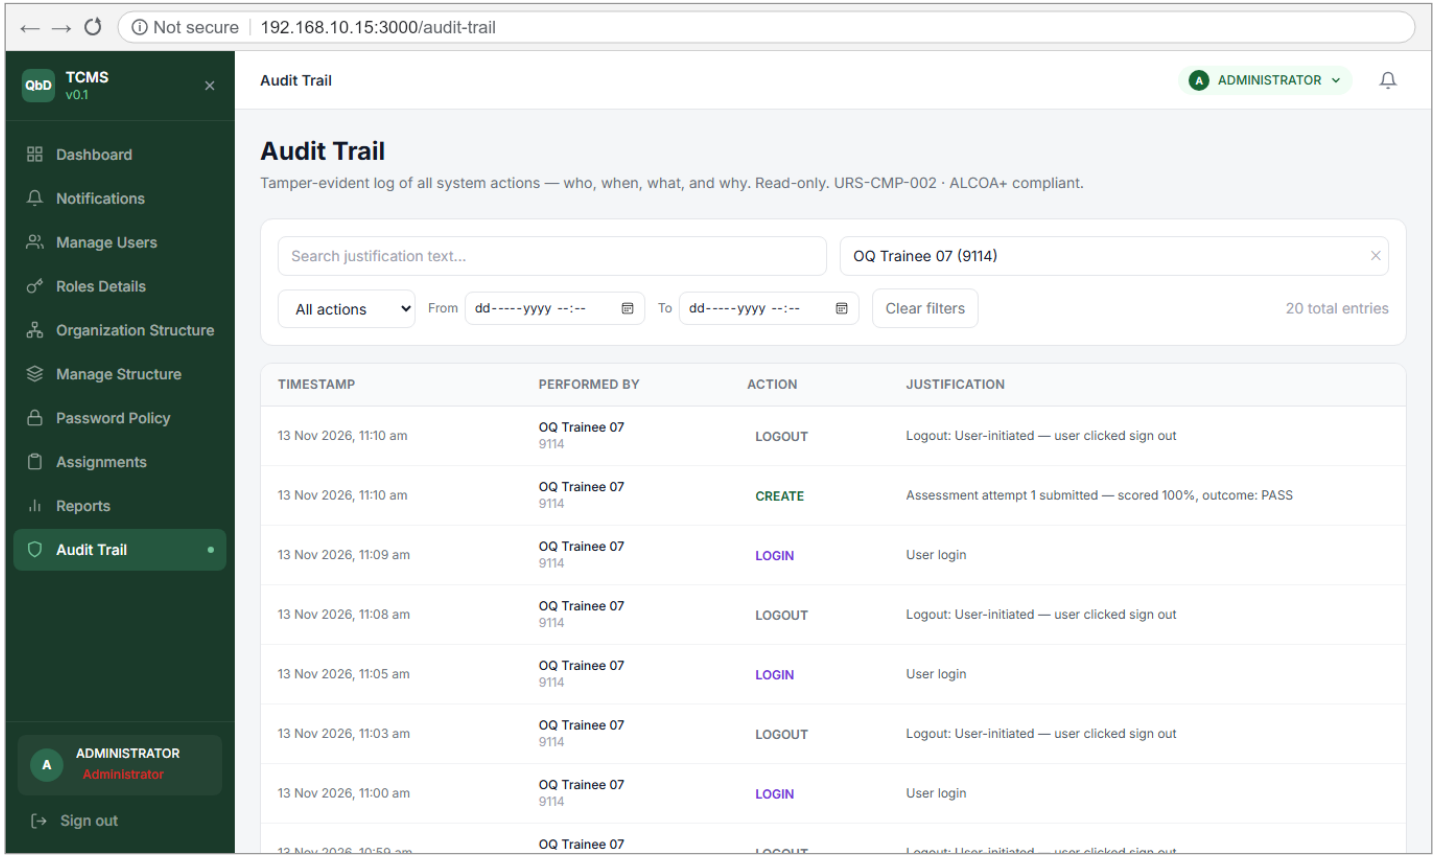
Test Objective :	To verify navigation to the Audit Trail page.			
Test Procedure :			**Expected Result :**	
Click on "Audit Trail" menu from the left panel.			Audit Trail page should be displayed with Timestamp, Performed By, Action & Justification columns.	
Test ID : 8.1.14	Step No : 26.1	Attachment No. : 366	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 11:10



Test Objective :	To verify filtering of the audit trail by user and action (UPDATE).			
Test Procedure :			Expected Result :	
Search the performing user by name / Employee ID & select "UPDATE" from the All actions drop-down.			Audit log entries should be filtered for the selected user and action.	
Test ID : 8.1.14	Step No : 27.1	Attachment No. : 367	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 11:10



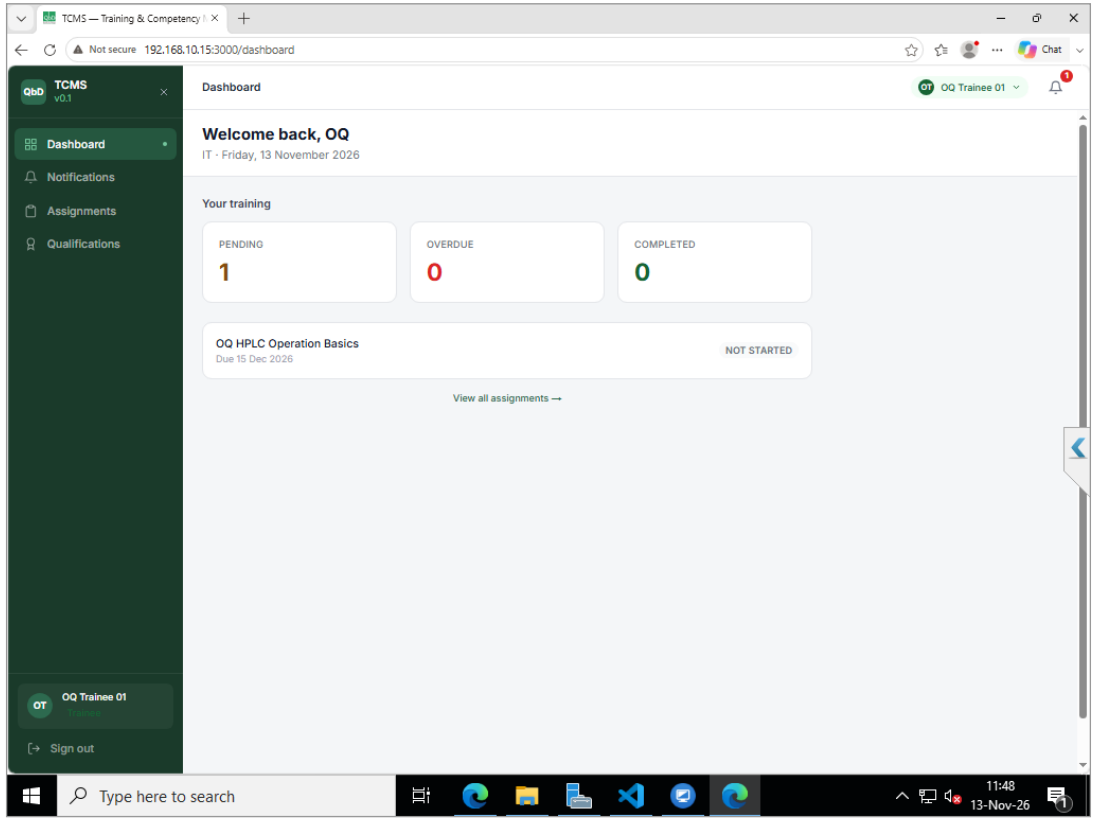
Test Objective :	To verify that the audit trail records training completion events of the Trainee.			
Test Procedure :			**Expected Result :**	
Verify the audit trail entry for training completion events of the Trainee.			Entries should display Timestamp (dd MMM yyyy, hh:mm am/pm), Performed By, Action (UPDATE for completion, CREATE for assessment attempt) & system description.	
Test ID : 8.1.14	Step No : 28.1	Attachment No. : 368	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 11:10



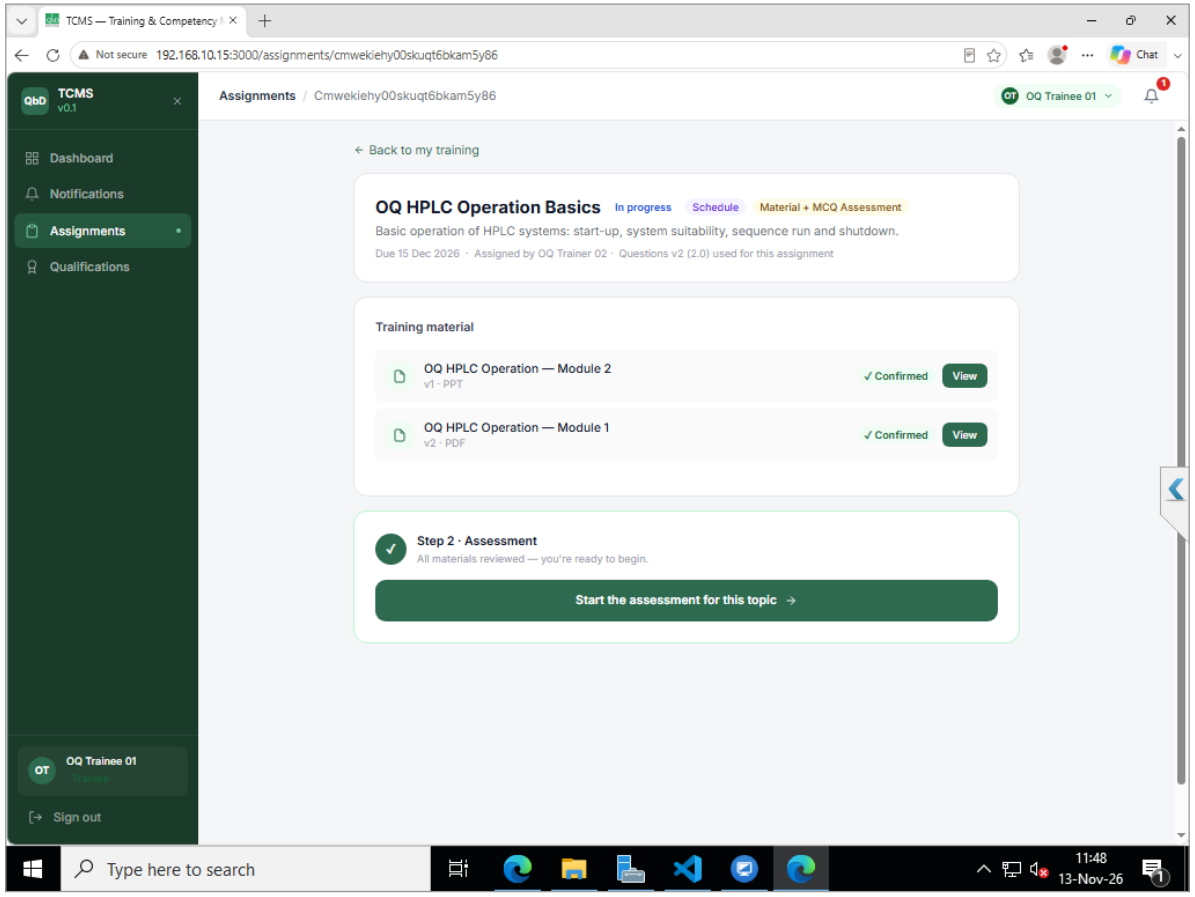
OPERATIONAL QUALIFICATION SCREENSHOTS FOR TCMS APPLICATION VER. 1.0

DOCUMENT NO.: LGC/QBD/0002	TITLE : COMPUTER SYSTEM VALIDATION OF TCMS

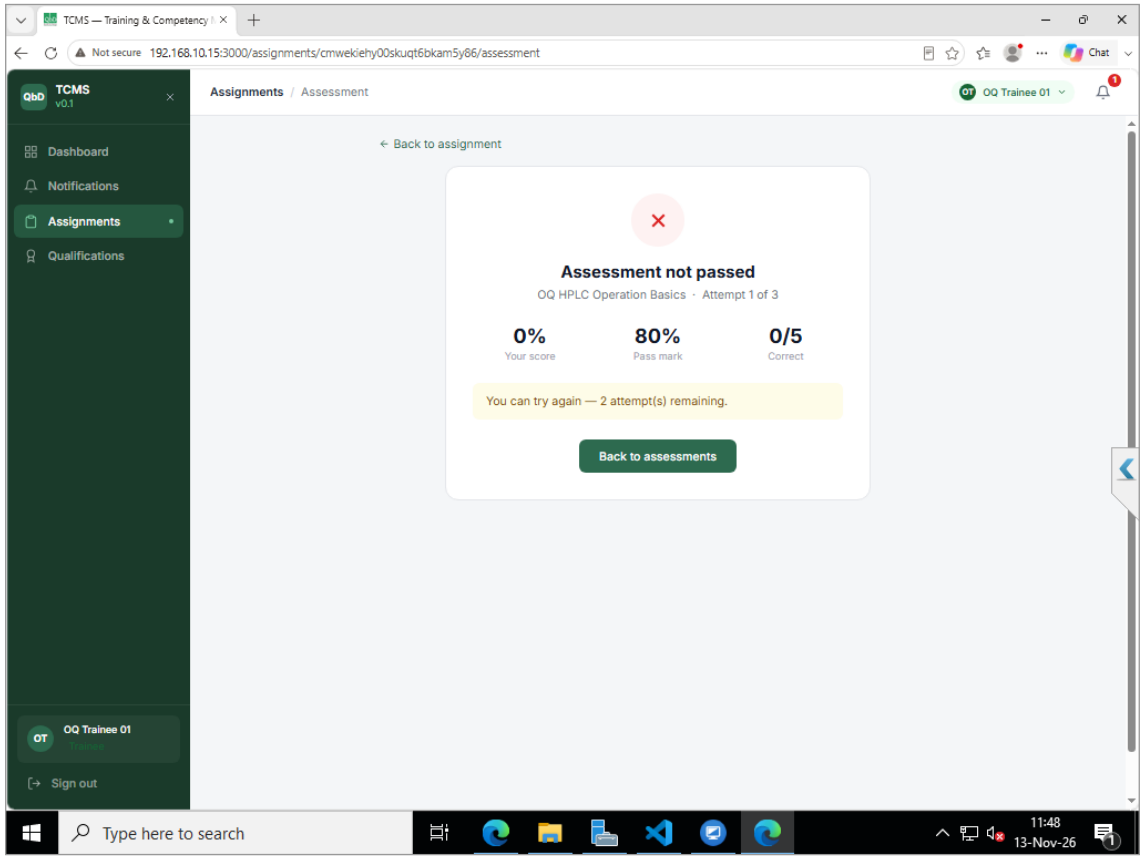
Test Objective :	To verify successful login with Trainee credentials and role-wise menu display.			
Test Procedure :			Expected Result :	
Open TCMS application URL (http://192.168.10.15:3000) in Microsoft Edge. Type Employee ID / Password & click on Sign in button (with Trainee level privilege).			Dashboard should be displayed with the menus applicable to Trainee role.	
Test ID : 8.1.15	Step No : 1.1	Attachment No. : 369	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 11:48



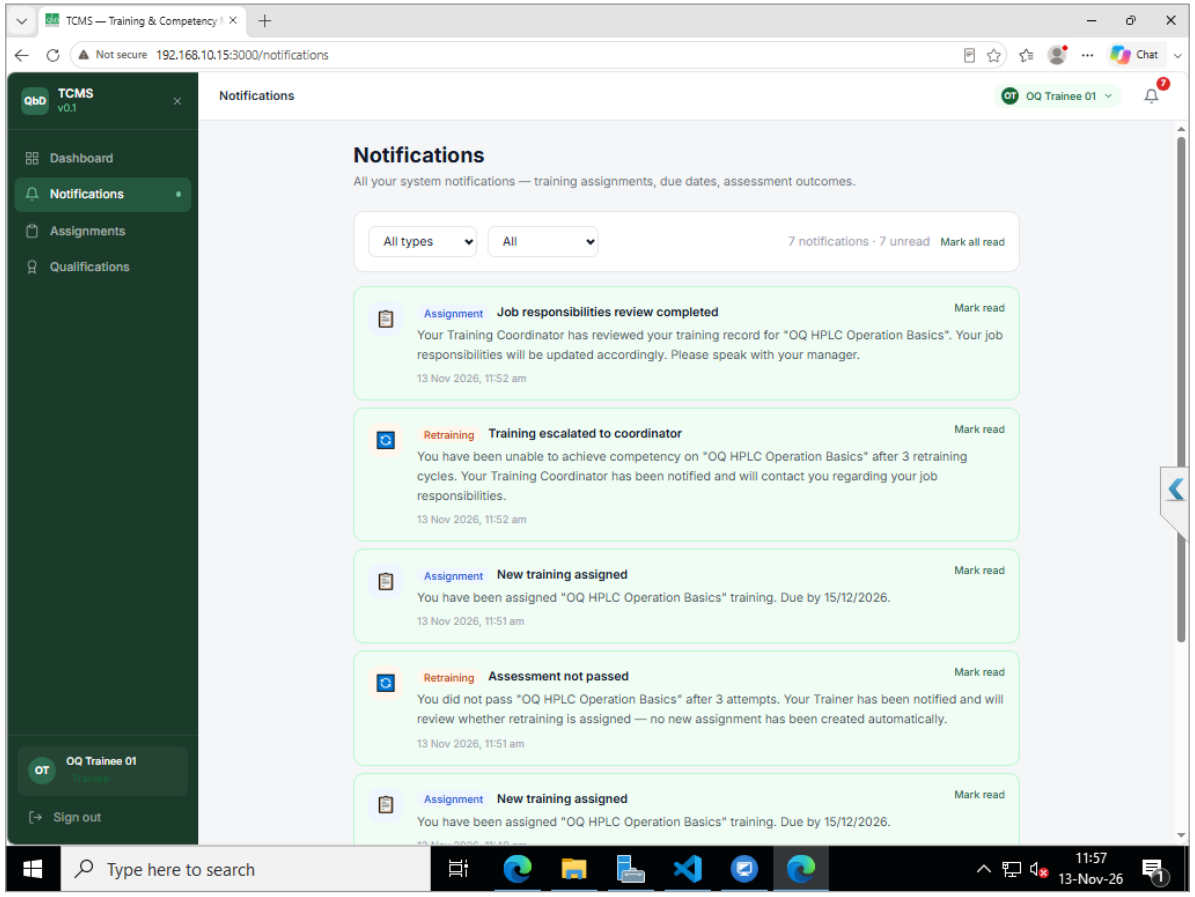
Test Objective :	To verify that the assessment is enabled after confirming all materials.			
Test Procedure :			Expected Result :	
Open the assignment & confirm all materials.			Start assessment should be enabled.	
Test ID : 8.1.15	Step No : 2.1	Attachment No. : 370	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 11:48



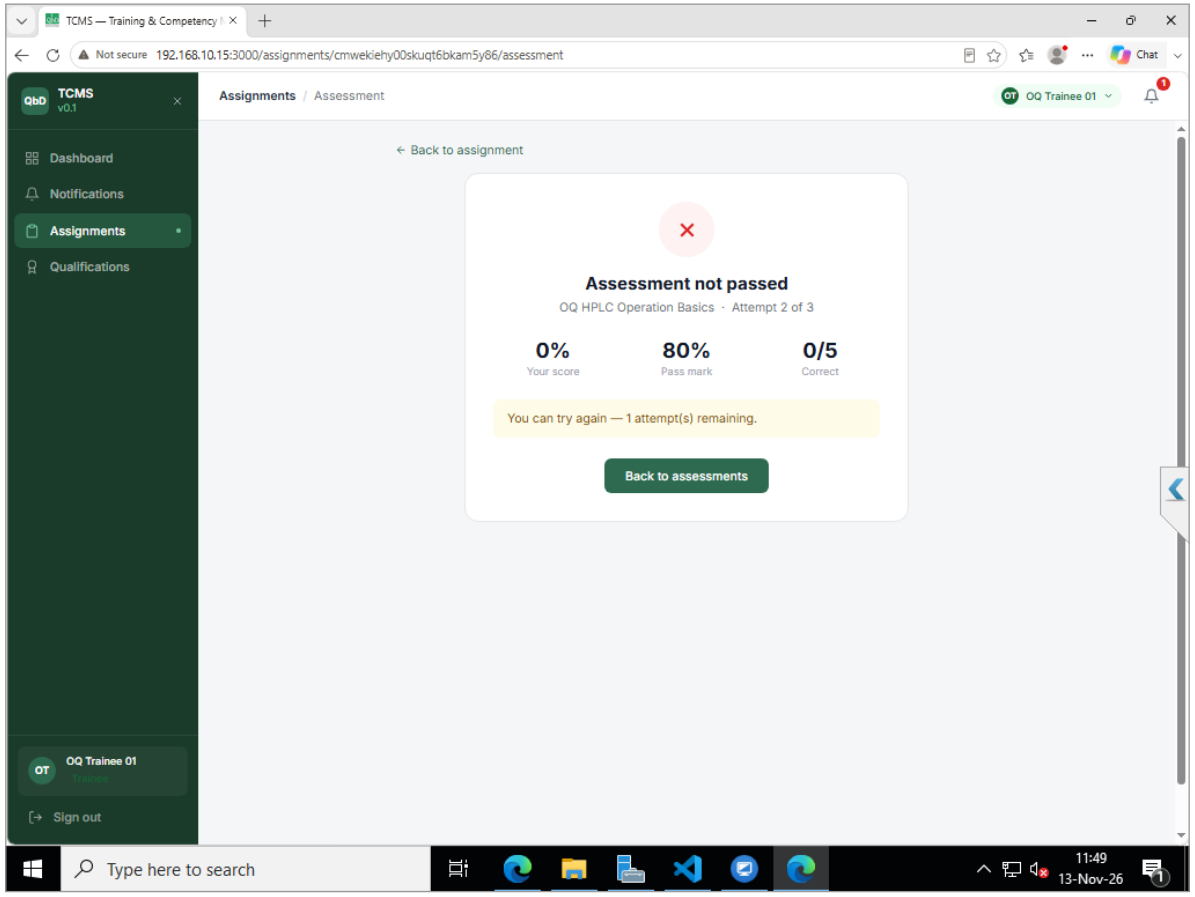
Test Objective :	To verify the Not passed result when the score is below 80% (attempt 1).			
Test Procedure :			Expected Result :	
Start assessment, answer questions incorrectly & click on Submit assessment (attempt 1).			Score below 80% & "Assessment not passed" should be displayed with remaining attempts.	
Test ID : 8.1.15	Step No : 3.1	Attachment No. : 371	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 11:48



Test Objective :	To verify that the Trainee is notified of a failed assessment.			
Test Procedure :			Expected Result :	
After the 3rd failed attempt of a cycle, click on Notifications bell.			"Assessment not passed" notification should be displayed.	
Test ID : 8.1.15	Step No : 4.1	Attachment No. : 372	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 11:57



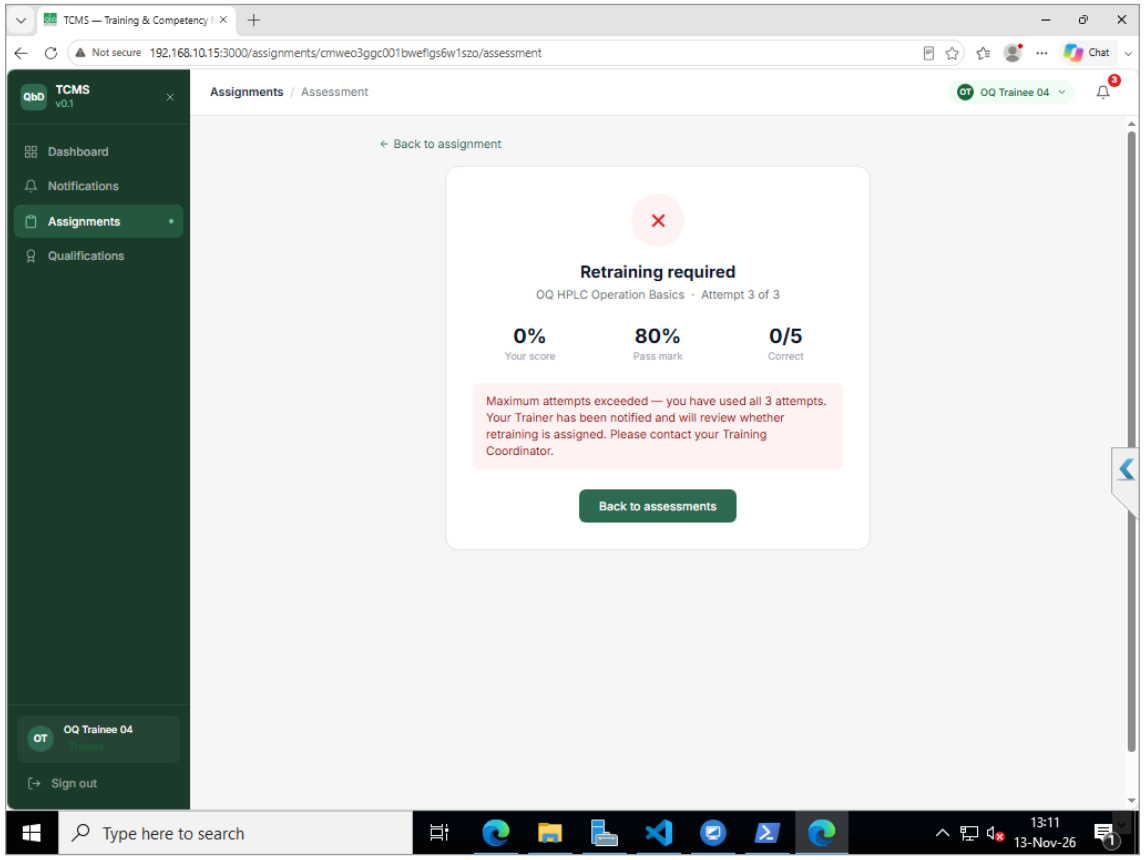
Test Objective :	To verify the Not passed result on the 2nd attempt.			
Test Procedure :			Expected Result :	
Start assessment & submit assessment with incorrect answers (attempt 2).			"Assessment not passed" should be displayed.	
Test ID : 8.1.15	Step No : 5.1	Attachment No. : 373	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 11:49



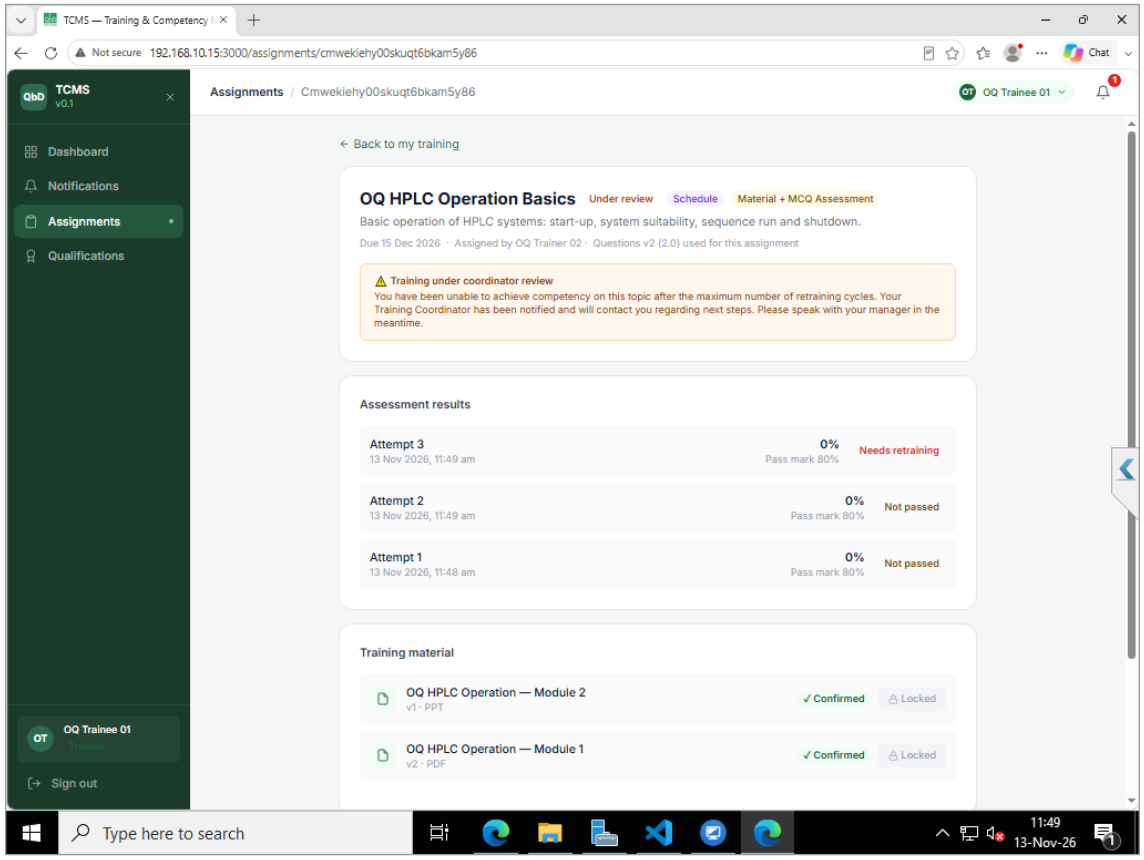
OPERATIONAL QUALIFICATION SCREENSHOTS FOR TCMS APPLICATION VER. 1.0

DOCUMENT NO.: LGC/QBD/0002	TITLE : COMPUTER SYSTEM VALIDATION OF TCMS

Test Objective :	To verify that the training is marked Needs retraining after the 3rd failed attempt.			
Test Procedure :			Expected Result :	
Start assessment & submit assessment with incorrect answers (attempt 3).			"Retraining required" with "Maximum attempts exceeded ... contact your Training Coordinator" should be displayed.	
Test ID : 8.1.15	Step No : 6.1	Attachment No. : 374	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 13:11



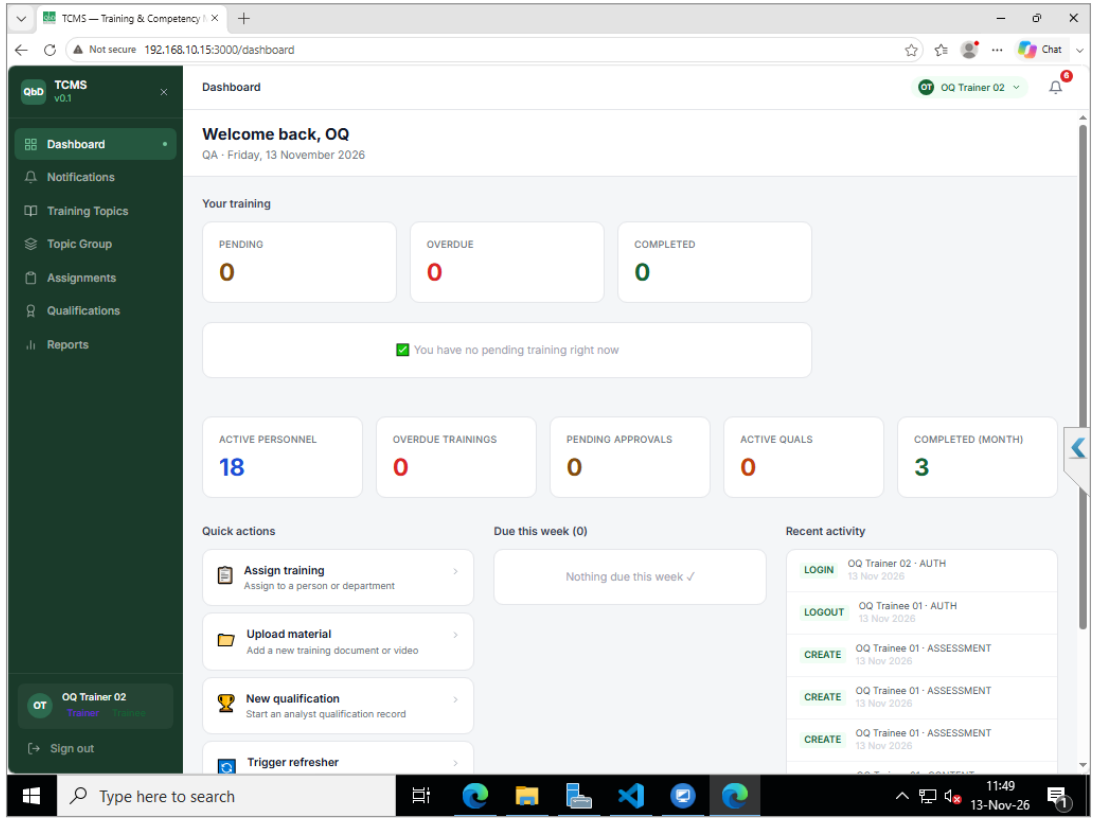
Test Objective :	To verify that no further attempt is allowed after 3 failed attempts.			
Test Procedure :			Expected Result :	
Open the assignment & verify the options available.			Status "Under review" should be displayed with no option to start the assessment.	
Test ID : 8.1.15	Step No : 7.1	Attachment No. : 375	Result : Fail	Executed By : _____ Date & Time : 13-Nov-26 11:49



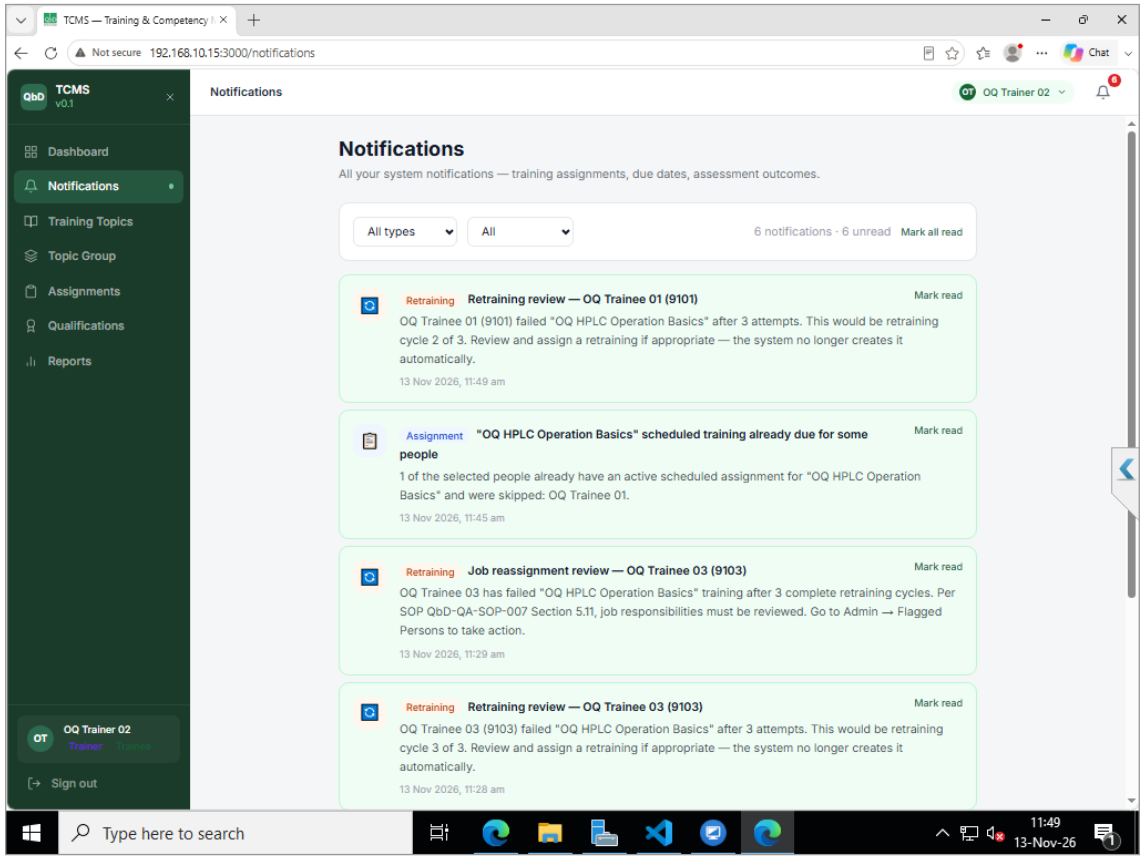
OPERATIONAL QUALIFICATION SCREENSHOTS FOR TCMS APPLICATION VER. 1.0

DOCUMENT NO.: LGC/QBD/0002	TITLE : COMPUTER SYSTEM VALIDATION OF TCMS

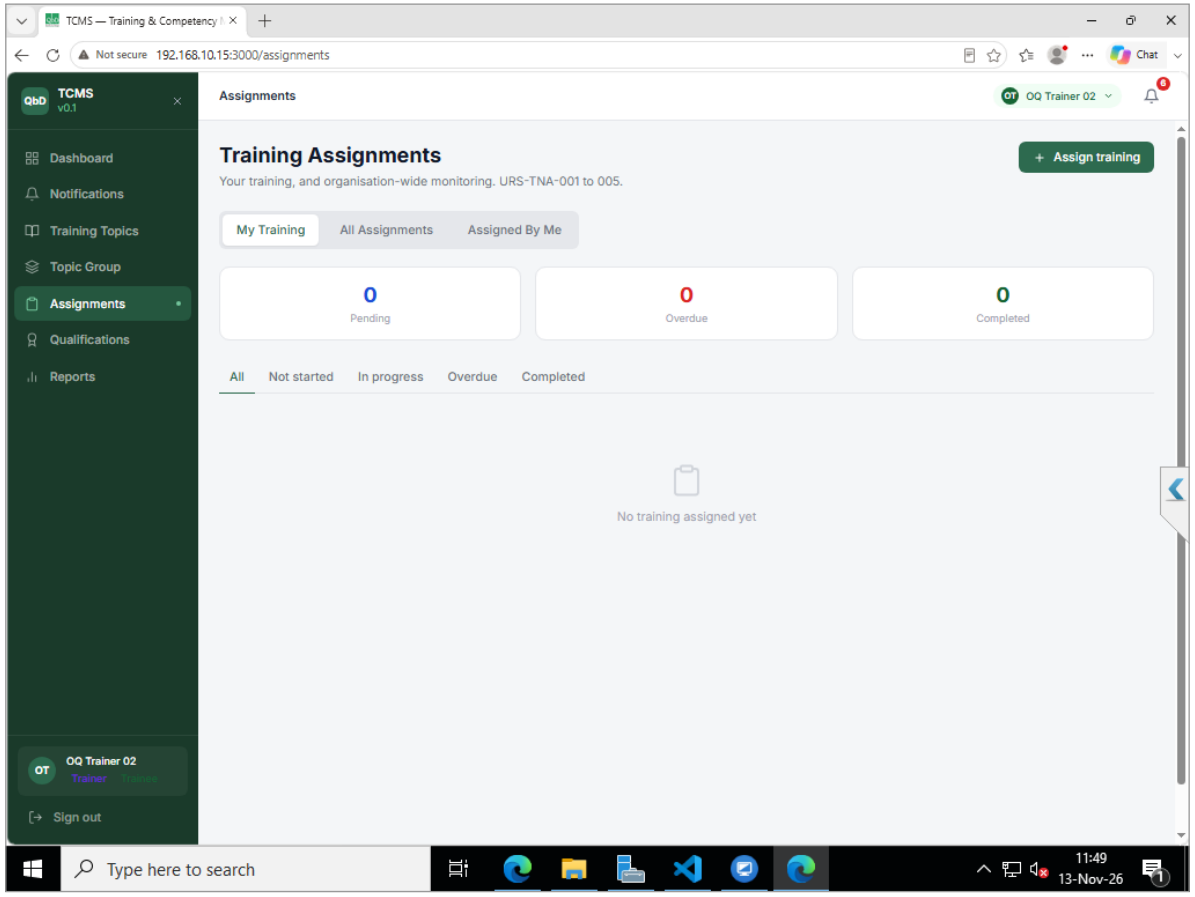
Test Objective :	To verify successful login with Trainer (QA Department) credentials and role-wise menu display.			
Test Procedure :			**Expected Result :**	
Sign out from the current user. Open TCMS application URL (http://192.168.10.15:3000) in Microsoft Edge. Type Employee ID / Password & click on Sign in button (with Trainer (QA Department) level privilege).			Dashboard should be displayed with the menus applicable to Trainer (QA Department) role.	
Test ID : 8.1.15	Step No : 8.1	Attachment No. : 376	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 11:49



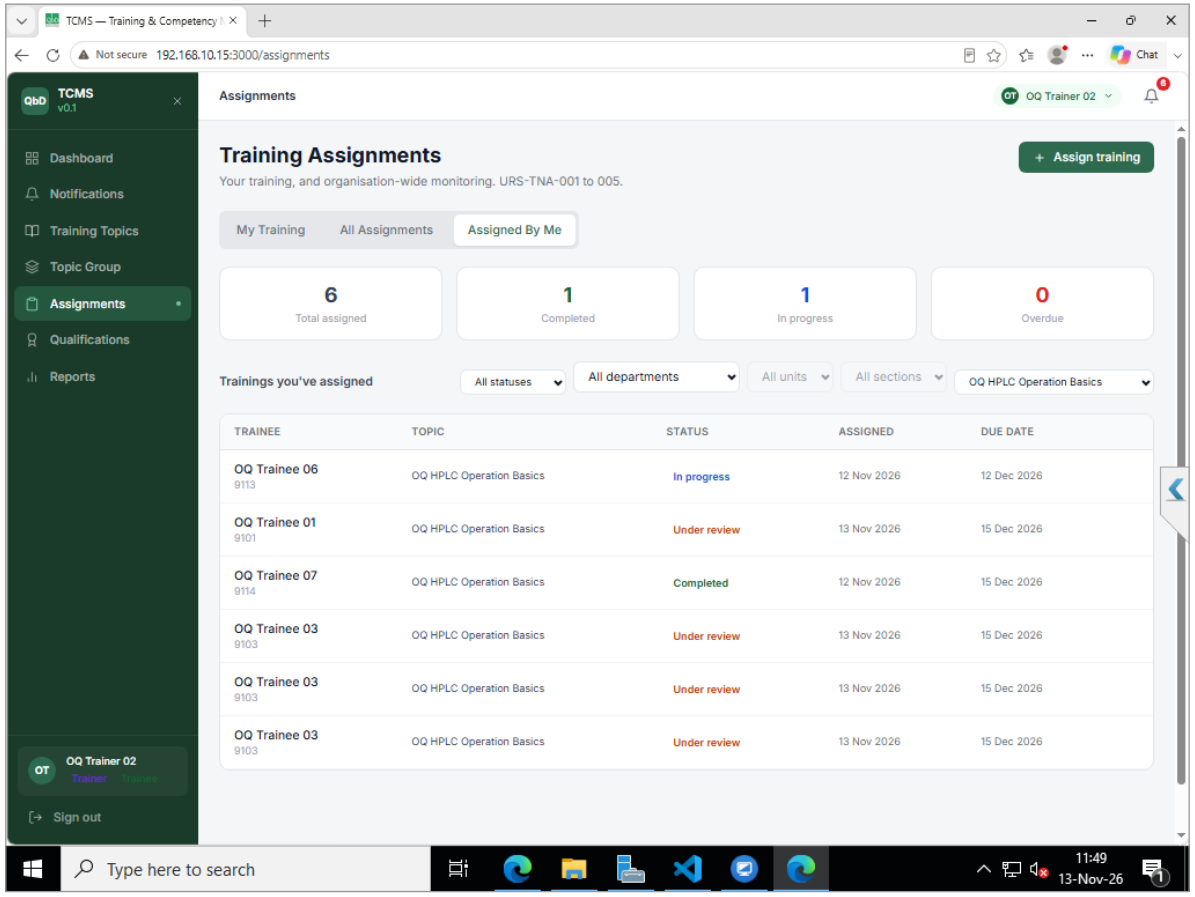
Test Objective :	To verify that the Trainer is notified for retraining review.			
Test Procedure :			Expected Result :	
Click on Notifications bell.			"Retraining review — <name> (<Employee ID>)" notification should be displayed.	
Test ID : 8.1.15	Step No : 9.1	Attachment No. : 377	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 11:49



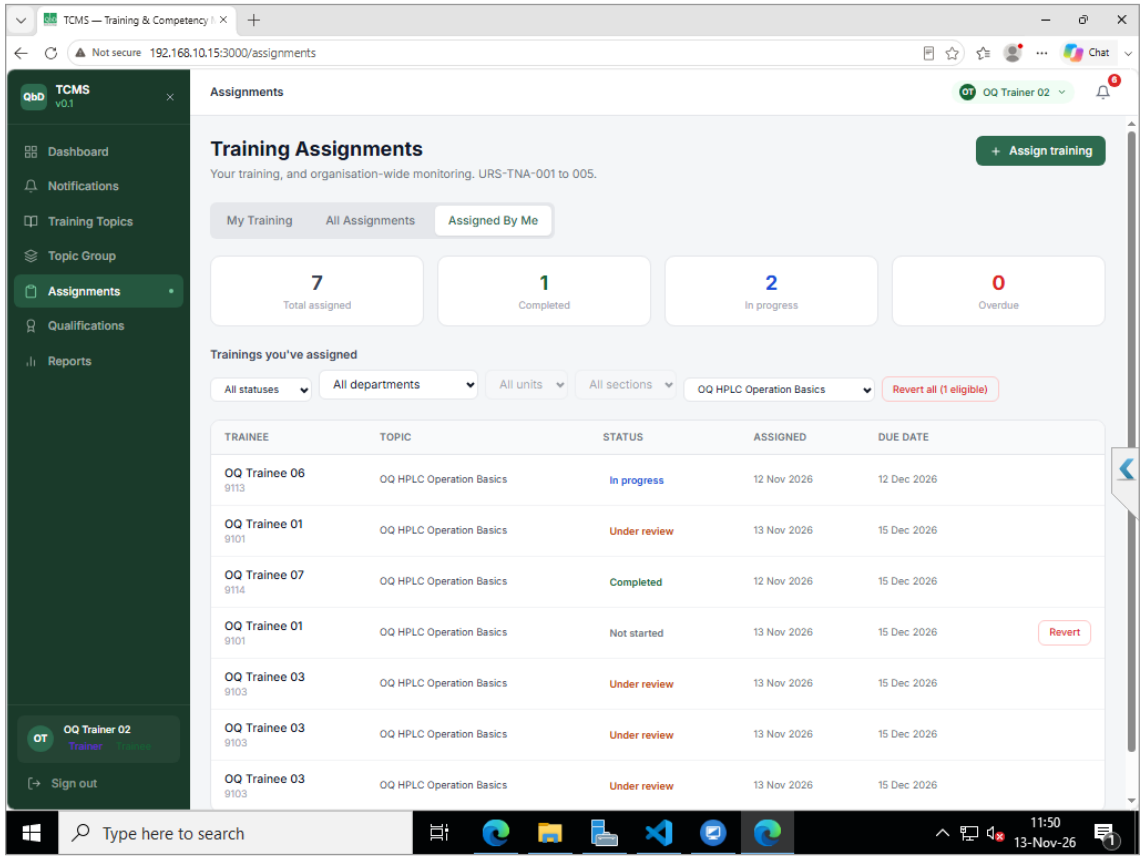
Test Objective :	To verify navigation to the Assignments page.			
Test Procedure :			Expected Result :	
Click on "Assignments" menu from the left panel.			Training Assignments page should be displayed.	
Test ID : 8.1.15	Step No : 10.1	Attachment No. : 378	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 11:49



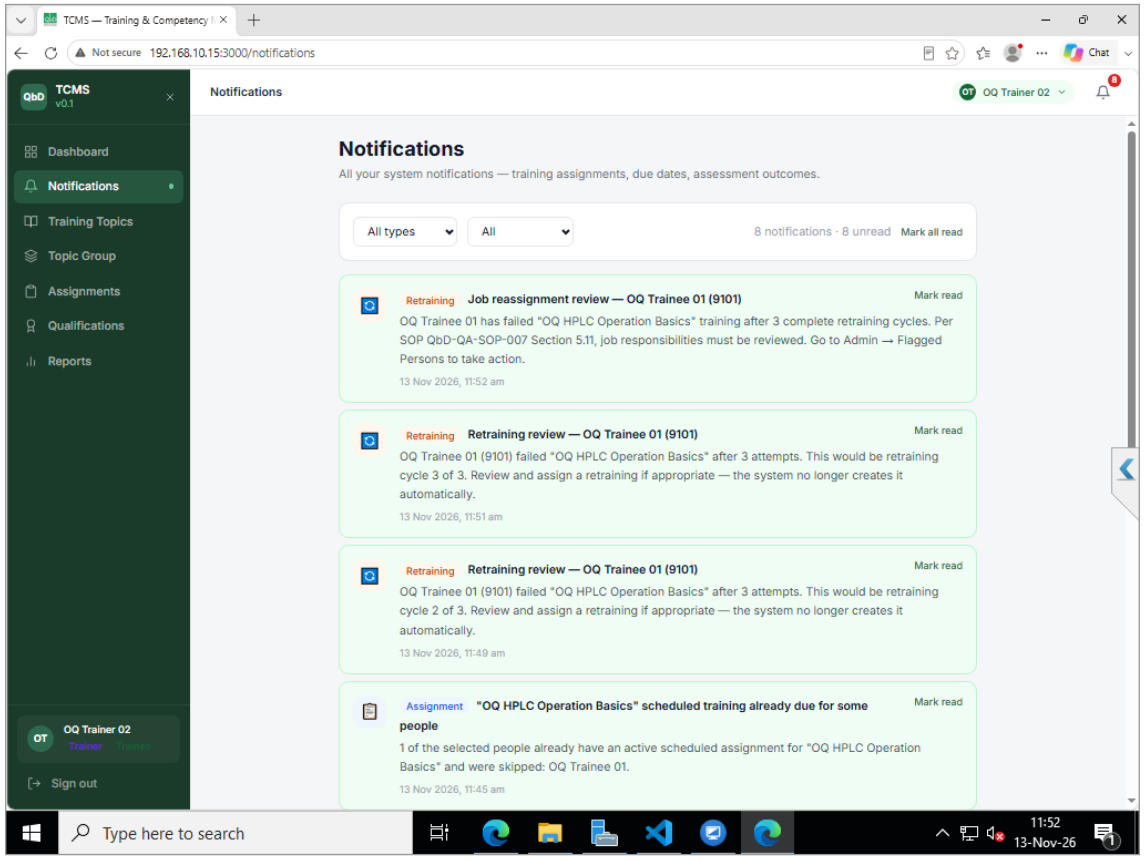
Test Objective :	To verify the failed status of the Trainee's assignment.			
Test Procedure :			Expected Result :	
Verify the trainee's assignment in "Assigned By Me".			Status should be "Under review".	
Test ID : 8.1.15	Step No : 11.1	Attachment No. : 379	Result : Fail	Executed By : _____ Date & Time : 13-Nov-26 11:49



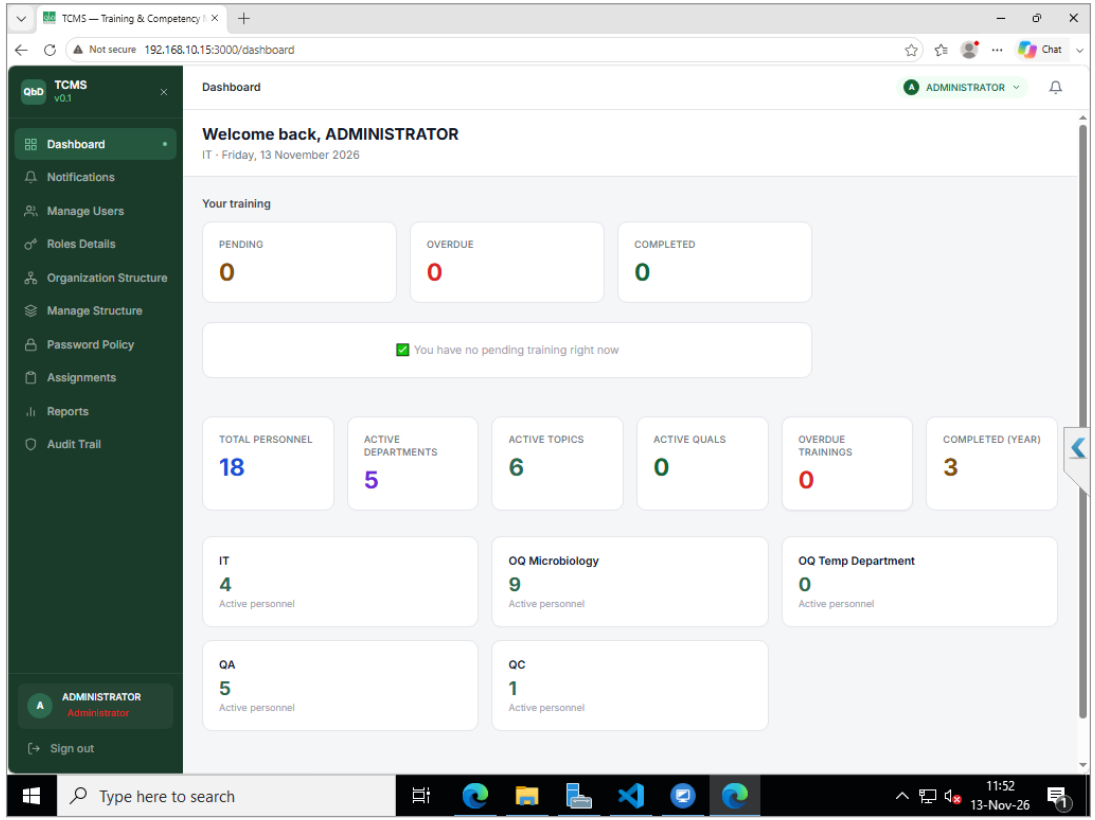
Test Objective :	To verify re-assignment of training for a retraining cycle.			
Test Procedure :			Expected Result :	
Re-assign the topic to the trainee (trigger Schedule) & complete the justification.			New assignment should be created for retraining.	
Test ID : 8.1.15	Step No : 12.1	Attachment No. : 380	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 11:50



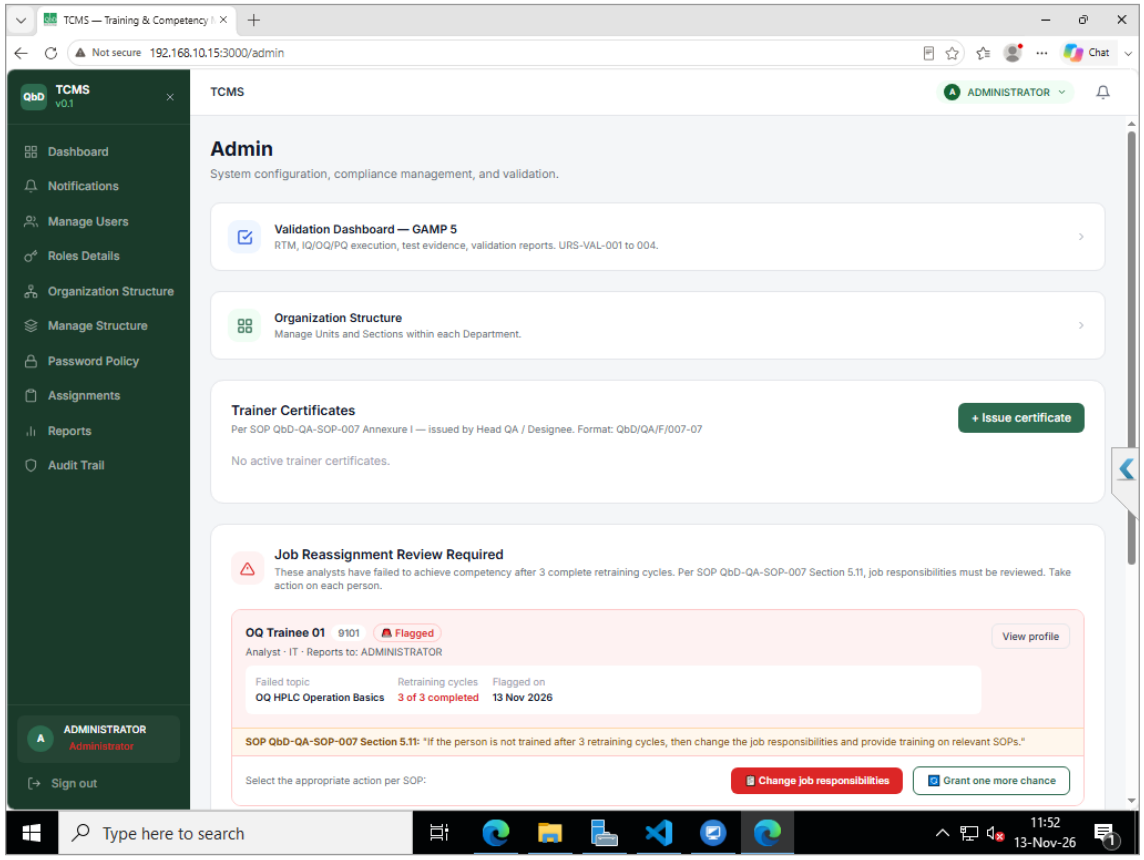
Test Objective :	To verify escalation for job reassignment after 3 retraining cycles.			
Test Procedure :			Expected Result :	
Repeat failure until 3 retraining cycles are completed.			"Training escalated to coordinator" / "Job reassignment review" notification should be generated.	
Test ID : 8.1.15	Step No : 13.1	Attachment No. : 381	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 11:52



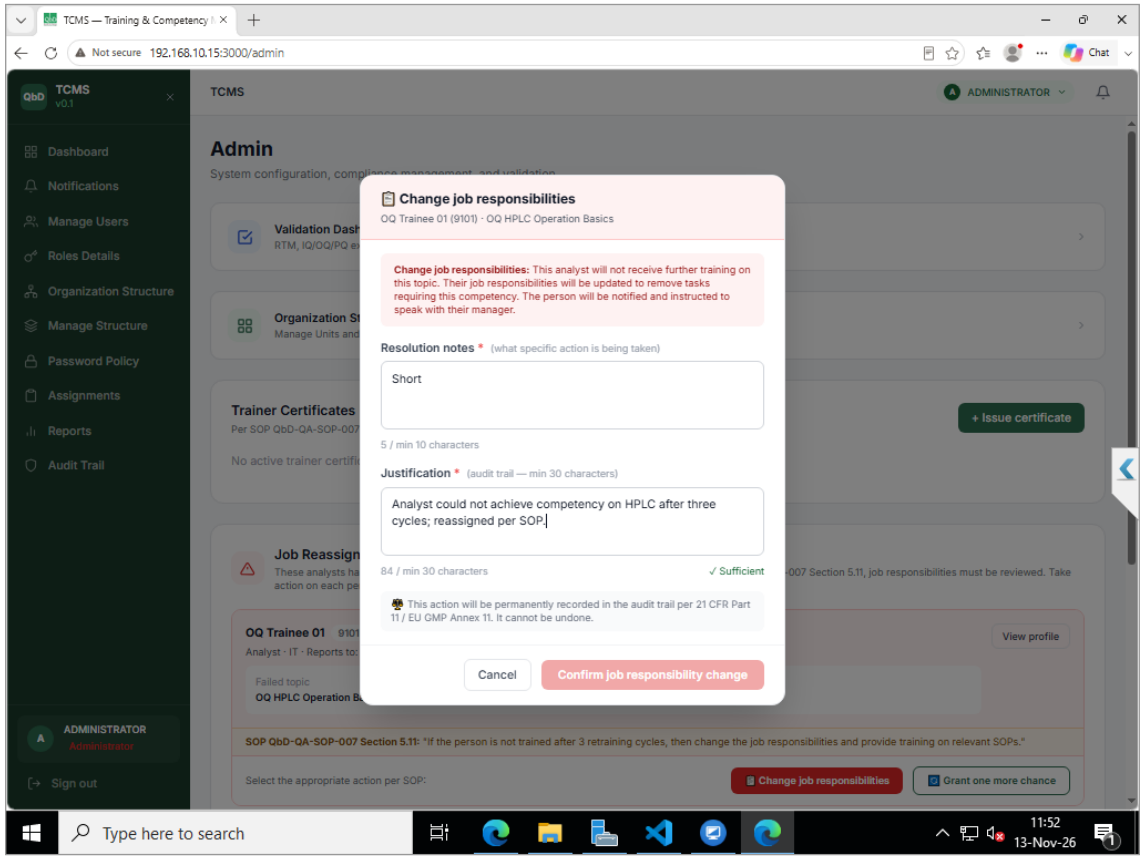
Test Objective :	To verify successful login with Administrator credentials and role-wise menu display.			
Test Procedure :			Expected Result :	
Sign out from the current user. Open TCMS application URL (http://192.168.10.15:3000) in Microsoft Edge. Type Employee ID / Password & click on Sign in button (with Administrator level privilege).			Dashboard should be displayed with the menus applicable to Administrator role.	
Test ID : 8.1.15	Step No : 14.1	Attachment No. : 382	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 11:52



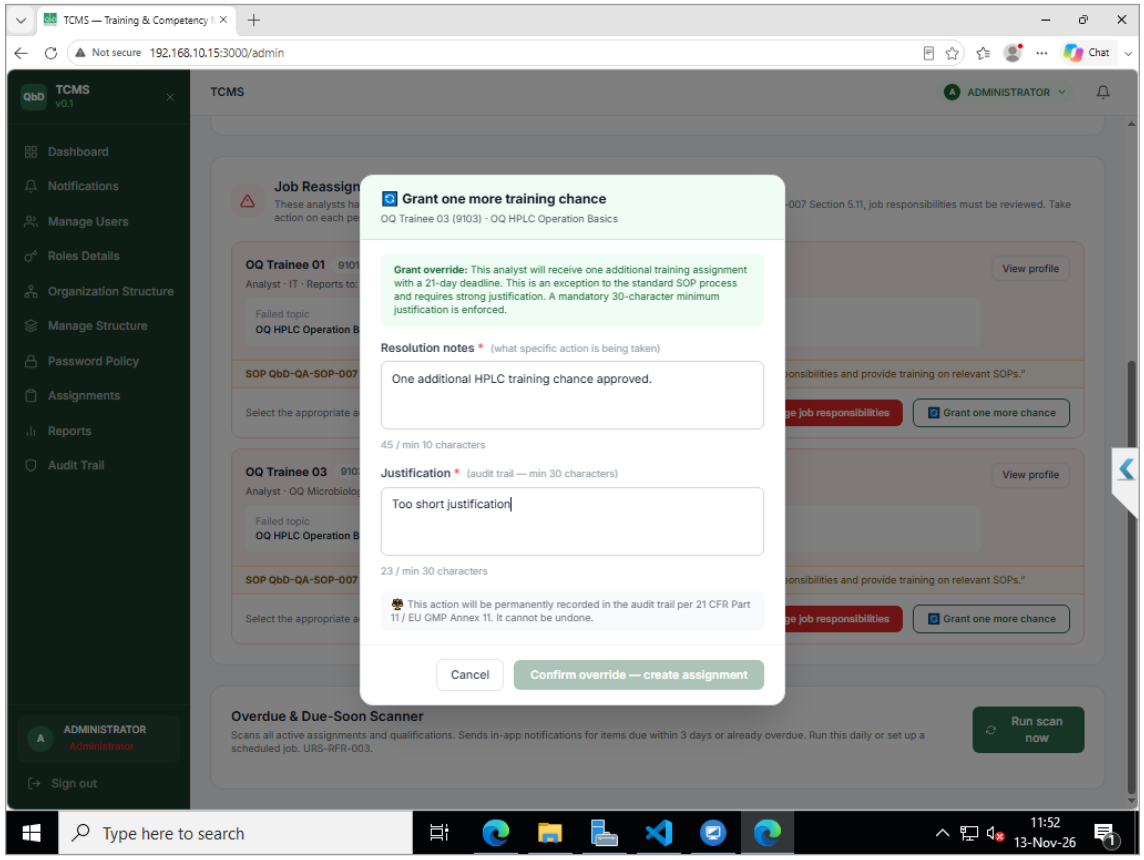
Test Objective :	To verify that the escalated Trainee is listed for job reassignment review.			
Test Procedure :			Expected Result :	
Open http://192.168.10.15:3000/admin & verify "Job Reassignment Review Required".			Flagged trainee should be listed with Failed topic, Retraining cycles & Flagged on date.	
Test ID : 8.1.15	Step No : 15.1	Attachment No. : 383	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 11:52



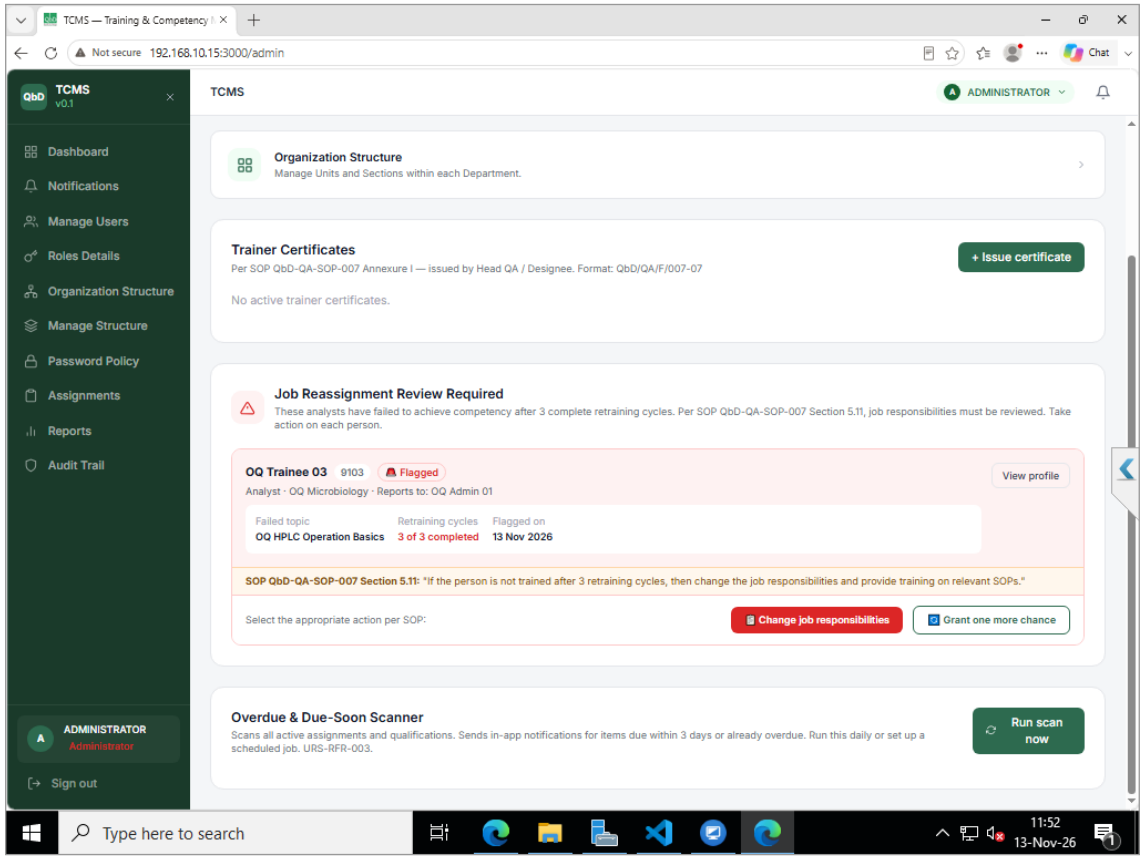
Test Objective :	To verify the minimum length of resolution notes.			
Test Procedure :			Expected Result :	
Click on "Change job responsibilities" & enter Resolution notes of less than 10 characters.			Confirm button should be disabled with counter "<n> / min 10 characters".	
Test ID : 8.1.15	Step No : 16.1	Attachment No. : 384	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 11:52



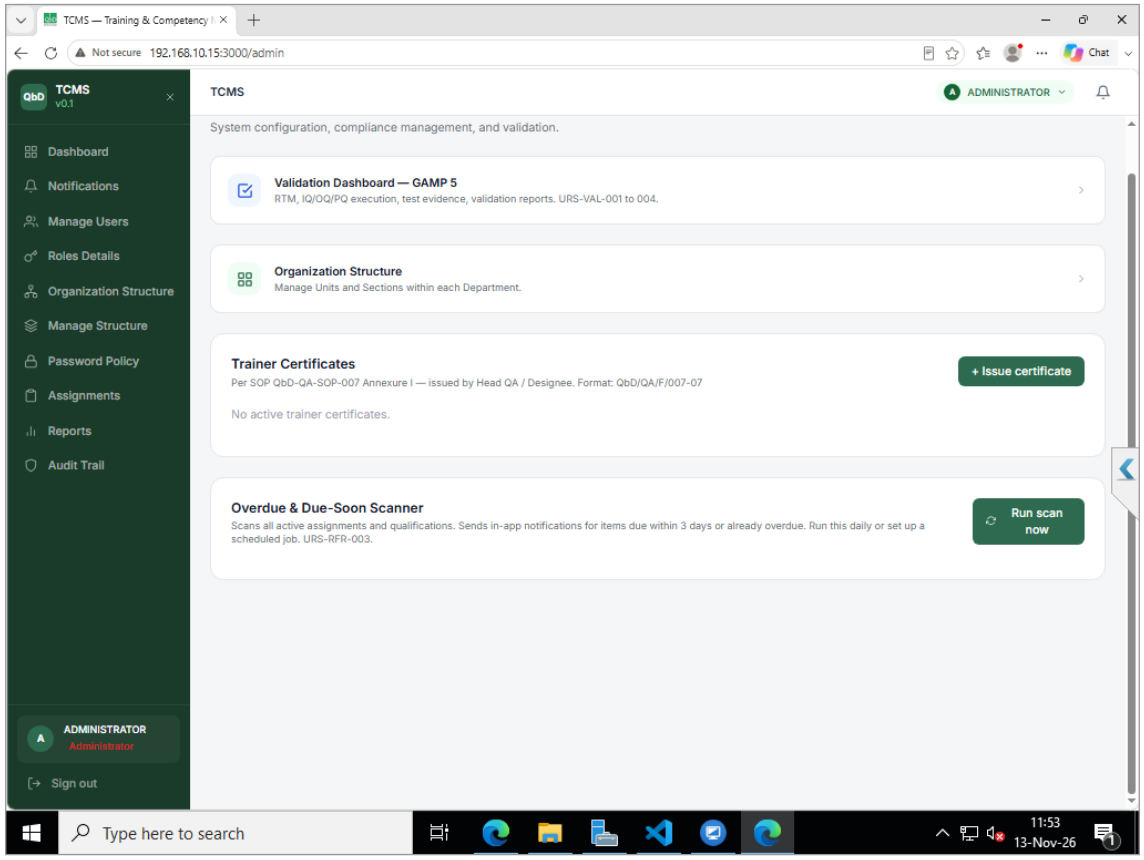
Test Objective :	To verify the minimum length of justification for granting an override.			
Test Procedure :			Expected Result :	
Select "Grant one more chance" with Justification of less than 30 characters.			Confirm button should be disabled with counter "<n> / min 30 characters".	
Test ID : 8.1.15	Step No : 17.1	Attachment No. : 385	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 11:52



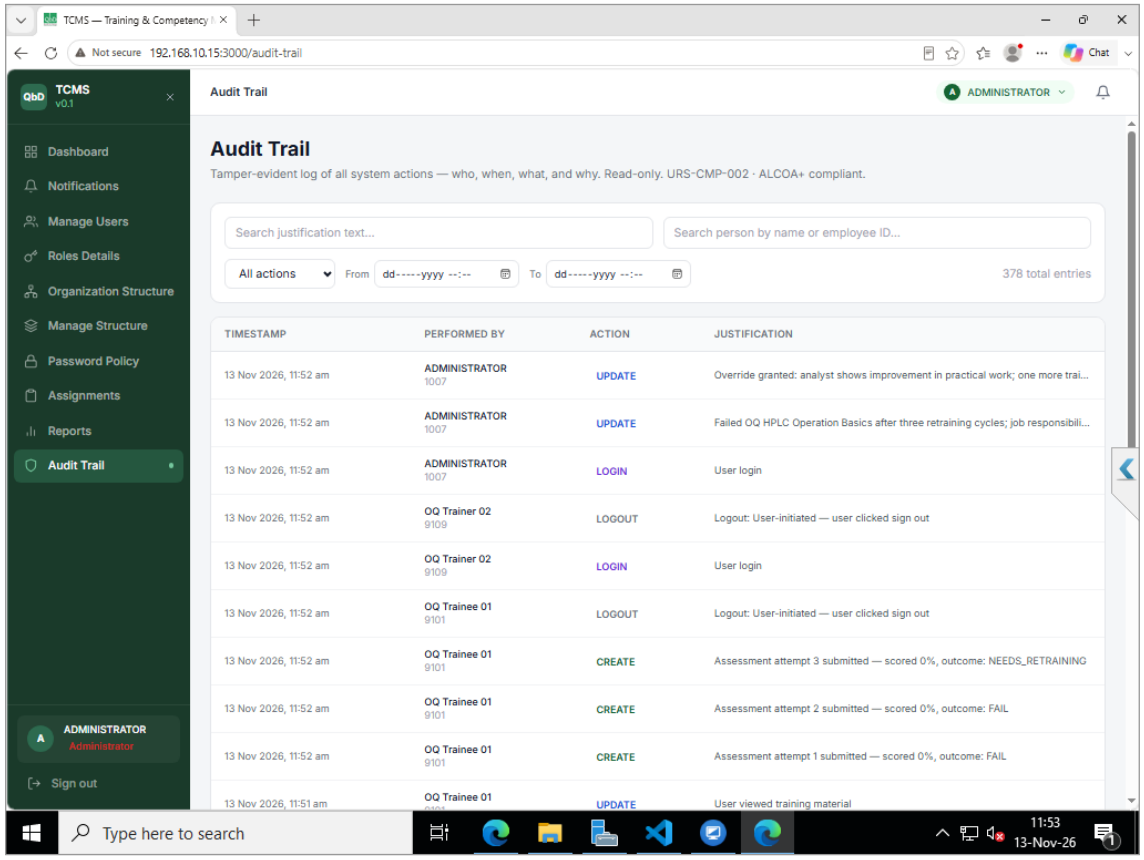
Test Objective :	To verify resolution of the flag by changing job responsibilities.			
Test Procedure :			Expected Result :	
Select "Change job responsibilities" with valid notes & justification and confirm.			Flag should be cleared & person removed from the review list.	
Test ID : 8.1.15	Step No : 18.1	Attachment No. : 386	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 11:52



Test Objective :	To verify resolution of the flag by granting an override with a new assignment.			
Test Procedure :			Expected Result :	
For another flagged trainee select "Grant one more chance" with valid notes & justification and confirm.			Flag should be cleared, person removed from the list & a new training assignment created.	
Test ID : 8.1.15	Step No : 19.1	Attachment No. : 387	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 11:53



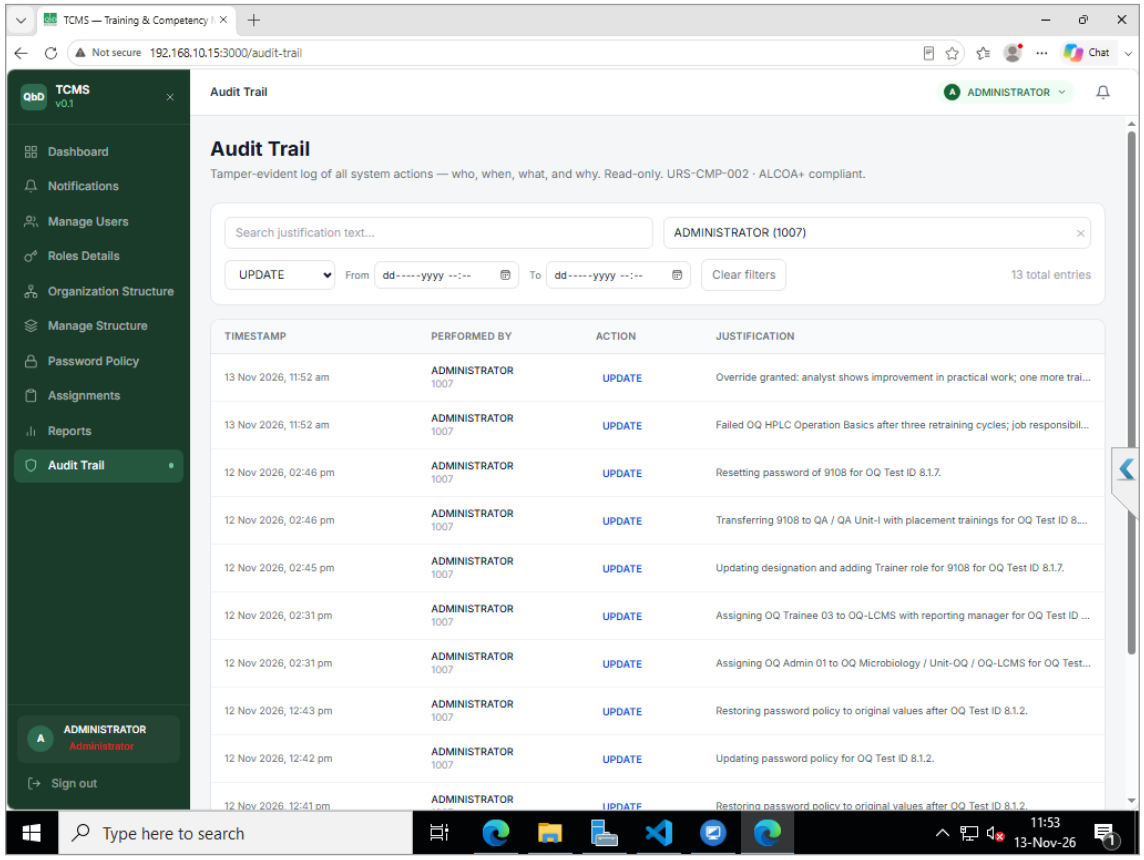
Test Objective :	To verify navigation to the Audit Trail page.			
Test Procedure :			Expected Result :	
Click on "Audit Trail" menu from the left panel.			Audit Trail page should be displayed with Timestamp, Performed By, Action & Justification columns.	
Test ID : 8.1.15	Step No : 20.1	Attachment No. : 388	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 11:53



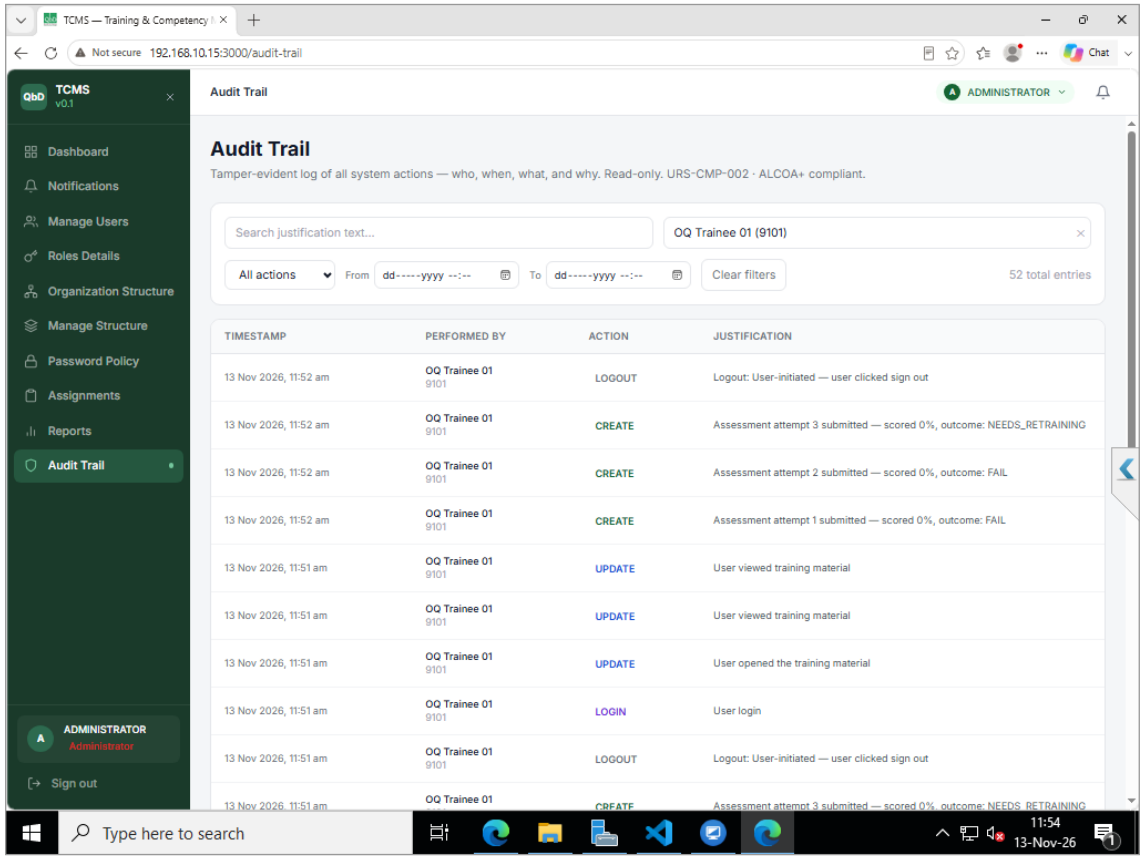
OPERATIONAL QUALIFICATION SCREENSHOTS FOR TCMS APPLICATION VER. 1.0

DOCUMENT NO.: LGC/QBD/0002	TITLE : COMPUTER SYSTEM VALIDATION OF TCMS

Test Objective :	To verify filtering of the audit trail by user and action (UPDATE).			
Test Procedure :			Expected Result :	
Search the performing user by name / Employee ID & select "UPDATE" from the All actions drop-down.			Audit log entries should be filtered for the selected user and action.	
Test ID : 8.1.15	Step No : 21.1	Attachment No. : 389	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 11:53



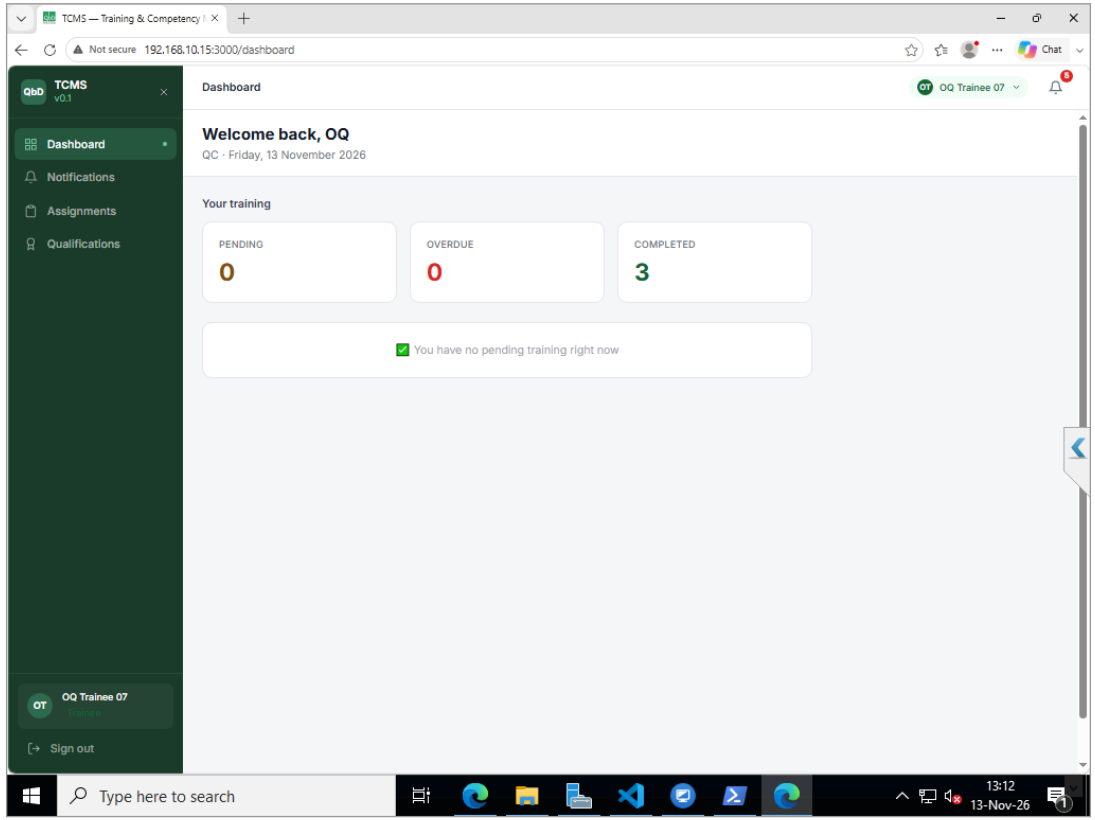
Test Objective :	To verify that the audit trail records assessment failure and escalation resolution.			
Test Procedure :			Expected Result :	
Verify the audit trail entry for assessment failure and escalation resolution.			Entries should display Timestamp (dd MMM yyyy, hh:mm am/pm), Performed By, Action (CREATE for assessment attempts, UPDATE for flag resolution) & justification.	
Test ID : 8.1.15	Step No : 22.1	Attachment No. : 390	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 11:54



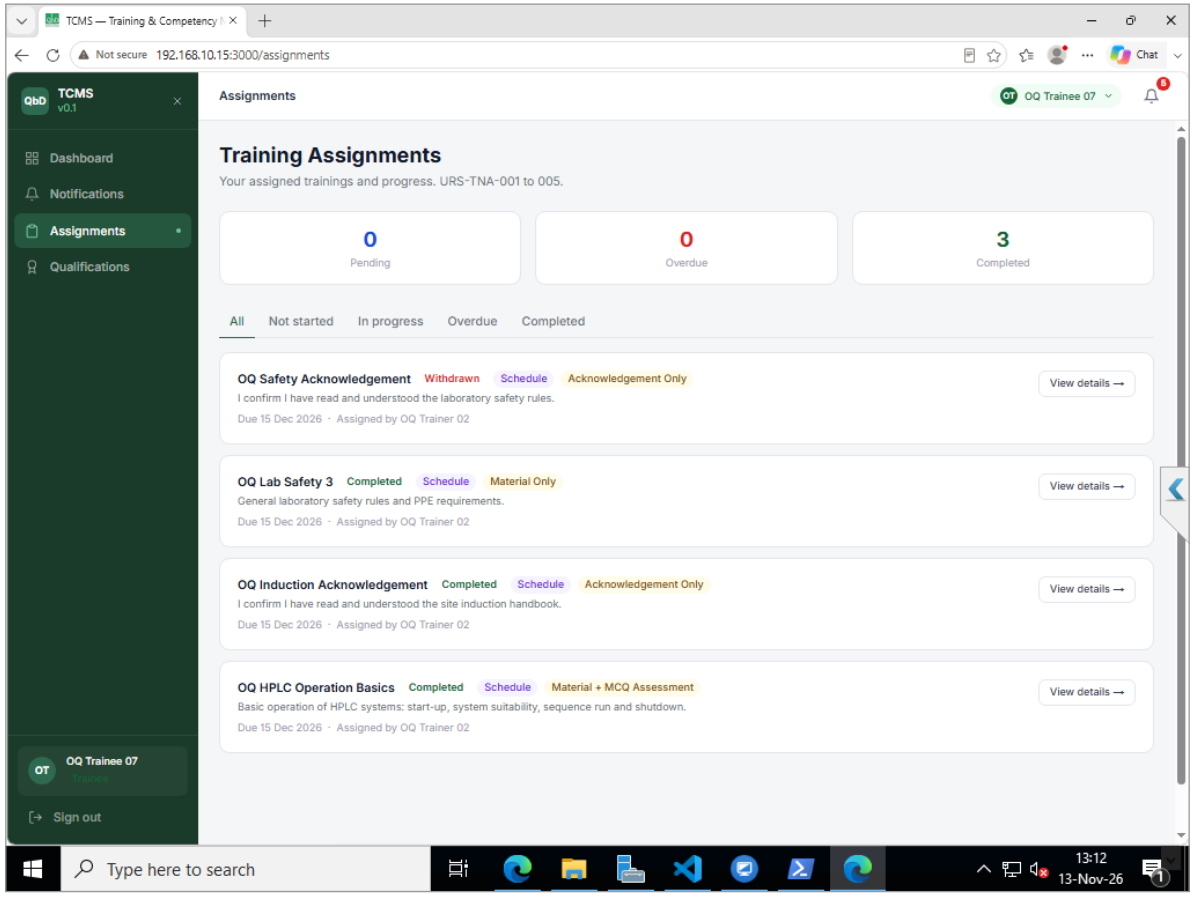
OPERATIONAL QUALIFICATION SCREENSHOTS FOR TCMS APPLICATION VER. 1.0

DOCUMENT NO.: LGC/QBD/0002	TITLE : COMPUTER SYSTEM VALIDATION OF TCMS

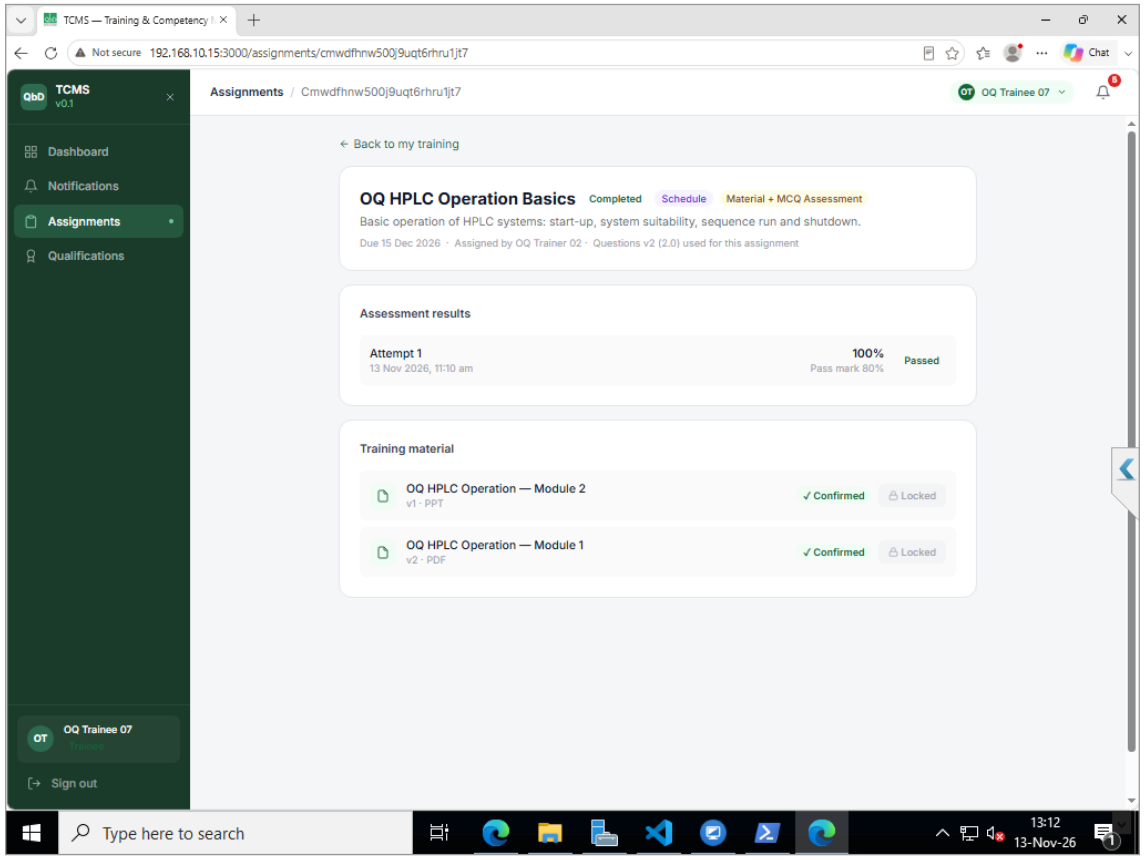
Test Objective :	To verify successful login with Trainee credentials and role-wise menu display.			
Test Procedure :			Expected Result :	
Open TCMS application URL (http://192.168.10.15:3000) in Microsoft Edge. Type Employee ID / Password of Trainee 9114 & click on Sign in button.			Dashboard should be displayed with the menus applicable to Trainee role.	
Test ID : 8.1.16	Step No : 1.1	Attachment No. : 391	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 13:12



Test Objective :	To verify navigation to the Assignments page.			
Test Procedure :			Expected Result :	
Click on "Assignments" menu from the left panel.			Training Assignments page should list the Trainee's assignments.	
Test ID : 8.1.16	Step No : 2.1	Attachment No. : 392	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 13:12



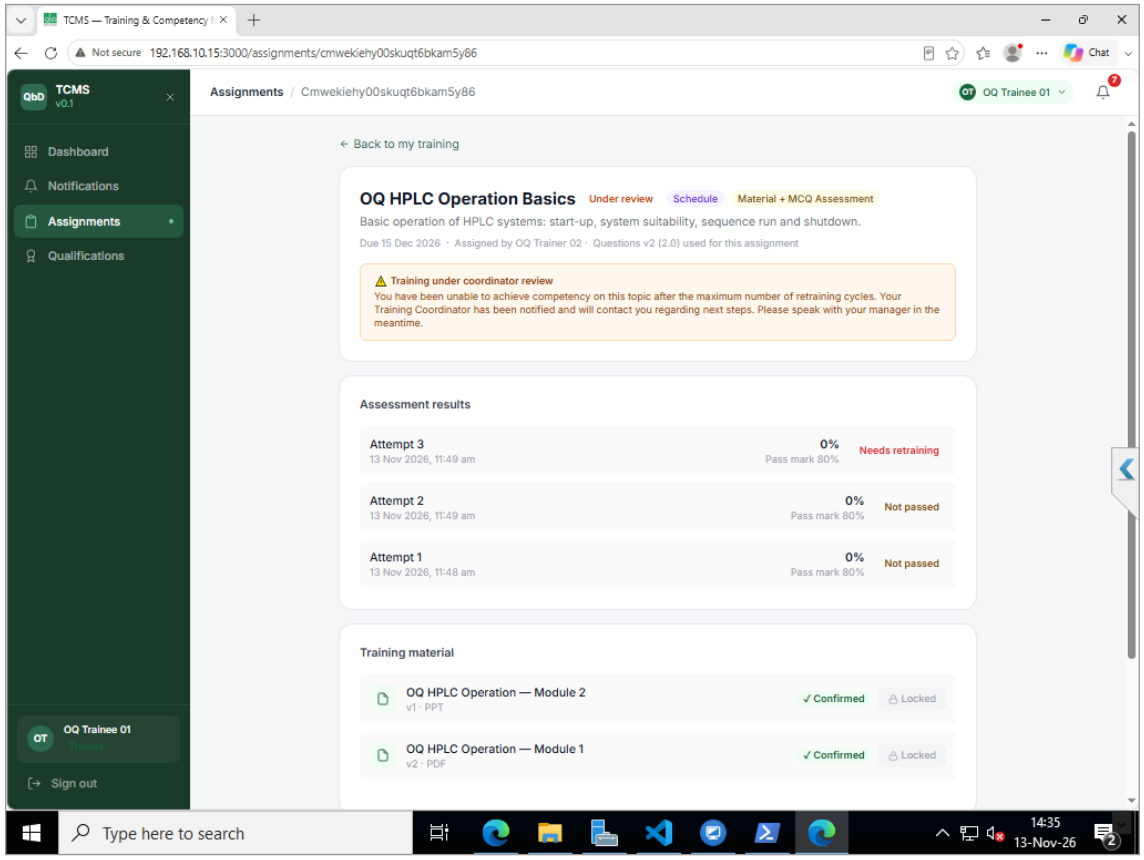
Test Objective :	To verify the attempt history of a passed assessment.			
Test Procedure :			Expected Result :	
Open the completed assignment of topic OQ HPLC Operation Basics & verify "Assessment results".			Attempt 1 should be displayed with submitted date & time, score (%) & outcome Passed.	
Test ID : 8.1.16	Step No : 3.1	Attachment No. : 393	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 13:12



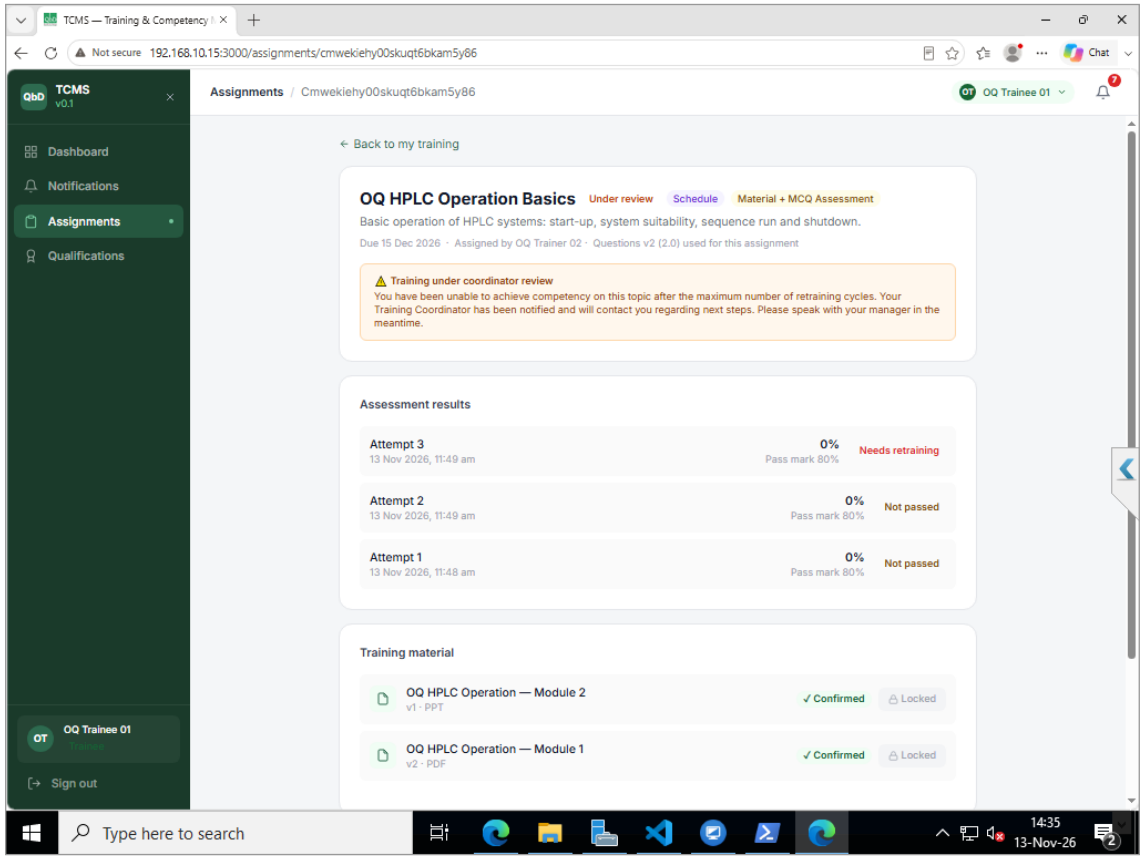
OPERATIONAL QUALIFICATION SCREENSHOTS FOR TCMS APPLICATION VER. 1.0

DOCUMENT NO.: LGC/QBD/0002	TITLE : COMPUTER SYSTEM VALIDATION OF TCMS

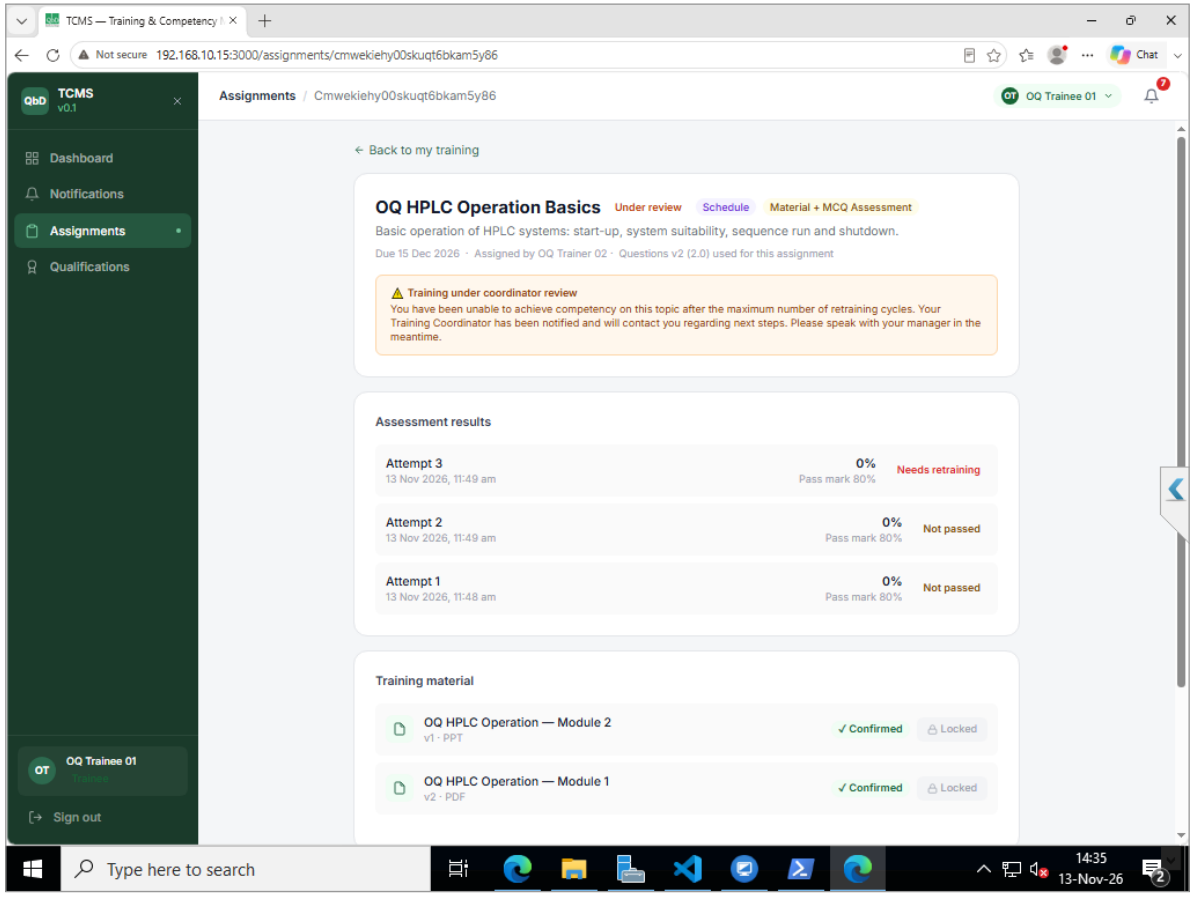
Test Objective :	To verify the attempt history of a failed assessment.			
Test Procedure :			**Expected Result :**	
Sign in as Trainee 9101, open the assignment failed in Test ID 8.1.15 (cycle 1) & verify "Assessment results".			**Attempts 1, 2 & 3 should be displayed in order with date & time, score (%) & outcome Not passed / Needs retraining.**	
Test ID : 8.1.16	**Step No : 4.1**	**Attachment No. : 394**	**Result : Pass**	**Executed By : _____ Date & Time : 13-Nov-26 14:35**



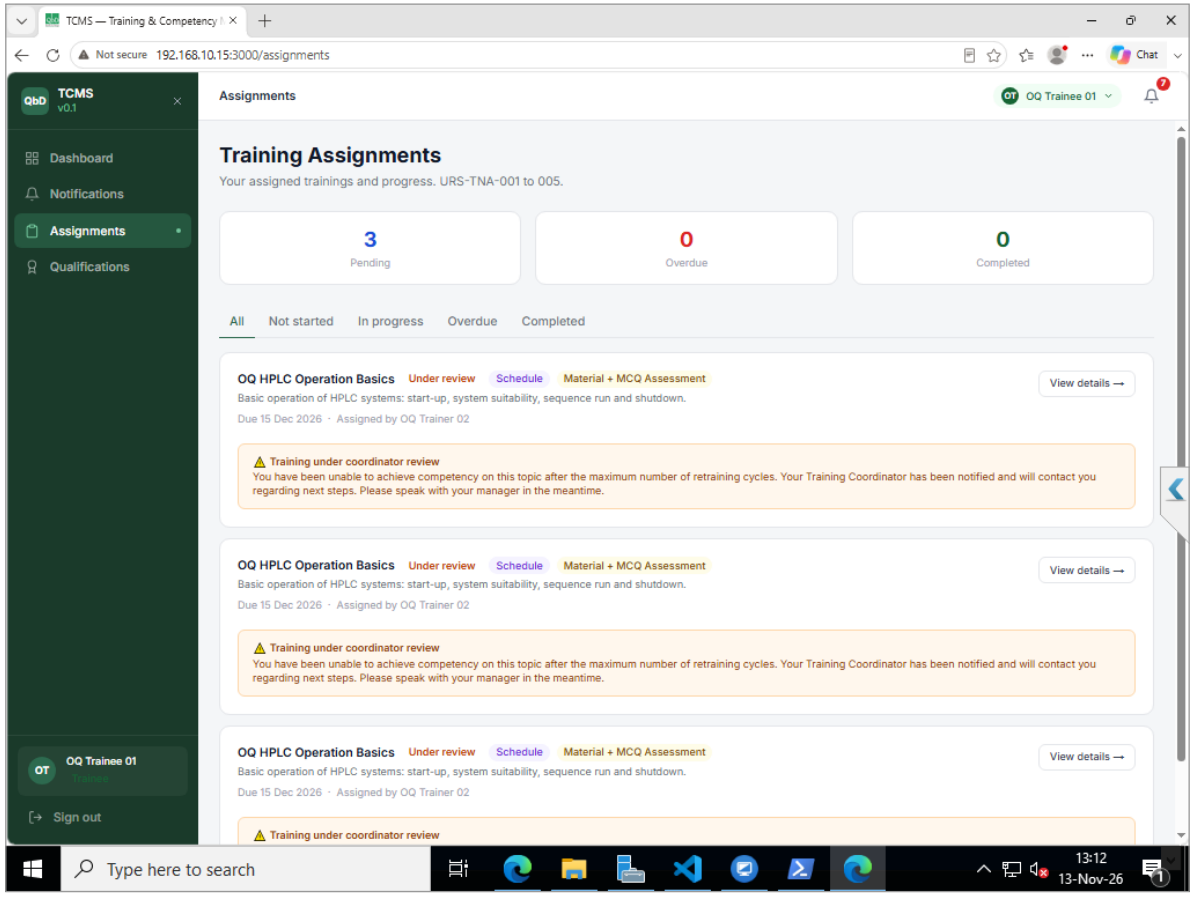
Test Objective :	To verify that the recorded score matches the result shown at submission.			
Test Procedure :			Expected Result :	
Compare the score of each attempt with the score recorded during Test ID 8.1.15.			Scores & outcomes should match the results displayed at submission.	
Test ID : 8.1.16	Step No : 5.1	Attachment No. : 395	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 14:35



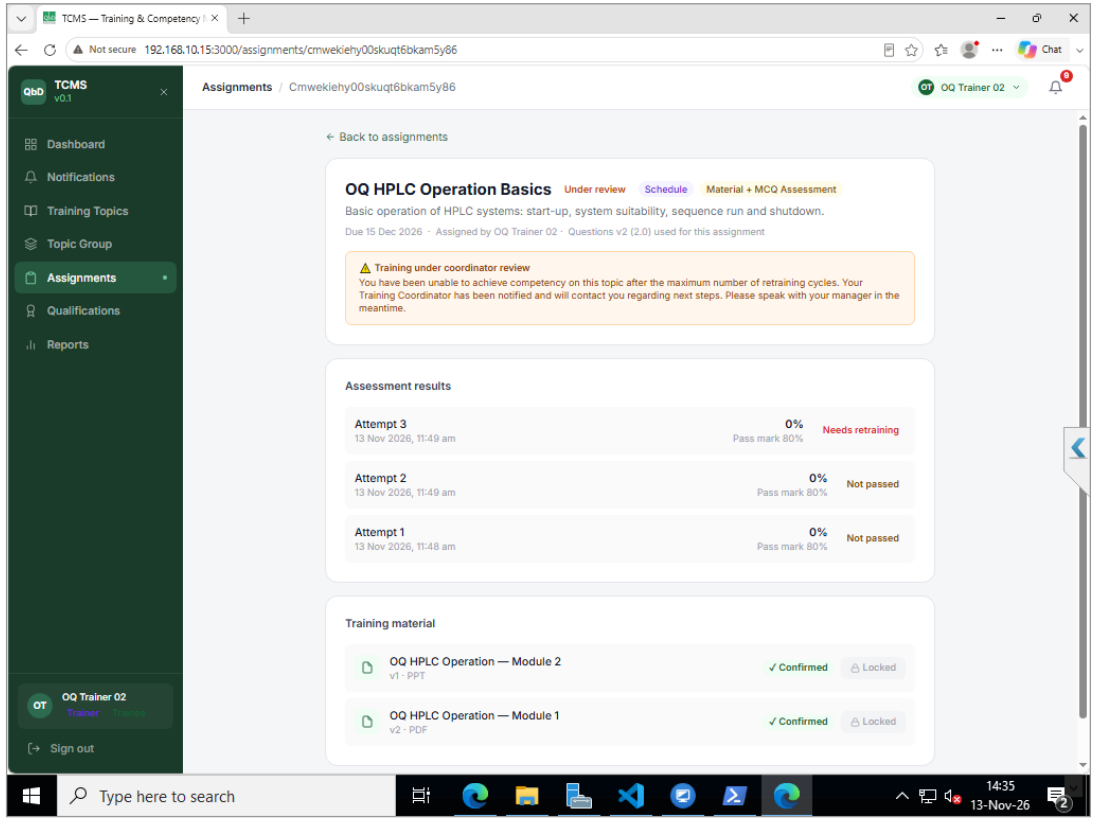
Test Objective :	To verify that attempt records cannot be edited or deleted.			
Test Procedure :			Expected Result :	
Verify the options available for each attempt in "Assessment results".			Attempts should be read-only; no edit or delete option should be available.	
Test ID : 8.1.16	Step No : 6.1	Attachment No. : 396	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 14:35



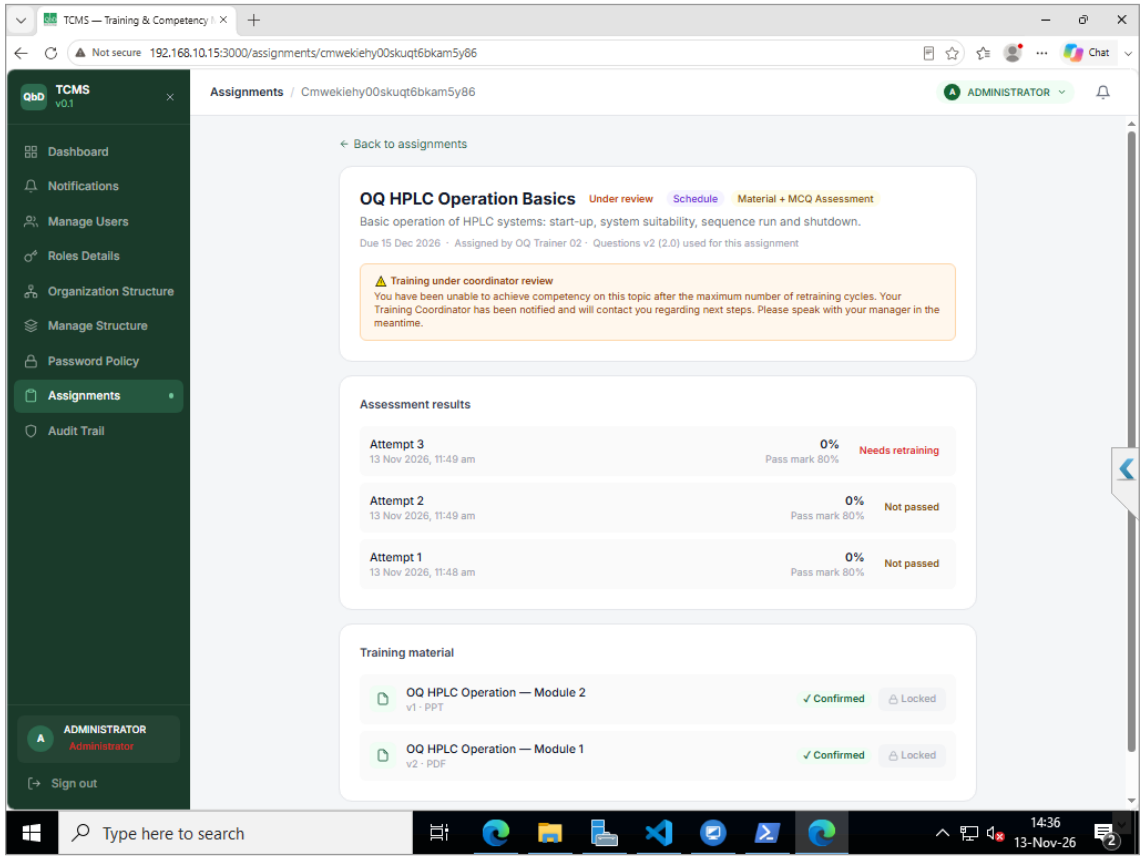
Test Objective :	To verify that a Trainee cannot view another person's attempt history.			
Test Procedure :			Expected Result :	
Type the assignment URL of another trainee in the browser address bar.			User should be redirected to the Assignments page.	
Test ID : 8.1.16	Step No : 7.1	Attachment No. : 397	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 13:12



Test Objective :	To verify that the assigning Trainer can review the Trainee's attempt history.			
Test Procedure :			**Expected Result :**	
Sign out from the current user. Login with Trainer 9109 (QA Department) privilege, open Assignments > "Assigned By Me", select topic OQ HPLC Operation Basics & click on the topic name of Trainee 9101's failed assignment.			**"Assessment results" should display all attempts with date & time, score & outcome.**	
Test ID : 8.1.16	**Step No : 8.1**	**Attachment No. : 398**	**Result : Pass**	**Executed By : _____ Date & Time : 13-Nov-26 14:35**



Test Objective :	To verify that the Administrator can review the Trainee's attempt history.			
Test Procedure :			**Expected Result :**	
Sign out from the current user. Login with Administrator privilege, open Assignments > "All Assignments" tab, search Trainee (OQ Trainee 01) & click topic name of failed assignment.			"Assessment results" should display all attempts with date & time, score & outcome; no assessment, confirm or acknowledge action should be available.	
Test ID : 8.1.16	Step No : 9.1	Attachment No. : 399	Result : Pass	Executed By : _____ Date & Time : 13-Nov-26 14:36



Test Objective :	To verify successful login with Trainer (QA Department) credentials and role-wise menu display.			
Test Procedure :			Expected Result :	
Open TCMS application URL (http://192.168.10.15:3000) in Google Chrome. Type Employee ID / Password & click on Sign in button (with Trainer (QA Department) level privilege).			Dashboard should be displayed with the menus applicable to Trainer (QA Department) role.	
Test ID : 8.1.17	Step No : 1.1	Attachment No. : 400	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.17 | Step No. 1.1 | Attachment No. 400

Test Objective :	To verify navigation to the Qualifications page.			
Test Procedure :			Expected Result :	
Click on "Qualifications" menu from the left panel.			Scientist Qualifications page should display "Qualification records" & "Competency matrix" tabs.	
Test ID : 8.1.17	Step No : 2.1	Attachment No. : 401	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.17 | Step No. 2.1 | Attachment No. 401

Test Objective :	To verify navigation to the Analytical Techniques master.			
Test Procedure :			Expected Result :	
Click on "Manage techniques".			Analytical Techniques page should be displayed.	
Test ID : 8.1.17	Step No : 3.1	Attachment No. : 402	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.17 | Step No. 3.1 | Attachment No. 402

Test Objective :	To verify that Name, Code and Department are mandatory for a technique.			
Test Procedure :			Expected Result :	
Click on Create without Name, Code & Department.			"Name, code, and department are required." message should be displayed.	
Test ID : 8.1.17	Step No : 4.1	Attachment No. : 403	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.17 | Step No. 4.1 | Attachment No. 403

Test Objective :	To verify that technique creation requests electronic signature.			
Test Procedure :			Expected Result :	
Enter Name = OQ HPLC Assay — STP-042, Code = HPLC-OQ1, Type & Department = QC. Click on Create.			"Confirm technique creation" window should be displayed.	
Test ID : 8.1.17	Step No : 5.1	Attachment No. : 404	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.17 | Step No. 5.1 | Attachment No. 404

Test Objective :	To verify addition of a technique to the master list.			
Test Procedure :			Expected Result :	
In "Confirm technique creation" window, type Reason / Justification (minimum 10 characters) & Password, then click on "Confirm action" button.			Technique should be added to the master list.	
Test ID : 8.1.17	Step No : 6.1	Attachment No. : 405	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.17 | Step No. 6.1 | Attachment No. 405

Test Objective :	To verify that a duplicate technique code is not allowed.			
Test Procedure :			Expected Result :	
Create another technique with the same Code HPLC-OQ1.			"A technique with this code already exists" message should be displayed.	
Test ID : 8.1.17	Step No : 7.1	Attachment No. : 406	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.17 | Step No. 7.1 | Attachment No. 406

Test Objective :	To verify navigation to the New qualification record page.			
Test Procedure :			Expected Result :	
Click on "Back to qualifications" & "New qualification".			New qualification record page should be displayed.	
Test ID : 8.1.17	Step No : 8.1	Attachment No. : 407	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.17 | Step No. 8.1 | Attachment No. 407

Test Objective :	To verify the mandatory field validation of a qualification record.			
Test Procedure :			Expected Result :	
Click on Create without filling details.			"All fields are required." message should be displayed.	
Test ID : 8.1.17	Step No : 9.1	Attachment No. : 408	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.17 | Step No. 9.1 | Attachment No. 408

Test Objective :	To verify that the analyst and supervisor cannot be the same person.			
Test Procedure :			Expected Result :	
Select the same person as Analyst and Supervised by.			"The analyst and supervisor cannot be the same person." message should be displayed.	
Test ID : 8.1.17	Step No : 10.1	Attachment No. : 409	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.17 | Step No. 10.1 | Attachment No. 409

Test Objective :	To verify that qualification record creation requests electronic signature.			
Test Procedure :			Expected Result :	
Select Analyst, Analytical technique, Date performed & Supervised by. Click on Create.			"Confirm qualification record creation" window should be displayed.	
Test ID : 8.1.17	Step No : 11.1	Attachment No. : 410	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.17 | Step No. 11.1 | Attachment No. 410

Test Objective :	To verify creation of a qualification record in Initiated status.			
Test Procedure :			Expected Result :	
In "Confirm qualification record creation" window, type Reason / Justification (minimum 10 characters) & Password, then click on "Confirm action" button.			Qualification record should be created with status Initiated.	
Test ID : 8.1.17	Step No : 12.1	Attachment No. : 411	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.17 | Step No. 12.1 | Attachment No. 411

Test Objective :	To verify that a duplicate active qualification record is not allowed.			
Test Procedure :			Expected Result :	
Create another record for the same analyst & technique.			"An active qualification record already exists for <name> on <technique>" message should be displayed.	
Test ID : 8.1.17	Step No : 13.1	Attachment No. : 412	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.17 | Step No. 13.1 | Attachment No. 412

Test Objective :	To verify that a QC approver cannot be assigned before evidence is uploaded.			
Test Procedure :			Expected Result :	
Open the qualification record & try to assign a QC sign-off approver before uploading evidence.			"Upload at least one evidence document before assigning a QC sign-off approver." should be displayed.	
Test ID : 8.1.17	Step No : 14.1	Attachment No. : 413	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.17 | Step No. 14.1 | Attachment No. 413

Test Objective :	To verify that only PDF, JPG and PNG evidence files are accepted.			
Test Procedure :			Expected Result :	
Upload an .EXE file as evidence.			"Only PDF, JPG, and PNG files are allowed" message should be displayed.	
Test ID : 8.1.17	Step No : 15.1	Attachment No. : 414	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.17 | Step No. 15.1 | Attachment No. 414

Test Objective :	To verify the maximum evidence file size limit of 20 MB.			
Test Procedure :			Expected Result :	
Upload a file larger than 20 MB.			"File size exceeds 20MB limit" message should be displayed.	
Test ID : 8.1.17	Step No : 16.1	Attachment No. : 415	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.17 | Step No. 16.1 | Attachment No. 415

Test Objective :	To verify upload of an evidence document with description.			
Test Procedure :			Expected Result :	
Enter Description = Bench worksheet & upload a PDF evidence document.			Document should be listed under "Step 1 — Evidence documents".	
Test ID : 8.1.17	Step No : 17.1	Attachment No. : 416	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.17 | Step No. 17.1 | Attachment No. 416

Test Objective :	To verify viewing of an uploaded evidence document.			
Test Procedure :			Expected Result :	
Click on the document & "Open in new tab ↗".			Evidence document should open in a new tab.	
Test ID : 8.1.17	Step No : 18.1	Attachment No. : 417	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.17 | Step No. 18.1 | Attachment No. 417

Test Objective :	To verify that only QC department trainers can be selected as QC approver.			
Test Procedure :			Expected Result :	
Select a QC department trainer in "Assign QC sign-off approver".			"Once assigned, the approver cannot be changed." should be displayed.	
Test ID : 8.1.17	Step No : 19.1	Attachment No. : 418	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.17 | Step No. 19.1 | Attachment No. 418

Test Objective :	To verify assignment of the QC sign-off approver.			
Test Procedure :			Expected Result :	
Confirm the assignment.			QC approver should be assigned & status should be In progress.	
Test ID : 8.1.17	Step No : 20.1	Attachment No. : 419	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.17 | Step No. 20.1 | Attachment No. 419

Test Objective :	To verify successful login with Trainer (QC Department) credentials and role-wise menu display.			
Test Procedure :			Expected Result :	
Sign out from the current user. Type Employee ID / Password & click on Sign in button (with Trainer (QC Department) level privilege).			Dashboard should be displayed with the menus applicable to Trainer (QC Department) role.	
Test ID : 8.1.17	Step No : 21.1	Attachment No. : 420	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.17 | Step No. 21.1 | Attachment No. 420

Test Objective :	To verify that the QC approver is notified of the sign-off request.			
Test Procedure :			Expected Result :	
Click on Notifications bell.			"Qualification sign-off requested" notification should be displayed.	
Test ID : 8.1.17	Step No : 22.1	Attachment No. : 421	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.17 | Step No. 22.1 | Attachment No. 421

Test Objective :	To verify navigation to the Qualifications page.			
Test Procedure :			Expected Result :	
Click on "Qualifications" menu from the left panel.			Qualification records should be displayed.	
Test ID : 8.1.17	Step No : 23.1	Attachment No. : 422	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.17 | Step No. 23.1 | Attachment No. 422

Test Objective :	To verify that pending sign-offs are listed for the assigned approver.			
Test Procedure :			Expected Result :	
Filter "Pending my sign-off" & open the record.			Approve & Reject buttons should be displayed.	
Test ID : 8.1.17	Step No : 24.1	Attachment No. : 423	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.17 | Step No. 24.1 | Attachment No. 423

Test Objective :	To verify that QC sign-off is rejected with an incorrect password.			
Test Procedure :			Expected Result :	
Click on Approve, enter Justification, select next QA approver & an incorrect password.			"Incorrect password" message should be displayed.	
Test ID : 8.1.17	Step No : 25.1	Attachment No. : 424	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.17 | Step No. 25.1 | Attachment No. 424

Test Objective :	To verify Step 1 (QC) sign-off with electronic signature.			
Test Procedure :			Expected Result :	
Enter correct password & confirm.			Step 1 should be signed with name, date & time.	
Test ID : 8.1.17	Step No : 26.1	Attachment No. : 425	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.17 | Step No. 26.1 | Attachment No. 425

Test Objective :	To verify successful login with Trainer (QA Department) credentials and role-wise menu display.			
Test Procedure :			Expected Result :	
Sign out from the current user. Type Employee ID / Password & click on Sign in button (with Trainer (QA Department) level privilege).			Dashboard should be displayed with the menus applicable to Trainer (QA Department) role.	
Test ID : 8.1.17	Step No : 27.1	Attachment No. : 426	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.17 | Step No. 27.1 | Attachment No. 426

Test Objective :	To verify the competency confirmation displayed for Step 2 (QA) approval.			
Test Procedure :			Expected Result :	
Open the record (Pending my sign-off) & click on Approve.			"Confirm that <name> has demonstrated competency on <technique>." should be displayed.	
Test ID : 8.1.17	Step No : 28.1	Attachment No. : 427	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.17 | Step No. 28.1 | Attachment No. 427

Test Objective :	To verify final QA approval and auto-generation of certificate number.			
Test Procedure :			Expected Result :	
Enter Justification & Password and confirm.			Status should be Approved & certificate number should be auto-generated.	
Test ID : 8.1.17	Step No : 29.1	Attachment No. : 428	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.17 | Step No. 29.1 | Attachment No. 428

Test Objective :	To verify that an approved qualification carries no expiry date.			
Test Procedure :			Expected Result :	
Verify the details of the approved qualification record & its certificate.			Status = Approved, Outcome = Competent, Approved at date & Certificate number should be displayed. No expiry date should be displayed for the record or the certificate.	
Test ID : 8.1.17	Step No : 30.1	Attachment No. : 429	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.17 | Step No. 30.1 | Attachment No. 429

Test Objective :	To verify generation of the Qualification / Competency Record PDF.			
Test Procedure :			Expected Result :	
Click on "Export PDF".			QUALIFICATION / COMPETENCY RECORD PDF should be generated with sign-off chain & evidence documents. No expiry date field should be present.	
Test ID : 8.1.17	Step No : 31.1	Attachment No. : 430	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.17 | Step No. 31.1 | Attachment No. 430

Test Objective :	To verify that documents cannot be uploaded to an approved qualification.			
Test Procedure :			Expected Result :	
Try to upload a document to the approved record.			"Cannot upload documents to an approved qualification" should be displayed.	
Test ID : 8.1.17	Step No : 32.1	Attachment No. : 431	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.17 | Step No. 32.1 | Attachment No. 431

Test Objective :	To verify that rejection displays its impact before confirmation.			
Test Procedure :			Expected Result :	
Create a new record, upload evidence & assign QC approver. Login as QC Trainer & click on Reject.			"This will mark the analyst as Not Yet Competent and revoke the record." should be displayed.	
Test ID : 8.1.17	Step No : 33.1	Attachment No. : 432	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.17 | Step No. 33.1 | Attachment No. 432

Test Objective :	To verify rejection of a qualification record with electronic signature.			
Test Procedure :			Expected Result :	
Enter Justification & Password and confirm.			"Qualification rejected" & status should be Revoked.	
Test ID : 8.1.17	Step No : 34.1	Attachment No. : 433	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.17 | Step No. 34.1 | Attachment No. 433

Test Objective :	To verify the competency matrix of analysts and techniques.			
Test Procedure :			Expected Result :	
Click on "Competency matrix" tab.			Matrix should display analysts × techniques with Qualified / In progress / Initiated status (no Expired / Expiring soon status).	
Test ID : 8.1.17	Step No : 35.1	Attachment No. : 434	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.17 | Step No. 35.1 | Attachment No. 434

Test Objective :	To verify export of the competency matrix as PDF.			
Test Procedure :			Expected Result :	
Click on "Export PDF" in Competency matrix.			COMPETENCY MATRIX PDF should be generated.	
Test ID : 8.1.17	Step No : 36.1	Attachment No. : 435	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.17 | Step No. 36.1 | Attachment No. 435

Test Objective :	To verify filtering of qualification records.			
Test Procedure :			Expected Result :	
On Qualification records, apply filters (Mine, Created by me, Supervised by me, My team, From / To date & status).			Records should be filtered as per the selection.	
Test ID : 8.1.17	Step No : 37.1	Attachment No. : 436	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.17 | Step No. 37.1 | Attachment No. 436

Test Objective :	To verify that qualification records have no Expired status.			
Test Procedure :			Expected Result :	
Open the status drop-down on Qualification records.			Only All statuses, Initiated, In progress, Approved & Revoked should be available (no Expired).	
Test ID : 8.1.17	Step No : 38.1	Attachment No. : 437	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.17 | Step No. 38.1 | Attachment No. 437

Test Objective :	To verify that an approved qualification remains Approved.			
Test Procedure :			Expected Result :	
Filter status = Approved & verify the qualification approved in this test.			Record should remain Approved; it should not change to Expired.	
Test ID : 8.1.17	Step No : 39.1	Attachment No. : 438	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.17 | Step No. 39.1 | Attachment No. 438

Test Objective :	To verify successful login with Administrator credentials and role-wise menu display.			
Test Procedure :			Expected Result :	
Sign out from the current user. Open TCMS application URL (http://192.168.10.15:3000) in Google Chrome. Type Employee ID / Password & click on Sign in button (with Administrator level privilege).			Dashboard should be displayed with the menus applicable to Administrator role.	
Test ID : 8.1.17	Step No : 40.1	Attachment No. : 439	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.17 | Step No. 40.1 | Attachment No. 439

Test Objective :	To verify navigation to the Audit Trail page.			
Test Procedure :			Expected Result :	
Click on "Audit Trail" menu from the left panel.			Audit Trail page should be displayed with Timestamp, Performed By, Action & Justification columns.	
Test ID : 8.1.17	Step No : 41.1	Attachment No. : 440	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.17 | Step No. 41.1 | Attachment No. 440

Test Objective :	To verify filtering of the audit trail by user and action (APPROVE).			
Test Procedure :			Expected Result :	
Search the performing user by name / Employee ID & select "APPROVE" from the All actions drop-down.			Audit log entries should be filtered for the selected user and action.	
Test ID : 8.1.17	Step No : 42.1	Attachment No. : 441	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.17 | Step No. 42.1 | Attachment No. 441

Test Objective :	To verify that the audit trail records qualification creation, sign-off and rejection.			
Test Procedure :			Expected Result :	
Verify the audit trail entry for qualification creation, sign-off and rejection.			Audit entry should display Timestamp (dd-MMM-yy HH:mm), Performed By (name & Employee ID), Action = APPROVE and the Justification entered.	
Test ID : 8.1.17	Step No : 43.1	Attachment No. : 442	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.17 | Step No. 43.1 | Attachment No. 442

Test Objective :	To verify successful login with Trainer (QA Department) credentials and role-wise menu display.			
Test Procedure :			Expected Result :	
Open TCMS application URL (http://192.168.10.15:3000) in Google Chrome. Type Employee ID / Password & click on Sign in button (with Trainer (QA Department) level privilege).			Dashboard should be displayed with the menus applicable to Trainer (QA Department) role.	
Test ID : 8.1.18	Step No : 1.1	Attachment No. : 443	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.18 | Step No. 1.1 | Attachment No. 443

Test Objective :	To verify navigation to the Refresher Training page.			
Test Procedure :			Expected Result :	
Open http://192.168.10.15:3000/refresher.			Refresher Training page — "Planned and deviation/incident-triggered refresher training." should be displayed.	
Test ID : 8.1.18	Step No : 2.1	Attachment No. : 444	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.18 | Step No. 2.1 | Attachment No. 444

Test Objective :	To verify navigation to the Trigger refresher training page.			
Test Procedure :			Expected Result :	
Click on "Trigger refresher".			Trigger refresher training page should be displayed.	
Test ID : 8.1.18	Step No : 3.1	Attachment No. : 445	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.18 | Step No. 3.1 | Attachment No. 445

Test Objective :	To verify the available refresher trigger types.			
Test Procedure :			Expected Result :	
Verify Trigger type options.			Planned, Deviation & Incident should be available with descriptions.	
Test ID : 8.1.18	Step No : 4.1	Attachment No. : 446	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.18 | Step No. 4.1 | Attachment No. 446

Test Objective :	To verify that Topic and Due date are mandatory for a refresher.			
Test Procedure :			Expected Result :	
Click on Trigger without Topic & Due date.			"Topic and due date are required." message should be displayed.	
Test ID : 8.1.18	Step No : 5.1	Attachment No. : 447	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.18 | Step No. 5.1 | Attachment No. 447

Test Objective :	To verify that at least one person is mandatory for a refresher.			
Test Procedure :			Expected Result :	
Select Topic & Due date without people.			"Please select at least one person." message should be displayed.	
Test ID : 8.1.18	Step No : 6.1	Attachment No. : 448	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.18 | Step No. 6.1 | Attachment No. 448

Test Objective :	To verify that a planned refresher trigger requests electronic signature.			
Test Procedure :			Expected Result :	
Select Trigger type = Planned, Topic, Due date & two people. Click on Trigger.			"Confirm refresher trigger" window should be displayed.	
Test ID : 8.1.18	Step No : 7.1	Attachment No. : 449	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.18 | Step No. 7.1 | Attachment No. 449

Test Objective :	To verify triggering of a planned refresher for multiple persons.			
Test Procedure :			Expected Result :	
In "Confirm refresher trigger" window, type Reason / Justification (minimum 10 characters) & Password, then click on "Confirm action" button.			"Refresher training triggered for 2 person(s)." should be displayed.	
Test ID : 8.1.18	Step No : 8.1	Attachment No. : 450	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.18 | Step No. 8.1 | Attachment No. 450

Test Objective :	To verify that a duplicate pending refresher is not created.			
Test Procedure :			Expected Result :	
Trigger the same refresher again for the same people.			"All selected persons already have a pending refresher for this topic" message should be displayed.	
Test ID : 8.1.18	Step No : 9.1	Attachment No. : 451	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.18 | Step No. 9.1 | Attachment No. 451

Test Objective :	To verify that a detailed justification is mandatory for a refresher trigger.			
Test Procedure :			Expected Result :	
Select Trigger type = Deviation, Topic, Due date & one person. Enter a short justification.			"A detailed justification is required for refresher triggers" message should be displayed.	
Test ID : 8.1.18	Step No : 10.1	Attachment No. : 452	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.18 | Step No. 10.1 | Attachment No. 452

Test Objective :	To verify triggering of a deviation refresher.			
Test Procedure :			Expected Result :	
In "Confirm refresher trigger" window, type Reason / Justification (minimum 10 characters) & Password, then click on "Confirm action" button.			Deviation refresher should be triggered.	
Test ID : 8.1.18	Step No : 11.1	Attachment No. : 453	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.18 | Step No. 11.1 | Attachment No. 453

Test Objective :	To verify that an incident refresher trigger requests electronic signature.			
Test Procedure :			Expected Result :	
Select Trigger type = Incident & trigger for one person.			"Confirm refresher trigger" window should be displayed.	
Test ID : 8.1.18	Step No : 12.1	Attachment No. : 454	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.18 | Step No. 12.1 | Attachment No. 454

Test Objective :	To verify triggering of an incident refresher.			
Test Procedure :			Expected Result :	
In "Confirm refresher trigger" window, type Reason / Justification (minimum 10 characters) & Password, then click on "Confirm action" button.			Incident refresher should be triggered.	
Test ID : 8.1.18	Step No : 13.1	Attachment No. : 455	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.18 | Step No. 13.1 | Attachment No. 455

Test Objective :	To verify filtering of refresher trainings and display of trigger reason.			
Test Procedure :			Expected Result :	
On Refresher page, filter All refreshers / My refreshers, status & trigger type.			Refreshers should be filtered; Reason should be displayed for each record.	
Test ID : 8.1.18	Step No : 14.1	Attachment No. : 456	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.18 | Step No. 14.1 | Attachment No. 456

Test Objective :	To verify successful login with Trainee credentials and role-wise menu display.			
Test Procedure :			Expected Result :	
Sign out from the current user. Type Employee ID / Password & click on Sign in button (with Trainee level privilege).			Dashboard should be displayed with the menus applicable to Trainee role.	
Test ID : 8.1.18	Step No : 15.1	Attachment No. : 457	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.18 | Step No. 15.1 | Attachment No. 457

Test Objective :	To verify that the Trainee is notified of the refresher training.			
Test Procedure :			Expected Result :	
Click on Notifications bell.			"Refresher training assigned" notification should be displayed.	
Test ID : 8.1.18	Step No : 16.1	Attachment No. : 458	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.18 | Step No. 16.1 | Attachment No. 458

Test Objective :	To verify completion of a refresher training by the Trainee.			
Test Procedure :			Expected Result :	
Complete the refresher training.			Refresher status should be Completed.	
Test ID : 8.1.18	Step No : 17.1	Attachment No. : 459	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.18 | Step No. 17.1 | Attachment No. 459

Test Objective :	To verify successful login with Administrator credentials and role-wise menu display.			
Test Procedure :			Expected Result :	
Sign out from the current user. Open TCMS application URL (http://192.168.10.15:3000) in Google Chrome. Type Employee ID / Password & click on Sign in button (with Administrator level privilege).			Dashboard should be displayed with the menus applicable to Administrator role.	
Test ID : 8.1.18	Step No : 18.1	Attachment No. : 460	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.18 | Step No. 18.1 | Attachment No. 460

Test Objective :	To verify navigation to the Audit Trail page.			
Test Procedure :			Expected Result :	
Click on "Audit Trail" menu from the left panel.			Audit Trail page should be displayed with Timestamp, Performed By, Action & Justification columns.	
Test ID : 8.1.18	Step No : 19.1	Attachment No. : 461	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.18 | Step No. 19.1 | Attachment No. 461

Test Objective :	To verify filtering of the audit trail by user and action (CREATE).			
Test Procedure :			Expected Result :	
Search the performing user by name / Employee ID & select "CREATE" from the All actions drop-down.			Audit log entries should be filtered for the selected user and action.	
Test ID : 8.1.18	Step No : 20.1	Attachment No. : 462	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.18 | Step No. 20.1 | Attachment No. 462

Test Objective :	To verify that the audit trail records refresher training triggers.			
Test Procedure :			Expected Result :	
Verify the audit trail entry for refresher training triggers.			Audit entry should display Timestamp (dd-MMM-yy HH:mm), Performed By (name & Employee ID), Action = CREATE and the Justification entered.	
Test ID : 8.1.18	Step No : 21.1	Attachment No. : 463	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.18 | Step No. 21.1 | Attachment No. 463

Test Objective :	To verify successful login with Trainer (QA Department) credentials and role-wise menu display.			
Test Procedure :			Expected Result :	
Open TCMS application URL (http://192.168.10.15:3000) in Google Chrome. Type Employee ID / Password & click on Sign in button (with Trainer (QA Department) level privilege).			Dashboard should be displayed with the menus applicable to Trainer (QA Department) role.	
Test ID : 8.1.19	Step No : 1.1	Attachment No. : 464	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.19 | Step No. 1.1 | Attachment No. 464

Test Objective :	To verify navigation to the Reports page.			
Test Procedure :			Expected Result :	
Click on "Reports" menu from the left panel.			Reports page should be displayed with report tiles.	
Test ID : 8.1.19	Step No : 2.1	Attachment No. : 465	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.19 | Step No. 2.1 | Attachment No. 465

Test Objective :	To verify the layout of the Training Calendar.			
Test Procedure :			Expected Result :	
Click on "Training Calendar".			Training Calendar should be displayed with Year selector, Sr., Topic of Training & month columns.	
Test ID : 8.1.19	Step No : 3.1	Attachment No. : 466	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.19 | Step No. 3.1 | Attachment No. 466

Test Objective :	To verify that Active and Pending topics are available to add to the calendar.			
Test Procedure :			Expected Result :	
Click on "Add trainings from the Topics list".			Every Active and Pending topic should be listed with checkboxes & "Search topics…".	
Test ID : 8.1.19	Step No : 4.1	Attachment No. : 467	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.19 | Step No. 4.1 | Attachment No. 467

Test Objective :	To verify adding topics to the calendar and prevention of duplicates.			
Test Procedure :			Expected Result :	
Search & tick two topics, then add.			Topics should be added; already added topics should show "Already added".	
Test ID : 8.1.19	Step No : 5.1	Attachment No. : 468	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.19 | Step No. 5.1 | Attachment No. 468

Test Objective :	To verify that month ticks are saved automatically.			
Test Procedure :			Expected Result :	
Tick the month Jan for topic 1 & Mar for topic 2.			"Saving…" then "All changes saved" should be displayed (no Save button).	
Test ID : 8.1.19	Step No : 6.1	Attachment No. : 469	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.19 | Step No. 6.1 | Attachment No. 469

Test Objective :	To verify adding and renaming a manual training row.			
Test Procedure :			Expected Result :	
Add a Manual training row & rename it.			Manual row should be added & renamed.	
Test ID : 8.1.19	Step No : 7.1	Attachment No. : 470	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.19 | Step No. 7.1 | Attachment No. 470

Test Objective :	To verify that topic-linked trainings cannot be renamed in the calendar.			
Test Procedure :			Expected Result :	
Try to rename a training that comes from the Topics list.			"This training comes from the Topics list — rename it there" should be displayed.	
Test ID : 8.1.19	Step No : 8.1	Attachment No. : 471	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.19 | Step No. 8.1 | Attachment No. 471

Test Objective :	To verify that removing a training displays a confirmation.			
Test Procedure :			Expected Result :	
Click on "Remove training" for the manual row.			"Remove this training from the calendar? Its ticks for every year will be cleared." should be displayed.	
Test ID : 8.1.19	Step No : 9.1	Attachment No. : 472	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.19 | Step No. 9.1 | Attachment No. 472

Test Objective :	To verify removal of a training from the calendar.			
Test Procedure :			Expected Result :	
Confirm removal.			Manual row should be removed.	
Test ID : 8.1.19	Step No : 10.1	Attachment No. : 473	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.19 | Step No. 10.1 | Attachment No. 473

Test Objective :	To verify year-wise display of the Training Calendar.			
Test Procedure :			Expected Result :	
Change the Year.			Calendar for the selected year should be displayed.	
Test ID : 8.1.19	Step No : 11.1	Attachment No. : 474	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.19 | Step No. 11.1 | Attachment No. 474

Test Objective :	To verify export of the Training Calendar as CSV.			
Test Procedure :			Expected Result :	
Click on "Export CSV".			Training calendar CSV file should be downloaded.	
Test ID : 8.1.19	Step No : 12.1	Attachment No. : 475	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.19 | Step No. 12.1 | Attachment No. 475

Test Objective :	To verify export of the Training Calendar as PDF.			
Test Procedure :			Expected Result :	
Click on "Export PDF".			TRAINING CALENDAR PDF should be generated with Sr. No., Topic of Training & months.	
Test ID : 8.1.19	Step No : 13.1	Attachment No. : 476	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.19 | Step No. 13.1 | Attachment No. 476

Test Objective :	To verify successful login with Viewer credentials and role-wise menu display.			
Test Procedure :			Expected Result :	
Sign out from the current user. Type Employee ID / Password & click on Sign in button (with Viewer level privilege).			Dashboard should be displayed with the menus applicable to Viewer role.	
Test ID : 8.1.19	Step No : 14.1	Attachment No. : 477	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.19 | Step No. 14.1 | Attachment No. 477

Test Objective :	To verify navigation to the Reports page.			
Test Procedure :			Expected Result :	
Click on "Reports" menu from the left panel.			Reports page should be displayed.	
Test ID : 8.1.19	Step No : 15.1	Attachment No. : 478	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.19 | Step No. 15.1 | Attachment No. 478

Test Objective :	To verify that the Viewer has view-only access to the Training Calendar.			
Test Procedure :			Expected Result :	
Open Training Calendar.			"View only — a Trainer maintains the ticks." should be displayed & ticks should not be editable.	
Test ID : 8.1.19	Step No : 16.1	Attachment No. : 479	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.19 | Step No. 16.1 | Attachment No. 479

Test Objective :	To verify successful login with Trainer (QA Department) credentials and role-wise menu display.			
Test Procedure :			Expected Result :	
Open TCMS application URL (http://192.168.10.15:3000) in Google Chrome. Type Employee ID / Password & click on Sign in button (with Trainer (QA Department) level privilege).			Dashboard should be displayed with the menus applicable to Trainer (QA Department) role.	
Test ID : 8.1.20	Step No : 1.1	Attachment No. : 480	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.20 | Step No. 1.1 | Attachment No. 480

Test Objective :	To verify navigation to the Reports page.			
Test Procedure :			Expected Result :	
Click on "Reports" menu from the left panel.			Reports page should display Training Index, Training Matrix, Overdue Report, Qualification Status, Training Attendance Record, List of Trainers, Training Calendar & other reports.	
Test ID : 8.1.20	Step No : 2.1	Attachment No. : 481	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.20 | Step No. 2.1 | Attachment No. 481

Test Objective :	To verify the Training Index report and its format number.			
Test Procedure :			Expected Result :	
Click on "Training Index".			Training Index — Format QbD/QA/F/007-09 should be displayed.	
Test ID : 8.1.20	Step No : 3.1	Attachment No. : 482	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.20 | Step No. 3.1 | Attachment No. 482

Test Objective :	To verify person-wise search in the Training Index.			
Test Procedure :			Expected Result :	
Search a person by name or employee ID.			Training records of the selected person should be displayed with Total trainings.	
Test ID : 8.1.20	Step No : 4.1	Attachment No. : 483	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.20 | Step No. 4.1 | Attachment No. 483

Test Objective :	To verify filtering of the Training Index.			
Test Procedure :			Expected Result :	
Apply department / unit / section & status filters.			Records should be filtered.	
Test ID : 8.1.20	Step No : 5.1	Attachment No. : 484	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.20 | Step No. 5.1 | Attachment No. 484

Test Objective :	To verify export of the Training Index as CSV.			
Test Procedure :			Expected Result :	
Click on "Export CSV".			Training Index CSV should be downloaded.	
Test ID : 8.1.20	Step No : 6.1	Attachment No. : 485	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.20 | Step No. 6.1 | Attachment No. 485

Test Objective :	To verify export of the Training Index as PDF.			
Test Procedure :			Expected Result :	
Click on "Export PDF".			TRAINING INDEX PDF should be generated with letterhead & format number.	
Test ID : 8.1.20	Step No : 7.1	Attachment No. : 486	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.20 | Step No. 7.1 | Attachment No. 486

Test Objective :	To verify navigation to the Training Matrix report.			
Test Procedure :			Expected Result :	
Click on "Back to Reports" & "Training Matrix".			Training Matrix should be displayed.	
Test ID : 8.1.20	Step No : 8.1	Attachment No. : 487	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.20 | Step No. 8.1 | Attachment No. 487

Test Objective :	To verify that a period is mandatory to export the Training Matrix.			
Test Procedure :			Expected Result :	
Click on Export without selecting period.			"Select a time period (and department, for org-wide data) before exporting" should be displayed.	
Test ID : 8.1.20	Step No : 9.1	Attachment No. : 488	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.20 | Step No. 9.1 | Attachment No. 488

Test Objective :	To verify generation of the person × topic Training Matrix.			
Test Procedure :			Expected Result :	
Select Period & department.			Matrix of every person × topic should be displayed with Completed / In progress / Not started / Overdue / Failed / Not assigned.	
Test ID : 8.1.20	Step No : 10.1	Attachment No. : 489	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.20 | Step No. 10.1 | Attachment No. 489

Test Objective :	To verify export of the Training Matrix as CSV and PDF.			
Test Procedure :			Expected Result :	
Click on "Export CSV" & "Export PDF".			Training Matrix CSV & PDF should be generated.	
Test ID : 8.1.20	Step No : 11.1	Attachment No. : 490	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.20 | Step No. 11.1 | Attachment No. 490

Test Objective :	To verify the Overdue Training Report.			
Test Procedure :			Expected Result :	
Open "Overdue Report".			Overdue Training Report should list assignments past their due date.	
Test ID : 8.1.20	Step No : 12.1	Attachment No. : 491	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.20 | Step No. 12.1 | Attachment No. 491

Test Objective :	To verify filtering of the Overdue Training Report.			
Test Procedure :			Expected Result :	
Apply filters & search.			Report should be filtered.	
Test ID : 8.1.20	Step No : 13.1	Attachment No. : 492	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.20 | Step No. 13.1 | Attachment No. 492

Test Objective :	To verify export of the Overdue Training Report.			
Test Procedure :			Expected Result :	
Click on "Export CSV" & "Export PDF".			OVERDUE TRAINING REPORT should be exported.	
Test ID : 8.1.20	Step No : 14.1	Attachment No. : 493	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.20 | Step No. 14.1 | Attachment No. 493

Test Objective :	To verify the Qualification Status Board.			
Test Procedure :			Expected Result :	
Open "Qualification Status".			Qualification Status Board should be displayed with Person, Technique, Status, Approved & Certificate columns (no Expiry / Days left columns).	
Test ID : 8.1.20	Step No : 15.1	Attachment No. : 494	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.20 | Step No. 15.1 | Attachment No. 494

Test Objective :	To verify export of the Qualification Status report.			
Test Procedure :			Expected Result :	
Click on "Export CSV" & "Export PDF".			QUALIFICATION STATUS REPORT should be exported with Approved date & Certificate no. (no expiry columns).	
Test ID : 8.1.20	Step No : 16.1	Attachment No. : 495	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.20 | Step No. 16.1 | Attachment No. 495

Test Objective :	To verify that a topic is required for the Training Attendance Record.			
Test Procedure :			Expected Result :	
Open "Training Attendance Record" without selecting topic.			"Choose a topic to see who attended." should be displayed.	
Test ID : 8.1.20	Step No : 17.1	Attachment No. : 496	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.20 | Step No. 17.1 | Attachment No. 496

Test Objective :	To verify topic and date-wise Training Attendance Record.			
Test Procedure :			Expected Result :	
Select a training topic & date.			Topic of Training, Document No. & Name of the Trainer with attendees should be displayed.	
Test ID : 8.1.20	Step No : 18.1	Attachment No. : 497	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.20 | Step No. 18.1 | Attachment No. 497

Test Objective :	To verify export of the Training Attendance Record as PDF.			
Test Procedure :			Expected Result :	
Click on "Export PDF".			TRAINING ATTENDANCE RECORD PDF should be generated.	
Test ID : 8.1.20	Step No : 19.1	Attachment No. : 498	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.20 | Step No. 19.1 | Attachment No. 498

Test Objective :	To verify the List of Trainers report.			
Test Procedure :			Expected Result :	
Open "List of Trainers".			Every active Trainer and Guest Trainer should be listed with department, unit & section.	
Test ID : 8.1.20	Step No : 20.1	Attachment No. : 499	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.20 | Step No. 20.1 | Attachment No. 499

Test Objective :	To verify search and export of the List of Trainers.			
Test Procedure :			Expected Result :	
Search & click on "Export CSV" / "Export PDF".			LIST OF TRAINERS should be exported.	
Test ID : 8.1.20	Step No : 21.1	Attachment No. : 500	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.20 | Step No. 21.1 | Attachment No. 500

Test Objective :	To verify the List of SOPs-Self Readout report.			
Test Procedure :			Expected Result :	
Open "List of SOPs-Self Readout".			SOP self-readout trainings should be listed.	
Test ID : 8.1.20	Step No : 22.1	Attachment No. : 501	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.20 | Step No. 22.1 | Attachment No. 501

Test Objective :	To verify search and PDF export of the List of SOPs-Self Readout.			
Test Procedure :			Expected Result :	
Search by SOP number & export PDF.			LIST OF SOPS-SELF READOUT PDF should be generated.	
Test ID : 8.1.20	Step No : 23.1	Attachment No. : 502	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.20 | Step No. 23.1 | Attachment No. 502

Test Objective :	To verify the Topic Completion Report for a selected topic.			
Test Procedure :			Expected Result :	
Open "Topic Completion Report" & select a topic.			Completion status of all assigned trainees should be displayed.	
Test ID : 8.1.20	Step No : 24.1	Attachment No. : 503	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.20 | Step No. 24.1 | Attachment No. 503

Test Objective :	To verify export of the Topic Completion Report as PDF.			
Test Procedure :			Expected Result :	
Click on "Export PDF".			TOPIC COMPLETION REPORT PDF should be generated.	
Test ID : 8.1.20	Step No : 25.1	Attachment No. : 504	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.20 | Step No. 25.1 | Attachment No. 504

Test Objective :	To verify preview of the Training Evaluation Sheet for Objective Questions.			
Test Procedure :			Expected Result :	
Open "Training Evaluation Sheet for Objective Questions" & select a topic.			Objective questions should be previewed (form QbD/QA/F/007-05).	
Test ID : 8.1.20	Step No : 26.1	Attachment No. : 505	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.20 | Step No. 26.1 | Attachment No. 505

Test Objective :	To verify export of the blank Training Evaluation Sheet as PDF.			
Test Procedure :			Expected Result :	
Click on "Export PDF".			TRAINING EVALUATION SHEET FOR OBJECTIVE QUESTIONS PDF should be generated with blank answers.	
Test ID : 8.1.20	Step No : 27.1	Attachment No. : 506	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.20 | Step No. 27.1 | Attachment No. 506

Test Objective :	To verify the topic-level training report and its scopes.			
Test Procedure :			Expected Result :	
Open a topic from Training Topics & click on "View training report".			Training report with scope (All org-wide / My team / My reportees / Assigned by me) should be displayed.	
Test ID : 8.1.20	Step No : 28.1	Attachment No. : 507	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.20 | Step No. 28.1 | Attachment No. 507

Test Objective :	To verify scope-wise filtering and export of the topic training report.			
Test Procedure :			Expected Result :	
Change the scope & export CSV / PDF.			Report should be filtered & exported for the selected scope.	
Test ID : 8.1.20	Step No : 29.1	Attachment No. : 508	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.20 | Step No. 29.1 | Attachment No. 508

Test Objective :	To verify successful login with Viewer credentials and role-wise menu display.			
Test Procedure :			Expected Result :	
Sign out from the current user. Type Employee ID / Password & click on Sign in button (with Viewer level privilege).			Dashboard should be displayed with the menus applicable to Viewer role.	
Test ID : 8.1.20	Step No : 30.1	Attachment No. : 509	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.20 | Step No. 30.1 | Attachment No. 509

Test Objective :	To verify navigation to the Reports page.			
Test Procedure :			Expected Result :	
Click on "Reports" menu from the left panel.			Reports page should be displayed in view mode.	
Test ID : 8.1.20	Step No : 31.1	Attachment No. : 510	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.20 | Step No. 31.1 | Attachment No. 510

Test Objective :	To verify that the Viewer can generate reports.			
Test Procedure :			Expected Result :	
Open Training Index & export PDF.			Report should be generated for Viewer.	
Test ID : 8.1.20	Step No : 32.1	Attachment No. : 511	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.20 | Step No. 32.1 | Attachment No. 511

Test Objective :	To verify successful login with Administrator credentials and role-wise menu display.			
Test Procedure :			Expected Result :	
Open TCMS application URL (http://192.168.10.15:3000) in Google Chrome. Type Employee ID / Password & click on Sign in button (with Administrator level privilege).			Dashboard should be displayed with the menus applicable to Administrator role.	
Test ID : 8.1.21	Step No : 1.1	Attachment No. : 512	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.21 | Step No. 1.1 | Attachment No. 512

Test Objective :	To verify the manual overdue and due-soon notification scan.			
Test Procedure :			Expected Result :	
Open http://192.168.10.15:3000/admin & click on "Run scan now" in Overdue & Due-Soon Scanner.			"Scan complete" with Due-soon notifications sent & Overdue notifications sent counts should be displayed.	
Test ID : 8.1.21	Step No : 2.1	Attachment No. : 513	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.21 | Step No. 2.1 | Attachment No. 513

Test Objective :	To verify successful login with Trainee credentials and role-wise menu display.			
Test Procedure :			Expected Result :	
Sign out from the current user. Type Employee ID / Password & click on Sign in button (with Trainee level privilege).			Dashboard should be displayed with the menus applicable to Trainee role.	
Test ID : 8.1.21	Step No : 3.1	Attachment No. : 514	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.21 | Step No. 3.1 | Attachment No. 514

Test Objective :	To verify the notification bell with unread count.			
Test Procedure :			Expected Result :	
Click on the Notifications bell in the top bar.			Latest notifications with unread count should be displayed.	
Test ID : 8.1.21	Step No : 4.1	Attachment No. : 515	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.21 | Step No. 4.1 | Attachment No. 515

Test Objective :	To verify manual refresh of notifications.			
Test Procedure :			Expected Result :	
Click on "Refresh notifications".			Notification list should be refreshed.	
Test ID : 8.1.21	Step No : 5.1	Attachment No. : 516	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.21 | Step No. 5.1 | Attachment No. 516

Test Objective :	To verify navigation to the Notifications page.			
Test Procedure :			Expected Result :	
Click on "Notifications" menu from the left panel.			Notifications page — "All your system notifications" should be displayed.	
Test ID : 8.1.21	Step No : 6.1	Attachment No. : 517	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.21 | Step No. 6.1 | Attachment No. 517

Test Objective :	To verify the available notification types.			
Test Procedure :			Expected Result :	
Verify notification types.			Assignment, Due soon, Overdue, Failed, Retraining, Password, Document & Withdrawn types should be available in filter (no Expiry type).	
Test ID : 8.1.21	Step No : 7.1	Attachment No. : 518	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.21 | Step No. 7.1 | Attachment No. 518

Test Objective :	To verify the Training due soon notification.			
Test Procedure :			Expected Result :	
Filter by type = Due soon.			"Training due soon" notifications should be displayed.	
Test ID : 8.1.21	Step No : 8.1	Attachment No. : 519	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.21 | Step No. 8.1 | Attachment No. 519

Test Objective :	To verify the Training overdue notification.			
Test Procedure :			Expected Result :	
Filter by type = Overdue.			"Training overdue" notifications should be displayed.	
Test ID : 8.1.21	Step No : 9.1	Attachment No. : 520	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.21 | Step No. 9.1 | Attachment No. 520

Test Objective :	To verify filtering of unread notifications.			
Test Procedure :			Expected Result :	
Filter Unread only.			Only unread notifications should be displayed.	
Test ID : 8.1.21	Step No : 10.1	Attachment No. : 521	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.21 | Step No. 10.1 | Attachment No. 521

Test Objective :	To verify marking a single notification as read.			
Test Procedure :			Expected Result :	
Click on "Mark read" for one notification.			"Marked as read" & notification should move to read.	
Test ID : 8.1.21	Step No : 11.1	Attachment No. : 522	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.21 | Step No. 11.1 | Attachment No. 522

Test Objective :	To verify marking all notifications as read.			
Test Procedure :			Expected Result :	
Click on "Mark all read".			"All notifications marked as read" & unread count should be 0.	
Test ID : 8.1.21	Step No : 12.1	Attachment No. : 523	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.21 | Step No. 12.1 | Attachment No. 523

Test Objective :	To verify filtering of read notifications.			
Test Procedure :			Expected Result :	
Filter Read only.			Only read notifications should be displayed.	
Test ID : 8.1.21	Step No : 13.1	Attachment No. : 524	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.21 | Step No. 13.1 | Attachment No. 524

Test Objective :	To verify that no qualification expiry notification is generated after the scan.			
Test Procedure :			Expected Result :	
Filter All & verify the notifications of the Trainee holding an approved qualification.			No "Qualification expiring soon" notification should be displayed.	
Test ID : 8.1.21	Step No : 14.1	Attachment No. : 525	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.21 | Step No. 14.1 | Attachment No. 525

Test Objective :	To verify successful login with Trainer (QA Department) credentials and role-wise menu display.			
Test Procedure :			Expected Result :	
Sign out from the current user. Type Employee ID / Password & click on Sign in button (with Trainer (QA Department) level privilege).			Dashboard should be displayed with the menus applicable to Trainer (QA Department) role.	
Test ID : 8.1.21	Step No : 15.1	Attachment No. : 526	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.21 | Step No. 15.1 | Attachment No. 526

Test Objective :	To verify that the assigning Trainer is notified of overdue training.			
Test Procedure :			Expected Result :	
Verify notifications.			"A training you assigned is overdue" notification should be displayed.	
Test ID : 8.1.21	Step No : 16.1	Attachment No. : 527	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.21 | Step No. 16.1 | Attachment No. 527

Test Objective :	To verify successful login with Trainer (QC Department) credentials and role-wise menu display.			
Test Procedure :			Expected Result :	
Sign out from the current user. Type Employee ID / Password & click on Sign in button (with Trainer (QC Department) level privilege).			Dashboard should be displayed with the menus applicable to Trainer (QC Department) role.	
Test ID : 8.1.21	Step No : 17.1	Attachment No. : 528	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.21 | Step No. 17.1 | Attachment No. 528

Test Objective :	To verify that the reporting manager is notified of a team member's overdue training.			
Test Procedure :			Expected Result :	
Verify notifications for a reporting manager.			"Your team member has an overdue training" notification should be displayed.	
Test ID : 8.1.21	Step No : 18.1	Attachment No. : 529	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.21 | Step No. 18.1 | Attachment No. 529

Test Objective :	To verify successful login with Administrator credentials and role-wise menu display.			
Test Procedure :			Expected Result :	
Open TCMS application URL (http://192.168.10.15:3000) in Google Chrome. Type Employee ID / Password & click on Sign in button (with Administrator level privilege).			Dashboard should be displayed with the menus applicable to Administrator role.	
Test ID : 8.1.22	Step No : 1.1	Attachment No. : 530	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.22 | Step No. 1.1 | Attachment No. 530

Test Objective :	To verify navigation to the Audit Trail page.			
Test Procedure :			Expected Result :	
Click on "Audit Trail" menu from the left panel.			Audit Trail page should be displayed with Timestamp, Performed By, Action & Justification columns.	
Test ID : 8.1.22	Step No : 2.1	Attachment No. : 531	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.22 | Step No. 2.1 | Attachment No. 531

Test Objective :	To verify that audit trail entries are displayed latest first.			
Test Procedure :			Expected Result :	
Verify the order of entries.			Entries should be displayed latest first.	
Test ID : 8.1.22	Step No : 3.1	Attachment No. : 532	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.22 | Step No. 3.1 | Attachment No. 532

Test Objective :	To verify filtering of the audit trail by person.			
Test Procedure :			Expected Result :	
Search a person by name or employee ID.			Only entries performed by the selected person should be displayed.	
Test ID : 8.1.22	Step No : 4.1	Attachment No. : 533	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.22 | Step No. 4.1 | Attachment No. 533

Test Objective :	To verify the person search when no match is found.			
Test Procedure :			Expected Result :	
Search a person that does not exist.			"No matching personnel" should be displayed.	
Test ID : 8.1.22	Step No : 5.1	Attachment No. : 534	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.22 | Step No. 5.1 | Attachment No. 534

Test Objective :	To verify filtering of the audit trail by CREATE action.			
Test Procedure :			Expected Result :	
Select Action = CREATE.			Only CREATE entries should be displayed.	
Test ID : 8.1.22	Step No : 6.1	Attachment No. : 535	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.22 | Step No. 6.1 | Attachment No. 535

Test Objective :	To verify filtering of the audit trail by UPDATE action.			
Test Procedure :			Expected Result :	
Select Action = UPDATE.			Only UPDATE entries should be displayed.	
Test ID : 8.1.22	Step No : 7.1	Attachment No. : 536	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.22 | Step No. 7.1 | Attachment No. 536

Test Objective :	To verify filtering of the audit trail by APPROVE action.			
Test Procedure :			Expected Result :	
Select Action = APPROVE.			Only APPROVE entries should be displayed.	
Test ID : 8.1.22	Step No : 8.1	Attachment No. : 537	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.22 | Step No. 8.1 | Attachment No. 537

Test Objective :	To verify filtering of the audit trail by DEACTIVATE action.			
Test Procedure :			Expected Result :	
Select Action = DEACTIVATE.			Only DEACTIVATE entries should be displayed.	
Test ID : 8.1.22	Step No : 9.1	Attachment No. : 538	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.22 | Step No. 9.1 | Attachment No. 538

Test Objective :	To verify that login and logout events are recorded in the audit trail.			
Test Procedure :			Expected Result :	
Select Action = LOGIN / LOGOUT.			Login and logout entries should be displayed.	
Test ID : 8.1.22	Step No : 10.1	Attachment No. : 539	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.22 | Step No. 10.1 | Attachment No. 539

Test Objective :	To verify date-range filtering of the audit trail.			
Test Procedure :			Expected Result :	
Enter From & To date.			Entries within the date range should be displayed.	
Test ID : 8.1.22	Step No : 11.1	Attachment No. : 540	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.22 | Step No. 11.1 | Attachment No. 540

Test Objective :	To verify search of the audit trail by justification text.			
Test Procedure :			Expected Result :	
Type text in "Search justification text...".			Entries with matching justification should be displayed.	
Test ID : 8.1.22	Step No : 12.1	Attachment No. : 541	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.22 | Step No. 12.1 | Attachment No. 541

Test Objective :	To verify pagination of the audit trail.			
Test Procedure :			Expected Result :	
Click on Next & Previous.			Next & previous pages of audit log should be displayed.	
Test ID : 8.1.22	Step No : 13.1	Attachment No. : 542	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.22 | Step No. 13.1 | Attachment No. 542

Test Objective :	To verify clearing of all audit trail filters.			
Test Procedure :			Expected Result :	
Click on "Clear filters".			All audit entries should be displayed.	
Test ID : 8.1.22	Step No : 14.1	Attachment No. : 543	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.22 | Step No. 14.1 | Attachment No. 543

Test Objective :	To verify that audit trail entries cannot be edited or deleted from the user interface.			
Test Procedure :			Expected Result :	
Verify that no edit / delete option is available for audit entries.			Audit entries should be read-only; no edit or delete option should be available.	
Test ID : 8.1.22	Step No : 15.1	Attachment No. : 544	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.22 | Step No. 15.1 | Attachment No. 544

Test Objective :	**To verify that audit trail entries cannot be modified through the API.**			
Test Procedure :			**Expected Result :**	
Attempt to modify an audit entry through the API (PUT / DELETE /api/audit).			**"Audit trail is read-only" response should be returned.**	
Test ID : 8.1.22	**Step No : 16.1**	**Attachment No. : 545**	**Result : Pass / Fail**	**Executed By : _____** **Date & Time : _____**

Affix / insert screenshot evidence here

Test ID 8.1.22 | Step No. 16.1 | Attachment No. 545

Test Objective :	To verify that before and after values are recorded for updates.			
Test Procedure :			Expected Result :	
Verify an UPDATE entry of user modification.			Before and after values should be recorded.	
Test ID : 8.1.22	Step No : 17.1	Attachment No. : 546	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.22 | Step No. 17.1 | Attachment No. 546

Test Objective :	To verify successful login with Viewer credentials and role-wise menu display.			
Test Procedure :			Expected Result :	
Sign out from the current user. Type Employee ID / Password & click on Sign in button (with Viewer level privilege).			Dashboard should be displayed with the menus applicable to Viewer role.	
Test ID : 8.1.22	Step No : 18.1	Attachment No. : 547	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.22 | Step No. 18.1 | Attachment No. 547

Test Objective :	To verify navigation to the Audit Trail page.			
Test Procedure :			Expected Result :	
Click on "Audit Trail" menu from the left panel.			Audit Trail should be displayed in view-only mode.	
Test ID : 8.1.22	Step No : 19.1	Attachment No. : 548	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.22 | Step No. 19.1 | Attachment No. 548

Test Objective :	To verify successful login with Trainee credentials and role-wise menu display.			
Test Procedure :			Expected Result :	
Sign out from the current user. Type Employee ID / Password & click on Sign in button (with Trainee level privilege).			Dashboard should be displayed with the menus applicable to Trainee role.	
Test ID : 8.1.22	Step No : 20.1	Attachment No. : 549	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.22 | Step No. 20.1 | Attachment No. 549

Test Objective :	To verify that the Trainee cannot access the Audit Trail.			
Test Procedure :			Expected Result :	
Type the URL /audit-trail in the browser address bar.			"Access Denied" page should be displayed.	
Test ID : 8.1.22	Step No : 21.1	Attachment No. : 550	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.22 | Step No. 21.1 | Attachment No. 550

Test Objective :	To verify successful login with Trainer (QA Department) credentials and role-wise menu display.			
Test Procedure :			Expected Result :	
Open TCMS application URL (http://192.168.10.15:3000) in Google Chrome. Type Employee ID / Password & click on Sign in button (with Trainer (QA Department) level privilege).			Dashboard should be displayed with the menus applicable to Trainer (QA Department) role.	
Test ID : 8.1.23	Step No : 1.1	Attachment No. : 551	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.23 | Step No. 1.1 | Attachment No. 551

Test Objective :	To verify navigation to the Training Topics page.			
Test Procedure :			Expected Result :	
Click on "Training Topics" menu from the left panel.			Training Topics page should be displayed.	
Test ID : 8.1.23	Step No : 2.1	Attachment No. : 552	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.23 | Step No. 2.1 | Attachment No. 552

Test Objective :	To verify that a GxP record creation requests Reason / Justification.			
Test Procedure :			Expected Result :	
Click on "Add topic", fill details & click on Create.			"Confirm topic creation" window should be displayed with Reason / Justification.	
Test ID : 8.1.23	Step No : 3.1	Attachment No. : 553	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.23 | Step No. 3.1 | Attachment No. 553

Test Objective :	To verify that cancelling the electronic signature does not save the record.			
Test Procedure :			Expected Result :	
Click on Cancel.			Window should be closed & topic should not be created.	
Test ID : 8.1.23	Step No : 4.1	Attachment No. : 554	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.23 | Step No. 4.1 | Attachment No. 554

Test Objective :	To verify the character-count indication for justification below 10 characters.			
Test Procedure :			Expected Result :	
Click on Create & enter Justification of 9 characters.			"Confirm action" should be disabled with "1 more character" indication.	
Test ID : 8.1.23	Step No : 5.1	Attachment No. : 555	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.23 | Step No. 5.1 | Attachment No. 555

Test Objective :	To verify that the record is saved and justification captured after valid electronic signature.			
Test Procedure :			Expected Result :	
Enter valid Justification & confirm.			Topic should be created & justification should be recorded.	
Test ID : 8.1.23	Step No : 6.1	Attachment No. : 556	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Test ID 8.1.23 | Step No. 7.1 | Attachment No. 557

Test Objective :	To verify that unsaved work drafts are restored for the same user.			
Test Procedure :			Expected Result :	
Open a form, enter data & navigate away; return to the form.			Unsaved work draft should be restored for the same user.	
Test ID : 8.1.23	Step No : 8.1	Attachment No. : 558	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.23 | Step No. 8.1 | Attachment No. 558

Test Objective :	To verify successful login with Administrator credentials and role-wise menu display.			
Test Procedure :			Expected Result :	
Sign out from the current user. Open TCMS application URL (http://192.168.10.15:3000) in Google Chrome. Type Employee ID / Password & click on Sign in button (with Administrator level privilege).			Dashboard should be displayed with the menus applicable to Administrator role.	
Test ID : 8.1.23	Step No : 9.1	Attachment No. : 559	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.23 | Step No. 9.1 | Attachment No. 559

Test Objective :	To verify navigation to the Manage Users page.			
Test Procedure :			Expected Result :	
Click on "Manage Users" menu from the left panel.			Manage Users page should be displayed.	
Test ID : 8.1.23	Step No : 10.1	Attachment No. : 560	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.23 | Step No. 10.1 | Attachment No. 560

Test Objective :	To verify that critical actions request Reason / Justification & Password.			
Test Procedure :			Expected Result :	
Open a user & click on Deactivate account.			Window should request Reason / Justification & Password.	
Test ID : 8.1.23	Step No : 11.1	Attachment No. : 561	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.23 | Step No. 11.1 | Attachment No. 561

Test Objective :	To verify that the "Deactivate account" action is rejected when an incorrect password is entered.			
Test Procedure :			Expected Result :	
In "Deactivate account" window, type valid Reason / Justification & an incorrect Password, then click on "Confirm action" button.			"Incorrect password" message should be displayed & record should not be saved.	
Test ID : 8.1.23	Step No : 12.1	Attachment No. : 562	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.23 | Step No. 12.1 | Attachment No. 562

Test Objective :	To verify that cancelling the electronic signature leaves the record unchanged.			
Test Procedure :			Expected Result :	
Click on Cancel.			User should remain Active.	
Test ID : 8.1.23	Step No : 13.1	Attachment No. : 563	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.23 | Step No. 13.1 | Attachment No. 563

Test Objective :	To verify that APIs cannot be accessed without authentication.			
Test Procedure :			Expected Result :	
Call /api/personnel without login (new private browser window).			"Unauthorised" response should be returned.	
Test ID : 8.1.23	Step No : 14.1	Attachment No. : 564	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.23 | Step No. 14.1 | Attachment No. 564

Test Objective :	To verify that APIs reject actions not permitted for the user's role.			
Test Procedure :			Expected Result :	
Call /api/topics POST with Trainee session.			"Forbidden" response should be returned.	
Test ID : 8.1.23	Step No : 15.1	Attachment No. : 565	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.23 | Step No. 15.1 | Attachment No. 565

Test Objective :	To verify that audit timestamps are synchronised with the server date and time.			
Test Procedure :			Expected Result :	
Verify the system date & time displayed in audit trail with server time.			Audit timestamp should match the server date & time.	
Test ID : 8.1.23	Step No : 16.1	Attachment No. : 566	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.23 | Step No. 16.1 | Attachment No. 566

Test Objective :	To verify navigation to the Audit Trail page.			
Test Procedure :			Expected Result :	
Click on "Audit Trail" menu from the left panel.			Audit Trail page should be displayed with Timestamp, Performed By, Action & Justification columns.	
Test ID : 8.1.23	Step No : 17.1	Attachment No. : 567	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.23 | Step No. 17.1 | Attachment No. 567

Test Objective :	To verify filtering of the audit trail by user and action (CREATE).			
Test Procedure :			Expected Result :	
Search the performing user by name / Employee ID & select "CREATE" from the All actions drop-down.			Audit log entries should be filtered for the selected user and action.	
Test ID : 8.1.23	Step No : 18.1	Attachment No. : 568	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.23 | Step No. 18.1 | Attachment No. 568

Test Objective :	To verify that the audit trail records electronic signature events with justification.			
Test Procedure :			Expected Result :	
Verify the audit trail entry for electronic signature events with justification.			Audit entry should display Timestamp (dd-MMM-yy HH:mm), Performed By (name & Employee ID), Action = CREATE and the Justification entered.	
Test ID : 8.1.23	Step No : 19.1	Attachment No. : 569	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.23 | Step No. 19.1 | Attachment No. 569

Test Objective :	To verify successful login with Trainer (QA Department) credentials and role-wise menu display.			
Test Procedure :			Expected Result :	
Open TCMS application URL (http://192.168.10.15:3000) in Google Chrome. Type Employee ID / Password & click on Sign in button (with Trainer (QA Department) level privilege).			Dashboard should be displayed with the menus applicable to Trainer (QA Department) role.	
Test ID : 8.1.24	Step No : 1.1	Attachment No. : 570	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.24 | Step No. 1.1 | Attachment No. 570

Test Objective :	To verify the Trainer Dashboard summary tiles.			
Test Procedure :			Expected Result :	
Verify the Dashboard.			Active personnel, Overdue trainings, Pending approvals, Active quals & Completed (month) tiles should be displayed.	
Test ID : 8.1.24	Step No : 2.1	Attachment No. : 571	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.24 | Step No. 2.1 | Attachment No. 571

Test Objective :	To verify the Quick actions available on the Dashboard.			
Test Procedure :			Expected Result :	
Verify Quick actions.			Assign training, Upload material, New qualification, Trigger refresher & View reports should be displayed.	
Test ID : 8.1.24	Step No : 3.1	Attachment No. : 572	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.24 | Step No. 3.1 | Attachment No. 572

Test Objective :	To verify the Assign training quick action.			
Test Procedure :			Expected Result :	
Click on "Assign training" quick action.			Assign training page should be displayed.	
Test ID : 8.1.24	Step No : 4.1	Attachment No. : 573	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.24 | Step No. 4.1 | Attachment No. 573

Test Objective :	To verify the Upload material quick action.			
Test Procedure :			Expected Result :	
Click on Dashboard & "Upload material" quick action.			Upload training material page should be displayed.	
Test ID : 8.1.24	Step No : 5.1	Attachment No. : 574	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.24 | Step No. 5.1 | Attachment No. 574

Test Objective :	To verify the View reports quick action.			
Test Procedure :			Expected Result :	
Click on Dashboard & "View reports" quick action.			Reports page should be displayed.	
Test ID : 8.1.24	Step No : 6.1	Attachment No. : 575	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.24 | Step No. 6.1 | Attachment No. 575

Test Objective :	To verify the Your training and Recent activity sections.			
Test Procedure :			Expected Result :	
Verify "Your training" & "Recent activity" sections.			Own training status & recent activity should be displayed.	
Test ID : 8.1.24	Step No : 7.1	Attachment No. : 576	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.24 | Step No. 7.1 | Attachment No. 576

Test Objective :	To verify navigation to all assignments from the Dashboard.			
Test Procedure :			Expected Result :	
Click on "View all assignments →".			Assignments page should be displayed.	
Test ID : 8.1.24	Step No : 8.1	Attachment No. : 577	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.24 | Step No. 8.1 | Attachment No. 577

Test Objective :	To verify successful login with Administrator credentials and role-wise menu display.			
Test Procedure :			Expected Result :	
Sign out from the current user. Type Employee ID / Password & click on Sign in button (with Administrator level privilege).			Dashboard should be displayed with the menus applicable to Administrator role.	
Test ID : 8.1.24	Step No : 9.1	Attachment No. : 578	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.24 | Step No. 9.1 | Attachment No. 578

Test Objective :	To verify the Administrator Dashboard summary.			
Test Procedure :			Expected Result :	
Verify the Dashboard.			Total personnel, Active departments, Active topics, Active quals & Completed (year) should be displayed.	
Test ID : 8.1.24	Step No : 10.1	Attachment No. : 579	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.24 | Step No. 10.1 | Attachment No. 579

Test Objective :	To verify navigation to the full audit trail from the Dashboard.			
Test Procedure :			Expected Result :	
Click on "View full audit trail →".			Audit Trail page should be displayed.	
Test ID : 8.1.24	Step No : 11.1	Attachment No. : 580	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.24 | Step No. 11.1 | Attachment No. 580

Test Objective :	To verify successful login with Trainee credentials and role-wise menu display.			
Test Procedure :			Expected Result :	
Sign out from the current user. Type Employee ID / Password & click on Sign in button (with Trainee level privilege).			Dashboard should be displayed with the menus applicable to Trainee role.	
Test ID : 8.1.24	Step No : 12.1	Attachment No. : 581	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Affix / insert screenshot evidence here

Test ID 8.1.24 | Step No. 12.1 | Attachment No. 581

Test Objective :	To verify the Trainee Dashboard training summary.			
Test Procedure :			Expected Result :	
Verify the Dashboard.			Pending, Overdue & Completed trainings of the trainee should be displayed ("Nothing due this week ✓" if none).	
Test ID : 8.1.24	Step No : 13.1	Attachment No. : 582	Result : Pass / Fail	Executed By : _____ Date & Time : _____

Test ID 8.1.24 | Step No. 13.1 | Attachment No. 582

OQ Execution Summary

Sr. No.	Test ID	Test Title	Attachment No(s).	Result (Pass / Fail)	Discrepancy No. (if any)	Verified By (Sign & Date)
1.	8.1.1	Login, Logout & Login Security	1 – 28			
2.	8.1.2	Password Policy Configuration	29 – 50			
3.	8.1.3	Change Password & Password History	51 – 67			
4.	8.1.4	Password Expiry	68 – 86			
5.	8.1.5	Organization Structure Management	87 – 115			
6.	8.1.6	User Creation (Personnel Management)	116 – 145			
7.	8.1.7	User Modification, Password Reset & Deactivation	146 – 171			
8.	8.1.8	Role Based Access Control	172 – 192			
9.	8.1.9	Training Topic Management	193 – 228			
10.	8.1.10	Training Content Management	229 – 255			
11.	8.1.11	Assessment Question Bank & Versioning	256 – 288			
12.	8.1.12	Topic Group Management	289 – 311			

OQ Execution Summary (contd.)

Sr. No.	Test ID	Test Title	Attachment No(s).	Result (Pass / Fail)	Discrepancy No. (if any)	Verified By (Sign & Date)
13.	8.1.13	Training Assignment & Revert	312 – 340			
14.	8.1.14	Training Execution by Trainee	341 – 368			
15.	8.1.15	Assessment Failure, Retraining & Escalation	369 – 390			
16.	8.1.16	Assessment Attempt History	391 – 399			
17.	8.1.17	Analytical Techniques & Scientist Qualification	400 – 442			
18.	8.1.18	Refresher Training	443 – 463			
19.	8.1.19	Training Calendar	464 – 479			
20.	8.1.20	Reports	480 – 511			
21.	8.1.21	Notifications	512 – 529			
22.	8.1.22	Audit Trail	530 – 550			
23.	8.1.23	Electronic Signature & Data Integrity	551 – 569			
24.	8.1.24	Dashboard	570 – 582			

Conclusion: Based on the above executed Operational Qualification scripts, the TCMS Application Ver. 1.0 operates as per the pre-approved functional specifications on server QBDSER15: Yes [ ] / No [ ]
